E. Executive Director Update

Mr. Hussey reached out to LA Parks & Recreation's Aquatics division regarding access to a pool for ECR's swim and diving team. Three options for use of a pool with Parks & Rec: a major budget item to be voted on by their board to open a pool for ECR's use; a joint use agreement, where the city and the school agree to open up a pool; or a permit to use a nearby pool, closest pool is at Cleveland High School. Mr. Hussey will work on getting the cost for each of these options to see what the financial impact would be. We are working on dedicating the IEP room for Diane Wynne, we are working on purchasing a memorial plaque for this.

We are waiting for a response from LAUSD regarding the CCTV installation, we have been waiting over a month for a quote. Mr. Hussey noted he has reached out to Boardmember Schmerleson regarding getting a response.

Regarding the heating issue, LAUSD is getting another contractor because the prior contractor could not fix the problem. The new contractor will be putting in a temporary fix, and then work on the issue over the winter break. There is a dispute as to who is responsible for the cost to permanently repair this issue.

There was a fire down in the Alt Ed area. LAUSD took a sample to see if there was any asbestos in the room, so all rooms in the Alt Ed area are now off limits until LAUSD responds. We are looking to get the rent for the Alt Ed campus reimbursed since we cannot use any of the rooms there.

The end of the Fall semester is this Friday, December 20th. Final exams start tomorrow. The new semester starts January 13th, a pupil-free day where professional development will take place.

This afternoon a \$5,000 grant was received to assist students with disabilities in getting real world experiences and with colleges.

Summer school dates have been set for June 12 to July 24, 2020 (no school on July 3). Transition to high school night will be on March 12th. July 27 to July 31 will be Welcome Week, and new student orientation nights will be held July 27, 28 and 29.

F. Chief Business Officer Update

Mr. Darby stated that, as to the Prop 39 project, we will receive one final rebate of \$118,852 at the end of January or February.

B.

November 2019 Financial Update

The financial information was discussed during the course of the 1st Interim Financials.

C. Review and Vote on 1st Interim Financials

Daniel Lee, CEO of ICON School Management, spoke regarding the Financials. The State requires 4 reports: the preliminary budget, which takes place in June; the 1st Interim Report due December 15th, which looks at the first 4 months of operations; the 2nd Interim Report due March 15th; and the Unaudited Actuals as of June 30th, which is due September 15th.

The 1st Interim Financials are based on estimates; the numbers will likely change by the end of the fiscal year. The report uses the LAUSD-required SACS form, which is new this year.

For Revenues, as of now we are expecting approximately \$400,000 more in total revenue than originally budgeted, based on increase especially in Other Local Revenue.

For Expenses, there is an increase in classified salaries, at least in part due to reclassifications of positions. This may be due at least in part to certain positions having been misclassified previously. But the bottom line is that there is an expected total income of approximately \$450,000 by the end of the year. And as enrollment is looking good, total income may increase further; we are at 150-180 more students than last year P1.

Darin Ryburn made a motion to approve the 1st Interim Financials.

Beatriz Chen seconded the motion.

The board **VOTED** to approve the motion.

D. Review and Vote on 2018-2019 Audit Report

Wade McMullen went over the required communication letter to the Board. There were no weaknesses, deficiencies, or difficulties found.

Mr. McMullen then went over the audit report itself. The overall result is a negative, due to the long term liabilities of the lifetime benefits. The Other Changes in Net Assets is due to the actuarial adjustments to the lifetime benefits.

The Statement of Functional Expenses are what will show up on our Form 990 tax return.

There is an amount categorized as other expenses which are hard to characterize, primarily due to student activities/expenses.

Note 6 identifies that the State has been requiring increasing contributions to STRS and PERS, which Mr. McMullen believes will continue increasing as time goes by. As to the lifetime benefits, the actuary has projected an obligation of \$24M; as of the end of the 2018-19 fiscal year, we have funded \$11.4M. If we continue to put \$220,000 a month into the plan, we could theoretically be fully funded in 5 years.

Regarding Note 3, Mr. McMullen would not suggest opening multiple smaller accounts in order to maximize FDIC insurance; he does not see any particular risks or exposure.

Darin Ryburn made a motion to approve the 2018-2019 Audit Report.

Jeff Davis seconded the motion.

B. Discuss and Possible Approval of Resolution on Commitment to Enrolled Students

This resolution only relates to students who have never attended ECR. Any student who comes into our former attendance area and wants to attend ECR would be welcomed.

But for a student who attends a private school and who never has enrolled in ECR, ECR should not be required to hold assessments and IEPs for LAUSD. LAUSD has a "gentleman's agreement" with the four conversion charter schools that says that, if a

student who lives in our former attendance area needs to be privately placed, LAUSD would pay for the placement. Currently, since we belong to LAUSD's SELPA, 20% of funds received for student services are paid to that SELPA.

Mr. Hussey noted that LAUSD could be upset about the Resolution, and it may impact our charter renewal process.

Dr. Davis questioned for a typical example of how this process would work; Mr. Hussey stated that a student who has attended a private placement school for 1st through 8th grade needs to be assessed before entering 9th grade. The student does not intend to enroll at ECR, but ECR is required to conduct the IEP because the student lives in our former attendance area.

Emilie Larew, AP of Student Services, noted that this resolution would not impact any student for whom ECR currently conducts assessments or IEPs. Taking the example previously given, ECR conducts the assessment and recommends non-public school (NPS); the parents/guardians must then work with LAUSD (not ECR) to agree on the appropriate NPS. This process can take months, and if the parents/guardians disagrees with LAUSD's decision, the parents/guardians may bring a due process claim, and would likely name ECR in the claim. For each such assessment/IEP, it costs ECR anywhere from \$5,000 to \$15,000; if a due process claim is filed, ECR is responsible for its own attorney costs.

Mr. Ryburn asked how many such students we had last year; Ms. Larew stated 7. Of these 7, about half of them were placed in NPS because ECR could not provide the type of services they need. We currently have 370 students with IEPs, which is approximately 20 more than we had last year. And of those 7, some did file a due process claim and named ECR in the claim.

All 4 of the conversion charter schools are considering the same resolution; one has already passed the resolution, the other 2 want to further discuss and then bring the matter up again in January.

Mr. Silverstein stated that, from a fiduciary and legal point of view, he does not have enough information to make an informed decision at this time. This includes getting an idea as to the total amount this current arrangement is costing ECR. Mr. Silverstein believes more time is needed for the Board to do its own due diligence in order to understand this issue.

There was no motion made, so the matter is tabled until the next Board meeting.

C. Discuss and Vote on Revised Classified Salary Management Table

Mr. Archibald asked why this was not 2 separate positions. Mr. Hussey noted that we were still going to work with an outside marketing firm, and the position would work with stakeholders to communicate with the marketing firm.

Mr. Archibald also questioned how the new position would be evaluated, to ensure that he/she is fulfilling the job duties and responsibilities. Dr. Davis noted that, during the job posting and hiring process, a metric could be created to identify the specific standards to which the person will be held. Dr. Davis advised that Ventura Unified School District had

just hired an outstanding marketing person; perhaps Ventura Unified School District's marketing person could be part of the panel when interviews take place.

Mr. Silverstein questioned whether the new position would be involved in applying for grants. The current job description provides for overseeing grant writing, but it does not include experience in actually writing grants. Mr. Hussey noted that perhaps this would require another position entirely.

Jeff Davis made a motion to approve the revised Classified Management Salary Table.

Beatriz Chen seconded the motion.

The board **VOTED** to approve the motion.

D. Discuss and Vote on Continuing Bus Pass Program

Mr. Hussey noted that there are 144 students who have a bus pass this year who attended ECR last year. Of these 144, 85 improved their attendance rate, and 23 maintained their attendance rate.

Mr. Darby noted that the Board had previously voted to collect \$2.50 from the reduced price students; currently, there are 42 students who are reduced price students. Mr. Darby asked if the Board would consider waiving this amount.

Darin Ryburn made a motion to approve continuing the Bus Pass Program for the Spring semester, including covering the entirety of the cost for free and reduced priced meal students.

Steven Kofahl seconded the motion.

Darin Ryburn made a motion to approve increasing the schedule of the Psychiatric Social Worker.

V. Governance

A. Discuss and Vote on Resolution re Board Vacancy

Mr. Hussey noted that Mr. Jose Cole Gutierrez texted a response last week saying that LAUSD is looking into filling the position and may do so by the start of the year. Should LAUSD not fill the position, the position will continue in accordance with the Bylaws.

Letty Zane asked the Board to consider filling the position with a Parent representative, instead of the Classified representative. Mr. Ryburn stated that he believed another Parent representative would be beneficial. The motion was revised accordingly.

The position will be advertised immediately with a deadline of 5:00 pm, January 15, 2020.

The election will take place among the parents/guardians on January 20, 21 and 22. The winner will be announced at the Board meeting on January 23rd, and the winning candidate will be installed at that meeting.
