III. Investment

A. Investment Update

Mr. Wood, CBO, introduced Mr. Breller, Investment Advisor of Beacon Pointe, who provided the Investment Update, with highlights as follows:

* Mr. Wood noted that Mr. Breller had presented the full report during the recent Finance and Investment Committee Meeting, so he will present highlights and answer questions about his report.

* Re: page 2: Provided a brief market summary; spooked by Russian invasion of Ukraine and spooked by Inflation and Fed's possible 5-8 expected rate hikes.

* Was a great quarter and calendar; 11% quarters and 28% annual returns shouldn't be expected at all times.

* All of calendar, still a 16% return in Stocks, although paring back. International and small cap stocks aren't performing as well; large cap a good place to be.

* Bonds for capital preservation and bond yields not providing much, but aren't taking the brunt of volatility. Alt. investments included in portfolio, too.

* Re: page 5: OPEB account preview of slide report; far right column is since inception; down September, really strong 4th quarter; equities 5% most from international and emerging markets which Breller likes long term, while experiencing downturn due to international goings on.

* Portfolio looks like its benchmark.

* Bottom of p. 5 - Investment policy is what guides Beacon Pointe's investment strategy. Range is wherein we must play and check in on a quarterly basis. If we see a no, and we meet and address the issue. On a quarterly basis, we meet and ask how the advisor addresses that need.

*. Reviewed fund managers and asset classes of the Total Composite; Discussed active and passively managed funds; We will look at these funds' positionality and we'll review each quarter and we don't currently have any recommendations to hire/fire fund managers.

* Reviewed General Fund account: OPEB 70% stock 30% bond allocation. General Fund is opposite: 30% stock and 70% bond.

* Mr. Wood added for those board members who more recently joined the board that Beacon Pointe had been hired through the appropriate Request for Proposal (RFP) process, and is fully vetted, strong references; and can attest to Mr. Breller's and Beacon Pointe's responsiveness and that they are managing within the investment policy guidelines.

* Mr. Kofahl commented that this Investment presentation was the best he's experienced in terms of understanding terms, etc.

* Ms. Malconian noted that for any member who would like more information, they may watch the video of the recent Finance and Investment Committee meeting.

* Mr. Wright praised and thanked Mr. Breller and Mr. Wood for their partnership and report.

IV. Financial

A. January 2022 Financial Update

Mr. Wood, CBO, provided the January 2022 Financial Update, with highlights as follows:

* This report is provided in partnership with ICON School management, who does our back-end reports. This report had been provided in detail during the recent Finance and Investment Committee Meeting.

* Balance Sheet - compares assets (7.5M higher than last year; liability are down 1.7M); net assets position is up 9M; one comment to detail is that future reports will reflect more detail/itemization of "unrestricted net assets."

* Cash Accounts - on hand 22.6M; PPP bank account 3.8M; if board approves later, we will consolidate these funds in the general fund (close the PPP account, tbd).

* Profit and Loss Summary - LCFF State, Funding, local; Market Value; YTD per market value reflects a loss position and we don't budget for that. 2nd interim will reflect updated revenues and expenses; As a result of our audit, federal budget 6M; our interim report that due to the timing of the forgiveness having taken effect last year (reported for last year). Net income reflects 312K operating income and not just overall.

* Profit and Loss YTD - massive swing when looking at investment account; FMV creates massive swing; 800K loss; great market conditions last year (2.3 or 2.4 gain), reflecting a \$3M swing on that line alone; salaries in January increased with on and off-schedule with retro adjustments so we have started to see those reflected here in the Cert. and Class. Salaries lines; textbooks and supplies amounts higher with in-person instruction, but not a surprise.

* Budget Comparison YTD - January vs. interim numbers; FMV reflected on an actual basis; fed. rev. reflects removal of PPP that is reclassified to last year; expenditure lines reflects 7 months of 12 or 58% of the year; we'll reproject numbers based on next month's 2nd interim;

* Department Budgets - Another agenda item for next year; department budgets will reflect expenditures; Instructional materials: we are planning a whole budget calendar through which we will have more detailed information at the department level.

* The remaining slides reflect line item accounts generated from our system.

B. 2020-2021 Audit Report

Ms. Vanessa Pineda, ECR Auditor from Christy White and Associate, Inc., presented a brief overview of the recently completed 2020-2021 Audit Report, with highlights as follows:

* Mr. Wood noted that this is our second year with Christy White and Associates and noted that Ms. Pineda has been our auditor during both years. Mr. Wood noted that we view our working relationship with Ms. Pineda and Christy White and Associates, Inc., as strong/positive, or words to this effect.

* Audit Report reflects year ended June 30, 2021.

* ECR's responsibilities are to ensure effective internal controls, financial statements, and prepare, and manage the budget;

* Auditor's responsibilities include to come in and audit financial statements, and provide an opinion, and provide reasonable assurance that the financial statements are materially correct; we also do federal/State compliance testing; our opinion does not address the financial condition of the entity, nor does it provide absolute assurance;

* PDF p. 4 - Bottom - Our first opinion is over financial statements; in our opinion, we believe that the financial statements are presented fairly in all material respects are in accordance with general accepted accounting principals in the USA. In summary, this is an unmodified opinion which is the best opinion you can receive. No significant deficiencies nor material weaknesses.

* PDF p. 31 - Internal controls over financial reporting; purpose is provide our review of internal controls; we use our testing of internal controls to provide an opinion about financial statements;

* PDF p. 33 - Our second opinion is over federal compliance; this audit year (2020-2021) federal COVID funding was central; we tested required compliance on those funds; based on our test, we provided an unmodified opinion, again it's the best opinion one can receive, as we noted no significant deficiencies or material weaknesses.

* PDF p. 34 - State compliance opinion - We have a clean, unmodified opinion of ECR's State Compliance in all material respects.

* PDF p. 35 - Ms. Pineda reviewed the procedures performed as listed on p. 35 (including distance learning, instructional time, CA clean energy, attendance, teacher credentials, etc.) to ensure that all procedures were in compliance.

* PDF p. 37 - Summary of all opinions; completely clear; no issues or findings or deficiencies; no prior year audit findings, thank you to Greg and ICON and congratulations. We appreciate your hard work and again, thank you.

Mr. Wright thanked Ms. Pineda for her report and professionalism.

Mr. Wood noted Ms. Pineda's availability and recognized Ms. Pineda and Christy White and Associates for being available to help us remain in compliance.

C. Discuss the Possibility of Creating a Capital Reserve Account and Need to Designate Some Unrestricted Funds Amount(s) to this newly Proposed Designated Account.

Mr. Wood discussed this item, with highlights including the following:

* I recognize that there was a question at the opening of our meeting and this item is for the purpose of having a discussion about the possibility of opening up an account with some of our available unrestricted funds to be designated to an account for the sole purpose of paying for capital projects.

* Our Capital Committee recently met to discuss this and LAUSD provided us an extensive list of projects and funding associated with various projects for our school's consideration.

* To be clear, if we were to open such account for the designated purpose and some economic or financial calamity should befall our organization, with Board approval, these funds could be made available if needed and directed.

* We have discussed a process to continue to add to this account; questions include when would be deposit, invest, access, and/or pull out these monies; what decisions we make would be determined based on projects dates/costs.

* Ms. Malconian added that she supports setting aside unrestricted funds into a form of investment account for capital projects; at this point we are waiting for committee reports and LAUSD's report to determine how much money is needed to set aside for short-term and long-term in order to determine investment account status.

* Mr. Wood noted that this process should be stakeholder-driven and allow some weigh-in and should not happen in a vacuum.

* Mr. Hussey noted that he did reach out to various stakeholders for capitalization projects and he did ask for and obtain some input which informed the creation of the capital projects committee in the first place.

V. School Business

A. Possible Employee Request for Board to Hear Statement of Charges that Cause Exists Supporting Dismissal/Termination from Employment

Mr. Hussey confirmed that this agenda item no longer applies.

The employee in question had submitted a formal resignation in lieu of possible board action that might have resulted in dismissal/termination.

B. Discuss Local Control Accountability Plan (LCAP) Annual Supplement Mid-Year Report

Mr. Hussey provided an overview of the five questions to which ECR had to provide responses to the CDE as part of the LCAP Annual Supplement Mid-Year Report, as noted below:

1. Engage all stakeholders - ssc, pd advisory, quarterly parent advisory committees; we continue to seek input from all stakeholder groups.

2. N/A as we do not receive additional funding related to this item.

3. Funding to support professional development and covid safety protocols, supplies, and transition to and from distance learning and back to in person; hired 4 college tutors, provided tutoring, purchased writing materials to support EL instruction.

4. Successes; more tutoring; PPP well-stocked with COVID supplies; completed network upgrades, expanded maintenance hours to ensure a clean and safe campus; Challenges include getting students to partake in the tutoring in the core subjects; started a ten-week SEL mentoring program for girls; Sign-ups have been slow, but we continue to work in this area; major facilities projects delayed due to COVID-19 related supply chain delays;

5. How LEA (ECRCHS) is using its fiscal resources:

* Goals 1 and 2 - EL Reading and Writing Curriculum; LTEL Writing Workshops; Additional Professional Development for Teachers

* Goal 2 - Additional Tutoring Offerings in After-School Program, Addl. Summer School Support; Addl. In-Class Support

* Goal 3 - Targeted EL Intervention Curriculum; Addl. Supplies and Materials

C. Discuss and Vote on Updates to the 2021-22 Parent Student Handbook

Linda Ibach made a motion to approve proposed legal updates to the 2021-2022 Parent-Student Handbook.

Danielle Malconian seconded the motion.

Dr. Lowry presented a brief summary of proposed legal updates to the 2021-2022 Parent-Student Handbook, highlighting the general purpose of each appendix item listed in the description of the agenda item. He noted that our legal team had proposed revisions to the P-S Handbook based on a number of new laws that went into effect in January and/or that had yet to be incorporated into the P-S Handbook.

Dr. Lowry noted that dates and/or other information in the P-S Handbook would still need to be updated/revised and that all P-S Handbook and Employee Handbook revisions are typically made during the Summer months that precede the "next" academic year.

Accordingly, Dr. Lowry noted that he will continue working with our legal team to incorporate additional changes to dates, language/conventions, policies, and/or law(s) ahead of the 2022-2023 academic year.

Mr. Kofahl noted that there is no Appendix Y and that he hopes that the Legal Team will do what they can to condense the Parent-Student Handbook because the current version proposed is 290 pages.

Mr. Solkovits cast an "Aye" vote.

F. Discuss and Vote on 1:1 Laptops for Incoming Freshmen 2022-2023 School Year

Linda Ibach made a motion to approve the purchase of 1,000 Lenovo 300e laptops for incoming freshmen for the 2022-2023 academic year.

Danielle Malconian seconded the motion.

Mr. Hussey presented this item, including ECRCHS's need to purchase laptops, plus an extra amount, to provide a 1:1 laptop issuance ratio in order to support incoming freshmen technology access and learning.

Mr. Hussey presented the three bids and cost of proposals and presented the bid recommended to the Board for approval, which is GST's proposal.

Mr. Kofahl asked if proposals were based on a consistent number of laptops, brands, models, requirements, specifications, etc., to which Mr. Hussey replied in the affirmative.

Mr. Solkovits asked whether or not teachers had been consulted in the process of selection of what technology devices might be best for their students, to which Mr. Hussey responded that there is generally a technology survey provided.

Mr. Solkovits asked to what extent our being a Lenovo repair center influenced the school's recommended purchase of Lenovo laptops as opposed to other laptops, including those that are American-made and/or that contain American components, to which Mr. Delgado noted that the school could explore other options, but given considerations of cost and quality, and that other schools are also utilizing the same or similar products, Lenovos are the most cost-efficient, cost-effective, and easiest to work on. Finding American-made, other than Microsoft, will be difficult and those are made in Mexico.

Mr. Solkovits asked whether or not any consideration had been made to buying American-made devices so as to pre-empt damage to American-made companies, to which Mr. Hussey noted that no specific consideration had been made as to whether or not the provider was an American company.

Ms. Lopez-Vargas asked if the 1000 Quantity takes into consideration any loaners or replacements that might be needed and Mr. Hussey responded in the affirmative.

Mr. Delgado noted that the team meets to discuss items of concerns, notes that we have been able to receive top-tier support from Lenovo as well as provide support.

G. Discussion and Vote on Proposed Revised Salary Table for Licensed Vocational Nurse (LVN) position.

Mr. Hussey presented this item, noting the following:

* this position has been a need and is a budgeted item;

* we haven't had a comparable salary study so we wanted to propose this to the board for consideration

* our scale goes up to fifteen years

*It's been difficult for us to fill this position due to salary scale.

Mr. Wright noted that we've had two LVNs in the past month.

Mr. Hussey noted that we've had LVNs through an agency and we'd like to hire an ECRCHS employee who will stay here and we offer a comprehensive benefits package and noted that the position would be represented by AFSCME.

Mr. Solkovits asked if this is a union-represented position, did ECRA negotiate the salary with the union, to which Mr. Hussey noted that we are currently in negotiations with AFSCME beginning tomorrow and we will include this item accordingly during negotiations.

Mr. Hussey noted that the best thing to do is to take no action now and take this up at the next board meeting.

Ms. Malconian asked if that this delay might prohibit the hiring of a needed LVN.

Mr. Wright noted that the board will take up this item at the next board meeting.

Accordingly, no vote was taken on this item pending further information to be provided ahead of a likely vote during the March Regular Board Meeting or a Special Board Meeting, whichever occurs first.

Danielle Malconian made a motion to approve the proposed 2022-2023 School Calendar.

Steven Kofahl seconded the motion.

Mr. Hussey presented this item, noting the following:

* He thanked Mr. Bennett and the Calendar Committee for their work on the proposed calendar and getting it presented to the Board.

* Mr. Hussey noted that he had presented the calendar to staff/school stakeholders who had three weeks to provide feedback on the calendar.

* Mr. Hussey noted that calendar is similar to previous calendars and he noted a few important dates for holidays and breaks, as well as the proposed first day of school, August 8th, for the 2022-2023.

Mr. Solkovits asked if UTLA participates on the Calendar Committee, and Mr. Hussey replied, "yes."

Ms. Lopez-Vargas asked if the calendar factors in the meeting of required instructional minutes, and Mr. Hussey replied, "yes, plus extra."

Mr. Wright asked Mr. Hussey if UTLA plays a truly active part on the Calendar Committee, to which Mr. Hussey replied that all members are as active as they want to be on the committee.

Mr. Solkovits asked if the Calendar committee considered or factored in Jewish and/or Muslim community dates/holidays, to which Mr. Hussey referenced the Jewish holidays (Rosh Hashanah and Yom Kippur).

Dr. Lowry noted for information purposes that Muslim or Persian community holiday considerations might include Ramadan (April/May) and/or Nowruz/Norooz (March; Persian New Year).
