Expanded Learning Opportunities Grant Plan Instructions: Introduction

The Expanded Learning Opportunities Grant Plan must be completed by school districts, county offices of education, or charter schools, collectively referred to as Local Educational Agencies (LEAs), that receive Expanded Learning Opportunities (ELO) Grant funds under California *Education Code (EC)* Section 43521(b). The plan must be adopted by the local governing board or body of the LEA at a public meeting on or before June 1, 2021, and must be submitted to the county office of education, the California Department of Education, or the chartering authority within five days of adoption, as applicable. The plan must be updated to include the actual expenditures by December 1, 2022.

For technical assistance related to the completion of the Expanded Learning Opportunities Grant Plan, please contact ELOGGrants@cde.ca.gov.

Instructions: Plan Requirements

An LEA receiving ELO Grant funds under *EC* Section 43521(b) is required to implement a learning recovery program that, at a minimum, provides supplemental instruction, support for social and emotional well-being, and, to the maximum extent permissible under the guidelines of the United States Department of Agriculture, meals and snacks to, at a minimum, students who are included in one or more of the following groups:

- low-income,
- English learners,
- foster youth,
- homeless students,
- students with disabilities,
- students at risk of abuse, neglect, or exploitation,
- disengaged students, and
- students who are below grade level, including, but not limited to, those who did not enroll in kindergarten in the 2020–21 school year, credit-deficient students, high school students at risk of not graduating, and other students identified by certificated staff.

For purposes of this requirement

- “Supplemental instruction” means the instructional programs provided in addition to and complementary to the LEAs regular instructional programs, including services provided in accordance with an individualized education program (IEP).
- “Support” means interventions provided as a supplement to those regularly provided by the LEA, including services provided in accordance with an IEP, that are designed to meet students’ needs for behavioral, social, emotional, and other integrated student supports, in order to enable students to engage in, and benefit from, the supplemental instruction being provided.

- “Students at risk of abuse, neglect, or exploitation” means students who are identified as being at risk of abuse, neglect, or exploitation in a written referral from a legal, medical, or social service agency, or emergency shelter.

EC Section 43522(b) identifies the seven supplemental instruction and support strategies listed below as the strategies that may be supported with ELO Grant funds and requires the LEA to use the funding only for any of these purposes. LEAs are not required to implement each supplemental instruction and support strategy; rather LEAs are to work collaboratively with their community partners to identify the supplemental instruction and support strategies that will be implemented. LEAs are encouraged to engage, plan, and collaborate on program operation with community partners and expanded learning programs, and to leverage existing behavioral health partnerships and Medi-Cal billing options in the design and implementation of the supplemental instruction and support strategies being provided (*EC* Section 43522[h]).

The seven supplemental instruction and support strategies are:

1. Extending instructional learning time in addition to what is required for the school year by increasing the number of instructional days or minutes provided during the school year, providing summer school or intersessional instructional programs, or taking any other action that increases the amount of instructional time or services provided to students based on their learning needs.
2. Accelerating progress to close learning gaps through the implementation, expansion, or enhancement of learning supports including, but not limited to, any of the following:
 - a. Tutoring or other one-on-one or small group learning supports provided by certificated or classified staff.
 - b. Learning recovery programs and materials designed to accelerate student academic proficiency or English language proficiency, or both.
 - c. Educator training, for both certificated and classified staff, in accelerated learning strategies and effectively addressing learning gaps, including training in facilitating quality and engaging learning opportunities for all students.
3. Integrated student supports to address other barriers to learning, such as the provision of health, counseling, or mental health services, access to school meal programs, before and after school programs, or programs to address student trauma and social-emotional learning, or referrals for support for family or student needs.
4. Community learning hubs that provide students with access to technology, high-speed internet, and other academic supports.
5. Supports for credit deficient students to complete graduation or grade promotion requirements and to increase or improve students' college eligibility.
6. Additional academic services for students, such as diagnostic, progress monitoring, and benchmark assessments of student learning.
7. Training for school staff on strategies, including trauma-informed practices, to engage students and families in addressing students' social-emotional health needs and academic needs.

As a reminder, *EC* Section 43522(g) requires that all services delivered to students with disabilities be delivered in accordance with an applicable IEP.

Fiscal Requirements

The following fiscal requirements are requirements of the ELO grant, but they are not addressed in this plan. Adherence to these requirements will be monitored through the annual audit process.

- The LEA must use at least 85 percent (85%) of its apportionment for expenditures related to providing in-person services in any of the seven purposes described above.
- The LEA must use at least 10 percent (10%) of the funding that is received based on LCFF entitlement to hire paraprofessionals to provide supplemental instruction and support through the duration of this program, with a priority for full-time paraprofessionals. The supplemental instruction and support provided by the paraprofessionals must be prioritized for English learners and students with disabilities. Funds expended to hire paraprofessionals count towards the LEAs requirement to spend at least 85% of its apportionment to provide in-person services.
- An LEA may use up to 15 percent (15%) of its apportionment to increase or improve services for students participating in distance learning or to support activities intended to prepare the LEA for in-person instruction, before in-person instructional services are offered.

Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broad understanding among the LEA's local community.

A description of how parents, teachers, and school staff were involved in the development of the plan

Describe the process used by the LEA to involve, at a minimum, parents, teachers, and school staff in the development of the Expanded Learning Opportunities Grant Plan, including how the LEA and its community identified the seven supplemental instruction and support strategies that will be implemented. LEAs are encouraged to engage with community partners, expanded learning programs, and existing behavioral health partnerships in the design of the plan.

As noted above in the Plan Requirements, "other integrated student supports" are any supports intended to address barriers to learning, such as the provision of health, counseling, or mental health services, access to school meal programs, before and after school programs, or programs to address student trauma and social-emotional learning, or referrals for support for family or student needs.

A description of the LEA's plan to provide supplemental instruction and support

Describe the LEA's plan for how it will provide supplemental instruction and support to identified students in the seven strategy areas defined in the Plan Requirements section. As a reminder, the LEA is not required to implement each of the seven strategies; rather the LEA will to work collaboratively with its community to identify the strategies that will be implemented. The plan must include a description of how supplemental instruction and support will be provided in a tiered framework that bases universal, targeted, and intensive supports on students' needs for academic, social-emotional, and other integrated student supports. The plan must also include a description of how the services will be provided through a program of engaging learning experiences in a positive school climate.

As a reminder, *EC* Section 43522(g) requires that all services delivered to students with disabilities be delivered in accordance with an applicable individualized education program. Additionally, LEAs are encouraged to collaborate with community partners and expanded learning programs, and to leverage existing behavioral health partnerships and Medi-Cal billing options in the implementation of, this plan (*EC* Section 43522[h]).

The plan must be adopted by the local governing board or body of the LEA at a public meeting on or before June 1, 2021, and must be submitted to the county office of education, the California Department of Education, or the chartering authority within five days of adoption, as applicable. The plan must be updated to include the actual expenditures by December 1, 2022.

For technical assistance related to the completion of the Expanded Learning Opportunities Grant Plan, please contact ELOGGrants@cde.ca.gov.

Instructions: Plan Requirements

An LEA receiving ELO Grant funds under *EC* Section 43521(b) is required to implement a learning recovery program that, at a minimum, provides supplemental instruction, support for social and emotional well-being, and, to the maximum extent permissible under the guidelines of the United States Department of Agriculture, meals and snacks to, at a minimum, students who are included in one or more of the following groups:

- low-income,
- English learners,
- foster youth,
- homeless students,
- students with disabilities,
- students at risk of abuse, neglect, or exploitation,
- disengaged students, and
- students who are below grade level, including, but not limited to, those who did not enroll in kindergarten in the 2020–21 school year, credit-deficient students, high school students at risk of not graduating, and other students identified by certificated staff.

For purposes of this requirement

- “Supplemental instruction” means the instructional programs provided in addition to and complementary to the LEAs regular instructional programs, including services provided in accordance with an individualized education program (IEP).
- “Support” means interventions provided as a supplement to those regularly provided by the LEA, including services provided in accordance with an IEP, that are designed to meet students’ needs for behavioral, social, emotional, and other integrated student supports, in order to enable students to engage in, and benefit from, the supplemental instruction being provided.

- “Students at risk of abuse, neglect, or exploitation” means students who are identified as being at risk of abuse, neglect, or exploitation in a written referral from a legal, medical, or social service agency, or emergency shelter.

EC Section 43522(b) identifies the seven supplemental instruction and support strategies listed below as the strategies that may be supported with ELO Grant funds and requires the LEA to use the funding only for any of these purposes. LEAs are not required to implement each supplemental instruction and support strategy; rather LEAs are to work collaboratively with their community partners to identify the supplemental instruction and support strategies that will be implemented. LEAs are encouraged to engage, plan, and collaborate on program operation with community partners and expanded learning programs, and to leverage existing behavioral health partnerships and Medi-Cal billing options in the design and implementation of the supplemental instruction and support strategies being provided (*EC* Section 43522[h]).

The seven supplemental instruction and support strategies are:

1. Extending instructional learning time in addition to what is required for the school year by increasing the number of instructional days or minutes provided during the school year, providing summer school or intersessional instructional programs, or taking any other action that increases the amount of instructional time or services provided to students based on their learning needs.
2. Accelerating progress to close learning gaps through the implementation, expansion, or enhancement of learning supports including, but not limited to, any of the following:
 - a. Tutoring or other one-on-one or small group learning supports provided by certificated or classified staff.

4. Community learning hubs that provide students with access to technology, high-speed internet, and other academic supports.
5. Supports for credit deficient students to complete graduation or grade promotion requirements and to increase or improve students' college eligibility.
6. Additional academic services for students, such as diagnostic, progress monitoring, and benchmark assessments of student learning.
7. Training for school staff on strategies, including trauma-informed practices, to engage students and families in addressing students' social-emotional health needs and academic needs.

As a reminder, *EC* Section 43522(g) requires that all services delivered to students with disabilities be delivered in accordance with an applicable IEP.

Fiscal Requirements

The following fiscal requirements are requirements of the ELO grant, but they are not addressed in this plan. Adherence to these requirements will be monitored through the annual audit process.

- The LEA must use at least 85 percent (85%) of its apportionment for expenditures related to providing in-person services in any of the seven purposes described above.
- The LEA must use at least 10 percent (10%) of the funding that is received based on LCFF entitlement to hire paraprofessionals to provide supplemental instruction and support through the duration of this program, with a priority for full-time paraprofessionals. The supplemental instruction and support provided by the paraprofessionals must be prioritized for English learners and students with disabilities. Funds expended to hire paraprofessionals count towards the LEAs requirement to spend at least 85% of its apportionment to provide in-person services.
- An LEA may use up to 15 percent (15%) of its apportionment to increase or improve services for students participating in distance learning or to support activities intended to prepare the LEA for in-person instruction, before in-person instructional services are offered.

Instructions: Plan Requirements

An LEA receiving ELO Grant funds under *EC* Section 43521(b) is required to implement a learning recovery program that, at a minimum, provides supplemental instruction, support for social and emotional well-being, and, to the maximum extent permissible under the guidelines of the United States Department of Agriculture, meals and snacks to, at a minimum, students who are included in one or more of the following groups:

- low-income,
- English learners,
- foster youth,
- homeless students,
- students with disabilities,
- students at risk of abuse, neglect, or exploitation,
- disengaged students, and
- students who are below grade level, including, but not limited to, those who did not enroll in kindergarten in the 2020–21 school year, credit-deficient students, high school students at risk of not graduating, and other students identified by certificated staff.

For purposes of this requirement

- “Supplemental instruction” means the instructional programs provided in addition to and complementary to the LEAs regular instructional programs, including services provided in accordance with an individualized education program (IEP).
- “Support” means interventions provided as a supplement to those regularly provided by the LEA, including services provided in accordance with an IEP, that are designed to meet students’ needs for behavioral, social, emotional, and other integrated student supports, in order to enable students to engage in, and benefit from, the supplemental instruction being provided.

- “Students at risk of abuse, neglect, or exploitation” means students who are identified as being at risk of abuse, neglect, or exploitation in a written referral from a legal, medical, or social service agency, or emergency shelter.

EC Section 43522(b) identifies the seven supplemental instruction and support strategies listed below as the strategies that may be supported with ELO Grant funds and requires the LEA to use the funding only for any of these purposes. LEAs are not required to implement each supplemental instruction and support strategy; rather LEAs are to work collaboratively with their community partners to identify the supplemental instruction and support strategies that will be implemented. LEAs are encouraged to engage, plan, and collaborate on program operation with community partners and expanded learning programs, and to leverage existing behavioral health partnerships and Medi-Cal billing options in the design and implementation of the supplemental instruction and support strategies being provided (*EC* Section 43522[h]).

The seven supplemental instruction and support strategies are:

1. Extending instructional learning time in addition to what is required for the school year by increasing the number of instructional days or minutes provided during the school year, providing summer school or intersessional instructional programs, or taking any other action that increases the amount of instructional time or services provided to students based on their learning needs.
2. Accelerating progress to close learning gaps through the implementation, expansion, or enhancement of learning supports including, but not limited to, any of the following:
 - a. Tutoring or other one-on-one or small group learning supports provided by certificated or classified staff.
 - b. Learning recovery programs and materials designed to accelerate student academic proficiency or English language proficiency, or both.
 - c. Educator training, for both certificated and classified staff, in accelerated learning strategies and effectively addressing learning gaps, including training in facilitating quality and engaging learning opportunities for all students.
3. Integrated student supports to address other barriers to learning, such as the provision of health, counseling, or mental health services, access to school meal programs, before and after school programs, or programs to address student trauma and social-emotional learning, or referrals for support for family or student needs.
4. Community learning hubs that provide students with access to technology, high-speed internet, and other academic supports.
5. Supports for credit deficient students to complete graduation or grade promotion requirements and to increase or improve students' college eligibility.
6. Additional academic services for students, such as diagnostic, progress monitoring, and benchmark assessments of student learning.
7. Training for school staff on strategies, including trauma-informed practices, to engage students and families in addressing students' social-emotional health needs and academic needs.

As a reminder, *EC* Section 43522(g) requires that all services delivered to students with disabilities be delivered in accordance with an applicable IEP.

Fiscal Requirements

The following fiscal requirements are requirements of the ELO grant, but they are not addressed in this plan. Adherence to these requirements will be monitored through the annual audit process.

- The LEA must use at least 85 percent (85%) of its apportionment for expenditures related to providing in-person services in any of the seven purposes described above.
- The LEA must use at least 10 percent (10%) of the funding that is received based on LCFF entitlement to hire paraprofessionals to provide supplemental instruction and support through the duration of this program, with a priority for full-time paraprofessionals. The supplemental instruction and support provided by the paraprofessionals must be prioritized for English learners and students with disabilities. Funds expended to hire paraprofessionals count towards the LEAs requirement to spend at least 85% of its apportionment to provide in-person services.
- An LEA may use up to 15 percent (15%) of its apportionment to increase or improve services for students participating in distance learning or to support activities intended to prepare the LEA for in-person instruction, before in-person instructional services are offered.

Instructions: Plan Descriptions

Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broad understanding among the LEA's local community.

A description of how parents, teachers, and school staff were involved in the development of the plan

Describe the process used by the LEA to involve, at a minimum, parents, teachers, and school staff in the development of the Expanded Learning Opportunities Grant Plan, including how the LEA and its community identified the seven supplemental instruction and support strategies that will be implemented. LEAs are encouraged to engage with community partners, expanded learning programs, and existing behavioral health partnerships in the design of the plan.

A description of how parents and guardians of students will be informed of the opportunities for supplemental instruction and support.

Describe the LEA's plan for informing the parents and guardians of students identified as needing supplemental instruction and support of the availability of these opportunities, including an explanation of how the LEA will provide this information in the parents' and guardians' primary languages, as applicable.

A description of how students will be identified and the needs of students will be assessed

Describe the LEA's plan for identifying students in need of academic, social-emotional, and other integrated student supports, including the LEA's plan for assessing the needs of those students on a regular basis. The LEA's plan for assessing the academic needs of its students may include the use of diagnostic and formative assessments.

As noted above in the Plan Requirements, "other integrated student supports" are any supports intended to address barriers to learning, such as the provision of health, counseling, or mental health services, access to school meal programs, before and after school programs, or programs to address student trauma and social-emotional learning, or referrals for support for family or student needs.

A description of the LEA's plan to provide supplemental instruction and support

Describe the LEA's plan for how it will provide supplemental instruction and support to identified students in the seven strategy areas defined in the Plan Requirements section. As a reminder, the LEA is not required to implement each of the seven strategies; rather the LEA will to work collaboratively with its community to identify the strategies that will be implemented. The plan must include a description of how supplemental instruction and support will be provided in a tiered framework that bases universal, targeted, and intensive supports on students' needs for academic, social-emotional, and other integrated student supports. The plan must also include a description of how the services will be provided through a program of engaging learning experiences in a positive school climate.

As a reminder, *EC* Section 43522(g) requires that all services delivered to students with disabilities be delivered in accordance with an applicable individualized education program. Additionally, LEAs are encouraged to collaborate with community partners and expanded learning programs, and to leverage existing behavioral health partnerships and Medi-Cal billing options in the implementation of, this plan (*EC* Section 43522[h]).

Instructions: Expenditure Plan

The 'Supplemental Instruction and Support Strategies' column of the Expenditure Plan data entry table lists the seven supplemental instruction and support strategies that may be supported with ELO Grant funds.

Complete the Expenditure Plan data entry table as follows:

In the 'Planned Expenditures' column of the data entry table, specify the amount of ELO Grant funds being budgeted to support each supplemental instruction and support strategies being implemented by the LEA and the total of all ELO Grant funds being budgeted.

The plan must be updated to include the actual expenditures by December 1, 2022. In the 'Actual Expenditures' column of the data entry table the LEA will report the amount of ELO Grant funds that the LEA actually expended in support of the strategies that it implemented, as well as the total ELO Grant funds expended.

A description of how these funds are being coordinated with other federal Elementary and Secondary School Emergency Relief Funds received by the LEA

Describe how the LEA is coordinating its ELO Grant funds with funds received from the federal Elementary and Secondary School Emergency Relief (ESSER) Fund provided through the federal Coronavirus Response and Relief Supplemental Appropriations Act of 2021 (Public Law 116-260), also known as ESSER II, to maximize support for students and staff.

Teacher/Staff Notes from PD on April 30, 2021

Ideas from ELA, ELD, and Instructional Aides

Supplemental Instruction and Support Strategies

Extending instructional learning time:

“Extending instructional learning time in addition to what is required for the school year by increasing the number of instructional days or minutes”

- POLL RESULTS: 0/6

Accelerating progress to close learning gaps through the implementation, expansion, or enhancement of learning supports:

- Below grade level Back to Basics Tutoring
 - Writing (formal)
 - Reading
 - Tutoring, Saturday School Bootcamp, Class
 - Weekly Rotating Saturday Schools specifically focused on different disciplines
 - Or... Multiple teacher volunteers for Saturday School “breakout groups”
 - Not for makeup work, but instead below grade level review
 - Khan Academy English, NewsELA, IXL, ReadWorks, Common Lit = websites/tools for Bootcamps/focused Saturday School
 - Reading and/or Writing bootcamp - Recommending for this to take place the week before school starts. It doesn’t have to be the entire week, maybe for 3 days - 3 hours per day would work? We can break it up by levels, beginning and intermediate.
- “Movie Nights” analyzing literary elements of the storytelling
 - Perhaps parents included
- Clubs: Book Club, Spoken Word
 - Below Grade Level Students Assigned to the Club(s)
 - Also a good idea for volunteer students to join a club (perhaps separate club?)
 - Perhaps parents included

\$ could be spent to pay volunteer teachers/staff/adults (like stipends for extra duties)

- Poll staff to find out staff strengths and who could best support what skills/programs

“Educator training for accelerated learning strategies”

- POLL RESULTS: 6/6

Integrated student supports to address other barriers to learning:

- Additional Instructional Aids, Aids for ELD Dept & EL Students
- Establishing clear and incentivized academic goals for targeted extra-support students
 - Not just makeup work
 - Skills-based
 - Prizes (similar to use of funds for PBIS)
 - Same strategy for IEP/SPED students
- ELD Lab
 - Holding students accountable to attend

Recommendation:

\$ for staff pay

\$ for prizes

“Health, counseling, or mental health services, access to school meal programs”

- POLL RESULTS: 6/6
- AIMS District & HS could benefit from additional mental health/counseling staff and services
- Consult with Mr. Castellano
- Expansion of Mental Health Fridays (not just 1 day a month) (not on a minimum day)
- Field Trips for identified or volunteer students (based on known socioemotional struggles)
 - Collab with outside groups for students to visit for activities
 - Form a group/club for identified or volunteer students
 - \$ to pay outside organizations or staff stipend
- [WRAP](#)

Community learning hubs that provide students with access to technology, high-speed internet, and other academic supports:

- POLL RESULTS: 6/6
- Upgrade Chromebook and Tech for students' to take home for year

Supports for credit deficient students to complete graduation or grade promotion requirements and to increase or improve students' college eligibility:

- POLL RESULTS: 0/6 (we support Accelus and proposed concept, but don't feel this is the best use for the Grant \$)
- Possible to use the Grant \$ to form and distribute as a scholarship?
- Use money to link students to organizations that help link them to scholarships

Additional academic services for students:

- Additional Reading Assessment other than SRI
- Although more money for testing is not our recommendation, many of our ideas in category 3 would require some kind of diagnostic

Training for school staff on strategies to engage students and families in addressing students' social-emotional health and academic needs:

- POLL RESULTS: 5/5

Supplemental Instruction and Support Strategies

Extending instructional learning time:

Accelerating progress to close learning gaps through the implementation, expansion, or enhancement of learning supports:

- Opportunities for field trips for content enrichment & hands on learning
- Experiential travel programs STEM (Boston, New York or San Francisco) www.efexploreamerica.com.
- Paid teacher tutoring sessions
- Materials and implementation for school wide 'reading period' - time set aside during the day for students to read for pleasure and develop literacy

Integrated student supports to address other barriers to learning:

Community learning hubs that provide students with access to technology, high-speed internet, and other academic supports:

Supports for credit deficient students to complete graduation or grade promotion requirements and to increase or improve students' college eligibility:

Additional academic services for students:

- Hiring of additional classroom staff (aides, paraprofessionals) to provide extra support for day to day activities and science labs
-

Training for school staff on strategies to engage students and families in addressing students' social-emotional health and academic needs:

Ideas from Elective

Supplemental Instruction and Support Strategies

Extending instructional learning time:

1. Small group tutoring; one-on-one tutoring; extra/extended tutoring. Would be most productive or beneficial to focus on students who are most behind and what they need as opposed to adding and extending the school day or year.
2. Weekend tutoring option/after school tutoring where AIMS schedules the student and once a month conference with a parent present. Set up a schedule, no options to sneak out of getting assistance

Accelerating progress to close learning gaps through the implementation, expansion, or enhancement of learning supports:

Possibly for PE and Sports : Strength and Conditioning Program for Summer / Sports Specific Skill Learning Program

Utilizing TA's (seniors who help other students) bonding and support systems

More Aids hired to assist teachers in the classroom, less pull out and more push in

Create a community so students will want to join the support group, incentives, etc.

Integrated student supports to address other barriers to learning:

-Set aside time for more community building and social activities to reduce student burnout. Set aside additional funds for SGA, clubs, field trips, class parties etc.

-Use funds to increase access to legitimate/ professional lead mental health activities and support

Community learning hubs that provide students with access to technology, high-speed internet, and other academic supports:

Computer Lab, better internet connectivity, access to stationary desktop computer stations, a staff member who is Tech savvy who monitors and supports the students and school as a whole. A second Mr. Ma

Inclusion of parents - workshops for parents on parent square, power school, etc.

Supports for credit deficient students to complete graduation or grade promotion requirements and to increase or improve students' college eligibility:

Structured class for College Planning for high risk students and their parents

Addition class specifically for credit recovery

Extra year long supports starting at the beginning of the year

Tutoring, EI supports and IEP supports built in

Additional academic services for students:

Create supplementary materials and make them available online for all the students and families to access. Differentiated instructional and practice materials ready for students with different learning styles and language readiness. Provide students and parents with supplementary learning materials to scaffold students with learning deficiencies in their home languages. Empower students and families with opportunities to come to the campus to receive small group tutoring in the subject area that needs to improve based on personal needs. Different genres and activities are implemented in lesson plans for all programs provided at AIMS high school.

Training for school staff on strategies to engage students and families in addressing students' social-emotional health and academic needs:

Professional development workshops lead by professionals rather than recycled content

Professional development that embraces differentiation for staff abilities, departments, subject matter, and acknowledges professional development that has already been completed by staff members

Systems which track staff development completion to ensure that staff development is not redundant for veteran teachers:

Ex: many hours used per year to teach rudimentary/ fundamental job skills like entering grades and assignments directed at new staff.

Provide opportunities for parents and students to improve and build family relationships. One strategy would be a weekend **family get together** in the school to be organized by the teacher. Activities will be discussed further.

Ideas from History:

Supportive Class Extension

WH Teacher available for supplement instruction during the Summer time for two weeks

Interest to provide supplemental instructing after summer

Professional Development Training

Interested in professional development for certificated staff focused on specific discipline of instruction such as AP Summer Institute Online -UCLA or with supportive English Language training courses through online learning portals like Havard/Coursera/EdX.

Teacher Resources

Request additional learning resources to support learners such as Ultimate Review Packs on Macroeconomics, History, Geography and World History

Request poster/room materials supporting content instruction

Community Support

Increase community/parent engagement through special school enrichment activities

Increase field departmental field trips supporting diverse learner engagement

Ideas from Math

One idea to help credit deficient students was Summer Session Tutoring

Ms Batbold is open to assisting with this, Mr Tran might also be open to assisting .

The math dept also thought it would be good to spend some of the funds on item number 7 from Mr. Williams email which states

"Training for school staff on strategies, including trauma-informed practices, to engage students and families in addressing students' social-emotional health needs and academic needs."

The training might help teacher better recognize problems in social emotional health such that they could be referred to a professional engaged full time in that area

The math dept also considered it would be good to spend some of the funds on item number 3 from that same email which states

"Integrated student supports to address other barriers to learning, such as the provision of health, counseling, or mental health services, access to school meal programs, before and after school programs, or programs to address student trauma and social-emotional learning, or referrals for support for family or student needs."

Implement a music program including instrumental music (band) (this could look like many things. For example, buy 25 keyboards and offer a beginning piano class, or so that with guitars. Another option is buy some basic band instruments and have beginning band but also intermediate or jazz or rock band for kids that can already play) and also vocal music/ choir/ rapping/ perhaps an electronic music production class. (Buy 25 MacBooks with Logic and have the kids learn music production)
Also a drama/ dance program (hip hop dance class?) (plays, musical theater?)

Ways to be involved with other organizations or programs that can give students more programs and interns to increase their skills in areas that they want to do. More medical programs for students like medical, and more art programs for students that like art and etc. interns during summer can also help students be involved with the community and learning more while rewarding some money.

Jasmine Raines

mrzjazzrainez@gmail.com

This money should be used to ensure that teachers are knowledgeable about better ways to use technology in classrooms.

Also, students need to learn about how not all change is bad and how to preserve through seemingly rough or failed states of mind.

Parents should have simple classes on how to use the systems the school teach and communicate with so they can stay abreast of how their child is doing.

AIMS College Prep High is the best example of a school that cares like a parent cares!

Chen Xing

I think AIMS should provide extra summer rigouts AP prep. course for students during summer, especially for juniors and seniors. I really think AIMS should recruit experienced teachers to teach AP course which align the course content with the AP test. At the same time, I also think it will be good that AIMS can provide more college application workshops for juniors and seniors, including their parents.

SCOPE OF WORK AND SERVICES

The STEM4Real Professional Learning Series

Universal Design for Learning (UDL), Common Core Math (CCSS) Next Generation Science Standards (NGSS) and STEM Implementation for [AIMS College Prep High School \(AIMS HS\)](#)

A. Background

Our Promise: We believe that the principles of STEM Education can be used in any subject area to promote design thinking, collaboration, and academic discourse. Our promise is to make education socially just #4Real through instructional planning, professional learning, action planning and leadership development. We will do this by recognizing and dismantling inequitable systems and rebuilding your education system #4Real with all students first.

WHY WE ARE DIFFERENT:

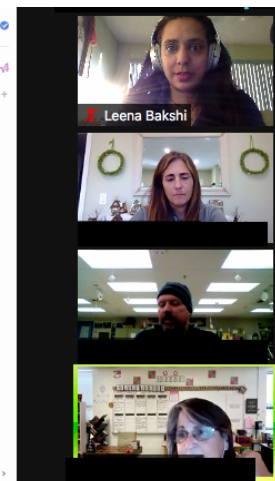

- **Content + Social Justice:** We combine principles of equity and social justice so that educators are learning about standards-based (NGSS/CCSS/Emergent Bilingual) instruction and differentiating for all student groups (students with special needs, African-American students, etc.) accordingly.
- **Engagement:** We engage with educators during the presentation - there is always an active component where we are thinking, doing, reflecting, and collaborating. We never just talk at our audience all day. We teach and model what we are asking our teachers to do in their classrooms, whether it is live or virtually.
- **Implementation and Action:** We provide tools and resources that can be immediately used in the classroom. There is no need to purchase a set of curriculum or expensive materials. We focus on teacher pedagogy and shifting teacher practice to create student-centered learning modules grounded in student curiosity.
- **Joy:** Happy Teachers = Happy Students! We have fun!

What specific **social** justice standard?

Action 17 AC.6-8.17 I know how to stand up for myself and for others when faced with exclusion, prejudice and injustice.

B. Description of Services

STEM4Real Tailor-Made: Every organization is different which is why we create a tailor-made professional learning experience designed for your team and context.

Administrator Partnership: We take the time to get to know your school, district, agency, and context. No teacher wants “another thing to do” on top of their busy schedules. We work with your organization to ensure that we are all vision-aligned.

- What initiatives do you already have?
- How do we continue and build on previous work?
- Current implementation of UDL (Universal Design for Learning)
- How can STEM4Real fit into your current vision?
- What does the data say
- Equity Audit - where are we missing our students?

STEM4Real Grounding with Teachers and Coaches: In this session, we connect all of the systems: Your state content standards (The Next Generation Science Standards, Common Core Standards), your case study students, and the context of your school or district.

- Understand 3D Learning and the WHY behind instruction using phenomena and curiosity to drive student learning.
- Consider Your Context - Research the context of your school community
- Case Study Student Analysis - choose at-promise students to differentiate your instruction and learning sequences.
- Family and Community Engagement Plan

Race, Social Justice and Implicit Bias Training: We dig deeper into our own implicit biases to ensure that these do not manifest in our teaching and learning. This critical step helps us evolve as educators to be anti-racist and to stand up for social justice.

STEM4Real Instructional Planning - Based on data and observations from the lesson modeling session and learnings from the STEM4Real Grounding and Intensive Learning sessions, we will construct our 3D5E lesson plans and use principles of Universal Design for Learning (UDL) and the Teaching for Robust Understanding (TRU) Frameworks to reflect on the learning sequence.

- Prepare learning sequences for observation and implementation. Collaborate with staff on feedback.
- Use UDL and TRU Frameworks as a reflection tool for lesson planning.
- Look at current curriculum using the NGSS TIME Toolkits to review, assess and implement materials

The STEM4Real Professional Learning Series

Peer-to-Peer Observations - Our team will facilitate video and live observations using the DO-KNOW-THINK Observation tool to observe student learning and shift teacher practice to meet the demands of inquiry-based instruction. We will then reflect on strengths, areas of growth, opportunities and threats to a socially just STEM education.

Analysis of Student Work - We will then analyze student learning outcomes, discuss next steps and implications for teacher practice. We will take a closer look into our case study students to see how they have grown over time with differentiation, family connection, and formative feedback.

Lesson Planning Workshop Summit - All participants walk away with fully completed lessons and ideas. We design and finalize Lessons and Units with all of the learnings and reflections from the year. We also discuss implications for next year.

STEM4Real Network Fellowship is a year-long network to collaborate nationally and internationally with fellow like-minded educators committed to STEM standards + justice. Our community has access to the following:

- **Collaboration and Lesson Study** within the STEM4Real Network of educators - engage in “The STEM4Real Way”, an online professional learning series focused on the Next Generation Science Standards, Culturally Responsive Phenomena, Case Study Students, Teacher Observation, and Analysis of Student Work.
- **Teacher-Curated Lesson Bank** and instructional resources: Using the Lesson Study #4Real process, teachers create 3-dimensional (practices, core ideas, and cross cutting concepts) and 5E (engage, explore, explain, elaborate, evaluate) instructional sequences grounded in culturally responsive pedagogy.
- **Monthly Live Professional Learning Via the Un-Speaker Series** (Offered Virtually) - Live workshops focused on current issues in STEM education including assessment, instructional practices, English Language Learner instruction, Social-Emotional Learning, Trauma-Informed Practices.
- **Make a Change Monday Mindset Calls** - Equity work takes work. It is an ongoing practice that we as educators must continually fine tune in order to address STEM + Social Justice educational issues. In these sessions, we Collaborate, Problem-solve and Action-plan (CPA) on specific hot seat issues that we can learn from together.

The STEM4Real Professional Learning Series

- **Weekly Follow-Up Coaching Sessions** - sometimes we just need allocated time in the week to focus on getting work done and having a community to support you as you check off those tasks.
- **Yearly Events with Guest Speakers** - We kick off each year with our goals and end each year with our culminating event, sharing best practices and of course, our 3D5E instructional sequences that combine STEM + Social Justice + Joy
- **Optional Units with Cal State University, East Bay**

Testimonials

What are participants saying? [STEM4Real Tailor Made Testimonial](#)

- *It is always important to remember the justice side of education as you interact with kids. It's one of the things that I really have been trying to keep in the forefront of my student interactions.*
- *I loved the techniques for structuring NGSS (3D, 5E, CER). NGSS was feeling really open-ended but it now feels like I have a better understanding of how to plan both short and long term.*
- *Some things I am working on is to listen more carefully to students (and teachers) to hopefully become more empathetic and to slow down my reaction/response time, just a fraction, as a check on my own biases.*
- *One key take-away for me was that our perceptions and biases have a huge impact in how we teach, even if we are unaware of them.*
- *A key takeaway was the importance of providing opportunities for all students to think about and talk about their observations and thoughts, in ways that take into account multiple intelligences and different learning styles.*

The STEM4Real Professional Learning Series

- *Having students generate questions about a phenomenon is such a good way of including every student, every experience, and every culture in science. Any student can be a scientist and can make references to other material they are learning in school or to past experiences due to the many cross-cutting concepts implemented through NGSS.*
- *I applied the questions to Social Sciences and the answers reflect situations as they may arise in that discipline. I plan to introduce phenomena as the basis for many of my lessons and open the class to debate and discussion.*
- *I really shifted to phenomenon based instruction and I've been doing this in my instruction. I've also gained some understanding of how to navigate the NGSS.*
- *There are many tools and strategies that I am excited to implement within my classroom. They include the sticky note brainstorm strategy, doing a nature/campus walk to observe and write down phenomena, seeing the NGSS as 3 dimensions of what the student can think, know, and do, and also the 5E lesson planning template tool.*
- *Meeting and learning about different students was interesting. Focusing on engaging students of all cultures in every lesson is going to be my goal for science.*

Key Performance Indicators

- **Teacher Observation Data**
Discuss teacher virtual recordings with the team to discuss teaching goals and performance indicators. Analyze strengths and areas for growth. Monitor progress for both teachers and students.
- **Student, Teacher and Administrator Surveys**
Our research team will collect pre-and post- surveys to understand the implementation of teacher practices and the shifts in teacher pedagogy over time. We will use the SIPS (Science Instructional Practices Survey), a researched based survey to assess classroom implementation and teacher efficacy.
- **Exit Interviews**
Our research team will conduct and code exit interviews with select participants to assess validity and reliability of professional learning for educators. We will provide the districts with a full report and recommendations for a STEM action plan, budget planning, and next steps.
- **Artifact Evaluation**
We will analyze lesson plans, analysis of student work, case studies, and teacher observation notes to discuss the process and assess next steps.

Annual Review

SPSA Year Reviewed: 2019–20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Our strategies are targeted to meet the needs of improved learning for all students and subsets of students who demonstrate the need for additional support in each of the following categories of goal 1- 4. Our strategies are targeted to meet the needs of improved learning for all students and subsets of students who demonstrate the need for additional support.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

COVID - 19 resulted in many differences including the ability to show expected improvement data, since state testing was not allowed (Sp2020). While strategies for blended learning had been used all year, the shift to 100% online still required adaptation to serve all students as well as had been done in person. Some resources shifted to the technological, to support current and future online video conferences. There have also been planning and resourcing in preparation for daily cleaning and sanitizing of the school site for occupation by staff and students when that becomes an option.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Again, the most significant changes have to do with the move to 100% online for semester 1 of 2020-2021. Preparations have been made for hybrid learning, Goal 2, including purchase and upgrade of technology for students and teachers to maintain strong connections to the school community and model.

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI **may delete the Purpose and Description prompts.**

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and School Plan for Student Achievement Instructions| Page 2 of 6

tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school's identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school's identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency's budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the

expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total

allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- **Total Funds Provided to the School Through the Consolidated Application:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
 - 1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.

Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).

 1. Ensure that those students' difficulties are identified on a timely basis; and
 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceusesinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Annual Review

SPSA Year Reviewed: 2019–20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Our strategies are targeted to meet the needs of improved learning for all students and subsets of students who demonstrate the need for additional support in each of the following categories of goal 1- 4. Our strategies are targeted to meet the needs of improved learning for all students and subsets of students who demonstrate the need for additional support.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

COVID - 19 resulted in many differences including the ability to show expected improvement data, since state testing was not allowed (Sp2020). While strategies for blended learning had been used all year, the shift to 100% online still required adaptation to serve all students as well as had been done in person. Some resources shifted to the technological, to support current and future online video conferences. There have also been planning and resourcing in preparation for daily cleaning and sanitizing of the school site for occupation by staff and students when that becomes an option.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Again, the most significant changes have to do with the move to 100% online for semester 1 of 2020-2021. Preparations have been made for hybrid learning, Goal 2, including purchase and upgrade of technology for students and teachers to maintain strong connections to the school community and model.

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI **may delete the Purpose and Description prompts.**

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and School Plan for Student Achievement Instructions| Page 2 of 6

tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school's identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school's identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency's budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the

expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total

allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- **Total Funds Provided to the School Through the Consolidated Application:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
 - 1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and

 1. Ensure that those students' difficulties are identified on a timely basis; and
 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

4.5. Intellectual Property

AT&T grants Customer a limited, non-exclusive, non-transferable license to use the Service during the Term solely in connection with the receipt of the Service. All rights, title and interest in and to intellectual property relating to the Service, including any changes, modifications, alterations, or improvements made by AT&T during the Term, are owned by AT&T, its Affiliates, or AT&T's licensors, suppliers, subcontractors or vendors. Customer's possession, access, or use of any part of the Service does not transfer any ownership rights in the same or any intellectual property rights from AT&T, its Affiliates or AT&T's licensors, suppliers, subcontractors or vendors to Customer.

4.6. Privacy Terms and Conditions

4.6.1. Customer represents and warrants that it has appropriate rights to provide End User data (which may include Customer Personal Data) to AT&T in connection with the Service. Customer expressly grants AT&T permission to access information contained in application layer 7 for the sole purpose of managing the performance of the Wi-Fi network. From time to time AT&T will perform real time packet capture to analyze and troubleshoot network issues and Customer grants AT&T permission to perform such operations for short intervals as necessary for network management purposes.

4.6.2. AT&T agrees that, in performing the network management function, it will:

4.6.3. Customer agrees that in connection with the network management function, it will:

- Use or monitor End User data made available through the network management function of the Service only for network management purposes, unless it secures additional consent from End Users, or has another lawful basis for processing the data. Purposes beyond the network management function include, but are not limited to, marketing, advertising, and the examination of content and communications;
- Obtain and maintain any and all legally required employee or End User consents, or establish other lawful bases, for the processing or use of End User data. (AT&T can provide an example of the legally required employee or End User consent);

4.6.4. Customer is responsible for the way the data is used by Customer; and its employees, guests, and representative's access to and use of the data, content, or communications generated by this Service.

4.6.5. To the extent that a website or online service is directed to or likely to collect personal information from children under the age of thirteen, Customer agrees to comply with the federal Children's Online Privacy Protection Act and provide parental notice and advance parental consent prior to collecting such personal information.

4.6.6. The Service allows Customer to collect and use an End User's location through Bluetooth Low Energy (BLE) and Wi-Fi based location technologies. Such use may be subject to various U.S. and international laws and regulations, including those promulgated by the Federal Trade Commission and other industry regulators (e.g., Privacy Forum's Mobile Location Analytics Code of Conduct, NAI, GDPR, CCPA), with which Customer agrees to comply. Customer agrees not to provide or sell location data to third parties without AT&T's prior written authorization.

Because the Service collects and uses location information, AT&T is offering the following information, but such information is not intended to be legal advice. Customer should consult with an attorney for legal advice.

4.6.6.2. Depending on how Customer collects or uses the Service, Customer may be required to provide notice, obtain opt-in consents, or provide periodic reminders, all separate from providing terms and conditions to End Users, so that End Users will be aware that location is being tracked when visiting Customer's Sites. If Customer buys other products or services from AT&T or others that, in conjunction with Customer's business application, allows Customer to know when an End User is at Customer's Site(s), Customer may be required to provide separate notices, obtain separate opt-in consents, or provide periodic reminders (all separate from terms and conditions) so that End Users will be aware that location is being tracked in multiple ways when visiting Customer's Site(s).
