II. School Business

A. Board Review of Comparable Compensation Data for Charter School Executives

Mr. Wright led the discussion regarding the Board's review of comparable compensation data for the Chief Business Officer (CBO) position. He began by noting that, pursuant to IRS regulations, nonprofit organizations are required to provide fair and reasonable compensation for executive positions. In determining the reasonableness of such compensation, the IRS evaluates both fixed and non-fixed components, including base salary, incentive compensation, bonuses, and benefits.

Mr. Wright presented a Statement of Findings regarding the compensation levels of educational leaders within Los Angeles County. The data was compiled from various sources, including the California State Comptroller's Office, IRS Form 990 filings for fiscal years 2022 and 2023, and student enrollment data from the 2024 California School Dashboard.

The Board reviewed a sample comparison of total compensation packages from four charter schools across three school districts, with average student populations of approximately 3,503. El Camino Real Charter High School, with an enrollment of approximately 3,261 students, was used as a reference point. The analysis showed that the average total compensation package (base salary plus additional compensation) was approximately **\$228,630**, with an average base salary of **\$184,475**. The salary range observed among comparable positions was between **\$137,378** and **\$224,681**, influenced by factors such as experience, tenure at the school, student populations, staff size, and location of the charter school.

Adjusting for inflation and market trends, a conservative 3% annual increase was applied to project figures for the 2025–2026 fiscal year. Based on this projection, the average total compensation is estimated at **\$244,314**, with an average base salary of **\$197,130**.

Mr. Wright referred attendees to a compensation comparison chart displayed on-screen during the meeting. He noted that the full report and accompanying visuals would be made available online for public access. Community members interested in reviewing the data are encouraged to visit the school's official website.

The board entered the closed session at 5:38 PM on the 16th of July, 2025.

Mr. Wright outlined the proposed compensation package as follows:

- **Base Annual Salary:** \$220,692.17
- **Master's Degree Stipend:** \$5,000.00
- **Total Annual Compensation:** \$225,692.17
