Ms. Malconian noted the cash position is low at .3% and noted that our policy range is 0%-10%.

Ms. Ramirez asked who and/or how is the policy range determined, to which Mr. Wood replied that the F&I Committee and Board set and approved the policy range and worked with Beacon Pointe in the process; Beacon Pointe, he added, abides by what we recommend.

Ms. Ramirez asked how often do we look that the policy range, to which Mr. Wood noted that it's been approximately two years now;

Mr. Hussey added that we can look at it every year, or every 6 months, and noted that we look at it generally every quarter with Mr. Brelle presents; Mr. Wood broached the subject of the Polen Capital example wherein Beacon Pointe reallocated funds away from Polen due to performance concerns and into a more diversified index fund; Mr. Wood

Gen. Account balance is \$5.9M

A little more security; OPEB is more long-term with more growth/risk-based securities; Balance positions reviewed with noted investment in Fixed Income securities; in all cases, we're within the policy ranges.

I invited our corporate trustee, US Bank, to attend our meeting next Month; for a once/year check-in; our representative will be present (virtually) at next F & I committee meeting and the following Regular Board meeting; Will benefit OPEB trustees.

Profit Loss Summary Slide:

All our revenues and expenses

Also working on our 2nd Interim report so by the next meeting, we'll have those numbers and newer projections;

Ms. Lopez-Vargas - Is the adopted budget column correct? I don't remember us approving a negative operating income, to which Mr. Wood noted that they (Business Office) will review and adjust that column; he noted that the Board had adopted a flat budget and that he/they will adjust that column;

Profit Loss Slide:

Revenues:

Increase in fed. revenue through increase participation in the cafeteria, and CARES act funds;

Next slide Compares Budget to Actuals:

We are reflecting a normal/expenditure receipt and spend rate for being 7 mon. through the school year.

The only exception is in our State revenue and our capital outlay; this is where we're seeing those outliers.

Mr. Wood noted that we expect to see 7/12 of expenditures used at this time of year; Capital outlay is higher due to purchases'

Department Budgets (4000s) Slide:

What the Board approved for Textbooks and Instructional Materials and what the projections were based on 1st Interim and where they are YTD; Mr. Wood noted that these budget totals reflect roughly 21% of funds being spent at this time; he cited various departments, including Science and Math budgets alone comprise over \$400K; we will look at details;

Mrs. Malconian asked about Health and Life Skills; Budgeted amount vs. large amount spent;

Mr. Hussey noted that some of the costs are due to department retreats; additionally, some teachers have been on FMLA or extended absences; Mr. Wood noted that we've got approximately fourteen teachers on FMLA/leaves, which is an unusually large number at this time;

We use Scoot for teacher substitutes and Piece of Mind and Edlogical for non-teaching substitutes;
