F. Executive Director Update

For the bus pass program, 175 students have signed up to date. Staff will provide information on attendance at the next Board meeting. Students were very appreciative in getting the bus passes. A report will be made at the next Board meeting as to whether or not the students' attendance has improved.

Regarding the CCTV system, Mr. Hussey reached out to LAUSD for a quote. Our internal quote had been for approximately \$125,000; LAUSD provided a quote at \$500,000. LAUSD requires a Facilities and Environmental Technical Unit (FETU). A possible resolution may be to have LAUSD only do the FETU work, and to also have them do an inspection after our own vendor installs the system, to ensure that the system meets their standards. Once the project is complete, we will have close to 80 cameras on campus.

Mr. Hussey has looked into quotes for refurbishing the stadium; two estimates have been received for aluminum seating, one for \$275,000 and the other for \$500,000. LAUSD will be giving us a third estimate.

Mr. Hussey reached out to other charter schools regarding getting bonds for construction.

Mr. Hussey was advised that we would need an underwriter, a bond counsel, an underwriter's counsel, and a trustee fiscal agent. Mr. Silverstein asked that staff provide a wish list of building upgrades/improvements sought.

PSAT is coming up, we will be testing all 9th, 10th and 11th grade students.

B. August 2019 Financial Update

Letty Zane, speaking on behalf of the Board of Friends of ECR, spoke regarding the financials, in particular the \$237,807 in liabilities due to others, and the use of ASB funds. Mr. Silverstein noted that there were deficiencies in the process in the handling of cash collected at school events.

The Fiscal Policies and Procedures are being edited, it will be sent to the Board for review and will be on the agenda for the October Board meeting.

Mr. Darby noted that there was one revision to the Unaudited Actuals Report (UAR); due to a reclassification of the cost of laptops, the revised UAR will show a net income of \$942,437. This does not reflect the outstanding liability to LAUSD.

Our budget is being revised, due to the governor's May revision to the State budget, and updated enrollment and the number of international students. The CalSTRS contribution rate also increased (though the CalPERS contribution rate decreased).

V. School Business

A. Tech Update and IT Audit Update

Ms. Chen provided a summary of the IT infrastructure audit, which described the overall network as being very good. The audit also recommended some refreshing of equipment, updates on backups and redundancy, and software updates. The tech team had already started working on some of these items. However, some of the upgrades suggested are cost-prohibitive, and may be more than ECR needs; the tech team is looking into some of the upgrades suggested to determine feasibility.

Mr. Ryburn asked that the tech team look to replacing or upgrading switches and routers in order to avoid any breakdown in functionality.

B. Discuss and Possible Approval of Payment of \$250,000 to LAUSD

Mr. Hussey stated that ECR contracts with LAUSD's Maintenance & Operations (M&O) branch to conduct needed work on campus; since the campus is owned by LAUSD, a lot of the work needed to be done by M&O. M&O would provide services such as plumbing, electrical, re-keying doors, etc.

Previously, ECR would put money into a fund, and LAUSD would take money out of the fund, but LAUSD would not provide an accounting for the money being taken out. As a result, it was agreed that ECR and LAUSD would enter into a different arrangement.

Approximately two years ago, M&O provided an invoice for four years' worth of services rendered. However, because the invoice did not itemize the work that was done or provide sufficient detail, there was no way to reconcile whether the work was done or not and how much was being charged for specific projects. The Business Office could not reconcile the amounts so the invoice was not paid.

This past summer, Mr. Hussey was advised that M&O was cutting off all services because of a lack of payment. Mr. Hussey contacted them and worked out a deal that we would pay for services going forward on a quarterly basis, and we would make a payment of \$250,000 to pay off some of the past due balance.

Mr. Hussey noted that at yesterday's LAUSD Board meeting, LAUSD's Board threatened to not renew some charters if the charters did not pay their outstanding bills.

Mr. Darby noted he and ICON reviewed the invoice and there were issues; for example, a single work order was referenced 158 times.

Mr. Silverstein stated that ECR should start the vetting process to start having our own list of vendors that we can use, instead of having to rely on LAUSD. Mr. Hussey advised that this is being looked into, but it will be a process since any work done on campus has to conform to LAUSD's specific standards, and we will have to have several vendors to do all the various types of work needed.

Mr. Ryburn asked whether we have any documentation when LAUSD comes that they did the work they say they did; Mr. Hussey stated that our buildings and grounds personnel keeps a log of what was done and confirms that the work was done. Darin Ryburn made a motion to approve a payment of \$250,000 to LAUSD for a partial payment.

Gregory Basile seconded the motion.

The board **VOTED** unanimously to approve the motion.
