# AIMS K-12 College Prep Charter District Educational Continuity Preparedness Plan

AIMS Mission is one of academic excellence for all students. This plan outlines the way in which we bring this mission to life and demonstrates our commitment to excellence.

In response to the shift in educational modality given the Covid 19 Quarantine, we have created the “Educational Continuity Preparedness Plan”. This plan will also be used in the event of any other disruption to traditional classrooms learning District-wide. The plan provides guidance to ensure we can involve students in relevant and engaging learning that fosters creativity and imagination, and that helps students gain and retain skills that are grade-level appropriate. Designing systems that provide meaningful engagement in the learning process through both virtual and non-virtual resources enables AIMS to ensure student learning is continuous and ongoing outside of the four walls of a classroom.

AIMS is prepared for a number of closure scenarios. Please refer to the chart below to explore each plan.

<b>Plan</b>	<b>Description</b>
<b>Level I</b> Foundational Preparedness	Initial assessments of preparedness in the event of classroom cancellations.
<b>Level II</b> Short Term Preparedness	In the event of a two to three-week district closure, the plan of continued learning for students to access learning activities both digitally amid non-digitally. These activities will reinforce the current grade-level skills.
<b>Level III</b> Long Term Preparedness	In the event of a one-month or longer district closure, the plan of continued learning for students to access learning activities both digitally and non-digitally. These activities will shift from the maintenance of concepts (review) to continued and expanded learning.
