 - Expected to hold up and potentially outperform if markets pull back

- The Board Members will prepare questions based on Mr. Bill Thompson's presentation.
- Mr. Thompson confirmed availability to address these questions during Thursday's Board Meeting.

- He emphasized that materials are provided well in advance to support coordination.
- The committee is encouraged to reach out if clarification or discussion is needed prior to the meeting.

B. Financial Update

October 2025 ECRCHS Financial Update (Presented by Fernando Delgado, CBO)

1. Discovery of Delinquent Invoices

- Internal process audits revealed **significant past-due vendor payments**, some dating back to **2023**.
- Between 2023–2024, over **\$300,000** owed to two vendors; overall estimate closer to **\$350,000** in delinquent invoices.
- Issues stemmed from invoices being entered **only at time of payment**, preventing proper **aging payables tracking**.

2. New Accounts Payable Procedures

- All incoming invoices will now be **entered immediately** into the system by accountants.
- Establishment of an **Aging Detail Report** for visibility.
- **Check runs scheduled every Tuesday and Thursday**, ensuring timely AP processing and ACH payments.
- Improved queueing and checkpoints for consistent payment flow.

3. Purchase Order (PO) and Vendor Management Improvements

- Strengthening the PO process so POs automatically generate draft invoices and flag expected payments.
- Team will proactively follow up with vendors when invoices are missing.
- Some vendors previously claimed non-payment despite payments being confirmed on ECRCHS's end; verification steps strengthened.

4. Fees, Interest, and Vendor Negotiations

- Some vendors attempted to apply late fees/interest.
- Negotiations successful so far — **fees waived**.
- Discussion raised about why vendors continued providing services despite overdue balances.

5. Impact on Budget & Cash Flow

- Delinquent invoices caused unplanned hits to the **budget, financial projections**, and **cash flow**.

- New projection model to be presented at the next board meeting.

6. Examples of Process Failures

- A **\$500 teacher reimbursement** from 2023 was recently found sitting on a desk.
- Concern raised about potential double payments; checks indicate **no double payments made**.

7. SOP Development & Knowledge Management

- Ms. Ramirez requested SOPs for onboarding new accounting staff.
- Delgado is drafting **standard operating procedures** due to knowledge gaps and staff turnover.
- Goal: reduce reliance on individual institutional knowledge and ensure consistent processes.

8. Use of AI and Automation

- Exploring AI tools to classify expenses by:
 - Relevant grants
 - LCAP goals and action plans
 - Available restricted funding
- Aim is to prevent misclassification (e.g., when staff forget to mark expenditures properly).
- Focus on using restricted funds appropriately and **preserving the general fund**.

9. Staff Pushback and Change Management

- Some resistance reported, particularly around long-standing informal practices.
- Delgado emphasizes:
 - Providing explanations and policy references (e.g., ASB manual) to ease transitions.
 - Enforcing rules fairly (e.g., taxpayer funds cannot be used for personal items like plates/forks).
- Leadership supporting the move toward **sound business practices**.

10. Turnover and Training

- Acknowledged turnover challenges: staff learn systems then leave.
- New hires are trained using SOPs so they can grow with the system.
- SOPs already implemented in areas like **Admissions** and **Attendance** and proven effective.

11. Current Staffing Status

- Department currently down two positions but intentionally delaying hiring:
 - Focus on refining processes.

- Ensure new hires are trained properly with correct practices.

12. Overall Improvements

- Significant progress made within the last three months despite staffing shortages.
- Emphasis on:
 - Stronger internal controls
 - Eliminating redundancies
 - Automating workflows
 - Ensuring compliance and institutional stability

C. Discussion and vote on Re-Investment vote annuity funds from General Account

Presented by Fernando Delgado, CBO

1. Overview of Maturing Investment

- A T-bill that matured in October produced a strong return of **approximately 4.8%**.
- Current market conditions show **declining rates** as the Federal Reserve continues to cut rates.

2. Recommendation for Re-Investment

- Recommended reinvestment option: **2-year Treasury Bill at 3.5%**.
- Reasoning:
 - Locks in a stable rate for 24 months amid expected **future rate cuts**.
 - **2-year and 3-year bills** currently have **similar yields**, so the shorter term is preferred.
 - If the Fed cuts further, the investment becomes advantageous since the locked rate will outperform newer market offerings.
 - The T-bill can be **sold early if needed**, providing flexibility.

3. Alternative Options Discussed

- **3-year Treasury Bill**
 - Not preferred due to offering the *same rate* as the 2-year with a longer commitment.
- **Laddering Strategy**
 - Splitting the \$400,000 into multiple maturities (e.g., \$100,000 across staggered terms).
 - Provides staggered distributions and increased liquidity.
 - Not explicitly recommended but presented as an available option.

4. Settlement, Timing & Process

- Investment options shown from **City National Securities**.
- Rates are **subject to daily fluctuation**, so earlier action is beneficial.
- Question raised whether the reinvestment can occur **immediately** or must **wait for the board vote**.
- Reinvestment would essentially be a **rollover** of the previous matured \$400,000 T-bill.

5. Clarifications & Notes

- Discussion on whether there are **specific denomination requirements** for purchasing the T-bills.
- Confirmation that last year's investment was a **\$400,000 T-bill**, which is the same amount involved now.

Alexandra Ramirez made a motion to motion to recommend to the full board the reinvestment of the annuity funds from general account to the City National security's two year bullet structure.

Brad Wright seconded the motion.

The committee **VOTED** unanimously to approve the motion.

B. Discussion and Vote to Recommend to the Full Board Approval of the October, 2025, Credit Card Charges.

Fernando Delgado, CBO, presented the October 2025 credit card charges prior to the Vote to Recommend Approval.

October 2025 Credit Card Activity (Mr. Hussey's Card):

- Total charges for October: **\$12,324.56**
- A major credit of **\$20,005.402.51** was received on **10/31**.
 - Credit will appear on the next month's statement.
 - Credit was for a canceled **ROTC 29 trip** originally scheduled for March.
 - Refund successfully obtained from Southwest Airlines.

Discovery of Unclaimed Refund:

- The trip cancellation refund had not been previously pursued.
- Identified during the review of trust balances with departments.

- ROTC confirmed the trip never occurred, prompting the successful refund request.

Ongoing Trust & Expense Review Process:

- Finance team is coordinating with all departments to confirm trust balances.
- Ensuring accuracy of recorded expenses and identifying any similar overlooked refunds.
- Emphasis on cleaning up historical discrepancies.

Concerns Raised:

- Noted that several years passed without proper oversight or auditing of these accounts.
- Team expressed concern over the lack of consistent historical review.

C. Discussion and Vote on Extension for 2024-2025 Audit

Presenter:

Fernando Delgado, CBO, presented the request for an **Extension for the 2024–2025 Audit** prior to the vote.

Reason for Extension Request:

- Ongoing **federal government shutdowns** have caused delays.
- The district's auditors (Christie's team) recommended filing for an extension.
- Delay is due to the **OMB Compliance Supplement Report**, required for all schools receiving over **\$750,000** in federal funds (the district receives more than this threshold).

Impact on Audit Reporting:

- The **December 15 deadline** applies to all districts.
- The missing OMB compliance supplement directly affects the completion of the **federal single audit** required for the 2024–2025 audit report.
- Auditors cannot finalize any audit report involving federal single audits until the 2025 OMB supplement is released.

Current Auditor Update:

- Fieldwork is progressing.
- They are **unable to finalize** the audit without the 2025 supplement.
- There is currently **no timeline** for the federal government's release of the required document.

Next Steps (With Board Approval):

- Fernando will contact the district to **formally request an audit extension**.
- The organization will wait for the federal government to resume operations and issue the required compliance supplement.

Discussion on District Response:

- If delays were caused by internal issues, the district could deny the request.
- However, since the delay is **beyond the district's control**, there is no expected reason for denial.
- All districts are in the same situation due to the federal shutdown.

Mr. Wright stepped out of the meeting at 6:31 pm and came back at 6:33 pm.

Steven Kofahl made a motion to motion to recommend to the full board the extension of the 2024, 2025, audit report.

Alexandra Ramirez seconded the motion.

The committee **VOTED** unanimously to approve the motion.
