Your schools qualify as underserved.

The AB-841 Cal-Shape stimulus grant program began taking Plumbing fixture grant applications online on Aug. 31st. We are anticipating the Ventilation Study grant applications by the end of this month (Sept. 2021).

The application instructions have made requirements for the following attachments that will have to be signed by your school and returned to us, then uploaded along with your Ventilation program application. Additionally, we have attached an Addendum to our Prop-39 Independent Contractor Agreement that will need to be signed as well.

ACTION ITEMS: Documents needed to submit application

1. Proof of ownership or complying lease (*not attached – you will need to attach yours back to us*)
2. Certificate of Good Standing – Charter Schools only
3. Letter of authorization – third-party applicants only
4. Payee Data Record – STD 204
5. Addendum to FNF Independent Contractor Agreement

We recommend working with EMCOR Services on the Ventilation study. EMCOR has an engineering division and a contracting division. The Program Guidelines do not require competitive bids, and the Public Works requirements have been waived by Governor Newsom due to Covid, however, some of our school clients have internal procurement rules that do require competitive bids.

(Note: If your school has more specific procurement requirements than this, we will try to accommodate those additional procurement requirements after the applications have been submitted, preferably at the front of the line. The funding goes first-come, first-served, and the funds for Tier-1 schools are somewhat limited. We are unfortunately pressed for time on this.)

Some of you may have questions such as how much money is the grant going to be? We are working on that now with the contractors, and will be better be able to answer that question accurately for each of your schools in the coming days as we receive the contractor estimates. In the meantime, it will be very important to complete the ACTION ITEMS 1-5 above. It will be impossible to submit an application without having received these signed forms back from you. *(I anticipate a ventilation grant for AIM about \$50K, which would include the professional ventilation study, as well as installation of CO2 monitors in each classroom, and our development, management, and reporting fee.)*

INDEPENDENT CONTRACTOR AGREEMENT
For AB-841 Stimulus Grant Development and Management Services

Between:

American Indian Model Schools
and First Note Finance inc

ICA Agreement Date: April 11, 2017

Today's Date: September 10, 2021

The Prop-39 INDEPENDENT CONTRACTOR AGREEMENT provides for a fundraising and financing development fee of 6.5%.

FUNDRAISING DEVELOPMENT FEE (6.5%)

First Note Finance inc (FNF) has surveyed the Plumbing Fixtures and HVAC Systems for the LEAs listed above. FNF will apply for California Energy Commission AB-841 Stimulus grants on behalf of the LEAs, under programs called SEES and/or CAL-Shape. There are two applications: 1) the SNPFA Program for plumbing fixture replacements, and 2) the SRVEVR Program for HVAC Ventilation study and improvements related to schools re-opening. The LEAs agree to compensate FNF on a performance basis, a fixed-fee equivalent of 6.5% of the AB-841 grant funding secured for the schools. (See Exhibit AB-841, pp.2, for Price and Payment terms, milestones and deliverables.)

PROJECT IMPLEMENTATION MANAGEMENT SERVICES FEE (7.5% - optional)

Project Implementation Management Services are not included in the 6.5% fundraising development fee. If the schools would like FNF to provide Project Implementation Management Services, FNF will apply an additional fee of 7.5% for Project Implementation Management Services based on quarterly project progress milestones. (See Exhibit AB-841, pp.2, for Price and Payment terms, milestones and deliverables.)

_____ Initial here if (optional) *Project Implementation Management Services* are wanted

The LEA(s) listed above hereby authorize First Note Finance *inc* as an independent 3rd Party provider of the services described herein, and authorizes First Note Finance *inc* to develop the described AB-841 grant funding on its behalf. If no funding is developed and awarded to the LEA under the AB-841 program, the LEA will owe nothing to First Note Finance *inc*.

Other applicable terms of the Prop-39 INDEPENDENT CONTRACTOR AGREEMENT remain in effect.

Agreed on this _____ day of _____, 2021.

Annual Review

SPSA Year Reviewed: 2020-2021

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

The strategies selected for this document are put in place to help our students succeed at a high academic level. These strategies are used to get students on track to proficiency. The strategies are targeted to meet the needs of improved learning for all students and subsets of students who demonstrate the need for additional support in each of the following categories of goals 1- 4. Our strategies are targeted to meet the needs of improved learning for all students and subsets of students who demonstrate the need for additional support.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

After analyzing the SPSA from the 2020-2021 school year, we realized that there was a little bit of learning loss. When we returned to in-person instruction in April, the school year was almost done. We also had a lot of students still doing virtual learning because of the pandemic. Our goals in performance ratings for expected outcomes were met for some goals and were not met for others.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Metrics were lowered to more realistic percentages to account for learning loss. The learning loss has made us hire additional intervention aides to help the students who have the most need. We are also putting more funding into professional development for teachers in terms of training on how to work with English Language Learners.

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and School Plan for Student Achievement| Page 2 of 4

tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall describe the process used to develop, in partnership with stakeholders, the CSI plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA-and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school's identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school's identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency's budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the

School Plan for Student Achievement| Page 4 of 4

expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total

allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
 - 1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceusesinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Strategy/Activity

Elementary - To get students prepared for benchmarks, state tests, and success, we will be hiring additional intervention staff. These intervention staff members will support teachers every day in class. They will provide push-in and pull out sessions in small groups and teach using the standards. The classroom teacher will collaborate with the intervention staff to determine students who are not at grade level. Individualized learning plans will be developed together to help students progress throughout the year. Each classroom/teacher will have an intervention aide who is assigned to their classroom.

Middle School - will also be hiring additional intervention staff to support students to be able to perform at their grade level standards in Math & ELA. The intervention aids will collaborate and work with ELA & Math teachers and participate in planning the materials and strategies to work with identified students that are struggling and performing below grade level.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
\$150,571.00	Federal - Title I, Part A
\$16,890.00	Federal - Title IV, Part A

Goal 2

Closing the Achievement Gap with High Expectations for All - All levels of the organization work to improve student achievement and close the achievement gap for all underperforming student groups.

Identified Need

Our largest performance gap is seen in the scores of our second language learners and students who are new to the AIMS school system. Expenditures have been allocated for increasing our ELD program by providing professional development in Integrated and Designated ELD. Tutoring, and intervention support have been funded to help students new to the AIMS system. To enhance the ELD program, a consultant has been contracted to help evaluate best practices

English Language Learners

Strategy/Activity

A big focus we have this year is preparing our teachers so that they are well trained in working with ELD students. We will be working with an ELD Consultant to help train our staff throughout the year. This training will include integrated ELD strategies as well as designated ELD strategies. Teachers will learn how to lesson plan for English Language learners. We will also include professional development on how to properly utilize the CA ELD Standards. Last but not least, Benchmark Advance will come out and do multiple sessions throughout the year, teaching the staff members on how to utilize the ELD components that are embedded in their ELA curriculum. Middle school will be using IXL and SRI to analyze and assess student progress.

Other actions include:

ELD Coordinator will continue to analyze and discuss students progress by:

Monitoring the progress of English Learners (ELs) including Long Term English Learner (LTELs) and reclassified students.

Creating a Newcomer program to support students that have been in the country for three years or less. Monitor and track progress with formative assessments.

Holding DELAC/ELAC meetings to inform families of supplemental resources that are provided to EL students. Evaluate the effectiveness of the current ELD program.

Hire ELD Intervention Aide to work with ELD students

Annual Review

SPSA Year Reviewed: 2020-2021

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

The strategies selected for this document are put in place to help our students succeed at a high academic level. These strategies are used to get students on track to proficiency. The strategies are targeted to meet the needs of improved learning for all students and subsets of students who demonstrate the need for additional support in each of the following categories of goals 1- 4. Our strategies are targeted to meet the needs of improved learning for all students and subsets of students who demonstrate the need for additional support.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

After analyzing the SPSA from the 2020-2021 school year, we realized that there was a little bit of learning loss. When we returned to in-person instruction in April, the school year was almost done.

We also had a lot of students still doing virtual learning because of the pandemic. Our goals in performance ratings for expected outcomes were met for some goals and were not met for others.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Metrics were lowered to more realistic percentages to account for learning loss. The learning loss has made us hire additional intervention aides to help the students who have the most need. We are also putting more funding into professional development for teachers in terms of training on how to work with English Language Learners.

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and School Plan for Student Achievement Instructions| Page 2 of 6

tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall describe the process used to develop, in partnership with stakeholders, the CSI plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA-and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school's identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school's identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency's budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the

expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total

allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA.  1. Ensure that those students' difficulties are identified on a timely basis; and
 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.

Comprehensive Support and Improvement

The LEA shall, in partnership with stakeholders (including principals and other school leaders, teachers, and parents), locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceusesinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Display is installed. Buyer shall pay for costs of relocating power lines, or other obstacles, to comply with the laws of Federal, State, or Municipal agencies. The price fixed herein is based on the assumption that installation will be in normal soil. In the event adverse soft conditions or underground obstructions are encountered, the parties agree to adjust the extra installation costs based on Seller's additional cost. The price fixed herein is also based on the assumption that mounting surfaces are conducive to normal installation procedures. In addition, concrete walls and surfaces are assumed to be of normal density. Should adverse conditions exist, such as rebar, hidden steel members, and/or high specification concrete, which impedes drilling of same, then the parties agree to adjust the extra installation costs based on Seller's additional cost.

8) Painting: Upon removal of signs that are attached to building walls, fascias, or other structures, Buyer will, unless otherwise specified, patch all mounting and electrical holes in conjunction with the removal, and spot paint the patch marks with a color that, if specified, is determined by Seller to be reasonably close to the existing color. Because of fading, weathering and possible differences in surface textures, Seller makes no guarantee to match the existing colors exactly. Additionally, there are times when it may be necessary to have entire wall sections or fascia areas repainted to get rid of "shadowing" and ensure color matches. That painting, if required, is to be the sole responsibility of the Buyer.

9) Fabrication of Display; Price Increases for Deferred Fabrication or Delivery: Seller shall commence fabrication of Display promptly following receipt of all permits, licenses and consents specified herein unless the terms of this agreement or instructions from Buyer provide for Seller not to commence fabrication of Display until a later date, occurrence or event. If, for any reason other than fault or neglect of Seller, fabrication shall not be commenced within 90 days from the date of Seller's acceptance of this agreement, or if delivery or tender of Display shall be delayed, deferred or postponed, for any reason other than fault or neglect of Seller, beyond 12 months from the date of such acceptance, then, in any such event, the price of Display specified herein shall be subject to increase, as determined by Seller, on the basis of applicable labor, material and transportation cost increases incurred by Seller subsequent to such acceptance date. Seller shall promptly advise Buyer of any price increase resulting from the provisions of this paragraph.

10) Fabrication Interruptions: If, after fabrication of Display is commenced, Seller shall cease scheduled fabrication at the request of Buyer or by reason of any act or omission of Buyer, then Buyer, in addition to all its other obligations under this agreement, shall be responsible for all of Seller's costs and expenses thereby resulting and for all additional costs and expenses incurred upon recommencement of fabrication, including, without limitation, increased labor and materials costs incurred by Seller in completion of fabrication. Any cessation or extension of scheduled fabrication requested by Buyer shall be in the sole discretion of Seller and shall not relieve Buyer of any of its obligations under this agreement.

11) Indemnification: Buyer shall indemnify Seller against and hold Seller harmless from, all claims, actions, proceedings, costs, damages and liabilities, including attorneys fees, arising out of, connected with, or resulting from the installation and maintenance of said Display which arises from the operations or conduct of Buyer or his agents, the use of any trade names, trademarks, copyrights, or patents utilized in the said Display, or, any disputes with the owner or lien holder of the premises, or any government agency or authority seeking to revoke a permit or license or to enjoin or have the Display declared a nuisance

12) Credit Reference: At Seller's discretion, Seller may request, coincidentally with delivery of this agreement, current financial statements together with financial information and references on forms provided by Seller. Buyer agrees to provide further information promptly upon request by Seller at any time during the term of this agreement, which reflect the financial condition of Buyer's business, not limited to, but including, financial statements for the current accounting period. Buyer further authorizes Seller to obtain TRW, Dunn & Bradstreet or some other similar credit check of Buyer from time to time until Buyer has paid in full for the Display.

13) Warranty: Seller warrants to Buyer that Display (excluding lamps as to which Seller makes no warranty) at the time of delivery or installation, if applicable, will be free from defects of material and workmanship, and will be in accordance with specifications which are a part of this agreement. Seller's sole obligation under these warranties is limited to either at Seller's option, repairing or furnishing a replacement for Display or the parts thereof, which Seller determines to not conform to these warranties, and Buyer's exclusive remedy for breach of any such warranty will be enforcement of such obligation of Seller. Seller's obligations hereunder shall extend only to defects for which Buyer shall have given Seller written notice thereof within 90 days after date of delivery or installation, if

applicable, and shall in no event extend to consequential damages or damages for loss of use of Display. **THE FOREGOING WARRANTIES ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES OF MERCHANTABILITY, FITNESS FOR PARTICULAR PURPOSE, AND OF ANY OTHER TYPE, WHETHER EXPRESS OR IMPLIED.**

Mediation is a process by which parties attempt to resolve a dispute or claim by submitting it to an impartial neutral mediator, who is authorized to facilitate the resolution of the dispute, but who is not empowered to impose a settlement on the parties. subject to discovery in any arbitration or court action, pursuant to Evidence Code Section 1152.5. If any party commences an arbitration or court action based on a dispute or claim to which this paragraph applies, without first attempting to resolve the matter through mediation, then in the discretion of the arbitration(s) or judge, that party shall not be entitled to recover attorney's fees, even if they would otherwise be available to that party in any such arbitration or court action. Any dispute or claim in law or in equity arising out of or relating to this order, which is not settled through a mediation, shall be decided by neutral, binding arbitration and not by court action, except as provided by CA law for judicial review of arbitration proceedings. The arbitration shall be conducted in accordance with the rules of either the American Arbitration Assoc. construction industry rules, or Judicial Arbitration and Mediations Services, Inc./Endispute (J.A.M.S./Endispute). The claimant first filing for arbitration shall make the selection between A.A.A. and J.A.M.S./Endispute rules. 15) Inspection: Buyer shall inspect the Display immediately upon installation, and shall notify Seller in writing of any defects or variances therein. 16) Delivery and Performance: Seller shall commence the construction of Display and prosecute the work thereon with due diligence until the completion. All obligations to be performed by Seller hereunder shall be subject to delay or failure resulting from war, fire, labor disputes, unforeseen commercial delays, acts of God, regulations or restrictions of the Government or public authorities, or other accidents, forces, conditions or circumstances beyond its control. Completion of the Display, ready for installation, shall be deemed equivalent of actual installation in the event that Seller shall be prevented from making the installation by reason of failure or neglect of Buyer to prepare the premises for such installation, as herein provided, or other default on the part of Buyer. Buyer will provide reasonable access to area behind Display, if required to complete installation of it.
