IV. Finance

A. January 2024 Financial Update

Mr. Gregory Wood, CBO, and Ms. Arleta Ilyas, Director, Accounting and Finance, presented the January 2024, Financial Update.

Cafeteria Update: Ms. Ilyas provided an update on the cafeteria's financials, noting that in January, approximately 23,000 meals were served, representing a 5.6% decrease compared to the previous year, partly due to having less kids.

Revenue amounted to about \$106,000, while expenses totaled approximately \$89,000. She mentioned that further discussion regarding the purchase of equipment using these funds would be held later in the meeting. As January's financials are being finalized, additional updates will be provided in the future.

B. Discussion and Vote to Recommend to the Full Board Approval of the January 2024, Check Registers

Ms. Ilyas

ASB Check Register: Ms. Ilyas provided updates on the ASB account's check register, detailing expenses paid from various trust accounts for sports, clubs, and after-school teams. This allowed attendees to review purchases, their purposes, and the associated trust accounts.

ASB Trust Balances: She then discussed the ASB trust balances as of January, mentioning the successful transfer of funds from the Class of 2023 to both the Class of 2024 and 2025, as per the student council's decision.

Mr. Wood added insights on the CSF trust balance, noting its growth and discussions with the CSF advisor regarding the surplus. Plans include creating scholarships to prevent excessive accumulation of funds..

Ms. Ramirez inquired about further discussions regarding the surplus funds. Ms. Ilyas responded, stating that while funds for sports teams are often used up, conversations have occurred with certain club-type teams. She mentioned that the CSF had the largest carryover balance, and there was also a surplus in the student council account at one point. However, both organizations have been increasing their event and activity participation, leading to a reduction in their balances over time.

Mr. Wood discussed another aspect regarding the Brett Schmidt account, which originated from the Friends of the ECR. He explained that this account was established to manage short-term payments. Upon its transfer to the school, it was deposited into the ASB trust account, where it was previously invested by the booster club at a rate of approximately a quarter of a percent. Currently, the account holds around \$54,000, which was previously earmarked.

The long-term plan involves ensuring the funds in the trust account sustain operations until June, covering expenses such as scholarships and certain operating costs. Any surplus, if not allocated for scholarships, will likely be invested in interventions for the wellness center. The discussion aims to determine the portion of the growing \$54,000

that should be returned to the trust account. Around \$50,000 may be rolled over into a CD to continue earning interest in the following year.

Check Register: Ms. Ilyas continued by discussing the checking account register for January, highlighting that it outlines who the payments were made to, the purpose of the expenses, and which budget category they were allocated from. She noted that approximately \$794,000 worth of checks were issued during that month. Alexandra raised a question regarding roofing project highlighted in the register, asking if RFPs had been issued for them. **Mr. Wood responded, mentioning that there were bidding opportunities for roofing projects, particularly for the T Building/Building T that is appearing in the register.**

Vendor YTD: Ms. Ilyas then proceeded to discuss the Vendor Year-to-Date (YTD) report, stating that as of January, the total amount paid to vendors through the checking accounts was \$13,954,218.

General Register: Following that, she introduced the General Register, which primarily includes three types of payments: OPEB payment and health benefits.

Mr. Wood elaborated that while worker compensation is a component of CharterSafe's insurance program, the majority of the program encompasses general insurance. He explained the shift in tracking, where the OPEB payment is now recorded separately. This was done to highlight the classified expense for the self-insured schools of California, with \$346,599 allocated for active members. Ms. Lopez-Vargas inquired about Project IQ and Ms. Ilyas responded by explaining that Project IQ was a development by Fernando, focusing on either enrollment or attendance. She mentioned that according to the description, it was associated with reviving the EOP project.

Mr. Wood elaborated further, stating that the expense was designated for the ESSER. He clarified that Project IQ involved a system related to enrollment, consisting of two aspects: acquiring tools to enhance enrollment externally, and another internal component aimed at assisting with various tasks.

Daniela Lopez-Vargas made a motion to approve January 2024, check registers.

Alexandra Ramirez seconded the motion.

The committee **VOTED** unanimously to approve the motion.

C. Discussion and Vote to Recommend to the Full Board Approval of the January 2024, Credit Card Charges.

Ms. Ilyas presented the credit card expenses for January, noting that there were only a few expenses and additions for the month.

An unidentified speaker raised a question regarding the payment for transcription services for meeting minutes, questioning the level of detail required in the minutes.

Mr. Guinto responded, explaining that he had been searching for someone who could summarize the minutes due to the extensive content discussed during meetings. He attempted to summarize them himself initially but found it too time-consuming, as he couldn't dedicate the same amount of time as the board meetings themselves. Therefore, he opted to outsource the task. While he continues to seek a more efficient solution, the current transcription service he found at least highlights the main topics of discussion, as opposed to providing a verbatim transcription.

Alexandra Ramirez made a motion to approve the January 2024, Credit Card Charges.

Daniela Lopez-Vargas seconded the motion.

The committee **VOTED** unanimously to approve the motion.

D. Approve Cafeteria Equipment Proposal

Cafeteria Equipment.

Mr. Wood presented the executive summary for the Cafeteria Equipment Proposal, emphasizing the importance of utilizing funds from the historic cafeteria balance and current operations for cafeteria-related equipment and supplies.

Chartwell assisted in identifying equipment to improve efficiency, and two vendors were considered: Bargreen Ellison, a familiar vendor from previous projects, and Southwest Supply, a new vendor from Arizona offering comparable equipment.

Bargreen quoted seven items, while Southwest quoted six, with a distinction in how they priced two separate ovens. Bargreen's overall quote was \$4,000 cheaper. Therefore, Mr. Wood recommended selecting Bargreen, whose quote amounted to \$77,323 before tax and freight.

He noted that while freight costs might be slightly higher for Bargreen, the savings outweighed any potential difference. Further details and images of the proposed equipment were available in subsequent slides for review.

Top of Form

In response to a question on whether both companies were providing the same items and models, Mr. Wood responded affirmatively, stating that both vendors were offering identical items in terms of size and model. He emphasized that the quotes were comparable, if not identical, and represented an apples-to-apples comparison.

Mr. Wood mentioned his collaboration with Chartwell, the food service company, to ensure the comparability of the quotes. He further noted that Bargreen had been utilized in the past, and even mentioned an order that will be delivering soon. Given this, he recommended accepting the Bargreen quote.

An attendee sought clarification on whether the proposal would also be presented to the Board, and Mr. Wood confirmed, stating that it would indeed be presented to the Board for consideration.

Alexandra Ramirez made a motion to Recommend to the full Board the approval of Cafeteria Equipment Proposal.

Daniela Lopez-Vargas seconded the motion.

The committee **VOTED** unanimously to approve the motion.

V. School Business

A. Discussion and Vote to Recommend 2024-2025 Budget Planning Process and Calendar

Mr. Gregory Wood, CBO, and Ms. Arleta Ilyas, Director, Accounting and Finance, will lead the discussion on 2024-2025 Budget Planning with a proposed Budget Calendar.

Ms. Ilyas presented the proposed budget calendar, outlining the various actions and dates involved in the budget development process. The current meeting's date was marked as the date for recommendation for the budget calendar, with subsequent dates indicating when the budget would be presented to the board and when departments could commence their development.

Additionally, the calendar included dates for soliciting input from stakeholders such as teachers and parent groups. Ms. Ilyas noted that the due dates for departments and the administrative team were also included in the calendar, and these dates were confirmed with Dr. Clark.

Mr. Wood added that a significant change in the budget calendar over the past couple of years has been the inclusion of a focus on materials and textbooks at the beginning of the process. This prioritization ensures that necessary resources are identified before any revisions or updates are made to the budget. The goal is to establish placeholders for textbooks and instructional materials early on.

He emphasized the importance of finalizing recommendations for textbooks and instructional materials by April 18th. This would allow them to prioritize and present their recommendations at the April meeting. By doing so, they aim to be well-prepared before the end of the school year, ensuring that decisions are made before teachers leave for the summer break.

The full budget is typically approved in June, coinciding with graduation ceremonies. Therefore, the objective is to identify priority textbooks and materials beforehand, enabling the Finance Committee and the Board to review and provide input on these crucial resources.

Ms. Ilyas emphasized the importance of the early textbook prioritization process, particularly for department chairs, as it provides them with sufficient lead time to place

orders. This ensures that textbooks arrive before the start of the school year and can be properly barcoded into the system prior to distribution to students. This proactive approach helps streamline the process and ensures that students receive their textbooks in a timely manner.

Alexandra Ramirez made a motion to Recommend 2024-2025 Budget Planning Process and Calendar.

Daniela Lopez-Vargas seconded the motion.

The committee **VOTED** unanimously to approve the motion.
