-Who does the clerk work for?

Montana Association of School Business Officials advocates that this issue be decided by the board and noted in board policy. The clerk/business manager is in the unique position of maintaining a delicate balance between being directly accountable to the board of trustees while at the same time serving as financial consultant to the superintendent. Clerks must recognize that the superintendent, as the leader of the administrative team, serves as liaison between the administrative team and the policy team. Basic to this relationship is the recognition that the trustees, superintendent and clerk/ business manager must have a clear understanding of each others role in order to operate effectively. Since the line between policy and administration is frequently unclear, teamwork is essential.

Maps & MAST Testing Update: We are in the final haul of MAST testing. The MAST Testing window opened on May 5. The fourth and final MAST test requires districts to take 1 of the 2 test options (Math or ELA). OPI assigned the ELA MAST test to Arlee Schools. I can only <u>assume</u> that the state chose ELA because of our low performing scores. It is essential that we continue to work through our CRC Grant (possible Montana Reads Grant) to provide a successful multi-tiered approach to tackle the reading struggles of our elementary students. Our Elementary Staff is working extremely hard to embrace, learn and build new skills in order to improve reading instruction. The CRC Grant has played a pivotal role in our professional growth. Thanks to this funding, we had the opportunity to work with Side by Side Consulting—particularly the expertise of Marci Parks and Drea Beale—whose guidance has been transformative in helping us become more effective, reflective, and student-centered educators.

Literacy Team: On April 17, 2025 the Literacy Team, along with Side by Side consulting and the ROW Foundation showed the documentary *Sentenced* to our staff. *Sentenced* documents the struggles that non-readers face throughout adulthood. The statistics are staggering!

Attendance: As we close out the school year, it's critical that we, as school-wide leaders, take a hard and honest look at attendance—and the profound impact it has on student learning.

Research from the U.S. Depat. of Education makes it clear: "students with consistent attendance are 1.7 times more likely to reach proficiency in core subjects like math/reading compared to those who miss school regularly". The message is simple and urgent—we must do better. Our students' academic success depends on it.

We have finally completed the coordination for the replacement of the football field lighting. I can't thank Trevor Naugle with Arlee Electric enough for his hard work and dedication throughout this project. With your approval, we will move forward with ordering a power pole package that meets the necessary specifications to withstand future windstorms in our area. Once that's in place, we'll be ready to install the lights in time for fall sports.

Mike Rogers has been overseeing the renovation of the high school lounge and its conversion into an art room. Although the project was originally budgeted for in the fall, it was scaled back due to funding constraints. Still, most of the initial plans remain including asbestos abatement and removal, new tile, sinks, lighting, and a fresh coat of paint.

Also at the high school, Mrs. White's environmental science class has been tracking radon levels in the basement for the past few years. Recently, we brought in a professional testing company to verify those results. Both sets of data confirmed the need for radon mitigation, which is scheduled to be completed over the summer.

I want to close by recognizing the incredible efforts of our staff across the district. Despite being short-staffed in our custodial department, the team continues to work hard to meet the district's needs. We have been utilizing a ticketing system to streamline requests, and they've responded quickly to anything that's been missed.

This past week was Principal and Teacher Appreciation Week, and I couldn't be prouder of the people I work with every day. I want to highlight the work of our teachers and support staff as they implement changes supported by the CRC grant. Mrs. Tanner has been especially active in refining next year's schedule to support a significant increase in Tiered Interventions both in and out of the classroom across the district. I'm confident that her efforts will lead to noticeable progress, and I look forward to the positive data trends we'll see in the years to come.

Lastly, I am adding in some photos of the new build. If you ever have a free moment, it would be my pleasure to walk you through the job site. It is truly amazing!
