

## **AIMS MS PowerSchool User Conference Proposal**

The PowerSchool User Conference is an event hosted for PowerSchool users from districts all over the United States. The conference boasts over 100 sessions for attendees to provide real-world experience and tools for PowerSchool users. One of the unique features of this conference is its ability to provide training for a variety of team members amongst our staff. The PSUG will provide informative sessions for administrators, counselors, registrars, database administrators, and administrative assistants.

Specifically, our team plans to attend all-day training in the areas of mandated reporting, PowerScheduler, course management, attendance and attendance reports, transcripts, report cards, and other custom reports, creating SQL reports, data access codes and tags, Excel, GPA, honor roll, class rank, promotion & retention planner, PowerTeacher Pro Gradebook training just to name a few. Our team will also have 1-1 sessions with professionals for additional support. By attending this training our team will gain a new level of knowledge and skill of the PowerSchool platform. The opportunity to gain this knowledge for software that plays such an important role in processing student data and supporting our families will undoubtedly allow our team to be even more efficient and operate with excellence.

The conference is 5 day-training. Breakfast and lunch are provided. Four members of our team will **attend the out-of-state conference.**
