A.C.E. Academy has been presented with a unique and high-impact opportunity for four of our senior basketball student-athletes to participate in an international training experience in the Bahamas through the JR Basketball Camp Academy International. This week-long program provides elite-level instruction, mentorship from a retired professional athlete, and exposure to advanced training techniques in a highly competitive and structured environment. The total investment for this opportunity is \$1,000 per student, totaling \$4,000, and the cost for housing.

Student Benefit

This opportunity will provide students with structured, high-level training that can improve their basketball skills and overall discipline. In addition to athletics, students will gain experience in independence, accountability, and responsibility by

School Benefit

Supporting this opportunity aligns with A.C.E. Academy’s commitment to developing well-rounded students. It reinforces our investment in athletics as part of student growth and provides an experience that students can bring back to share with their peers. These students will also represent the school in a positive way and contribute to strengthening the overall culture of the athletic program.
