B. Finance Committee Report

****(CHANGE TO ATTACHMENT AS NOTED IN ADOPTION OF AGENDA)***

Finance Committee - Report from the Finance Chairman

Today we discussed the application for a loan from East West Bank. It is apparent that our best chance for getting a loan is when we have the ability to repay the loan in comparison to other borrowers.

Our rationale for applying for and accepting the loan was based on the information we had at the time of application. Most of the information was obtained through the posted documentation and direct conversations or presentations from our lender and the loan program office. This is not speculation, instead, we are looking at the results in China and basing our strategy on successful implementation in China adapted for our local

regulations and customs. We believe our submitted documents provided our external back office provider for accounting and payroll services to be accurate and fulfill the request of the bank.

Current economic uncertainty extends through the 8 week time frame and beyond. It includes but is not limited to the following: Significant reduction in school attendance or some other factor which delays or reduces revenues. The expected decrease in our ability to raise future revenues from our external donors as the trajectory was determined by our Open House on {date}

The expected decrease in future grant funding which drive our key programs such as ESL, After School program, Saturday school, Summer Program, Food Program.

Additionally, we expect the following expenses to increase: Employee reimbursements for communication devices and online access Loss on International cruise Additional hardware needed to access online coursework. Additional expenses tracked in a separate GL account. While we do not have many alternative funding sources, we depend on the contributions of generosity and goodwill on the part of our vendors, authorizer, and members of the community for the continued success of AIMS.
