they need to go through the process. Ms. Crosthwait asked as to how invoices were double paid; Susan Kim noted that it was because Kelly somehow put different invoice numbers for the same bill.

### **B. January 2019 Financial Update**

The current forecast is essentially unchanged from last month.

In looking at expenses, some of the expenses are already at 100% of budgeted, because some of the items (such as textbooks) were purchased at the beginning of the year.

Mr. Archibald asked whether we should be concerned that the teacher salary component is at 59%, even though we are at a total of 52% of current forecasted budget spent. Mr. Darby stated he is not concerned about the 59%, but rather at the possible revenue shortfall.

Mr. Archibald also noted that last year, towards the latter part of the year, the use of substitutes went up significantly. Mr. Darby noted that absences are a concern, but we are at 41% of the total forecasted amount so it is not too bad. Mr. Hussey also noted that substitutes may also be called for field trips and events, not just teacher absences.

Mr. Archibald also asked about how the variance has different numbers in different slides; Mr. Darby indicated that he would speak with EdTec and get the answer.

Ms. Chen asked about the ADA credit for the two days closed due to the fires and the reduced attendance due to the shooting threat; Mr. Hussey advised that LA County of

Education initially rejected our request for credit due to the school closure, but after receiving a breakdown of our instructional minutes LACOE approved our request and it has been forwarded to the California Department of Education, so we believe we will get credit for those days. At this time, we do not know if we will get credit for the reduced attendance.

Mr. Silverstein questioned whether EdTec was contractually required to be at all Board meetings; based on Mr. Darby's review of EdTec's contract, they are only required to attend quarterly Board meetings in person or by telephone. EdTec did offer to call in to this Board meeting, but Mr. Darby did not feel they were needed.

### **C. Review and Possible Approval of Second Interim Report**

The Second Interim Report is the same information that was presented at the January Board meeting, now has to be approved by the Board.

Brian Archibald made a motion to approve the Second Interim Report.

Lisa Crosthwait seconded the motion.

The board **VOTED** unanimously to approve the motion.

## **IV. School Business**

### **A. Tech Update and Status of IT Audit**

Ms. Chen stated that she spoke with NIC Partners, and they have agreed to conduct the audit of almost all the inventory (absent software licenses) without raising the price.

Mr. Camp spoke on the changes in the Tech Department. This includes improving communication with the Business Office, and having Mr. Camp be the approver for all tech purchases up to \$10,000. Mr. Camp also spoke on staffing for the Tech Department. This includes hiring a Director of Student & Teacher Technology, who will be directly under the Chief Information Officer. The CIO will focus more on the infrastructure, and the Director will focus more on technology integration in the classroom. There will be cross-training as well to make sure that all tech staff are able to assist. Mr. Archibald questioned the work flow, given that some of the jobs (Data Systems Analyst and Network Analyst) are infrastructure related but are under the Director of Student & Teacher Technology. Mr. Camp stated that he would work to modify the chart for improved efficiency with help from the Tech Committee members. Also, Ms. Chen asked as to how much the budget would grow with the increase in personnel, given the legacy costs also involved. Mr. Silverstein asked as to how much the tech budget is and how much the tech spend was to date; Mr. Darby stated that we are at 59% over budget to date. Mr. Silverstein requested a Special Meeting be called next week to discuss the tech spending and the budget.

Regarding the upgrade to the internet system, the upgrade will save us money while improving our speed. A question was raised as to whether this has to be voted on, given that the amount is less than the threshold amount of \$50,000, even though it is a multi-year contract. This will be reviewed.

### **B.**

### **Discuss and Possible Approval of Firewall Purchase**

Our current firewall will expire in May, and so has to be renewed soon. Tabled until the Special Meeting takes place.

### **C. Discuss and Possible Approval of Revised Classified Management Salary Table**

The Board questioned whether the amounts were comparable to other conversion schools.

Gregory Basile moved to approve the Classified Management Salary Table. There was no second, so the item did not proceed to vote. The Board would like a clearer understanding of the difference between this Table and the Table previously approved.

### **D. Discuss and Possible Approval of Low Performing Students Block Grant**

The Low Performing Students Block Grant would seek a grant of \$280,592.

Ms. Clark presented a chart, identifying that African American and Latino students had suffered significant drops in SBAC scores from 2015 to 2018, and noted that the gap between these scores and the scores for White students and Asian-American students was significant. Based on that, it was decided that the funds would be used to assist these two student groups.

Letty Zane asked if these numbers took out Free and Reduced Priced Meal students and special education students, since the grant could not be used for these two student groups. Ms. Clark stated that identifying the FRPM and special education students within these student groups would be the next phase of the study. Right now, the grant requires that we identify the demographic, and then identifying the number of students in each group is phase 2.

Lisa Crosthwait made a motion to approve the Low Performing Students Block Grant, with some grammatical changes.

Steven Kofahl seconded the motion.

The board **VOTED** unanimously to approve the motion.

### **E. Discuss and Possible Approval of AB288 CCAP Partnership Agreement**

Last month, we discussed offering Pierce College classes to ECR students on our campus, 10 different classes. These are dual enrollment courses, they are courses offered during the day by Pierce instructors; this differs from concurrent enrollment, where Pierce classes are offered after class. Most of the courses are introductory-level courses (except possibly Math 227, which is AP Statistics). Mr. Hussey noted that we do not want Pierce to compete with our classes; most of the classes are not offered except for Psychology (we offer AP Psychology), Political Science, and Math 227 (statistics). To be in this program, the student must agree to take all the classes. Our goal is to have the students be in a cohort.

Steven Kofahl made a motion to approve the AB228 CCAP Partnership Agreement.

Beatriz Chen seconded the motion.

The board **VOTED** unanimously to approve the motion.

**F. CBO Rumeneration**

This was moved to after the closed session.

Mr. Darby requesteds that the Board consider whether he is entitled to a bonus, at the Board's discretion.

Mr. Archibald requested that, rather than have the Board decide whether a bonus is warranted, Mr. Hussey provide an evaluation and recommendation.

**V. Closed Session**

**A. Conference with Labor Negotiators**

Closed session took place.

**B. Conference with Legal Counsel: Anticipated Litigation**

Closed session took place.

**VI. Reconvene to Open Session**

**A. Report on Actions Taken in Closed Session, If Any**

There were no actions taken in closed session.

**VII. Closing Items**

**A. Adjourn Meeting**

Steven Kofahl made a motion to adjourn the meeting.

Lisa Crosthwait seconded the motion.

The board **VOTED** unanimously to approve the motion.

There being no further business to be transacted, and upon motion duly made, seconded and approved, the meeting was adjourned at 8:00 PM.

Respectfully Submitted,  
Daniel Chang
