Proposed Expenditures

Guidelines

1. In the following sections, please discuss your team's plan to address the goals of G1:
 - a. Increase access to courses in arts, music, and world languages in grades 6-8.
 - b. Improve student retention during the transition from elementary to middle school.
 - c. Create a more positive and safe middle school learning environment.
2. Please explain how you plan to use the Measure G1 funds to meet the goals, as measured in the METRICS section of this proposal.
3. Add additional lines as needed.
4. The total of all items should equal the amount listed in "Recommended Grant Amount" on page 1
5. Expenditures must supplement, not supplant expenditures made from other funding sources. In other words, Measure G1 funds must be used for new expenditures, expenditures already funded from Measure G1, expenditures previously paid for by a funding source that has ended, or to pay for an expenditure that would have been cut, were it not for Measure G1 funds.

young minds, that inspire, and influence well into adulthood. Experiences that some of our students may otherwise never have. Our students will be provided opportunities to explore museums, galleries, mural spaces, theatre, and artistic music venues. We plan to host artistic organizations to cater to students and communities. We would use funds to cover the costs of ticket admission, any associated entrance fees, and transportation to field trips.			
World Language Curriculum and Online Resources At AIMS we teach our students both Mandarin and Spanish. This year we plan to build our program by purchasing Spanish curriculum, books, and workbooks. We will utilize the education platform Storyworld International for supplemental support in our language classes.	230	0	\$4,458.58

Proposed Expenditures for Positive & Safe Culture		
Description of Proposed Expenditures	Which metric will this investment impact - chronic absence, suspensions, CHKS survey results, or another metric named by the site?	Budget Amount
PBIS Platform We have found success in creating positive school culture by using the PBIS platform and it's resources. These funds will cover the cost of student licenses.	Chronic absence, suspensions	\$1225.00
PBIS Incentives & Rewards Our entire estimated enrollment of 230 students will participate in PBIS. We anticipate fewer behavioral concerns and an increase in positive school culture. A decrease in negative behavior can increase emotional and physical safety on the school campus. In decreasing less than ideal behavior of students in classrooms we anticipate an increase in academic learning and achievement,	Chronic absence, suspensions	\$3000.00

creating a safe learning environment for all AIMS students		
PBIS Events Over the past 2-3 years we've seen the benefits of using PBIS. We've facilitated several events that engaged students and families. We've also seen positive results with using PBIS in classrooms. By providing incentives for positive behavior teachers saw a decrease in student misbehavior and an increase in compliance to school rules and an increase of positive school spirit. PBIS incentives include small tokens with school branding or grade-level events.	Chronic absence, suspensions	\$3000.00
Positive School Culture Contractor AIMS is a melting pot of culture filled with students with roots from all over the globe. We aim to educate our students and provide representation on our campus by contracting local student empowerment organizations. Our students will benefit from concentrated and engaging support.	Chronic absence, suspensions	\$5000.00
