AIMS K-12 E-rate Update

March 7, 2023

Background - What is E-rate

E-Rate: Universal Service Program for Schools and Libraries

The FCC's E-Rate program makes telecommunications and information services more affordable for schools and libraries. With funding from the Universal Service Fund ([fcc.gov/general/universal-service-fund](https://www.fcc.gov/general/universal-service-fund)), E-Rate provides discounts for telecommunications, Internet access, and internal connections to eligible schools and libraries.

The ongoing proliferation of innovative digital learning technologies and the need to connect students, teachers and consumers to jobs, life-long learning, and information have led to a steady rise in demand for bandwidth in schools and libraries. In recent years, the FCC refocused E-Rate from legacy telecommunications services to broadband, with a goal to significantly expand Wi-Fi access. These steps to modernize the program are helping E-Rate keep pace with the need for increased Internet access. (Learn more about modernization of the E-Rate program: [fcc.gov/e-rate-update](https://www.fcc.gov/e-rate-update).)

What benefits are available under the E-Rate program?

Eligible schools and libraries may receive discounts on telecommunications, telecommunications services, and Internet access, as well as internal connections, managed internal broadband services and basic maintenance of internal connections.

Discounts range from 20 to 90 percent and are based on the poverty level of the schools. Rural schools and libraries may also receive a higher discount. Recipients must pay some portion of the service costs.

See the list of eligible services at usac.org/e-rate/applicant-process/before-you-begin/eligible-services-list/.

The AIMS Athletic Department would like to recognize the AIMS HS Lady Eagles Basketball team on placing second in the CIF-Oakland Section, after losing to Oakland Tech in the section championships. The Lady Eagles won their first league championship and advanced to the state playoffs for the first time in school history. This year's Lady Eagles defeated three Oakland public schools (Skyline, Castlemont, and Oakland High) and a 16-win season, both AIMS HS records.

California Classified School Employee Teacher Credentialing Grant Program

California Classified School Employee Teacher Credentialing Grant Program (Round Two) Recipients - AIMS College Prep Charter

General Overview: Grant funding for LEA-based projects that implement a program in partnership with Institutions of Higher Education (IHE) and teacher prep program, that recruits classified employees into a clear pathway that leads them to a BA and teaching credential. Employees in certificated positions with Bachelor's degrees and in need of teaching credentials may also participate.

Partnership: AIMS applied for this grant in partnership with a dual degree and credentialing program: Reach University (Bachelor of Arts Degree Program) and Alternatives in Action (Internship Credential Program). The rationale for partnering with Reach University/Alternatives in Action is a belief that our educators will have consistent access to Financial Aid information and support, clear program timelines, and accurate credential and program advising to earn their teaching credentials.

Award: The lead LEA for disbursement of the \$115,200 funds to serve 24 classified and non-credentialed teachers in American Indian Public Charter School II. \$4,800 in funding per academic year will be disbursed per employee, and dedicated entirely to supporting costs related to Bachelor's Degree and Intern Programs. The allocation can be disbursed for three years of program support.

Drawdown Wire Setup Request BOA2

A drawdown wire (also known as a Reverse Wire or a Fedwire 1031 Drawdown) is a convenient way for you to fund your payroll. Drawdown wires remove the burden from you of contacting your bank each payroll date to send us at Paycom a wire transfer.

Paycom does the work for you! The drawdown wire provides us the ability to request the wire directly from your account on the date it is due.

The drawdown wire process typically requires you to sign an agreement with your bank authorizing Paycom to request the wire transfer. This agreement is usually known as a *Drawdown Wire Agreement*, but your bank may have an alternate name for it.

To make it even more convenient, some banks allow you to pre-approve the drawdown wire requests in advance so that they do not have to stop and contact you for approval each time. Paycom highly recommends this option and suggests you ask your banker about it. We have found that clients who pre-approve their drawdown wires in advance have a reduction in delays, encounter fewer problems, and spend less time hassling with funding their payroll.

We have provided you a sample letter on the next page that will help you get this process started with your bank.

- **Step 1** – Complete the fields on page 2 of this form with your banking information (the account you want to use to fund your payroll).
- **Step 2** – Provide your bank with this form and ask them to provide you with the proper bank agreements necessary to set up a drawdown wire agreement. Send this letter to either your bank's Wire Department or your Treasury/Cash Management Officer; it is likely other areas of your bank will not be familiar with this type of service request.
- **Step 3** – Complete, sign, and return your bank's drawdown wire agreement to your bank representative and ask them for confirmation that it has been set up correctly. Bank may provide Paycom with a letter or email of confirmation. Acknowledgment that this has been completed must be selected on the form. This section is located on the bottom of the Drawdown Wire Setup Request form.
- **Step 4** – Forward to your Paycom Specialist two (2) documents:
 - A copy of the completed and signed form (page 2 of this document).
 - A copy of your bank's completed and signed drawdown wire agreement (or confirmation from your bank by letter or email stating that the drawdown agreement is in place).

We will take care of the rest!

Thank you!

AIMS Board Meeting Item Cover Letter

March 7, 2023

Item: Adoption of Board Policy 5123- Promotion/Retention

Submitted by: Deborah Woods, Director of Special Education

Purpose: For board consideration

Staff Recommendation: Adoption of Policy 5123-Promotion/Retention

Background: AIMS' academic standard requires students to maintain grades at or above C- to remain in good standing. When students are unable to meet this standard, even after participation in remedial instruction, retention in their present grade level is recommended. Presently, there is no language addressing or supporting the decision to retain students.

Current Language:

Board Policy 5123 is being introduced.

Proposed Language:

“The local education agency (LEA) governing board expects students to progress through each grade level within one school year. Toward this end, instruction shall be designed to accommodate the variety of ways that students learn and provide strategies for addressing academic deficiencies as needed. Students shall progress through the grade levels by demonstrating growth in learning and meeting grade-level standards of expected student achievement.

Promotion

When high academic achievement is evident, the teacher may recommend a student for acceleration to a higher grade level. The student's maturity level shall be taken into consideration in making a determination to accelerate a student.

Retention

Teachers shall identify students who should be retained or who are at risk of being retained at their current grade level as early as possible in the school year and as early in their school careers

as practicable. Such students shall be identified at the following grade levels:

1. Between grades 2 and 3
2. Between grades 3 and 4
3. Between grades 4 and 5
4. Between the end of the intermediate grades and the beginning of the middle school grades
5. Between the end of the middle school grades and the beginning of the high school grades

Students shall be identified for retention on the basis of failure to meet minimum levels of proficiency, as indicated by grades and the following additional indicators of academic achievement (applicable tests depend on assessments given at each grade level):

District Created Benchmarks using Illuminate
 Smarter Balanced Assessment
 California Assessment of Student Performance and Progress
 Student Work/Portfolios
 Scholastic Reading Inventory
 Math Inventory
 Attendance

Students between grades 2 and 3 and grades 3 and 4 shall be identified primarily on the basis of their level of proficiency in reading. Proficiency in reading, English language arts, and mathematics shall be the basis for identifying students between grades 4 and 5, between intermediate and middle school grades, and between middle school grades and high school grades. If a student does not have a single regular classroom teacher, the Superintendent or designee shall specify the teacher(s) responsible for the decision to promote or retain the student.

The teacher's decision to promote or retain a student may be appealed. The Superintendent or designee shall establish an appeals process for the LEA.

When a student is recommended for retention or is identified as being at risk for retention, the Superintendent or designee shall offer an appropriate program of remedial instruction to assist the student in meeting grade-level expectations.

Special Education Students

The Superintendent or designee shall ensure that with regards to special education students, the determination as to the appropriate standards for promotion or retention should be made as part of the IEP process.

AIMS Board Meeting Item Cover Letter

March 7, 2023

Item: Adoption of Board Policy - Independent Education Evaluation

Submitted by: Deborah Woods, Director of Special Education

Purpose: For board consideration

Staff Recommendation: Adoption of Policy - Independent Education Evaluation

Background: This policy is to set forth the circumstances and steps under which the parents of a child with or suspected to have a disability are entitled to an independent education evaluation (IEE) at public expense for their child.

Current Language:

Board Policy is being introduced.

Proposed Language:

“IEE at Parent Expense

The local education agency (LEA) governing board acknowledges that a parent/guardian has the right to obtain an independent educational evaluation (IEE) at their own expense at any time. In these circumstances, the Superintendent or designee(s) shall ensure that the student’s independent education plan (IEP) team shall consider the results of the IEE when determining an offer of a free appropriate public education (FAPE) for the student. However, the results of an IEE will not dictate the IEP team’s determinations.

If a parent/guardian requests reimbursement for an IEE assessment obtained by the parent/guardian at their own expense, the Superintendent or designee(s) shall ensure that the unilaterally obtained IEE meets the LEA criteria discussed in this policy.

IEE at Public Expense

The local education agency (LEA) governing board recognizes that federal and state laws provide parents/guardians of students with disabilities with the right to obtain an IEE, at public

expense, when the parent/guardian disagrees with an assessment conducted by the LEA within the last two years.

The Superintendent or designee(s) shall ensure that when a parent/guardian requests an IEE at public expense the LEA/district shall provide the parent/guardian with a copy of their Procedural Safeguards *and* either:

- I. Initiate a due process hearing to show that the evaluation, completed by the LEA/district, is appropriate; or
- II. Provide the parent/guardian with information about where an IEE may be obtained, the LEA's criteria applicable for IEEs, and ensure that an IEE is provided at public expense.

In instances in which the LEA is granting the parent's request for an IEE, the Superintendent or designee(s) shall ensure the following:

1. The criteria under which the IEE is obtained at public expense, including the location of the evaluation and the qualifications of the examiner, must be the same as the criteria that the LEA uses when it initiates an evaluation.
2. The LEA does not impose conditions or timelines related to obtaining an IEE at public expense.
3. All assessments shall be completed by persons competent to perform the assessment as determined by the LEA.
4. The IEE shall be administered by an evaluator who holds equivalent certifications, licenses, or other qualifications that would be required of the LEA staff to provide similar evaluations.
5. A parent/guardian shall have the opportunity to demonstrate that unique circumstances justify a waiver of any of the criteria listed above as defined by the LEA.

IEE Cost Determination

The cost determination for an IEE shall be comparable to the costs incurred by the LEA when it uses its own employees or contractors to complete an assessment, whenever possible. As a result, the Superintendent or designee(s) shall provide a parent/guardian with a recommended cost ceiling. The cost ceiling shall be updated once every three years and determined by averaging the cost of the following three assessors:

- I. The cost of an assessment provided by a LEA employee;
- II. The cost of an assessment provided by a neighboring LEA; and

- III. The cost of an assessment provided by a private service provider, with appropriate qualifications, within 40 miles from the LEA.

The Superintendent or designee(s) shall ensure a parent/guardian may demonstrate that unique circumstances, related to the student's educational need(s), justify a financial waiver of any of the cost ceiling as defined by the LEA.

The Superintendent or designee(s) shall request that the parent/guardian voluntarily have their private health insurance pay the costs of the IEE if covered by their insurance. However, the LEA governing board recognizes that federal and state laws specify that parents/guardians are not required to have private insurance cover the costs of an IEE if the process would result in a financial cost to the parent/guardian including but not limited to:

- I. A decrease in available lifetime coverage or any other benefit under an insurance policy;
- II. An increase in premiums or the discontinuance of the policy; or
- III. An out-of-pocket expense such as payment of a deductible amount incurred in filing a claim."

Revenues

AIMS K12 is primarily funded by State and Federal revenues. AIMS receives 89% of its revenue from State resources, 9% from Federal Resources and 2% of revenues are based on grants and/or local revenues. Below is a list of funding programs in which AIMS K-12 has received.

EXPIRED PROGRAMS

COVID RESPONSE FUNDING:

SSO Grant:

On September 17, 2020 AIMS K12 was approved to participate in the SSO Food program and will continue through the 2021-2022 fiscal year. This program was designed to ensure that students and families were provided with meals during the pandemic. The State funded program, reimburses full cost of meals AIMS K12 distributes to its students and surrounding community. The program differs from the NSLP program as it does not require the same level of record maintenance for reimbursement as this program tracks the meals distributed not the child it is distributed to. The language also allows AIMS to provide meals for any community member under the age of 18. The program allows for full reimbursement of cost.

ESSER I: ESSER funding was initially outlined in the 2020-21 Governor's budget. The funds were provided to California through the Federal Coronavirus Aid Relief and Economic Security Act (CARES) and allocated in the Governor's ESSER budget for schools. ESSER funds are available for expensing until 9/30/2022. These funds are meant to assist schools in preparing for distance or hybrid learning. AIMS approved the application for the ESSER funds during the August 18, 2020 Board Meeting. The total State budget is 1.65B of which AIMS K12 received \$304,843 in 2020-2021. These funds will be completely expended in the 2021-2022 school year.

ESSER II: California Department of Education has released the new allocations for the second round of ESSER funds in which AIMS K12 has received an additional \$1,260,266. The funds are available for use beginning 2020-2021 through the 2021-2022 school year. AIMS began to expense in the 2020-2021 fiscal year and the remaining funds are allocated in the current fiscal year. These funds will be fully expended by June 30, 2022.

ELO Grants shall be expended only for any of the following purposes: extending instructional learning time, accelerating progress to close learning gaps, integrated pupil supports, community learning hubs, supports for credit deficient pupils, additional academic services, and training for school staff. An additional requirement of the use of funds, is to allocate 10% of the LCFF portion of the grant to hire/rehire paraprofessionals to provide supplemental education. AIMS K-12 ELO Grant Plans were presented and approved by the Board of Trustees in May 2021 and submitted to the State and OUSD prior to the June 1, 2021 deadline. EXPANDED LEARNING OPPORTUNITY PROGRAM (ELOP)

The intent of the Expanded Learning Opportunities (ELO) Program is to supplement and not supplant services provided under existing ASES and 21st CCLC Elementary/Middle School programs. However, there is shared understanding that LEAs will need to build capacity this first operational year. In addition, ASES, 21st CCLC Elementary/Middle School, and the ELO Program should be considered a single, comprehensive program.

In coordinating all these funding streams to move towards a single program, the expectation is that the most stringent requirements will be adopted for program guidance.

The funding was provided during the 2021-2022 fiscal year, the midyear allocation disbursement has eased the plan requirements for the mandates of funding. The Board Approved plan for the use of funding is not due to the state until June 2022. Funding was received in 2021-2022.

PRE-K GRANT (Planning Year)

The California Pre-kindergarten Planning and Implementation Grant Program was established as a state initiative with the goal of expanding access to classroom-based prekindergarten program at LEAs and planning for the increased number of teachers needed to fully implement Universal Prekindergarten. American Indian Public Charter II (AIPCS II) was the only school within AIMS K-12 District to qualify for the funding. Funding was received in 2021-2022.

In 2021-2022 AIMS partnered with Oakland Unified School District to provide the Special Education services for their students. For the 2022-2023, AIMS K-12 began a partnership with the Eldorado Charter SELPA in the 2022-2023 school year. This required the staff and program to be built at the site level and reduced the cost to pay OUSD.

During 1st Interim OUSD has requested a payment for the separating from the SEPLA program and though for the 2022-2023 school year, AIMS K-12 still participates in the El Dorado SELPA, a payment of 1.0M has been reflected in the budget to compensate OUSD request. For the 2023-2024 school year the final payment to OUSD for 1.5 million has been reflected in the multi-year report.
