Charter School Division was concerned about the English Language Reclassification rate; this year, 44 students (approximately 40+%) was reclassified into English proficient. It was noted that LAUSD's reclassification rate was approximately 12%.

Students and teachers came to Mr. Hussey to look into the Sandy Hook Promise program, which allows students to report issues through an anonymous app. ECR will look into possibly implementing this program starting the Fall semester.

Ms. Crosthwait asked if the issue of the Mountain Bike Club getting PE credit was addressed; Mr. Hussey advised that he had reached out to one of the parents and he is working on getting everything together and will get back to the parent before the next Board meeting.

Mr. Basile commented regarding the passive tone of the FCMAT letter, and the lack of recommendations in it. LAUSD is not requiring us to have FCMAT come in, it is something ECR is voluntarily doing.

Mr. Ryburn asked if we were required to do this every year; no, we only did this for the time being

CSD came on May 3rd for the second day of their oversight visit. There were no fatal flaws found at the time. There are a number of follow-up questions that will be answered and submitted.

G. Board Committee Reports

The Travel Committee met today. A trip to the National Speech & Debate Tournament to Dallas, Texas, was approved. A request for a trip to the National Charter Schools Conference to Las Vegas was made; no motion was made so the request was not approved. It was noted that staff had gone to the California Charter Schools Conference in Sacramento this year.

The Finance Committee met on Monday, May 20th. The April 2019 check registers were reviewed and recommended for approval. The April 2019 Financial Update was disappointing, but they voted to recommend for approval. The American Express bill was reviewed, and the backup information was recently provided. The status of the budget was discussed, with some critical elements being ADA, labor costs, the Marketing Director position, and the technology budget, including detailed itemization in the technology budget. The investments were reviewed, and Royal Alliance, the investment managers, appeared by telephone. The classified management salary table was discussed, with changes being made to reflect that new hires would receive incremental

raises commensurate with what the certificated staff was receiving. And the back office provider was discussed, with the understanding that it did not need to be voted on by the Board. And there was a discussion regarding the executive team working more effectively together to help the school move forward.

The Executive Director Evaluation Committee met with Mr. Hussey, and they have another meeting scheduled in the next week or two, and will report back to the Board at the next Board meeting.

The Safety Committee is working with Fernando Delgado on the closed circuit TV system, including integrating the gunshot detection system. Mr. Silverstein asked that the Safety Committee also look into the traffic study for review.

II. Consent

A. Approve Minutes of April 25, 2019 Board Meeting

Lisa Crosthwait made a motion to approve minutes from the Board Meeting on 04-25-19 Board Meeting on 04-25-19.

Beatriz Chen seconded the motion.

The board **VOTED** unanimously to approve the motion.

III. Financial

A. Review and Vote on April 2019 Check Registers

Steven Kofahl made a motion to approve the April 2019 check registers.

Brian Archibald seconded the motion.

The board **VOTED** unanimously to approve the motion.

B. April 2019 Financial Update

Compared to last month, the overall net income amount has increased. One area of decrease was due to the reforecast for special education costs; specifically, the cost of one of the vendors was higher than anticipated, but new rates have been negotiated for next year at a significant reduction. We are still on target to have a positive operating income as of the end of the year.

Mr. Ryburn asked if the textbook costs should have gone down, since we went to the 1:1 laptops. Mr. Hussey noted that buying electronic textbooks is still required, and the difference in price is only a few dollars less for the electronic version.

Ms. Crosthwait asked on the ADA, and how this month's ADA compared to the forecast.

Mr. Darby indicated that he would have to provide this information, but because P2 funding is done, the number will stay the same for ADA purposes.

IV. School Business

A.

Tech Update and IT Audit Update

The kick-off meeting for the audit took place, and they were provided with all the information requested. The auditor will be here on Tuesday, and the audit should be completed by June 24.

A discussion was held regarding the budget. There is a tentative budget that needs to be worked on, but it is very detailed.

Ms. Crosthwait asked about the ticket system, and condensing the tracking to one system.

The two proposals, for the VoIP phone system and the closed circuit TV system was also discussed.

Mr. Basile commented on the tech budget, and believes that a rationale should be provided for each item requested. Ms. Chen noted that this was discussed, and a template was provided to the tech department to provide information on the items. But the tech budget is significant and hard to allocate; for example, Turnitin is \$122,000, but it is used by various departments so should it be a tech item or should it be distributed among the departments. Mr. Darby noted that some departments are easier than others, and they are trying to get as much detail and information as possible.

B. Discuss and Possible Approval of Closed Circuit TV System

This matter was tabled.

C. Discuss and Possible Approval of Voice Over IP Phone System

We are still using LAUSD's phone system. We cannot add lines because LAUSD will no longer support the system. The contract with Jive would be a 5 year contract, with the provision stating that the contract can be terminated due to non-renewal of the system. The cost would be \$31,903.91 up front, and a monthly fee of \$2,385.84, which may be reduced by the California Teleconnect Fund. Also, having an updated phone system would allow us to track phone calls made to parents/guardians. The cost for our current phone system through AT&T was \$9,000 to \$10,000 a month. The quote includes GoToMeeting; we currently use WebEx, which we could cancel. Mr. Archibald asks for a clearer summary for future proposals. We would also have a redundant landline through AT&T that would not be through LAUSD. The phone system will be on the 1GB network coming in. With the cloud based solution, there is built-in redundancy that minimizes any risk of the system being down for any length of time. There will be training for staff on the phone system and the Student Resource Management system that can be used to integrate having notices go out to parents and staff when a student is having difficulty in class.

Darin Ryburn made a motion to approve the purchase of the Voice Over IP Phone System, at a total cost of \$31,903.91 up front, and a monthly fee of up to \$2,385.84.

Beatriz Chen seconded the motion.

The board **VOTED** unanimously to approve the motion.

D.

Discuss PIR Improvement Plan

The California Department of Education does periodic monitoring of school systems including charters. Each school identified in the Performance Indicator Review (PIR) program must analyze its current practices and create a PIR Improvement Plan. ECR had 3 unmet indicators: achievement in English Language Arts; achievement in Math; and the dropout rate. We must draft the Plan and submit to CDE and our Special Education Local Plan Area, to be implemented in the 2019-20 school year. Last year, 86 students took the CAASPP test. The results were provided, including a comparison versus statewide, LAUSD, and other conversion charters. Possible root causes were discussed, and potential strategies to improve performance on the test was reviewed. ECR's PIR Improvement Plan is still being worked on, but it will be finalized and submitted to CDE.

E. Discuss and Possible Approval of Healthcare Contract

The recommendation is to stay with CharterLIFE, a health and wellness trust which we have been with since going charter. The renewal is for 18 months, with the right to opt out at 12 months. The additional cost would be \$56,838, which is reasonable all things considered. Other health plans were evaluated, this matter was discussed with UTLA, and a survey of options was provided to staff.

Darin Ryburn made a motion to approve the CharterLIFE proposal.

Brian Archibald seconded the motion.

The board **VOTED** to approve the motion.
