V. School Business

A. Discuss and Vote on Extended Learning Opportunities Grant Plan

Ms. Clark and Ms. Endres presented the proposed Extended Learning Opportunities Grant Plan (Plan) to the Board. This Plan provides funding for learning recovery to support students in learning loss, as well as to provide academic, social, and emotional support as needed. The Plan must be submitted to the CDE by June 1, 2021. The funds must be spent during the next school year. Highlights of the Plan include adding a second Psychiatric Social Worker (PSW), two more School Counselors, hiring additional paraprofessionals, and starting a Wellness Health Center.

Ms. Chen asked about whether the new Community Media Center was one of the capital improvement projects that was being considered; Mr. Hussey replied yes. Ms. Chen also questioned whether teachers were getting professional development on how to recognize whether students need social-emotional support; Mr. Hussey stated that the PSW had conducted training on social-emotional support, and noted it would be part of professional development going forward.

Mr. Archibald asked if there was a standard as to the number of PSWs to students. Ms. Clark replied that she had discussed this issue with Joanna Johnston the PSW; based on this, it appears that ECR was a bit behind the recommended ratio, and that other schools had a PSW before we did. Mr. Archibald expressed concern that the Plan did not appear to have any specifics. Ms. Clark noted that the Plan was not the place to include specifics, and that we had already implemented many of the programs identified in the Plan. She further stated that ECR would continue to pay attention to ways to provide specialized support to students, including during the school day as well as before and after school programs. Ms. Endres noted that ECR is looking to expand support programs that had already been started this school year, and that we were focusing on sustainability of these programs. Mr. Hussey noted that most other schools have two PSWs (though one school has three), and adding another would put ECR in line with most other schools, but if it is determined a third is needed the monies identified in the Plan could be used to add a third PSW. Mr. Wood noted that there are other CARES grants that could be accessed to also help with learning loss funding, and that this Plan is the first in terms of deadline.

Mr. Silverstein asked where the additional salaries for the additional PSW and other personnel was listed; Mr. Wood noted that the Plan is in the format required by CDE so it may not have the breakdown by salary, and that it would be reflected in a number of the expenditures identified. Mr. Silverstein if the additional expenditures would be an ongoing fixed expense. Mr. Hussey noted that the PSWs are contracted year-to-year, and that the budget will be built and adjusted on an ongoing basis to meet the needs of the students. Mr. Archibald asked that, if we do not receive the monies from this Plan, would these amounts be in our budget. Mr. Hussey replied yes, a majority of the expenditures would be in the budget.

Mr. Perez asked if these funds would be ongoing, or a one-time funding. Mr. Hussey replied they are a one-time fund. If there is no funding in the future, these expenditures would have to be reduced, or they would have to be incorporated into the general budget.

Mr. Hussey noted that detailed information on the specific proposed expenditures can be provided and the Board requested additional detail on the expenditures if the Plan is approved.

Brad Wright made a motion to approve the Extended Learning Opportunities Grant plan.

Linda Ibach seconded the motion.

The board **VOTED** to approve the motion.

B. Discuss and Vote on Reducing Graduation Credit Requirements for Juniors/Seniors

Mr. Hussey presented the proposal to reduce graduation requirements for current 11th and 12th grade students due to the impact of Covid-19. He explained that Ms. Larew, Assistant Principal over Student Support Services, and Mr. Alba, Assistant Principal over Counseling, worked with him to develop the proposal and that it would not impact any core requirements for graduation. He reviewed the data that shows that ECR's students with disabilities, English learners, and those in the Flex Program have been disproportionately impacted by the school closure and pandemic. Mr. Wright noted that our 9th and 10th grade students have been impacted as well and asked whether this might apply to them. Mr. Hussey agreed they have been impacted and discussed that there is more opportunity to address their needs over time with additional supports through the use of learning loss funding, but that a graduation credit adjustment could come to the Board for other graduating classes as well in the future if it is ultimately needed to more effectively support students currently in lower grades.

Beatriz Chen made a motion to approve updating ECR's graduation requirements for students currently in the 11th grade (class of 2022) or 12th grade (class of 2021) by reducing the elective credit requirement by 20 credits to a total of 55 credits and reducing the total credit requirement for graduation to 210 credits.

Steven Kofahl seconded the motion.

C. Discuss Collective LAUSD SELPA Notification Letter

Mr. Hussey shared information regarding ECR's participation in LAUSD's Charter Operated Programs (COP) Special Education Local Plan Area (SELPA). There is no intent to leave the SELPA at this time; however, notification must be provided to the

district at least one year and one day in advance of leaving the SELPA. Because of this requirement for significant advance notice, approximately 200 charters in the COP SELPA collectively send an annual letter to the district reserving the right to exit the SELPA. This allows ECR to maintain the option to leave the SELPA should there be any significant or concerning changes in the SELPA structure or funding model.
