END OF STATE OF EMERGENCY AND NEW REMOTE PARTICIPATION RULES - Assembly Bill 2449

Governor Newsom announced that the COVID-19 state of emergency ended on February 28, 2023. With the end of the state of emergency, agencies are no longer able to utilize pandemic-era virtual meeting procedures. However, board members may continue to participate remotely by telephone and/or videoconference under traditional Ralph M. Brown Act teleconference rules. Effective January 1, 2023, Assembly Bill 2449 (AB 2449) allows individual board members to participate in meetings remotely during "emergency circumstances" or for "just cause." Specific requirements may be found in the full text of AB2449 ([California Legislation Information](#)). All requirements for attendance by the YPICS Board of Trustees are adhered to in accordance with the Ralph M. Brown Act.

Lastly, ED King-Berg will conduct an outside audit of the Special Education Program, which will focus on program review along with academic outcomes, number of students, and fiscal best practices when supporting students with IEPS</p>			

2. Board Finance Committee update presented by Committee Chair, Michael Green: Finance Committee met last on February 2, 2025, at 5:00 PM. The committee's recommended fiscal items were presented to the board for approval during the regular board meeting held the same day at 6:00 PM. This committee is looking forward to reviewing the Special Education Audit Recommendations for implementation to improve the outcomes. The Audit Team is being led by Alice Fisher, Retired CDE Special Education Director.

3. Board Technology Committee update will be presented by Committee Chair, Dean Cho. Ryan and I have been reviewing e-rate consulting from learning tech. Based on their pricing, they are unreasonable. Our current E-Rate Consultant, Learning Tree, is about 20k total for the year. Vet other consultants. The Director is reviewing other E-Rate consultants. Ryan has budget tracking for forecasting. He has helpful diagrams; the goal is to have a virtual for decision making. From Board Member Cho's perspective, Learning Tree is quite expensive. BCCS firewall: The equipment was delivered many months ago, and we need a plan to replace the existing firewall. The licensing will expire in 3 years. MORCS needs to upgrade beginning on 27. The overall goal is to standardize the entire network. Managing the staff to the equipment network is positive. We will need to engage someone to develop an overall security plan.

III. Items Scheduled for Information

A. Board Committee Updates

B. YPICS Director of Special Education's Compliance Report

Both BCCHS and MORCS improved their high-tier service delivery percentages, with BCCHS showing an exceptional increase. BCCS was the only school where high-tier compliance decreased slightly. The total overdue IEPs across the three schools increased from 0 to 1. This IEP was rescheduled for February 2, 2026.

BCCHS is currently the top performer in service delivery (90% at Tiers 1-2), while MORCS still has the highest proportion of students in the

mid-compliance tier (Tiers 3) at approximately 33%.

BCCS experienced a decline in compliance metrics. High-tier service delivery (Tiers 1-2) dropped from 79.4% to 73.7% (-5.7%). The number of students in the 80–89% service delivery bracket increased from 16.0% to 21.0%.

MORCS showed modest, steady improvement with a high-tier service delivery (Tiers 1-2) increased from 58.2% to 62.1% (+3.9%). The percentage of students receiving less than 70% of services (Tiers 4-6) remained stable at 4.5%.

C. Bert Corona Charter School Executive Administrator's Report

BCCS has their iReady assessment in December. Some highlights from the assessment were:

- 7 students reclassified this year!
- 104% reading typical growth (exceeded end of year goals)
- 51% on track for 100% by the end of the year. Specific goals and actions have been set with all teachers.
- 7th grade hit 142% typical growth in reading.

Culture and Climate continue to improve at BCCS. Some highlights for culture and climate were:

- The SCC team had a huge decrease in ODRs. The fall semester had a 51% *decrease* in ODRs when comparing 24-25 and 25-26 fall data.
- As of current, the staff have awarded 248,093 scholar dollars to students! They are reducing undesired behaviors and recognizing significantly more scholars for their amazing work and behavior at school.

D. Monseñor Oscar Romero Charter School Executive Administrator's Report

MORCS i-Ready diagnostic data from December showed 49% of students have met their typical growth goal in Reading, while 39% have met their typical growth goal in Math. In addition, 15% of students have already reached their stretch growth goal in Reading, and 13% have reached their stretch growth goal in Math. Overall, the trajectory is encouraging as we work toward our school-wide goal of having more than 50% of students meet their typical growth goals in both Reading and Math by the end of the school year.

All grade levels have continued to actively engage in our Pawsitive Puma Recognition (PPR) efforts, reinforcing a school culture that celebrates positive behavior, effort, and character. To date, a total of 369 PPRs have been submitted. Students who achieved

perfect attendance were recognized with a certificate acknowledging their accomplishment and were treated to an ice cream bar as a celebratory incentive. Currently, the school's average daily attendance rate stands at 92%, with a schoolwide goal of reaching 95%.

The School Culture and Climate department also took time to recognize staff members who have submitted the highest number of PPRs. These staff members were celebrated with small tokens of appreciation, including gift cards, planners, and certificates, as a way to honor their dedication to fostering a positive and supportive school environment.

E. Bert Corona Charter High School Executive Administrator's Report

Academics iReady 2nd Assessment Students completed their second i-Ready reading and math assessments on December 2–3, 2025. The purpose was to measure midyear progress, identify growth since the first diagnostic, and adjust instruction in reading and math.

i-Ready Reading: Fall to Winter Progress

- Overall Growth: Students performing at or above grade level increased from 6% to 7%.
- Grade-Level Success: Grade 10 saw significant progress, reducing the percentage of students three or more grade levels behind from 75% to 61%.
- Opportunity: 8% of students are currently one grade level below proficiency; targeted support focuses on helping this group achieve grade-level mastery.

i-Ready Math: Fall to Winter Progress

- Overall Growth: Proficiency rose from 3% to 5%, with 12 fewer students in the lowest performing tier (Three or More Grade Levels Below).
- Grade-Level Success: Grades 9 and 10 reached 7% and 9% proficiency, respectively. Grade 11 showed strong movement into the "One Grade Level Below" category.
- Opportunity: 3% of students are within one grade level of proficiency. Intensified support in algebra and number operations aims to bridge this final gap by the end of the year.

WASC

Walk Through Pre-WASC Visit Summary: Meeting with Lee Fleming, Head of School, Samueli Academy (serving as WASC Chair for April visit). On January 22, 2026, Ms. Fleming visited our campus for the pre-WASC meeting in preparation for the upcoming accreditation visit in April. The discussion focused on readiness, stakeholder participation, and key focus areas for presentation.

F.

YPICS Chief Operations Officer's Report

Operations Enrollment

All three school sites are currently under-enrolled based on the 25-26 budget enrollment goals/minimums. Bert Corona enrolled 3 additional students. MORCS lost 1 student. BCCHS had no change.

YPICS Volunteer Policy

YPICS staff reviewed and updated the YPICS Volunteer Policy for review and approval by the Board at this meeting. Currently, each school has one new community member/parent who wants to volunteer.

Community Schools Children and Youth Behavioral Health Initiative (CYBHI)

YPICS is utilizing a \$300,000 state grant to plan the implementation of CYBHI. Use of funds can be changed quarterly based on organizational planning needs. As we continue to refine and build our program implementation model, staff will adjust the budget accordingly. See the full report for the chart, which outlines how the budget has been allocated and adjusted over time to meet needs.

G. YPICS Executive Director Report

Ms. King-Berg highlighted two areas from her full Board Report Special Education and UCLA Partnership with a visit from Board Member Gonez.

Special Education Self-Study

YPICS is working to strengthen how we organize and align major state and federal initiatives, so they operate as a coherent system rather than as separate, isolated efforts. These initiatives include MTSS, literacy, mental health supports, learning acceleration, Community Schools, Expanded Learning Opportunities, and Special Education System Improvement. California has made significant investments across these areas, and YPICS wants to ensure we are maximizing both the impact of these resources and the long-term sustainability of services for students. This Self-Study or program audit will allow us to see where we are and how to better use funds by connecting the broader systems work to our Special Education program, with a focus on building clarity, coherence, and stronger outcomes for high-need students. Self-Study results will provide us with an implementation plan that will better support our programs.

Celebrating Innovation: Our Partnership with UCLA Math Labs

We are thrilled to celebrate a powerful day of professional growth and collaboration at Bert Corona Charter High School! On Monday, January 26, 2026, we hosted a UCLA Math Lab, a cornerstone of our partnership with the UCLA Mathematics Project (UCLAMP). A Deep Dive into Teacher Learning Unlike traditional workshops, the UCLA

Math Lab is a "classroom-embedded" experience. It moves beyond theory and into the heart of the classroom. Our educators engaged in a rigorous cycle of:

- Collaborative Planning: Co-designing lessons based on research.
- Public Teaching: Observing live instruction to document real-time student thinking.
- Reflective Debriefing: Analyzing student work to immediately refine our teaching strategies.

By focusing on Cognitively Guided Instruction (CGI), our teachers are learning to identify each student's unique mathematical logic, ensuring we build on their strengths rather than just correcting their errors. Honored Guests and Collaborative Spirits

Thank You, Special Guest: Kely Gonez, LAUSD Board Member, District 6, Joins our Learning LAB!

We were especially honored to have LAUSD Board of Directors member Kelly Gonez join us to witness this intentionality firsthand. Your presence validates the hard work of our teachers and reinforces our shared mission: we will not rest until every student is growing and thriving. We also want to extend a warm "Thank You" to our guests from Northern California who traveled to join the lab. De-privatizing our practice and opening our doors to fellow educators creates a community of practice that benefits students far beyond our own walls.

H. Form 700

Los Angeles County Board of Supervisors Statement of Interest - Form 700. A statement of Economic Interest (Form 700) is a state form on which state and local government officials publicly disclose their personal assets and income that may be materially affected by their official acts. Agency employees, including some public officials designated in a conflict-of-interest code, are required to disclose certain financial interests according to the disclosure categories assigned to their positions in their agency's conflict-of-interest code. Certain public officials, including those who manage public investments, are required to disclose all financial interests. These officials make full economic disclosure in accordance with state law rather than with their agency's conflict-of-interest code.

Board Chair Reminded Board Members to reach out to Ms. Gachuzzo if they needed help to complete their annual obligation timely.

I. LCAP Mid-Year Update

The Mid-Year Update for all three YPICS was presented to the Board today.

The **Local Control and Accountability Plan (LCAP)** is a three-year strategic plan that California school districts (LEAs) use to set goals and decide how to spend funds to

improve student outcomes. The **Mid-Year Update** is a formal report presented to the local school board on or before **February 28** each year.

It focuses on three core areas:

Implementation Progress: Are the planned actions (like hiring new tutors or launching a mental health program) actually happening?

Expenditure Data: How much of the budgeted money has been spent so far?

Available Outcome Data: What do the early numbers say? (e.g., mid-year test scores, attendance rates, or suspension data)

The mid-year update serves as a "pulse check" for the school year. Its importance can be boiled down to three main reasons:

1. Transparency and Trust

In the past, the public often didn't see how money was being spent until the school year was almost over. This update provides "real-time" transparency, allowing parents, teachers, and community members to see if the district is following through on its promises while there is still time to make an impact.

2. Strategic Course Correction

If a specific program isn't working or isn't being implemented as planned, the mid-year update highlights that gap. District leaders can use this data to pivot—reallocating funds or changing strategies for the second half of the year rather than waiting for a post-mortem in the summer.

3. Focus on Equity

A major goal of the LCAP is supporting "unduplicated" students (English learners, foster youth, and low-income students). The mid-year update ensures that the extra "supplemental and concentration" funds meant for these groups are actually reaching them and making a difference in their mid-year performance metrics.

J. **Regional Placement Center Program: Partnership with Expatiate**

YPICS is considering transitioning to a Regional Placement Center model, which represents a strategic shift from fragmented, high-cost external placements toward a sustainable, collaborative ecosystem. By partnering with an ESA or EPA, our schools can pool financial resources to build a centralized hub of expertise that no single school or district could afford on its own. This model is being considered because it allows us to retain greater fiscal control and instructional oversight, ensuring that our students with the most complex needs receive high-quality, specialized interventions closer to their home communities. We are trying to move this subgroup academically. However, we often do not receive timely information from our contractors to make informed, data-driven decisions. Ultimately, we are considering this partnership to transform an unpredictable

"tuition-based" expense into a stable, value-driven investment that prioritizes both student outcomes and long-term budgetary health.

K. Facilities: 26-27 Prop 39 Preliminary Offer for Bert Corona Charter High School

The LAUSD Prop 39 preliminary offer is essentially a "draft" of where the district intends to place the charter school for the upcoming school year. It typically includes:

Location: The specific school site(s) where space is being offered (often leading to a "co-location," where a district school and a charter school share the same campus).

Space Allocation: The number of classrooms and a description of "specialized" and "non-teaching" spaces (like gyms, cafeterias, or libraries) that the charter will be allowed to use.

Draft Facilities Use Agreement (FUA): A legal contract outlining the terms, conditions, and costs (fees) for using the space.

Reasonably Equivalent Analysis: A comparison showing how the offered space is similar to what students in traditional district schools receive.

It is called preliminary because it kicks off a mandatory negotiation period.

The Deadline: By law, LAUSD must issue these preliminary offers by **February 1** each year.

Charter Response: After receiving the offer, the charter school has until **March 1** to review it and submit written concerns (e.g., if they believe the site is too far away or the number of rooms is insufficient).

Final Offer: LAUSD then reviews these concerns and must issue a **Final Offer** by **April 1**.

**YPI CHARTER SCHOOLS (YPICS)
DIRECTOR OF SPECIAL EDUCATION**

Submitted by: Vashon Nutt

March 2, 2026

The mission of the YPI Charter Schools (YPICS) is to prepare students for academic success in high school, as well as post-secondary education; prepare students to be responsible and active participants in their community; and enable students to become lifelong learners. Students at YPI Charter Schools will become active citizens who characterize the ideals of a diverse and democratic society. Students will serve their community, take responsibility for their own learning, and develop the habits of mind and body that will empower them to succeed in high school and beyond.

This report contains information regarding Compliance, Staffing, and Special Education Highlights across one or more YPI Charter Schools.

COMPLIANCE

Site-Based Compliance by School Site

The chart below illustrates the number of students on each teacher’s caseload. California Ed Code states that Resource Specialist Teacher caseloads must not exceed 28 students.

Current Caseloads					
BCCS		BCCHS		MORCS	
Teacher	Caseload	Teacher	Caseload	Teacher	Caseload
A.N.	26	S.A	5	L.G.	18
S.P.	25	J.M.	28	C.M.	17
O.R.	24	J.P.	28		
S.A.	8				
Total	83		61		35
BCCS Average	20.75	BCCHS Average	20.33	MORCS Average	17.50

The chart below illustrates the number of IEPs overdue and the school site's service delivery. The Goal is to have zero overdue IEPs and to deliver at least 80% of all services at 90% or higher of the target minutes.

March	IEP and Service Compliance							
	School	Overdue IEPs	Tiers 1-2 90% - 100% Service Delivery	% Tiers 1-2	Tier 3 80% - 89% Service Delivery	% Tier 3	Tiers 4-6 0% - 70% Service Delivery	% Tiers 4-6
BCCS	2	127	75.6%	28	16.7%	10	6.0%	
BCCHS	2	91	88.3%	8	7.8%	3	2.9%	
MORCS	0	43	62.3%	23	33.3%	3	4.3%	

February	IEP and Service Compliance							
	School	Overdue IEPs	Tiers 1-2 90% - 100% Service Delivery	% Tiers 1-2	Tier 3 80% - 89% Service Delivery	% Tier 3	Tiers 4-6 0% - 70% Service Delivery	% Tiers 4-6
BCCS	0	123	73.7%	35	21.0%	8	4.8%	
BCCHS	1	90	90.0%	6	6.0%	3	3.0%	
MORCS	0	41	62.1%	22	33.3%	3	4.5%	

Key:

	School complies with the requirement to conduct timely IEPs and deliver services. No remedy needed.
	Potential compliance issues. Service delivery below Tier 3 would be grounds for corrective action per the District Validation Review (DVR). Typically easy to remedy.
	Potential compliance issues. Service delivery below Tier 4 would result in a "lack of service provision" letter from the district during the Benchmark periods. More difficult to remedy.

Comparison of February vs March Data

Comparing and analyzing IEP and Service Compliance data for February and March reveals varying levels of improvement across the three schools.

The detailed comparison, including the change from February to March, is provided below:

Key Findings and Analysis

The primary goal for compliance is to maximize the percentage of students in **Tiers 1-2**

(90%-100% Service Delivery) and minimize the number of **Overdue IEPs** and service delivery in **Tiers 4-6 (0%-70% Service Delivery)**.

1. BCCHS (Bert Corona Charter High School)

- **Service Delivery (Tiers 1-2):** Decreased from **90.0% to 88.3%** (-1.7%). While still the highest of the three schools, this is the first downward trend for the school.
- **The "Yellow Zone" (Tier 3):** Increased from **6.0% to 7.8%**. This explains the dip in Tier 1-2; about 2% of the student population drifted from "full service" into the "partial service" category.
- **Low Delivery (Tiers 4-6):** Improved slightly from **3.0% to 2.9%**. They are doing an excellent job of keeping the "critically underserved" population very small.
- **Compliance: Overdue IEPs rose from 1 to 2.**
 - **Analysis:** One IEP remains overdue while we explore placement options, while the other IEP became overdue due to a mistake made when calendaring the IEP meeting. The IEP has been scheduled for March 6, 2026.

2. BCCS (Bert Corona Charter School)

- **Service Delivery (Tiers 1-2):** Improved from **73.7% to 75.6%** (+1.9%).
- **The "Yellow Zone" (Tier 3):** Dropped from **21.0% to 16.7%** (-4.3%). This is a positive trend, as students previously receiving only 80-89% of services are likely the ones who moved up into the 90-100% bracket.
- **Low Delivery (Tiers 4-6):** Increased from **4.8% to 6.0%**. While small, this indicates a handful of students (roughly 2 additional students based on the raw count) are now receiving significantly fewer services than required.
- **Compliance: Overdue IEPs rose from 0 to 2.**
 - **Analysis:** One of the overdue IEPs was caused by case carrier oversight, while the other was caused by a shift in a contracted service provider. Both IEPs should be compliant by March 2, 2026.

3. MORCS (Monsenor Oscar Romero Charter School)

- **Service Delivery (Tiers 1-2):** Improved slightly from **62.1% to 62.3%** (+0.2%).
- **The "Yellow Zone" (Tier 3):** Remained exactly the same at **33.3%**. One-third of their students consistently receive 80-89% of their services.
- **Low Delivery (Tiers 4-6):** Improved from **4.5% to 4.3%** (-0.2%).
- **Compliance: Maintained 0 overdue IEPs.**

Next Steps for Compliance Improvement

1. Reiterate that service tracking must be completed weekly. Students in Tier 3 are the result of a lapse in service documentation, not a failure to provide service.
2. Reinforce the scheduling of IEPs 60-90 days early to prevent IEPs from going overdue due to scheduling conflicts or circumstances that are outside of the school's control.
3. As a member of the Instructional Team, the Director of SPED will track and document communication with teachers regarding progress toward meeting the above deliverables in School Mint Grow. The Director will also update the school's Executive Administrator at least monthly on the teacher's progress toward meeting these goals.

25-26 COMPLIANCE MONITORING

- **Bert Corona Charter School** will participate in DVR during the 25-26 school year.
 - **February 10, 2026** - DVR Corrective Actions Due **(completed)**
- **Bert Corona Charter High School** will participate in the DVR during the 25-26 school year.
 - **February 24, 2026** - DVR Corrective Actions Due **(completed)**

Board Report
 Dr. Kevin Myers, Executive Administrator
 March 2, 2026

The mission of the YPI Charter Schools (YPICS) is to prepare students for academic success in high school, as well as post-secondary education; prepare students to be responsible and active participants in their community; and enable students to become lifelong learners. Students at YPI Charter Schools will become active citizens who characterize the ideals of a diverse and democratic society. Students will provide service to their community, take responsibility for their own learning, and develop the habits of mind and body that will empower them to be successful in high school and beyond.

Instruction & Performance Data

Since the last board meeting, I have met with all teachers to discuss student performance so far and to give feedback and direction for the second semester. This past week, the instruction team and I conducted a deeper dive into our iReady data so we can provide targeted support in the areas of greatest need. Here are the groups of students where we need to provide targeted support. In some cases, highlighted in blue and orange, multiple subgroups underperformed in one cohort. Our support team (non-teachers) will be providing supports in these classes with the goal of helping these students increase their performance by the end of the school year. In total, **122 groups and subgroups were analyzed and 20 of those groups were identified as underperforming.** These will be the groups where we will focus our efforts.

Math Areas of Focus:

As an organization, YPICS identified math as an area of need across all schools. To address this need, we have been partnering regularly with UCLA Math Project and iReady to train teachers, observe instruction, and identify tools and strategies that will help increase engagement and performance at our schools. At BCCS, we have identified the following areas of focus with the support of our partners:

- Academic Discourse
- Utilization of the iReady Resources and Slides
- Utilization in each lesson/unit of the prerequisite lesson identified by the iReady program
- Monitoring of pacing using the iReady pacing guide tool

Culture & Climate

Our culture and climate team has been focused on classroom observations to analyze the fidelity of implementation of our PBIS core features. The team is observing each classroom at least twice to determine whether or not core features are clearly implemented across the school. Based on the data they collect, the team will plan differentiated professional development for teachers and staff that will target a variety of needs. Our goal is to hit at least 80% fidelity this school year, which is the benchmark of a successful implementation.

Community Schools

Our community schools team continues to build strong relationships with our students, families, and community partners. During our spring parent conferences, the team will be conducting our second round of stakeholder surveys using the YouthTruth platform. Based on the fall semester survey, we adjusted our strategic plan for the year to meet the needs identified in the survey. We plan to do the same with the spring semester feedback, and we will use the data from both to plan for the 26-27 school year.

Our CS team is also working on a trip to Washington, D.C. over spring break for some of our 8th-grade students. Through a partnership with EF Tours, our 8th graders have raised funds to pay for their trip over the last 8 months, and they are set to go on a life-changing trip in April. Mr. Walter, our 8th-grade English teacher, is leading the trip.

Operations

Enrollment is progressing for next year, and we have some more events coming up this spring at local elementary schools where we will be able to continue recruitment. We have recently received invitations from a couple of local district schools after we dropped off bikes that they could raffle to their families and students!

YPICS Board Report
Freddy Zepeda, Executive Administrator

March 2, 2026

The mission of the YPI Charter Schools (YPICS) is to prepare students for academic success in high school, as well as post-secondary education; prepare students to be responsible and active participants in their community; and enable students to become lifelong learners. Students at YPI Charter Schools will become active citizens who characterize the ideals of a diverse and democratic society. Students will provide service to their community, take responsibility for their own learning, and develop the habits of mind and body that will empower them to be successful in high school and beyond.

As we continue our work toward academic excellence and whole-child development, this reporting period highlights important strides in Instruction, Culture & Climate, Operations, and Student Activities. Our team remains focused on increasing student achievement, strengthening positive school culture, and improving attendance outcomes, all while providing meaningful enrichment opportunities for students. The data below reflects both celebrations and areas of continued focus as we move into the next phase of the school year.

Instruction

Our 6th grade team implemented a targeted motivation strategy tied to growth on the i-Ready Diagnostic and personalized lessons platform. Students who completed the highest number of i-Ready lessons with passing scores were recognized for their persistence, effort, and academic ownership.

- 18 students earned this recognition.
- Students were celebrated with a two-hour field experience at Ultrazone Laser Tag.
- The experience provided structured team-building, positive peer engagement, and a fun incentive directly tied to academic performance.

This celebration reinforces our commitment to:

- Linking academic effort to meaningful recognition.
- Promoting growth mindset and stamina in foundational Math and Reading skills.
- Building positive grade-level culture around achievement.

We will continue to monitor i-Ready lesson completion and passing rates to ensure increased rigor, accountability, and growth across all grade levels.

Culture & Climate

Our PPR system continues to reinforce positive behavior, academic effort, and alignment to our school values.

Current PPR totals:

- 6th Grade: 167
- 7th Grade: 127
- 8th Grade: 157

These recognitions include positive phone calls home and acknowledgment of students demonstrating responsibility, leadership, and perseverance. The consistency of recognitions reflects staff commitment to celebrating what is going well and proactively shaping school culture.

Current ODR totals:

- 6th Grade: 36
- 7th Grade: 198
- 8th Grade: 183

While 6th grade referrals remain relatively low, 7th and 8th grade continue to require targeted behavioral supports. Our focus moving forward includes:

- Restorative conversations and reteaching expectations.
- Tiered behavioral interventions.
- Increased family communication.
- Alignment of classroom systems to reduce repeat referrals.

Monday Makeup Days serve as structured accountability for incomplete work and behavioral resets.

Current totals:

- 6th Grade: 3
- 7th Grade: 15
- 8th Grade: 12

The data reflects stronger work completion trends in 6th grade, while upper grades continue to build consistency around academic responsibility and follow-through.

Operations

- Current ADA: 91%
- Goal ADA: 95%
- Most Recent Daily Attendance Rate: 93%

Although we have seen improvement in recent daily attendance, our year-to-date ADA remains below target. Chronic absenteeism continues to impact instructional time and academic progress.

Ongoing strategies include:

- Regular family meetings to reinforce the importance of daily attendance.
- Monthly incentives celebrating students with perfect attendance.
- Positive recognition for improved attendance trends.
- Monitoring of at-risk students through tiered intervention supports.

Improving ADA remains a top operational and academic priority.

Other Events

Our boys and girls basketball seasons concluded on February 26. Both teams competed with resilience and determination during a rebuilding year. While we are continuing to develop our athletic programs, student participation, teamwork, and school spirit remained strong.

We look forward to closing out the school year with:

- Boys Soccer

**MONSEÑOR
OSCAR
ROMERO**
CHARTER SCHOOL

- Girls Soccer
- Co-ed Volleyball

Athletics continue to provide leadership development, structured after-school engagement, and opportunities to strengthen student connectedness to school.

Board Report

Max Garcia, Executive Administrator

March 2, 2026

The mission of the YPI Charter Schools (YPICS) is to prepare students for academic success in high school, as well as post-secondary education; prepare students to be responsible and active participants in their community; and enable students to become lifelong learners. Students at YPI Charter Schools will become active citizens who embody the ideals of a diverse and democratic society. Students will provide service to their community, take responsibility for their own learning, and develop the habits of mind and body that will empower them to be successful in high school and beyond.

Academics

Third Writing Assessment

Throughout the 2025–2026 school year, all students have completed two writing assessments: the Fall Writing Assessment, which focused on narrative writing, and the Winter Writing Assessment, which centered on explanatory writing. The upcoming Spring Writing Assessment will emphasize argumentative writing. English teachers will administer this assessment in their classes during the week of March 2–6, 2026. During the January Total Professional Development day, all teachers, including English teachers, participated in the Los Angeles County Office of Education (LACOE) Writing Across the Curriculum training. This session provided additional strategies and resources to enhance students' writing proficiency across all subject areas. The training represented the fourth installment in a series of LACOE-facilitated professional learning sessions conducted this school year.

College & Career

Dual Enrollment Spring 2026 LAMC Courses

For Spring 2026, the Los Angeles Mission College (LAMC) courses offered on our campus are Chicano Studies 008: The Mexican-American in the History of the United States II and Administrative Justice 104: Introduction to Forensic Science. Chicano Studies 008 began on February 9 and currently has 30 students enrolled. Administrative Justice 104 began on February 25 and currently has 32 students enrolled.

Parent Workshops (Ongoing)

On February 3, we held our monthly Parent College Workshop, “Choosing College Together,” designed to help parents and students navigate the uncertainties of selecting the right college fit. During the session, parents gained valuable insight into the transition process their students will experience and learned practical ways to support them through the journey to ensure college enrollment and completion.

School Culture and Climate

Athletics

BCCHS's athletics program has recently concluded the boys' and girls' soccer seasons and the boys' basketball season. Unfortunately, both the soccer teams and the boys' basketball team missed the playoffs this year for the first time in three years. While this outcome was challenging for our student-athletes, we see it as an opportunity for growth and development within our programs. Athletics play a crucial role in fostering our school culture and spirit. We remain committed to enhancing our programs and supporting our student-athletes in their development. Looking ahead, we are excited to kick off our spring sports season, which includes girls' softball, boys' baseball, and boys' volleyball. We are optimistic about the potential of these teams and are dedicated to ensuring a positive experience for all our athletes.

Operations

Enrollment Summary

9th Grade: 45, 10th Grade: 56, 11th Grade: 45, 12th Grade: 50 **Total Enrollment:** 196 students

Outreach

We are currently collaborating with Mateo from Mateo Elvira Media to enhance our school's social media presence. Mateo recently met with Mr. Max Garcia, Ms. Soria, and Ms. Fuentes to discuss the updates and strategies we would like to implement. He is presently reviewing our existing platforms and identifying opportunities to strengthen our online engagement. One of his initial recommendations is to remove all images depicting students wearing masks during the COVID-19 period. In addition, Mateo is partnering with Ms. Fuentes and Ms. Soria to finalize the photographs for our Street Banner Program. At this time, we have 26 double-sided banners located along Glenoaks Boulevard and Van Nuys Boulevard. The finalized artwork will be submitted to the City of Los Angeles Street Lighting Division for approval. Upon receiving approval, we will proceed with the production and installation of the banners.

Online Registration (OLR) Competition

The competition will be part of our school-wide initiative to maintain and enhance enrollment efforts. This competition was designed to engage students actively in the registration process while promoting a sense of community within our school. Incentives: 1st Place: The winning class will enjoy a pizza party and a non-uniform dress day. This reward recognizes their outstanding participation and enthusiasm. 2nd Place: The second-place class will receive ice cream and a non-uniform dress day to celebrate their commendable efforts. 3rd Place: The third-place class will be awarded a non-uniform dress day as a token of appreciation for their involvement. The incentives offered through this competition aim to encourage participation by rewarding classes for their enrollment efforts.

Parent Mtg 2/25 (9:00 am and 6 pm)

Our monthly Parent Meeting will be held on February 25th at 9:00 AM and 6:00 PM, both convenient times. This meeting aims to provide parents with important updates regarding school initiatives, academic programs, and opportunities for increased engagement within our school community. We will communicate important updates and share key information on school policies, upcoming events, and academic achievements. We encourage parent engagement to foster a collaborative relationship between parents and the school, emphasizing the importance of parental involvement in student success.

Community Schools

Youth Truth Survey Spring

The Youth Truth Survey is an essential tool for gathering student feedback on their educational experiences. Its significance lies in several key areas: enhancing academics, improving communication, and providing survey insights that help us understand how well students feel heard and supported, enabling us to strengthen communication among students, staff, and parents. Elevating the overall student experience by having students voice their opinions contributes to creating a more positive and inclusive school environment and ensures their needs and concerns are addressed. Participation in the survey is voluntary. Parents can opt their child out if they choose, and we will respect that decision. Letters were sent on Tuesday, February 24, 2026.

Cesar Chavez March for Justice 3/22/26

BCCHS students will be participating in the César Chávez "March for Justice". The march honors César Chávez for his social justice and advocacy. Our scholars' participation empowers students to advocate for social justice, highlighting issues such as immigration reform, workers' rights, and equality. The event fosters a sense of community and unity among students, encouraging them to stand together in support of shared values and goals. In addition, educational opportunity provides students with a real-world understanding of activism, history, and civic responsibility, inspiring future leaders.

Attendance Recovery

Background: Senate Bill (SB) 153 established the Attendance Recovery (AR) program to mitigate the negative impact that chronic absenteeism and emergency events have had on academic continuity for students and LEA funding. Beginning in fiscal year 2025–2026, LEA’s can start AR programs.

Impact: AR programs enable students to recoup absences for the purpose of apportionment for up to the lesser of ten total or the total number of absences accrued in a given school year by attending supplementary sessions outside of the regularly scheduled school day.

Programming: All YPICS sites have begun offering an AR program to students either before or after school, during weekends, or on intersession breaks (Thanksgiving, Winter, Spring, Summer). Student participating in an AR program are engaged in educational activities and content aligned to grade-level standards that are substantially equivalent to the student’s regular instructional program

Recordkeeping: YPICS is tracking and reporting attendance from participation in an AR program separately from attendance generated during the regular school day (EC Section 46211(d)(3)). The teacher of each AR classroom must document each student’s participation time, if hourly accounting of student participation is used. The LEA must maintain these records and provide access to this documentation during their annual audit, as needed (EC Section 46211(e)(1)).

Annual Audit: Starting with the 2025–26 Guide for Annual Audits of K–12 LEAs, Section H.Z. directs auditors to verify the requirements of (d), (e), (f) and (g) of EC Section 46211, and assess fiscal penalties for noncompliance (EC Section 46211(j)).

Subject: Charter Oversight Preparation & Strategic Partnership Progress

1. LAUSD Oversight Preparation & Strategic Alignment

Our schools are currently in the final stages of preparation for the upcoming **LAUSD Oversight Visits**. This process is deeply rooted in a cycle of continuous improvement:

- **Foundation:** The 2024-2025 District Reports served as one of the primary data sources for setting this year's goals and informing our strategic planning sessions at each site.
- **Alignment:** School leadership teams are currently conducting final reviews to ensure that **YPICS Network Goals** are seamlessly integrated with school-specific targets identified during last year's review.
- **Transparency:** While these reports were vetted during the Fall 2025 Board Academic and Fiscal Committee Meetings, they are presented today for the full Board to receive and file.

Upcoming Oversight Schedule:

MORCS: Thursday, April 16, 2026

BCCHS: Monday, April 20, 2026

BCCS: Thursday, April 23, 2026

Action Item: The 24-25 District Reports have been added to today's **Consent Agenda** for formal receipt and filing. As always, you are welcome to attend.

2. Professional Development & Strategic Partnerships

We continue to leverage high-impact partnerships to drive instructional excellence across the network.

LACOE: Writing Literacy Initiative

Our partnership with the **Los Angeles County Office of Education (LACOE)** is currently leading network-wide Professional Development focused on writing literacy.

- **Impact:** This work has gained external recognition; several YPICS teachers have been invited to co-present their findings and student progress alongside LACOE at the **California Assessment Conference** this September.

UCLA Math Project: Framework Implementation

The UCLA Math Project remains a cornerstone of our STEM strategy.

- **Focus:** Deepening teacher mastery of the **CA Math Framework** and shifting classroom culture toward "mathematical risk-taking."
- **Goal:** Moving beyond rote memorization to foster student confidence and collaborative problem-solving.
- **Observation:** Our next **Learning Walk** is scheduled for **March 11, 2026, at MORCS**, where we will observe these strategies in live classroom environments.

Summary of Next Steps

- Finalizing site-level documentation for April visits.
- Preparing teacher presenters for the September California Assessment Conference.
- Conducting the MORCS Learning Walk on 3/11.

CHARTER RENEWAL CRITERIA

In accordance with Education Code §§ 47605, 47607, and 47607.2, in order to renew a charter, the District must determine whether the charter school has met specific renewal criteria prescribed in statute.

REPORT GUIDE

LAUSD’s oversight procedures are intended to balance a charter school’s autonomy of operation with its accountability to the public. LAUSD utilizes a holistic, performance-based approach to evaluate all charter schools, guided principally by making decisions in the best interest of students. The CSD observes and monitors each charter school in accordance with applicable laws, regulations, LAUSD policy, memoranda of understanding, and the school’s operative charter. Information gathered through oversight serves as part of the charter school’s ongoing record for the District to make informed decisions about charter school authorization, renewal, material revisions, sharing of promising practices, and if need be, revocation. While LAUSD is responsible to provide oversight of its charter schools and the entities managing charter schools, the primary oversight of each charter school must first and foremost be performed by the charter school’s own Governing Board. The Governing Board of a charter school has an ongoing responsibility to oversee the operations of its charter school(s), ensuring that every charter school it oversees is providing a high-quality educational program for students enrolled, is successfully fulfilling the terms of their charter, is fiscally sound, and complies with applicable laws, regulations, and court orders. In designing this document, the District has considered the California Charter Schools Act, the *LAUSD Policy and Procedures for Charter Schools*, the factors and guidance promulgated by the California State Board of Education in evaluating charter schools, and the National Association of Charter School Authorizers’ *Principles and Standards of Quality Authorizing*. This reporting tool provides guidelines and criteria used by the CSD to observe, record, assess, and reflect with the charter school on school performance as captured during the annual oversight visit process in these four categories:

- **Governance** – demonstrating fulfillment of the Governing Board’s fiduciary responsibility to effectively direct and provide oversight for the charter public school, including but not limited to enactment and monitoring of policies and procedures to ensure the school’s full compliance with applicable law, policy, and the terms of the charter approved by the LAUSD Board of Education
- **Student Achievement and Educational Performance** – demonstrating positive academic achievement and growth for all students
- **Organizational Management, Programs, and Operations** – demonstrating effective leadership and implementation of the governing board’s policies and procedures, as well as the school’s educational program and systems and procedures for the day-to-day operations of the school
- **Fiscal Operations** – demonstrating sound fiscal management, appropriate use of public funds, and compliance with regulatory requirements

This report, including the ratings in each category, is based on information and evidence gathered at the time of the annual oversight visit. The CSD considers evidence provided through CSD staff observations, document review, interviews, and discussion with school representatives and stakeholders. All charter schools are expected to prepare for the visit and have available, as applicable, all documentation requested in the *Annual Performance Based Oversight Visit Preparation Guide*. The “Sources of Evidence” sections below identify key information sources generally relevant to their respective indicators; these lists are not exhaustive, however, and some items may not be applicable to the grades served. Schools may present additional evidence as deemed relevant and appropriate. As needed, CSD staff also may request additional information and/or documentation prior to, during, and/or following the visit.

The tool employs the following four-point rubric to rate the school’s performance in each category: (4) *Accomplished*, (3) *Proficient*, (2) *Developing*, and (1) *Unsatisfactory*. In addition, the *Summary of School Performance* section in each category captures key findings under one or more of the following headings: (1) Areas of Demonstrated Strength and/or Progress; (2) Areas Noted for Further Growth and/or Improvement; and, if applicable, (3) Corrective Action Required. Under “Corrective Action Required,” the CSD reports findings of material noncompliance with applicable law, LAUSD charter policy, or the school’s approved charter. **If the report includes any findings under “Corrective Action Required,” the charter school must take immediate and appropriate steps to remedy the identified concern.** In accordance with its “tiered intervention” approach to charter school non-compliance and poor performance, the CSD may also send the school appropriate notices, separate and apart from this report, to provide and document time-specific follow-up as necessary. At the other end of the spectrum of performance, any school that earns a rating of *Accomplished* in any category is encouraged to submit to the CSD a summary of those “promising practices” that the school believes have contributed to its success, in order to support the CSD’s ongoing efforts to promote and facilitate reciprocal sharing of promising practices among education leaders from across all LAUSD schools.

¹ Per the charter operator, the operating losses reported for Fiscal Years (“FYs”) 2020-2021 through 2022-2023, as well as the projected loss for the 2024-2025 Second Interim, were primarily attributable to non-cash depreciation expenses of \$819,732, \$820,844, \$801,842, and \$766,661, respectively, related to the school’s Proposition 1D property. When excluding these depreciation expenses, the school would have reported net operating income for each of the corresponding years.

² The net income reported for FY 2023-24 is primarily attributable to revenues received from the Employee Retention Credit (“ERC”).

The financial condition of the charter operator is summarized in the table below.

migration patterns, negatively impact its schools' enrollment. To improve school enrollment, it plans to re-engage main feeder schools and make presentations to parents and students; increase web presence; update school websites to support outreach and improved communication; and install street banners on major roadways around the campus. The CSD will continue to monitor the school's student enrollment and financial condition through oversight.

Areas of Demonstrated Strength and/or Progress:

1. The school's fiscal condition is positive. Please refer to the Financial Highlights table above.

Areas Noted for Further Growth and/or Improvement:

Through conducting fiscal oversight and analyzing the data below, the CSD requests and receives fiscal documents from YPICS (including bank statements, bank reconciliations, credit card statements, and check registers) for the three YPICS charter schools that are currently authorized by LAUSD. The CSD reviews these financial documents, as well as a sample of checks/disbursements, and credit card transactions across these YPICS charter schools, to assess the organization's overall compliance with *YPICS Fiscal Policies and Procedures (FPP)*, approved 8/13/2024, applicable legal, District, and charter requirements, and the effectiveness of the charter operator's internal controls and systems in place (aligned with best business practices). Any areas noted for other observations relating to YPICS and its charter schools' overall compliance and fiscal operations—including fiscal mismanagement, regulatory non-compliance, fiscal governance or internal control issues, or fiscally operational deficiencies, etc. that *directly and systemically* impact the charter schools operated under the charter operator—are documented within each charter school's Annual Performance-Based Oversight Visit Report. These issues may or may not have been observed for the specific YPICS school named above, based on the CSD's sampling review. Lastly, school-specific exceptions, such as the fiscal condition, unique oversight observations, or audit findings, are reviewed and documented separately for each YPICS charter school.

1. Type of Observation: Erroneous/Accidental Personal Charges Using School Credit Cards

- **Source(s) of Document Reviewed: Credit Card Statements**
- **Description of Observation:** The CSD observed erroneous or accidental use of school credit cards for non-school related purchases by YPICS' Chief Operating Officer and Bert Corona High's (BCHS) Director of Operations. Please see the summary in the table below.

Item #	Account #	Transaction Date	Vendor	Transaction Amount	Comments
1	0005	8/30/2024	McDonalds Lost Hills	\$36.88	Per YPICS, this was an erroneous/accidental charge.
2	0005	11/8/2024	Paddle.net	\$29.00	Per YPICS, this was an erroneous/accidental charge.
3	0194	10/2/2024	SP Richie Pets	\$377.97	Per YPICS, this charge was disputed with the bank, but eventually

					determined to be an erroneous charge.
4	0194	10/2/2024	SP Richie Pets	\$394.14	Per YPICS, this charge was disputed with the bank, but eventually determined to be an erroneous charge.
			Total:	\$837.99	

- **Charter Operator’s Fiscal Policies and Procedures:** Page 11 (Credit Cards) of YPICS’ FPP, approved 8/13/2024, states: “Organization credit cards shall only be issued with the formal approval of the Governing Board and may only be used for organization-related expenditure.
Procedures:
 - Purchase requisition and other documentation requirements apply to credit card purchases.
 - The bank and/or consumer credit card (Amazon, Home Depot, Staples, etc.) will be kept under the supervision of the card holder.
 - An itemized receipt should be turned in for all purchases.
 - If receipts contain an inappropriate expense, the individual making the charge will be held responsible for payment.
 - In the case of a missing receipt, a missing receipt form shall be submitted and approved by the Executive Director, Chief Operations Officer, or Executive Administrator/Assistant Executive Administrator.
 - Should the Executive Director be required to complete a “missing receipt” form, authorization must be granted by a member of the Governing Board. Should the Chief Operations Officer be required to complete a “missing receipt” form, authorization must be granted by the Executive Director. Should an Executive Administrator/Assistant Executive Administrator be required to complete a “missing receipt” form, authorization must be granted by the Executive Director or Chief Operations Officer.
 - Credit cards will bear the names of both the organization and the cardholder as authorized by the Governing Board.
 - **No personal charges are permitted.**” (Emphasis added.)
- **Charter Operator’s Response:** In response to CSD’s observation noted above, both credit cardholders issued personal checks totaling \$837.99 to reimburse the school to pay for these erroneous and/or accidental purchases. YPICS leadership stated that although the purchases were due to human error, these were not intentional. Additionally, the staff that had SP Richie Pets credit card charges initially identified the purchase as fraudulent. After working with the bank, the employee and staff identified these purchases as erroneous charges. YPICS also stated that its Accounts Payable Team will conduct regular and thorough monitoring and auditing of credit card transactions, along with ongoing annual training and review of credit card usage and procedures for all its cardholders.
- **CSD’s Recommendations/Comments:** The CSD expects YPICS leadership and staff to strictly adhere to its board-approved fiscal policies and procedures when using school credit cards. Additionally, they should strengthen its internal controls to consistently monitor all expenditures to prevent errors and fraud, and to ensure any issues are promptly identified and corrected.

The governing board and leadership team of the charter school are responsible for managing the operations of the school. The CSD recommends that the Annual Performance-Based Oversight Visit Report, including the above-noted fiscal findings and observations, be discussed at YPICS’ next governing board meeting, highly preferably no later than 90 days following the school’s receipt of this report, so that the charter school and its governing board may address any issues early enough

to implement changes in order to see results in its next fiscal year. It is the school’s responsibility to provide the CSD its action plans/steps, proof of implementation of the mitigating actions taken by the school, and/or documentation (e.g., governing board meeting agendas and approved board meeting minutes, etc.), as applicable, prior to or during the next Annual Performance-Based Oversight Visit. The CSD will continue to monitor these issues through oversight and may take additional appropriate oversight actions. The results may be factored into the school’s rating for next year.

Other Observations (Items described in this section, which may not have been addressed in the charter school’s Fiscal Policies and Procedures, are recommended for improvement to align with optimal business practices).

1. Type of Observation: Lack of Clear Associated Student Body (ASB) Policies

- **Source(s) of Document Reviewed:** Charter Operator's Fiscal Policies, and Procedure.
- **Description of Observation:** The CSD noted that two of the three YPICS charter schools, namely Bert Corona Charter and Monseñor Oscar Romero Charter Middle, have ASB accounts. When the CSD requested for a copy of YPICS’ ASB policies, YPICS’ Home Office stated that these accounts follow the current YPICS’ FPP. However, the CSD observed no mention of the ASB in the YPICS’ FPP. This similar observation was documented in the school’s FY 2023-2024 Annual Performance-Based Oversight Visit Report.
- **Charter Operator’s Response:** In response to the CSD’s observation noted above during this year’s oversight, on 4/29/2025, the school’s FPP was revised and board-approved to reflect the inclusion of its ASB fiscal operations. Under the Local Fundraising section, it states that:
 - “The Associated Student Body (ASB) will adhere to YPICS’ fiscal policy handbook as approved by the YPICS Board. Separate ASB policies are not available.
 - YPICS will follow sound fiscal management policies adopted by the Board as it pertains to fundraising income. All cash received is recorded.
 - For each fundraising event or other event in which cash or checks will be collected the Executive Administrator will designate a staff member to be responsible for managing the process to collect and hold all cash related to the event.”
- **CSD’s Comments:** The absence of clear, written policies, procedures, and proper documentation required for the organization’s ASB to appropriately define and set internal controls in its fundraising, cash handling activities, etc., may create uncertainties among charter school students, employees, the authorizer, and any other stakeholders and raises questions as to whether these ASB activities and related expenditures are reasonable and appropriate for its intended school-related purposes. During the 2024-2025 oversight, the CSD reiterated its recommendation that the school formalize and establish its written policies and procedures pertaining to this area, which the school has attempted to address. The CSD acknowledges the clarifying language in the school’s revised FPP, as stated above, and will continue to evaluate the FPP updates and monitor the school's adherence to its FPP through oversight.

The Charter Schools Division will review the school’s actions referenced in the “Other Observations” section of this report by or during the next oversight visit. The results may be factored into the school’s rating for next year.

Corrective Action Required:

None noted that immediate action is required to remedy concerns in this report.

CHARTER RENEWAL CRITERIA

In accordance with Education Code §§ 47605, 47607, and 47607.2, in order to renew a charter, the District must determine whether the charter school has met specific renewal criteria prescribed in statute.

REPORT GUIDE

LAUSD’s oversight procedures are intended to balance a charter school’s autonomy of operation with its accountability to the public. LAUSD utilizes a holistic, performance-based approach to evaluate all charter schools, guided principally by making decisions in the best interest of students. The CSD observes and monitors each charter school in accordance with applicable laws, regulations, LAUSD policy, memoranda of understanding, and the school’s operative charter. Information gathered through oversight serves as part of the charter school’s ongoing record for the District to make informed decisions about charter school authorization, renewal, material revisions, sharing of promising practices, and if need be, revocation. While LAUSD is responsible to provide oversight of its charter schools and the entities managing charter schools, the primary oversight of each charter school must first and foremost be performed by the charter school’s own Governing Board. The Governing Board of a charter school has an ongoing responsibility to oversee the operations of its charter school(s), ensuring that every charter school it oversees is providing a high-quality educational program for students enrolled, is successfully fulfilling the terms of their charter, is fiscally sound, and complies with applicable laws, regulations, and court orders. In designing this document, the District has considered the California Charter Schools Act, the *LAUSD Policy and Procedures for Charter Schools*, the factors and guidance promulgated by the California State Board of Education in evaluating charter schools, and the National Association of Charter School Authorizers’ *Principles and Standards of Quality Authorizing*. This reporting tool provides guidelines and criteria used by the CSD to observe, record, assess, and reflect with the charter school on school performance as captured during the annual oversight visit process in these four categories:

- **Governance** – demonstrating fulfillment of the Governing Board’s fiduciary responsibility to effectively direct and provide oversight for the charter public school, including but not limited to enactment and monitoring of policies and procedures to ensure the school’s full compliance with applicable law, policy, and the terms of the charter approved by the LAUSD Board of Education
- **Student Achievement and Educational Performance** – demonstrating positive academic achievement and growth for all students
- **Organizational Management, Programs, and Operations** – demonstrating effective leadership and implementation of the governing board’s policies and procedures, as well as the school’s educational program and systems and procedures for the day-to-day operations of the school
- **Fiscal Operations** – demonstrating sound fiscal management, appropriate use of public funds, and compliance with regulatory requirements

This report, including the ratings in each category, is based on information and evidence gathered at the time of the annual oversight visit. The CSD considers evidence provided through CSD staff observations, document review, interviews, and discussion with school representatives and stakeholders. All charter schools are expected to prepare for the visit and have available, as applicable, all documentation requested in the *Annual Performance Based Oversight Visit Preparation Guide*. The “Sources of Evidence” sections below identify key information sources generally relevant to their respective indicators; these lists are not exhaustive, however, and some items may not be applicable to the grades served. Schools may present additional evidence as deemed relevant and appropriate. As needed, CSD staff also may request additional information and/or documentation prior to, during, and/or following the visit.

The tool employs the following four-point rubric to rate the school’s performance in each category: (4) *Accomplished*, (3) *Proficient*, (2) *Developing*, and (1) *Unsatisfactory*. In addition, the *Summary of School Performance* section in each category captures key findings under one or more of the following headings: (1) Areas of Demonstrated Strength and/or Progress; (2) Areas Noted for Further Growth and/or Improvement; and, if applicable, (3) Corrective Action Required. Under “Corrective Action Required,” the CSD reports findings of material noncompliance with applicable law, LAUSD charter policy, or the school’s approved charter. **If the report includes any findings under “Corrective Action Required,” the charter school must take immediate and appropriate steps to remedy the identified concern.** In accordance with its “tiered intervention” approach to charter school non-compliance and poor performance, the CSD may also send the school appropriate notices, separate and apart from this report, to provide and document time-specific follow-up as necessary. At the other end of the spectrum of performance, any school that earns a rating of *Accomplished* in any category is encouraged to submit to the CSD a summary of those “promising practices” that the school believes have contributed to its success, in order to support the CSD’s ongoing efforts to promote and facilitate reciprocal sharing of promising practices among education leaders from across all LAUSD schools.

A8: ALL STUDENTS CHRONIC ABSENTEEISM INDICATOR- (GRADES K-8)

The schoolwide Dashboard Chronic Absenteeism Indicator performance color is Yellow, which is the same as the state's color of Yellow. The school's 2024 percentage of chronically absent students (23.9%) is higher than the state average (18.6%). The school leader noted that Chronic absenteeism has decreased from 30.3% in 2022-23 to 23.9% in 2023-24, with a projection for this year suggesting a further drop below 20%. This progress is driven by a multi-tiered approach:

- Tier 1: Increased student recognition through attendance awards, competitions, and incentive-based programs like *WE MADE IT WEEK*. A focus on school culture, PBIS implementation, and engaging activities fosters a welcoming and motivating environment.
- Tier 2: Targeted interventions include attendance-focused field trips, strategically scheduled activities on historically low-attendance days, and support through the Community Schools Team.
- Tier 3: Expanded staffing and partnerships provide individualized support, including mentoring, counseling, and after-school engagement. A Youth Mentor and social work interns work closely with chronically absent students and families.

A10: ALL STUDENTS SUSPENSION RATE INDICATOR- (GRADES K-12)

The schoolwide Dashboard Suspension Rate Indicator performance color is Orange, as compared to the state's color of Green. The school's 2024 percentage of students suspended at least one day (5.2 %) is higher than the state average (3.2%). Considering this data, please provide the steps taken and/or plans to take to improve the outcomes for the Suspension Rate Indicator, as in this area the Charter is performing below the state average. The school leadership noted a focus to continuous improvement in school culture, focusing on student social-emotional needs, behavior management, and engagement, including:

- Expanded staff involvement in MTSS and PBIS strategies, with weekly 30-minute PD sessions to enhance implementation and engagement.

A12: ALL STUDENTS SCIENCE INDICATOR

- The school’s schoolwide Dashboard Science Indicator Status (-26.9 DFS) is lower than the state (-13.5 DFS). The school leadership noted they have opted for the integrated science model to make learning more cyclical, where key concepts are taught at all grade levels. This allows students to review and reinforce foundational science knowledge, with the use of Stile, a hybrid curriculum offering both online and print resources. Students engage with interactive lessons on Stile, sometimes guided, sometimes independently. Additionally, students have access to Stile X, a print resource for further learning and practice. The school has also purchased Stile lab kits, providing teachers with materials that align with both online and print activities.

SCHOOL NAME: Bert Corona Charter - MiddleAnnual Performance-Based Oversight Visit ReportDATE OF VISIT: 4/3/2025

- The analysis and application of student achievement data are in early development and need further refinement. The school should prioritize enhancing this process throughout the year, ensuring a balance between effective data analysis and its practical use in classroom instruction.
- Classroom observations:
 - Students were observed working in pods and pairs, particularly in ELD and Math, using role cards, Math Tale sheets, and whiteboards, indicating a school-wide emphasis on collaborative work groups (Equity). Teachers facilitated pair-sharing and used sentence starters to support student engagement.
 - Observed 6th grade doing group work through co-teaching /7th grade SFA as part of co-teaching.
 - In the ELD classroom, teachers emphasized key vocabulary, grouped students by language ability, and used scaffolding techniques like sentence starters, aligning with ELL/SEL criteria. However, evidence of sufficient wait time or 50%+ student academic talk was absent.
 - Continue to develop strategies for student engagement. Continue to use role cards.
 - Continue to develop practices for turn and talk.
 - Continue to develop purposeful co-teaching as the staff begins to feel more comfortable with the process.
 - Continue to define non-negotiable instructional strategies.

O3: SPECIAL EDUCATION

The school has a system in place for implementation and monitoring of its special education processes and program in compliance with all requirements; provides staff with professional development/training to support implementation of its special education program; and as documented in Welligent, adheres to mandated IEP timelines, and maintains accurate service provision records

- One overdue IEP.
- Lack of updated service provider data:
 - Tier 4: 2 students
 - Tier 5: 2 students
 - Tier 6: 1 student

In response to the Charter Schools Division's oversight requirements for the 2024-2025 school year, Bert Corona Charter demonstrated special education program with service delivery and IEP compliance. Key points include:

- **Overdue IEPs:** Only one IEP is past due, involving a student who enrolled mid-year from outside the district with an already overdue triennial IEP. The school promptly held a 30-day IEP meeting to establish comparable services, secured parental consent for assessments, and will convene a full IEP team meeting upon evaluation completion to ensure compliance by October 30, 2025.
- **Service Delivery:** 95.4% of special education services meet delivery levels (Tiers 1-3), with the remaining 4.6% (Tiers 4-6) being updated in Welligent to reflect accurate delivery. A plan to make up outstanding service minutes for Tiers 4-6 students will be documented in IEPs by October 30, 2025, ensuring timely provision of services.

O4: SCHOOL CLIMATE AND STUDENT DISCIPLINE

The school has a partially developed and/or minimally effective school climate and student discipline system that is only partially aligned with the principles of the Discipline Foundation Policy and School Climate Bill of Rights, as evidenced by:

- The school's Chronic Absenteeism (23.9%) remains higher than the state average (18.6%).

LAUSD CHARTER SCHOOLS DIVISION

SCHOOL NAME: Bert Corona Charter - Middle

Annual Performance-Based Oversight Visit Report

DATE OF VISIT: 4/3/2025

- The school’s percentage of students suspended at least one day (5.2%) is higher than the state (3.2%).
- The school has an increase and high suspension event rates from 6.53% in 2022-2023 to 10.32% in 2024-2025.
- School leadership emphasized ongoing improvement in school culture, prioritizing student social-emotional needs, behavior management, and engagement.
- Teacher Support & Professional Development: Broadened staff participation in MTSS and PBIS strategies, with weekly 30-minute professional development sessions to strengthen implementation and engagement.
- New Community Partnerships: Established collaborations with organizations such as MLC, Luminarias, Aviva, Boys & Girls Club, and GEAR UP to offer counseling, mentoring, and enrichment programs.
- Expanded Check-In/Check-Out (CICO) Program: Enhanced student support through daily mentor check-ins, resulting in greater student success and recognition.

Annual Performance-Based Oversight Visit Report

DATE OF VISIT: 4/3/2025

As noted above, the school has maintained a balanced budget for Fiscal Year 2023-2024, and projected a balanced budget for 2024-2025 Second Interim. According to YPICS leadership, several factors, such as declines in birth rates, pandemic effects, job losses, labor shortages, unaffordable housing, and reverse migration patterns, negatively impact its schools' enrollment. To improve school enrollment, it plans to re-engage main feeder schools and make presentations to parents and students; increase web presence; update school websites to support outreach and improved communication; and install street banners on major roadways around the campus. The CSD will continue to monitor the school's student enrollment and financial condition through oversight.

Areas of Demonstrated Strength and/or Progress:

1. The school's fiscal condition is positive, and has been upward trending since the 2020-2021 fiscal year. Please refer to the Financial Highlights table above.

Areas Noted for Further Growth and/or Improvement:

Through conducting fiscal oversight and analyzing the data below, the CSD requests and receives fiscal documents from YPICS (including bank statements, bank reconciliations, credit card statements, and check registers) for the three YPICS charter schools that are currently authorized by LAUSD. The CSD reviews these financial documents, as well as a sample of checks/disbursements, and credit card transactions across these YPICS charter schools, to assess the organization's overall compliance with *YPICS Fiscal Policies and Procedures (FPP)*, approved 8/13/2024, applicable legal, District, and charter requirements, and the effectiveness of the charter operator's internal controls and systems in place (aligned with best business practices). Any areas noted for other observations relating to YPICS and its charter schools' overall compliance and fiscal operations—including fiscal mismanagement, regulatory non-compliance, fiscal governance or internal control issues, or fiscally operational deficiencies, etc. that *directly and systemically* impact the charter schools operated under the charter operator—are documented within each charter school's Annual Performance-Based Oversight Visit Report. These issues may or may not have been observed for the specific YPICS school named above, based on the CSD's sampling review. Lastly, school-specific exceptions, such as the fiscal condition, unique oversight observations, or audit findings, are reviewed and documented separately for each YPICS charter school.

1. Type of Observation: Erroneous/Accidental Personal Charges Using School Credit Cards

- **Source(s) of Document Reviewed: Credit Card Statements**
- **Description of Observation:** The CSD observed erroneous or accidental use of school credit cards for non-school related purchases by YPICS' Chief Operating Officer and Bert Corona High's (BCHS) Director of Operations. Please see the summary in the table below.

Item #	Account #	Transaction Date	Vendor	Transaction Amount	Comments
1	0005	8/30/2024	McDonalds Lost Hills	\$36.88	Per YPICS, this was an erroneous/accidental charge.
2	0005	11/8/2024	Paddle.net	\$29.00	Per YPICS, this was an erroneous/accidental charge.

4	0194	10/2/2024	SP Richie Pets	\$394.14	Per YPICS, this charge was disputed with the bank, but eventually determined to be an erroneous charge.
			Total:	\$837.99	

- **Charter Operator’s Fiscal Policies and Procedures:** Page 11 (Credit Cards) of YPICS’ FPP, approved 8/13/2024, states: “Organization credit cards shall only be issued with the formal approval of the Governing Board and may only be used for organization-related expenditure.

Procedures:

- Purchase requisition and other documentation requirements apply to credit card purchases.
- The bank and/or consumer credit card (Amazon, Home Depot, Staples, etc.) will be kept under the supervision of the card holder.
- An itemized receipt should be turned in for all purchases.
- If receipts contain an inappropriate expense, the individual making the charge will be held responsible for payment.
- In the case of a missing receipt, a missing receipt form shall be submitted and approved by the Executive Director, Chief Operations Officer, or Executive Administrator/Assistant Executive Administrator.
- Should the Executive Director be required to complete a “missing receipt” form, authorization must be granted by a member of the Governing Board. Should the Chief Operations Officer be required to complete a “missing receipt” form, authorization must be granted by the Executive Director. Should an Executive Administrator/Assistant Executive Administrator be required to complete a “missing receipt” form, authorization must be granted by the Executive Director or Chief Operations Officer.
- Credit cards will bear the names of both the organization and the cardholder as authorized by the Governing Board.
- **No personal charges are permitted.**” (Emphasis added.)

- **Charter Operator’s Response:** In response to CSD’s observation noted above, both credit cardholders issued personal checks totaling \$837.99 to reimburse the school to pay for these erroneous and/or accidental purchases. YPICS leadership stated that although the purchases were due to human error, these were not intentional. Additionally, the staff that had SP Richie Pets credit card charges initially identified the purchase as fraudulent. After working with the bank, the employee and staff identified these purchases as erroneous charges. YPICS also stated that its Accounts Payable Team will conduct regular and thorough monitoring and auditing of credit card transactions, along with ongoing annual training and review of credit card usage and procedures for all its cardholders.

- **CSD’s Recommendations/Comments:** The CSD expects YPICS leadership and staff to strictly adhere to its board-approved fiscal policies and procedures when using school credit cards. Additionally, they should strengthen its internal controls to consistently monitor all expenditures to prevent errors and fraud, and to ensure any issues are promptly identified and corrected.

LAUSD CHARTER SCHOOLS DIVISION

SCHOOL NAME: Bert Corona Charter - MiddleAnnual Performance-Based Oversight Visit ReportDATE OF VISIT: 4/3/2025

The governing board and leadership team of the charter school are responsible for managing the operations of the school. The CSD recommends that the Annual Performance-Based Oversight Visit Report, including the above-noted fiscal findings and observations, be discussed at YPICS' next governing board meeting, highly preferably no later than 90 days following the school's receipt of this report, so that the charter school and its governing board may address any issues early enough to implement changes in order to see results in its next fiscal year. It is the school's responsibility to provide the CSD its action plans/steps, proof of implementation of the mitigating actions taken by the school, and/or documentation (e.g., governing board meeting agendas and approved board meeting minutes, etc.), as applicable, prior to or during the next Annual Performance-Based Oversight Visit. The CSD will continue to monitor these issues through oversight and may take additional appropriate oversight actions. The results may be factored into the school's rating for next year.

Other Observations (Items described in this section, which may not have been addressed in the charter school's Fiscal Policies and Procedures, are recommended for improvement to align with optimal business practices).

1. Type of Observation: Lack of Clear Associated Student Body (ASB) Policies

- **Source(s) of Document Reviewed:** Charter Operator's Fiscal Policies, and Procedure.
- **Description of Observation:** The CSD noted that two of the three YPICS charter schools, namely Bert Corona Charter and Monseñor Oscar Romero Charter Middle, have ASB accounts. When the CSD requested for a copy of YPICS' ASB policies, YPICS' Home Office stated that these accounts follow the current YPICS' FPP. However, the CSD observed no mention of the ASB in the YPICS' FPP. This similar observation was documented in the school's FY 2023-2024 Annual Performance-Based Oversight Visit Report.
- **Charter Operator's Response:** In response to the CSD's observation noted above during this year's oversight, on 4/29/2025, the school's FPP was revised and board-approved to reflect the inclusion of its ASB fiscal operations. Under the Local Fundraising section, it states that:
 - "The Associated Student Body (ASB) will adhere to YPICS' fiscal policy handbook as approved by the YPICS Board. Separate ASB policies are not available.
 - YPICS will follow sound fiscal management policies adopted by the Board as it pertains to fundraising income. All cash received is recorded.
 - For each fundraising event or other event in which cash or checks will be collected the Executive Administrator will designate a staff member to be responsible for managing the process to collect and hold all cash related to the event."
- **CSD's Comments:** The absence of clear, written policies, procedures, and proper documentation required for the organization's ASB to appropriately define and set internal controls in its fundraising, cash handling activities, etc., may create uncertainties among charter school students, employees, the authorizer, and any other stakeholders and raises questions as to whether these ASB activities and related expenditures are reasonable and appropriate for its intended school-related purposes. During the 2024-2025 oversight, the CSD reiterated its recommendation that the school formalize and establish its written policies and procedures pertaining to this area, which the school has attempted to address. The CSD acknowledges the clarifying language in the school's revised FPP, as stated above, and will continue to evaluate the FPP updates and monitor the school's adherence to its FPP through oversight.

The Charter Schools Division will review the school's actions referenced in the "Other Observations" section of this report by or during the next oversight visit. The results may be factored into the school's rating for next year.

**Existing School
1 (Unsatisfactory)**

*An existing school would receive a rating of **1 (Unsatisfactory)** based on the conditions described below.*

An Unsatisfactory rating is assessed based on the following conditions, including, but not limited to:

A charter school is assessed as Unsatisfactory if the charter school does not meet the criteria for *Accomplished*, *Proficient*, or *Developing* above. The charter school was given a certain period of time to address the fiscal concerns of LAUSD (including, but not limited to, repeat material weaknesses, significant deficiencies, and/or significant audit findings disclosed in the charter operator’s most recent annual independent audit report, noncompliance with Generally Accepted Accounting Principles (GAAP), applicable law, LAUSD charter policy, and the school’s approved charter, conflicts of interest, unresolved significant fiscal management issues, outstanding notices, etc.), but failed to provide a satisfactory response. The charter school has shown no *feasible* financial plans, and/or immediate sources of funding to maintain a viable budget and/or sustain the school’s operation to mitigate the negative fiscal condition. The charter school’s governing board members and/or leadership lack fiscal capacity.

Continued operation of a charter school that is assessed as Unsatisfactory may result to non-implementation of instructional programs as provided in the petition.

Note: Other circumstances and information could influence the rating and will be noted in the evaluation.

**New School
2 (Developing)**

*A new school would receive a rating of **2 (Developing)** if the charter school, at a minimum, meets all of the Required Criteria listed below.*

REQUIRED CRITERIA

1. Interim reports and/or unaudited actuals project positive net assets;
2. Projected debt, if any, is managed efficiently and will not cause the charter school to end the fiscal year with negative net assets. The non-profit organization is financially viable to support the charter school;
3. If enrollment is significantly below the enrollment per the school’s *Pupil Estimates for New or Significantly Expanding Charters* report and/or its approved petition budget, the charter school has made significant adjustments in their operations to allow for the reduced income, and submitted a revised viable three-year budget and three-year cash flow projections;
4. Governing board adopts the annual budget;
5. Governing board reviews and discusses the charter school’s financial reports as evidenced by the governing board meeting minutes;
6. Reasonable requests for information made by the Charter Schools Division and LAUSD are processed or submitted by the charter school in a timely manner; and

CHARTER RENEWAL CRITERIA

In accordance with Education Code §§ 47605, 47607, and 47607.2, in order to renew a charter, the District must determine whether the charter school has met specific renewal criteria prescribed in statute.

REPORT GUIDE

LAUSD’s oversight procedures are intended to balance a charter school’s autonomy of operation with its accountability to the public. LAUSD utilizes a holistic, performance-based approach to evaluate all charter schools, guided principally by making decisions in the best interest of students. The CSD observes and monitors each charter school in accordance with applicable laws, regulations, LAUSD policy, memoranda of understanding, and the school’s operative charter. Information gathered through oversight serves as part of the charter school’s ongoing record for the District to make informed decisions about charter school authorization, renewal, material revisions, sharing of promising practices, and if need be, revocation. While LAUSD is responsible to provide oversight of its charter schools and the entities managing charter schools, the primary oversight of each charter school must first and foremost be performed by the charter school’s own Governing Board. The Governing Board of a charter school has an ongoing responsibility to oversee the operations of its charter school(s), ensuring that every charter school it oversees is providing a high-quality educational program for students enrolled, is successfully fulfilling the terms of their charter, is fiscally sound, and complies with applicable laws, regulations, and court orders. In designing this document, the District has considered the California Charter Schools Act, the *LAUSD Policy and Procedures for Charter Schools*, the factors and guidance promulgated by the California State Board of Education in evaluating charter schools, and the National Association of Charter School Authorizers’ *Principles and Standards of Quality Authorizing*. This reporting tool provides guidelines and criteria used by the CSD to observe, record, assess, and reflect with the charter school on school performance as captured during the annual oversight visit process in these four categories:

- **Governance** – demonstrating fulfillment of the Governing Board’s fiduciary responsibility to effectively direct and provide oversight for the charter public school, including but not limited to enactment and monitoring of policies and procedures to ensure the school’s full compliance with applicable law, policy, and the terms of the charter approved by the LAUSD Board of Education
- **Student Achievement and Educational Performance** – demonstrating positive academic achievement and growth for all students
- **Organizational Management, Programs, and Operations** – demonstrating effective leadership and implementation of the governing board’s policies and procedures, as well as the school’s educational program and systems and procedures for the day-to-day operations of the school
- **Fiscal Operations** – demonstrating sound fiscal management, appropriate use of public funds, and compliance with regulatory requirements

This report, including the ratings in each category, is based on information and evidence gathered at the time of the annual oversight visit. The CSD considers evidence provided through CSD staff observations, document review, interviews, and discussion with school representatives and stakeholders. All charter schools are expected to prepare for the visit and have available, as applicable, all documentation requested in the *Annual Performance Based Oversight Visit Preparation Guide*. The “Sources of Evidence” sections below identify key information sources generally relevant to their respective indicators; these lists are not exhaustive, however, and some items may not be applicable to the grades served. Schools may present additional evidence as deemed relevant and appropriate. As needed, CSD staff also may request additional information and/or documentation prior to, during, and/or following the visit.

The tool employs the following four-point rubric to rate the school’s performance in each category: (4) *Accomplished*, (3) *Proficient*, (2) *Developing*, and (1) *Unsatisfactory*. In addition, the *Summary of School Performance* section in each category captures key findings under one or more of the following headings: (1) Areas of Demonstrated Strength and/or Progress; (2) Areas Noted for Further Growth and/or Improvement; and, if applicable, (3) Corrective Action Required. Under “Corrective Action Required,” the CSD reports findings of material noncompliance with applicable law, LAUSD charter policy, or the school’s approved charter. **If the report includes any findings under “Corrective Action Required,” the charter school must take immediate and appropriate steps to remedy the identified concern.** In accordance with its “tiered intervention” approach to charter school non-compliance and poor performance, the CSD may also send the school appropriate notices, separate and apart from this report, to provide and document time-specific follow-up as necessary. At the other end of the spectrum of performance, any school that earns a rating of *Accomplished* in any category is encouraged to submit to the CSD a summary of those “promising practices” that the school believes have contributed to its success, in order to support the CSD’s ongoing efforts to promote and facilitate reciprocal sharing of promising practices among education leaders from across all LAUSD schools.

Annual Performance-Based Oversight Visit Report

DATE OF VISIT: 4/25/2025

As noted above, the school has maintained a balanced budget for Fiscal Year 2023-2024, and projected a balanced budget for the 2024-2025 Second Interim. According to YPICS leadership, several factors, such as declines in birth rates, pandemic effects, job losses, labor shortages, unaffordable housing, and reverse migration patterns, negatively impact its schools' enrollment. To improve school enrollment, it plans to re-engage main feeder schools and make presentations to parents and students; increase web presence; update school websites to support outreach and improved communication; and install street banners on major roadways around the campus. The CSD will continue to monitor the school's student enrollment and financial condition through oversight.

Areas of Demonstrated Strength and/or Progress:

1. The school's fiscal condition is positive, and has been upward trending since the 2020-2021 fiscal year. Please refer to the Financial Highlights table above.

Areas Noted for Further Growth and/or Improvement:

Through conducting fiscal oversight and analyzing the data below, the CSD requests and receives fiscal documents from YPICS (including bank statements, bank reconciliations, credit card statements, and check registers) for the three YPICS charter schools that are currently authorized by LAUSD. The CSD reviews these financial documents, as well as a sample of checks/disbursements, and credit card transactions across these YPICS charter schools, to assess the organization's overall compliance with *YPICS Fiscal Policies and Procedures (FPP)*, approved 8/13/2024, applicable legal, District, and charter requirements, and the effectiveness of the charter operator's internal controls and systems in place (aligned with best business practices). Any areas noted for other observations relating to YPICS and its charter schools' overall compliance and fiscal operations—including fiscal mismanagement, regulatory non-compliance, fiscal governance or internal control issues, or fiscally operational deficiencies, etc. that *directly and systemically* impact the charter schools operated under the charter operator—are documented within each charter school's Annual Performance-Based Oversight Visit Report. These issues may or may not have been observed for the specific YPICS school named above, based on the CSD's sampling review. Lastly, school-specific exceptions, such as the fiscal condition, unique oversight observations, or audit findings, are reviewed and documented separately for each YPICS charter school.

1. Type of Observation: Erroneous/Accidental Personal Charges Using School Credit Cards

- **Source(s) of Document Reviewed: Credit Card Statements**
- **Description of Observation:** The CSD observed erroneous or accidental use of school credit cards for non-school related purchases by YPICS' Chief Operating Officer and BCHS' Director of Operations. Please see the summary in the table below.

Item #	Account #	Transaction Date	Vendor	Transaction Amount	Comments
1	0005	8/30/2024	McDonalds Lost Hills	\$36.88	Per YPICS, this was an erroneous/accidental charge.
2	0005	11/8/2024	Paddle.net	\$29.00	Per YPICS, this was an erroneous/accidental charge.

3	0194	10/2/2024	SP Richie Pets	\$377.97	Per YPICS, this charge was disputed with the bank, but eventually determined to be an erroneous charge.
4	0194	10/2/2024	SP Richie Pets	\$394.14	Per YPICS, this charge was disputed with the bank, but eventually determined to be an erroneous charge.
			Total:	\$837.99	

- **Charter Operator’s Fiscal Policies and Procedures:** Page 11 (Credit Cards) of YPICS’ FPP, approved 8/13/2024, states: “Organization credit cards shall only be issued with the formal approval of the Governing Board and may only be used for organization-related expenditure.

Procedures:

- Purchase requisition and other documentation requirements apply to credit card purchases.
- The bank and/or consumer credit card (Amazon, Home Depot, Staples, etc.) will be kept under the supervision of the card holder.
- An itemized receipt should be turned in for all purchases.
- If receipts contain an inappropriate expense, the individual making the charge will be held responsible for payment.
- In the case of a missing receipt, a missing receipt form shall be submitted and approved by the Executive Director, Chief Operations Officer, or Executive Administrator/Assistant Executive Administrator.
- Should the Executive Director be required to complete a “missing receipt” form, authorization must be granted by a member of the Governing Board. Should the Chief Operations Officer be required to complete a “missing receipt” form, authorization must be granted by the Executive Director. Should an Executive Administrator/Assistant Executive Administrator be required to complete a “missing receipt” form, authorization must be granted by the Executive Director or Chief Operations Officer.
- Credit cards will bear the names of both the organization and the cardholder as authorized by the Governing Board.
- **No personal charges are permitted.**” (Emphasis added.)

- **Charter Operator’s Response:** In response to CSD’s observation noted above, both credit cardholders issued personal checks totaling \$837.99 to reimburse the school to pay for these erroneous and/or accidental purchases. YPICS leadership stated that although the purchases were due to human error, these were not intentional. Additionally, the staff that had SP Richie Pets credit card charges initially identified the purchase as fraudulent. After working with the bank, the employee and staff identified these purchases as erroneous charges. YPICS also stated that its Accounts Payable Team will conduct regular and thorough monitoring and auditing of credit card transactions, along with ongoing annual training and review of credit card usage and procedures for all its cardholders.

- **CSD’s Recommendations/Comments:** The CSD expects YPICS leadership and staff to strictly adhere to its board-approved fiscal policies and procedures when using school credit cards. Additionally, they should strengthen its internal controls to consistently monitor all expenditures to prevent errors and fraud, and to ensure any issues are promptly identified and corrected.

SCHOOL NAME: Bert Corona Charter HighAnnual Performance-Based Oversight Visit ReportDATE OF VISIT: 4/25/2025

The governing board and leadership team of the charter school are responsible for managing the operations of the school. The CSD recommends that the Annual Performance-Based Oversight Visit Report, including the above-noted fiscal findings and observations, be discussed at YPICS' next governing board meeting, highly preferably no later than 90 days following the school's receipt of this report, so that the charter school and its governing board may address any issues early enough to implement changes in order to see results in its next fiscal year. It is the school's responsibility to provide the CSD its action plans/steps, proof of implementation of the mitigating actions taken by the school, and/or documentation (e.g., governing board meeting agendas and approved board meeting minutes, etc.), as applicable, prior to or during the next Annual Performance-Based Oversight Visit. The CSD will continue to monitor these issues through oversight and may take additional appropriate oversight actions. The results may be factored into the school's rating for next year.

Other Observations (Items described in this section, which may not have been addressed in the charter school's Fiscal Policies and Procedures, are recommended for improvement to align with optimal business practices).

1. Type of Observation: Lack of Clear Associated Student Body (ASB) Policies

- **Source(s) of Document Reviewed: Charter Operator's Fiscal Policies, and Procedure.**
- **Description of Observation:** The CSD noted that two of the three YPICS charter schools, namely Bert Corona Charter and Monseñor Oscar Romero Charter Middle, have ASB accounts. When the CSD requested for a copy of YPICS' ASB policies, YPICS' Home Office stated that these accounts follow the current YPICS' FPP. However, the CSD observed no mention of the ASB in the YPICS' FPP. This similar observation was documented in the school's FY 2023-2024 Annual Performance-Based Oversight Visit Report.
- **Charter Operator's Response:** In response to the CSD's observation noted above during this year's oversight, on 4/29/2025, the school's FPP was revised and board-approved to reflect the inclusion of its ASB fiscal operations. Under the Local Fundraising section, it states that:
 - "The Associated Student Body (ASB) will adhere to YPICS' fiscal policy handbook as approved by the YPICS Board. Separate ASB policies are not available.
 - YPICS will follow sound fiscal management policies adopted by the Board as it pertains to fundraising income. All cash received is recorded.
 - For each fundraising event or other event in which cash or checks will be collected the Executive Administrator will designate a staff member to be responsible for managing the process to collect and hold all cash related to the event."
- **CSD's Comments:** The absence of clear, written policies, procedures, and proper documentation required for the organization's ASB to appropriately define and set internal controls in its fundraising, cash handling activities, etc., may create uncertainties among charter school students, employees, the authorizer, and any other stakeholders and raises questions as to whether these ASB activities and related expenditures are reasonable and appropriate for its intended school-related purposes. During the 2024-2025 oversight, the CSD reiterated its recommendation that the school formalize and establish its written policies and procedures pertaining to this area, which the school has attempted to address. The CSD acknowledges the clarifying language in the school's revised FPP, as stated above, and will continue to evaluate the FPP updates and monitor the school's adherence to its FPP through oversight.

The Charter Schools Division will review the school's actions referenced in the "Other Observations" section of this report by or during the next oversight visit. The results may be factored into the school's rating for next year.

Corrective Action Required:

None noted that immediate action is required to remedy concerns in this report.

Re: YPICS Safe and Secure Learning Environment for All Students Update

Background

AB 49 (2025) strengthened protections for students and school communities related to immigration enforcement on school campuses. Under AB 49, schools cannot allow immigration enforcement officers into nonpublic areas of a school site unless they present a valid judicial warrant, judicial subpoena, or court order.

In addition, AB 49 requires that all schools, including charter schools, adopt or update policies in accordance with this law by March 1, 2026.

Recommendation

Approve the updated policy which has been written based on the model policies provided by the California Attorney General. Items that have been updated are highlighted in yellow. All of the appendices are new.

YPI CHARTER SCHOOLS

YPICS Policy: Safe and Secure Learning Environment for All Students

Policy Statement 1: Gathering and Handling Student and Family Information

Collecting and Retaining Student Information

- The YPI Charter Schools (YPICS) shall maintain in writing YPICS policies and procedures for gathering and handling sensitive student information, and appropriate personnel shall receive training regarding those policies and procedures
- If the YPI Charter Schools possess information that could indicate immigration status, citizenship status, or national origin information, the YPICS shall not use the acquired information to discriminate against any students or families or bar children from enrolling in or attending school.
- If parents or guardians choose not to provide information that could indicate their or their children's immigration status, citizenship status, or national origin information, the YPICS shall not use such actions as a basis to discriminate against any students or families or bar children from enrolling or attending school.
- The YPI Charter Schools shall not allow school resources or data to be used to create a registry based on race, gender, sexual orientation, religion, ethnicity, or national origin.

Inquiries Regarding Immigration Status, Citizenship Status, and National Origin Information

- YPI Charter Schools personnel shall not inquire specifically about a student's citizenship or immigration status or the citizenship or immigration status of a student's parents or guardians; nor shall personnel seek or require, to the exclusion of other permissible documentation or information, documentation or information that may indicate a student's immigration status, such as a green card, voter registration, a passport, or citizenship papers.
- Where any law contemplates submission of national origin information to satisfy the requirements of a special program, YPICS personnel shall solicit the documentation or information separately from the school enrollment process.
- Where permitted by law, the Director of the YPICS school shall enumerate alternative means to establish residency, age, or other eligibility criteria for enrollment or programs. Those alternative means shall include, among them, documentation or information that is available to persons regardless of immigration status, citizenship status, or national origin, and that do not reveal information related to citizenship or immigration status.

- Where residency, age, and other eligibility criteria for purposes of enrollment or any program may be established by alternative documents or information permitted by law of this policy, the YPICS' procedures and forms shall describe to the applicant, and accommodate, all alternatives specified in law and all alternatives authorized under this policy.

Inquiries about Social Security Numbers or Cards

- The YPICS shall not solicit or collect entire Social Security numbers or cards.
- The YPICS shall solicit and collect the last four digits of an adult household member's Social Security number only if required to establish eligibility for federal benefit programs.
- When collecting the last four digits of an adult household member's Social Security number to establish eligibility for a federal benefit program, the YPICS shall explain the limited purpose for which this information is collected and clarify that a failure to provide this information will not bar the student from enrolling in or attending the school.
- The YPICS shall treat all students equitably in the receipt of all school services, including, but not limited to, the gathering of student and family information for the free and reduced lunch program, transportation and educational instruction.

Policy Statement 2: Sharing Student and Family Information

Procedures Regarding Information Sharing

- The YPICS shall avoid the disclosure of information that might indicate a student's or family's citizenship or immigration status without first attempting to notify the parent or guardian in compliance with the Family Educational Rights and Privacy Act (FERPA).
- YPICS personnel shall take the following action steps upon receiving all information requests related to a student's or family's immigration or citizenship status:
 - Notify a designated YPICS official about the information request.
 - Provide students and families with appropriate notice and a description of the immigration officer's request.
 - Document any verbal or written request for information by immigration authorities.
 - Unless prohibited, provide students and parents/guardians with any documents issued by the immigration-enforcement officer.
- Except for investigations of suspected child abuse, child neglect, or child dependency, or when the subpoena served on the local educational agency prohibits disclosure, the YPICS shall provide parental or guardian notification of any court orders, warrants, or subpoenas before responding to such requests.
- The YPICS shall make every effort to receive written parental or guardian consent for release of student information, unless the information is for directory information only.
- The YPICS request for written parental, guardian, or eligible student consent for release of student information must include the following information: (1) the signature and date of the parent, guardian,

or eligible student providing consent; (2) a description of the records to be disclosed; (3) the reason for release of information; (4) the parties or class of parties receiving the information; and (5) if requested by the parents, guardians or eligible student, a copy of the records to be released. The YPICS shall permanently keep the consent notice with the record file.

- The parent, guardian, or eligible student is not required to sign the consent form. If the parent, guardian or eligible student refuses to provide written consent for the release of student information that this not otherwise subject to release, the YPICS shall not release the information.
- If the request seeks information regarding an employee or teacher of the local educational agency, the same procedures as above should be followed, except that human resources personnel (a designated person) should be consulted first.
- For any requests for information, the local educational agency is under no obligation to produce the records or information immediately. Rather, the local educational agency should note any designated date for production of records, if one is indicated in the request, and convey that to a designated person at the agency. The agency should designate a contact person to whom such requests for information should be directed.
- The local educational agency should obtain the contact information of the person to whom a response to the request for information should be directed and forward such contact information to the person the agency has designated to receive such requests.

Annual Information Notice to Parents and Guardians

General Information Policy

- The YPICS must provide an annual notice to parents and guardians of the school's general information policies that includes:
 - Assurances that the YPICS will not release information to third parties for immigration-enforcement purposes, except as required by law or court order.
 - A description of the types of student records maintained by the YPICS.
 - A list of the circumstances or conditions under which the YPICS might release student information to outside people or entities.
 - A statement that, unless the [local educational agency] is providing directory information or information permitted to be disclosed without parental consent under FERPA and the California Education Code, the [local educational agency] shall notify parents or guardians and eligible students—and receive their written consent—before it releases a student's personally identifiable information.
 - Even for those exceptions that permit the release of education records without parental consent, the agency is required to notify the student and their family unless an exception exists. The agency's policy should explain these exceptions that do not require prior notification.

Directory Information Policy

- If the YPICS decides to release directory information, the YPICS shall provide an annual notice to parents and guardians, and “eligible students” in attendance, of the YPICS’ directory information policy that includes:
 - The categories of information that the YPICS has classified as public directory information that may be disclosed without parental consent and which should only include the information specifically identified in Education Code section 49061, subdivision (c).
 - A statement that directory information does not include citizenship status, immigration status, place of birth, or any other information indicating national origin (except where the YPICS receives consent as required under state law).
 - The recipients of the directory information.
 - A description of the parent’s or guardian’s abilities to refuse release of the student’s directory information, and how to refuse release.
 - The deadline in which the parent, guardian or student must notify the school in writing that he or she does not want the information designated as directory information.

Policy Statement 3: Responding to Requests for Access to School Grounds for Immigration Enforcement Purposes

Monitoring and Receiving Visitors onto Campus

- No outsider – which would include immigration-enforcement officers – shall enter or remain on school grounds of the YPICS during school hours without having registered with the Director or designee. If there are no exigent circumstances necessitating immediate action, and if the immigration officer does not possess a judicial warrant or court order that provides a basis for the visit, the officer must provide the following information to the Director or designee:
 - Name, address, occupation;
 - Age, if less than 21;
 - Purpose for entering school grounds;
 - Proof of identity; and
 - Any other information as required by law.
- The YPICS shall adopt measures for responding to outsiders that avoids classroom interruptions, and preserves the peaceful conduct of the school’s activities, consistent with local circumstances and practices.
- The YPICS shall post signs at the entrance of its school grounds to notify outsiders of the hours and requirements for registration.
- YPICS personnel shall report entry by immigration enforcement officers to any on-site school police, security officers, or other appropriate administrator as would be required for any unexpected or unscheduled outside visitor coming on campus.

Responding to On-Campus Immigration Enforcement

- As early as possible, YPICS personnel shall notify the Executive Director, Director of the school, or designated administrator of any request by an immigration-enforcement officer for school or student access, or any requests for review of school documents (including for the services of lawful subpoenas, petitions, complaints, warrants, etc.).
- In addition to notifying the Executive Director, Director of the school, or designated administrator, YPICS personnel shall take the following action steps in response to an officer present on the school campus specifically for immigration-enforcement purposes:
 1. Advise the officer before proceeding with his or her request, and absent exigent circumstances, school personnel must first receive notification and direction from the Executive Director or Director of the school.
 2. Ask to see, and make a copy of or note, the officer’s credentials (name and badge number). Also ask for and copy or note the phone number of the officer’s supervisor.
 3. Ask the officer for his/her reason for being on school grounds and document it.
 4. Ask the officer to produce any documentation that authorizes school access.
 5. Make a copy of all documents provided by the officer. Retain one copy of the documents for school records.
 6. If the officer declares that exigent circumstances exist and demands immediate access to the campus, YPICS personnel should comply with the officer’s orders and immediately contact the Executive Director, Director of the school or designated administrator.
 7. If the officer does not declare that exigent circumstances exist, respond according to the requirements of the officer’s documentation. If the immigration-enforcement officer has:
 - a. **an ICE (Immigrations and Customs Enforcement) administrative warrant (see Appendix B) YPICS personnel shall inform the officer that they cannot consent to any request without first consulting with the YPICS Legal counsel or Executive Director.**
 - b. **a federal judicial warrant (search-and-seizure warrant or arrest warrant; see Appendix C & D), prompt compliance with such a warrant is usually legally required. If feasible, consult with the the YPICS Legal counsel or Executive Director before providing the agent access to the person or materials specified in the warrant.**
 - c. **a subpoena for production of documents or other evidence (see Appendix E & F), immediate compliance is not required. Therefore, the YPICS personnel shall inform the YPICS legal counsel or other designated official of the subpoena, and await further instructions on how to proceed.**
 8. **While YPICS personnel should not consent to an officer seeking access for immigration enforcement purposes, except as described above, they should not attempt to physically impede the officer, even if the officer appears to be exceeding the authorization given under a warrant or other document. If an officer enters the premises without consent, YPICS personnel shall document their actions while on campus and if feasible, accompany them at all times.**
 9. After the encounter with the officer, YPICS personnel shall promptly take written notes of all interactions with the officer. The notes shall include the following items:
 - a. List or copy of the officer’s credentials and contact information;

- b. Identity of all school personnel who communicated with the officer;
 - c. Details of the officer's request;
 - d. Whether the officer presented a warrant or subpoena to accompany his/her request, what was requested in the warrant/subpoena, and whether the warrant/subpoena was signed by a judge;
 - e. YPICS personnel's response to the officer's request;
 - f. Any further action taken by the agent; and
 - g. Photo or copy of any documents presented by the agent.
10. YPICS personnel shall provide a copy of those notes, and associated documents collected from the officer, to the YPICS' legal counsel or Executive Director or Director of the school.
 11. In turn, the YPICS' legal counsel or Executive Director or Director of the school shall submit a timely report to the YPICS governing board regarding the officer's requests and actions and the YPICS' responses.
 12. E-mail the *Bureau of Children's Justice* in the *California Department of Justice* at BCJ@doj.ca.gov, regarding any attempt by a law-enforcement officer to access a school site or a student for immigration-enforcement purposes.

Parental Notification of Immigration-Enforcement Actions

- YPICS personnel must receive consent from the student's parent or guardian before a student can be interviewed or searched by any officer seeking to enforce the civil immigration laws at the school, unless the officer presents a valid, effective warrant signed by a judge, or presents a valid, effective court order.
- YPICS personnel shall immediately notify the student's parents or guardians if a law-enforcement officer requests or gains access to a student for immigration-enforcement purposes unless such access complies with a judicial warrant or subpoena that restricts the disclosure of the information to the parent or guardian.

Policy Statement 4: Responding to the Detention or Deportation of a Student's Family Member

Responding to the Detention or Deportation of a Student's Family Member

- The YPICS shall encourage that families and students have and know their emergency phone numbers and know where to find important documentation, including birth certificates, passports, Social Security cards, doctors' contact information, medication lists, lists of allergies, etc., which will allow them to be prepared in the event that a family member is detained or deported.
- The YPICS shall permit students and families to update students' emergency contact information as needed throughout the school year, and provide alternative contacts if no parent or guardian is available.
 - The YPICS shall ensure that families may include the information of an identified trusted adult guardian as a secondary emergency contact in case a student's parent or guardian is detained.

- The YPICS shall communicate to families that information provided within the emergency cards will only be used in response to specified emergency situations, and not for any other purpose.
- In the event a student's parent/guardian has been detained or deported by federal immigration authorities, the YPICS shall use the student's emergency card contact information and release the student to the person(s) designated as emergency contacts. Alternatively, the YPICS shall release the student into the custody of any individual who presents a Caregiver's Authorization Affidavit on behalf of the student. The YPICS shall only contact Child Protective Services if the YPICS personnel are unsuccessful in arranging for the timely care of the child through the emergency contact information that the school has, a Caregiver's Authorization Affidavit, or other information or instructions conveyed by the parent or guardian.

Policy Statement 5: Responding to Hate Crimes and Bullying Related to National Origin or Ethnicity

Know Your Educational Rights

Immigration Enforcement Actions at California TK-12 Schools Guide for Students and Families December 2025

Your Child Has the Right to a Free Public Education

All children have a right to equal access to free public education, regardless of their or their parents'/ guardians' immigration status.

All children in California:

- Have the right to a free public education.
- Must be enrolled in school if they are between 6 and 18 years old, unless otherwise exempt.
- Have the right to attend safe, secure, and peaceful schools.
- Have a right to be in a public school learning environment free from discrimination, harassment, bullying, violence, and intimidation.
- Have equal opportunity to participate in any program or activity offered by the school without discrimination.

Information Required for School Enrollment

Schools must accept a variety of documents from the student's parent or guardian to demonstrate proof of child's age or residency and schools are not required to keep a copy of the document used as proof of a child's age.

Information about citizenship/immigration status is never needed for school enrollment. A Social Security number is never needed for school enrollment.

Confidentiality of Personal Information

Federal and state laws protect student education records and personal information. These laws generally require that schools get written consent from parents or guardians before releasing student information, unless the release of information is for educational purposes, is already public, or is in response to a court order or subpoena.

Some schools collect and provide publicly basic student "directory information." If so, the school district must provide parents/guardians with written notice of the directory information policy, and provide the option to refuse release of your child's information.

Family Safety Plans if you are Detained or Deported

You can update your child's emergency contact information, including secondary contacts, to identify a trusted adult guardian who can care for your child if you are detained or deported.

You can complete a Caregiver's Authorization Affidavit or a Petition for Appointment of Temporary Guardian of the Person to give a trusted adult the authority to make educational and medical decisions for your child.

Right to File a Complaint

Your child has the right to report a hate crime or file a complaint to the school district if he or she is discriminated against, harassed, intimidated or bullied because of their actual or perceived nationality, ethnicity, or immigration status.

RPP Services Board Summary

The Goal

To establish a specialized "Center of Excellence" at Bert Corona MS and HS. This regionalized program centralizes resources to serve students with significant needs within Charter schools while ensuring they remain fully integrated, visible, and active members of our school community.

SUMMARY FOR THE BOARD

By approving this regionalized program, YPI Charters transitions from providing special ed services to offering a full spectrum of placements and supports. We are choosing to lead the charter space by proving that high-needs students can find a home, a community, and a future within our walls.

Why a Regionalized Model?

- **Expertise in One Place:** SDC program require significant expertise and supports. Expatriate provides those on their own campus. Expatriate brings years of experience in building and running such programs.
- **Strategic Fiscal Responsibility:** LAUSD placements can cost the network upwards of \$80000 per student annually. Bringing this program "in-house" significantly reduces these costs.
- **Staffing Efficiency & Ratio Optimization:** California mandates a case management ratio of 28:1. In a decentralized model, if multiple campuses each go over their ratio by a few students, the network must hire several expensive part-time staff. Regionalization consolidates these "overages," allowing one staff member to cover the collective need and dispelling the requirement for redundant hires.
- **Preserving Parental Choice & Teaching Quality:** We eliminate the "local vs. capable" trade-off. Parents get a neighborhood school that offers premier lead teachers who are experts in moderate/severe instruction, ensuring quality is never sacrificed for proximity.
- **Peer Community:** Students with severe needs benefit from a cohort of peers who are working on similar life-skills and functional academic goals, reducing social isolation.

- **Improves Host Site Goodwill:** YPI serving as a host site provides significant goodwill within the Charter school community in leading and forward thinking. Charter schools can finally say that they serve students with the most severe needs within their own programs silencing a frequently cited criticism.
- **Fiscal Benefit:** YPI Improves its own button line, helps increase other schools financial condition and becomes a case study on how to serve most vulnerable students in a stable manner.
 - ❖ FFS/MH Funds: Brings these funds back to the School.
 - ❖ ADA: Brings these funds back to the School.
- **Supplementing Current SPED Program Model:** Current SPED program models face spiralling costs as more students are identified. Having a MS SDC class will eliminate many of those supplemental costs.

Thank you for your consideration.
