\$180K - Lunch

\$140K - Breakfast - new items have driven the increase; cinnamon rolls, etc.; monitors to show weekly lunch and breakfast menu specials;

In the black by 64K for the month, an all-time high; fully expect April and May to be as strong; even though the school is projecting a surplus of \$307K, Mr. Wood is confident that even that amount will be easily surpassed;

Chartwells; very pleased; asked regional manager to comment in response to calorie concerns expressed during the last meeting; Chartwells received the feedback and discussed and consulted with dieticians and others, then issued a statement to ensure us that they follow all nutritional guidelines with regard to caloric intake and nutritional standards for recipes, etc., to put it on the record that he believes Chartwells is in full compliance with USDA nutrition guidelines for the school breakfast and lunch program.

ADA and Counts - March is an important month for the school; enrollment for 2022 3496; down 96 from last year; see the by grade level enrollment; we are losing 895 12th graders this year; enrollment projection down and we're redoubling efforts for enrollment; possible decrease of another 65 students based projections.

ADA - last year 3244 ADA for March of 22; 3097 ADA for March of 23; last year 93% ADA and only at 91% this year;

Per Mr. Wood, the 91% for the month is the lowest we've had and unfortunately the number that is the lowest is factored in so we'll probably we funded at somewhere around 3218 students.

Mr. Hussey noted that spring break and a change of seasons account for lower attendance, the final months of the school year are historically generally lowest.

Substitute Cost Comparison Research - Dr. Lowry provided an overview on his research into Sub. companies rates, providing context and will forward this information to all F&I members, Mr. Hussey, and the Business Office. Companies included: Scoot, Kelly, The Education Team, Teachers on Reserve, Sub. Teacher Source, and LAUSD; rates to include short and long-term.

AB 602 Revenue Update on monies we received from July through February; LAUSD retroactively adjusted all special education revenues; \$150 "per" reduction, resulting in a \$300K hit; after following up, we expect a retroactive favorable adjustment to occur.

Fulgent - just spoke with legal counsel today; atty is still putting together our case; GHCHS is further along; Birmingham CHS, ourselves, Fenton, others; still pending; CharterSAFE has offered to represent some schools through their Nationwide insurance company.

\$1.6M in charges, but some liability. Mr. Wood noted that the issues are so wide and varied; Noted that it could be a question of whether or not a school might be willing to settle for \$.25 on the dollar. Ms. Malconian asked whether or not we will owe something, to which Mr. Wood replied in the affirmative.
