--	-----	----------------	-----

Shelby County Schools(SCS) has completed a physical survey of the Klondike building. It usually takes 3 weeks for the written report to be completed following the physical survey. The survey of the land should be completed by this week. It may have been hampered by the weather of the past two weeks. According to Travis Green with Renaissance Inc. they have made it known to SCS their intent to purchase Klondike building. SCS will post that they are accepting bids. We provided Travis Green with a list of fees paid since 2015 either by the preschool or the elementary school totaling over \$1.5 million dollars. This represented repair and maintenance, renovation, rent and utilities.
