- At the time of budget approval, it was assumed that the school's existing digital textbook subscription was valid for six years.
- It was later discovered that the **license had expired**, requiring renewal to ensure ongoing access for students.
- The total expenditure requested is **\$23,485.75**.
- This amount exceeds the previously approved textbook budget allocation, therefore requiring **Board approval** for transparency and compliance.

Importance of the Purchase

- Mr. Delgado emphasized that access to digital textbooks is essential for the learning experience, especially in foreign language education, where resources such as online practice, listening, and interactive learning tools support student success.
