Association

**CHARTER SCHOOLS  
DEVELOPMENT CENTER**

April 20, 2021

The Honorable Patrick O'Donnell  
Assembly Education Committee  
1020 N Street, Room 159  
Sacramento, California 95814

Dear Chair O'Donnell and Members of the Committee:

On behalf of more than 1,300 nonprofit charter public schools serving over 700,000 California students and their families, the California Charter Schools Association (CCSA), the Charter Schools Development Center (CSDC), the Association of Personalized Learning Schools & Services (APLUS+) with more than 130 organizations that represent over 350 charter public schools are signing on to this letter, in strong and unified **OPPOSITION to Assembly Bill 1316 (O'Donnell)** that would fundamentally damage the operations and missions of the entire California charter public school sector.

As you know, the nonprofit charter public school community has for many years worked with lawmakers on legislation and policy to ensure all nonprofit charter public schools are academically, fiscally and operationally accountable. However, AB 1316 has been introduced without any collaboration or meaningful engagement of the charter public school community. As a result, the bill is a misguided and one-sided approach that will hurt hundreds of thousands of California families and undermines the clear intent of the Charter Schools Act "to provide opportunities for teachers, parents, pupils, and community members to establish and maintain schools that operate independently from the existing school district structure" for the purpose of increased learning opportunities, innovation and expanded choices though a performance-based accountability system (Education Code section 47601).

**AB 1316 Ignores Recent Sweeping Changes in Charter Law.** A package of bills passed in 2019 made comprehensive reforms to the accountability and transparency for all charter schools. Provisions of AB 1316 would blatantly violate the agreement reached through the negotiations on all these bills to limit further charter restrictions. These recent reforms include:

- **SB 126 (Leyva)** which specifically applies Government Code section 1090, the Brown Act, the Political Reform Act and the Public Records Act to charter schools to provide greater transparency in operations, strengthen conflict of interest prohibitions, and improve public transparency in charter school contracting and other board actions.
- **AB 1505 (O'Donnell)** which provides additional and specific factors for authorizers to consider in chartering decisions, provides clear and specific renewal criteria and imposed new credentialing requirements on charter schools.

- **AB 1507 (Smith)** which enacts significant limitations related to the location of resource centers operated by nonclassroom-based charter schools to improve transparency and authorizer oversight of nonclassroom-based programs.

We supported this package of charter school bills that impose strict regulations on the operations and accountability for all charter public schools, including nonclassroom-based charters public schools (NCBs). Many schools significantly restructured their operations to abide by the new measures. AB 1316 ignores the measures already passed to address the concerns regarding both classroom-based and NCBs.

AB 1316 attempts to paint a broad brush on the charter public school sector by citing a single egregious case of fraud by a school and local authorizers, and ignores the hard work and high ethical standards of the majority of charter public schools. Like the general public, the charter community was shocked and outraged by the criminal fraud and abuse in this case, and in fact, took early whistleblower action to notify the Superintendent of Public Instruction and the State Board of Education, encouraging them to step-in and investigate the troubling and questionable practices of this fraudulent operator. The individuals responsible for these egregious actions have pled guilty or are currently being prosecuted, including at least one school district superintendent, for a large number of criminal violations of existing law. It is important to underscore that these criminal actions occurred prior to the implementation of the new reforms noted above.

**AB 1316 Imposes Anti-Student Constraints on ALL Charter Schools, eroding their opportunity to innovate, or deliver mission-driven and student-centered programs.** AB 1316 would **prohibit multiple-track** schools that offer additional instructional days than students would otherwise receive, and **restrict instructional day** flexibility for all charter schools that would negatively hurt at-risk students that require scheduling flexibility due to work hours or childcare commitments.

AB 1316 ignores the significant **new credentialing requirements** enacted in AB 1505 and diminishes the value of paraprofessionals in offering a comprehensive educational program by imposing new and more stringent credentialing requirements. AB 1316 also **increases charter oversight fees** without any basis or accountability for the use of these funds. By increasing fees without any reasonable accountability for the use of those fees by authorizers, funds intended for charter students will be diminished and program quality could suffer directly impacting a student's education.

**AB 1316 would essentially eliminate "nonclassroom-based" charter schools by imposing unworkable mandates for site-based programming, excessive limits on enrollment, and mandatory funding cuts.**

CCSA recently released the report *Serving Diverse Student Needs in the Golden State: Practices and Programs of Nonclassroom-based Charter Public Schools (NCBs)*. NCBs currently serve more than 190,000 students in California and have served 25-30 percent of all charter public

school students since at least 2008. The flexibility of NCBs allows them to offer students a tailored blend of distance learning, independent study, home study, site-based instruction, other services at resource center facilities, and/or access to career technical education pathways. Many of these schools maximize the learning potential and academic gains by offering a range of instructional support, with particular emphasis on individualized learning for some of the state’s most vulnerable students – including those who have been expelled multiple times, dropped out of school, are chronically absent, teenage parents, medically fragile, and/or have mental health issues – and require more intensive tutoring and teacher supervision. These schools serve students who have failed to succeed in a traditional site-based setting yet are now thriving in a personalized learning environment which is the hallmark of all NCBs.

AB 1316 would require all NCBs to offer a **parallel site-based program** for all high school students and any student who is not succeeding in the independent study setting. This nonsensical and wasteful approach to offering an alternative to traditional classroom-based programming is even more troubling given the significant constraints on physical operations of NCBs just imposed in AB 1507. By further limiting the geographic scope of enrollment and **capping enrollment** relative to district size, AB 1316 upends the reforms recently imposed in AB 1507 and would require even more operational restructuring and reorganization, without any evidence the reforms in AB 1507 are working. AB 1316 would **mandate funding cuts** for all NCBs solely based on the level of classroom instruction, without any quantifiable evidence that correlates to student academic success with in-person instruction. These students have chosen alternative instructional models because they are not academically successful in a classroom-only learning environment. Mandating program cuts without regard to program effectiveness or individual student needs, and based on a single metric, will severely limit the capacity of schools to provide meaningful, innovative and flexible learning opportunities to the most disenfranchised students in California, as well as undermine student success and increase the state’s school dropout rate.

AB 1316 ignores the good work and commitment that NCBs offer their community. It is important to note that during the pandemic, all schools became “nonclassroom-based”, and many of the leaders in this charter sector openly offered best practices, support and resources to other charter schools and traditional school districts to transition to a more successful distance learning environment for all of California students. These schools were also held to their pre-pandemic requirements for student progress and attendance reporting. We must be careful not to “throw the baby out with the bathwater” as we consider what narrow additional controls may be appropriate to further limit exposure to fraud.

**New Audit and Fiscal Reporting and Oversight Requirements are Excessive and Duplicative.**

AB 1316 would overlay broad new fiscal and operational accountability on ALL charter schools by ignoring the existing annual audit requirements, and the significant impact of fiscal and operational accountability reforms already implemented under AB 1505, AB 1507 and SB 126. By imposing the entirety of the **Public Contract Code** on charter schools, this bill would blatantly violate the recent agreement on which school district laws should apply to charter

schools, and eliminate flexibility, a fundamental element of the charter school model. The new **fiscal reporting requirements and audit provisions** in this bill are particularly cumbersome and convoluted through the imposition of duplicative and wasteful oversight across many agencies, including independent auditors, charter authorizers, county offices of education, the California Department of Education (CDE) and the State Controller. While some narrow additional accountability may still be considered for the NCB sector, this bill goes too far. We note that SB 593 (Glazer), also introduced this session, attempts to address fiscal accountability concerns for NCBs in a much more strategic and targeted manner.

California's charter schools provide a meaningful and accountable educational opportunity for many of California's students. The essential value of the flexibility of charter schools was on full display during the pandemic. Charters were the first to transition to distance learning, led by the leadership of the nonclassroom based sector. Charter schools also led the education community to provide critical community support such as student meals. We take seriously our commitment to educational outcomes, and fiscal and operational accountability and transparency, but the value of our responsiveness and flexibility must not be diminished.

Unfortunately, AB 1316 is the wrong approach. For the reasons stated above, we respectfully, but firmly **OPPOSE AB 1316**.

ASSEMBLY COMMITTEE ON EDUCATION  
Patrick O'Donnell, Chair  
AB 1316 (O'Donnell) – As Amended April 14, 2021

**SUBJECT:** School accountability: financial and performance audits: charter schools: contracts

**SUMMARY:** Establishes new requirements for nonclassroom based (NCB) charter schools in the areas of auditing and accounting standards, the funding determination process, adding requirements to the contracting process, Independent Study (IS) program requirements, required teacher to pupil ratios, limiting authorization of NCB charters by small districts, and adding specificity to the authorizer oversight process, as specified. Specifically, **this bill:**

**Audit and Accounting Standards**

- 1) Requires charter schools to follow the same audit procedures and audit schedules, and use the same Standardized Account Code Structure, as school districts.
- 2) Requires training for school district and charter school auditors as a condition of their licensure, and requires school district and charter school audits to be peer reviewed.
- 3) Creates the Office of Inspector General at the California Department of Education (CDE), to be appointed by the Governor.
- 4) Requires the K-12 audit guide to include sampling guidance, and audit requirements for minimum school day, time value of pupil work, pupil to teacher ratios, the 25 largest monetary transfers, and pupil attendance.

**NCB Charter School Funding Determination**

- 5) Establishes, beginning July 1, 2022, a funding formula for NCB charter schools based on the amount of in-classroom instruction provided to pupils as follows:
  - a) Pupils engaged in classroom-based instruction for at least 80% of their attendance, generate 100% attendance for state apportionment.
  - b) Pupils engaged in classroom-based instruction for between 60% and 79% of their attendance, generate 92.5% attendance for state apportionment.
  - c) Pupils engaged in classroom-based instruction for between 40% and 59% of their attendance, generate 85% attendance for state apportionment.
  - d) Pupils engaged in classroom-based instruction for between 20% and 39% of their attendance, generate 77.5% attendance for state apportionment.
  - e) Pupils engaged in classroom-based instruction for between 0% and 19% of their attendance, generate 70% attendance for state apportionment.

### **Independent Study for School Districts, County Offices of Education and Charter Schools**

- 6) Establishes, beginning with the 2022-23 school year, a single set of criteria for Independent Study (IS) for school districts, county offices of education (COEs), and charter schools, including:
  - a) Requiring a minimum frequency of teacher and pupil contact once every three school days, including a requirement for more contact for struggling pupils;
  - b) Requiring teacher communication to be via in-person, live visual or audio connection;
  - c) Requiring a minimum school day;
  - d) Requiring a NCB charter school to offer an in-person option as an alternative to serve pupils with exceptional needs and struggling pupils; and
  - e) Requiring governing board policies and governing body policies to include attendance and academic metrics for ending a pupil's IS agreement.

### **Charter School Contracts**

- 7) Requires vendor personnel who provide direct services to pupils that count toward instructional minutes to hold the appropriate credential.
- 8) Prohibits private religious organizations or schools from serving as vendors.
- 9) Requires charter schools to participate in competitive bidding of contracts in the same manner as school districts.
- 10) Prohibits contracts from being calculated as a percentage of charter school apportionment.

### **Pupil Attendance Data Study**

- 11) Requires the CDE to study the feasibility of connecting the California Longitudinal Pupil Achievement Data System (CALPADS) and the attendance accounting system.

### **Teacher Assignments, School Calendars, and Pupil Attendance**

- 12) Requires school districts, COEs and charter schools to calculate pupil-to-teacher ratios in independent study programs by one of the following methods:
  - a) A 25 to 1 pupil-to-teacher ratio;
  - b) An alternative pupil-to-teacher ratio negotiated as part of a collective bargaining agreement; or
  - c) The prior year pupil-to-teacher ratio at programs operated by the high school or unified school district with the largest average daily attendance of pupils in the county or the

collectively bargained alternative ratio used by that high school or unified school district in the prior year.

- 13) Prohibits multi-track year-round schedules for school districts and charter schools. Authorizes the State Board of Education (SBE) to waive this prohibition in cases of facility shortages.
- 14) Permits NCB charter attendance only for pupils residing within the county in which the school is authorized.

### **Small School District Authorizers of NCB Charter Schools**

- 15) Permits a NCB charter school to be authorized as follows:
- a) School districts < 2,500 in Average Daily Attendance (ADA) may authorize NCB charters up to 100% of district ADA;
  - b) School districts of 2,500-5,000 ADA may authorize NCB charters up to 2,500 ADA; and
  - c) School districts of 5,000-10,000 ADA may authorize NCB charters up to 50% of district ADA.

### **Authorizer Oversight and Oversight Fees for Charter Schools**

- 16) Establishes the Charter Authorizing Support Team at the Fiscal Crisis and Management Assistance Team (FCMAT).
- 17) Requires charter school authorizers to perform the following oversight responsibilities for NCB charter schools:
- a) Annually verify that an appropriate methodology exists for teachers to determine the time value of pupil work product used to compute ADA.
  - b) Annually verify the ADA-to-certificated-teacher ratio used by the charter school.
  - c) Verify average daily attendance at the first, second, and annual principal apportionment reporting, including subsequent corrected reports, after performing reasonable testing of monthly enrollment and monthly attendance reports to be submitted to the chartering authority by the charter school, to determine enrollment and attendance trends and averages.
- 18) Permits a charter authorizer to charge oversight fees not to exceed actual costs up to 2% for the 2022-23 fiscal year; and, effective July 1, 2023, permits a charter authorizer to charge oversight fees not to exceed actual costs up to 3%.

### **EXISTING LAW:**

- 1) Establishes the Charter Schools Act of 1992 which authorizes a school district governing board or county board of education to approve or deny a petition for a charter school to

operate independently from the existing school district structure as a method of accomplishing, among other things, improved pupil learning, increased learning opportunities for all pupils, with special emphasis on expanded learning experiences for pupils who are identified as academically low achieving, holding charter schools accountable for meeting measurable pupil outcomes, and providing the schools with a method to change from rule-based to performance-based accountability systems. (Education Code (EC) 47605)

- 2) Establishes a process for the submission of a petition for the establishment of a charter school. Authorizes a petition, identifying a single charter school to operate within the geographical boundaries of the school district, to be submitted to the school district. Authorizes, if the governing board of a school district denies a petition for the establishment of a charter school, the petitioner to elect to submit the petition to the county board of education. Authorizes, if the county board of education denies the charter, the petitioner to submit the petition to the SBE only if the petitioner demonstrates that the school district governing board or county board of education abused its discretion in denying the charter school. Authorizes a school that serves a countywide purpose to submit the charter petition directly to the county office of education.
- 3) Requires, upon renewal, a charter school to be identified as either low performing, middle performing or high performing based on state dashboard accountability data. Requires that low performing charter schools be denied, however, the school may be renewed for a two year period if the authorizer is presented with verified data that meet specified criteria and the authorizer finds it compelling. Authorizes middle performing charter schools to be renewed for 5 years. Authorizes high performing charter schools to be renewed for 5-7 years.
- 4) Prohibits the authorization and establishment of new nonclassroom based charter schools between January 1, 2020 and January 1, 2022.
- 5) Prohibits a charter school from receiving any public funds for a pupil if the pupil also attends a private school that charges the pupil's family for tuition. Prohibits a charter from being granted that authorizes the conversion of any private school to a charter school. (EC 47602)
- 6) Prohibits, notwithstanding any other law, a local educational agency (LEA), including, but not limited to, a charter school, from claiming state funding for the independent study of a pupil, whether characterized as home study or otherwise, if the LEA has provided any funds or other thing of value to the pupil or his or her parent or guardian that the LEA does not provide to pupils who attend regular classes or to their parents or guardians. (EC 51747.3)
- 7) Authorizes a charter school to receive funding for nonclassroom-based instruction only if a determination for funding is made by the SBE. Requires the determination for funding to be subject to any conditions or limitations the SBE may prescribe. Requires the SBE to adopt regulations that define and establish general rules governing nonclassroom-based instruction that apply to all charter schools and to the process for determining funding of nonclassroom-based instruction by charter schools offering nonclassroom-based instruction. Defines nonclassroom-based instruction to include, but not be limited to, independent study, home study, work study, and distance and computer-based education. (EC 47612.5)
- 8) Requires the SBE to adopt regulations setting forth criteria for the determination of funding for nonclassroom-based instruction, at a minimum the regulation to specify that the

nonclassroom-based instruction is conducted for the instructional benefit of the pupil and is substantially dedicated to that function. Requires the SBE to consider, among other factors it deems appropriate, the amount of the charter school's total budget expended on certificated employee salaries and benefits and on schoolsites, and the teacher-to-pupil ratio in the school. Requires, for the 2003–04 fiscal year and each fiscal year thereafter, the amount of funding determined by the SBE to not be more than 70% of the unadjusted amount to which a charter school would otherwise be entitled, unless the SBE determines that a greater or lesser amount is appropriate. (EC 47634.2)

- 9) Requires a charter school to transmit a copy of its annual, independent financial audit report for the preceding fiscal year to its chartering entity, the State Controller's Office (SCO), the county superintendent of schools of the county in which the charter school is sited, (unless the county board of education of the county in which the charter school is sited is the chartering entity) and the CDE, by December 15 of each year. (EC 47605)
- 10) Requires a charter school that operates a multitrack year round calendar to comply with all of the following:
  - a) Calculate attendance separately for each track. The divisor in the calculation must be the calendar days in which school was taught for pupils in each track;
  - b) Operate no more than five tracks;
  - c) Operate each track for a minimum of 175 days. If the charter school is a conversion school, the charter school may continue its previous schedule as long as it provides no fewer than 163 days of instruction in each track;
  - d) For each track, provide the total number of instructional minutes, as specified in Section 47612.5; and
  - e) No track may have less than 55% of its schooldays before April 15. (EC 47612)
- 11) Authorizes a school district to operate a program of multitrack year-round scheduling at one or more schools within the district. Authorizes a program of multitrack year-round scheduling to operate at a schoolsite for as few as 163 days in each fiscal year if the governing board of the school district adopts a resolution at a regularly scheduled board meeting certifying that both of the following criteria are met at the schoolsite:
  - a) The number of annual instructional minutes is not less than that of schools of the same grade levels utilizing the traditional school calendar; and
  - b) It is not possible for the school to maintain a multitrack schedule containing the same number of instructional days as are provided in schools of the district utilizing the traditional school calendar given the facilities, program, class sizes, and projected number of pupils enrolled at the schoolsite. (EC 37670)
- 12) Requires financial and compliance audits to be performed in accordance with General Accounting Office standards for financial and compliance audits. Requires that the audit guide prepared by the SCO be used in the performance of these audits until an audit guide is adopted by the Education Audits Appeal Panel. When an audit guide is adopted by that

panel, the adopted audit guide be used in the performance of these audits, and that every audit report specifically and separately address each of the state program compliance requirements included in the audit guide, stating whether or not the district is in compliance with those requirements. (EC 14503)

- 13) Authorizes the IS program for school districts, COEs and charter schools. Requires local educational agencies (LEAs) that offer IS to adopt written policies that include the length of time that may elapse between the time an independent study assignment is made and the date the pupil must complete the assigned work, missed work assignments, and there be a written agreement between the pupil and the IS program. Requires that the written agreement include processes for submitting pupil work, objectives and methods of study for the pupil's work, resource that will be made available to the pupil, duration of the agreement, and number of credits to be earned upon completion. A pupil with an Individualized Education Program (IEP) is not authorized to participate in an IS program unless their IEP specifically provides for that participation. Requires that the IS of each pupil be coordinated, evaluated under the general supervision of an employee of the LEA who possesses a valid certification document or an emergency credential. Establishes certificated employee-to-pupil ratios, as specified. (EC 51745–51749.3)
- 14) Authorizes the Course Based Independent Study (CBIS) program for school districts, COEs and charter schools for pupils enrolled in kindergarten and grades 1-12, inclusive, under the following conditions: completion of a signed learning agreement between the pupil and school, courses are taught under the general supervision of certificated employees who hold the appropriate subject matter credential, and are employed by the LEA, courses are annually certified by the LEA governing board or body to be of the same rigor and educational quality as equivalent classroom-based courses and aligned to all relevant local and state content standards, requires certificated employees and pupils to communicate in person, by telephone, or by any other live visual or audio connection no less than twice per calendar month to assess whether the pupil is making satisfactory educational progress, requires an evaluation if the pupil is not making satisfactory educational progress. Requires a written agreement between the CBIS program and the pupil. Specifies that if more than 10% of the total ADA of a school district, charter school, or COE is claimed then the amount of ADA for all pupils enrolled by that LEA that is in excess of 10% of the total ADA for the LEA be reduced, as specified. (EC 51749.5–51749.6)
- 15) Requires each chartering authority to do all of the following with respect to each charter school under its authority:
  - a) Identify at least one staff member as a contact person for the charter school;
  - b) Visit each charter school at least annually;
  - c) Ensure that each charter school under its authority complies with all reports required of charter schools by law, including the local control and accountability plan (LCAP) and annual update to the LCAP required pursuant to Section 47606.5;
  - d) Monitor the fiscal condition of each charter school under its authority; and
  - e) Provide timely notification to the CDE if any of the following circumstances occur or will occur with regard to a charter school for which it is the chartering authority:

- i. A renewal of the charter is granted or denied;
- ii. The charter is revoked; or
- iii. The charter school will cease operation for any reason. (EC 47604.32)

16) Authorizes a chartering authority to charge for the actual costs of supervisory oversight of a charter school not to exceed 1% of the revenue of the charter school. Authorizes a chartering authority to charge for the actual costs of supervisory oversight of a charter school not to exceed 3% of the revenue of the charter school if the charter school is able to obtain substantially rent free facilities from the chartering authority. Authorizes a LEA that is given the responsibility for supervisory oversight of a charter school by the SBE to charge for the actual costs of supervisory oversight, and administrative costs necessary to secure charter school funding. (EC 47613)

**FISCAL EFFECT:** Unknown

**COMMENTS:**

*Need for the bill.* According to the author, “Upon the discovery of large scale fraud perpetrated by a number of nonclassroom based charter schools, the Legislature imposed a two-year moratorium on the establishment of new NCB charter schools in 2020, with a commitment to reform NCB charter schools during that time period.

One example of such fraud includes *People v. McManus*, where the San Diego County District Attorney’s Office indicted 11 defendants in a fraud scheme involving nineteen A3 Charter Schools. A3 Charter Schools created a partnership with a little league summer sports program and enrolled little league players in their charter school during the summer months to generate state attendance funding, despite A3 Charter Schools having never provided instruction to these little league players. A3 Charter Schools also transferred pupils between charter schools in their network to collect more than one school year of funding per pupil. The A3 Charter Schools case revealed many weaknesses in the State’s education system in the areas of pupil data tracking, auditing, and school finance.

There are also examples of NCB charter schools paying for multi-day family passes to Disneyland, paying for pupil courses at private religious organizations or schools, and paying uncredentialed instructors to provide instruction to pupils.

Loopholes in state law have allowed these unscrupulous practices at NCB charter schools to continue unchecked, wasting State taxpayer dollars. It is time for a correction in State law to halt the hundreds of millions of dollars in fraud and abuse recently seen among NCB charter schools. AB 1316 corrects flaws in current law and improves parity between independent study programs offered by school districts and NCB charter schools.”

*Background on charter schools.* According to the CDE, as of April 2021, there are 1,294 charter schools in California, with an enrollment of over 675,000 pupils. Some charter schools are new, while others are conversions from existing public schools. Charter schools are part of the state's public education system and are funded by public dollars. A charter school is usually created or organized by a group of teachers, parents, community leaders, a community-based organization, or an education management organization. Charter schools are authorized by school district

boards and county boards of education. A charter school is generally exempt from most laws governing school districts, except where specifically noted in the law. Specific goals and operating procedures for the charter school are detailed in an agreement (or "charter") between the authorizing board and charter organizers.

***What is nonclassroom based instruction?*** Nonclassroom based instruction includes computer-based instruction using software modules, teacher-directed independent study, and traditional home school parents who enroll their children in independent study charter school programs.

A nonclassroom based charter school is defined as a school with less than 80% of its total ADA that is classroom based, in which instruction takes place in a classroom setting. As of April 2021, there were 304 charter schools considered to be NCB. Of that number, 105 charter schools self-identified as providing exclusively virtual or primarily virtual instruction.

Existing law defines charter school nonclassroom based instruction as instruction that does **not** meet the requirements of classroom-based instruction. Those requirements are:

- Charter school pupils are engaged in required educational activities and are under the immediate supervision and control of a certificated teacher;
- At least 80% of the instructional time offered by the charter school is at the schoolsite (defined as a facility that is used primarily for classroom instruction); and
- Pupil attendance at the schoolsite is required for at least 80% of the minimum instructional time.

***What does research say about pupil academic achievement at NCB charter schools and virtual schools?*** Research indicates that students at NCB charters and virtual schools achieve lower rates of academic achievement compared to students at classroom based schools. One review notes, "By any measure, online charter schools perform significantly worse than traditional public schools, and this negative impact carries across every demographic of pupils. So while online schools are indeed needed for pupils whose requirements cannot be met by brick-and-mortar schools, it's clear that the quality of education offered by online charter schools is significantly below the state average. As public policy, legislators should be looking to limit the number of students in online charter schools and should resist calls to expand this sector." (Lafer, 2021)

A 2015 national analysis of NCB charter schools found, "The differences were much larger between classroom-based and non-classroom-based charter schools with the nonclassroom-based charter schools having lower achievement. This result is consistent with a study of Ohio charter schools that found virtual schools performing poorly relative to traditional public schools (TPSs) and other charter schools (Zimmer, et al., 2009). It is consistent as well with findings for Pennsylvania, which has among the highest proportion of online charter pupils. The CREDO (2011) report on Pennsylvania charter schools found that all eight cyber schools then operating performed significantly and substantially worse on both mathematics and reading than TPSs." (Epple, et al., 2015)

The following chart shows the California statewide average student achievement at traditional brick and mortar schools, versus the average pupil performance at online charter schools. This data excludes all schools that mainly serve pupils who are credit deficient (known as DASS alternative schools), however, when DASS schools are included the difference in pupil performance between classroom based schools and online charter schools is even more significant.

Numerous studies indicate online instruction is not as effective as regular classroom instruction:

- A 2011 study of charter school performance in Pennsylvania by the Center for Research on Education Outcomes (CREDO) at Stanford University found that each of that state's 8 online charter schools ("cyber schools") significantly underperformed brick and mortar schools and regular (non-virtual) charter schools in reading and math.
- A CREDO study in 2015 concluded that the learning deficit of virtual schools is equivalent to receiving 180 fewer days of math instruction and 72 fewer days of reading instruction. The study's author said that the learning in math was so small that it was "literally as though the student did not go to school for the entire year."
- A year review of virtual schools in Wisconsin by the Gannett Wisconsin Media Investigative Team found that pupils receiving online instruction "often struggle to complete their degrees and repeat grades four times as often as their brick-and-mortar counterparts," and they "trail traditional students in every subject but reading."
- A 2011 report from the Office of the Legislative Auditor in Minnesota reported that full-time online pupils were more likely to completely drop out of school and made less progress on state standardized math tests than pupils in traditional schools.

- A 2011 report from the Ohio Department of Education rated only three of Ohio's 27 virtual schools as "effective" or "excellent."
- A 2006 performance audit by the Colorado Department of Education of that state's virtual schools found that, "in the aggregate, online students performed poorly on the CSAP (Colorado State Assessment Program) exams and had higher repeater, attrition, and dropout rates."

A report by In the Public Interest (*Virtual Public Education in California*, 2015) focused specifically on California Virtual Academy (CAVA) schools, and concluded that "students at CAVA are at risk of low quality educational outcomes, and some are falling through the cracks entirely, in a poorly resourced and troubled educational environment." Among the concerns identified by the report are the following:

- In every year since it began graduating pupils, except 2013, CAVA has had more dropouts than graduates.
- Pupils are eligible to be counted as having attended with as little as one minute of log in time each day.
- K12 California (the California subsidiary of K-12, Inc.) pays itself for services out of CAVA school bank accounts that it (K12 California) manages.
- Competitive bidding is prohibited: K12 California contractually prohibits CAVA schools from seeking another vendor for services that K12 California is willing and able to perform.
- CAVA teachers report that the "vast majority" of the work they do is clerical, preventing them from spending sufficient time teaching.
- Limited local control: individual CAVA location governing boards operate under contract to K12 California and do not "have much leeway in terms of budget, program and contracting decisions independent from K12 California."
- K12, Inc. charges CAVA schools more than they can reasonably pay for administrative and technology services. The shortfall is covered by "budget credits" that are extended by K12, Inc., which results in a "perpetual debt" relationship between CAVA schools and K12, Inc.
- CAVA pupils have lower academic achievement, higher dropout rates, and higher turnover than pupils enrolled in brick-and-mortar schools.

Virtual schools have consistently been shown to underperform brick-and-mortar schools by wide margins. At the same time, California has invested heavily in policies to improve pupil outcomes, including the adoption of rigorous academic content standards, assessments aligned to those standards, and the use of evaluation rubrics (the "California School Dashboard") to monitor school and district performance and identify districts for targeted assistance.

***Recent A3 Charter Schools fraud case reveals significant weaknesses in nonclassroom based charter school law.*** In *People v. McManus* the San Diego County District Attorney's Office indicted 11 defendants in a fraud scheme involving nineteen charter schools (A3 Charter Schools). The case revealed many weaknesses in state public charter school law in the areas of pupil data tracking, auditing, school finance, and oversight, which resulted in A3 schools repaying more than \$210 million, 13 houses, and numerous shares in third-party companies.

- *Lack of pupil data tracking.* Currently, charter schools submit aggregate attendance data for each school without any information about individual pupils. Oversight agencies do not maintain individual pupil data about enrollments in charter schools they oversee for state funding purposes. One A3 charter school was found to be paying a private company to recruit and collect personal information from pupil athletes. The school then enrolled the athletes in the charter school without their knowledge—thereby fraudulently generating ADA—and paid the recruiting company a portion of the public funds generated as a finder's fee.
- *Multi-track calendar abuses.* The A3 schools were found to have deceived the state into paying them significantly more funds by manipulating the “multi-track year round calendar,” which charter schools are currently authorized to use. The A3 schools would (1) run a fake summer school to collect funding for pupils that never knowingly enrolled, (2) inflate their fraudulent summer school attendance numbers—to the tune of about 60 percent—by offering fewer days of fake summer school instruction, and (3) transfer pupils between different A3 schools, increasing attendance fraudulently by another roughly 40 percent.
- *Lack of meaningful audit requirements.* The annual audits required by law found little to no malpractice by A3 schools. First, auditors are not required to complete any specialized up-front or ongoing training in school finance or law to audit a charter school. Second, charter schools can choose their auditors—A3 schools were shown to have fired their auditing firms and hired less experienced firms in the rare event that audit findings were made. Third, NCB charter schools are allowed to pick their own samples of pupil documentation showing compliance with independent study laws—enabling A3 to hide the fraudulent aspects of their operation from auditors. Fourth, auditors are not required to audit the education program received by pupils, only compliance with documentation. In the A3 schools, many children were enrolled from sports teams believing they were participating in a fundraiser and had no knowledge they were enrolled in a charter school at all.
- *Flawed funding determination process.* While existing law requires that NCB charter schools only receive full funding in exceptional circumstances—when at least 80% of funding is spent directly serving pupils—the current funding determination process essentially funds all schools at 100%. This is because existing regulations define “instructional and related services” very broadly and charter schools can meet these spending benchmarks without necessarily spending money on pupils. Further, NCB charter schools are only required to request a funding determination, and provide compliance documentation to the SBE, every five years.

- Perverse financial incentives for charter school authorizers.* Existing law allows charter authorizers to collect oversight fees from charter schools under their authority but does not require authorizers to demonstrate that the fees are spent on meaningful school oversight. Small school districts that approve NCB charter schools serving pupils not located in the district can earn significant oversight fees—creating a built-in incentive to overlook poor charter school practices. For example, Dehesa Elementary School District approved over ten charter schools all providing NCB programs. The district’s oversight fees for the 2017-2018 school year were more than its entire expenditures for all employees hired by the district. When the district learned of improprieties from their charter schools it took no meaningful action. Ultimately, the district collected the oversight fees and only acted to revoke the A3 Charter Schools under its authority once law enforcement was involved.

The chart below illustrates a sampling of current small school districts that have authorized large numbers of nonclassroom based charter schools.

School District Name	School District ADA	Authorized Charter School ADA

***Some homeschool charter schools give education dollars to parents.*** The term homeschool has traditionally been used to describe private homeschool instruction. Some homeschool parents choose to enroll their children in NCB charter schools. When a pupil enrolls in any public charter school, that pupil becomes a public school pupil and is no longer a private school homeschool pupil. Some NCB charter schools cater to these families and offer to share state funding with parents or allow parents to direct how their children’s homeschool funds are spent.

The Horizon Charter Schools website advertises that they offer “More Student Funds for Educational Needs” and states, “Since we’re a public charter school, there are never any tuition fees and most classes, study trips and educational materials can be paid for with your state-provided student funds. To help families get even more from their homeschooling experience, this year we raised the amount of funds you have to spend -- \$2,600 per K-8<sup>th</sup> grade student and \$2,800 for high school students. That’s \$1,000 more per student than the previous years and more than most other area charter schools provide. In addition, funds can be shared between family members, providing even greater flexibility and choices for parents.”

Feather River Charter School, which is part of the Inspire Public Schools, provides the following description of the instructional funds available to pupils on their website:

	Enrollment Date	Total Fund Amount	Funds upon Enrollment	Funds available December 1, 2019
TK-8 <sup>th</sup> grade	July 1-October 9, 2019	\$2,600	\$1,500	\$1,100
High School	July 1-October 9, 2019	\$2,800	\$1,700	\$1,100

Inspire describes the appropriate use of these funds to include but not be limited to the following:

Product	Service
<ul style="list-style-type: none"> <li>• Academic Enrichment Materials</li> <li>• Curriculum</li> <li>• Technology Items</li> <li>• Educational Field Trips</li> </ul>	<ul style="list-style-type: none"> <li>• Fine Art Lessons &amp; Classes</li> <li>• Performing Art Lessons &amp; Classes</li> <li>• Academic Enrichment Classes</li> <li>• Tutoring Services</li> <li>• Driver’s Education Courses</li> <li>• Cooking Classes</li> <li>• Gardening Classes</li> <li>• Reading and Writing Classes</li> <li>• STEM Classes</li> </ul>

***Investigative journalism found examples of inappropriate use of public school funds through vendor contracts.*** Investigations into the operations of a few NCB charter schools regarding possible inappropriate use of public school funds are on-going. A 2019 investigation by the San Diego Union Tribune found:

- ***Trips to Disneyland and SeaWorld.*** “In California, there’s a way parents can use money from the government to buy multi-day Disneyland Park Hopper passes, San Diego Zoo family memberships, tickets to Medieval Times and dolphin encounters at SeaWorld. There are a handful of charter schools that give pupils’ families as much as \$2,800 to \$3,200 — tax dollars sent to the charter schools — every year to spend on anything they want from a list of thousands of home-school vendors approved by the charters, according to the schools’ websites. ‘If you live in California and you’re not taking advantage of this, I don’t know what to say,’ said Karen Akpan, a home-school charter parent of four who lives in Beaumont. She wrote a recent blog article describing how she used the educational funds to pay for a family trip to Disneyland, Chicago CityPASSes and Legoland tickets, as well as computer coding kits, educational toys, books and subscription cooking kits for her kids.”
- ***California is the only state paying for these types of services.*** “I don’t know of any states where they’re paying for the kinds of things they’re paying for in California,’ said Mike Smith, president of the Home School Legal Defense Assn. a national group that advocates for home-schooling families. ‘Those schools don’t have as many fixed costs as a school that

would have a large campus, paying for heat and custodians and all of that. But yet, they get the same amount of money per student from the state,' said Stephanie Hood, a charter school adviser with the Homeschool Assn. of California. It is relatively easy for home-school charters to recruit pupils, because enrollment happens online and families can request vendors near where they live. Valiant advertised enrollment to families in 34 counties on its website, even though its schools were authorized to operate in only three counties. 'As you know, that's why some of the problems have occurred, because there's so much money in it,' Smith said. 'It's very easy to do. ... It's just ripe for the kind of things that are going on.'"

- ***Public education dollars spent at private schools.*** Some charter school vendors are businesses or nonprofits that cater to home-schoolers and operate like private schools in that they charge tuition and employ their own teachers, who often are not credentialed by the state. Some vendors provide a wide variety of classes, ranging from electives such as sewing and cooking, to core classes such as traditional English, math and science. Many of these vendors do not call themselves schools, but rather enrichment centers, learning centers, home school co-ops or tutoring academies. Some larger vendors, such as Homeschool Campus and Discovery of Learning, have several campuses, often at churches. Enrolling in a home school charter can allow the pupil to use the charter school's funds to pay the tuition for these schools, if their assigned charter schoolteacher approves it.
- ***Public education dollars spent at religious schools.*** There also are religiously affiliated vendors, like the Christian-owned Eden Learning Academy, which until recently said on its website that it is based on a 'Christian Worldview,' or the Christian Youth Theater, which says on its website that part of its objective is to 'share the love of Christ in word and deed.'"  
Inspire Charter School lists Eden Learning Academy and the Christian Youth Theater as vendors on their website.

***Funding determination.*** As noted earlier in this analysis, NCB charter schools are required to obtain a funding determination that is approved by the SBE. This funding determination establishes the percentage of funding the NCB charter school will receive compared to all other traditional classroom based schools. Most charter schools apply for a 100% NCB funding determination. To do so, they must meet the following criteria:

- Spend at least 40% of total public revenue on instructional certificated salary and benefits;
- Spend at least 80% of total public revenue on instruction related services; and,
- Not exceed a 25:1 pupil to teacher ratio.

As of April 2021, only two NCB charter schools receive less than a 100% funding determination. This indicates that despite the analysis performed by the CDE and SBE, the process is not working as intended.

A 2021 report by In the Public Interest illustrates the possible profiteering permitted by the flawed funding determination system at California's NCB charter schools. The report states:

Overpayment for online charter schools is dramatically illustrated in the case of Connections Academy and its parent corporation Pearson. Alongside the Connections Academy schools, Pearson also operates an online private school, the Pearson Online Academy, for Americans stationed abroad who want their children to get an American education or for those in states that do not allow charter schools.

The curriculum for Pearson Online Academy and California Connections Academy schools are the same – both the list of courses and the description of each course’s content are virtually identical in both schools. Indeed, when asked if the two schools’ classes are sufficiently similar so that a student could seamlessly transfer between one and the other in the middle of a school year, a Pearson company representative stated that the courses line up “apples to apples – so close it’s ridiculous.” Another Pearson representative explained that “the private side [Pearson Online Academy] writes the curriculum for the Connections side,” and as a result “transferring credits is no problem.”

But while the product may be the same, the costs for these courses are dramatically different. California taxpayers pay approximately \$10,300 for every student who attends a Connections Academy school. By contrast, the tuition for enrolling in the Pearson Online Academy is just \$4,800 for an elementary school student, \$5,880 for middle school, and \$6,880 for high school. It seems then that California taxpayers are paying a markup of at least 35 percent (approximately \$3,500 per student) above all costs, including reasonable profit. So across all the schools in this chain, California taxpayers are wasting over \$22 million per year.

In other words, if the state of California simply paid all Connections Academy students to attend Pearson’s private online school, taxpayers would save over \$22 million per year.

***Audit standards.*** The A3 Charter case illustrated many faults in the way that charter schools are audited compared to school districts.

- Current law allows charter schools to be audited as nonprofit corporations rather than as governmental entities. Nonprofit corporation audits are not nearly as detailed as governmental entity audits. This bill creates parity between charter schools and school districts with regard to audit procedures and schedules so that charter school audits will be as detailed as school districts, and use the Standardized Account Code Structure required of school districts.
- Current law does not require school district and charter school auditors to receive any special training on auditing schools. This bill requires training for school district and charter auditors as a condition of their licensure and updates the audit peer review process to include school audits.
- The law does not provide the CDE the authority to investigate wrongdoing among school districts and charter schools. The federal government has established an Office of the Inspector General at each federal department, including the Department of Education. This bill emulates the federal process and creates the Office of Inspector General at the CDE.

- Current law does not direct auditors to review many aspects of independent study programs at charter schools. This bill updates the audit guide to include sampling guidance, minimum school day, time value of pupil work, pupil to teacher ratios, the 25 largest monetary transfers, and pupil attendance.

***Independent Study.*** School districts, COEs and charter schools are authorized, but not required, to offer an IS program. Current law provides two options. The first, Independent Study, established in 1989, is the most popular option. The second, Course Based Independent Study, established in 2014, was utilized by approximately 1,000 pupils statewide in the 2019-20 school year. LEAs may administer either, both, or neither program type. IS is the program through which NCB charter schools provide instruction. If either program is offered, it may be done through a variety of formats for pupils in kindergarten through grade 12.

- As a program or class within a comprehensive school;
- Through an alternative school or program of choice;
- Through charter schools;
- In a home-based format;
- Short term (not less than five days);
- Through online courses;
- As an accommodation for pupil travel;
- As special and/or advanced courses; or
- A credit recovery method.

For the most utilized program, IS, local boards or bodies that agree to offer pupils the option of IS as an instructional delivery alternative must make it voluntary. Then they must establish and adopt board policies, including the maximum length of time between assignment and due date, the number of missed assignments that require an evaluation of whether the pupil should remain in IS. They must also have the current written agreement containing all required elements on file for each pupil. The written agreement may be for a term no longer than one year, and is required include the beginning and end dates of the agreement, list of subjects/courses in which the pupil is enrolled and number of course credits to be earned, the methods of evaluation that will be used to determine if the pupil met the learning objective, processes for returning assignments to teachers, among other provisions.

The IS program for each pupil is coordinated and evaluated under the general supervision of an employee of the school district, COE, or charter school who possesses a valid certification document or an emergency credential. There is no minimum requirement or standard for teacher-pupil contact; a pupil may go an entire semester without seeing their teacher. School districts, COEs, and charter schools may claim apportionment credit for IS only to the extent of the time value of pupil work products, as personally judged in each instance by a certificated teacher. IS teachers are required to be employees of the school district, charter school, or COE

who possess a valid certification document. Current law establishes options to calculate the ratio of ADA for independent study pupils to certificated employees, but the options are different for school districts, COEs, and charter schools.

CBIS also requires a board policy and written agreement, and the requirements of both are largely more rigorous than the other IS program. Courses must be annually certified by the governing board of body school district, COE or charter school to be of the same rigor and educational quality as equivalent classroom-based courses, and must be aligned to all relevant state and local content standards. Courses are taught under the general supervision of certificated employees who hold the appropriate subject matter credential, and are employed by the school district, charter school, or COE at which the pupil is enrolled, as specified. Certificated employees and pupils are required to communicate in person, by telephone, or by another live visual or audio connection no less than twice per calendar month to assess whether each pupil is making satisfactory educational progress. If satisfactory educational progress is not being made, the parent/guardian is required to be contacted and an evaluation is conducted to determine whether it is in the best interest of the pupil to remain in the course or whether they should be referred to another program.

Beginning with the 2022-23 school year, this bill creates parity between charter schools and school districts by establishing a single set of criteria for Independent Study (IS) including:

- Frequency of teacher and pupil contact including tiered re-engagement;
- Mode of teacher communication via in-person, live visual or audio connection;
- Minimum school day;
- Requirement to offer an in-person option as an alternative to serve pupils with exceptional needs and struggling pupils; and
- Metrics for ending a pupil's IS agreement.

***A conflict exists in current statute regarding special education pupils in NCB charter schools.***

This bill corrects an existing conflict in State statute. Currently, some NCB charter schools that do not have an in-person instructional option, counsel pupils to return to their home school district for in-person instruction when independent study isn't the appropriate placement for that pupil. The education budget trailer bill of 2019, however, prohibited charter schools from counseling students out of charter schools for any reason. In order to ensure that NCB charter schools are able to serve all pupils who wish to attend, this bill requires NCB charter schools to offer an in-person option if independent study is not a suitable placement. This is consistent with state and federal law for pupils who have an Individualized Educational Program (IEP), for whom all LEAs and charter schools are required to provide whatever services are called for in a pupil's IEP.

***Teacher assignments, school calendars, and pupil attendance.*** Current law requires IS programs to operate with specified pupil to teacher ratios. Some charter school networks, however, have exceeded these ratios by assigning teachers different groups of pupils at multiple

schools. While on paper, it appears that a teacher has a 25-to-one pupil-to-teacher ratio at a single school, in reality, the teacher has a much higher pupil-to-teacher ratio across their entire teaching assignment at multiple schools. This bill requires parity in pupil-to-teacher ratios in independent study programs across a teacher's assignment.

The A3 Charter School case demonstrated the ability of schools to manipulate their calendars to collect far more than one year of attendance funding per pupil from the State. The A3 Charter School used the multitrack year round calendar to run a summer program and erroneously enrolled little league players over the summer months, enrolled them without their parents knowledge, and collected attendance funding without providing any instruction to these children. Further, A3 Charter Schools transferred students between multiple schools in their network over the summer months, using the multitrack year round schedule, and altered their calendar, to collect much more than one year of attendance funding per student. This bill prohibits multi-year-round track calendars for school districts and charter schools to protect the State from paying more than one year of attendance per pupil. The bill further provides a SBE waiver in the case of severe facility shortages, for example those facility shortages seen in Elk Grove Unified School District.

AB 1507 (Smith, McCarty, O'Donnell) in the 2019-20 Session, prohibits NCB charters from establishing satellite facilities outside the boundaries of the district in which they are authorized. Due to the fact that these schools cannot establish facilities in adjacent counties, this bill proposes to permit NCB charter attendance only within the county in which the school is authorized to facilitate increased in-person instructional opportunities. With the attendance boundary more closely matching the area in which the school is authorized to have facilities, more children will be afforded the opportunity to have in-classroom learning opportunities.

***CALPADS and ADA data systems.*** The State's attendance accounting system is not connected to the California Longitudinal Pupil Achievement Data System (CALPADS). In other words, when a charter school or school district submits its ADA information to the State, that ADA is not reported along with pupil identification. The State, therefore, does not know for which pupils ADA is being claimed when it processes attendance apportionments. Current law prohibits a school from claiming more than one year of attendance per pupil, however, more than one year of attendance can be paid per pupil if the pupil attends more than one school. This bill requires, by January 2024, the CDE to study the feasibility of connecting CALPADS and the attendance accounting system to allow the State to determine when a pupil generates more than one year of attendance within one calendar year. This is the only way for the State to know precisely when one year of attendance has been generated for a particular pupil, and when the State is paying more than one year of attendance per pupil, per year.

***Small district authorizers.*** Most NCB charter schools are authorized by small rural school districts. Many of these small districts are stretched thin with regard to staff, and in some cases the Superintendent holds many roles like math teacher and school bus driver. These small districts do not have the capacity to provide meaningful charter school oversight. In some cases, these small school districts authorize NCB charter schools as a means to balance their district budgets, through the collection of oversight fees. There are very small school districts authorizing large NCB charter schools. For example, as outlined in the chart on page 12, there is a school district with 22 district ADA that has authorized 4,500 in charter school ADA. Another district with 1,000 district ADA has authorized over 13,000 in charter school ADA. This bill

matches the capacity of small school districts to provide meaningful charter oversight and permits NCB charter schools to be authorized as follows:

- School districts < 2,500 in Average Daily Attendance (ADA) may authorize NCB charters up to 100% of district ADA;
- School Districts of 2,500-5,000 ADA may authorize NCB charters up to 2,500 ADA; and
- School Districts of 5,000-10,000 ADA may authorize NCB charters up to 50% of district ADA.

These requirements will significantly limit, and in some cases stop, the authorization of NCB charters by districts less than 2,500 ADA, and will slow the growth of authorization of NCB charters at districts between 2,500-10,000 ADA.

***Authorizer oversight and oversight fees.*** Charter school authorizers play a vital role in providing oversight over both the academic and fiscal aspects of the charter schools they authorize. In order to provide better oversight, this bill requires increased targeted oversight by authorizers in the following areas:

- Attendance accounting;
- Pupil to teacher ratios; and
- Time value assigned to pupil work.

In order to compensate authorizers for these increased oversight responsibilities this bill proposes to increase oversight fees from 1% of the charter school's revenue (current law) to 3% of the charter school's revenue by July 1, 2023.

Charter school authorizers have very few resources for technical assistance and support of their charter authorizing and oversight work. A few charter authorizers have an office of staff focused on charter school authorizing and oversight, however most authorizers are so small that they do not have any dedicated charter school staff. In the past, these LEAs have relied on the assistance of the Charter Authorizer Regional Support Network (CARNet), while the program was funded with a federal grant. Through CARNet, authorizers received training and attended conferences to polish their expertise in authorizing and oversight. During its tenure, CARNet held 67 regional trainings and conferences with nearly 1,300 participants from across California. The federal grant funding expired and the program lapsed over the last few years.

This bill proposes to re-establish the program as the Charter Authorizing Support Team managed by the Fiscal Crisis Management and Assistance Team (FCMAT). This program will provide the necessary training and technical assistance that charter authorizers need as they consider charter school petitions and provide meaningful oversight of the charter schools they authorize.

***Arguments in support.*** The San Diego District Attorney states, "AB 1316 is a tremendous step forward to reforming California's education system. Many of the proposed reforms, if implemented, would have prevented the fraud in *People v. McManus* from occurring, or would have severely

mitigated losses to the State. We emphatically support AB 1316, especially the following proposed measures:

- AB 1316 establishes the office of Inspector General to give the state the ability to provide its own oversight of potential fraud and theft of public funds by public education entities.
- AB 1316 significantly revises the auditing procedures for the California public-school system to include common sense reforms like continuing education, auditor generated sampling and disclosure of related party transactions.
- AB 1316 recognizes the importance of the student master agreement (which serves as the legal justification to obtain public funds) by requiring parties to sign the agreement under penalty of perjury. In *People v. McManus* teachers, at the direction of defendants signed student master agreements for students they did not know giving defendants a ticket to collect millions from the state. Also, well intentioned parents signed student master agreements to help their child fundraise without understanding the legal significance that the documents changed their child's academic placement and educational record for life.
- AB 1316 eliminates the multi-track calendar system in most circumstances. The multitrack calendar system was the primary means used by the defendants in *People v. McManus* to obtain fraudulent attendance revenue from sports teams over the summer.
- AB 1316 defines the length of a school day for charter schools to receive funding. Due to a lack of clarity and enforcement of existing law, the defendants in *People v. McManus* collected public funds for full school days when students only participated in short sports practices.
- AB 1316 requires third-party vendors providing instruction to students to be qualified.
- AB 1316 limits the ability for a school district to authorize a charter school with nonclassroom-based attendance significantly larger in number than its own student body. Oversight is fundamental to ensuring students are protected and authorizers cannot provide meaningful oversight of schools significantly larger than themselves.
- AB 1316 further clarifies existing law that oversight fees are a reimbursement mechanism—school district authorizers may only legally charge for the actual costs of oversight services provided up to a set percentage and cannot profit from oversight fees from charter schools.
- AB 1316 eliminates the ability for a charter school to enroll students in adjacent counties. The geographic scope of all adjacent counties makes oversight impracticable for most school districts.
- AB 1316 implements a competitive bidding process for charter school vendors like other public educational agencies. This will significantly reduce the risk of related party transactions and fraud.”

***Arguments in opposition.*** The California Charter Schools Association states, “AB 1316 would require all NCBs to offer a parallel site-based program for all high school students and any student who is not succeeding in the independent study setting. This nonsensical and wasteful approach to offering an alternative to traditional classroom-based programming is even more troubling given the significant constraints on physical operations of NCBs just imposed in AB 1507. By further limiting the geographic scope of enrollment and capping enrollment relative to district size, AB 1316 upends the reforms recently imposed in AB 1507 and would require even

more operational restructuring and reorganization, without any evidence the reforms in AB 1507 are working. AB 1316 would mandate funding cuts for all NCBs solely based on the level of classroom instruction, without any quantifiable evidence that correlates to student academic success with in-person instruction. These students have chosen alternative instructional models because they are not academically successful in a classroom-only learning environment. Mandating program cuts without regard to program effectiveness or individual student needs, and based on a single metric, will severely limit the capacity of schools to provide meaningful, innovative and flexible learning opportunities to the most disenfranchised students in California, as well as undermine student success and increase the state's school dropout rate.

AB 1316 ignores the good work and commitment that NCBs offer their community. It is important to note that during the pandemic, all schools became "nonclassroom-based", and many of the leaders in this charter sector openly offered best practices, support and resources to other charter schools and traditional school districts to transition to a more successful distance learning environment for all of California students. These schools were also held to their pre-pandemic requirements for student progress and attendance reporting. We must be careful not to "throw the baby out with the bathwater" as we consider what narrow additional controls may be appropriate to further limit exposure to fraud.

New Audit and Fiscal Reporting and Oversight Requirements are Excessive and Duplicative. AB 1316 would overlay broad new fiscal and operational accountability on ALL charter schools by ignoring the existing annual audit requirements, and the significant impact of fiscal and operational accountability reforms already implemented under AB 1505, AB 1507 and SB 126. By imposing the entirety of the Public Contract Code on charter schools, this bill would blatantly violate the recent agreement on which school district laws should apply to charter schools, and eliminate flexibility, a fundamental element of the charter school model. The new fiscal reporting requirements and audit provisions in this bill are particularly cumbersome and convoluted through the imposition of duplicative and wasteful oversight across many agencies, including independent auditors, charter authorizers, county offices of education, the California Department of Education (CDE) and the State Controller."

***Committee amendments. Committee staff recommends the bill be amended as follows:***

- 1) Correct a drafting error by removing COEs from the limitation on the number of NCB charters that can be authorized by an authorizing entity.
- 2) Clarify that continuing education training hours are required by all auditors of school districts, county offices of education and charter schools.
- 3) Prohibit payment to charter school employees or employees of an entity managing a charter school for courses completed by pupils; and prohibit gifts to teachers, students and parents for participation in school activities or meetings.
- 4) Clarify that charter schools are authorized to participate in all IS programs, in parity with school districts and COEs.
- 5) Require IS teachers to grade all pupil work; requires schools to keep all pupil work for 2 years for auditing purposes; and requires all pupil work to be dated.

- 6) Require auditors to verify addresses in IS master agreements and sample enrollment every attendance month instead of only one learning period.
- 7) Grandfather in NCB charter schools currently authorized by school districts outside the ADA requirements.
- 8) Authorize a pupil to transfer to a classroom based charter school operated by the same entity.
- 9) Require teachers to assign pupil work prior to the start of each learning period and prohibit the deletion of pupil assignments after the learning period has begun.
- 10) Require a teacher's time value assigned for pupil work to be under the penalty of perjury.
- 11) Technical clean up amendments.

**Previous legislation.** AB 2990 (C. Garcia) of the 2019-20 Session would have prohibited a charter school from providing financial incentives to a pupil or a parent of a pupil for educational enrichment activities; required a nonclassroom-based charter school to enter into an agreement for the provision of an educational enrichment activity only with a vendor that has been properly vetted and approved; required the governing body of a nonclassroom-based charter school to establish policies and procedures to ensure educational value, pupil safety and fiscal reasonableness before approving any contract for educational enrichment activities; and prohibited educational enrichment activity funds from being used for tuition at a private school or for activities, materials and programs that are religious in nature. This bill was held on the Assembly Floor.

AB 1505 (O'Donnell), Chapter 486, Statutes of 2019, established a two year moratorium on the establishment of nonclassroom based charter schools until January 1, 2022.

AB 1507 (Smith), Chapter 487, Statutes of 2019, prohibits charter schools from being located outside the boundaries of their authorizer and, authorizes nonclassroom-based charter schools to establish one resource center within the jurisdiction of the school district where the charter school is located.

SB 1362 (Beall) of the 2017-18 Session would have expanded the existing oversight requirements of, and increased the oversight fees that can be charged by, charter school authorizers; changed the charter petition review process for school district and COEs governing boards; added special education and fiscal and business operations content to the information that must be included in a charter petition; expanded the authority of a governing board to deny charter petitions; and, required the Legislative Analyst to submit a report to the Legislature on special education services by charter schools. This bill was held in the Senate Education Committee.

SB 329 (Mendoza) of the 2015-16 Session would have required a school district or COE, as part of its review of a charter petition, to consider 1) a report assessing its capacity to conduct oversight of the charter school and 2) a report of the anticipated financial and educational impact on the other schools for which the school district has oversight obligations. This bill was held in the Senate Appropriations Committee.

AB 8 X5 (Brownley) of the 2009-10 Session, proposed comprehensive changes to the Education Code consistent with the federal Race to the Top (RTTT) program. This bill would have addressed the four RTTT policy reform areas of standards and assessments, data systems to support instruction, great teachers and leaders and turning around the lowest-achieving schools. This bill would have deleted the statewide charter school cap; proposed enhanced charter school fiscal and academic accountability standards. This bill was held in the Senate Education Committee.

LEGISLATIVE COUNSEL’S DIGEST

AB 1316, as amended, O’Donnell. School accountability: financial and performance audits: charter schools: contracts.

(1) Existing law provides for the licensure and regulation of various professions and vocations by boards within the Department of Consumer Affairs. Existing law establishes the California Board of Accountancy, which is within the Department of Consumer Affairs, and requires the board to license and regulate accountants in this state.

**AB 1316**

— 2 —

This bill would require the board to prescribe rules relating to the requirements established in this bill for all ~~auditors of licensees who plan, direct, or approve any financial or compliance audit report on~~ school districts, county offices of education, and charter schools, as described in (6) below.

(2) Existing law requires the Controller, in consultation with the Department of Finance and the State Department of Education, to develop a plan to review and report on financial and compliance audits, and with representatives of other entities, to recommend the statements and other information to be included in the audit reports filed with the state by local educational agencies, and to propose the content of an audit guide.

This bill would require the Education Audits Appeal Panel to include in the audit guide, Standards and Procedures for Audits of California K–12 Local Educational Agencies, certain requirements on school districts, county offices of education, charter schools, and ~~auditors certified public accountants and public accountants who audit local educational agencies~~ relating to attendance accounting documentation for independent study, including requiring ~~auditors~~ *these certified public accountants and public accountants* to analyze enrollment at a charter school classified as a nonclassroom-based charter school each fiscal year, and to report to the State Department of Education any instance where enrollment increases or decreases by more than 5% at the charter school during any month over the prior month. By imposing additional duties on local educational agencies, the bill would impose a state-mandated local program.

(3) Existing law, whenever in the Education Code the power to contract is invested in the governing board of a school district or any member thereof, authorizes that power, by a majority vote of the governing board, to be delegated to its district superintendent, or to any persons the district superintendent may designate, or if there is no district superintendent, to any other officer or employee of the district that the governing board may designate, as specified. Existing law similarly authorizes the designation of school district officers or employees to exercise the authority to purchase supplies, materials, apparatus, equipment, and services on behalf of the district. In the event of malfeasance in office, existing law requires the school district officer or employee invested by the governing board with the power to contract to be personally liable for any and all moneys of the school district paid out as a result of the malfeasance.

This bill would add to existing law similar provisions relating to charter school governing bodies and charter school officials that may be designated by those governing bodies in these instances.

(4) Existing law establishes the State Department of Education, under the administration of the Superintendent of Public Instruction, and assigns to it numerous duties relating to the governance and financing of the public elementary and secondary schools of this state.

This bill would establish the Office of Inspector General in the department. The bill would provide for the appointment of the Inspector General by the Governor, subject to confirmation by a vote of the majority of the membership of the Senate. The bill would require the Inspector General to conduct and supervise audits and investigations relating to the programs and operations of the department, to provide leadership and coordination and recommend policies to prevent and detect fraud and abuse in programs and operations of the department, and to provide a means for keeping the Superintendent and the Legislature fully and currently informed about problems and deficiencies relating to the administration of the programs and operations of the department and the necessity for and progress of corrective actions that the Inspector General deems to be appropriate.

(5) Existing law, with specified exceptions, authorizes school districts to operate programs of multitrack year-round scheduling at one or more schools within the district.

This bill, beginning in the 2022–23 school year, would prohibit a school ~~district, county office of education,~~ *district* or charter school from operating a program of multitrack year-round scheduling unless a multitrack calendar is authorized by the State Board of Education due to impacted facilities, as specified.

(6) Existing law requires county superintendents of schools to provide for an audit of all funds under their jurisdiction and control, and requires the governing boards of each local educational agency to either provide for an audit of the books and accounts of the agency or make arrangements with county superintendents of schools to provide for that auditing.

This bill, commencing with the 2022–23 fiscal year Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting, would require the Controller to include instructions requiring specified supplemental information and schedules in audit report components for charter school audits. *The bill would require the instructions to ensure that all school districts, county offices of*

**AB 1316**

— 4 —

*education, and charter schools are audited annually. The bill would also require specified training to be provided, pursuant to regulations adopted, on or before January 1, 2023, by the California Board of Accountancy, in consultation with other entities as prescribed, to certified public accountants and public accountants who audit local educational agencies, including charter schools. The bill would also require the board, in consultation with the prescribed entities, to adopt regulations, on or before January 1, 2023, providing for peer review of ~~auditors~~, certified public accountants and public accountants, as specified.*

*(7) Existing law requires the Commission on Teacher Credentialing, among other duties, to establish standards for the issuance and renewal of credentials, certificates, and permits. Existing law requires a county superintendent of schools to monitor and review school district certificated employee assignment practices, as provided. Existing law requires a county superintendent of schools to submit an annual report to the commission and the State Department of Education summarizing the results of all assignment monitoring and reviews.*

*Existing law requires the commission to administer a State Assignment Accountability System to provide local educational agencies with a data system for assignment monitoring. Existing law requires the commission to annually use data it receives from the department to produce an initial data file of vacant positions and assignments that do not have a clear match of credential to assignment. Existing law requires a monitoring authority to review and determine any potential misassignments, as defined, reported in and identified through the system for local educational agencies within its authority, as provided. Existing law grants the commission the authority to make a final determination for all potential misassignments. Existing law requires, commencing with the 2020-21 school year, the commission to make annual misassignment and vacant position data publicly available on its internet website. Existing law specifies that, for these purposes, in a charter school, “misassignment” applies only to employees in teaching positions.*

*This bill would delete the provision that limits the application of “misassignment” in charter schools only to employees in teaching positions. To the extent that this provision would create new duties for county superintendents of schools, it would constitute a state-mandated local program. The bill would require teachers of certain courses offered by a local educational agency to hold the certificate, permit, or other*

*document required by the commission for that assignment and be monitored. The bill would require any person who is employed by a vendor providing direct services to pupils at a local educational agency for which certification qualifications are established to hold the certificate, permit, or other document required by the commission for their assignment, or would require supervision of pupils by an appropriate credentialholder, as specified, during services provided by the vendor. The bill would require direct services to pupils provided by the vendor to be standards-aligned curriculum.*

(7)

(8) Existing law establishes a system of financing public elementary and secondary schools in this state. This system includes the apportionment of state funds to local educational agencies based, to a significant degree, on the average daily attendance of pupils as reported to the State Department of Education by those local educational agencies.

This bill would require the department to provide a report, including specified data, to the Legislature relating to the possible integration of the California Longitudinal Pupil Achievement Data System and the average daily attendance apportionment data system. The bill would authorize the State Board of Education to adopt regulations as it deems appropriate and consistent with these provisions. The bill would also, ~~upon the enactment of a minimum day requirement for charter schools pursuant to specified provisions of the bill, require operative date of the bill, require, as specified,~~ the state board to adopt regulations specifying that the record of daily engagement is no longer required of a charter school day of nonclassroom-based independent study attendance.

(8)

(9) The Charter Schools Act of 1992 authorizes the establishment, operation, and governance of charter schools. Existing law requires a petition to establish a charter school to include reasonably comprehensive descriptions of certain things, including the manner in which annual, independent financial audits shall be conducted, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority.

The bill would require, not later than May 1 of each fiscal year, each chartering authority to provide for an audit of all funds of charter schools authorized by that authority, and would expressly require the governing body of each charter school to either provide for an audit of the books

**AB 1316**

— 6 —

and accounts of the charter school or to make arrangements with the chartering authority to provide for that audit, as specified.

The bill would require each chartering authority to certify specified data relating to the verification of the reporting of average daily attendance by nonclassroom-based charter schools.

The bill would require the state board, in consultation with the Superintendent, to revise regulations to require charter schools to report periodic and annual financial data in the same manner and on the same form prescribed for school districts. The bill would phase in, from the 2023–24 fiscal year to the 2025–26 fiscal year, inclusive, and based on the average daily attendance of the charter school, the requirement that charter schools report this data in the same manner and on the same form prescribed for school districts.

The bill would require the state board to appoint an advisory committee on charter schools that would include representatives from school district superintendents, charter schools, teachers, members of the governing boards of school districts, county superintendents of schools, and the Superintendent.

The bill would limit the size of the totality of nonclassroom-based charter schools that a school district may authorize based on the average daily attendance of the school district.

The bill would establish the Charter Authorizing Support Team program, which would be implemented only upon an appropriation for its purposes in the annual Budget Act or other statute, to be administered by the County Office Fiscal Crisis and Management Assistance Team, as an initiative to expand uniform charter school authorizing and oversight practices. The bill would specify the goals and proposed activities of the program, including the appointment of a 12-member advisory board with designated membership and responsibilities. The bill would require the Legislative Analyst's Office to submit to the Governor and the appropriate education policy and budget committees, on or before December 1, 2026, an evaluation of the program.

The bill would require charter schools, in addition to complying with existing requirements relating to minimum minutes of instruction, to adhere to designated minimum schoolday requirements in applicable statutes generally relating to school districts. ~~The bill, pursuant to provisions that would become operative on July 1, 2022, would add charter schools to the scope of numerous statutes relating to the minimum length of schooldays.~~

Existing law authorizes a chartering authority to charge for the actual costs of supervisory oversight of a charter school (A) not to exceed 1% of the revenue of the charter school, or (B) not to exceed 3% of the revenue of the charter school if the charter school is able to obtain substantially rent-free facilities from the chartering authority.

The bill would gradually change the costs a chartering authority can charge such that, on and after July 1, 2023, the chartering authority could charge for the actual costs of supervisory oversight of a charter school (A) not to exceed 3% of the revenue of the charter school, or (B) not to exceed 2% of the revenue of the charter school if the charter school is able to obtain substantially rent-free facilities from the chartering authority.

On and after July 1, 2022, the bill would require charter schools to comply with specified requirements relating to the expenditure of public funds for the payment of vendors, and would require the extent of the charter school's compliance with these requirements to be reviewed and reported as part of the annual, independent financial audit that the charter school is required to submit.

The bill would revise and recast provisions of the act relating to the reporting of average daily attendance by charter schools, and would distinguish between the reporting of average daily attendance for classroom-based instruction and the reporting of average daily attendance for nonclassroom-based instruction.

To the extent that these additions to the act would impose new duties on local educational agencies, they would constitute a state-mandated local program.

The bill would also make various conforming changes to the act.

(9)

(10) Existing law requires community school and independent study average daily attendance to be claimed by school districts, county superintendents of schools, and charter schools only for pupils who are residents of the county in which the apportionment claim is reported, or who are residents of a county immediately adjacent to the county in which the apportionment claim is reported.

This bill would delete the provision allowing community school and independent study average daily attendance to be claimed by *nonclassroom-based charter schools* for residents of a county immediately adjacent to the county in which the apportionment claim is reported.

(10)

**AB 1316**

— 8 —

(11) Existing law authorizes the governing boards of school districts and county offices of education to offer independent study to meet the educational needs of pupils when certain requirements are met. Existing law prohibits courses that are required for high school graduation from being offered exclusively through independent study.

This bill would recast and revise provisions related to the calculation of average daily attendance for independent study pupils, and extend the scope of those provisions to charter schools. These provisions would become operative on July 1, 2022.

~~(11)~~

(12) Existing law prohibits a school district or county office of education from being eligible to receive apportionments for independent study by pupils unless the school district or county office has adopted written policies, and implemented those policies, in accordance with rules and regulations adopted by the Superintendent, as specified.

This bill would extend this prohibition to charter schools, and would add requirements to the independent study policies and procedures. The bill would require that an independent study written agreement, with specified content, be agreed to and signed, under penalty of perjury. This provision would impose a state-mandated local program by imposing new duties on local educational agencies and by creating a new crime.

The bill would require the course of study, including specific courses, offered through independent study to be annually certified by a school district, county office of education, or charter school governing board or body resolution, to be of the same rigor and educational quality as an equivalent classroom-based course of study, and to be aligned to relevant local and state content standards.

These provisions would become operative on July 1, 2022, and to the extent that they impose new duties on local educational agencies, would constitute a state-mandated local program.

~~(12)~~

(13) This bill would make certain provisions relating to independent study, and rendered duplicative by other provisions added by this bill, inoperative on July 1, 2022, and would repeal these provisions as of January 1, 2023.

~~(13)~~

(14) The Local Agency Public Construction Act regulates, among other things, the letting of contracts by school district governing boards involving an expenditure of more than \$50,000 for specified purposes,

including the purchase of equipment, materials, or supplies to be furnished, sold, or leased to the district, services other than construction services, and repairs, including maintenance, as defined.

This bill would extend to charter schools the provisions of the act that currently apply to school districts. To the extent the bill would impose additional duties on charter schools, the bill would impose a state-mandated local program.

(14)

(15) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason.

With regard to any other mandates, this bill would provide that, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: yes.

1 SEC. 3. Section 14500 of the Education Code is amended to  
2 read:

3 14500. It is the intent of the Legislature in enacting this chapter  
4 to promote accountability over public educational funding by  
5 establishing a new program to review and report on financial and  
6 compliance audits of school districts, county offices of education,  
7 and charter schools. It is further the intent of the Legislature that  
8 the Controller shall have the primary responsibility for  
9 implementing and overseeing the program.

10 SEC. 4. Section 14502.1 of the Education Code is amended to  
11 read:

12 14502.1. (a) The Controller, in consultation with the  
13 Department of Finance and the State Department of Education,  
14 shall develop a plan to review and report on financial and  
15 compliance audits. The plan shall commence with the 2003–04  
16 fiscal year for audits of school districts, other local educational  
17 agencies, and the offices of county superintendents of schools.  
18 The Controller, in consultation with the Department of Finance,  
19 the State Department of Education, and representatives of the  
20 California School Boards Association, the California Association  
21 of School Business Officials, the California County  
22 Superintendents Educational Service Association, the California  
23 Teachers Association, and the California Society of Certified Public  
24 Accountants, shall recommend the statements and other information  
25 to be included in the audit reports filed with the state, and shall  
26 propose the content of an audit guide to carry out the purposes of  
27 this chapter. A supplement to the audit guide may be suggested in  
28 the audit year, following the above process, to address issues  
29 resulting from new legislation in that year that changes the  
30 conditions of apportionment. The proposed content of the audit  
31 guide and any supplement to the audit guide shall be submitted by  
32 the Controller to the Education Audits Appeal Panel for review  
33 and possible amendment.

34 (b) The audit guide and any supplement shall be adopted by the  
35 Education Audits Appeal Panel pursuant to the rulemaking  
36 procedures of the Administrative Procedure Act as set forth in  
37 Chapter 3.5 (commencing with Section 11340) of Part 1 of Division  
38 3 of Title 2 of the Government Code. It is the intent of the

2 conditions of apportionment. It is the intent of the Legislature that  
3 supplements be adopted before March 1 of the audit year.  
4 Commencing with the 2004–05 fiscal year, and each fiscal year  
5 thereafter, the audit guide shall be adopted by July 1 of the fiscal  
6 year to be audited. The supplements shall be adopted before March  
7 1 of the audit year. To meet these goals and to ensure the accuracy  
8 of the audit guide, the process for adopting emergency regulations  
9 set forth in Section 11346.1 of the Government Code may be  
10 followed to adopt the audit guide and supplemental audit guide.  
11 It is the intent of the Legislature that once the audit guide has been  
12 adopted for a fiscal year, as well as any supplement for that year,  
13 thereafter only suggested changes to the audit guide and any  
14 additional supplements need be adopted pursuant to the rulemaking  
15 procedures of the Administrative Procedure Act. The audit guide  
16 and any supplement shall be issued in booklet form and may be  
17 made available by any means deemed appropriate. The Controller  
18 and consultants in the development of the suggested audit guide  
19 and any supplement shall work cooperatively on a timeline that  
20 will allow the Education Audits Appeal Panel to meet the July 1  
21 and March 1 issuance dates. Consistent with current practices for  
22 development of the audit guide before the 2003–04 fiscal year, the  
23 Controller shall provide for the adoption of procedures and  
24 timetables for the development of the suggested audit guide, any  
25 supplement, and the format for additions, deletions, and revisions.

35 of the replacement employee, if any.
- 36 (4) The resulting retirement cost, including interest, if any, and  
37 postretirement health care benefits costs, incurred by the employer.

38 (d) The Controller shall annually prepare a cost analysis, based  
39 on the information included in the audit reports for the prior fiscal  
40 year, to determine the net savings or costs resulting from formal

1 actions taken by school districts and county offices of education  
 2 pursuant to Sections 22714 and 44929, and shall report the results  
 3 of the cost analysis to the Governor and the Legislature by April  
 4 1 of each year.

5 (e) All costs incurred by the Controller to implement subdivision  
 6 (c) shall be absorbed by the Controller.

7 (f) On or before January 1, 2015, the Controller, in consultation  
 8 with the State Allocation Board, the Department of Finance, and  
 9 the State Department of Education, shall submit content to the  
 10 Education Audits Appeal Panel to be included in the audit guide,

1 agencies meet the reporting requirements of the federal Every  
2 Student Succeeds Act (Public Law 114-95), or any other federal  
3 law that effectively replaces that act, and will ensure that the rate  
4 of teacher misassignments remains low. To the extent possible,  
5 and with the funds provided for that purpose, each county office  
6 of education shall perform its duties as a monitoring authority, as  
7 specified in subdivision (e).

8 (2) The commission and the department shall perform the duties  
9 specified in this section.

10 (3) Teacher assignment monitoring and the requirements of this

23 definition of “misassignment” in Section 33126, includes an  
24 individual hired on a contract. ~~For purposes of this section, in a~~  
25 ~~charter school, “misassignment” shall apply only to employees in~~  
26 ~~teaching positions.~~

28 (A) The county office of education for school districts in the  
29 county and programs operated by the county office of education.

30 (B) The commission for a school district or county office of  
31 education that operates within a city or county in which there is a  
32 single school district, including the Counties of Alpine, Amador,  
33 Del Norte, Mariposa, Plumas, and Sierra, and the City and County  
34 of San Francisco, and the state special schools.

35 (C) The chartering authority for a charter school.

36 (4) “System,” unless the context requires otherwise, means the

1 (5) “Vacant position” means a position to which a  
2 single-designated certificated employee has not been assigned at  
3 the beginning of the year or, if the position is for a one-semester  
4 course, a position to which a single-designated certificated  
5 employee has not been assigned at the beginning of a semester.

6 (c) The commission and the department shall enter into a data  
7 sharing agreement to provide the commission with employee  
8 assignment data necessary to annually identify misassignments  
9 and vacant positions at local educational agencies. The data sharing  
10 agreement shall also require the commission to make credential,  
11 misassignment, and other relevant data available to the department  
12 to support reporting consistent with the state plan approved by the  
13 state board that is required for compliance with the federal Every  
14 Student Succeeds Act, or any other federal law that effectively  
15 replaces that act.

16 (d) The commission may engage in a variety of activities  
17 designed to inform school administrators, teachers, and personnel  
18 within the county offices of education of the regulations and  
19 statutes affecting the assignment of employees. These activities  
20 may include, but shall not necessarily be limited to, the preparation  
21 of instructive brochures and the holding of regional workshops.

22 (e) (1) The commission shall annually use the data provided  
23 by the department pursuant to subdivision (c) to produce an initial  
24 data file of vacant positions and certificated employee assignments  
25 that do not have a clear match of credential to assignment. The  
26 commission shall notify local educational agencies and monitoring  
27 authorities of the opportunity to access the system and review the  
28 initial data file of potential misassignments and vacant positions.

29 (2) A local educational agency may do any of the following  
30 within 60 days of the commission’s notification pursuant to  
31 paragraph (1):

32 (A) Access and review the initial data file in the system to  
33 determine if each employee included in the initial data file is  
34 otherwise legally authorized for the assignment.

35 (B) Submit documentation or additional assignment information  
36 to the commission and monitoring authority showing that the  
37 employee is otherwise legally authorized for the assignment. This  
38 information may include the use of local assignment options  
39 outlined in any statute or regulation.

**AB 1316**

— 26 —

1 (C) Submit documentation to the commission and monitoring  
2 authority showing that a position identified in the initial data file  
3 as vacant was miscoded and that a legally authorized employee  
4 was assigned to the position.

5 (3) Information submitted to the commission and monitoring  
6 authority pursuant to paragraph (2) shall be submitted electronically  
7 through the system.

8 (4) A monitoring authority shall access the system to review  
9 the initial data file and any documentation or additional information  
10 submitted by a local educational agency for which it is a monitoring  
11 authority and make a determination of potential misassignments  
12 and vacant positions within 90 days of the commission's  
13 notification pursuant to paragraph (1).

14 (5) After the 90-day review period pursuant to paragraph (4),  
15 the commission shall report the misassignments and vacant  
16 positions for that year.

17 (6) The commission shall have the authority to make a final  
18 determination for all potential misassignments.

19 (7) Notwithstanding any other law, the commission, when  
20 identifying misassignments using the system, shall identify an  
21 employee in a teaching position, including an employee of a charter  
22 school, as correctly assigned only when the employee holds the  
23 certificate or credential required by the commission for that  
24 assignment in a noncharter public school, taking into account local  
25 assignment options.

26 (8) Commencing in the 2020–21 school year, a chartering  
27 authority, as provided in this section, may request technical  
28 assistance to assist in its determination of potential misassignments  
29 and vacant positions from the county office of education in the  
30 county in which the chartering authority is located.

31 (9) For a school district, the county superintendent of schools  
32 shall notify, through the office of the school district superintendent,  
33 a certificated school administrator responsible for the assignment  
34 of a certificated person to a position for which the person has no  
35 legal authorization of the ~~misassignment~~ *misassignment*, and shall  
36 advise the school administrator to correct the assignment within  
37 30 calendar days. For a charter school, the monitoring authority  
38 shall notify the charter school administrator responsible for the  
39 assignment of a certificated person to a position for which the  
40 person has no legal authorization of the ~~misassignment~~

1 *misassignment*, and shall advise the charter school administrator  
2 to correct the assignment within 30 calendar days.

3 (f) The system and the data reported from the system shall not  
4 be used by a local educational agency for purposes of evaluating  
5 certificated employees, certificated employee performance  
6 determinations, or employment decisions.

7 (g) If an employee, including an employee who is employed by  
8 a charter school, is required by a local educational agency to accept  
9 an assignment in a teaching or services position for which the  
10 employee has no legal authorization, all of the following shall  
11 occur:

12 (1) (A) After exhausting existing local remedies, an employee  
13 of a school district shall notify the superintendent of the school  
14 district, and an employee of a charter school shall notify the  
15 administrator of the charter school, in writing, of the illegal  
16 assignment.

17 (B) If no action is taken after the notice required pursuant to  
18 subparagraph (A), an employee of a school district shall notify the  
19 county superintendent of schools, and an employee of a charter  
20 school shall notify the chartering authority, in writing, of the illegal  
21 assignment.

22 (2) In the case of an assignment by a school district for which  
23 the employee has filed a notice that the employee has no legal  
24 authorization, the school district or county superintendent of  
25 schools shall advise the employee about the legality of the  
26 assignment within 15 working days. In the case of an assignment  
27 by a charter school for which the employee has filed a notice that  
28 the employee has no legal authorization, the administrator of the  
29 charter school or the chartering authority shall advise the employee  
30 about the legality of the assignment within 15 working days.

31 (3) A local educational agency shall not take adverse action  
32 against an employee who files a notice of misassignment pursuant  
33 to paragraph (1).

34 (4) Notwithstanding any other law, for purposes of a charter  
35 school authorized by the state board, the employee shall file the  
36 written notices regarding misassignment described in paragraph  
37 (1) with the commission.

38 (5) During the period of a misassignment, the certificated  
39 employee who files a written notice pursuant to subparagraph (B)  
40 of paragraph (1) shall be exempt from Section 45034.

**AB 1316**

— 28 —

1 (6) If it is determined that a misassignment has occurred, a  
2 performance evaluation pursuant to Article 11 (commencing with  
3 Section 44660) of Chapter 3 of the certificated employee in the  
4 misassignment shall be nullified.

5 (7) A certificated employee who has not attained permanent  
6 status is subject to the protections described in this subdivision  
7 and subdivision (f) even if the certificated employee does not  
8 provide notice pursuant to paragraph (1).

9 (h) For the 2019–20 school year, the final data file generated  
10 by the system to identify misassignments and vacant positions  
11 shall be nonconsequential and shall be provided to the department,  
12 local educational agencies, and monitoring authorities by the  
13 commission for informational purposes only.

14 (i) Commencing with the 2020–21 school year, and each school  
15 year thereafter, following the 90-day review period provided for  
16 monitoring authorities pursuant to subdivision (e), the commission  
17 shall do all of the following:

18 (1) Make annual employee misassignment and vacant position  
19 data generated by the system publicly available in a searchable  
20 format on its internet website.

21 (2) Ensure that data for charter schools is distinguishable from  
22 data for noncharter public schools when made publicly available  
23 in a searchable format.

24 (3) Maintain each year's data for no less than five years.

25 (4) Provide the department with annual data on the total number  
26 of misassignments at the schoolsite, school district, and county  
27 level.

28 (5) Ensure that the publicly available misassignment data  
29 reported from the system ~~shall~~ *does* not include any personally  
30 identifiable information, including names, social security numbers,  
31 home addresses, telephone numbers, or email addresses of  
32 individual employees.

33 (j) The commission may promulgate regulations that define  
34 standards for a local educational agency, including a charter school,  
35 that consistently misassigns employees and what sanctions, if any,  
36 to impose on that local educational agency.

37 (k) (1) On or before December 1, 2022, the commission shall  
38 report to the appropriate policy and fiscal committees of the  
39 Legislature on the development of the system, including, but not  
40 limited to, all of the following:

- 1 (A) The development and current status of the system.  
2 (B) The ability of the system to efficiently produce accurate  
3 annual data on teacher misassignments.

13 misassignment.  
14 (2) Pursuant to Section 10231.5 of the Government Code, the  
15 reporting requirement described in paragraph (1) shall be  
16 inoperative on December 1, 2026.  
17 (l) This section shall not relieve a local educational agency from  
18 compliance with state and federal law regarding teachers of English

5 *SEC. 17.* Section 47604.2 is added to the Education Code, to  
6 read:

7 47604.2. (a) The Legislature finds and declares all of the  
8 following:

9 (1) Accountability within public educational funding is the  
10 expressed interest of the Legislature.

11 (2) High quality audits of local educational agencies, including  
12 traditional and charter public schools, are necessary for financial  
13 and compliance transparency and to produce essential  
14 accountability measures.

15 (3) Consistent audit standards and reporting formats across local  
16 educational agencies is essential.

17 (b) (1) It is the intent of the Legislature to encourage sound  
18 fiscal management practices among charter schools for the most  
19 efficient and effective use of public funds for the education of  
20 pupils by strengthening fiscal accountability at the charter schools.

21 (2) Furthermore, it is the intent of the Legislature that all charter  
22 schools shall be audited, including those charter schools that are  
23 component entities of school districts, county offices of education,  
24 or nonprofit corporations.

25 (c) (1) No later than May 1 of each fiscal year, each chartering  
26 authority shall provide for an audit of all funds of charter schools  
27 authorized by that chartering authority, and the governing body  
28 of each charter school shall either provide for an audit of the books  
29 and accounts of the charter school, including an audit of income  
30 and expenditures by source of funds, or make arrangements with  
31 the chartering authority to provide for that auditing.

32 (2) If the governing body of a charter school has not provided  
33 for an audit of the books and accounts of the charter school by  
34 April 1, the chartering authority shall provide for the audit of the  
35 charter school.

36 (3) An audit conducted pursuant to this section shall comply  
37 with the applicable professional financial reporting and auditing  
38 standards promulgated in this nation.

39 (d) Each audit conducted in accordance with this section shall  
40 include all funds of the charter school, including the student body

1 funds and accounts and any other funds under the control or  
2 jurisdiction of the charter school. Each audit shall also include an  
3 audit of pupil attendance procedures. Each audit shall include a  
4 determination of whether funds were expended pursuant to a local  
5 control and accountability plan or an approved annual update to a  
6 local control and accountability plan pursuant to Section 47606.5.

7 (e) All audit reports for each fiscal year shall be developed and  
8 reported using a format established by the Controller after  
9 consultation with the Superintendent and the Director of Finance.

10 (f) (1) The cost of the audits provided for by the chartering  
11 authority shall be paid from the revenue of the charter school.

12 (2) The cost of the audit provided for by a governing body of a  
13 charter school shall be paid from the revenue of the charter school.

14 (g) (1) The audits shall be conducted by a certified public  
15 accountant or a public accountant, licensed by the California Board  
16 of Accountancy, and selected by the charter school or chartering  
17 authority, as applicable, from a directory of certified public  
18 accountants and public accountants deemed by the Controller as  
19 qualified to conduct audits of local educational agencies, which  
20 shall be published by the Controller not later than December 31  
21 of each year.

22 (2) It is unlawful for a public accounting firm to provide audit  
23 services to a charter school if the lead audit partner, or coordinating  
24 audit partner, having primary responsibility for the audit, or the  
25 audit partner responsible for reviewing the audit, has performed  
26 audit services for that charter school in each of the six previous  
27 fiscal years. The Education Audits Appeal Panel may waive this  
28 requirement if the panel finds that no otherwise eligible ~~auditor~~  
29 *certified public accountant or public accountant* is available to  
30 perform the audit.

31 (3) In determining certified public accountants and public  
32 accountants to include in the directory, the Controller shall use the  
33 same criteria as provided for in paragraph (3) of subdivision (f) of  
34 Section 41020.

35 (h) (1) ~~The auditor's~~ *certified public accountant's or public*  
36 *accountant's* report shall include all of the following:

37 (A) A statement that the audit was conducted pursuant to  
38 standards and procedures developed in accordance with Chapter  
39 3 (commencing with Section 14500) of Part 9 of Division 1 of  
40 Title 1.

**AB 1316**

— 36 —

1 (B) A summary of audit exceptions and management  
2 improvement recommendations.

3 (C) An evaluation by the ~~auditor~~ *certified public accountant or*  
4 *public accountant performing the audit* on whether there is  
5 substantial doubt about the ability of the charter school to continue  
6 as a going concern for a reasonable period of time. This evaluation  
7 shall be based on the Statement on Auditing Standards (SAS) No.  
8 59, as issued by the American Institute of Certified Public  
9 Accountants regarding disclosure requirements relating to the  
10 ability of the entity to continue as a going concern.

11 (2) To the extent possible, a description of correction or plan  
12 of correction shall be incorporated in the audit report, describing  
13 the specific actions that are planned to be taken, or that have been  
14 taken, to correct the problem identified by the ~~auditor~~ *certified*  
15 *public accountant or public accountant performing the audit*. The  
16 descriptions of specific actions to be taken or that have been taken  
17 shall not solely consist of general comments such as “will  
18 implement,” “accepted the recommendation,” or “will discuss at  
19 a later date.”

20 (i) No later than December 15, a report of each charter school  
21 audit for the preceding fiscal year shall be filed with the chartering  
22 authority, county superintendent of schools of the county in which  
23 the charter school is located, the department, and the Controller.  
24 The Superintendent shall make any adjustments necessary in future  
25 apportionments of all state funds, to correct any audit exceptions  
26 revealed by those audit reports.

27 (j) (1) Each chartering authority shall be responsible for  
28 reviewing the audit exceptions contained in an audit of a charter  
29 school under its jurisdiction and determining whether the  
30 exceptions have been either corrected or an acceptable plan of  
31 correction has been developed.

32 (2) If a description of the correction or plan of correction has  
33 not been provided as part of the audit required by this section, the  
34 chartering authority shall notify the charter school and request the  
35 governing body of the charter school to provide to the chartering  
36 authority a description of the corrections or plan of correction by  
37 March 15.

38 (3) The chartering authority shall review the description of  
39 correction or plan of correction and determine its adequacy. If the  
40 description of the correction or plan of correction is not adequate,

1 the chartering authority shall require the charter school to resubmit  
2 that portion of its response that is inadequate.

3 (k) A chartering authority shall certify to the county  
4 superintendent of schools, the Superintendent, and the Controller,  
5 no later than May 15, that the staff of the chartering authority has  
6 reviewed all audits of charter schools under its jurisdiction for the  
7 prior fiscal year, that all exceptions that the charter schools were  
8 required to review were reviewed, and that all of those exceptions,  
9 except as otherwise noted in the certification, have been corrected  
10 by the charter schools or that an acceptable plan of correction has  
11 been submitted to the chartering authority. In addition, the  
12 chartering authority shall identify any attendance-related audit  
13 exception or exceptions involving state funds, and require the  
14 charter school to which the audit exceptions were directed to submit  
15 appropriate reporting forms for processing by the Superintendent.

16 (l) If the exceptions have not been corrected, in the audit of a  
17 charter school for a subsequent year, ~~the auditor~~ *certified public*  
18 *accountant or public accountant performing the audit* shall review  
19 the correction or plan or plans of correction submitted by the  
20 charter school to determine if the exceptions have been resolved.  
21 If not, ~~the auditor~~ *certified public accountant or public accountant*  
22 *performing the audit* shall immediately notify the appropriate  
23 chartering authority, county superintendent of schools, and the  
24 Superintendent, and restate the exception in the audit report. After  
25 receiving that notification, the Superintendent shall either consult  
26 with the charter school to resolve the exception or require the  
27 chartering authority to follow up with the charter school.

28 (m) (1) The Superintendent is responsible for ensuring that  
29 charter schools have either corrected or developed plans of  
30 correction for any one or more of the following:

31 (A) All federal and state compliance audit exceptions identified  
32 in the audit.

33 (B) Exceptions that the chartering authority certifies as of May  
34 15 have not been corrected.

35 (C) Repeat audit exceptions that are not assigned to the  
36 chartering authority to correct.

37 (2) The Superintendent shall report annually to the Controller  
38 on the Superintendent's actions to ensure that charter schools have  
39 either corrected or developed plans of correction for any of the  
40 exceptions described in paragraph (1).

**AB 1316**

— 38 —

1 (n) To facilitate correction of the exceptions identified by the  
 2 audits issued pursuant to this section, the Controller shall require  
 3 ~~auditors~~ *certified public accountants and public accountants*  
 4 *performing the audits* to categorize audit exceptions in each audit  
 5 report in a manner that will make it clear to the chartering authority,  
 6 the county superintendent of schools, and the Superintendent which  
 7 exceptions they are responsible for ensuring the correction of by  
 8 a charter school. In addition, the Controller annually shall select  
 9 a sampling of chartering authorities and perform a followup of the  
 10 audit resolution process of those chartering authorities and report  
 11 the results of that followup to the applicable chartering authority,  
 12 county superintendent of schools, and the Superintendent.

13 (o) If the governing board of a charter school or the chartering  
 14 authority fails or is unable to make satisfactory arrangements for  
 15 the audit pursuant to this section, the Controller shall make  
 16 arrangements for the audit and the cost of the audit shall be paid  
 17 from the revenue of the charter school.

18 (p) By January 31 of each year, the governing body of a charter  
 19 school shall review, at a public meeting, the annual audit of the  
 20 charter school for the prior fiscal year, any audit exceptions  
 21 identified in that audit, the recommendations or findings of any  
 22 management letter issued by the ~~auditor~~, *certified public accountant*  
 23 *or public accountant performing the audit*, and any description of  
 24 correction or plans to correct any exceptions or management letter  
 25 issue. The review shall be placed on the agenda of the meeting  
 26 pursuant to Sections 35145 and 47604.

27 (q) The Controller shall ensure that all charter schools are  
 28 audited, and that the Controller reviews and monitors audits of  
 29 charter schools pursuant to Section 14504.

30 ~~SEC. 26.~~

31 *SEC. 18.* Section 47604.32 of the Education Code is amended  
 32 to read:

33 47604.32. (a) Each chartering authority, in addition to any  
 34 other duties imposed by this part, shall do all of the following with  
 35 respect to each charter school under its authority:

36 (1) Identify at least one staff member as a contact person for  
 37 the charter school.

38 (2) Visit each charter school at least annually.

39 (3) Ensure that each charter school under its authority complies  
 40 with all reports required of charter schools by law, including the

1 local control and accountability plan and annual update to the local  
2 control and accountability plan required pursuant to Section  
3 47606.5.

4 (4) Monitor the fiscal condition of each charter school under its  
5 authority.

6 (5) Provide timely notification to the department if any of the  
7 following circumstances occur or will occur with regard to a charter  
8 school for which it is the chartering authority:

9 (A) A renewal of the charter is granted or denied.

10 (B) The charter is revoked.

11 (C) The charter school will cease operation for any reason.

12 (6) (A) Verify all of the following for a nonclassroom-based  
13 charter school:

14 (i) Annually verify that an appropriate methodology exists for  
15 teachers to determine the time value of pupil work product used  
16 to compute average daily attendance.

17 (ii) Annually verify the  
18 average-daily-attendance-to-certificated-teacher ratio used by the  
19 charter school pursuant to Section 51745.6, across a teacher's  
20 entire assignment at schools operated by the entity managing the  
21 charter school.

22 (iii) Verify average daily attendance at the first, second, and  
23 annual principal apportionment reporting, including subsequent  
24 corrected reports, after performing reasonable testing of monthly  
25 enrollment and monthly attendance reports to be submitted to the  
26 chartering authority by the charter school to determine enrollment  
27 and attendance trends and averages.

28 (I) Monthly enrollment reports shall reflect sufficient details by  
29 month, including beginning enrollment, additions, subtractions,  
30 and transfers, reconciled to ending enrollment. Attendance reports  
31 shall reflect sufficient details to enable the chartering authority to  
32 determine a reasonable alignment of enrollment to attendance.

33 (II) Types of analysis regarding both enrollment and attendance  
34 trends and averages may include, but are not necessarily limited  
35 to, all of the following:

36 (ia) A comparison of the total first, second, and annual principal  
37 apportionment attendance to the total respective data reported in  
38 the prior year.

1 (ib) A comparison of California Longitudinal Pupil Achievement  
 2 Data System (CALPADS) Fall 1 data to first and second period  
 3 principal apportionment attendance using historical ratios.

4 (ic) Comparable trending of enrollment and attendance in a  
 5 given period.

6 (III) If the enrollment or attendance verification fails to support  
 7 the applicable first, second, or annual principal apportionment  
 8 reporting, including subsequent corrected reports, submitted to the  
 9 chartering authority, the chartering authority shall not certify the  
 10 applicable principal apportionment report.

11 (B) A charter school shall provide the chartering authority the  
 12 necessary supporting documentation in order for the chartering  
 13 authority to perform the verification described in subparagraph  
 14 (A).

15 (7) A chartering authority shall notify the ~~auditor~~ *certified public*  
 16 *accountant or public accountant performing the audit* of a charter  
 17 school if a charter school does not provide the required  
 18 documentation pursuant to paragraph (6). Failure of a charter  
 19 school to provide the documentation required pursuant to paragraph  
 20 (6) shall result in the ~~auditor~~ *certified public accountant or public*  
 21 *accountant performing the audit* reporting an attendance  
 22 apportionment finding in their annual audit report and a  
 23 corresponding reduction in allowable attendance apportionment  
 24 by the charter school.

25 (b) The cost of performing the duties required by this section  
 26 shall be funded with supervisorial oversight fees collected pursuant  
 27 to Section 47613.

28 ~~SEC. 27.~~

29 *SEC. 19.* Section 47604.35 is added to the Education Code,  
 30 immediately following Section 47604.33, to read:

31 47604.35. (a) To ensure consistency in financial reporting,  
 32 and promote transparency and accountability of all local  
 33 educational agencies, the state board, in consultation with the  
 34 Superintendent, shall revise regulations to require that charter  
 35 schools report periodic and annual financial data in the same  
 36 manner and on the same form prescribed for school districts.

37 (b) Commencing with the 2023–24 fiscal year, charter schools  
 38 with an average daily attendance of 5,000 or more pupils shall  
 39 report periodic and annual financial data in the same manner and  
 40 on the same form prescribed for school districts.

1 (c) Commencing with the 2024–25 fiscal year, charter schools  
2 with an average daily attendance of 2,500 or more pupils but fewer  
3 than 5,000 pupils shall report periodic and annual financial data  
4 in the same manner and on the same form prescribed for school  
5 districts.

6 (d) Commencing with the 2025–26 fiscal year, charter schools  
7 with an average daily attendance of 2,499 or fewer pupils shall  
8 report periodic and annual financial data in the same manner and

10 ~~SEC. 28.~~

11 *SEC. 20.* Section 47605 of the Education Code is amended to  
12 read:

13 47605. (a) (1) Except as set forth in paragraph (2), a petition  
14 for the establishment of a charter school within a school district  
15 may be circulated by one or more persons seeking to establish the  
16 charter school. A petition for the establishment of a charter school  
17 shall identify a single charter school that will operate within the  
18 geographic boundaries of that school district. A charter school  
19 may propose to operate at multiple sites within the school district  
20 if each location is identified in the charter school petition. The  
21 petition may be submitted to the governing board of the school  
22 district for review after either of the following conditions is met:

23 (A) The petition is signed by a number of parents or legal  
24 guardians of pupils that is equivalent to at least one-half of the  
25 number of pupils that the charter school estimates will enroll in  
26 the charter school for its first year of operation.

27 (B) The petition is signed by a number of teachers that is  
28 equivalent to at least one-half of the number of teachers that the  
29 charter school estimates will be employed at the charter school  
30 during its first year of operation.

31 (2) A petition that proposes to convert an existing public school  
32 to a charter school that would not be eligible for a loan pursuant

35 may be submitted to the governing board of the school district for  
36 review after the petition is signed by not less than 50 percent of  
37 the permanent status teachers currently employed at the public  
38 school to be converted.

39 (3) A petition shall include a prominent statement that a  
40 signature on the petition means that the parent or legal guardian

1 is meaningfully interested in having their child or ward attend the  
2 charter school, or in the case of a teacher's signature, means that  
3 the teacher is meaningfully interested in teaching at the charter  
4 school. The proposed charter shall be attached to the petition.

5 (4) After receiving approval of its petition, a charter school that  
6 proposes to expand operations to one or more additional sites or  
7 grade levels shall request a material revision to its charter and shall  
8 notify the chartering authority of those additional locations or  
9 grade levels. The chartering authority shall consider whether to  
10 approve those additional locations or grade levels at an open, public  
11 meeting. If the additional locations or grade levels are approved  
12 pursuant to the standards and criteria described in subdivision (c),  
13 they shall be a material revision to the charter school's charter.

14 (5) (A) A charter school that established one site outside the  
15 boundaries of the school district, but within the county in which  
16 that school district is located before January 1, 2020, may continue  
17 to operate that site until the charter school submits a request for  
18 the renewal of its charter petition. To continue operating the site,  
19 the charter school shall do either of the following:

20 (i) First, before submitting the request for the renewal of the  
21 charter petition, obtain approval in writing from the school district  
22 where the site is operating.

23 (ii) Submit a request for the renewal of the charter petition  
24 pursuant to Section 47607 to the school district in which the charter  
25 school is located.

26 (B) If a Presidential declaration of a major disaster or emergency  
27 is issued in accordance with the federal Robert T. Stafford Disaster  
28 Relief and Emergency Assistance Act (42 U.S.C. Sec. 5121 et  
29 seq.) for an area in which a charter schoolsite is located and  
30 operating, the charter school, for not more than five years, may  
31 relocate that site outside the area subject to the Presidential  
32 declaration if the charter school first obtains the written approval  
33 of the school district where the site is being relocated to.

34 (C) Notwithstanding subparagraph (A), if a charter school was  
35 relocated from December 31, 2016, to December 31, 2019,  
36 inclusive, due to a Presidential declaration of a major disaster or  
37 emergency in accordance with the federal Robert T. Stafford  
38 Disaster Relief and Emergency Assistance Act (42 U.S.C. Sec.  
39 5121 et seq.), that charter school shall be allowed to return to its  
40 original campus location in perpetuity.

1 (D) (i) A charter school in operation and providing educational  
2 services to pupils before October 1, 2019, located on a federally  
3 recognized California Indian reservation or rancheria or operated  
4 by a federally recognized California Indian tribe shall be exempt  
5 from the geographic restrictions of paragraph (1) and subparagraph  
6 (A) of this paragraph and the geographic restrictions of subdivision  
7 (a) of Section 47605.1.

8 (ii) The exemption to the geographic restrictions of subdivision  
9 (a) of 47605.1 in clause (i) does not apply to nonclassroom-based  
10 charter schools operating pursuant to Section 47612.5.

11 (E) The department shall regard as a continuing charter school  
12 for all purposes a charter school that was granted approval of its  
13 petition, that was providing educational services to pupils before  
14 October 1, 2019, and is authorized by a different chartering  
15 authority due to changes to this paragraph that took effect January  
16 1, 2020. This paragraph shall be implemented only to the extent  
17 it does not conflict with federal law. In order to prevent any  
18 potential conflict with federal law, this paragraph does not apply  
19 to covered programs as identified in Section 8101(11) of the federal  
20 Elementary and Secondary Education Act of 1965 (20 U.S.C. Sec.  
21 7801) to the extent the affected charter school is the restructured  
22 portion of a divided charter school pursuant to Section 47654.

23 (6) Commencing January 1, 2003, a petition to establish a charter  
24 school shall not be approved to serve pupils in a grade level that  
25 is not served by the school district of the governing board  
26 considering the petition, unless the petition proposes to serve pupils  
27 in all of the grade levels served by that school district.

28 (b) No later than 60 days after receiving a petition, in accordance  
29 with subdivision (a), the governing board of the school district  
30 shall hold a public hearing on the provisions of the charter, at  
31 which time the governing board of the school district shall consider  
32 the level of support for the petition by teachers employed by the  
33 school district, other employees of the school district, and parents.  
34 Following review of the petition and the public hearing, the  
35 governing board of the school district shall either grant or deny  
36 the charter within 90 days of receipt of the petition, provided,  
37 however, that the date may be extended by an additional 30 days  
38 if both parties agree to the extension. A petition is deemed received  
39 by the governing board of the school district for purposes of  
40 commencing the timelines described in this subdivision on the day

1 the petitioner submits a petition to the district office, along with a  
2 signed certification that the petitioner deems the petition to be  
3 complete. The governing board of the school district shall publish  
4 all staff recommendations, including the recommended findings  
5 and, if applicable, the certification from the county superintendent  
6 of schools prepared pursuant to paragraph (8) of subdivision (c),  
7 regarding the petition at least 15 days before the public hearing at  
8 which the governing board of the school district will either grant  
9 or deny the charter. At the public hearing at which the governing  
10 board of the school district will either grant or deny the charter,  
11 petitioners shall have equivalent time and procedures to present  
12 evidence and testimony to respond to the staff recommendations  
13 and findings.

14 (c) In reviewing petitions for the establishment of charter schools  
15 pursuant to this section, the chartering authority shall be guided  
16 by the intent of the Legislature that charter schools are and should  
17 become an integral part of the California educational system and  
18 that the establishment of charter schools should be encouraged.  
19 The governing board of the school district shall grant a charter for  
20 the operation of a school under this part if it is satisfied that  
21 granting the charter is consistent with sound educational practice  
22 and with the interests of the community in which the school is  
23 proposing to locate. The governing board of the school district  
24 shall consider the academic needs of the pupils the school proposes  
25 to serve. The governing board of the school district shall not deny  
26 a petition for the establishment of a charter school unless it makes  
27 written factual findings, specific to the particular petition, setting  
28 forth specific facts to support one or more of the following  
29 findings:

30 (1) The charter school presents an unsound educational program  
31 for the pupils to be enrolled in the charter school.

32 (2) The petitioners are demonstrably unlikely to successfully  
33 implement the program set forth in the petition.

34 (3) The petition does not contain the number of signatures  
35 required by subdivision (a).

36 (4) The petition does not contain an affirmation of each of the  
37 conditions described in subdivision (e).

38 (5) The petition does not contain reasonably comprehensive  
39 descriptions of all of the following:

1 (A) (i) The educational program of the charter school, designed,  
2 among other things, to identify those whom the charter school is  
3 attempting to educate, what it means to be an “educated person”  
4 in the 21st century, and how learning best occurs. The goals  
5 identified in that program shall include the objective of enabling  
6 pupils to become self-motivated, competent, and lifelong learners.

7 (ii) The annual goals for the charter school for all pupils and  
8 for each subgroup of pupils identified pursuant to Section 52052,  
9 to be achieved in the state priorities, as described in subdivision  
10 (d) of Section 52060, that apply for the grade levels served, and  
11 specific annual actions to achieve those goals. A charter petition  
12 may identify additional school priorities, the goals for the school  
13 priorities, and the specific annual actions to achieve those goals.

14 (iii) If the proposed charter school will serve high school pupils,  
15 the manner in which the charter school will inform parents about  
16 the transferability of courses to other public high schools and the  
17 eligibility of courses to meet college entrance requirements.  
18 Courses offered by the charter school that are accredited by the  
19 Western Association of Schools and Colleges may be considered  
20 transferable and courses approved by the University of California  
21 or the California State University as creditable under the “A to G”  
22 admissions criteria may be considered to meet college entrance  
23 requirements.

24 (B) The measurable pupil outcomes identified for use by the  
25 charter school. “Pupil outcomes,” for purposes of this part, means  
26 the extent to which all pupils of the charter school demonstrate  
27 that they have attained the skills, knowledge, and attitudes specified  
28 as goals in the charter school’s educational program. Pupil  
29 outcomes shall include outcomes that address increases in pupil  
30 academic achievement both schoolwide and for all pupil subgroups  
31 served by the charter school, as that term is defined in subdivision  
32 (a) of Section 52052. The pupil outcomes shall align with the state  
33 priorities, as described in subdivision (d) of Section 52060, that  
34 apply for the grade levels served by the charter school.

35 (C) The method by which pupil progress in meeting those pupil  
36 outcomes is to be measured. To the extent practicable, the method  
37 for measuring pupil outcomes for state priorities shall be consistent  
38 with the way information is reported on a school accountability  
39 report card.

1 (D) The governance structure of the charter school, including,  
2 but not limited to, the process to be followed by the charter school  
3 to ensure parental involvement.

4 (E) The qualifications to be met by individuals to be employed  
5 by the charter school.

6 (F) The procedures that the charter school will follow to ensure  
7 the health and safety of pupils and staff. These procedures shall  
8 require all of the following:

9 (i) That each employee of the charter school furnish the charter  
10 school with a criminal record summary as described in Section  
11 44237.

12 (ii) The development of a school safety plan, which shall include  
13 the safety topics listed in subparagraphs (A) to (J), inclusive, of  
14 paragraph (2) of subdivision (a) of Section 32282.

15 (iii) That the school safety plan be reviewed and updated by  
16 March 1 of every year by the charter school.

17 (G) The means by which the charter school will achieve a  
18 balance of racial and ethnic pupils, special education pupils, and  
19 English learner pupils, including redesignated fluent English  
20 proficient pupils, as defined by the evaluation rubrics in Section  
21 52064.5, that is reflective of the general population residing within  
22 the territorial jurisdiction of the school district to which the charter  
23 petition is submitted. Upon renewal, for a charter school not  
24 deemed to be a local educational agency for purposes of special  
25 education pursuant to Section 47641, the chartering authority may  
26 consider the effect of school placements made by the chartering  
27 authority in providing a free and appropriate public education as  
28 required by the federal Individuals with Disabilities Education Act  
29 (Public Law 101-476), on the balance of pupils with disabilities  
30 at the charter school.

31 (H) Admission policies and procedures, consistent with  
32 subdivision (e).

33 (I) The manner in which annual, independent financial audits  
34 shall be conducted pursuant to Section 47604.2, which shall employ  
35 generally accepted accounting principles, and the manner in which  
36 audit exceptions and deficiencies shall be resolved to the  
37 satisfaction of the chartering authority.

38 (J) The procedures by which pupils can be suspended or expelled  
39 from the charter school for disciplinary reasons or otherwise  
40 involuntarily removed from the charter school for any reason.

1 These procedures, at a minimum, shall include an explanation of  
2 how the charter school will comply with federal and state  
3 constitutional procedural and substantive due process requirements  
4 that is consistent with all of the following:

5 (i) For suspensions of fewer than 10 days, provide oral or written  
6 notice of the charges against the pupil and, if the pupil denies the  
7 charges, an explanation of the evidence that supports the charges  
8 and an opportunity for the pupil to present the pupil's side of the  
9 story.

10 (ii) For suspensions of 10 days or more and all other expulsions  
11 for disciplinary reasons, both of the following:

12 (I) Provide timely, written notice of the charges against the pupil  
13 and an explanation of the pupil's basic rights.

14 (II) Provide a hearing adjudicated by a neutral officer within a  
15 reasonable number of days at which the pupil has a fair opportunity  
16 to present testimony, evidence, and witnesses and confront and  
17 cross-examine adverse witnesses, and at which the pupil has the  
18 right to bring legal counsel or an advocate.

19 (iii) Contain a clear statement that no pupil shall be involuntarily  
20 removed by the charter school for any reason unless the parent or  
21 guardian of the pupil has been provided written notice of intent to  
22 remove the pupil no less than five schooldays before the effective  
23 date of the action. The written notice shall be in the native language  
24 of the pupil or the pupil's parent or guardian or, if the pupil is a  
25 foster child or youth or a homeless child or youth, the pupil's  
26 educational rights holder, and shall inform the pupil, the pupil's  
27 parent or guardian, or the pupil's educational rights holder of the  
28 right to initiate the procedures specified in clause (ii) before the  
29 effective date of the action. If the pupil's parent, guardian, or  
30 educational rights holder initiates the procedures specified in clause  
31 (ii), the pupil shall remain enrolled and shall not be removed until  
32 the charter school issues a final decision. For purposes of this  
33 clause, "involuntarily removed" includes disenrolled, dismissed,  
34 transferred, or terminated, but does not include suspensions  
35 specified in clauses (i) and (ii).

36 (K) The manner by which staff members of the charter schools  
37 will be covered by the State Teachers' Retirement System, the  
38 Public Employees' Retirement System, or federal social security.

39 (L) The public school attendance alternatives for pupils residing  
40 within the school district who choose not to attend charter schools.

**AB 1316**

— 48 —

1 (M) The rights of an employee of the school district upon  
2 leaving the employment of the school district to work in a charter  
3 school, and of any rights of return to the school district after  
4 employment at a charter school.

5 (N) The procedures to be followed by the charter school and  
6 the chartering authority to resolve disputes relating to provisions  
7 of the charter.

8 (O) The procedures to be used if the charter school closes. The  
9 procedures shall ensure a final audit of the charter school to  
10 determine the disposition of all assets and liabilities of the charter  
11 school, including plans for disposing of any net assets and for the  
12 maintenance and transfer of pupil records.

13 (6) The petition does not contain a declaration of whether or  
14 not the charter school shall be deemed the exclusive public  
15 employer of the employees of the charter school for purposes of  
16 Chapter 10.7 (commencing with Section 3540) of Division 4 of  
17 Title 1 of the Government Code.

18 (7) The charter school is demonstrably unlikely to serve the  
19 interests of the entire community in which the school is proposing  
20 to locate. Analysis of this finding shall include consideration of  
21 the fiscal impact of the proposed charter school. A written factual  
22 finding under this paragraph shall detail specific facts and  
23 circumstances that analyze and consider the following factors:

24 (A) The extent to which the proposed charter school would  
25 substantially undermine existing services, academic offerings, or  
26 programmatic offerings.

27 (B) Whether the proposed charter school would duplicate a  
28 program currently offered within the school district and the existing  
29 program has sufficient capacity for the pupils proposed to be served  
30 within reasonable proximity to where the charter school intends  
31 to locate.

32 (8) The school district is not positioned to absorb the fiscal  
33 impact of the proposed charter school. A school district satisfies  
34 this paragraph if it has a qualified interim certification pursuant to  
35 Section 42131 and the county superintendent of schools, in  
36 consultation with the County Office Fiscal Crisis and Management  
37 Assistance Team, certifies that approving the charter school would  
38 result in the school district having a negative interim certification  
39 pursuant to Section 42131, has a negative interim certification  
40 pursuant to Section 42131, or is under state receivership. Charter

1 schools proposed in a school district satisfying one of these  
2 conditions shall be subject to a rebuttable presumption of denial.

3 (d) (1) Charter schools shall meet all statewide standards and  
4 conduct the pupil assessments required pursuant to Section 60605  
5 and any other statewide standards authorized in statute or pupil  
6 assessments applicable to pupils in noncharter public schools.

7 (2) Charter schools shall, on a regular basis, consult with their  
8 parents, legal guardians, and teachers regarding the charter school's  
9 educational programs.

10 (e) (1) In addition to any other requirement imposed under this  
11 part, a charter school shall be nonsectarian in its programs,  
12 admission policies, employment practices, and all other operations,  
13 shall not charge tuition, and shall not discriminate against a pupil  
14 on the basis of the characteristics listed in Section 220. Except as  
15 provided in paragraph (2), admission to a charter school shall not  
16 be determined according to the place of residence of the pupil, or  
17 of that pupil's parent or legal guardian, within this state, except  
18 that an existing public school converting partially or entirely to a  
19 charter school under this part shall adopt and maintain a policy  
20 giving admission preference to pupils who reside within the former  
21 attendance area of that public school.

22 (2) (A) A charter school shall admit all pupils who wish to  
23 attend the charter school.

24 (B) If the number of pupils who wish to attend the charter school  
25 exceeds the charter school's capacity, attendance, except for  
26 existing pupils of the charter school, shall be determined by a  
27 public random drawing. Preference shall be extended to pupils  
28 currently attending the charter school and pupils who reside in the  
29 school district except as provided for in Section 47614.5.  
30 Preferences, including, but not limited to, siblings of pupils  
31 admitted or attending the charter school and children of the charter  
32 school's teachers, staff, and founders identified in the initial charter,  
33 may also be permitted by the chartering authority on an individual  
34 charter school basis. Priority order for any preference shall be  
35 determined in the charter petition in accordance with all of the  
36 following:

37 (i) Each type of preference shall be approved by the chartering  
38 authority at a public hearing.

39 (ii) Preferences shall be consistent with federal law, the  
40 California Constitution, and Section 200.

**AB 1316**

— 50 —

1 (iii) Preferences shall not result in limiting enrollment access  
2 for pupils with disabilities, academically low-achieving pupils,  
3 English learners, neglected or delinquent pupils, homeless pupils,  
4 or pupils who are economically disadvantaged, as determined by  
5 eligibility for any free or reduced-price meal program, foster youth,  
6 or pupils based on nationality, race, ethnicity, or sexual orientation.

7 (iv) In accordance with Section 49011, preferences shall not  
8 require mandatory parental volunteer hours as a criterion for  
9 admission or continued enrollment.

10 (C) In the event of a drawing, the chartering authority shall  
11 make reasonable efforts to accommodate the growth of the charter  
12 school and shall not take any action to impede the charter school  
13 from expanding enrollment to meet pupil demand.

14 (3) If a pupil is expelled or leaves the charter school without  
15 graduating or completing the school year for any reason, the charter  
16 school shall notify the superintendent of the school district of the  
17 pupil's last known address within 30 days, and shall, upon request,  
18 provide that school district with a copy of the cumulative record  
19 of the pupil, including report cards or a transcript of grades, and  
20 health information. If the pupil is subsequently expelled or leaves  
21 the school district without graduating or completing the school  
22 year for any reason, the school district shall provide this  
23 information to the charter school within 30 days if the charter  
24 school demonstrates that the pupil had been enrolled in the charter  
25 school. This paragraph applies only to pupils subject to compulsory  
26 full-time education pursuant to Section 48200.

27 (4) (A) A charter school shall not discourage a pupil from  
28 enrolling or seeking to enroll in the charter school for any reason,  
29 including, but not limited to, academic performance of the pupil  
30 or because the pupil exhibits any of the characteristics described  
31 in clause (iii) of subparagraph (B) of paragraph (2).

32 (B) A charter school shall not request a pupil's records or require  
33 a parent, guardian, or pupil to submit the pupil's records to the  
34 charter school before enrollment.

35 (C) A charter school shall not encourage a pupil currently  
36 attending the charter school to disenroll from the charter school  
37 or transfer to another school for any reason, including, but not  
38 limited to, academic performance of the pupil or because the pupil  
39 exhibits any of the characteristics described in clause (iii) of  
40 subparagraph (B) of paragraph (2). This subparagraph shall not

1 apply to actions taken by a charter school pursuant to the  
2 procedures described in subparagraph (J) of paragraph (5) of  
3 subdivision (c).

4 (D) The department shall develop a notice of the requirements  
5 of this paragraph. This notice shall be posted on a charter school's  
6 internet website. A charter school shall provide a parent or  
7 guardian, or a pupil if the pupil is 18 years of age or older, a copy  
8 of this notice at all of the following times:

9 (i) When a parent, guardian, or pupil inquires about enrollment.

10 (ii) Before conducting an enrollment lottery.

11 (iii) Before disenrollment of a pupil.

12 (E) (i) A person who suspects that a charter school has violated  
13 this paragraph may file a complaint with the chartering authority.

14 (ii) The department shall develop a template to be used for filing  
15 complaints pursuant to clause (i).

16 (5) Notwithstanding any other law, a charter school in operation  
17 as of July 1, 2019, that operates in partnership with the California  
18 National Guard may dismiss a pupil from the charter school for  
19 failing to maintain the minimum standards of conduct required by  
20 the Military Department.

21 (f) The governing board of a school district shall not require an  
22 employee of the school district to be employed in a charter school.

23 (g) The governing board of a school district shall not require a  
24 pupil enrolled in the school district to attend a charter school.

25 (h) The governing board of a school district shall require that  
26 the petitioner or petitioners provide information regarding the  
27 proposed operation and potential effects of the charter school,  
28 including, but not limited to, the facilities to be used by the charter  
29 school, the manner in which administrative services of the charter  
30 school are to be provided, and potential civil liability effects, if  
31 any, upon the charter school and upon the school district. The  
32 description of the facilities to be used by the charter school shall  
33 specify where the charter school intends to locate. The petitioner  
34 or petitioners also shall be required to provide financial statements  
35 that include a proposed first-year operational budget, including  
36 startup costs, and cashflow and financial projections for the first  
37 three years of operation. If the school is to be operated by, or as,  
38 a nonprofit public benefit corporation, the petitioner shall provide  
39 the names and relevant qualifications of all persons whom the

**AB 1316**

— 52 —

1 petitioner nominates to serve on the governing body of the charter  
2 school.

3 (i) In reviewing petitions for the establishment of charter schools  
4 within the school district, the governing board of the school district  
5 shall give preference to petitions that demonstrate the capability  
6 to provide comprehensive learning experiences to pupils identified  
7 by the petitioner or petitioners as academically low achieving  
8 pursuant to the standards established by the department under  
9 Section 54032, as that section read before July 19, 2006.

10 (j) Upon the approval of the petition by the governing board of  
11 the school district, the petitioner or petitioners shall provide written  
12 notice of that approval, including a copy of the petition, to the  
13 applicable county superintendent of schools, the department, and  
14 the state board.

15 (k) (1) (A) (i) If the governing board of a school district denies  
16 a petition, the petitioner may elect to submit the petition for the  
17 establishment of a charter school to the county board of education.  
18 The petitioner shall submit the petition to the county board of  
19 education within 30 days of a denial by the governing board of the  
20 school district. At the same time the petition is submitted to the  
21 county board of education, the petitioner shall also provide a copy  
22 of the petition to the school district. The county board of education  
23 shall review the petition pursuant to subdivisions (b) and (c). If  
24 the petition submitted on appeal contains new or different material  
25 terms, the county board of education shall immediately remand  
26 the petition to the governing board of the school district for  
27 reconsideration, which shall grant or deny the petition within 30  
28 days. If the governing board of the school district denies a petition  
29 after reconsideration, the petitioner may elect to resubmit the  
30 petition for the establishment of a charter school to the county  
31 board of education.

32 (ii) The county board of education shall review the appeal  
33 petition pursuant to subdivision (c). If the denial of the petition  
34 was made pursuant to paragraph (8) of subdivision (c), the county  
35 board of education shall also review the school district's findings  
36 pursuant to paragraph (8) of subdivision (c).

37 (iii) As used in this subdivision, "material terms" of the petition  
38 means the signatures, affirmations, disclosures, documents, and  
39 descriptions described in subdivisions (a), (b), (c), and (h), but  
40 shall not include minor administrative updates to the petition or

1 related documents due to changes in circumstances based on the  
2 passage of time related to fiscal affairs, facilities arrangements, or  
3 state law, or to reflect the county board of education as the  
4 chartering authority.

5 (B) If the governing board of a school district denies a petition  
6 and the county board of education has jurisdiction over a single  
7 school district, the petitioner may elect to submit the petition for  
8 the establishment of a charter school to the state board. The state  
9 board shall review a petition submitted pursuant to this  
10 subparagraph pursuant to subdivision (c). If the denial of a charter  
11 petition is reversed by the state board pursuant to this subparagraph,  
12 the state board shall designate the governing board of the school  
13 district in which the charter school is located as the chartering  
14 authority.

15 (2) If the county board of education denies a petition, the  
16 petitioner may appeal that denial to the state board.

17 (A) The petitioner shall submit the petition to the state board  
18 within 30 days of a denial by the county board of education. The  
19 petitioner shall include the findings and documentary record from  
20 the governing board of the school district and the county board of  
21 education and a written submission detailing, with specific citations  
22 to the documentary record, how the governing board of the school  
23 district or the county board of education, or both, abused their  
24 discretion. The governing board of the school district and county  
25 board of education shall prepare the documentary record, including  
26 transcripts of the public hearing at which the governing board of  
27 the school district and county board of education denied the charter,  
28 at the request of the petitioner. The documentary record shall be  
29 prepared by the governing board of the school district and county  
30 board of education no later than 10 business days after the request  
31 of the petitioner is made. At the same time the petition and  
32 supporting documentation is submitted to the state board, the  
33 petitioner shall also provide a copy of the petition and supporting  
34 documentation to the school district and the county board of  
35 education.

36 (B) If the appeal contains new or different material terms, as  
37 defined in clause (iii) of subparagraph (A) of paragraph (1), the  
38 state board shall immediately remand the petition to the governing  
39 board of the school district to which the petition was submitted  
40 for reconsideration. The governing board of the school district

**AB 1316**

— 54 —

1 shall grant or deny the petition within 30 days. If the governing  
2 board of the school district denies a petition after reconsideration,  
3 the petitioner may elect to resubmit the petition to the state board.

4 (C) Within 30 days of receipt of the appeal submitted to the  
5 state board, the governing board of the school district or county  
6 board of education may submit a written opposition to the state  
7 board detailing, with specific citations to the documentary record,  
8 how the governing board of the school district or the county board  
9 of education did not abuse its discretion in denying the petition.  
10 The governing board of the school district or the county board of  
11 education may submit supporting documentation or evidence from  
12 the documentary record that was considered by the governing  
13 board of the school district or the county board of education.

14 (D) The state board's Advisory Commission on Charter Schools  
15 shall hold a public hearing to review the appeal and documentary  
16 record. Based on its review, the Advisory Commission on Charter  
17 Schools shall submit a recommendation to the state board whether  
18 there is sufficient evidence to hear the appeal or to summarily deny  
19 review of the appeal based on the documentary record. If the  
20 Advisory Commission on Charter Schools does not submit a  
21 recommendation to the state board, the state board shall consider  
22 the appeal, and shall either hear the appeal or summarily deny  
23 review of the appeal based on the documentary record at a regular  
24 public meeting of the state board.

25 (E) The state board shall either hear the appeal or summarily  
26 deny review of the appeal based on the documentary record. If the  
27 state board hears the appeal, the state board may affirm the  
28 determination of the governing board of the school district or the  
29 county board of education, or both of those determinations, or may  
30 reverse only upon a determination that there was an abuse of  
31 discretion. If the denial of a charter petition is reversed by the state  
32 board, the state board shall designate, in consultation with the  
33 petitioner, either the governing board of the school district or the  
34 county board of education in which the charter school is located  
35 as the chartering authority.

36 (3) A charter school for which a charter is granted by either the  
37 county board of education or the state board based on an appeal  
38 pursuant to this subdivision shall qualify fully as a charter school  
39 for all funding and other purposes of this part.

1 (4) A charter school that receives approval of its petition from  
2 a county board of education or from the state board on appeal shall  
3 be subject to the same requirements concerning geographic location  
4 to which it would otherwise be subject if it received approval from  
5 the chartering authority to which it originally submitted its petition.  
6 A charter petition that is submitted to either a county board of  
7 education or to the state board shall meet all otherwise applicable  
8 petition requirements, including the identification of the proposed  
9 site or sites where the charter school will operate.

10 (5) Upon the approval of the petition by the county board of  
11 education, the petition or petitioners shall provide written notice  
12 of that approval, including a copy of the petition, to the governing  
13 board of the school district in which the charter school is located,  
14 the department, and the state board.

15 (6) If either the county board of education or the state board  
16 fails to act on a petition within 180 days of receipt, the decision  
17 of the governing board of the school district to deny the petition  
18 shall be subject to judicial review.

19 *(l) (1) Teachers and providers of direct services for which*

26 These documents shall be maintained on file at the charter school  
27 and are subject to periodic inspection by the chartering authority.  
28 A governing body of a direct-funded charter school may use local  
29 assignment options authorized in statute and regulations for the  
30 purpose of legally assigning certificated teachers, in accordance  
31 with all of the requirements of the applicable statutes or regulations  
32 in the same manner as a governing board of a school district. A  
33 charter school shall have authority to request an emergency permit  
34 or a waiver from the Commission on Teacher Credentialing for  
35 individuals in the same manner as a school district.

36 (2) By July 1, 2020, all teachers in charter schools shall obtain

14 charter school.

15 (n) The requirements of this section shall not be waived by the  
16 state board pursuant to Section 33050 or any other law.

17 ~~SEC. 29.~~

18 *SEC. 21.* Section 47605.6 of the Education Code is amended  
19 to read:

20 47605.6. (a) (1) In addition to the authority provided by  
21 Section 47605.5, a county board of education may also approve a  
22 petition for the operation of a charter school that operates at one  
23 or more sites within the geographic boundaries of the county and  
24 that provides instructional services that are not generally provided  
25 by a county office of education. A county board of education may  
26 approve a countywide charter only if it finds, in addition to the  
27 other requirements of this section, that the educational services to  
28 be provided by the charter school will offer services to a pupil  
29 population that will benefit from those services and that cannot be  
30 served as well by a charter school that operates in only one school  
31 district in the county. A petition for the establishment of a  
32 countywide charter school pursuant to this subdivision may be  
33 circulated throughout the county by any one or more persons  
34 seeking to establish the charter school. The petition may be  
35 submitted to the county board of education for review after either  
36 of the following conditions is met:

37 (A) The petition is signed by a number of parents or guardians  
38 of pupils residing within the county that is equivalent to at least  
39 one-half of the number of pupils that the charter school estimates  
40 will enroll in the school for its first year of operation and each of

1 the school districts where the charter school petitioner proposes  
2 to operate a facility has received at least 30 days' notice of the  
3 petitioner's intent to operate a charter school pursuant to this  
4 section.

5 (B) The petition is signed by a number of teachers that is  
6 equivalent to at least one-half of the number of teachers that the  
7 charter school estimates will be employed at the school during its  
8 first year of operation and each of the school districts where the  
9 charter school petitioner proposes to operate a facility has received  
10 at least 30 days' notice of the petitioner's intent to operate a charter  
11 school pursuant to this section.

12 (2) An existing public school shall not be converted to a charter  
13 school in accordance with this section.

14 (3) After receiving approval of its petition, a charter school that  
15 proposes to establish operations at additional sites within the  
16 geographic boundaries of the county board of education shall notify  
17 the school districts where those sites will be located. The charter  
18 school shall also request a material revision of its charter by the  
19 county board of education that approved its charter and the county  
20 board of education shall consider whether to approve those  
21 additional locations at an open, public meeting, held no sooner  
22 than 30 days following notification of the school districts where  
23 the sites will be located. If approved, the location of the approved  
24 sites shall be a material revision of the charter school's approved  
25 charter.

26 (4) A petition shall include a prominent statement indicating  
27 that a signature on the petition means that the parent or guardian  
28 is meaningfully interested in having their child or ward attend the  
29 charter school, or in the case of a teacher's signature, means that  
30 the teacher is meaningfully interested in teaching at the charter  
31 school. The proposed charter shall be attached to the petition.

32 (b) No later than 60 days after receiving a petition, in accordance  
33 with subdivision (a), the county board of education shall hold a  
34 public hearing on the provisions of the charter, at which time the  
35 county board of education shall consider the level of support for  
36 the petition by teachers, parents or guardians, and the school  
37 districts where the charter school petitioner proposes to place  
38 school facilities. Following review of the petition and the public  
39 hearing, the county board of education shall either grant or deny  
40 the charter within 90 days of receipt of the petition. However, this

**AB 1316**

— 58 —

1 date may be extended by an additional 30 days if both parties agree  
2 to the extension. A petition is deemed received by the county board  
3 of education for purposes of commencing the timelines described  
4 in this subdivision when the petitioner submits a petition, in  
5 accordance with subparagraph (A) or (B) of paragraph (1) of  
6 subdivision (a), to the county office of education. The county board  
7 of education shall publish all staff recommendations, including  
8 the recommended findings, regarding the petition at least 15 days  
9 before the public hearing at which the county board of education  
10 will either grant or deny the charter. At the public hearing at which  
11 the county board of education will either grant or deny the charter,  
12 petitioners shall have equivalent time and procedures to present  
13 evidence and testimony to respond to the staff recommendations  
14 and findings. A county board of education may impose any  
15 additional requirements beyond those required by this section that  
16 it considers necessary for the sound operation of a countywide  
17 charter school. A county board of education may grant a charter  
18 for the operation of a charter school under this part only if it is  
19 satisfied that granting the charter is consistent with sound  
20 educational practice and that the charter school has reasonable  
21 justification for why it could not be established by petition to a  
22 school district pursuant to Section 47605. The county board of  
23 education shall deny a petition for the establishment of a charter  
24 school if it finds one or more of the following:

25 (1) The charter school presents an unsound educational program  
26 for the pupils to be enrolled in the charter school.

27 (2) The petitioners are demonstrably unlikely to successfully  
28 implement the program set forth in the petition.

29 (3) The petition does not contain the number of signatures  
30 required by subdivision (a).

31 (4) The petition does not contain an affirmation of each of the  
32 conditions described in subdivision (e).

33 (5) The petition does not contain reasonably comprehensive  
34 descriptions of all of the following:

35 (A) (i) The educational program of the charter school, designed,  
36 among other things, to identify those pupils whom the charter  
37 school is attempting to educate, what it means to be an “educated  
38 person” in the 21st century, and how learning best occurs. The  
39 goals identified in that program shall include the objective of

1 enabling pupils to become self-motivated, competent, and lifelong  
2 learners.

3 (ii) The annual goals for the charter school for all pupils and  
4 for each subgroup of pupils identified pursuant to Section 52052,  
5 to be achieved in the state priorities, as described in subdivision  
6 (d) of Section 52060, that apply for the grade levels served by the  
7 charter school, and specific annual actions to achieve those goals.  
8 A charter petition may identify additional school priorities, the  
9 goals for the school priorities, and the specific annual actions to  
10 achieve those goals.

11 (iii) If the proposed charter school will enroll high school pupils,  
12 the manner in which the charter school will inform parents  
13 regarding the transferability of courses to other public high schools.  
14 Courses offered by the charter school that are accredited by the  
15 Western Association of Schools and Colleges may be considered  
16 to be transferable to other public high schools.

17 (iv) If the proposed charter school will enroll high school pupils,  
18 information as to the manner in which the charter school will  
19 inform parents as to whether each individual course offered by the  
20 charter school meets college entrance requirements. Courses  
21 approved by the University of California or the California State  
22 University as satisfying their prerequisites for admission may be  
23 considered as meeting college entrance requirements for purposes  
24 of this clause.

25 (B) The measurable pupil outcomes identified for use by the  
26 charter school. “Pupil outcomes,” for purposes of this part, means  
27 the extent to which all pupils of the charter school demonstrate  
28 that they have attained the skills, knowledge, and aptitudes  
29 specified as goals in the charter school’s educational program.  
30 Pupil outcomes shall include outcomes that address increases in  
31 pupil academic achievement both schoolwide and for all pupil  
32 subgroups served by the charter school, as that term is defined in  
33 subdivision (a) of Section 52052. The pupil outcomes shall align  
34 with the state priorities, as described in subdivision (d) of Section  
35 52060, that apply for the grade levels served by the charter school.

36 (C) The method by which pupil progress in meeting those pupil  
37 outcomes is to be measured. To the extent practicable, the method  
38 for measuring pupil outcomes for state priorities shall be consistent  
39 with the way information is reported on a school accountability  
40 report card.

2 proposes to operate.
- 3 (E) The governance structure of the charter school, including,  
4 but not limited to, the process to be followed by the charter school  
5 to ensure parental involvement.
- 6 (F) The qualifications to be met by individuals to be employed  
7 by the charter school.
- 8 (G) The procedures that the charter school will follow to ensure  
9 the health and safety of pupils and staff. These procedures shall  
10 require all of the following:
- 11 (i) That each employee of the charter school furnish the charter  
12 school with a criminal record summary as described in Section  
13 44237.
- 14 (ii) The development of a school safety plan, which shall include  
15 the safety topics listed in subparagraphs (A) to (J), inclusive, of  
16 paragraph (2) of subdivision (a) of Section 32282.
- 17 (iii) That the school safety plan be reviewed and updated by  
18 March 1 of every year by the charter school.
- 19 (H) The means by which the charter school will achieve a  
20 balance of racial and ethnic pupils, special education pupils, and  
21 English learner pupils, including redesignated fluent English  
22 proficient pupils as defined by the evaluation rubrics in Section  
23 52064.5, that is reflective of the general population residing within  
24 the territorial jurisdiction of the county board of education to which  
25 the charter petition is submitted. Upon renewal, for a charter school  
26 not deemed to be a local educational agency for purposes of special  
27 education pursuant to Section 47641, the chartering authority may  
28 consider the effect of school placements made by the chartering  
29 authority in providing a free and appropriate public education as  
30 required by the federal Individuals with Disabilities Education Act  
31 (Public Law 101-476), on the balance of pupils with disabilities  
32 at the charter school.
- 33 (I) The manner in which annual, independent financial audits  
34 shall be conducted pursuant to Section 47604.2, in accordance  
35 with regulations established by the state board, and the manner in  
36 which audit exceptions and deficiencies shall be resolved.
- 37 (J) The procedures by which pupils can be suspended or expelled  
38 from the charter school for disciplinary reasons or otherwise  
39 involuntarily removed from the charter school for any reason.  
40 These procedures, at a minimum, shall include an explanation of

1 how the charter school will comply with federal and state  
2 constitutional procedural and substantive due process requirements  
3 that is consistent with all of the following:

4 (i) For suspensions of fewer than 10 days, provide oral or written  
5 notice of the charges against the pupil and, if the pupil denies the  
6 charges, an explanation of the evidence that supports the charges  
7 and an opportunity for the pupil to present the pupil's side of the  
8 story.

9 (ii) For suspensions of 10 days or more and all other expulsions  
10 for disciplinary reasons, both of the following:

11 (I) Provide timely, written notice of the charges against the pupil  
12 and an explanation of the pupil's basic rights.

13 (II) Provide a hearing adjudicated by a neutral officer within a  
14 reasonable number of days at which the pupil has a fair opportunity  
15 to present testimony, evidence, and witnesses and confront and  
16 cross-examine adverse witnesses, and at which the pupil has the  
17 right to bring legal counsel or an advocate.

18 (iii) Contain a clear statement that no pupil shall be involuntarily  
19 removed by the charter school for any reason unless the parent or  
20 guardian of the pupil has been provided written notice of intent to  
21 remove the pupil no less than five schooldays before the effective  
22 date of the action. The written notice shall be in the native language  
23 of the pupil or the pupil's parent or guardian or, if the pupil is a  
24 foster child or youth or a homeless child or youth, the pupil's  
25 educational rights holder, and shall inform the pupil, the pupil's  
26 parent or guardian, or the pupil's educational rights holder of the  
27 right to initiate the procedures specified in clause (ii) before the  
28 effective date of the action. If the pupil's parent, guardian, or  
29 educational rights holder initiates the procedures specified in clause  
30 (ii), the pupil shall remain enrolled and shall not be removed until  
31 the charter school issues a final decision. For purposes of this  
32 clause, "involuntarily removed" includes disenrolled, dismissed,  
33 transferred, or terminated, but does not include suspensions  
34 specified in clauses (i) and (ii).

35 (K) The manner by which staff members of the charter school  
36 will be covered by the State Teachers' Retirement System, the  
37 Public Employees' Retirement System, or federal social security.

38 (L) The procedures to be followed by the charter school and the  
39 county board of education to resolve disputes relating to provisions  
40 of the charter.

**AB 1316**

1 (M) Admission policy and procedures, consistent with  
2 subdivision (e).

3 (N) The public school attendance alternatives for pupils residing  
4 within the county who choose not to attend the charter school.

5 (O) The rights of an employee of the county office of education,  
6 upon leaving the employment of the county office of education,  
7 to be employed by the charter school, and any rights of return to  
8 the county office of education that an employee may have upon  
9 leaving the employment of the charter school.

10 (P) The procedures to be used if the charter school closes. The  
11 procedures shall ensure a final audit of the charter school to  
12 determine the disposition of all assets and liabilities of the charter  
13 school, including plans for disposing of any net assets and for the  
14 maintenance and transfer of public records.

15 (6) A declaration of whether or not the charter school shall be  
16 deemed the exclusive public school employer of the employees of  
17 the charter school for purposes of the Educational Employment  
18 Relations Act (Chapter 10.7 (commencing with Section 3540) of  
19 Division 4 of Title 1 of the Government Code).

20 (7) Any other basis that the county board of education finds  
21 justifies the denial of the petition.

22 (c) A county board of education that approves a petition for the  
23 operation of a countywide charter may, as a condition of charter  
24 approval, enter into an agreement with a third party, at the expense  
25 of the charter school, to oversee, monitor, and report to the county  
26 board of education on the operations of the charter school. The  
27 county board of education may prescribe the aspects of the charter  
28 school's operations to be monitored by the third party and may  
29 prescribe appropriate requirements regarding the reporting of  
30 information concerning the operations of the charter school to the  
31 county board of education.

32 (d) (1) Charter schools shall meet all statewide standards and  
33 conduct the pupil assessments required pursuant to Section 60605  
34 and any other statewide standards authorized in statute or pupil  
35 assessments applicable to pupils in noncharter public schools.

36 (2) Charter schools shall on a regular basis consult with their  
37 parents and teachers regarding the charter school's educational  
38 programs.

39 (e) (1) In addition to any other requirement imposed under this  
40 part, a charter school shall be nonsectarian in its programs,

1 admission policies, employment practices, and all other operations,  
2 shall not charge tuition, and shall not discriminate against any  
3 pupil on the basis of ethnicity, national origin, gender, gender  
4 identity, gender expression, or disability. Except as provided in  
5 paragraph (2), admission to a charter school shall not be determined  
6 according to the place of residence of the pupil, or of the pupil's  
7 parent or guardian, within this state.

8 (2) (A) A charter school shall admit all pupils who wish to  
9 attend the charter school.

10 (B) If the number of pupils who wish to attend the charter school  
11 exceeds the charter school's capacity, attendance, except for  
12 existing pupils of the charter school, shall be determined by a  
13 public random drawing. Preference shall be extended to pupils  
14 currently attending the charter school and pupils who reside in the  
15 county except as provided for in Section 47614.5. Preferences,  
16 including, but not limited to, siblings of pupils admitted or  
17 attending the charter school and children of the charter school's  
18 teachers, staff, and founders identified in the initial charter, may  
19 also be permitted by the chartering authority on an individual  
20 charter school basis. Priority order for any preference shall be  
21 determined in the charter petition in accordance with all of the  
22 following:

23 (i) Each type of preference shall be approved by the chartering  
24 authority at a public hearing.

25 (ii) Preferences shall be consistent with federal law, the  
26 California Constitution, and Section 200.

27 (iii) Preferences shall not result in limiting enrollment access  
28 for pupils with disabilities, academically low-achieving pupils,  
29 English learners, neglected or delinquent pupils, homeless pupils,  
30 or pupils who are economically disadvantaged, as determined by  
31 eligibility for any free or reduced-price meal program, foster youth,  
32 or pupils based on nationality, race, ethnicity, or sexual orientation.

33 (iv) In accordance with Section 49011, preferences shall not  
34 require mandatory parental volunteer hours as a criterion for  
35 admission or continued enrollment.

36 (C) In the event of a drawing, the county board of education  
37 shall make reasonable efforts to accommodate the growth of the  
38 charter school and in no event shall take any action to impede the  
39 charter school from expanding enrollment to meet pupil demand.

**AB 1316**

— 64 —

1 (3) If a pupil is expelled or leaves the charter school without  
2 graduating or completing the school year for any reason, the charter  
3 school shall notify the superintendent of the school district of the  
4 pupil's last known address within 30 days and shall, upon request,  
5 provide that school district with a copy of the cumulative record  
6 of the pupil, including report cards or a transcript of grades, and  
7 health information. If the pupil is subsequently expelled or leaves  
8 the school district without graduating or completing the school  
9 year for any reason, the school district shall provide this  
10 information to the charter school within 30 days if the charter  
11 school demonstrates that the pupil had been enrolled in the charter  
12 school. This paragraph applies only to pupils subject to compulsory  
13 full-time education pursuant to Section 48200.

14 (4) (A) A charter school shall not discourage a pupil from  
15 enrolling or seeking to enroll in the charter school for any reason,  
16 including, but not limited to, academic performance of the pupil  
17 or because the pupil exhibits any of the characteristics described  
18 in clause (iii) of subparagraph (B) of paragraph (2).

19 (B) A charter school shall not request a pupil's records or require  
20 a parent, guardian, or pupil to submit the pupil's records to the  
21 charter school before enrollment.

22 (C) A charter school shall not encourage a pupil currently  
23 attending the charter school to disenroll from the charter school  
24 or transfer to another school for any reason, including, but not  
25 limited to, academic performance of the pupil or because the pupil  
26 exhibits any of the characteristics described in clause (iii) of  
27 subparagraph (B) of paragraph (2). This subparagraph shall not  
28 apply to actions taken by a charter school pursuant to the  
29 procedures described in subparagraph (J) of paragraph (5) of  
30 subdivision (b).

31 (D) The department shall develop a notice of the requirements  
32 of this paragraph. This notice shall be posted on a charter school's  
33 internet website. A charter school shall provide a parent or  
34 guardian, or a pupil if the pupil is 18 years of age or older, a copy  
35 of this notice at all of the following times:

36 (i) When a parent, guardian, or pupil inquires about enrollment.

37 (ii) Before conducting an enrollment lottery.

38 (iii) Before disenrollment of a pupil.

39 (E) (i) A person who suspects that a charter school has violated  
40 this paragraph may file a complaint with the chartering authority.

1 (ii) The department shall develop a template to be used for filing  
2 complaints pursuant to clause (i).

3 (5) Notwithstanding any other law, a charter school in operation  
4 as of July 1, 2019, that operates in partnership with the California  
5 National Guard may dismiss a pupil from the charter school for  
6 failing to maintain the minimum standards of conduct required by  
7 the Military Department.

8 (f) The county board of education shall not require an employee  
9 of the county or a school district to be employed in a charter school.

10 (g) The county board of education shall not require a pupil  
11 enrolled in a county program to attend a charter school.

12 (h) The county board of education shall require that the  
13 petitioner or petitioners provide information regarding the proposed  
14 operation and potential effects of the charter school, including, but  
15 not limited to, the facilities to be used by the charter school, the  
16 manner in which administrative services of the charter school are  
17 to be provided, and potential civil liability effects, if any, upon the  
18 charter school, any school district where the charter school may  
19 operate, and upon the county board of education. The petitioner  
20 or petitioners shall also be required to provide financial statements  
21 that include a proposed first-year operational budget, including  
22 startup costs, and cashflow and financial projections for the first  
23 three years of operation. If the charter school is to be operated by,  
24 or as, a nonprofit public benefit corporation, the petitioner shall  
25 provide the names and relevant qualifications of all persons whom  
26 the petitioner nominates to serve on the governing body of the  
27 charter school.

28 (i) In reviewing petitions for the establishment of charter schools  
29 within the county, the county board of education shall give  
30 preference to petitions that demonstrate the capability to provide  
31 comprehensive learning experiences to pupils identified by the  
32 petitioner or petitioners as academically low achieving pursuant  
33 to the standards established by the department under Section 54032,  
34 as that section read before July 19, 2006.

35 (j) Upon the approval of the petition by the county board of  
36 education, the petitioner or petitioners shall provide written notice  
37 of that approval, including a copy of the petition, to the school  
38 districts within the county, the Superintendent, and the state board.

**AB 1316**

— 66 —

1 (k) If a county board of education denies a petition, the petitioner  
 2 shall not elect to submit the petition for the establishment of the  
 3 charter school to the state board.

4 (l) (1) Teachers *and providers of direct services for which*  
 5 *certification qualifications are established pursuant to Section*  
 6 *44065 and Chapter 2 (commencing with Section 44200) of Part*  
 7 *25 of Division 3, except for Section 44270.1, in charter schools*  
 8 shall be required to hold the Commission on Teacher Credentialing  
 9 certificate, permit, or other document required for the teacher's  
 10 certificated assignment and be an employee of the charter school.  
 11 *assignment.* These documents shall be maintained on file at the  
 12 charter school and shall be subject to periodic inspection by the  
 13 chartering authority. A governing body of a direct-funded charter  
 14 school may use local assignment options authorized in statute and  
 15 regulations for the purpose of legally assigning certificated  
 16 teachers, in accordance with all of the requirements of the  
 17 applicable statutes or regulations in the same manner as a governing  
 18 board of a school district. A charter school shall have authority to

7 implementing regulations adopted thereunder.

8 (c) A reduction in apportionment made pursuant to subdivision

18 (d) Nonclassroom-based instruction includes, but is not limited

26 are engaged in educational activities required of those pupils and  
27 are under the immediate supervision and control of an employee  
28 of the charter school who possesses a valid certification document  
29 registered as required by law. For purposes of calculating average  
30 daily attendance for classroom-based instruction apportionments,  
31 at least 80 percent of the instructional time offered by the charter  
32 school shall be at the schoolsite, and the charter school shall require  
33 the attendance of all pupils for whom a classroom-based  
34 apportionment is claimed at the schoolsite for at least 80 percent  
35 of the minimum instructional time required to be offered pursuant  
36 to paragraph (1) of subdivision (a).

37 (2) For the purposes of this part, "nonclassroom instruction" or  
38 "nonclassroom-based instruction" means instruction that does not  
39 meet the requirements specified in paragraph (1). The state board  
40 may adopt regulations pursuant to paragraph (1) of subdivision

2 nonclassroom-based instruction, as it deems appropriate and  
3 consistent with this part.

4 (3) For purposes of this part, a schoolsite is a facility that is used  
5 principally for classroom instruction.

6 (4) Notwithstanding any other law, neither the state board nor

18 read:

19 47613. (a) (1) For the 2021–22 fiscal year, a chartering  
20 authority may charge for the actual costs of supervisory oversight  
21 of a charter school not to exceed 1 percent of the revenue of the

 18 separately purchasing administrative or other services from the  
 19 chartering authority or any other source.

20 (f) For purposes of this section, “chartering authority” means a

28 51745.6. (a) The ratio of average daily attendance for  
29 independent study pupils 18 years of age or less to school district,  
30 county office of education, or charter school full-time equivalent  
31 certificated employees responsible for independent study,  
32 calculated as specified by the department, shall comply with one  
33 of the following:

34 (1) It shall not exceed the equivalent ratio of average daily  
35 attendance to full-time equivalent certificated employees providing  
36 instruction in other educational programs operated by the school  
37 district, county office of education, or charter school unless a new  
38 higher or lower average daily attendance ratio for all other  
39 educational programs offered is negotiated in a collective  
40 bargaining agreement or a memorandum of understanding is

1 entered into that indicates an existing collective bargaining  
2 agreement contains an alternative average daily attendance ratio.

3 (2) It shall not exceed the equivalent prior year ratio of average  
4 daily attendance to full-time equivalent certificated employees for  
5 all other educational programs operated by the high school or  
6 unified school district with the largest average daily attendance of

8 used by that high school or unified school district in the prior year,  
9 unless a new higher or lower average daily attendance ratio for all

18 ratios shall be performed annually by the reporting agency at the  
19 time of, and in connection with, the second principal apportionment  
20 report to the Superintendent.

21 (3) It shall be calculated by using a fixed  
22 average-daily-attendance-to-certificated-employee ratio of 25 to  
23 1, or by using a ratio of less than 25 pupils per certificated  
24 employee. A new higher or lower ratio for all other educational  
25 programs offered by a school district, county office of education,  
26 or charter school may be negotiated in a collective bargaining  
27 agreement, or a memorandum of understanding indicating that an

31 shall be included in the applicable  
32 average-daily-attendance-to-certificated-employee ratio  
33 calculations.

34 (b) The calculations performed for purposes of this section shall

17 20 calendar days, a pupil not generating attendance for more than  
18 12 school days or 60 percent of the instructional days in four school
