### **B. Record Attendance and Guests**

### **C. Pledge of Allegiance**

### **D. Public Comments**

There were no public comments regarding non-Agenda items.

### **E. Executive Director Update**

We started the year with an enrollment of about 3,700; we had about 75 no-shows, we are attempting to locate the no-shows, so currently we are at approximately 3,620 students. We also have a wait list so we are in good shape enrollment-wise. This week we had to open up a new Algebra class, and double roster another class - these were the only adjustments made to the master schedule. One period of teachers is travelling right now; we will have to hire at least one more teacher in each department. And if we stay at 3,600, we will have to have 5 to 6 travelling teachers next year.

Current 9th grade class is 51% residential, 49% permit. Overall, we are 55% residential, 45% permit. This means we cannot support the school just with residential capacity. Mr. Hussey had a meeting with the principal of Hale Charter, they will work with us to try to get us more accurate numbers; last year we did not get those numbers until May. We also talk with Lawrence and Noble, and we will reach out to Columbus and perhaps Portola. We hired a new Assistant Principal, Juan Alba, who will be going out to the schools to recruit starting October. Also, new Assistant Principal for Student Services Emilie Larew, and Assistant Principal for Discipline and Technology Jason Camp, were introduced.

By the end of the first week, 95% of the students had a laptop; working on getting laptops to the rest of the students. We also had to order additional laptops, we will distribute loaners until the additional laptops are obtained.

Last year we tested 1,705 students in reading MAP testing; this year, we tested over 3,100 students. On the two days of testing, we are at 94% and 93% attendance.

All teachers are on staff, with the drama teacher being the last one. We are working on starting a VAPA program.

ID pictures were taken today, there will be a makeup on September 11th. We will also be looking to have staff wear ID badges at all times for safety purposes.

We will start the enrollment and lottery process in November, so that by January we will know better how many students will be in school.

Thanked the Executive Director, the Chief Compliance Officer, and the Chief Business Officer for working collaboratively to resolve any issues that have come up.

Regarding the status of the LAUSD UTLA, Mr. Monroy noted that ECR's UTLA members will not go on strike, but they may show their support for their LAUSD peers by potentially conducting before-school demonstrations, wanted it clear that this would not be a protest against the school.

Mr. Monroy thanked Jonathan Wasser, who guided the school during an extremely challenging period of time. And he welcomed the new Board members, and looked forward to working with them.

Concerns over the rising cost of health care will be discussed with ECR in the next few months.

### **A. Tech Update and Possible Approval of Desktop Issue**

Public comments on this agenda item:

Helen Fournas, president of FOECR, spoke regarding the tech rollout. Recognized that there were glitches in the rollout, but that is to be expected two weeks into the program. Asked that there be a Q&A somewhere on the website.

Cameron Maury, teacher, spoke regarding the removal of desktop computers.

Expressed concern that each classroom would only get one laptop, spoke of the necessity of having 2 computers in a classroom.

Heidi Maury, teacher, spoke regarding the removal of desktop computers. Wanted clarification regarding the removal of the desktops. Also expressed concern that the staff was not advised regarding the rollout of One Note.

Meredith Miller, teacher, spoke regarding the removal of desktop computers. Stated she learned that desktop computers would be removed on August 10, during the Executive Director's statement at the staff meeting. Stated that two computers are necessary for her to be able to teach her class effectively. Asked that new desktops be provided.

Michael Consoletti, teacher, spoke regarding the tech rollout. Stated that the rollout went very well, all things considered, and that his classroom environment is excellent with the assistance of the new technology.

Mr. Delgado spoke regarding the issue of the desktops in classrooms, that he had advised staff during the staff meeting before the start of school that the desktops would be removed as they could not support the new technology being used and were obsolete.

Mr. Delgado also noted that he had started telling staff in May that they needed to backup their information as they would be going to a new system.

Ms. Crosthwait noted that the Board did not authorize the removal of desktops, but rather that the desktop refresh would be reassessed. Also noted that the teachers wanted a second functioning device, and that the current desktops should not have been removed without giving teachers the information.

Ms. Chen noted that the issue of compatibility should have been part of the reassessment and the options presented to the Board, rather than the unilateral decision to remove the desktops.

Mr. Archibald questioned what the staff was told about the removal of desktops, and that there should have been an assessment before the start of summer break regarding the removal of desktops.

Mr. Lee asked whether the Tech Dept. has a feasible solution to present to the Board.

Mr. Delgado noted that there was a split among the teachers regarding the need for desktops, and that perhaps a solution would be to have those teachers submit a request for a desktop with a proposition as to how they may utilize it, and if approved it can be purchased.

Mr. Ryburn noted that the lack of communication between the Tech Dept. and the Board and the staff was a failure, and that better communication is needed.

Ms. Crosthwait questioned whether the Tech Dept. was properly servicing the staff who needed their computers fixed, and the service agreements in place.

Mr. Hussey stated that he himself did not receive a single email expressing concerns about desktops, and asked that emails sent to the Board be forwarded to him in order to facilitate communication and allow him to solve the operational problems.

The Board asked that the information behind the survey presented to the certificated staff be provided.

Mr. Ryburn noted that the Tech Dept.'s staffing issues needed to be addressed promptly.

Mr. Delgado also stated that the only internet connectivity issue was recently due to a power outage, but it was promptly resolved. We have been trying to work with LAUSD to get battery backups, but we have been getting delays.

Ms. Chen asked whether the Tech Dept. has a ticket system to deal with outstanding tech requests; there is a ticket system, they receive approximately 6 requests per day.

Mr. Lee asked what the solution is for the concerns raised by teachers; Mr. Delgado stated that we can either do the desktop refreshers, or the docking stations.

The Board requested that the staff consider conducting an IT audit using an outside vendor, and to discuss it at the next Board meeting.

Scott Silverstein left.

**B. Discuss Marketing Plan to Deal with Declining Enrollment, Fundraising and General School Promotions**

Public comment: Letty Zane, parent and VP of fundraising for FOECR, spoke regarding the marketing plan for fundraising. Stated that FOECR is committed to working with the marketing director on fundraising plans. Requested assistance of Board to sell tickets to the 50th Anniversary Gala.

Ms. Rodriguez provided her marketing plan updates. We are going to a new website platform. ECR is also looking to promote spirit-building activities such as ECR spirit wear days. We also organized our first Cinco de Mayo event, and planning for a multi-cultural parent event. Also planning community events where different administrators and guest speakers will present on different topics that are relevant to the school community.

Fundraising goals include applying for grants in collaboration with the Business Department and FOECR. The goal is to raise \$50,000.

50th Anniversary Gala is planned for Saturday, February 16 at the Warner Center Marriott, tickets will be \$150.00 per person. Ticket sales are being coordinated by FOECR. There will be silent auctions and a raffle. The Board asked whether the fact that this is during President's Day weekend is a concern. However, this weekend was specifically chosen because it was President's Day weekend, to allow alumni who are out of the area would be able to come in for the event.

A line item marketing budget has been drafted and will be worked on with Mr. Darby.

Ms. Chen requested whether a donate button could be put on the mobile website; Ms. Rodriguez noted that the new website will hopefully have this feature.

For the 50th Gala, an invite has been sent out to various stakeholders, including some Board members, to be part of the planning committee.

#### **C. Discuss Status of Shoup Campus**

Mr. Darby shared an update on the Shoup property. Construction is complete. All inspections have been passed except for electrical and HVAC, and those are just minor items still remaining. Once the inspections take place, the Fire Marshall will come and give the final inspection so that we can get the certificate of occupancy. We cannot have students there until LAUSD approves the material revision. A reconciliation of the budget will be presented at the next Board meeting.

LAUSD Superintendent Austin Beutner will visit Shoup on Wednesday, September 26th, 7:30 a.m. - 9 a.m., an invitation-only event.

#### **D. Discuss Policy on Independent Study**

Ms. Ring discussed how the Shoup campus will be used for the Independent Study program. Mr. Ryburn asked that staff look into any safety officer staffing needs that may arise once campus is open; we most likely will, this will be discussed. Ms. Ring anticipates having 90-100 students. The policy and administrative requirements for the Independent Study program is per Ed Code and was written with the assistance of outside counsel and an auditor. Ms. Crosthwait asked what the Shoup campus would be able to offer that is different from other programs such as OFL. Ms. Ring stated that the Independent Study program would continue to promote a college-bound curriculum and program, in a much more personalized setting. Also, Ms. Ring advised that she has

never turned down a student for the Independent Study program, but has discouraged students if they are more than a year behind as from her experience such students would fade out and not be able to graduate. The hiring process for staff will be the same as that used for the main campus.

#### **E. Discuss and Possible Approval of Landscape Contract**

Mr. Ryburn noted that at the last Board meeting the Board had authorized an emergency contract for \$10,000. Mr. Darby found another certified arborist and walked around the campus with them; this contractor, Trees 'N Things, provided a quote where they would get the most dangerous trees out over 2 Saturdays. Mr. Hussey asked whether the contractor needed to be vetted by LAUSD; Mr. Darby stated that he believed we could use a contractor even if not vetted by LAUSD, but he would ask LAUSD. The contract has yellow highlighting identifying the priority trees. The total contract is \$20,700.00; just to cover the priority is about \$11,900. The Board would approve the contract, with the understanding that a new proposal be obtained for the remainder of the landscaping needs.

Brian Archibald made a motion to approve the Trees 'N Things proposal for \$20,700.00. Bruce Takeguma seconded the motion.

The board **VOTED** unanimously to approve the motion.

### **V. Financial**

#### **A. Review and Vote on May 2018 and June 2018 Check Registers**

Regarding having a more comprehensive check register, Mr. Darby stated that he would work with EdTec to provide more information as requested. Mr. Archibald stated that he believed the check registers as presented were incomplete because of the gaps, and that as a result he could not approve the check registers.

The Board tabled this matter until the next Board meeting.

#### **B. May 2018 and June 2018 Financial Update**

The Board was presented the unaudited actuals for the year ending 2017-18. The report was due on Monday, so the report was sent out to LAUSD. The net income decreased by \$111K compared to the previous forecast. Mr. Ryburn asked why there is a discrepancy in the Prepaids and Other Assets amount written for 6/30/2017 in the current report, as compared to the report from last year. Ms. Frantz stated she would look into this. The decrease in cash flow, from \$11M as of end of 2016-17 to \$8M as of end of 2017-18, is due to one-time expenditures such as Shoup, the tech refresh, and Prop 39 energy expenses.

#### **C. Discuss and Possible Approval of Bank Switch**

Mr. Darby noted that our experience with Hanmi Bank has been frustrating. We would be better served with a more sophisticated team, and so City National Bank was invited to

come and speak. City National Bank's representatives spoke regarding their resources, experience, team, and availability.

The transition could be made right away, but the Board requested an update at an upcoming Board meeting.

Beatriz Chen made a motion to move our accounts from Hanmi Bank to City National Bank.

Brian Archibald seconded the motion.

The board **VOTED** unanimously to approve the motion.

## **VI. Closed Session**

### **A. Conference with Legal Counsel: Anticipated Litigation**
