A. Discuss and Possible Vote On Distance Learning Policy and Procedures

Mr. Hussey reviewed the Distance Learning Policy and Procedures ("Policy"). The Policy was discussed at length with staff, and while it does not include every detail, it is a broad definition of distance learning policies and procedures. The schedule chosen provides for 100% synchronized learning, with an hour support and intervention included and 50 minutes of planning in the morning and 30 minutes of planning in the afternoon. The schedule also provides for professional development on Mondays and department time on Fridays. The state requires that students be contacted if they are absent 3 or more days; ECR will start reaching out when a student is absent 2 or more days. Grading policies will be by department. Grades will be entered into Canvas, which will then be transferred into Aeries. The Policy also identifies student conduct requirements, and disciplinary policies for any violations. Other things that we are doing as a school that

have not been included in the Policy are being communicated to students and parents/guardians through phone calls, emails, and social media, so that they are kept informed.

Ms. Chen asked if this was going to be translated into Spanish; Mr. Hussey said yes. Ms. Chen also asked if the term "certificated employee" could be changed to "teacher." Mr. Hussey noted that the term certificated employee was specifically used to encompass not just classroom teachers, but also other certificated staff such as counselors.

Ms. Chen asked about students whose parents/guardians are not comfortable sending their students to class, and whether distance learning will be offered to those students even if they are not medically at-risk. Mr. Hussey noted that, if we go to a hybrid model first, all students will have the option of continuing distance learning. When all students are physically back on campus, we will have to figure that out.

Ms. Chen asked about the section regarding combination of in-person instruction, why it says further negotiations may be needed. Mr. Hussey noted that this was put in because UTLA may require further negotiations if the school day is modified as that would constitute a change in working conditions. Everyone will be notified two weeks before the switch to a hybrid model is used.

Ms. Chen asked about attendance, and the requirement that students turn on their cameras. Teachers take roll either via MS Teams or by calling out roll. Recent training identified the trauma that some students could potentially experience in having to be on camera, so any student who does not want to be on camera will be a side discussion with the student and the possible waiver of the requirement that students turn on their camera.

Mr. Silverstein asked about whether teachers are required to turn on their camera; Mr. Hussey noted that teachers should have their camera on most of the time when they are teaching.

Ms. Chen also asked whether there is a requirement that students have appropriate backgrounds. Mr. Hussey noted that the Technology Department came up with etiquette requirements and have distributed that to teachers and students.

Ms. Chen asked about whether there will be a requirement that students and parents/guardians acknowledge receipt of the Policy; Mr. Hussey noted that he will work with the Technology Department about including that through Aeries.

Finally, Ms. Chen stated that she was proud of ECR for the work it has done in creating a smooth transition; Mr. Hussey thanked all the staff, students, parents, and the community for all their work.

Ms. Ibach asked if teachers were working remotely or from campus; Mr. Hussey noted that approximately 20 teachers come and teach from campus, the rest are teaching remotely. Also, the Policy will be updated to identify that students can get assistance through the Live Chat function.

Mr. Kofahl asked if the required number of instructional minutes was provided for in the Policy. Mr. Hussey stated that we are required to have 240 instructional minutes, which is provided for in the schedule.

Mr. Lee asked if safety precautions were being taken for those entering campus. Mr. Hussey noted that we do a temperature scan for everyone coming onto campus, as well as a daily symptoms assessment questionnaire.

Mr. Silverstein asked if this is an addendum to the Parent-Student Handbook or if it's a separate policy document. Mr. Hussey noted that this is a separate document. A section can be added to the end that incorporates the Parent-Student Handbook. Mr. Silverstein asked if there would definitely be a transition period of hybrid learning. Mr. Hussey stated that parents are anxious of getting their students back on campus, and that it is likely we will start with allowing a smaller number of students on campus; however, Mr. Hussey stated that he believes it likely that we will not return to full in-person learning until the next calendar year at least.

Beatriz Chen made a motion to approve.
Steven Kofahl seconded the motion.
The board **VOTED** to approve the motion.
