Asking for feedback on the Strategic Plan template before the May 7 Board Retreat

Final reminder about completing the MO Ethics Commission.

Keisha reported about an upcoming event, TLS Sneaker Ball, which is a fun dance for students. It is scheduled for Thursday, May 15th from 5:30-7pm. Great opportunity for the Board to attend to show its support for the school and meeting community members.

Becky shared about Trivia Night on June 21st for a fundraiser and that information for how to set up a team for donations was sent to the board in an email.

Goal 10: Board Engagement

- Attendance = average 82%
- Financial contributions = \$5,580 out of \$10K goal

IV. Committee Reports

A. Finance Committee Report

- Courtney shared that we have 66 days of cash (Goal is <45); the projected fund balance is 18% (Goal is 12%)
- Two bills were late and have been paid and corrected.
- Revenue was down a small portion due to changes in Title funding
- Expenses were above projected since TLS is making up for staffing reductions;
- The budget forecast for food was corrected to its current status.

Courtney will have next year's projected budget soon. The technology devices for K-4 will likely be included in the 2025-26 school year budget.

B. Development Committee Report

- Aaron shared about a fundraiser that the fire department will be having on May 17th. Carmen will be there to help increase enrollment for TLS.
- The Double Good popcorn fundraiser will run May 9-13, 2025 through independent links for each staff member, student or board member.
- The Trivia Night on June 21st is being led by Ms. Michelle Gregory, a TLS parent. Donations will be made through GiveButter.
- Summer event on July 19 was announced: A car wash including a raffle and games. Look for more information in the coming weeks.
- Courtney will be creating a short presentation about the growth in academic performance at TLS for some of these fundraising events.
- Courtney described a new reciprocal agreement with a local daycare facilities where is mutually promoted at three levels: bronze, silver, and gold, representing increasing levels of support for each participating organization (e.g. access to facilities, website promotion, attendance at each other's events to promote the organization). Great way to recruit prospective families with young children into Kindergarten.

C. Governance Committee

Becky shared that the committee is working on two main initiatives the ED/Board Evaluations and the May 7 Board Retreat.

ED and Board Annual Evaluations

- Stephanie is working on a survey for staff, student/parents, and board to complete related the EDs' performance.
- The survey link will go out before May 13.
- Feedback will be compiled at the end of May and conversations with EDs to be held in June.
- Board self-evaluations will go out around the same time and follow a similar timeline.

May 7 Retreat

- The Governance committee along with the EDs have been working on the agenda which will cover types of leadership needed for organizations at different levels of development, ways to support TLS Leaders at this point in its development, board norms/agreements and review of/work on a potential strategic plan template to guide the work for the next two years.
- Keisha will order food for the board. A link will be sent this week to place orders.

D. School Performance Committee Report

- Carrie shared that Kirkwood Middle School collected and donated 5,500+- books for TLS students. Keisha shared that TLS students were allowed to select 10 each for their personal libraries. The rest will go toward furnishing classroom libraries.
- MAP testing and practicing is going on now. Mr. Johnson has been working on addressing patterns in school discipline reports and providing small group support coached by Keisha for those students who need restorative work.
- CPI Training through EdPlus will be offered to teachers this summer. Need to join EducationPlus soon to take advantage of summer development opportunities, school equipment discounts and other benefits.
- Tier 2/3 feedback from schools is coming in slowly. The TLS Intervention Team will begin planning July 7th, so ideally, resources and processes from local schools/districts should be gathered in May and June to inform that work.
- Recommended revisions of the School Culture Charter Goals will be shared in June to align with the perception survey in use and the change in direction away from Leader in Me toward Restorative Justice and additional SEL programming.
- The Technology Work Team will be meeting soon to develop a vision of how to best deploy technology integration into instruction and assessment. Courtney helped to gather an existing and needed equipment inventory.
