Schedule

- 45 min Discussion with school leadership
- 30 min Virtual classroom visits with school leader Vang (K), Ko, Defond
- 15 min Debrief

What were the instructional priorities this year?

- Replicating the in-person learning schedule
- Social Emotional Learning and Training
- Online math and ELA programs that provided rigor
- Using the online versions of our core curricula
- Making sure students didn't fall behind with virtual learning
- Hiring extra support staff

What are any teacher practices that you are encouraging implementation of in each virtual classroom?

- To make sure that teachers go over the standards and learning objectives with each lesson
- Making lessons that are interactive
- Making good use of technology
- Making sure that every student had their camera on
- Having each teacher check on each student using GO GUARDIAN
- Giving an assessment or exit ticket after each lesson

How has the school been supporting its most vulnerable students?

- Integrated and Designated ELD embedded in the day with a lot of extra professional development on it
- Virtual Zoom meetings to support SPED students
- The option of onsite testing to assess students for SPED
- Opening BACR pods for students with nobody to watch them at home during virtual learning
- Weekly Saturday Schools to make up for any potential learning loss
- Extra intervention staff

How have teachers been assessing student learning and progress during the pandemic?

- Illuminate Benchmarks every 6 weeks
- SRI reading tests to determine Lexile Levels
- Data Tracking
- Daily exit tickets
- Practice SBAC tests
- One on one reading inventory assessments

What are you most concerned about in planning for restarting in-person learning?

How are you approaching these concerns?

- Space Purchased individual desks vs communal desks
- Sanitizing Rooms and areas are disinfected each day and multiple times throughout the day
- Teachers not wanting to return back to work Hired an additional aide to be there in person while the teacher remained virtual

If you have any questions, please email me at Christopher.Ahmad@aimsk12.org

What were the instructional priorities this year?

- Maintaining the integrity of the instructional minutes.
- Ensuring that students have all required materials (chromebooks, textbooks, novels, art supplies, musical instruments). Multiple distributions day during the year
- Monitoring student progress and addressing struggling students
- IA's to support struggling students

What are any teacher practices that you are encouraging implementation of in each virtual classroom?

- Continued Standard Based instructions with additional resources to increase students engagement in virtual learning.
- 30 30 30 instruction
- Additional support curricula for content specific interventions suitable for Virtual/Hybrid learning. Online plate forms: ALEKS (Math), iXL (ELA, Science, History), TCI (History), Smart Music (Music), Rosetta Stones(FL).
- Focused Weekly PLCs for teacher trainings for integrating SEL strategies in daily instructions. For example, Educator Resilience Program.
- Biweekly Department PLC meetings for content specific vertical alignment of curriculum & instructional practices.
- Additional technology support- iPads, additional monitors, and mobile hotspots for each teacher.

How has the school been supporting its most vulnerable students?

- Integrated and Designated ELD support for EL's and newcomers
- Continued support for SPED students
- Opening BACR pods for students that needed adult supervision
- Weekly Academic Saturday School for students with low benchmark scores
- Virtual Saturday hangouts for students to interact with one another
- SEL focused virtual assemblies

How have teachers been assessing student learning and progress during the pandemic?

- Enhanced assessments and evaluations by adding additional online platforms.
- Quarterly benchmark assessments, Reading & Math Inventory assessments, interim assessments.
- Weekly diagnostic/progress monitoring assessments on ALEKS for Math & on iXL for ELA to target students individual learning needs that are addressed in classroom instruction, after school tutoring and Saturday School the following week.
- Embedded CFUs, exit tickets, virtual discussion boards in day-to-day instruction.
- Quarterly Final Exams.

What are you most concerned about in planning for restarting in-person learning?

How are you approaching these concerns?

- Limiting student to student contact- All grade levels start and dismissal times are staggered, six different lunch periods, opened a middle school entry and exit point, and implemented a flow of traffic procedure.
- Student/Staff Safety Classrooms and shared spaces are disinfected throughout the day, students and staff are issued a new mask before entering the building, in addition to handwashing, students and staff complete a health screening prior to entering the building (temperature and symptoms check).
- Teachers deciding not to return to work- Hired long term substitutes

If you have any questions, please email Riffat.akram@aimsk12.org or Natalie.glass@aimsk12.org

Why are more students not applying to non-UC/CSU schools? Results from survey where I asked them to choose whichever options apply to them:

- *46.3% said they only want to attend a UC or CSU or California community college
- *39% said they don't want to leave California for school
- *34.1% said private schools are too expensive
- *30.5% said after applying to UC/CSUs and maintaining current classes, they're just too tired to apply to private schools
- *28% said COVID-19 makes them want to stay near family
- *25.6% said private schools are too hard to get into
- *7.3% said they don't know anything about private schools
- *7.3% said private schools aren't diverse enough
- *3.7% said private schools are too small

Food Service Program

- Reviewing lunch service guidelines for school lunch service
- Started in person meal distribution
- 5-day meal kits will continued to be served Mondays for distance learners
- Will hold 2nd Wellness Meeting in May and 3rd in June

The established Technological Plan for Determining Daily Attendance K-12

Attendance will be completed online through our Student Information System (SIS) PowerSchools.

PowerSchool is a student information system, used to record and track student records, including grades and attendance. This system allows educators and administrators to effectively and conveniently manage student records.

PowerSchool stores our attendance, grades, student demographics, contact information, which syncs federal and state information to CALPADS.

- Attendance codes have been created to differentiate online and in person instruction.
- Attendance engagement training was held for all teachers to ensure attendance engagement is completed accurately.
- PowerSchool Logins have been provided to all teachers and staff that will be responsible for attendance.
- Attendance is taken by teachers. Administrative Assistance/Attendance Clerks confirm that attendance is submitted daily and on time.
- Laptops were distributed to all teachers to ensure technology needs were met to ensure daily attendance can be taken.
- Weekly and monthly attendance audit will be reviewed and signed electronically by all teachers taking attendance.

ADA Attendance Results for Elementary, Middle, and High for April/May

| | School Days 4/17/21 to 4/30/21 (10 Days) | School Days 5/1/21 to 5/14/21 (9 Days) |

The Documentation Employed to Determine the Qualitative and Quantitative Effectiveness of The Plan Employed to Determine Daily Attendance K-12

- We are using our student information system (SIS)- PowerSchool to ensure that attendance is taken correctly and on a timely matter.
- Effectiveness and Daily Accountability: Admin staff checks that teachers are submitting attendance on time if they do not they email the teachers to ensure that they complete their attendance in a timely matter.
- Self Assess and Analyze Data: If a student is marked absent parents are called to determine why that student is absent.
- Outcome & Goal: to reduce chronic absent students during this time of virtual learning, educate students/families on the importance of attendance and supporting families w/ potential barriers to daily school attendance.

Describe the Issues/Concerns and Resolution That Emanated From The Documentation and Online Communication

Issues/Concerns:

- > Due to distance learning, attendance may not be completed in a timely manner
- Internet connectivity may be problematic for teachers and students

Resolution/Action Plan Addressing Concerns:

- 1. Attendance checklist was created for teachers and staff
- 2. Attendance audits are reviewed by administrative staff to ensure attendance is accurate.
- 3. Laptops have been distributed to students

This report is as of Apr 30, 2021 compared against our board-approved 2nd interim budget.

YTD Revenues Through **Apr 30, 2021** are \$13,474,582 or 62.5% of the budgeted revenue. There are two areas of impact with revenues. First, deferrals are in effect for the rest of the fiscal year. Secondly, all federal funding is based on reimbursement; CARES and Federal Cash Management reports have recently been completed and we expect those revenues next month.

YTD Expenses Through Apr 30, 2021 are \$15,530,169 or 79.9% of the budgeted expenses.

Therefore, net income YTD is (\$2,055,587). 2nd interim projected a net income of \$1,813,876.

Balance Sheet:

As of **Apr 30, 2021,** we had total cash of \$5,296,877, short-term liabilities of \$635,912, and long-term liabilities of \$10,994,477. The ending fund balance is \$2,369,451.

*Please note that April is not completely closed at time of this report, slight variances should be anticipated.

Fiscal Narrative

In March, the Board approved the 2nd interim report which provides an update on the district's financial condition. This year specifically is an ever-changing landscape of new revenues and unexpected expenses as we navigate through the shut-down and reopening of schools. After 2nd interim, work was completed to project actuals. The attached reports show comparisons between 2nd interim, year-to-date actuals, and projected actuals. This is a summary of those changes. A major strategic decision that was made was deferring many of the ESSER funds to maintain a healthy income source for the next three years.

Revenue

Description of Changes from 1st Interim

Increase (Decrease)

School II (\$461,690)

Significant change in revenue includes adjustment to ADA funding, deferring portions of ESSER I and II to future years, inclusion of 50% of the IPI and ELO grant and reduction, and a reduction to local lunch revenues based on actuals to date.

Middle School (\$55,587)

Significant change in revenue includes adjustment to ADA funding, deferring portions of ESSER I and II to future years, inclusion of 50% of the IPI and ELO grant and reduction, and slight reduction to local revenues based on actuals to date.

High School \$205,806

Significant change in revenue includes addition of growth funding allowance, deferring portions of ESSER I and II to future years, and inclusion of 50% of the IPI and ELO grant.

Expenditures

Description of Changes from 1st Interim

Increase (Decrease)

School II \$508,391

Significant adjustments were made to salaries to capture actual trends. Reductions in Books and Supplies were implemented based on projected expenditures. Reallocation of the 5000's resulted in a slight decrease of overall expenditure for Services and Operating Expenditures.

Middle School \$38,592

This change is a net result of a reduction of \$62K in certificated salaries, and increase of \$100K in profession/consulting services specifically \$53K in CMO fee and \$47K in Professional/Consulting services.

High School \$215,269

Increases were realized in certificated salaries and operating expenses significantly \$90K in CMO expense, \$30K janitorial services, and \$20K in Professional/Consulting. Significant decreases include \$33K in noncapitalized equipment, \$13K in operations, and \$9K in dues and memberships.

2019 Form 990

2019 California Form 199

2019 IRS E-File Signature Authorization For An Exempt Organization (Form 8879-EO)

In addition, we have included a separate public disclosure copy of the Form 990 and Form 990-T (if applicable) on our secure portal site. All exempt organizations are required to have a copy of their current year Form 990 and two prior year returns available for public inspection. If the Form 990 includes a Schedule of Contributors (Schedule B), we have removed the names and addresses of contributors from this return, as this information is not open to public inspection. Only organizations exempt under 501(c)(3) must make the current year Form 990-T and two prior year returns available. Please print and sign the public disclosure copy(ies) and keep them available at your primary office location.

Many states require legal entities to register with them in order to do business in their state. Please remember to keep your registration active and current for each state that you have business activities.

We sincerely appreciate the opportunity to serve you. Please contact us if you have any questions concerning the tax return.

Sincerely,

Section A. All Supporting Organizations

- 1 Are all of the organization's supported organizations listed by name in the organization's governing documents? If "No," describe in Part VI how the supported organizations are designated. If designated by class or purpose, describe the designation. If historic and continuing relationship, explain.
- 2 Did the organization have any supported organization that does not have an IRS determination of status under section 509(a)(1) or (2)? If "Yes," explain in **Part VI** how the organization determined that the supported organization was described in section 509(a)(1) or (2).
- **3a** Did the organization have a supported organization described in section 501(c)(4), (5), or (6)? If "Yes," answer (b) and (c) below.
- **b** Did the organization confirm that each supported organization qualified under section 501(c)(4), (5), or (6) and satisfied the public support tests under section 509(a)(2)? If "Yes," describe in **Part VI** when and how the organization made the determination.
- c Did the organization ensure that all support to such organizations was used exclusively for section 170(c)(2)(B) purposes? If "Yes," explain in Part VI what controls the organization put in place to ensure such use.
- **4a** Was any supported organization not organized in the United States ("foreign supported organization")? *If* "Yes," and if you checked 12a or 12b in Part I, answer (b) and (c) below.
- **b** Did the organization have ultimate control and discretion in deciding whether to make grants to the foreign supported organization? If "Yes," describe in **Part VI** how the organization had such control and discretion despite being controlled or supervised by or in connection with its supported organizations.
- c Did the organization support any foreign supported organization that does not have an IRS determination under sections 501(c)(3) and 509(a)(1) or (2)? If "Yes," explain in Part VI what controls the organization used to ensure that all support to the foreign supported organization was used exclusively for section 170(c)(2)(B) purposes.
- 5a Did the organization add, substitute, or remove any supported organizations during the tax year? If "Yes," answer (b) and (c) below (if applicable). Also, provide detail in Part VI, including (i) the names and EIN numbers of the supported organizations added, substituted, or removed; (ii) the reasons for each such action; (iii) the authority under the organization's organizing document authorizing such action; and (iv) how the action was accomplished (such as by amendment to the organizing document).
- **b** Type I or Type II only. Was any added or substituted supported organization part of a class already designated in the organization's organizing document?
- c Substitutions only. Was the substitution the result of an event beyond the organization's control?
- 6 Did the organization provide support (whether in the form of grants or the provision of services or facilities) to anyone other than (i) its supported organizations, (ii) individuals that are part of the charitable class benefited by one or more of its supported organizations, or (iii) other supporting organizations that also support or benefit one or more of the filing organization's supported organizations? If "Yes," provide detail in Part VI.
- 7 Did the organization provide a grant, loan, compensation, or other similar payment to a substantial contributor (as defined in section 4958(c)(3)(C)), a family member of a substantial contributor, or a 35% controlled entity with regard to a substantial contributor? If "Yes," complete Part I of Schedule L (Form 990 or 990-EZ).
- 8 Did the organization make a loan to a disqualified person (as defined in section 4958) not described in line 7? If "Yes," complete Part I of Schedule L (Form 990 or 990-EZ).
- 9a Was the organization controlled directly or indirectly at any time during the tax year by one or more disqualified persons as defined in section 4946 (other than foundation managers and organizations described in section 509(a)(1) or (2))? If "Yes," provide detail in Part VI.
- **b** Did one or more disqualified persons (as defined in line 9a) hold a controlling interest in any entity in which the supporting organization had an interest? If "Yes." provide detail in **Part VI.**
- c Did a disqualified person (as defined in line 9a) have an ownership interest in, or derive any personal benefit from, assets in which the supporting organization also had an interest? If "Yes," provide detail in Part VI.
- 10a Was the organization subject to the excess business holdings rules of section 4943 because of section 4943(f) (regarding certain Type II supporting organizations, and all Type III non-functionally integrated supporting organizations)? If "Yes," answer 10b below.
 - **b** Did the organization have any excess business holdings in the tax year? (Use Schedule C, Form 4720, to determine whether the organization had excess business holdings.)

Expanded Learning Opportunities Grant Plan Instructions: Introduction

The Expanded Learning Opportunities Grant Plan must be completed by school districts, county offices of education, or charter schools, collectively referred to as Local Educational Agencies (LEAs), that receive Expanded Learning Opportunities (ELO) Grant funds under California *Education Code* (*EC*) Section 43521(b). The plan must be adopted by the local governing board or body of the LEA at a public meeting on or before June 1, 2021, and must be submitted to the county office of education, the California Department of Education, or the chartering authority within five days of adoption, as applicable. The plan must be updated to include the actual expenditures by December 1, 2022.

For technical assistance related to the completion of the Expanded Learning Opportunities Grant Plan, please contact <u>ELOGrants@cde.ca.gov</u>.

Instructions: Plan Requirements

An LEA receiving ELO Grant funds under *EC* Section 43521(b) is required to implement a learning recovery program that, at a minimum, provides supplemental instruction, support for social and emotional well-being, and, to the maximum extent permissible under the guidelines of the United States Department of Agriculture, meals and snacks to, at a minimum, students who are included in one or more of the following groups:

- low-income,
- English learners,
- foster youth,
- homeless students,
- students with disabilities,
- students at risk of abuse, neglect, or exploitation,
- disengaged students, and
- students who are below grade level, including, but not limited to, those who did not enroll in kindergarten in the 2020–21 school year, credit-deficient students, high school students at risk of not graduating, and other students identified by certificated staff.

For purposes of this requirement

- "Supplemental instruction" means the instructional programs provided in addition to and complementary to the LEAs regular instructional programs, including services provided in accordance with an individualized education program (IEP).
- "Support" means interventions provided as a supplement to those regularly provided by the LEA, including services provided in
 accordance with an IEP, that are designed to meet students' needs for behavioral, social, emotional, and other integrated
 student supports, in order to enable students to engage in, and benefit from, the supplemental instruction being provided.

• "Students at risk of abuse, neglect, or exploitation" means students who are identified as being at risk of abuse, neglect, or exploitation in a written referral from a legal, medical, or social service agency, or emergency shelter.

EC Section 43522(b) identifies the seven supplemental instruction and support strategies listed below as the strategies that may be supported with ELO Grant funds and requires the LEA to use the funding only for any of these purposes. LEAs are not required to implement each supplemental instruction and support strategy; rather LEAs are to work collaboratively with their community partners to identify the supplemental instruction and support strategies that will be implemented. LEAs are encouraged to engage, plan, and collaborate on program operation with community partners and expanded learning programs, and to leverage existing behavioral health partnerships and Medi-Cal billing options in the design and implementation of the supplemental instruction and support strategies being provided (EC Section 43522[h]).

The seven supplemental instruction and support strategies are:

- 1. Extending instructional learning time in addition to what is required for the school year by increasing the number of instructional days or minutes provided during the school year, providing summer school or intersessional instructional programs, or taking any other action that increases the amount of instructional time or services provided to students based on their learning needs.
- 2. Accelerating progress to close learning gaps through the implementation, expansion, or enhancement of learning supports including, but not limited to, any of the following:
 - a. Tutoring or other one-on-one or small group learning supports provided by certificated or classified staff.
 - b. Learning recovery programs and materials designed to accelerate student academic proficiency or English language proficiency, or both.
 - c. Educator training, for both certificated and classified staff, in accelerated learning strategies and effectively addressing learning gaps, including training in facilitating quality and engaging learning opportunities for all students.
- 3. Integrated student supports to address other barriers to learning, such as the provision of health, counseling, or mental health services, access to school meal programs, before and after school programs, or programs to address student trauma and social-emotional learning, or referrals for support for family or student needs.
- 4. Community learning hubs that provide students with access to technology, high-speed internet, and other academic supports.
- 5. Supports for credit deficient students to complete graduation or grade promotion requirements and to increase or improve students' college eligibility.
- 6. Additional academic services for students, such as diagnostic, progress monitoring, and benchmark assessments of student learning.
- 7. Training for school staff on strategies, including trauma-informed practices, to engage students and families in addressing students' social-emotional health needs and academic needs.

As a reminder, EC Section 43522(g) requires that all services delivered to students with disabilities be delivered in accordance with an applicable IEP.

Fiscal Requirements

The following fiscal requirements are requirements of the ELO grant, but they are not addressed in this plan. Adherence to these requirements will be monitored through the annual audit process.

- The LEA must use at least 85 percent (85%) of its apportionment for expenditures related to providing in-person services in any of the seven purposes described above.
- The LEA must use at least 10 percent (10%) of the funding that is received based on LCFF entitlement to hire paraprofessionals to provide supplemental instruction and support through the duration of this program, with a priority for full-time paraprofessionals. The supplemental instruction and support provided by the paraprofessionals must be prioritized for English learners and students with disabilities. Funds expended to hire paraprofessionals count towards the LEAs requirement to spend at least 85% of its apportionment to provide in-person services.
- An LEA may use up to 15 percent (15%) of its apportionment to increase or improve services for students participating in
 distance learning or to support activities intended to prepare the LEA for in-person instruction, before in-person instructional
 services are offered.

Instructions: Plan Descriptions

Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broad understanding among the LEA's local community.

A description of how parents, teachers, and school staff were involved in the development of the plan

Describe the process used by the LEA to involve, at a minimum, parents, teachers, and school staff in the development of the Expanded Learning Opportunities Grant Plan, including how the LEA and its community identified the seven supplemental instruction and support strategies that will be implemented. LEAs are encouraged to engage with community partners, expanded learning programs, and existing behavioral health partnerships in the design of the plan.

A description of how parents and guardians of students will be informed of the opportunities for supplemental instruction and support.

Describe the LEA's plan for informing the parents and guardians of students identified as needing supplemental instruction and support of the availability of these opportunities, including an explanation of how the LEA will provide this information in the parents' and guardians' primary languages, as applicable.

Page 3 of 5

A description of how students will be identified and the needs of students will be assessed

Describe the LEA's plan for identifying students in need of academic, social-emotional, and other integrated student supports, including the LEA's plan for assessing the needs of those students on a regular basis. The LEA's plan for assessing the academic needs of its students may include the use of diagnostic and formative assessments.

As noted above in the Plan Requirements, "other integrated student supports" are any supports intended to address barriers to learning, such as the provision of health, counseling, or mental health services, access to school meal programs, before and after school programs, or programs to address student trauma and social-emotional learning, or referrals for support for family or student needs.

A description of the LEA's plan to provide supplemental instruction and support

Describe the LEA's plan for how it will provide supplemental instruction and support to identified students in the seven strategy areas defined in the Plan Requirements section. As a reminder, the LEA is not required to implement each of the seven strategies; rather the LEA will to work collaboratively with its community to identify the strategies that will be implemented. The plan must include a description of how supplemental instruction and support will be provided in a tiered framework that bases universal, targeted, and intensive supports on students' needs for academic, social-emotional, and other integrated student supports. The plan must also include a description of how the services will be provided through a program of engaging learning experiences in a positive school climate.

As a reminder, *EC* Section 43522(g) requires that all services delivered to students with disabilities be delivered in accordance with an applicable individualized education program. Additionally, LEAs are encouraged to collaborate with community partners and expanded learning programs, and to leverage existing behavioral health partnerships and Medi-Cal billing options in the implementation of, this plan (*EC* Section 43522[h]).

Instructions: Expenditure Plan

The 'Supplemental Instruction and Support Strategies' column of the Expenditure Plan data entry table lists the seven supplemental instruction and support strategies that may be supported with ELO Grant funds.

Complete the Expenditure Plan data entry table as follows:

In the 'Planned Expenditures' column of the data entry table, specify the amount of ELO Grant funds being budgeted to support each supplemental instruction and support strategies being implemented by the LEA and the total of all ELO Grant funds being budgeted.

The plan must be updated to include the actual expenditures by December 1, 2022. In the 'Actual Expenditures' column of the data entry table the LEA will report the amount of ELO Grant funds that the LEA actually expended in support of the strategies that it implemented, as well as the total ELO Grant funds expended.

A description of how these funds are being coordinated with other federal Elementary and Secondary School Emergency Relief Funds received by the LEA

Describe how the LEA is coordinating its ELO Grant funds with funds received from the federal Elementary and Secondary School Emergency Relief (ESSER) Fund provided through the federal Coronavirus Response and Relief Supplemental Appropriations Act of 2021 (Public Law 116-260), also known as ESSER II, to maximize support for students and staff.

The Expanded Learning Opportunities Grant Plan must be completed by school districts, county offices of education, or charter schools, collectively referred to as Local Educational Agencies (LEAs), that receive Expanded Learning Opportunities (ELO) Grant funds under California *Education Code* (*EC*) Section 43521(b). The plan must be adopted by the local governing board or body of the LEA at a public meeting on or before June 1, 2021, and must be submitted to the county office of education, the California Department of Education, or the chartering authority within five days of adoption, as applicable. The plan must be updated to include the actual expenditures by December 1, 2022.

For technical assistance related to the completion of the Expanded Learning Opportunities Grant Plan, please contact <u>ELOGrants@cde.ca.gov</u>.

Instructions: Plan Requirements

An LEA receiving ELO Grant funds under *EC* Section 43521(b) is required to implement a learning recovery program that, at a minimum, provides supplemental instruction, support for social and emotional well-being, and, to the maximum extent permissible under the guidelines of the United States Department of Agriculture, meals and snacks to, at a minimum, students who are included in one or more of the following groups:

- low-income,
- English learners,
- foster youth,
- homeless students,
- students with disabilities,
- students at risk of abuse, neglect, or exploitation,
- disengaged students, and
- students who are below grade level, including, but not limited to, those who did not enroll in kindergarten in the 2020–21 school year, credit-deficient students, high school students at risk of not graduating, and other students identified by certificated staff.

For purposes of this requirement

- "Supplemental instruction" means the instructional programs provided in addition to and complementary to the LEAs regular instructional programs, including services provided in accordance with an individualized education program (IEP).
- "Support" means interventions provided as a supplement to those regularly provided by the LEA, including services provided in accordance with an IEP, that are designed to meet students' needs for behavioral, social, emotional, and other integrated student supports, in order to enable students to engage in, and benefit from, the supplemental instruction being provided.

Page **1** of **5**

• "Students at risk of abuse, neglect, or exploitation" means students who are identified as being at risk of abuse, neglect, or exploitation in a written referral from a legal, medical, or social service agency, or emergency shelter.

EC Section 43522(b) identifies the seven supplemental instruction and support strategies listed below as the strategies that may be supported with ELO Grant funds and requires the LEA to use the funding only for any of these purposes. LEAs are not required to implement each supplemental instruction and support strategy; rather LEAs are to work collaboratively with their community partners to identify the supplemental instruction and support strategies that will be implemented. LEAs are encouraged to engage, plan, and collaborate on program operation with community partners and expanded learning programs, and to leverage existing behavioral health partnerships and Medi-Cal billing options in the design and implementation of the supplemental instruction and support strategies being provided (EC Section 43522[h]).

The seven supplemental instruction and support strategies are:

- 1. Extending instructional learning time in addition to what is required for the school year by increasing the number of instructional days or minutes provided during the school year, providing summer school or intersessional instructional programs, or taking any other action that increases the amount of instructional time or services provided to students based on their learning needs.
- 2. Accelerating progress to close learning gaps through the implementation, expansion, or enhancement of learning supports including, but not limited to, any of the following:
 - a. Tutoring or other one-on-one or small group learning supports provided by certificated or classified staff.
 - b. Learning recovery programs and materials designed to accelerate student academic proficiency or English language proficiency, or both.
 - c. Educator training, for both certificated and classified staff, in accelerated learning strategies and effectively addressing learning gaps, including training in facilitating quality and engaging learning opportunities for all students.
- 3. Integrated student supports to address other barriers to learning, such as the provision of health, counseling, or mental health services, access to school meal programs, before and after school programs, or programs to address student trauma and social-emotional learning, or referrals for support for family or student needs.
- 4. Community learning hubs that provide students with access to technology, high-speed internet, and other academic supports.
- 5. Supports for credit deficient students to complete graduation or grade promotion requirements and to increase or improve students' college eligibility.
- 6. Additional academic services for students, such as diagnostic, progress monitoring, and benchmark assessments of student learning.
- 7. Training for school staff on strategies, including trauma-informed practices, to engage students and families in addressing students' social-emotional health needs and academic needs.

As a reminder, *EC* Section 43522(g) requires that all services delivered to students with disabilities be delivered in accordance with an applicable IEP.

Fiscal Requirements

The following fiscal requirements are requirements of the ELO grant, but they are not addressed in this plan. Adherence to these requirements will be monitored through the annual audit process.

- The LEA must use at least 85 percent (85%) of its apportionment for expenditures related to providing in-person services in any of the seven purposes described above.
- The LEA must use at least 10 percent (10%) of the funding that is received based on LCFF entitlement to hire paraprofessionals to provide supplemental instruction and support through the duration of this program, with a priority for full-time paraprofessionals. The supplemental instruction and support provided by the paraprofessionals must be prioritized for English learners and students with disabilities. Funds expended to hire paraprofessionals count towards the LEAs requirement to spend at least 85% of its apportionment to provide in-person services.
- An LEA may use up to 15 percent (15%) of its apportionment to increase or improve services for students participating in
 distance learning or to support activities intended to prepare the LEA for in-person instruction, before in-person instructional
 services are offered.

Instructions: Plan Descriptions

Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broad understanding among the LEA's local community.

A description of how parents, teachers, and school staff were involved in the development of the plan

Describe the process used by the LEA to involve, at a minimum, parents, teachers, and school staff in the development of the Expanded Learning Opportunities Grant Plan, including how the LEA and its community identified the seven supplemental instruction and support strategies that will be implemented. LEAs are encouraged to engage with community partners, expanded learning programs, and existing behavioral health partnerships in the design of the plan.

A description of how parents and guardians of students will be informed of the opportunities for supplemental instruction and support.

Describe the LEA's plan for informing the parents and guardians of students identified as needing supplemental instruction and support of the availability of these opportunities, including an explanation of how the LEA will provide this information in the parents' and guardians' primary languages, as applicable.

A description of how students will be identified and the needs of students will be assessed

Describe the LEA's plan for identifying students in need of academic, social-emotional, and other integrated student supports, including the LEA's plan for assessing the needs of those students on a regular basis. The LEA's plan for assessing the academic needs of its students may include the use of diagnostic and formative assessments.

As noted above in the Plan Requirements, "other integrated student supports" are any supports intended to address barriers to learning, such as the provision of health, counseling, or mental health services, access to school meal programs, before and after school programs, or programs to address student trauma and social-emotional learning, or referrals for support for family or student needs.

A description of the LEA's plan to provide supplemental instruction and support

Describe the LEA's plan for how it will provide supplemental instruction and support to identified students in the seven strategy areas defined in the Plan Requirements section. As a reminder, the LEA is not required to implement each of the seven strategies; rather the LEA will to work collaboratively with its community to identify the strategies that will be implemented. The plan must include a description of how supplemental instruction and support will be provided in a tiered framework that bases universal, targeted, and intensive supports on students' needs for academic, social-emotional, and other integrated student supports. The plan must also include a description of how the services will be provided through a program of engaging learning experiences in a positive school climate.

As a reminder, *EC* Section 43522(g) requires that all services delivered to students with disabilities be delivered in accordance with an applicable individualized education program. Additionally, LEAs are encouraged to collaborate with community partners and expanded learning programs, and to leverage existing behavioral health partnerships and Medi-Cal billing options in the implementation of, this plan (*EC* Section 43522[h]).

Instructions: Expenditure Plan

The 'Supplemental Instruction and Support Strategies' column of the Expenditure Plan data entry table lists the seven supplemental instruction and support strategies that may be supported with ELO Grant funds.

Complete the Expenditure Plan data entry table as follows:

In the 'Planned Expenditures' column of the data entry table, specify the amount of ELO Grant funds being budgeted to support each supplemental instruction and support strategies being implemented by the LEA and the total of all ELO Grant funds being budgeted.

The plan must be updated to include the actual expenditures by December 1, 2022. In the 'Actual Expenditures' column of the data entry table the LEA will report the amount of ELO Grant funds that the LEA actually expended in support of the strategies that it implemented, as well as the total ELO Grant funds expended.

A description of how these funds are being coordinated with other federal Elementary and Secondary School Emergency Relief Funds received by the LEA

Describe how the LEA is coordinating its ELO Grant funds with funds received from the federal Elementary and Secondary School Emergency Relief (ESSER) Fund provided through the federal Coronavirus Response and Relief Supplemental Appropriations Act of 2021 (Public Law 116-260), also known as ESSER II, to maximize support for students and staff.

The following is the local educational agency's (LEA's) plan for providing supplemental instruction and support to students, including those identified as needing academic, social-emotional, and other supports, including the provision of meals and snacks. The plan will explain how the LEA will use the funds it receives through the Expanded Learning Opportunities (ELO) Grant to implement a learning recovery program for at least the students included in one or more of the following groups: low-income students, English learners, foster youth, homeless students, students with disabilities, students at risk of abuse, neglect, or exploitation, disengaged students, and students who are below grade level, including, but not limited to, those who did not enroll in kindergarten in the 2020–21 school year, credit-deficient students, high school students at risk of not graduating, and other students identified by certificated staff.

For specific requirements please refer to the Expanded Learning Opportunities Grant Plan Instructions.

Plan Descriptions

A description of how parents, teachers, and school staff were involved in the development of the plan.

Teachers were involved in the development of the plan through department meetings where they discussed supports and resources to close the learning gap.

A description of how students will be identified and the needs of students will be assessed.

Students' academic status will be used to identify them. All students will be assessed through different diagnostics. Staff and teachers' recommendation will be used to assess emotional and mental needs.

A description of how parents and guardians of students will be informed of the opportunities for supplemental instruction and support.

An LCAP Advisory Council Committee meeting was set up virtually for May 8 at 6pm. Parents and guardians were invited to this meeting through ParentSquare. The proposed plan and a feedback survey was also sent out to parents and guardians for those that cannot attend the meeting.

A description of how ELO Grant funds are being coordinated with other federal Elementary and Secondary School Emergency Relief Funds received by the LEA.

AIM HS is coordinating the use of the Expanded Learning Grant and other federal ESSER funds by budgeting across several categories to best meet the needs of the local staff, students and community. In 2021-22, the Expanded Learning Grant funds are primarily budgeted towards student support services such as tutoring; credit recovery services to accelerate progress towards closing the achievement gap, diagnostic assessments and progress monitoring; and paraprofessional staffing. In 2021-22, the ESSER funds are primarily budgeted towards...

Expanded Learning Opportunities Grant Plan Instructions: Introduction

The Expanded Learning Opportunities Grant Plan must be completed by school districts, county offices of education, or charter schools, collectively referred to as Local Educational Agencies (LEAs), that receive Expanded Learning Opportunities (ELO) Grant funds under California *Education Code* (*EC*) Section 43521(b). The plan must be adopted by the local governing board or body of the LEA at a public meeting on or before June 1, 2021, and must be submitted to the county office of education, the California Department of Education, or the chartering authority within five days of adoption, as applicable. The plan must be updated to include the actual expenditures by December 1, 2022.

For technical assistance related to the completion of the Expanded Learning Opportunities Grant Plan, please contact <u>ELOGrants@cde.ca.gov</u>.

Instructions: Plan Requirements

An LEA receiving ELO Grant funds under *EC* Section 43521(b) is required to implement a learning recovery program that, at a minimum, provides supplemental instruction, support for social and emotional well-being, and, to the maximum extent permissible under the guidelines of the United States Department of Agriculture, meals and snacks to, at a minimum, students who are included in one or more of the following groups:

- low-income,
- English learners,
- foster youth,
- homeless students,
- students with disabilities,
- students at risk of abuse, neglect, or exploitation,
- disengaged students, and
- students who are below grade level, including, but not limited to, those who did not enroll in kindergarten in the 2020–21 school year, credit-deficient students, high school students at risk of not graduating, and other students identified by certificated staff.

For purposes of this requirement

- "Supplemental instruction" means the instructional programs provided in addition to and complementary to the LEAs regular instructional programs, including services provided in accordance with an individualized education program (IEP).
- "Support" means interventions provided as a supplement to those regularly provided by the LEA, including services provided in accordance with an IEP, that are designed to meet students' needs for behavioral, social, emotional, and other integrated student supports, in order to enable students to engage in, and benefit from, the supplemental instruction being provided.

Page **1** of **5**

• "Students at risk of abuse, neglect, or exploitation" means students who are identified as being at risk of abuse, neglect, or exploitation in a written referral from a legal, medical, or social service agency, or emergency shelter.

EC Section 43522(b) identifies the seven supplemental instruction and support strategies listed below as the strategies that may be supported with ELO Grant funds and requires the LEA to use the funding only for any of these purposes. LEAs are not required to implement each supplemental instruction and support strategy; rather LEAs are to work collaboratively with their community partners to identify the supplemental instruction and support strategies that will be implemented. LEAs are encouraged to engage, plan, and collaborate on program operation with community partners and expanded learning programs, and to leverage existing behavioral health partnerships and Medi-Cal billing options in the design and implementation of the supplemental instruction and support strategies being provided (EC Section 43522[h]).

The seven supplemental instruction and support strategies are:

- 1. Extending instructional learning time in addition to what is required for the school year by increasing the number of instructional days or minutes provided during the school year, providing summer school or intersessional instructional programs, or taking any other action that increases the amount of instructional time or services provided to students based on their learning needs.
- 2. Accelerating progress to close learning gaps through the implementation, expansion, or enhancement of learning supports including, but not limited to, any of the following:
 - a. Tutoring or other one-on-one or small group learning supports provided by certificated or classified staff.
 - b. Learning recovery programs and materials designed to accelerate student academic proficiency or English language proficiency, or both.
 - c. Educator training, for both certificated and classified staff, in accelerated learning strategies and effectively addressing learning gaps, including training in facilitating quality and engaging learning opportunities for all students.
- 3. Integrated student supports to address other barriers to learning, such as the provision of health, counseling, or mental health services, access to school meal programs, before and after school programs, or programs to address student trauma and social-emotional learning, or referrals for support for family or student needs.
- 4. Community learning hubs that provide students with access to technology, high-speed internet, and other academic supports.
- 5. Supports for credit deficient students to complete graduation or grade promotion requirements and to increase or improve students' college eligibility.
- 6. Additional academic services for students, such as diagnostic, progress monitoring, and benchmark assessments of student learning.
- 7. Training for school staff on strategies, including trauma-informed practices, to engage students and families in addressing students' social-emotional health needs and academic needs.

As a reminder, EC Section 43522(g) requires that all services delivered to students with disabilities be delivered in accordance with an applicable IEP.

Fiscal Requirements

The following fiscal requirements are requirements of the ELO grant, but they are not addressed in this plan. Adherence to these requirements will be monitored through the annual audit process.

- The LEA must use at least 85 percent (85%) of its apportionment for expenditures related to providing in-person services in any of the seven purposes described above.
- The LEA must use at least 10 percent (10%) of the funding that is received based on LCFF entitlement to hire paraprofessionals to provide supplemental instruction and support through the duration of this program, with a priority for full-time paraprofessionals. The supplemental instruction and support provided by the paraprofessionals must be prioritized for English learners and students with disabilities. Funds expended to hire paraprofessionals count towards the LEAs requirement to spend at least 85% of its apportionment to provide in-person services.
- An LEA may use up to 15 percent (15%) of its apportionment to increase or improve services for students participating in
 distance learning or to support activities intended to prepare the LEA for in-person instruction, before in-person instructional
 services are offered.

Instructions: Plan Descriptions

Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broad understanding among the LEA's local community.

A description of how parents, teachers, and school staff were involved in the development of the plan

Describe the process used by the LEA to involve, at a minimum, parents, teachers, and school staff in the development of the Expanded Learning Opportunities Grant Plan, including how the LEA and its community identified the seven supplemental instruction and support strategies that will be implemented. LEAs are encouraged to engage with community partners, expanded learning programs, and existing behavioral health partnerships in the design of the plan.

A description of how parents and guardians of students will be informed of the opportunities for supplemental instruction and support.

Describe the LEA's plan for informing the parents and guardians of students identified as needing supplemental instruction and support of the availability of these opportunities, including an explanation of how the LEA will provide this information in the parents' and guardians' primary languages, as applicable.

Page 3 of 5

A description of how students will be identified and the needs of students will be assessed

Describe the LEA's plan for identifying students in need of academic, social-emotional, and other integrated student supports, including the LEA's plan for assessing the needs of those students on a regular basis. The LEA's plan for assessing the academic needs of its students may include the use of diagnostic and formative assessments.

As noted above in the Plan Requirements, "other integrated student supports" are any supports intended to address barriers to learning, such as the provision of health, counseling, or mental health services, access to school meal programs, before and after school programs, or programs to address student trauma and social-emotional learning, or referrals for support for family or student needs.

A description of the LEA's plan to provide supplemental instruction and support

Describe the LEA's plan for how it will provide supplemental instruction and support to identified students in the seven strategy areas defined in the Plan Requirements section. As a reminder, the LEA is not required to implement each of the seven strategies; rather the LEA will to work collaboratively with its community to identify the strategies that will be implemented. The plan must include a description of how supplemental instruction and support will be provided in a tiered framework that bases universal, targeted, and intensive supports on students' needs for academic, social-emotional, and other integrated student supports. The plan must also include a description of how the services will be provided through a program of engaging learning experiences in a positive school climate.

As a reminder, *EC* Section 43522(g) requires that all services delivered to students with disabilities be delivered in accordance with an applicable individualized education program. Additionally, LEAs are encouraged to collaborate with community partners and expanded learning programs, and to leverage existing behavioral health partnerships and Medi-Cal billing options in the implementation of, this plan (*EC* Section 43522[h]).

Instructions: Expenditure Plan

The 'Supplemental Instruction and Support Strategies' column of the Expenditure Plan data entry table lists the seven supplemental instruction and support strategies that may be supported with ELO Grant funds.

Complete the Expenditure Plan data entry table as follows:

In the 'Planned Expenditures' column of the data entry table, specify the amount of ELO Grant funds being budgeted to support each supplemental instruction and support strategies being implemented by the LEA and the total of all ELO Grant funds being budgeted.

The plan must be updated to include the actual expenditures by December 1, 2022. In the 'Actual Expenditures' column of the data entry table the LEA will report the amount of ELO Grant funds that the LEA actually expended in support of the strategies that it implemented, as well as the total ELO Grant funds expended.

A description of how these funds are being coordinated with other federal Elementary and Secondary School Emergency Relief Funds received by the LEA

Describe how the LEA is coordinating its ELO Grant funds with funds received from the federal Elementary and Secondary School Emergency Relief (ESSER) Fund provided through the federal Coronavirus Response and Relief Supplemental Appropriations Act of 2021 (Public Law 116-260), also known as ESSER II, to maximize support for students and staff.

Ideas from ELA, ELD, and Instructional Aides

Supplemental Instruction and Support Strategies

Extending instructional learning time:

"Extending instructional learning time in addition to what is required for the school year by increasing the number of instructional days or minutes"

• POLL RESULTS: 0/6

Accelerating progress to close learning gaps through the implementation, expansion, or enhancement of learning supports:

- Below grade level Back to Basics Tutoring
 - Writing (formal)
 - Reading
 - Tutoring, Saturday School Bootcamp, Class
 - Weekly Rotating Saturday Schools specifically focused on different disciplines
 - Or... Multiple teacher volunteers for Saturday School "breakout groups"
 - Not for makeup work, but instead below grade level review
 - Khan Academy English, NewsELA,IXL, ReadWorks, Common Lit = websites/tools for Bootcamps/focused Saturday School
 - Reading and/or Writing bootcamp Recommending for this to take place the week before school starts. It doesn't have to be the entire week, maybe for 3 days - 3 hours per day would work? We can break it up by levels, beginning and intermediate.
- "Movie Nights" analyzing literary elements of the storytelling
 - Perhaps parents included
- Clubs: Book Club, Spoken Word
 - Below Grade Level Students Assigned to the Club(s)
 - Also a good idea for volunteer students to join a club (perhaps separate club?)
 - Perhaps parents included

\$ could be spent to pay volunteer teachers/staff/adults (like stipends for extra duties)

• Poll staff to find out staff strengths and who could best support what skills/programs

"Educator training for accelerated learning strategies"

POLL RESULTS: 6/6

Integrated student supports to address other barriers to learning:

- Additional Instructional Aids, Aids for ELD Dept & EL Students
- Establishing clear and incentivized academic goals for targeted extra-support students
 - Not just makeup work
 - Skills-based
 - Prizes (similar to use of funds for PBIS)
 - Same strategy for IEP/SPED students
- ELD Lab
 - Holding students accountable to attend

Recommendation:

\$ for staff pay

\$ for prizes

"Health, counseling, or mental health services, access to school meal programs"

- POLL RESULTS: 6/6
- AIMS District & HS could benefit from additional mental health/counseling staff and services
- Consult with Mr. Castellano
- Expansion of Mental Health Fridays (not just 1 day a month) (not on a minimum day)
- Field Trips for identified or volunteer students (based on known socioemotional struggles)
 - Collab with outside groups for students to visit for activities
 - Form a group/club for identified or volunteer students
 - \$ to pay outside organizations or staff stipend
- WRAP

Community learning hubs that provide students with access to technology, high-speed internet, and other academic supports:

- POLL RESULTS: 6/6
- Upgrade Chromebook and Tech for students' to take home for year

Supports for credit deficient students to complete graduation or grade promotion requirements and to increase or improve students' college eligibility:

- POLL RESULTS: 0/6 (we support Accelus and proposed concept, but don't feel this is the best use for the Grant \$)
- Possible to use the Grant \$ to form and distribute as a scholarship?
- Use money to link students to organizations that help link them to scholarships

Additional academic services for students:

- Additional Reading Assessment other than SRI
- Although more money for testing is not our recommendation, many of our ideas in category 3
 would require some kind of diagnostic

Supplemental Instruction and Support Strategies

Extending instructional learning time:

Accelerating progress to close learning gaps through the implementation, expansion, or enhancement of learning supports:

- Opportunities for field trips for content enrichment & hands on learning
- Experiential travel programs STEM (Boston, New York or San Francisco) www.efexploreamerica.com.
- Paid teacher tutoring sessions
- Materials and implementation for school wide 'reading period' time set aside during the day for students to read for pleasure and develop literacy

| Integrated student supports to address other barriers to learning: |
|---|
| Community learning hubs that provide students with access to technology, high-speed internet, and other academic supports: |
| Supports for credit deficient students to complete graduation or grade promotion requirements and to increase or improve students' college eligibility: |
| Additional academic services for students: - Hiring of additional classroom staff (aides, paraprofessionals) to provide extra support for day to day activities and science labs - |

Training for school staff on strategies to engage students and families in addressing students' social-emotional health and academic needs:

Ideas from Elective

Supplemental Instruction and Support Strategies

Extending instructional learning time:

- Small group tutoring; one-on-one tutoring; extra/extended tutoring. Would be most productive or beneficial to focus on students who are most behind and what they need as opposed to adding and extending the school day or year.
- Weekend tutoring option/after school tutoring where AIMS schedules the student and and once a month conference with a parent present. Set up a schedule, no options to sneak out of getting assistance

Accelerating progress to close learning gaps through the implementation, expansion, or enhancement of learning supports:

Possibly for PE and Sports : Strength and Conditioning Program for Summer / Sports Specific Skill Learning Program

Utilizing TA's (seniors who help other students) bonding and support systems

More Aids hired to assist teachers in the classroom, less pull out and more push in

Create a community so students will want to join the support group, incentives, etc.

Integrated student supports to address other barriers to learning:

- -Set aside time for more community building and social activities to reduce student burnout. Set aside additional funds for SGA, clubs, field trips, class parties etc.
- -Use funds to increase access to legitimate/ professional lead mental health activities and support

Community learning hubs that provide students with access to technology, high-speed internet, and other academic supports:

Computer Lab, better internet connectivity, access to stationary desktop computer stations, a staff member who is Tech savvy who monitors and supports the students and school as a whole. A second Mr. Ma Inclusion of parents - workshops for parents on parent square, power school, etc.

Supports for credit deficient students to complete graduation or grade promotion requirements and to increase or improve students' college eligibility:

Structured class for College Planning for high risk students and their parents

Addition class specifically for credit recovery

Extra year long supports starting at the beginning of the year Tutoring, El supports and IEP supports built in

Additional academic services for students:

Create supplementary materials and make them available online for all the students and families to access. Differentiated instructional and practice materials ready for students with different learning styles and language readiness. Provide students and parents with supplementary learning materials to scaffold students with learning deficiencies in their home languages. Empower students and families with opportunities to come to the campus to receive small group tutoring in the subject area that needs to improve based on personal needs. Different genres and activities are implemented in lesson plans for all programs provided at AIMS high school.

Training for school staff on strategies to engage students and families in addressing students' social-emotional health and academic needs:

Professional development workshops lead by professionals rather than recycled content

Professional development that embraces differentiation for staff abilities, departments, subject matter, and acknowledges professional development that has already been completed by staff members

Systems which track staff development completion to ensure that staff development is not redundant for veteran teachers:

Ex: many hours used per year to teach rudimentary/ fundamental job skills like entering grades and assignments directed at new staff.

Provide opportunities for parents and students to improve and build family relationships. One strategy would be a weekend **family get together** in the school to be organized by the teacher. Activities will be discussed further.

Ideas from History:

Supportive Class Extension

WH Teacher available for supplement instruction during the Summer time for two weeks Interest to provide supplemental instructing after summer

Professional Development Training

Interested in professional development for certificated staff focused on specific discipline of instruction such as AP Summer Institute Online -UCLA or with supportive English Language training courses through online learning portals like Havard/Coursera/EdX.

Teacher Resources

Request additional learning resources to support learners such as Ultimate Review Packs on Macroeconomics, History, Geography and World History

Request poster/room materials supporting content instruction

Community Support

Increase community/parent engagement through special school enrichment activities Increase field departmental field trips supporting diverse learner engagement

Ideas from Math

One idea to help credit deficient students was Summer Session Tutoring

Ms Batbold is open to assisting with this, Mr Tran might also be open to assisting.

The math dept also thought it would be good to spend some of the funds on item number 7 from Mr. Williams email which states

"Training for school staff on strategies, including trauma-informed practices, to engage students and families in addressing students' social-emotional health needs and academic needs."

The training might help teacher better recognize problems in social emotional health such that they could be referred to a professional engaged full time in that area

The math dept also considered it would be good to spend some of the funds on item number 3 from that same email which states

"Integrated student supports to address other barriers to learning, such as the provision of health, counseling, or mental health services, access to school meal programs, before and after school programs, or programs to address student trauma and social-emotional learning, or referrals for support for family or student needs."

Implement a music program including instrumental music (band) (this could look like many things. For example, buy 25 keyboards and offer a beginning piano class, or so that with guitars. Another option is buy some basic band instruments and have beginning band but also intermediate or jazz or rock band for kids that can already play) and also vocal music/ choir/ rapping/ perhaps an electronic music production class. (Buy 25 MacBooks with Logic and have the kids learn music production)
Also a drama/ dance program (hip hop dance class?) (plays, musical theater?)

Ways to be involved with other organizations or programs that can give students more programs and interns to increase their skills in areas that they want to do. More medical programs for students like medical, and more art programs for students that like art and etc. interns during summer can also help students be involved with the community and learning more while rewarding some money.

This money should be used to ensure that teachers are knowledgeable about better ways to use technology in classrooms.

Also, students need to learn about how not all change is bad and how to preserve through seemingly rough or failed states of mind.

Parents should have simple classes on how to use the systems the school teach and communicate with so they can stay abreast of how their child is doing.

AIMS College Prep High is the best example of a school that cares like a parent cares!

Chen Xing

I think AIMS should provide extra summer rigouts AP prep. course for students during summer, especially for juniors and seniors. I really think AIMS should recruit experienced teachers to teach AP course which align the course content with the AP test. At the same time, I also think it will be good that AIMS can provide more college application workshops for juniors and seniors, including their parents.

SCOPE OF WORK AND SERVICES

The STEM4Real Professional Learning Series

Universal Design for Learning (UDL), Common Core Math (CCSS) Next Generation Science Standards (NGSS) and STEM Implementation for AIMS College Prep High School (AIMS HS)

A. Background

Our Promise: We believe that the principles of STEM Education can be used in any subject area to promote design thinking, collaboration, and academic discourse. Our promise is to make education socially just #4Real through instructional planning, professional learning, action planning and leadership development. We will do this by recognizing and dismantling inequitable systems and rebuilding your education system #4Real with all students first.

WHY WE ARE DIFFERENT:

- Content + Social Justice: We combine principles of equity and social justice so that educators are learning about standards-based (NGSS/CCSS/Emergent Bilingual) instruction and differentiating for all student groups (students with special needs, African-American students, etc.) accordingly.
- Engagement: We engage with educators during the presentation there is always an active component where we are thinking, doing, reflecting, and collaborating. We never just talk at our audience all day. We teach and model what we are asking our teachers to do in their classrooms, whether it is live or virtually.
- Implementation and Action: We provide tools and resources that can be immediately used in the classroom. There is no need to purchase a set of curriculum or expensive materials. We focus on teacher pedagogy and shifting teacher practice to create student-centered learning modules grounded in student curiosity.
- Joy: Happy Teachers = Happy Students! We have fun!

B. Description of Services

STEM4Real Tailor-Made: Every organization is different which is why we create a tailor-made professional learning experience designed for your team and context.

Administrator Partnership: We take the time to get to know your school, district, agency, and context. No teacher wants "another thing to do" on top of their busy schedules. We work with your organization to ensure that we are all vision-aligned.

- What initiatives do you already have?
- o How do we continue and build on previous work?
- Current implementation of UDL (Universal Design for Learning)
- O How can STEM4Real fit into your current vision?
- What does the data say
- Equity Audit where are we missing our students?

STEM4Real Grounding with Teachers and Coaches: In this session, we connect all of the systems: Your state content standards (The Next Generation Science Standards, Common Core Standards), your case study students, and the context of your school or district.

- Understand 3D Learning and the WHY behind instruction using phenomena and curiosity to drive student learning.
- Consider Your Context Research the context of your school community
- Case Study Student Analysis choose at-promise students to differentiate your instruction and learning sequences.
- Family and Community Engagement Plan

Race, Social Justice and Implicit Bias Training: We dig deeper into our own implicit biases to ensure that these do not manifest in our teaching and learning. This critical step helps us evolve as educators to be anti-racist and to stand up for social justice.

STEM4Real Instructional Planning - Based on data and observations from the lesson modeling session and learnings from the STEM4Real Grounding and Intensive Learning sessions, we will construct our 3D5E lesson plans and use principles of Universal Design for Learning (UDL) and the Teaching for Robust Understanding (TRU) Frameworks to reflect on the learning sequence.

- Prepare learning sequences for observation and implementation.
 Collaborate with staff on feedback.
- Use UDL and TRU Frameworks as a reflection tool for lesson planning.
- Look at current curriculum using the NGSS TIME Toolkits to review, assess and implement materials

Peer-to-Peer Observations - Our team will facilitate video and live observations using the DO-KNOW-THINK Observation tool to observe student learning and shift teacher practice to meet the demands of inquiry-based instruction. We will then reflect on strengths, areas of growth, opportunities and threats to a socially just STEM education.

Analysis of Student Work - We will then analyze student learning outcomes, discuss next steps and implications for teacher practice. We will take a closer look into our case study students to see how they have grown over time with differentiation, family connection, and formative feedback.

Lesson Planning Workshop Summit - All participants walk away with fully completed lessons and ideas. We design and finalize Lessons and Units with all of the learnings and reflections from the year. We also discuss implications for next year.

STEM4Real Network Fellowship is a year-long network to collaborate nationally and internationally with fellow like-minded educators committed to STEM standards + justice. Our community has access to the following:

- Collaboration and Lesson Study within the STEM4Real Network of educators

 engage in "The STEM4Real Way", an online professional learning series
 focused on the Next Generation Science Standards, Culturally Responsive
 Phenomena, Case Study Students, Teacher Observation, and Analysis of
 Student Work.
- Teacher-Curated Lesson Bank and instructional resources: Using the Lesson Study #4Real process, teachers create 3-dimensional (practices, core ideas, and cross cutting concepts) and 5E (engage, explore, explain, elaborate, evaluate) instructional sequences grounded in culturally responsive pedagogy.
- Monthly Live Professional Learning Via the Un-Speaker Series (Offered Virtually) - Live workshops focused on current issues in STEM education including assessment, instructional practices, English Language Learner instruction, Social-Emotional Learning, Trauma-Informed Practices.
- Make a Change Monday Mindset Calls Equity work takes work. It is an
 ongoing practice that we as educators must continually fine tune in order to
 address STEM + Social Justice educational issues. In these sessions, we
 Collaborate, Problem-solve and Action-plan (CPA) on specific hot seat issues
 that we can learn from together.

- Weekly Follow-Up Coaching Sessions sometimes we just need allocated time in the week to focus on getting work done and having a community to support you as you check off those tasks.
- Yearly Events with Guest Speakers We kick off each year with our goals and end each year with our culminating event, sharing best practices and of course, our 3D5E instructional sequences that combine STEM + Social Justice + Joy
- Optional Units with Cal State University, East Bay

C. Deliverables

- 3D5E Teacher Curated Lesson Plans
- Peer-Peer Teacher Observations
- Case-Study Student Analyses
- Family-Engagement Plans
- Analyses of Student Work
- Research-Based Summary Report of Findings and Next Steps

Leena Bakshi, Executive Director, Leena@stem4real.org

As educators, we have been doing the same thing for decades. Let's stand up and do something different. It's time to put equitable and anti-racist teaching strategies into practice. Let's stand up for social justice for our students!

Testimonials

What are participants saying? STEM4Real Tailor Made Testimonial

- It is always important to remember the justice side of education as you interact with kids. It's one of the things that I really have been trying to keep in the forefront of my student interactions.
- I loved the techniques for structuring NGSS (3D, 5E, CER). NGSS was feeling really open-ended but it now feels like I have a better understanding of how to plan both short and long term.
- Some things I am working on is to listen more carefully to students (and teachers) to hopefully become more empathetic and to slow down my reaction/response time, just a fraction, as a check on my own biases.
- One key take-away for me was that our perceptions and biases have a huge impact in how we teach, even if we are unaware of them.
- A key takeaway was the importance of providing opportunities for all students to think about and talk about their observations and thoughts, in ways that take into account multiple intelligences and different learning styles.

- Having students generate questions about a phenomenon is such a good way of including every student, every experience, and every culture in science. Any student can be a scientist and can make references to other material they are learning in school or to past experiences due to the many cross-cutting concepts implemented through NGSS.
- I applied the questions to Social Sciences and the answers reflect situations as they may arise in that discipline. I plan to introduce phenomena as the basis for many of my lessons and open the class to debate and discussion.
- I really shifted to phenomenon based instruction and I've been doing this in my instruction. I've also gained some understanding of how to navigate the NGSS.
- There are many tools and strategies that I am excited to implement within my classroom. They include the sticky note brainstorm strategy, doing a nature/campus walk to observe and write down phenomena, seeing the NGSS as 3 dimensions of what the student can think, know, and do, and also the 5E lesson planning template tool.
- Meeting and learning about different students was interesting. Focusing on engaging students of all cultures in every lesson is going to be my goal for science.

Key Performance Indicators

Teacher Observation Data

Discuss teacher virtual recordings with the team to discuss teaching goals and performance indicators. Analyze strengths and areas for growth. Monitor progress for both teachers and students.

Student, Teacher and Administrator Surveys

Our research team will collect pre-and post- surveys to understand the implementation of teacher practices and the shifts in teacher pedagogy over time. We will use the SIPS (Science Instructional Practices Survey), a researched based survey to assess classroom implementation and teacher efficacy.

Exit Interviews

Our research team will conduct and code exit interviews with select participants to assess validity and reliability of professional learning for educators. We will provide the districts with a full report and recommendations for a STEM action plan, budget planning, and next steps.

Artifact Evaluation

We will analyze lesson plans, analysis of student work, case studies, and teacher observation notes to discuss the process and assess next steps.

AIMS HS PowerSchool User Conference Proposal

The PowerSchool User Conference is an event hosted for PowerSchool users from districts all over the United States. The conference boasts over 100 sessions for attendees to provide real-world experience and tools for PowerSchool users. One of the unique features of this conference is its ability to provide training for a variety of team members amongst our staff. The PSUG will provide informative sessions for administrators, counselors, registrars, database administrators, and administrative assistants.

Specifically, our team plans to attend all-day training in the areas of mandated reporting, PowerScheduler, course management, attendance and attendance reports, transcripts, report cards, and other custom reports, creating SQL reports, data access codes and tags, Excel, GPA, honor roll, class rank, graduation planner, PowerTeacher Pro Gradebook training just to name a few. Our team will also have 1-1 sessions with professionals for additional support. By attending this training our team will gain a new level of knowledge and skill of the PowerSchool platform. The opportunity to gain this knowledge for software that plays such an important role in processing student data and supporting our families will undoubtedly allow our team to be even more efficient and operate with excellence.

The conference is 5 day-training. Breakfast and lunch are provided. Four members of our team will attend the out-of-state conference. Below is a close estimate of costs:

| Conference Registration | \$599 x 4 |

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

This plan was developed using an analysis of data from the California School Dashboard.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

This SPSA plan was developed with the input of various stakeholders. School staff and parents worked together throughout the year. Parents of English Language Learners also contributed to this plan.

Parent informational meetings took place throughout the Spring and Summer. Two meetings were held for Middle School to discuss these issues in July. Both were translated and incorporated the previous meetings.

The culmination of these and other stakeholder, staff, and Board meetings took place to develop this document.

Goals, Strategies, Expenditures, & Annual Review

Complete a copy of the Goal table for each of the school's goals. Duplicate the table as needed.

Goal 1

Closing the Achievement Gap with High Expectations for All - All levels of the organization work to improve student achievement and close the achievement gap for all underperforming student groups.

Identified Need

Our largest performance gap is seen in the scores of our second language learners and students who are new to the AIMS school system. Expenditures have been allocated for increasing our ELD program by providing professional development in Integrated and Designated ELD. Tutoring, and intervention support have been funded to help students new to the AIMS system. To enhance the ELD program, a consultant has been contracted to help evaluate best practices.

Annual Measurable Outcomes

| Metric/Indicator | Baseline/Actual Outcome | Expected Outcome |
|---|--|--|
| EL Reclassification Rate | 40% | 45% |
| ELs making at least one year's progress in learning English | 67% | 70% |
| ELs achieving proficiency in English | <5 yrs cohort: 41% 5+ yrs cohort: 50% | <5 yrs cohort: 45% 5+ yrs cohort: 55% |

English Learners

Strategy/Activity

School Plan for Student Achievement | Page 2 of 8

ELD Coordinator will continue to analyze and discuss students progress to:

Monitor the progress of English Learners (ELs) including Long Term English Learner (LTELs) and reclassified students

Create a Newcomer program to support students that have been in the country for three years or less. Monitor and track progress with formative assessments.

Rosetta Stone Accounts will be purchased for newcomers.

Hold DELAC/ELAC meetings to inform families of supplemental resources that are provided to EL students. Evaluate the effectiveness of the current ELD program.

Attend Sat. School to work on any missed assignments and to improve grades.

Students will use a pilot Reading Program along with intervention activity to improve reading lexile by one level.

ELD Instructional Aide will be hired to support english learner students.

Hire test examiners for ELPAC and other assessments

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

| Amount(s) | Source(s) |

| | |

| \$25,178 | Federal - Title III |
|-----------|---------------------------|
| \$119,078 | Other state |
| \$245,655 | Federal - Title I, Part A |

Goal 2

Increase rate of students who are on track for college readiness by strengthening proficiency in mathematics and English language arts/literacy and also providing students with a well rounded education.

All Students

Strategy/Activity

Students that were struggling to pass with grades C- and below in ELA and/or Math were required to attend Saturday Schools until they were at grade level

K-5 for 2020-2021

Weekly Academic Saturday Schools will take place for grades 3-5.

Each grade level will get their own intervention aide Intervention aides will receive professional development by administrators

6-8 for 2020-2021

Targeted instructional aide support for middle school classrooms.

Increased student tutoring support for Middle School Students. This takes place around the scheduled school days, during the business week.

Saturday Academic Schools are offered or required for struggling students in grades 6-8. These are staffed by teachers, administrators, and instructional aides/specialists whom the students already know.

Technological support is also used to identify and target student skills in specific areas, especially for Math (ie, ALEKS).

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Goal 4

Teaching and Learning Effectiveness – effective teaching is evident system-wide with a unifying vision that equips and empowers all stakeholders to provide optimal student learning opportunities and outcomes.

School Plan for Student Achievement | Page 5 of 8

Identified Need

To ensure all students receive quality instruction and equipment and teachers to provide for it. There will continue to be a need to recruit, develop, and retain effective teachers who are prepared and equipped to effectively support our diverse students and families.

Annual Measurable Outcomes

| Metric/Indicator | Baseline/Actual Outcome | Expected Outcome |

Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Our strategies are targeted to meet the needs of improved learning for all students and subsets of students who demonstrate the need for additional support in each of the following categories of goal 1-4. Our strategies are targeted to meet the needs of improved learning for all students and subsets of students who demonstrate the need for additional support.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

COVID - 19 resulted in many differences including the ability to show expected improvement data, since state testing was not allowed (Sp2020). While strategies for blended learning had been used all year, the shift to 100% online still required adaptation to serve all students as well as had been done in person. Some resources shifted to the technological, to support current and future online video conferences. There have also been planning and resourcing in preparation for daily cleaning and sanitizing of the school site for occupation by staff and students when that becomes an option.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Again, the most significant changes have to do with the move to 100% online for semester 1 of 2020-2021. Preparations have been made for hybrid learning, Goal 2, including purchase and upgrade of technology for students and teachers to maintain strong connections to the school community and model.

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

For additional questions or technical assistance related to LEA and school planning, please contact the Local Agency Systems Support Office, at <u>LCFF@cde.ca.gov</u>.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the local educational agency, or the CDE's Title I Policy and Program Guidance Office at ITTLEI@cde.ca.gov.

For questions or technical assistance related to meeting federal school improvement planning requirements (for CSI, TSI, and ATSI), please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and School Plan for Student Achievement Instructions| Page 2 of 6

tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEAand school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

School Plan for Student Achievement Instructions Page 3 of 6

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school's identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school's identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency's budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the School Plan for Student Achievement Instructionsl Page 4 of 6

expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total

School Plan for Student Achievement Instructions Page 5 of 6

allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the
 total amount of funding provided to the school through the ConApp for the school year. The
 school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of
 the proposed expenditures from all sources of funds associated with the strategies/activities
 reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are
 listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

• Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 - 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

II. The SPSA shall include the following:

School Plan for Student Achievement Appendices | Page 1 of 6

- A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
 - 1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will-
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior:
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 - Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 - 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and

School Plan for Student Achievement Appendices Page 2 of 6

- 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.
- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

- 1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
- Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseinvestment.pdf);
- 3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
- 4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

- 1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
- 2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseinvestment.pdf.)

School Plan for Student Achievement Appendices Page 4 of 6

Additional Targeted Support and Improvement

A school identified for ATSI shall:

 Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

This plan was developed using an analysis of data from the California School Dashboard.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

This SPSA plan was developed with the input of various stakeholders. School staff and parents worked together throughout the year. Parents of English Language Learners also contributed to this plan.

Parent informational meetings took place throughout the Spring and Summer. Two meetings were held for Middle School to discuss these issues in July. Both were translated and incorporated the previous meetings.

The culmination of these and other stakeholder, staff, and Board meetings took place to develop this document.

Goals, Strategies, Expenditures, & Annual Review

Complete a copy of the Goal table for each of the school's goals. Duplicate the table as needed.

Goal 1

Increase rate of students who are on track for college readiness by strengthening proficiency in mathematics and English language arts/literacy and also providing students with a well rounded education.

Identified Need

All Students

Annual Measurable Outcomes

| Metric/Indicator | Baseline/Actual Outcome | Expected Outcome |

All Students

Strategy/Activity

Students that were struggling to pass with grades C- and below in ELA and/or Math were required to attend Saturday Schools until they were at grade level

School Plan for Student Achievement | Page 2 of 8

K-5 for 2020-2021

Weekly Academic Saturday Schools will take place for grades 3-5.

Each grade level will get their own intervention aide Intervention aides will receive professional development by administrators

6-8 for 2020-2021

Targeted instructional aide support for middle school classrooms.

Increased student tutoring support for Middle School Students. This takes place around the scheduled school days, during the business week.

Saturday Academic Schools are offered or required for struggling students in grades 6-8. These are staffed by teachers, administrators, and instructional aides/specialists whom the students already know.

Technological support is also used to identify and target student skills in specific areas, especially for Math (ie, ALEKS).

ELD Instructional Aide will be hired to support english learner students.

Hire test examiners for ELPAC and other assessments

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

| Amount(s) | Source(s) |
|-----------|----------------------------|
| \$74,496 | Federal - Title I, Part A |
| \$10,000 | Federal - Title IV, Part A |

Goal 2

Increase rate of students participating in After School Program.

Identified Need

Goal 3

Teaching and Learning Effectiveness – effective teaching is evident system-wide with a unifying vision that equips and empowers all stakeholders to provide optimal student learning opportunities and outcomes.

Identified Need

To ensure all students receive quality instruction and equipment and teachers to provide for it. There will continue to be a need to recruit, develop, and retain effective teachers who are prepared and equipped to effectively support our diverse students and families.

Annual Measurable Outcomes

| Metric/Indicator | Baseline/Actual Outcome | Expected Outcome |
|--|-------------------------|---|
| Monthly Professional Development meetings | 80% Attendance rate | 85% Attendance Rate |

Annual Review

SPSA Year Reviewed: 2019–20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

School Plan for Student Achievement| Page 5 of 8

Our strategies are targeted to meet the needs of improved learning for all students and subsets of students who demonstrate the need for additional support in each of the following categories of goal 1-4. Our strategies are targeted to meet the needs of improved learning for all students and subsets of students who demonstrate the need for additional support.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

COVID - 19 resulted in many differences including the ability to show expected improvement data, since state testing was not allowed (Sp2020). While strategies for blended learning had been used all year, the shift to 100% online still required adaptation to serve all students as well as had been done in person. Some resources shifted to the technological, to support current and future online video conferences. There have also been planning and resourcing in preparation for daily cleaning and sanitizing of the school site for occupation by staff and students when that becomes an option.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Again, the most significant changes have to do with the move to 100% online for semester 1 of 2020-2021. Preparations have been made for hybrid learning, Goal 2, including purchase and upgrade of technology for students and teachers to maintain strong connections to the school community and model.

Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and School Plan for Student Achievement Instructions| Page 2 of 6

tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEAand school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

School Plan for Student Achievement Instructions Page 3 of 6

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school's identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school's identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency's budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the School Plan for Student Achievement Instructionsl Page 4 of 6

expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total

School Plan for Student Achievement Instructions Page 5 of 6

allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the
 total amount of funding provided to the school through the ConApp for the school year. The
 school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

• Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 - 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

II. The SPSA shall include the following:

School Plan for Student Achievement Appendices | Page 1 of 6

- A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
 - 1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will-
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior:
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 - Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 - 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and

School Plan for Student Achievement Appendices Page 2 of 6

- 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.
- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Appendix B:

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

- 1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
- Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseinvestment.pdf);
- 3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
- 4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

- 1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
- 2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseinvestment.pdf.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

School Plan for Student Achievement Appendices Page 4 of 6

Additional Targeted Support and Improvement

A school identified for ATSI shall:

 Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Cost Center Billing:

For customers with cost center billing, it is the customer's responsibility to provide cost center allocation information to RingCentral at least 10 days prior to the issuance of the invoice. After the information is received, it will be reflected on future invoices, but will not be adjusted retroactively on past invoices. If purchasing additional services through the administrative portal, it is the customer's responsibility to assign cost centers at the time of purchase; otherwise, those services will not be allocated by cost center on the next invoice. Please note that cost center allocation is not available for certain items, such as minute bundles and credit memos. For additional questions, please contact the RingCentral invoice billing team at billingsupport@ringcentral.com.

IN WITNESS WHEREOF, the Parties have executed this Initial Order Form above through their duly authorized representatives.

Shipping Information This order includes: V Liftgate Service Inside Delivery V Call Before Delivery (510) 853-0243

Delivery appointments can be made by the freight company to schedule approx delivery time. Please contact your rep to remove or add additional services to your quote, or to learn more about them.

Liftgate service is recommended for facilities that do not have a loading dock or personnel/equipment needed to lower large or heavy freight to the ground. Selecting this service will ensure that your shipment is lowered to the ground.

Inside Delivery service means that a single freight driver will assist in bringing your shipment inside the first set of doors to your facility. The driver will not navigate stairs/elevators and may still require assistance with extremely large or heavy items.

Please contact your rep to have these additional services added to your quote, or to learn more about them.

When you are ready to order, please make sure you have made all color selections and verified shipping and billing details. Feel free to discuss any questions Thai Tran at thai@worthingtondirect.com you may have with your representative:

DOCUMENT 00104

NOTICE TO BIDDERS

• Notice is hereby given that the governing board ("Board") of AIMS K-12 College Prep Charter District ("District" or "Owner") will receive sealed bids for the following project ("Project" or "Contract"):

12th Street Campus Construction, Renovation and Modernization

- Sealed Bids will be received until 11:59 pm, May 15, 2021, Via Email to maya.woods-cadiz@aimsk12.org at or after which time the bids will be opened and publicly read aloud. Any claim by a bidder of error in its bid must be made in compliance with section 5100 et seq. of the Public Contract Code.
- The Work of this Contract consists of the following:
 - Demolition of existing structures.
 - 3rd Floor Bathroom extension
 - o Toilets and sink troughs (6 bathrooms)
 - o Bathroom flooring (6 bathrooms)
 - o Bathroom backsplash (6 bathrooms)
 - o Bathroom Stall dividers (6 bathrooms)
 - o Staff lounge construction
 - o Painting
 - Electrical Update/HVAC See attached floor plan.
- Instruction to Bidders:
 - a. Project must be completed by <u>July 15, 2021</u>.
 - b. Qualifications of contractor and project manager must be present in bid
 - c. Customer and project references must be included in bid
 - d. Local contractor preferred, others will be considered.
- To bid on this Project, the Bidder is required to possess one or more of the following State of California Contractor Licenses:

Class B – General Contractor License

The Bidder's license(s) must remain active and in good standing throughout the term of the Contract.

• A bid bond by an admitted surety insurer on the form provided by the District, cash, or a cashier's check or a certified check, drawn to the order of the American Indian Model Schools, in the amount of one million dollars, shall accompany the Bid Form and Proposal, as a guarantee that the Bidder will, within seven (7) calendar

AIMS K-12 College Prep Charter District 12th Street Campus Construction, Renovation and Modernization NOTICE TO BIDDERS

days after the date of the Notice of Award, enter into a contract with the District for the performance of the services as stipulated in the bid.

- Pursuant to Public Contract Code Section 20111.5 [or Section 20111.6 (for contracts over \$1 million using state bond funds entered into after January 1, 2014), only prequalified bidders will be eligible to submit a bid for this Project. Any bid submitted by a bidder who is not prequalified shall be non-responsive and returned unopened to the bidder.
- The successful Bidder shall be required to furnish a 150 % Performance Bond and a 150% Payment Bond if it is awarded the contract for the Work.
- The successful Bidder may substitute securities for any monies withheld by the District to ensure performance under the Contract, in accordance with the provisions of section 22300 of the Public Contract Code.
- The Contractor and all Subcontractors under the Contractor shall pay all workers on all work performed pursuant to this Contract not less than the general prevailing rate of per diem wages and the general prevailing rate for holiday and overtime work as determined by the Director of the Department of Industrial Relations, State of California, for the type of work performed and the locality in which the work is to be performed within the boundaries of the District, pursuant to sections 1770 et seq. of the California Labor Code. Prevailing wage rates are also available from the District or on the Internet at: http://www.dir.ca.gov
- A MANDATORY pre-bid conference and site visit will be held on May 7, 2021, at 10:00 a.m. at 171 12th Street Oakland, CA 94607. All participants are required to sign in front of the Administration Building. Failure to attend or tardiness of more than 15 minutes will render bid ineligible.
- Contract Documents are attached to this RFP
- The Board reserves the right to reject any and all bids and/or waive any irregularity in any bid received. If the District awards the Contract, the security of unsuccessful bidder(s) shall be returned within sixty (60) days from the time the award is made. Unless otherwise required by law, no bidder may withdraw its bid for ninety (90) days after the date of the bid opening.
 - No contractor or subcontractor may be listed on a bid proposal for a public works project (submitted on or after March 1, 2015) unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].
- No contractor or subcontractor may be awarded a contract for public work on a public AIMS K-12 College Prep Charter District NOTICE TO BIDDERS 12th Street Campus Construction, Renovation and Modernization

works project (awarded on or after April 1, 2015) unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5.

- The District shall award the Contract, if it awards it at all, to the lowest responsive responsible bidder based on:
 - o The base bid amount only.

*Listed prices were obtained December 2019

Bathroom Renovation

- Need to finish the 3rd floor buildout
- Received a permit extension until 8/16/21
- Construction needs to be completed in order to receive occupancy permit for the 3rd floor. This is a requirement to ensure building code is met for educational setting.
- The plan was to do the construction during the summer and to budget for the expenditures under 2021-2022 budget.
- If we budget for this work our expenditures would be higher than our revenue.
- We need finance to recommend how we can proceed with funds for this project and maintain a fiscally healthy bottom line.
