Record Attendance and Guests

C. Pledge of Allegiance to the United States of America (USA)

Dr. Clark led the Board members and guests in the Pledge of Allegiance to the United States of America (USA).

D. Public Comments

Mr. Monroy (incoherent words)

Ms. Brenda shared her concerns about the strike contract and the communication surrounding it. As a parent with children in the community, she questioned how the strike was perceived. She criticized Mr. Wright for allegedly misrepresenting the teachers' union's request for a 21% raise, clarifying that the increase was intended to be phased in over multiple years. Ms. Brenda emphasized the need for clear communication, noting that some local leaders mistakenly believed teachers didn't receive a raise due to school closures. She also criticized delays in negotiations, arguing that earlier discussions could have resolved the issue sooner and avoided prolonged disruption.

E. Executive Director Update

Mr. David Hussey provided the executive director's update, addressing several key points. He reminded parents and teachers about an email sent during the strike clarifying attendance and assignments. Students who were absent have the right to make up missed work per state and school rules. If students completed assignments during the strike but their teacher was absent, those assignments will either be graded or students will be allowed to make them up. He encouraged parents to contact the attendance office to ensure absences are properly recorded.

Mr. Hussey also highlighted the importance of promoting El Camino in a positive light as they prepare for the next school year. He shared updates on sports, noting that the boys' soccer team will compete in the Open Division final, and both the girls' and boys' basketball teams are preparing for state competitions. Spring sports are now underway, including baseball, softball, track and field, tennis, volleyball, and beach volleyball.

Lastly, he reminded senior parents that March 17 is the final day to purchase Grad Night tickets for Disneyland, after which no more tickets will be available.

A request was made for a plan to restore the aquatics program within the next 60 days. The speaker acknowledged the controversy surrounding the program and emphasized that the community deserves its return. They also noted that students are eager for its reinstatement and encouraged efforts to find a solution.

F.

Chief Business Officer Update

Mr. Gregory Wood provided an update on attendance, enrollment, and budget impacts. He reported that attendance for month six was 2,270, a noticeable drop from the previous months, which averaged between 2,720 and over 2,800. He attributed this decline to the recent teacher strike and emphasized the need to recover attendance figures in the remaining two months before state funding calculations are finalized after month eight.

Regarding enrollment, Mr. Wood noted that current enrollment stands at 2,879 students, a decrease of 242 students compared to the previous year's figure of 3,125. While this drop was anticipated in the budget, it still represents a projected revenue reduction of approximately \$2.9 million. Had enrollment remained at last year's level, revenue would have been nearly \$3 million higher.

He stressed the critical importance of maintaining and improving enrollment levels, as Average Daily Attendance (ADA) is vital for the organization's funding stability.

Mr. Gregory Wood provided several updates on financial and school matters:

Second Interim Financial Report:

- The report, covering actual financial data through January and future projections, is scheduled for submission by the March 15 deadline.
- He noted that this report will only reflect known information, so any decisions made at the current meeting will not be included.

State Budget Outlook:

- January's state revenue reports showed receipts slightly below projections, though still about 2% ahead for the year.
- He highlighted concerns about delayed personal income tax filings, particularly in areas affected by recent disasters. With the new October 15 deadline, this delay may impact the state's ability to accurately forecast next year's budget.

ASB (Associated Student Body) Update:

- Angelina Cruz, the ASB treasurer, reported that Spirit Week is underway, student achievement awards are being planned for students with a 4.0 GPA, and preparations for next year are ongoing.

Food Service Recognition:

- Mr. Wood introduced representatives from Chartwells, the school's food service provider for the past 7-8 years. Despite declining enrollment, student participation in the meal program has increased.

- He acknowledged Brandy and Susan, key members of the Chartwells team, playfully crediting Susan for great-tasting meals and jokingly blaming Brandy for anything less enjoyable.

Chartwells' Organizational Background:

- Mr. Wood explained that Chartwells is part of The Compass Group, which operates across sectors such as education, healthcare, and business.

Commitment to School Goals:

- Chartwells holds regular meetings with school leadership to align on participation, menu options, and collaboration.
- They are known for preparing meals from scratch to ensure quality and compliance with nutritional standards.

Recent and Upcoming Food Events:

- Chartwells recently served chili and turkey dogs for National Chili Day.
- An upcoming barbecue event will feature hamburgers, veggie burgers, pinto bean salad, cornbread, and watermelon.

Operational Efficiency:

- Mr. Wood highlighted that the cafeteria staff efficiently serves nearly 1,000 students during the typical 38-minute lunch period.

Student Involvement through CTE Program:

- Mr. Wood praised the collaboration between Chartwells and the school's Career Technical Education (CTE) program.
- Students actively participate in food service events, particularly those held in the quad, enhancing their learning experience.

Mr. Wright expressed gratitude for the cafeteria staff, highlighting their positive connection with students and the welcoming atmosphere they create. He specifically praised Susan and her team for their dedication, noting how quickly students enjoy the meals. He thanked them for both the quality of the food and the kindness they show to staff and students, encouraging everyone to applaud their efforts.

Mr. Wood discussed the funding structure for the school's food program, noting that while it receives both federal and state funding, state contributions have become more significant in recent years. He mentioned that Governor Newsom has been supportive in allocating funds to compensate when federal support declines. Previously, the program relied more heavily on federal funding, but this balance has shifted, with the state now playing a larger role.

Mr. Wood emphasized that the National School Lunch Program continues to provide meals, with the Universal Meals Program ensuring that all students can receive one free breakfast and one free lunch, regardless of their financial status. He mentioned that while there are no immediate signs of changes at the federal level, further updates may become available in May. If federal adjustments occur, the state may need to reassess its support to maintain the program.

Alexandra Ramirez arrived at 5:44 PM.

Mr. Camp arrived at 5:44 PM.

G. Board Chair Update

Mr. Solkovits expressed his satisfaction with the tentative agreement set for a vote, emphasizing the importance of labor peace over the next two years to support El Camino's growth. He conveyed his gratitude that progress had been made.

Mr. Wright expressed gratitude to the community, parents, and teachers for their patience throughout the recent process. As a longtime community member and former El Camino coach and volunteer, he acknowledged the collective effort and emphasized the importance of unity, stating, "United we stand, divided we fall." He commended the teachers for their solidarity during the strike and encouraged everyone to focus on healing and moving forward. Mr. Wright described El Camino as the "jewel of the valley" and reaffirmed his commitment to supporting the school's continued success.
