I. Opening Items

A. Call the Meeting to Order

Brad Wright called a meeting of the board of directors of El Camino Real Charter High School to order on Thursday Jun 2, 2022 at 4:37 PM.

B. Record Attendance and Guests

C. Pledge of Allegiance to the United States of America (USA)

Mr. Camp led Board meeting attendees in the Pledge of Allegiance to the United States of America (USA).

D. Public Comments

Dr. Lowry read the instructions for making a public comment in person at the board meeting and to noted, per Mr. Wright's request, that each speaker will be limited to two (2) minutes in total speaking time.

Mr. Wright noted that Public comments may be adjusted a little longer due to the presence of students.

Public Comments noted as follows:

1. Chris Knight - ECR Parent/community member - spoke in favor of street signs being placed on Valley Circle Blvd. Noted there were RVs last Summer and through late Fall; was involved in clean-up of the area and discovered needles with loaded syringes and needles; acknowledged that there is no easy fix, but expressed appreciation to the Board for support in helping to find solutions.

2. Kyna Collins, English Teacher/UTLA Chair - Noted that she had a lengthy report and that other teachers would be giving her their time to speak. In response, Mr. Wright denied her attempt to speak beyond the two minute limit, noting that Dr. Lowry had already informed meeting attendees/guests of the instructions for making a public comment. In response, Ms. Collins stated that Mr. Wright's rule was in violation of the Brown Act, and noted that those in attendance who were going to give her their two minutes each can come to the podium wherein Ms. Collins stated that she would give each "their notes."

Ms. Collins congratulated students and staff for their upcoming graduation and completion of the school year. She stated that she was saddened to learn that UTLA's report was removed as a "standing item" from the board's agenda. She noted that such tactics and maneuvers are what turn charter school employees into "bad actors" wherein privatizers, she asserted, are motivated by personal agendas. She stated that the false

narrative that teachers were not working without a contract was a falsity. She noted that UTLA has been bargaining on evaluations and catastrophic illness. She continued by saying, "When I speak to this board...

I have the power and voice of 138 members, educators, behind me. A voice that you should care about and quite frankly, a voice that you need to hear if you truly care about the well being of this school."

3. Angel Lerma - ECRCHS Dean of Students - Noted that UTLA conducted multiple surveys over the last few weeks, including Exec. Director, Admin. Directors, Board Members, and internal UTLA leadership for internal purposes. All data has been shared with administration with the exception of the UTLA leadership survey data. Purpose of the survey is to take a temperature check based on 138 members, rather than just those he said "are the loudest in the room." We realize that this survey is not scientific.

Reviewed highlights of the Executive survey questions and basis for questions: connectedness, CA Professional Standards for Educational Leaders (CPSELs), etc.

Concerns noted about campus climate and healthy working environment.

4. Andy Dunn - No show

5. Amber Horowitz - Independent Study Program (ISP). Noted that the program is very valuable, flexible, and permitted her daughter to continue her education while undergoing a health condition; thanked Ms. Nettels for her helpfulness. Thanked Board for funding the ISP program.

6. Heidi Maury - Reviewed highlights of the Board of Directors survey results. 68 responses of 138 members. Noted that 80% of members who responded are aware of board meetings. Noted 15% of UTLA respondents believe that Board Chair is the right person for the job and cited UTLA concerns about the knowledge of teacher representatives position(s) on the board, questioning their knowledge. Presented Admin. Directors survey results based on 76 respondents, noting concerns about administrative directors "cohesion as a team." Asked Board to listen more, quite taking things personally.

7. Susan Nivens - Noted that UTLA can turn out members to speak at Board meetings. Noted UTLA supports AFSCME members. Cited lack of administrative support and mistrust.

8. Barbara Stanoff - Dean of Students - Noted that she supports UTLA and UTLA leadership and urged the board to listen to them.

9. Gail Nettels - Coord. of ISP and English Teacher - Thanked Board for their support for the ISP program in so many ways. Noted the importance of such ISP program during our current "age of trauma" (Harvard Univ.). Cited examples of students' mental health

needs, as well as noted their strong academic performance and coursework needs being met through ISP.

10. Setari Bahri - Noted that she supports UTLA and we've been through a lot together and wants to ensure that teachers are not excluded.

11. Yasmine Pomeroy - Noted that she supports UTLA and our educators. Stated that she believes that the current Board is one of the most negligent charter school boards, based on her experience working at other charter schools prior to her time at ECRCHS. Noted that the Board needs to support the teachers and that without teachers there would be no school.

12. Stephanie Franklin - Teacher; Stated that she does not like the dysfunction at our school and does not like the feeling that everybody is "at war" with each other. She noted that there are bigger issues in the world than the issues that we are pretending to elevate. Stated that she doesn't like the fact that surveys (UTLA) are being sent out but not to all faculty, clerical staff, custodial, etc., and noted that "if we're going to take the temperature," all people need to have a say, including our students. Cited the bulk of teachers who show up for work every day and who do the work. Expressed support for the Board and cited that all should be respectful to the Board and each other.

13. Lisa Ring - Thanked Ms. Franklin for her comments. Spoke briefly about the history of the establishment of the ISP program to meet students' unique needs and the program has been growing since its inception in 2013. Noted Mr. Hussey's and Ms. Malconian's leadership in helping to acquire the Shoup property for the ISP program. Cited enrollment and graduation numbers, while predicting increases in graduation rates. Urged the Board to invest in marketing our school and ISP program to increase enrollment beyond 200 (capacity 400, 300 is a goal). Thanked Board and Mr. Hussey.

14. Tim Glick (Canoga Park Field Rep.) and Jenny Portillo of City Councilmember Bob Blumenfield's Office - Discussed the parking issue on Valley Circle; noted it had been started by a homeowner's petition about a year ago and provided information on the process. 29 homeowners. Provided additional information and made themselves available for questions from parents/others after the meeting and by providing contact information.

15. Andy Dunn - Attempt #2

16. Sukhbir Dhillon - Safety/Work Experience Coordinator - I support my colleagues and that is why I am resigning as the head of security and safety. Stated that Board members mostly only know ECR by reputation but not the realities of the school today. Cited poor maintenance of classrooms and facilities, and dysfunctional leadership, as reasons by many are contemplating early retirement. Noted that outside of Mr. Wright,

not another Board member has spoken to him or visited the campus much. Cited efforts by Mr. Wright to make campus improvements, clean up the athletic department, etc.

17. Andy Dunn - Attempt #3

18. Jon Wasser - Spec. Ed. Coordinator and LGBTQ+ Liaison - Spoke about what he termed as "things gone right" at ECRCHS, including the ISP program that serves all populations of students; LGBTQ+ Pride Month vote; cited his own experiences as a former continuation high school student at Miguel Leonis Continuation High School. UTLA worked with Board President Wright and Mr. Hussey and this is why he is hopeful that our school can heal.

19. Student McKayla - Described her successful experience in the ISP program, personal challenges and needs and her growth; thanked her teachers/coordinators in ISP program, stated her college acceptances list and her major, psych./pre-medicine.

20. Teacher Robin Lyon - Introduced two students from her Gaming Design class, David R., and Alek J., who provided a demonstration of the video game they created, designed, and developed.

21. Student Daniela N. - Described her successful experience in the ISP program after overcoming a deeply personal experience that adversely impacted the trajectory of her life, family, and education.

22. Student Elit G. - Described her successful experience in the ISP program and expressed her thanks and gratitude for the flexibility of the program and staff that allows her to continue her professional dancing career.

* Slide 3 explains this; how do we deal with financial repression, keep interest rates low, but now raising rates; we think about value vs. growth, large vs. small cap., and other risk-off factors; late cycle dynamics.

* US Equity Sector - stocks and bonds down; got to point in mid-May wherein we hit a 20% decline, which is a Bear market; market didn't close at 20% but it was an intra-day 20%, and closed at 19%+. Down stocks and bonds; energy sector up, with eight others down; we want to be in Value and not in Growth, although it's been good to be in Growth over the past year.

* Summary of OPEB Account - Stocks down in S&P and greater in International; account down and policy index down, too. What didn't work were some of the managers in our equity allocations, although they did well in the period prior. We review the portfolio and managers to determine if any adjustments need to be made. None recommended at this time. Also, Alternatives and fixed income are working.

Mr. Wood noted that we have an investment policy guideline to guide and ensure that our investments are within the policy. Based on custodial statements, we check in and ensure that we rebalance if need be to stay within the policy range.
