II. School Business

A. PUBLIC HEARING: Single Plan for Student Achievement

Ms. Clark went over the School Plan for Student Achievement (SPSA).

Mr. Silverstein asked what steps are being taken to reach out to students with whom we have lost contact. Ms. Clark noted that the Intervention Coordinators have been reaching out, through phone calls and in-person visits, to try to connect again. Mr. Silverstein asked for specific numbers of students with whom we have lost contact.

On Goal 1 Strategy 1, Ms. Chen asked about formative assessments being conducted once a semester and whether that was sufficient. Ms. Clark said that last year there were 3 testing points given; however, with virtual instruction it is difficult to administer tests so we are considering whether a third test would be feasible. Also, Charter Schools Division (CSD) stated that most schools are only using the two assessments, one at the beginning of the school year and one at the end. Mr. Hussey also noted that teachers were concerned that a lot of instructional time was being lost with additional testing. We will also look at 5-, 10-, 15- and 20-week grades and will also use study skills data to look at where we can provide additional support for those students who may be struggling; this will be added to the SPSA. Mr. Kofahl asked what RIT stood for - Ms. Clark responded that it stands for Rausch UnIT; Mr. Kofahl also asked what ESSA stood for (page 1) - this is the Every Student Succeeds Act. Mr. Kofahl noted that every acronym used for the first time should be spelled out.

Goal 1 Strategy 4, Ms. Clark noted that the law states that every student must be provided a textbook for each class, which can be either physical or digital. ECR provides each student with both a physical and digital textbook. Mr. Wright asked if we would be needing more digital textbooks; Ms. Clark said possibly, and that some teachers would like to go more towards digital. However, for departments that opted for a digital copy only, many students came back and asked for a physical copy. Mr. Lee asked if there was a cost difference between them; Ms. Clark said there is not much of a difference.

Goal 1 Strategy 5, the tutoring has been provided by a local fraternity.

Goal 2 is exactly the same as Goal 1, except it is for ELA (English Language Arts). The strategies are the same, except for Strategy 5 as ELA tutoring is provided on Saturdays. Mr. Kofahl noted that the Annual Measurable Outcomes, which currently shows an outcome of 10-20 point RIT decline, shows an expected outcome of a 5-10 point RIT increase and whether this was achievable. Ms. Clark said yes, and she will also more data on this.

Mr. Silverstein asked that "reclassification" be explained. Ms. Clark stated that a student who is classified as an ELL (English Language Learners) class improve their language skills such that they are reclassified out of ELL.

Goal 3 is how to improve parent involvement. For Strategy 4, Ms. Chen noted that the Facebook page has not had any recent updates; Ms. Clark noted that most of the activity has been through Instagram, but she will look into improving the activity in Facebook. Ms. Chen stated that the followers on Instagram may be mostly students not parents. Mr. Archibald stated that he agreed that there had to be more communication/outreach to parents and other stakeholders. Mr. Hussey stated that the marketing team is working on this.

Goal 4 is for teacher and staff professional development (PD). For the annual measurable outcomes, Ms. Wright asked how these outcomes would be sustainable. Ms. Clark replied that ECR would continue to offer PD opportunities; Mr. Hussey also noted that the Professional Development Advisory Committee (PDAC) has done a tremendous job in finding more PD opportunities.

Goal 5 is to deal with learning loss due to school closure and virtual learning. For the outcome, Mr. Wright asked for the 5% of students who are failing classes, is there a breakdown based on ethnicity and also those who are economically disadvantaged. Mr. Hussey noted that the 95% completion is not of students but of classes; so of all classes, only 5% had students who failed. We are waiting on the data for PSW referrals.

Ms. Clark noted that this hearing was to review the SPSA, and to update it based on comments made. She will make the changes based on comments made, and the revised document will then be voted on at the next Board meeting. Once approved, the SPSA is not submitted to any other organization, but is rather kept in-house. If a modification or update is needed, that will be subsequently be presented to the Board.

Mr. Silverstein asked that, if school went fully in-person again, would the SPSA be tabled and the LCAP be utilized again.

Ms. Zane asked if there were any baseline goals that could be included so that we would have a measurable standard from which to show progress. Ms. Clark noted that baseline numbers can be added by grade or overall.

Mr. Wright asked that the data be provided by grade instead of overall, to show the difference between those who attended school in-person as opposed to those who have attended only virtually.

B. Local Control Funding Formula Budget Overview for Parents

Mr. Wood went over the Local Control Funding Formula Budget Overview for Parents. Mr. Wright asked how deferrals played into the numbers presented; Mr. Wood replied that deferrals were not included in these calculations, the numbers are based on the projected overall funding we expect to receive without consideration of the deferrals. On the narrative, no response is needed for the fields if we have spent all the monies that were allocated for the different programs. For the Projected Revenue by Fund Source, Mr. Wood noted that he will work on making the pie chart image clearer.

C. Discuss and Vote on Resolution re SISC Flex Plan

Mr. Chang went over the Resolution Authorizing Participation in SISC Flex Plan. Mr. Archibald noted that it is important for employees who elect for the Plan to know that it is a "use it or lose it" plan, and that ECR is careful to fully inform employees of this. Brian Archibald made a motion to approve the Resolution Authorizing Participation in the SISC Flex Plan. Brad Wright seconded the motion. The board **VOTED** to approve the motion.
