### **I. Opening Items**

#### **A. Call the Meeting to Order**

Danielle Malconian called a meeting of the Finance and Investment Committee of El Camino Real Charter High School to order on Thursday Oct 20, 2022 at 5:30 PM.

#### **B. Record Attendance and Guests**

Quorum established.

Boardmember Lopez-Vargas arrived at 5:38 p.m.

**C. Pledge of Allegiance to the United States of America (USA)**

Mr. Hussey led Committee members and guests in the Pledge of Allegiance to the United States of America (USA).

**D. Public Comments**

Community Member Daniel Osztreicher commented on the Fiscal Policies and Procedures FPPs agenda item and accompanying attachment with comments as follows:

1.) Regarding p. 103 of FPPs, Mr. Osztreicher encouraged the Committee to eliminate the term "UCLA Extension" courses and broaden the scope of reimbursement-eligible courses to include "all higher education courses."

2.) Noted that he saw very little (in the FPPs) on procurement and/or minimum bids; recommended that such language and practice be added/implemented to align with public procurement practices (e.g., a minimum of 3 bids to be solicited and received prior to the purchase/procurement/contracting for goods/services at highest quality and lowest cost, or justification for procurement of goods or services of high quality and at a higher cost than other bids.

**E. CBO Report**

Mr. Wood provided his CBO report, with highlights as follows:

**ADA** will be presented in a slightly different manner this month via a pie chart/graph that reflects the following:

\* Enrollment down from 3550 during Sept. 2021 to 3459 as of September 2022; 91 fewer students.

**September 2021 enrollment by grade levels:**

9th Gr. = down 1 student  
10th Gr. = down 42 students  
11th Gr. = down 36 students  
12th Gr. = down 12 students

**ADA By Grade Level:**

9th-12th Aggregate ADA = 3267  
9th ADA = 794  
10th ADA = 795  
11th ADA = 827

12th ADA = 851

**ADA by Categorical Program Type:**

Overall Student Enrollment = 3267

Gen. Ed. = 2716

Alt. Ed. = 128

ISP = 93

Sp. Ed. = 330

Mr. Wood noted that enrollment and ADA are two factors that inform our school funding.

Ms. Malconian noted that she'd like to see specific attrition rates from each grade level compared with incoming students to get an overall picture of the school's enrollment.

Mr. Wood noted that the School's ADA rate is about 94%.

**Regarding Cafeteria Funding:**

\*ECRCHS is serving through September, 2022, an average of 2,226 meals per day, approximately 1,000 more meals per day than were served at this time last year.

\* We're funded for all students; not students required to pay for meals

\* We still want to ensure that parents return their meal applications as it will support supplemental funding; tap cards, reduced AP fees are incentives to encourage parents/guardians to complete and return their meal applications.

\* Net revenue is over \$52K for the month and Cafeteria is already over \$100K for the year thus far

Chartwells had a Design Company Analysis Performed and will produce a proposed cafeteria design plan which will be presented to the Capitalization Projects Committee for consideration. Mr. Wood also noted that LAUSD may also have a say in a design project approval.

Ms. Malconian asked whether there is any way to improve the food quality and wondered what is driving the increased revenue in the cafeteria, to which Mr. Wood replied that student participation is driving the increases and any changes to enhance the menu that result in cost increases would require a new contract.

Mrs. Ilyas noted, too, that the school has to comply with required nutrition standards.

Ms. Ramirez noted that during the bidding and taste-testing processes would have been an appropriate time to consider menu enhancements.

Ms. Malconian noted that the Committee and administration should continue to look into it given the revenue that has been generated by the cafeteria.

**Educator Effectiveness Block Grant (EEBG) Report:**

Mr. Wood noted that the EEBG report was filed after the last board meeting; minor changes made to the report are included here in the materials.

Mr. Wood noted that he recently hosted a meeting with the CBOs of Palisades CHS and Birmingham CHS for networking and to discuss best practices, vendors processing, etc. Mr. Wood noted that the BCHS CBO is brand new and had a lot of questions regarding Charter Schools, as the CBO had been with a larger, non-charter district.

**Special Education:**

ECRCHS is part of the COP Option 3 SELPA for LAUSD of which I am the fiscal liaison/director of that SELPA; we just had a meeting last Friday. LAUSD deducts 20% of our special ed. revenue and half of that does into the SELPA and one of the things we get out of that is they look at the needs of our students with special needs (SWDs) and provide an amount of funds based on the census of our students with special needs.

We will be receiving about \$185,000 as a result.

**Audit Report:**

Lastly, we are still working on the audit report. Mrs. Ilyas has been heavily involved in the process which we need to finalize by Mid-December and submit.

**GoFan Application:**

Mr. Wood and Mrs. Ilyas discussed the successful rollout of this online sporting and performing arts events ticketing platform to transition away from paper-based tickets to online/electronic ticketing. Mrs. Ilyas noted its convenience and that the CIF approves of it.

The last football game brought in \$10K in electronic ticket sales (hosted on Cleveland CHS Campus).

**Prop. 28:**

Mr. Wood noted, without taking a position on the proposition, that if it passes would provide a funding source for arts and music education and that it will not affect ECRCHS's LCFF; partly based on enrollment and student demographics; Mrs. Ilyas and Mr. Wood noted that any amount to come to our school would be specified after passage, if the proposition passes.
