D. Approval of the Arts, Music, & Instructional Materials Block Grant

Overview of Grants

• **AMIM (Block Grant):**

- Established by AB 181 (2022).
- One-time discretionary grant totaling **\$2,176,757**.
- Must be fully spent by **June 30, 2026**.
- Broad, flexible allowable uses, including standards-aligned PD and materials, professional development, libraries, operational costs (retirement/healthcare), and COVID-19 safety measures.
- Local control with board approval required; stakeholder engagement (VAPA, staff, students) will inform allocation.

- **Prop 28 (Ongoing):**

- Voter initiative (2022); permanent annual allocation (~\$4 million).
- Distribution: 70% based on ADA, 30% on unduplicated pupil count (~1,100 students).
- Restricted to **arts education only**: 80% staffing (teachers/assistants), 20% supplies/materials/partnerships.
- Funds must supplement, not supplant, existing positions.

Flexibility & Accountability

- AMIM provides the most flexibility, allowing funding across staffing, facilities, operations, and technology.
- Prop 28 is more restrictive, requiring strict reporting and ongoing compliance with California Department of Education (CDE) guidelines.

Planned Priorities

- **AMIM Goals:** Enhance VAPA programs, provide instruments, upgrade theater and multipurpose hall lighting/stage/audio-visual systems, offer professional development, improve facilities, expand programs, and upgrade classroom technology.
- **AMIM Plan:** Gather input through surveys, ensure equity and alignment with LCAP and school goals, prioritize high-impact uses, and present a finalized plan for **October board approval**.
- **Prop 28 Use:** Hiring additional arts staff (band, choir, theater, tech director positions, etc.) and ensuring sufficient resources for program sustainability.

Budget Clarifications

- AMIM funds must be used by June 30, 2026.
- Prop 28 allocations fluctuate annually based on ADA and unduplicated pupil counts.
- Year 1 Prop 28 funds (2023–24: \$482,000) may be spent within three years, per CDE guidance.
- Slight budget overages tied to salary scale increases will be addressed through carryover and, if necessary, the general fund.

Board Questions & Clarifications

- Confirmed that AMIM can fund a wide range of needs (e.g., theater flooring, curtains, instruments, technology).
- Prop 28 requires supplementing current staffing, not replacing existing positions.
- Hiring processes involve relevant department faculty to ensure candidate compatibility.

- Clarified reporting requirements: number of teachers, classified staff, students served, and arts education programs must be documented annually.

Steven Kofahl made a motion to recommend to the full board the approval of the Arts, Music, & Instructional Materials Block Grant.

Brad Wright seconded the motion.

IV. School Business

A. Discussion and Update on Arbiter Pay

Background

- ArbiterPay was first explored last year, following its successful use by other local schools.
- The system was piloted at ECRCHS with Athletic Director Richard Russell and has proven effective in streamlining payments to referees and officials.

Functionality

- ArbiterPay functions as an **escrow account** specifically for referee payments.
- Example: Schools such as Birmingham deposit ~\$50,000 per semester to cover officiating costs.
- Athletic directors submit referee payment requests against the balance, and the system reconciles monthly.
- At ECRCHS, the plan is to maintain a smaller balance (approx. \$1,000) for flexibility while avoiding overfunding.

Efficiency & Benefits

- ArbiterPay manages the **collection of W-9s and tax reporting requirements**, reducing administrative workload and compliance risks.
- Payments are made via ACH, eliminating the need for manual check cutting.
- The system ensures referees and umpires are paid promptly, addressing prior complaints of delayed payments.
- Annual subscription cost: **\$3,060.00** (per contract for 10/01/2025 – 09/30/2026).

Internal Controls

- Clear segregation of duties has been implemented:
 - Only Mr. Delgado and Ms. Verduzco have access to fund transfers.
 - The Athletic Director (Mr. Russell) has authority only to assign referees but cannot initiate or approve payments.
- This prevents unauthorized transfers and maintains financial oversight.

Board Questions & Clarifications

- Trustees inquired whether all referees have been paid and whether the system resolves past issues of delayed payments.
- Administration confirmed referees are now paid up-to-date, and ArbiterPay is functioning as intended.
- Clarification was provided that coaches are not responsible for processing payments; the system automatically handles them once referees complete games.

B. Approval for Request to Increase Budget for the Digital Marquee and Front / Corner Monument Project

Mr. Fernando Delgado and Mr. Ryan Guinto presented the request to increase the budget for the **Digital Marquee and Front/Corner Monument Project** and responded to questions from the committee.

Key Discussion Points

- **Project Scope & Design**
 - A complete overhaul of the current marquee at Valley Circle is planned, including full removal of the outdated structure.
 - A new **digital marquee** will be constructed with LED panels, aluminum framing, and composite wood materials designed for long-term durability.
 - A second **corner monument** will also be installed at Valley Circle, featuring illuminated ECR lettering in the planters.
 - Mock-ups were reviewed, with final design to be refined following issuance of the purchase order.
- **Technology & Functionality**
 - The digital marquee will be capable of displaying announcements, events, and videos.
 - A centralized **management software** will be implemented to control the marquee, interior LCD screens, and—eventually—the stadium scoreboard.
 - System access will be strictly controlled, with password protections and oversight by the Director of Technology to ensure content integrity.
- **Budget Overview**
 - **2023–24 Capitalization Project Budget**
 - Kardent Architect/DSA Approval: \$28,000

- **2024–25 Capitalization Project Budget**
 - LAUSD Oversight: \$75,341
 - **Total spent to date: \$103,341**
- **2025–26 Capitalization Project Budget**
 - Digital Marquee: \$176,857
 - Corner Monument & ECR Planter: \$73,483.63
 - LAUSD Electrical Work (Estimate): \$75,000
 - **Total 2025–26 Allocation: \$325,341**
- **Total Project Cost:** \$428,682
- **Budget Carry-Over:** \$219,543.57
- **Proposed Budget Increase:** \$105,797.06
- **+ 20% Contingency:** \$21,159.41
- **Total Budget Increase Requested:** \$126,956.47
- **Additional Considerations**
 - Project approval was delayed due to DSA processes; full approval has now been secured.
 - Possible LAUSD requirements, including geo-testing and soil sampling, may add to costs.
 - Vendor warranties include **10 years on parts**; labor coverage will be provided by the installing vendor.

Committee Questions & Responses

- Members asked whether the old marquee could be reused elsewhere on campus; it was clarified that the existing structure is outdated and not functional for redeployment.
- The project timeline anticipates **completion by Summer 2026**.
- Concerns were raised regarding cost escalation since 2023; staff clarified that increases are tied to tariffs, inflation, and extended project delays.

Steven Kofahl made a motion to recommend to the full board the approval of the Request to Increase Budget for the Digital Marquee and Front / Corner Monument Project.

Brad Wright seconded the motion.

The committee **VOTED** unanimously to approve the motion.
