I. Opening Items

A. Call the Meeting to Order

Scott Silverstein called a meeting of the board of directors of El Camino Real Charter High School to order on Thursday Jun 25, 2020 at 4:34 PM.

B. Record Attendance and Guests

C. Pledge of Allegiance

D. Public Comments

Carlos Monroy, teacher, spoke regarding the history of Christopher Columbus, who was a Conquistadore.

Darin Ryburn thanked Jeff Falgien, former Board member and coach of the football team, for his service to the school.

Jeff Davis spoke in support of former ECR employee Rick Hayashida, who has had health issues.

E. Executive Director Update

Mr. Hussey thanked all the teachers, staff and Board members for making this school year a good year despite its uniqueness.

Mr. Hussey spoke regarding cultural proficiency, and is proposing a new school mascot in place of Conquistadores. He will begin getting input from parents, students, teachers and staff. He also would like to involve the students in developing a logo. But because students do not come back to school until August, the process may take several months.

The textbook collection program was successful, collecting over 8,000 textbooks which equals approximately \$1.2M worth of textbooks. ECR also collected over 800 laptops during this time.

A total of 720 diplomas were distributed in 5 1/2 hours over 2 days, a rate equal to one diploma every 27.5 seconds. Mr. Hussey thanked all the staff who assisted in the process.

We are working on a textbook distribution system, given that we may have to continue to look at alternatives for the start of the school year. We are also looking into virtual

webinars for students and parents, in order to continue learning more about the distance learning program.

Mr. Hussey has had parent meetings, and is looking to have more meetings with the individual groups, including the Latino Padres group and the RISE parent group. Coffee with the Principal will also be scheduled.

For the start of the school year, we are looking at various options. There is a virtual parent meeting on July 1st at 6 pm to discuss potential schedules for the upcoming school year. New guidelines issued by the State requires that, for distance learning, we have to have a minimum of four hours of instruction per day.

The online graduation for the class of 2020 will take place on July 3rd at 6 p.m.

We have received close to \$170,000 in special education grants this year.

We had 850 students sign up for summer school, which will require about 28 teachers.

We are using a synchronous schedule, and will use what we learn from this schedule for the upcoming school year.

We met with the CSD oversight committee for a debrief on their oversight visit. For governance, there were no issues found. For student achievement, the majority of subgroups improved on the SBAC, but for those that did not we will focus on support in the upcoming school year. One area that is not being scored this year is Special Education, because of the school closures. In the fiscal area, there were areas of improvement noted which must be addressed within 90 days of receipt of the official oversight report, which has yet to be received. The report will be shared upon receipt. The charter renewal process has started, and we are hoping to submit the charter renewal petition to LAUSD within the next few months.

Mr. Silverstein thanked the teachers, staff and administration for their work during this unprecedented school year.

F. Board Committee Updates

The Finance Committee did not meet since the last Board meeting, but expects to have something put together for the next meeting.

The Travel Committee did not meet, nor did the Safety Committee.

The Technology Committee met, and will discuss during the agenda item.

B. May 2020 Financial Update

John Arndt of ICON presented the May 2020 financial report.

The YTD Revenues reflects the volatility of the market due to the current economic crisis.

The YTD Expenses are more stable as the expenses are static/consistent.

On the updated projected budget, the current forecast is for an increase in LCFF entitlement due to a higher ADA for P2. Dr. Davis noted that our ADA will remain the same for next year, based on the Governor's budget / AB 77. Mr. Hussey stated that there is concern that, if we increase our enrollment, AB 77 would penalize us by keeping our ADA static. This will be discussed during the discussion on the budget.

Regarding the cash flow projection, once our investments mature, we will have 4 to 5 months of cash on hand.

C. Review and Vote on 2020-2021 Preliminary Budget

John Arndt of ICON went over the preliminary budget for 2020-2021.

A trailer bill was added to AB 77 which locked in ADA as of Feb. 1, 2020 for the 2020-2021 school year, which is a disadvantage for growing schools. Dr. Davis noted that there is a lot of push to change this, and people are encouraged to reach out to their legislators to oppose this cap.

The current preliminary budget estimated a 10% drop in LCFF funding; based on the Governor's revision which came down earlier this week, there will be no drop in funding. However, our cash flow will drop due to 4 months (not 3 months) of deferrals, which

means that about 30% of our revenue will not be received until the 2021-2022 school year.

Dr. Davis asked how much CARES Act money is coming to ECR; Mr. Arndt stated that ECR would be receiving approximately \$350K, which has already been included in the budget.

Mr. Hussey asked why Health and Welfare Benefits (codes 3401-3402) was decreasing - Mr. Arndt stated that this is due to losing some staff who were receiving benefits and we are not currently hiring for those positions.

Mr. Silverstein asked why Unemployment Insurance (codes 3501-3502) is decreasing when unemployment insurance in general is increasing. Mr. Arndt noted we are not part of the Unemployment Insurance Fund, but are rather part of the School Employer's Fund.

Because our gross wages is going down, the rate has reduced.

Darin Ryburn made a motion to approve the 2020-2021 Preliminary Budget.

Steven Kofahl seconded the motion.

The board **VOTED** to approve the motion.

This year, we will be receiving \$4,800,030 in EPA funding, which will be used for teacher wages.

V. School Business

A. Discuss and Possible Approval of COVID-19 Operations Written Report

The COVID-19 Operations Written Report was reviewed and discussed. Mr. Hussey noted that we will also have the Learning Continuity and Attendance Plan. Also, though the LCAP is not required this year, we intend to still have an LCAP in order to address the needs of our at-risk students.

Mr. Ryburn asked about the section regarding providing school meals, whether ECR contributed to the cost involved. Mr. Hussey noted that the meals were provided by LAUSD and the Red Cross, so we did not incur any cost. Mr. Ryburn acknowledged LAUSD and the Red Cross for the tremendous work in providing the meals.

Darin Ryburn made a motion to approve the COVID-19 Operations Written Report.

Jeff Davis seconded the motion.

B. Discuss Health and Safety Protocols for 2020-2021 School Year

Mr. Hussey noted that this was a significant effort, and thanked School Nurse Peggy Valentine for her work in coming up with the proposed protocols. Nurse Valentine went through the guidelines and recommendations from the CDE, CDC, OSHA, UTLA, Department of Labor, and healthcare agencies to create a protocol for the reopening of the new school year, whether it be in person or a hybrid model.

The school conducted a thorough cleaning, and also conducted daily cleaning. We have ordered hand sanitizers, masks, shields, and thermometers. We are also looking into installing plexiglass shields in the offices, and purchasing hand washing machines for the outer areas.

Mr. Hussey stated that the biggest issue is the social distancing, if we were to have students again enter campus. We are looking at different scheduling options that will not only work with distance learning, but also with the hybrid model. Another issue is the protocol for contact tracing; we are waiting for direction from the CDC and/or the State. A scheduling meeting is scheduled for next Wednesday to discuss the scheduling options. For distance learning, we are looking to use a synchronous (live) model.

Ms. Chen stated that these matters should be put into writing, that parents would appreciate having a detailed explanation in writing about the sanitation and cleaning protocols, etc. She also noted that the scheduling options should be put in writing for parents to have. Mr. Hussey agreed to put this together and will send out to all Board members immediately, and it would also be shared at the meeting on Wednesday. This information will also eventually be posted on our website.

Mr. Silverstein asked if the cost for all these items had been budgeted; Mr. Hussey advised that most of these items have already been ordered and would be included in this year's budget. He stated that he would also look into whether any additional expenses have been reflected in next year's budget. Dr. Davis stated that there are different streams of CARES Act monies coming to schools, including for purchase of PPE items. Also, the State has ordered a number of items that will be made available to all schools, including hand sanitizers and masks.

Mr. Ryburn asked if we will have to increase staff, particularly safety staff, to properly ensure compliance with safety protocols, and whether we are accounting for that. Mr.

Hussey stated that he would look into this, but if there are going to be less students on campus under a hybrid model, we would not necessarily need to increase staff.

Mr. Hussey also noted that we are monitoring LAUSD closely, to ensure that we closely (though not exactly) align with LAUSD's decisions.

C. Discuss and Possible Approval of Teacher Laptop Refresh

Ms. Chen stated that the Technology Committee had met and looked at the laptop refresh issue. There has not been a refresh for the teachers in 3 years, and we are looking at buying a robust laptop that will last longer. The quote for the selected laptop includes a 4 year warranty. The Technology Committee is recommending the purchase of the most expensive option, in order to ensure a longer life cycle and a fast enough processor to handle all the applications. It was also affirmed that the upgraded laptops will be compatible with other peripherals needed for distance learning.

Mr. Hussey also noted that our tech staff is Lenovo-certified to make repairs, so we would be able to save money and delays in having to do repairs. Also, the current laptops teachers have will stay in the classroom and will be used as a stationary classroom computer.

Mr. Ryburn asked if this was included in the budget; Mr. Hussey stated that he believed it was included, but he will follow up. If it is not included in the budget, we will find room as this is a necessity for the teachers.

Beatriz Chen made a motion to approve the teacher laptop refresh through SHI for a total not to exceed \$245,720.74.

Darin Ryburn seconded the motion.

The board **VOTED** to approve the motion.
