III. Information

A. Executive Director Memo

The Executive Director memo covered several key operational areas:

Safety and Emergency Procedures

- Fire drills conducted monthly with quarterly earthquake and lockdown drills scheduled for October
- Safety survey completed with low participation but positive feedback on safety standards

Teaching and Learning

- Both heads of school recruiting for Student Study Teams (SSTs) to kickstart the MTSS process

- Dr. Irene St. Roseman joining as new Director of Teaching and Learning

Business and Finance

- Opportunities for new state and federal funding being pursued
- Board budget workshop planning for transparency and collaboration

Enrollment

- Currently 80 students below goal but financially stable due to budget reductions of over \$1 million
- Preliminary plans for increasing general and Latinx population enrollment
- Twice-weekly information sessions for prospective families
- Outreach at community events like Dia de los Muertos

Staffing and HR

- Most vacant positions filled, remaining vacancies primarily instructional
- Focus on hiring credentialed teachers to meet MOU deadline of 48% credentialed and properly assigned by February

Culture and Climate

- Professional development day planned with staff celebration at the Plank in Jack London Square
- Focus on inclusion, belonging, and strong community culture

The memo also addressed facilities issues including HVAC system repairs and security measures for the garage area.

B. MOU Update

Based on the meeting discussion, AIMS must meet several specific MOU deadlines:

February 2025

- Achieve 48% credentialed and properly assigned teachers

December 2024 and February 2025

- Various compliance metrics with extended deadlines (specific details not fully specified in the meeting)

Ongoing Requirements

- Monthly submission of updated compliance reports to ACOE
- Resubmission of July and August reports with revised data
- Quarterly cycles for team implementation plans (next cycle ends October 24th)

The Executive Director reported that AIMS is "on track" with most metrics, though many items are rated as orange and yellow on their accountability tool because deadlines haven't been reached yet. The organization reduced teaching positions from 41 to 39 at AIPCS2 to help improve their credentialing percentage and meet the February deadline. ACOE and their consulting partner WestEd are working with AIMS to ensure compliance, and they've requested that AIMS revise and resubmit all materials from July and August while maintaining current compliance with September and October requirements.

C. Governance Work Plan

The governance work plan discussed was a **Board-Led Community Engagement Framework** developed by Director Hinton and Vice President Keene. The framework is designed to help the board set 3-5 year board goals by first engaging with the community to understand their vision and values for AIMS.

Timeline and Process:

- **Fall/Winter (October-December 2024):** Board members will pair up to facilitate focus groups with different community segments
- **January 2025:** First synthesis conversation and LCAP updates
- **February 2025:** Re-engage community with draft vision and values
- **March 2025:** Adopt final vision and values, then move into setting 3-5 year goals

Target Groups for Engagement:

- Special education families
- English learner families
- Latino families
- AIMS Parent Union leaders
- Community partners (Latino CBOs, Asian Pacific Islander organizations, Black and African Diaspora CBOs, Chambers of Commerce)

Board Member Participation:

Each board member is expected to participate in **two community engagement focus groups** during the fall. The framework requires developing protocols and data collection methods by the end of October.

Outcome:

The community input will help the board articulate a clear organizational vision and adopt values that reflect the diverse AIMS community, which will then inform the board's strategic 3-5 year goals.

IV. Action Items

A. AIMS Way Plan Ratification

- K. Kean made a motion to Approve.
- M. Sweet seconded the motion.

The topic focused on the implementation of the AIMS way plan, which involves organizing teams to achieve student-focused SMART goals through short-term cycles of inquiry. The discussion highlighted examples of team plans, including instructionally focused teams, central office teams, and an outreach team, with each team setting measurable goals and theories of action. The next steps include concluding the first cycle of inquiry and preparing for the second cycle, with a board presentation planned for future meetings to showcase progress and learning. Additionally, the board discussed a proposed budget workshop to clarify roles, responsibilities, and processes within the finance department, with an emphasis on aligning resources with student outcomes. The board **VOTED** to approve the motion.

B. Board Budget Workshop Proposal

J. Hinton made a motion to Approve.

S. Leung seconded the motion.

The board budget workshop proposal was presented by the Executive Director and Director Hinton and focused on creating a more transparent and collaborative budget process. Here are the key details:

Purpose:

- Increase board transparency and involvement in the budget development process
- Provide deeper understanding of AIMS' financial operations and decision-making

Proposed Timeline:

- **Early November 2024** - Workshop to be scheduled and conducted
- The Board Secretary was tasked with working with board members to coordinate scheduling

Workshop Goals:

- Give board members hands-on experience with budget development
- Enhance board oversight and financial literacy
- Improve collaborative decision-making between board and administration
- Ensure board members understand the financial implications of operational decisions

Context:

This proposal came as part of the Executive Director's collaboration with Director Hinton memo discussing business and finance matters, where they mentioned pursuing new state and federal funding opportunities and noted that while enrollment is 80 students below goal, AIMS remains financially stable due to over \$1 million in budget reductions. The workshop represents an effort to strengthen governance practices and ensure board members are well-equipped to make informed financial decisions for the organization. The board **VOTED** to approve the motion.

C.

Conflict of Interest Policy

M. Sweet made a motion to Approve.

S. Leung seconded the motion.

Tiffany Lascado made a motion to approve

The board **VOTED** to approve the motion.

D. Nomination of New Board Director

K. Kean made a motion to Approve.

S. Leung seconded the motion.

Nominee: Tiffany Lascado was presented for nomination to fill a vacant board position.

Process: The nomination was brought forward as part of the formal board business, likely following their established procedures for board recruitment and vetting.

Board Action: The nomination was approved by the board members present at the meeting.

Context: This nomination comes at a significant time for the board, as they also announced that the current Board President is resigning from their position. The addition of a new board member will help maintain board capacity as they work through several important initiatives including:

- The community engagement framework
- Budget workshop planning
- MOU compliance deadlines
- Implementation of the AIMS plan

Next Steps: The newly nominated board member will presumably be sworn in and begin participating in upcoming board activities, including the planned community engagement focus groups where each board member is expected to facilitate two sessions during the fall.

The timing of this appointment helps ensure the board maintains adequate membership to handle their governance responsibilities during this transitional period.

The board **VOTED** to approve the motion.

VI. Non-Action Items

A. Complaints Update

The complaints update was provided by Director Tung and covered the following:

Current Status:

- Director Tung reported on recent complaints that have been filed and processed
- The complaints appear to involve various operational and educational matters at AIMS

Board Action Required:

- **Director Tung was tasked with providing redacted complaint reports to all board members** - this ensures board oversight while protecting confidential information
- The redacted reports will allow board members to understand complaint patterns and resolution processes without compromising privacy

Process Improvements:

- The update was part of ongoing efforts to improve complaint handling processes at AIMS
- This represents enhanced transparency and board governance around complaint management

Context:

This complaints update comes as AIMS is working to strengthen its operations across multiple areas, including meeting MOU compliance deadlines and improving community relations. Proper complaint handling and board oversight of these processes is crucial for organizational accountability.

Next Steps:

- Director Tung will prepare and distribute the redacted complaint reports to board members
- This will enable better board oversight of complaint resolution and help identify any systemic issues that need addressing

The complaints update reflects AIMS' commitment to transparency and proper governance procedures around sensitive operational matters.

AIMS 30th Anniversary Mural Project

Honoring 30 Years of Learning, Leadership & Unity

Presented by: Suzen Chu, Director of Marketing & Communications
Cabinet Meeting – Oct 21, 2025

Purpose

Goal:

- To propose a community-led mural at 171 12th Street, Oakland, as the centerpiece of AIMS's 30th Anniversary celebration.

Objectives:

- Celebrate AIMS's 30-year legacy of excellence and diversity.
- Strengthen school identity and neighborhood pride.
- Engage students, families, and partners in collaborative art.
- Culminate with a Ribbon-Cutting Ceremony as the highlight event.

Our Story: 30 Years of AIMS

- Founded in 1996 as American Indian Public Charter School, focused on improving Native American student outcomes.
- Early programs celebrated Native culture through bead-making and drumming.
- Refocused on academic achievement, expanded to AIPCS II (K–8) and AIMS High School, creating a complete K–12 system.
- Now one of Oakland's top-performing charter districts, proudly serving Asian, Black, and Latino students.

The mural will tell this story — from our roots to our rise.

Executive Director Memo for Board Meeting – 11-18-2025

Dear Board Colleagues,

As we near the end of the first semester, we continue to make meaningful progress toward stabilizing and aligning our systems, culture, and accountability frameworks across the organization. This memo outlines key updates from all departments. Please review closely and bring your questions and insights to the meeting so we can continue making informed, mission-aligned decisions together.

MOU & LCAP Compliance

We remain in good standing in our collaboration efforts with ACOE. We conducted our second collaborative compliance session with ACOE's Chief of Accountability, Juwen Lam, WestEd consultant Christine Han, and the AIMS Compliance Leadership Team. In that session, we decided to use a more efficient submission and review workflow for MOU Schedule D items, including clearer protocols for version control and feedback.

We remain on track to meet the MOU benchmark of 48% properly assigned and credentialed teachers at AIPCS II by February 2026. Induction and mentoring structures are actively supporting our credentialing pathways.

A third collaborative session is scheduled for November 19, where we will finalize the proposed system. More details will be shared in the MOU Status update agenda item.

Safety & Emergency Preparedness

All fire drills have been conducted successfully and on schedule. Evacuation times are improving, and safety teams have begun preparing for the annual Comprehensive School Safety Plan (CSSP) review and update, which will be submitted for Board approval and to our authorizers by early 2026.

Morning and afternoon traffic procedures have been refined, especially at Grand Avenue, where additional signage and staff presence have improved flow and reduced student safety risks.

Teaching & Learning

Our new Director of Teaching & Learning, Dr. Irene St. Roseman, has made immediate and strategic contributions in her first month. Below is a summary of her work:

- PBIS & MTSS Alignment:** In preparation for the late-November PBIS boost, we are building site-level Tier 1 implementation plans that integrate with Deans' work and student support structures. A unified MTSS framework is under design, connecting academic, behavioral, and SEL supports with clearly defined progress-monitoring protocols.
- Cycle of Inquiry & Data Use:** Teachers are launching their annual Cycle of Inquiry with coaching support from Wes Jacques. Dr. St. Roseman has conducted baseline classroom walkthroughs for all K–8 teachers, identifying strengths and areas for PD, including differentiation, ELD, and SPED strategies.

- **SST System Modernization:** We are developing an electronic platform for SST referrals, documentation, and progress monitoring. This will increase consistency and communication across all school sites.

A full Tier 1 PBIS launch, operationalized MTSS documentation, and teacher collaboration protocols are expected to be in place by early December.

Enrollment Updates & Budget Implications

Following Census Day on October 1st, it has become clear that enrollment across AIMS is significantly lower than anticipated. Our current verified enrollment stands at 1,039 students, well below our target of 1,200. This represents a shortfall of 161 students, which equates to a substantial decrease in projected revenue due to California’s funding model being directly tied to both enrollment and Average Daily Attendance (ADA).

Much of this decline stemmed from challenges in securing withdrawal paperwork from “no-show” students, families who enrolled but never attended and could not be officially withdrawn without confirmation. These unresolved cases initially obscured the true enrollment count and delayed our financial forecasting.

As part of our response, Julia Li, Director of Enrollment, will present a comprehensive Enrollment & Recruitment Plan later in the meeting. Her presentation will provide greater detail about current outreach efforts, retention strategies, and plans for rebuilding enrollment pipelines through deeper community engagement.

Additionally, I will present proposed adjustments to the FY2025–26 budget based on these revised enrollment figures. These adjustments were previewed during the November 12th Special Board Meeting (Closed Session) and are now ready for public review and approval. Every effort has been made to protect classrooms, minimize the impact on students and instructional staff, and uphold the commitments outlined in our MOU and LCAP.

October 24 All-Staff PD Recap

Our October 24th Professional Development Day was a success. Staff participated in:

- Morning updates on MOU, LCAP, and AIMS Way strategic frameworks
- A Cycle 1 reflection and Cycle 2 launch
- Site-based planning in the afternoon
- A joyful staff celebration at The Plank to strengthen our culture of collaboration and foster belonging and cohesion

This session reinforced alignment and lifted morale amid a challenging but hopeful season.

Closing

Our challenges are real, but so is our progress.

We are not only complying with expectations but building systems that promote trust, transparency, and interdependence. By facing tough truths, embracing collaboration, and holding fast to our mission, we are creating the foundation for long-term success.

Thank you for your wisdom, engagement, and continued partnership in this critical work.

In partnership,
Marco Menéndez
Interim Executive Director

Causes & Lessons Learned

Hindsight: What We Could Have Done Differently

- Some parents were unaware that we would remain open for the 2025–26 school year.
→ *We should have called every family after June 10, 2025.*
- Parent concerns about student safety in middle school impacted re-enrollment.
→ *We need to communicate new leadership and updated safety procedures for 2025–26.*
- The school year began with many substitute teachers, delaying accurate attendance and “no-show” reporting.
→ *Assign staff to support substitutes in taking attendance promptly.*
- Overall decline in enrollment across Oakland affected numbers.
→ *Expand outreach efforts to neighboring cities and communities.*

Board Proposal: Rename “Thanksgiving Break” to “Harvest Break”

Requested Action

Approve an amendment to AIMS K–12 school calendars, renaming “**Thanksgiving Break**” as “**Harvest Break**.” *Dates, duration, and operations remain unchanged.*

Purpose

Adopt inclusive, culturally sensitive calendar language that reflects gratitude for the harvest while preserving the existing schedule.

Rationale

- **Cultural Inclusivity:** “Harvest” is a universal theme across cultures.
- **Historical Sensitivity:** Moves away from the Thanksgiving narrative, which many Native Americans view as a painful reminder of colonization.
- **Alignment with Mission:** Reflects AIMS’s commitment to respect, belonging, and critical thinking.
- **Founding Context:** As **American Indian Model Schools**, AIMS upholds respect for Native and Indigenous perspectives.

Proposal Details

- **Label Change:** “Thanksgiving Break” → “Harvest Break”
- **Dates/Duration:** No change
- **Applicability:** All AIMS K–12 schools
- **Systems:** Update SIS, calendars, website, handbooks, and communications

Impact

- **Instructional / Operational:** No impact (label change only)
- **Fiscal:** Minimal—minor updates to materials
- **Equity:** Centers on an inclusive, secular theme and honors AIMS’s roots

Implementation

- **Week 0:** Update calendars, systems, and website
- **Week 1:** Family/staff notices in multiple languages.
- Optional classroom lessons on global harvest traditions

Key Message:

Dates do not change—only the name does. “Harvest Break” celebrates gratitude and inclusion.

Recommendation

Approve renaming “**Thanksgiving Break**” to “**Harvest Break**” across all AIMS K–12 calendars and direct staff to update related systems and communications.
