She highlighted the challenges faced by the remaining staff, who are now managing increased workloads without additional support. Zanki noted that while teachers were impacted, bonuses were still awarded to administrators and funds were allocated for non-essential items. ### G. Board Chair Update

*Presenter: Mr. Brad Wright, Board Chair*

Board Chair Brad Wright opened the floor for any board member comments or updates. Mr. Kofahl indicated he had no comments, while Ms. Ibach was welcomed back and expressed appreciation, stating she was glad to return. Mr. Wright extended a special welcome to Ms. Ramirez, acknowledging her longstanding contributions to education as a former teacher and principal with over 30 years of experience. He emphasized the strength of the current board, noting that four out of the seven members—including Ms. Ramirez, Mr. Kofahl, Mr. Sokovic (who was absent), and a teacher representative—have direct classroom or administrative experience. This, he stated, gives the board valuable insight into educational needs and priorities.

Mr. Wright expressed hope that the board could continue to work collaboratively to support the school community, especially in light of financial pressures. He highlighted the goal of preserving as many jobs as possible and ensuring stability as adjustments like the cost-of-living increase (COLA) are factored into future planning. He also shared encouraging news about the school's performance, stating that it had received top-tier evaluations over the past three to four years—a notable improvement credited to changes implemented by the current board. Concluding his remarks, Mr. Wright expressed pride in the school's progress and encouraged continued forward momentum before moving on to the next agenda item.

**A. Discussion and Vote to change the June Regular Board Meeting**

Board Chair Brad Wright introduced the Governance Agenda, noting that the sole item—Item A—concerned rescheduling the June 2025 board meeting. Several board members had indicated they would be unable to attend the originally planned date of June 26, prompting Mr. Wright to propose moving the meeting to a later date to ensure full participation and adequate preparation. A primary reason for the change is to allow Chief Business Officer Gregory Wood additional time to complete and present year-end

financial reports. Mr. Wright emphasized that the final board meeting requires a complete financial overview and announced that the rescheduled meeting would also include board officer elections and the release of applications for a new board seat focused on community service. He concluded by stating that a new meeting date would be selected based on availability.

## IV. Finance

### A. April 2025 Investment Update

**Presented by: Gregory Wood, Chief Business Officer**

#### 1. Overview and Reporting

- The April 2025 Investment Update was presented during the board meeting and had been previously reviewed by the Finance and Investment Committee.
- A full quarterly report was prepared and distributed, including detailed statements and analysis from the school's investment advisor, Beacon Pointe.
- The report includes investment performance updates, portfolio alignment with policy, and summary charts for transparency.

#### 2. OPEB (Other Post-Employment Benefits) Account

- As of April 30, 2025, the OPEB account held **\$31,492,539**.
- Despite earlier market volatility in March, the account rebounded in April with a gain of **\$1.2 million** in investment returns.
- Payments to retirees from the OPEB fund during this period totaled **over \$500,000**.
- Preliminary data for May indicates an additional increase of approximately **\$500,000**, with final May results pending.
- The account remains **fully funded** as of last year, providing long-term health care benefits to eligible retirees and their spouses based on service and age criteria.

#### 3. Investment Policy Compliance – OPEB

- The investment portfolio is being managed in alignment with the board-approved **investment policy parameters**.
- The advisor's quarterly report confirmed that all OPEB investments are within the specified **allocation ranges** for various asset types.

#### 4. General Investment Account

- The school's general investment fund holds approximately **\$7 million**.
- This fund has a **slightly more conservative risk profile** compared to the OPEB account.
- Investments continue to show modest gains and stability.
- Beacon Pointe's report confirmed that the general fund investments also remain fully compliant with the investment policy set by the board.

#### 5. Actuarial Review

- An **annual actuarial review** of the OPEB account is in progress.
- The actuary's updated report is expected to be presented at the next board meeting.
- The review helps determine the long-term liability and ensures the account remains sufficiently funded to meet future obligations.

#### 6. Key Takeaways

- Both the OPEB and general investment accounts are performing well and showing positive returns.
- All investments are **within policy limits**, and the investment advisor continues to operate responsibly and transparently.
- The school remains one of the few education organizations able to offer a **fully funded post-employment health benefit**.
- The Finance and Investment Committee encourages stakeholders to review the full report, which remains available for public and internal reference.

### B. April 2025 Financial Update

**Presented by: Gregory Wood, Chief Business Officer**

#### 1. Purpose of Report

- This update focused on **student enrollment, average daily attendance (ADA)**, and their **financial implications** for the current fiscal year (2024–2025) and beyond.
- The data presented is crucial for understanding **state funding projections** and making **budgetary decisions** moving forward.

#### 2. Enrollment and ADA Overview

- **Enrollment Decline:**
  - At the start of the school year: **2,945 students enrolled**.
  - By Month 8: **2,856 students remained**.
  - Compared to last year (3,086 students), this represents a **drop of 230 students** year-over-year.

- **Funded ADA:**

- Final ADA as of Month 8: **2,687.04**.
- Previously forecasted ADA: **2,712.15**.
- Resulting shortfall: **25.11 ADA**, equating to a **revenue loss of \$411,629** under the Local Control Funding Formula (LCFF).

### 3. **Grade-Level Enrollment Insights**

- Detailed data was provided by grade level for the first eight months.
- Grade 12 currently has **760 students**, all of whom will exit the funding calculation after graduation.
- Incoming Grade 9 is projected at **643 students**, potentially creating an **enrollment gap of 110–120 students** for 2025–2026.
- This may result in a further **funding loss of approximately \$1.3 to \$1.4 million** in the next fiscal year.

### 4. **State and Regional Context**

- The decline in enrollment mirrors broader demographic trends:
  - The state of California has seen a reduction of over **11,000 students**.
  - Los Angeles County, especially the **West Valley region**, continues to face challenges due to **rising housing costs**.
  - Nearby **middle and elementary schools**—key feeders for the high school—are also experiencing enrollment drops.
  - Some **pre-K indicators** suggest potential long-term enrollment recovery, though impacts will not be felt for several years.

### 5. **COLA and Funding Impact**

- A projected **3% Cost of Living Adjustment (COLA)** will **not fully offset** the financial losses due to declining enrollment.
- The effective impact of a **6%+ enrollment decline** outweighs the 3% revenue increase from COLA, leading to a **net loss**.

### 6. **Fiscal Responsibility and Oversight**

- Ongoing losses and budget shortfalls raise the risk of **LAUSD fiscal intervention** or **charter oversight actions**.
- Maintaining adequate reserves is essential to:
  - Preserve **local control** of the charter.
  - Ensure **job security** for teachers and staff.
  - Avoid insolvency or external financial management.

### 7. **Next Steps and Strategic Planning**

- The administration is actively considering and will present **cost-saving measures** in June.
- The focus will be on **adjusting to reduced revenue projections** while prioritizing **core instructional and operational needs**.
- Enrollment recovery efforts will continue, but **conservative budgeting** is necessary.

## V. School Business

### A. Discussion and Vote for the Renewal of 2025-2026 Food Service Contract with Chartwells

**Presented by: Gregory Wood, Chief Business Officer**

#### 1. Contract Background

- The school is currently in **Year 3 of a 5-year contract** with Chartwells, the food service provider, originally approved in 2022.
- Despite the multi-year contract, Chartwells is required to submit an **annual proposal** for the upcoming year as part of the contractual process.

#### 2. Proposal Details

- The proposal includes **estimated number of meals served** and the **per-meal rate charged to the school**.
- Payment is based only on meals actually claimed by students; **unsold meals are not charged to the school** but absorbed by Chartwells.
- Both parties financially benefit if meal participation increases.

#### 3. Contract Approval Process

- The contract renewal proposal is required to be **reviewed and approved by the California Department of Education (CDE)** Food Service Department.
- This year, the contract has been vetted and **preliminarily approved by CDE**.
- Final approval is pending **board approval**.

#### 4. Cost Adjustments

- The cost per meal has increased by approximately **5%**, tied to the **Consumer Price Index (CPI) for food services in Los Angeles County**.
- These adjustments reflect rising food service costs in the region.

#### 5. Universal Meals Program

- The school participates in the **Universal Meals Program**, offering **free breakfast and lunch to all students**, funded by federal and state government sources.
- Although federal funding is currently projected to cover about **one-third of the program cost**, the state governor has indicated the state may cover any potential federal shortfall.

#### 6. Financial Impact

- The cafeteria program has been **profitable**, generating between **\$100,000 to \$200,000** annually.
- All cafeteria funds are **restricted and must be used exclusively within the cafeteria program** (e.g., equipment, facilities, operations).
- These funds **cannot be used for non-cafeteria purposes** such as paying staff salaries or funding unrelated projects.

## 7. Next Steps

- Contract finalization follows prior approvals by CDE and internal stakeholders.

Alexandra Ramirez made a motion to approve the Renewal of 2025-2026 Food Service Contract with Chartwells.

Steven Kofahl seconded the motion.

  - Algebra I and II textbooks were added to the budget.
  - **Geometry textbook adoption is pending**, awaiting final decisions.
- These adjustments ensure that all required materials, including recurring subscriptions, are adequately funded.

#### 4. Contingency Placeholder

- A **"Master Schedule Adjustment" placeholder** is included to allow flexibility for course changes that may arise over the summer as class assignments and student schedules shift.

#### 5. Procurement Timing

- The goal is to **finalize the textbook budget prior to the end of the school year**:
  - Early approval allows **department chairs to begin placing textbook orders immediately**, avoiding delays.
  - Ensures **students receive textbooks on time** for the start of the school year in August.
  - Avoids complications from teacher absences during the summer.

#### 6. Next Steps

## 2. Purpose of Notification Letter

- **Annual practice:** Each year, the school submits a **reservation of rights letter** to LAUSD.
- The letter **does not indicate intent to exit** the SELPA, but serves as a formal notification that:

**Presenters:** David Hussey

#### **1. Purpose of the Agreement**

- The school is seeking board approval for a **one-year service contract** with **Sage SoCal, Inc.**, a third-party provider of **school-based therapeutic services**.
- The contracted services involve assigning an **on-site therapist** to support student mental health and wellness through the school's **Wellness Center**.

#### **2. Current and Proposed Staffing Levels**

- **2025–2026 school year (proposed):**
  - The contract **begins with one therapist** on site.
  - **Potential to expand** to a second therapist **contingent upon available budget** during the school year.

#### **3. Rationale for Continued Services**

- The Wellness Center and therapist support have proven to be **highly beneficial for students**.
- School leadership emphasized the importance of maintaining access to **mental health support** as a core part of the school's student wellness and support strategy.

- Services are **not provided by school employees**, but rather by Sage SoCal as a **third-party contractor**.

#### 4. Contract and Financial Details

- **Term:** One (1) year
- **Contract Value:** Exceeds **\$50,000**, thus requiring formal **board approval** per financial policy.
- Though **only one therapist** is funded at this time, **future staffing increases** may be brought back to the board for review and approval if budget permits.

#### 5. Board Discussion Highlights

- It was confirmed that the school **contracted with Sage SoCal during the previous school year** as well.
