Re: Human Resources Update

Below you will find information on the projects, activities, and tasks that have been occupying the HR office in recent months.

Recruitment & Hiring

Navigator Schools currently has (136) positions filled and (3) positions that are temporarily vacant (GPS: .4 FTE Speech Pathologist, HPS: 1 FTE Paraprofessional, both sites: .5 FTE School Psychologist).

Insurance & Benefits

Navigator Schools has successfully completed the Open Enrollment process for the 2018-2019 school year. This year, 101 full time employees are participating in Navigator's benefits programs.

Mandatory Trainings

Each year, all Navigator employees are required to participate in (3) or (4) mandatory trainings. All staff take the following: Mandated Reporter, Drug Free Workplace, First Aid. All staff who are supervisors take the following: Sexual Harassment: Policy and Prevention. Trainings were assigned on August 15 and employees were given a 3-4 week window to complete the trainings.

School Site Support

I have had the opportunity to collaborate with and support our current leadership and site teams in the following ways: 'practicing' for difficult conversations, proper documentation regarding performance or professionalism concerns, maternity and other leave inquiries, compensation, student discipline, job descriptions, roles and responsibilities, and other areas that either connect with my current role or my previous school site experience.

Professional Development

As it is always important to remain compliant with laws and up to date on HR practices, Rosy and I have attended several workshops, seminars, and webinars regarding HR practices, labor and leave laws, STRS, and compensation.

Communication Culture

Kirsten Carr and I presented Communication Culture modules to all staff before the school year started (during Navi 101 and 201) to both instructional and non-instructional staff. The modules focus on building trust, being accountable for yourself, entering into a conversation seeking to understand the other individual, and successfully implementing difficult conversations. In addition, Kirsten and Melissa are collaborating with Principals Crystal Toriumi, Debbie Benitez, and Andi Hernandez to develop and implement a year-long communication professional development plan. The professional development will include pre-planned topics, and also leave space for differentiation and flexibility within the plan. This collaborative

endeavor will ensure that the professional development meets the needs of site staff and addresses issues that arise during the year.

Priorities

I have collaborated with Sharon Waller and Jessie Hill around the SEL priority in regards to the adults in our organization. Infusing SEL verbiage into huddles, meetings, and communication professional development are some first steps that will support SEL knowledge and practices to become a 'natural' element at Navigator Schools.

Tour Season is Upon Us

As veteran Navis know, we often receive interest from other educators and organizations looking to learn from our best practices. We enter these tours on the site staff calendars but I will also try to use these bi-weekly updates to keep you informed of upcoming tours. Thank you, in advance, for always being so open and welcoming to our tour participants.

Upcoming tours:

September 17th – Calaveras School - HPS

County Supervisor Robert Rivas – GPS

September 24th – Adrian Breckel – Teach for America – GPS

September 27 - Healdsburg Unified School District – HPS

WPS – the countdown to state! Many of you have asked how you can be involved in the next steps to opening WPS and we really appreciate your support! We will be holding WPS update meetings early next month and will be sure to let you know the details. Thank you all for your continued support.

Alumni Outreach – while it is hard to believe our first graduating class are now 9th graders, ready to tackle the world, it is true! Several of our Gators come back often to let us know how it is going and what they wish they had known or miss. We are working on a more formal alumni outreach activities so be sure to check back for opportunities to get involved.

Re: Academic Update

The year has started off with a roar! We have launched our three priorities in a positive manner with our clearest focus yet at the beginning of a school year. Below are key activities supporting the Site Leader and Math priorities.

Site Leader Development Priority

- Eight leaders are attending RELAY Graduate School of Education Instructional Leadership Program this year
- Four leaders are attending Innovate Public Schools Start-Up Fellowship
- Navigator has trained site leadership staff in the following areas
 - Observation and Feedback
 - Three-way coaching
 - Live Coaching
 - Leading a Data Driven Instructional cycle
 - Leading Effective Meetings
 - Running School Walkthroughs
 - Developing a strong school culture
- www.navilearning.org now has live leadership development content for leaders

Math

- Navigator has developed Visions of Excellence for:
 - Concrete, Representational and Abstract math instruction (CRA)
 - Math Fluency
 - In-school math intervention
 - After school math intervention
- We have held a total of 16 hours of math professional development for the math team
- Initial results on weekly quizzes are showing strong improvement over last year's quizzes
- Walkthroughs and weekly observations show that instruction and mathematical modeling has taken a large leap forward at the sites

Re: CEO Update

With so many great highlights and updates coming from other Navigator leaders on the pages that follow, I decided to focus this CEO update on my professional growth. I think it is important for you to know what I am working on so that you can help hold me accountable and push me further.

Key to my growth this year has been the impact of our work with Achievement First's (AF) Charter Accelerator Network. The experience working with AF includes attending and preparing for workshops (three so far), participating in Critical Friends Visits, and receiving regular coaching. Additionally, we have received significant support for developing our plans to win on our priorities. This work has been transformative for me as a leader and manager, as I have utilized many of the tools to strengthen my collaboration with members of the leadership team. One result is that my weekly one-on-one meetings with members of the leadership team are more focused and productive. We are also at the beginning stage of scheduling regular "step-back" meetings where we go deeper on specific topics, including the use of a two-by-two process for sharing feedback with each other.

The regular coaching I receive helped me refine my professional growth goals for the year. These are:

1. Hone my vision for how to focus my time over the arc of the year
2. Better leverage the team where I am too much in the details
3. More strategic use of my time
4. Stronger management of direct reports
5. Experiment with leading from the front (from Board feedback)

The attached priorities and time allocation document has helped me make more strategic use of my time. I developed this document with support and input from my AF coach, my leadership team, and Caitrin. A key part of my growth has also been the regular support Caitrin provides during our weekly one-on-ones. Caitrin checks in on my priorities which supports my accountability, and also helps push my thinking to work through challenges. I have also received regular coaching support from Andrew Bray. My time with Andrew has helped push my thinking on strategic issues as well as problem solve around tactical issues, with a focus on the personal barriers that might be limiting my success. The Board as a whole, as well as Board members individually, have been very helpful in supporting my growth and development. Members of my leadership team have also been instrumental in challenging and supporting me to grow, through direct feedback as well as teamwork.

During this most recent AF workshop, I was challenged to identify one growth goal that I truly want to change and that has been holding me back. What resonated most is this: *Regardless of fear or discomfort, be candid and direct, with special attention to matters of personal opinions and equity.* I feel that too often I hold back my opinions or assume that people know what I think. As a leader for children and for Navigator, I am committed to my continued growth so that I can be a better contributor to the success of Navigator Schools. Thank you for your support.

Kevin's Priorities and Time Allocation 2018-19

Priorities

1. Open WPS in August 2019 fully staffed, fully enrolled, with healthy financial outlook, and in suitable facilities.
 - a. Organize parents, lobby, and get votes
 - b. Maintain connection to WPS parents and continue outreach efforts
 - c. Continue to fundraise for WPS
 - d. Procure facilities

2. Talent and team
 - a. Strong management and coaching of all my direct reports so that we win on our 10 priorities:
 - i. James: Principal development, math, Wonderful Prep
 - ii. Sharon: Social Emotional Learning
 - iii. Kirsten: Watsonville Prep Charter approval, fundraising, then Salinas Prep greenlighting
 - iv. Melissa: All openings filled with high-quality staff with appropriate credentialing
 - v. Benjamin: VP of Ops & Culture and school offices are functioning seamlessly
 - vi. Ami: Budgets and finances are managed well
 - vii. Sean: High-quality staff support for Board

1. Raise money for growth
 - a. Hire development consultant by August 1, 2018.
 - b. Identify and cultivate 7 major donors
 - c. Develop and submit grant proposals

2. Board Development
 - a. Meet or conference call monthly with each board member
 - b. Provide monthly updates to NS Board

3. Long-Term Facilities for Hollister Prep
 - a. Create detailed project plan with a facilities task force
 - b. Develop and implement architect selection process
 - c. Collaborate with HSD
 - i. By June 1, 2019, a long-term in-lieu-of Prop 39 deal will be agreed upon between Navigator and Hollister School District for HPS to be located in new buildings on the existing HPS footprint
 - ii. Preliminary building plans with cost estimates and a financial plan will be prepared for NS Board consideration by June 1

4. Get Greenlight for Pathway to Salinas
 - a. Organize and implement community outreach effort in Salinas
 - b. Engage political processes in Salinas and Monterey County Office of Ed.
 - c. Conduct facility research and have two viable facility options by May 1, 2019

5. Other
 - a. Collaborate with James, Heather, and Caitrin regarding scaling initiative

2017-18 Preliminary SBAC Results

Facts, Theories, and Actions

Highlights

- Middle School had solid scores despite backfilling enrollment and running a new model
- 7th grade math: Over 70% met or exceeded standard at both sites
- All 3rd-8th ELA classrooms: At least 80% met or exceeded standard
- K-5 ELA/Math: 70% met or exceeded standard for math and 80% met or exceeded standard for ELA
- 1 out of 10 SBAC-grade math teachers had taught that grade before. Seven were first year teachers.

What did we learn?

- As predicted, math needs to be an area of focus to achieve into the 80's and eventually 90's.
- Internal achievement gaps at GPS have grown in math.
- After-school reading intervention was successful in moving several students to “met standard” for the first time.
- New math teachers need a new, more intensive form of coaching.
 - Three-way coaching is being implemented now.
- Student understanding of math is surface-level if we don't focus on math models.

Addressing math achievement

- Math program is a current priority
 - Focus on CRA (Concrete, Representational, Abstract) strategies
 - All classrooms have two intervention blocks weekly
 - Strong focus on math fluency...95% of students will hit annual goal!
- After-school program focus on math intervention
- Early efforts have paid off when comparing weekly math quizzes year to year
- Still have a relatively inexperienced math team so intensive coaching is occurring
 - In SBAC grades, 3/6 new to grade at GPS. At HPS, 3/5 new to grade level

Navigator Distance from 3 (DF3)

At the January 2017 SBE meeting, the SBE approved the "Distance from Level 3 (DF3)" methodology which measures how far (or the distance) each student is from the Level 3 (i.e., Standard Met) Smarter Balanced performance level. Each students' score is compared to Level 3, and all distance results are then averaged to produce a school- and student-group-level average scale score. The results will show, on average, the needed improvement to bring the average student score to Level 3 or the extent to which the average student score meets or exceeds Level 3.

Using scale scores, rather than a percentage of students performing at or above Standard Met, provides a more comprehensive picture of how all students at the school are performing on the Smarter Balanced assessments.

Re: Watsonville Prep School

Navigator continues to prepare for the charter appeal to the State Board of Education. Below is an update on activities since the last board meeting.

1. Staff attended the State Board of Education (SBE) meeting on September 7. Key takeaways included the importance of having a strong presence from parents and school community at the SBE and the importance of obtaining a staff recommendation for approval.
2. In conjunction with CCSA & YMC, staff has been creating the appeal submission package which is due October 1st.
3. Facilities work is being led by Kevin and he'll report on that separately.
4. Staff is working on outreach efforts and presentations to Advisory Committee on Charter Schools (ACCS) & SBE (ACCS - December 13, SBE - January 9 & 10)
 - a. Kevin met with Dr. Michael Watkins, Superintendent of Santa Cruz County Office of Education
 - b. Robert Rivas, candidate for State Assembly toured GPS
 - c. Staff has reserved hotel rooms for WPS parent leaders in January & has reserved transportation from Watsonville to Sacramento. Parents, staff, and supporters will all be wearing the blue WPS t-shirts.
 - d. Staff is contacting every parent who submitted an Intent to Enroll form to ensure correct information, gauge continued interest, and share next steps
 - e. Staff is organizing a thank you dinner/brunch for October for parent leaders

Facilities Overview & Key Issues

Presented by Elizabeth Sanborn Falcon, Benchmark Realty Advisors; and
Kevin Sved, CEO, Navigator Schools

Objective

The NS Board of Directors will need to become more sophisticated with facilities issues to meet the long-term needs of our students. For new charters like WPS, it is also unlikely that the district will provide a high-quality short-term option through Prop 39. This presentation and dialogue will help develop a stronger understanding of NS facility needs and related issues, and the Board's role in meeting these needs.

Elizabeth Sanborn Falcon: Background

Elizabeth represent schools and other special purpose entities in property acquisitions and financing. Total value of transactions she has negotiated is \$500M+. Elizabeth has represented Rocketship, ACE, Aspire, Voices and other charter schools. Pacific Charter School Development brought Elizabeth in to work with Navigator as part of our potential relocation effort for Gilroy Prep when high speed rail was a bigger, more timely concern.

School Facilities: Four Major Areas

1. Site Selection and Control
2. Governmental Approvals
3. Financing
4. Construction

Site Selection and Control

1. Determine Requirements
 - Acreage, building square footage, location
2. Locate site
 - Availability, zoning, educational occupancy and retrofit
3. Site control
 - Issues include length of contingency period and required deposits

Board Decisions: Approval of site and related agreements

Governmental Approvals

1. Planning Approvals

- Private site requires Conditional Use Permit (CUP)
- CEQA requirements (CA Environmental Quality Act)

2. Building Approvals

- Division of State Architect (DSA) vs. Municipality

3. Challenges: Cost and Timing

- CEQA, CUP, design costs and approvals

Board Decisions: Approval of architectural and other consulting contracts

Financing: Long-term Facilities

Challenges related to small initial enrollment.

Potential Solutions:

1. Outside entity takes ownership and holds title until full enrollment allows school to carry debt (PCSD or similar)
2. Private Development - Construction costs built into long-term lease costs
3. Philanthropic Support - Funders pay for facilities costs

Board Decisions: Approval of financial plans and related agreements

Construction: Long-term Facilities

1. Vacant land with plan to develop site with modular and/or stick build
2. Refurbishment of existing

Board Decisions: Approval of plans and contracts

Legal and Organizational Risks

Financial loss

- Deposits lost if contingency not met
- Architect / consultant fees expended, but plans not approved
- Lack of enrollment to support financial model
- Cost overruns
- Lower funding of SB 740 charter facilities program

Legal and Organizational Risks

Program Delivery Risks

- Poor facilities add difficulty to quality program delivery
- Prop 39 solution can challenge families for transportation
- Construction projects can disrupt educational program

Legal risks

- Construction has inherent risks; insurance helps mitigate
- Must ensure all inspections completed and approved before occupancy

Short-Term Strategy: Watsonville Prep

1) Existing Facility with Educational Occupancy

- Current church with available classrooms

2) Renovated Facility with Minimal Work

- Existing space with suitable exiting, bathrooms, and zoning

3) Land with Leased Portables

- Timing is tight for approvals but there is a possibility to have a potential long-term site developed for Year 1.

- Temporary vacant site with existing utility infrastructure.

4) Prop 39: NS will be applying for this

Appendix

2017-2018 board goals*

- Build a well-rounded board of 7-8 members; with focus on representation in new geographies and competencies needed
 - Transition planning for board members and for officers
- Support strategic decision making and execution on growth
 - Ensure and support smooth reauthorizations
 - Undertake green-lighting process
 - Support launch of fundraising for new growth
- Support CEO's ongoing growth and development
- Model and support continued evolution of organization culture towards high expectations, accountability, openness and trust

*These goals weren't officially adopted by the board

Suggested board priorities from CEO for 2018-2019

Staffing the Board of Directors at a high level of excellence was a stated priority in 2017-18, and continues to be a top CEO priority. Additionally, developing detailed metrics and a system for monitoring these metrics will be necessary to drive improved staff performance and accountability. Supporting this priority will be the implementation of a dashboard, a meaningful way for the Board to monitor organizational performance in key areas. Specific objectives proposed for 2018-19 in this area include:

1) Grow to a board of nine members, with four fully-functioning committees, including:

- Finance*
- Governance*
- CEO Support and Evaluation*
- Academics and Programs*

2) Add at least one non-board member to each committee to strengthen committee structure and develop an expanded pool for new board members

Staff work related to governance

3) High-quality Board materials will be provided to Board members one week before board meetings, with all materials being vetted by a committee

4) Staff support for Board and Committee work will meet or exceed Board member expectations. A rubric and system for monitoring this will be developed. An easy first step could be a quick evaluation tool for board members to complete at the end of each board meeting.

A. Board Goals 2018-19

C. Wright introduced the goals document. JP Anderson expressed enthusiasm for expanding the board based on his recent visit with K. Sved to a board member cultivation event (Board Match). A. Gallegos Fambrini asked clarifying questions about the composition of committees (membership) and potential overlap of participation. K. Sved explained potential structures for committees and volunteers. C. Wright mentioned key points in the board bylaws. Members discussed opinions regarding the possibility of having a board consisting of nine members. A. Gallegos Fambrini asked Kevin to consider and share ways that NS engaging the community.

C. Wright expressed interest in learning more about a potential academic committee. K. Sved shared ideas concerning the strengths of this concept, especially relating to the review of achievement results and, more broadly, scaling, and expansion. A. Gallegos Fambrini shared interest in naming certain qualifications for members of specific committees. She also mentioned the benefits of ensuring a diverse collection of skills and backgrounds. C. Wright suggested researching the potential academic committee very carefully to develop its optimal role and effectiveness.

A. Gallegos Fambrini recommended that board members complete self-assessments at the end of board meetings, especially to delineate goals and priorities. She also mentioned professional development ideas and resources for the board. Members discussed building a foundation of knowledge via professional development and training.

C. Wright addressed potential tools to track accountability and outcomes, including a dashboard. A. Gallegos Fambrini emphasized the importance of simplicity as a design factor. Members mentioned more self-assessment in this area as well. C. Wright suggested focusing on developing key deliverables as a next step for our meeting in October.

K. Sved described a potential facility development task force and members discussed reasons for (and levels of) board involvement in this process. A. Gallegos Fambrini considered potential roles and structures for such a task force relating to facilities.

B. Board Development

K. Sved and JP Anderson recounted their visit to Board Match and shared impressions of people they met at the event, including their respective strengths as potential board members. C. Wright inquired as to how NS learned of this event and how participants were drawn to it. K. Sved explained the background and structure of the event. K. Sved and JP Anderson described other

organizations at the event, including those related to education. C. Wright elicited next steps from the committee. K. Sved suggested starting with school visits. A. Gallegos Fambrini suggested codifying wants and needs for new members. C. Wright reminded the committee of the tracker related to this topic.

C. Review of Preliminary Dashboard Framework

This topic was not discussed in the meeting. Conversations concerning the dashboard will continue in other organizational meetings.

NS Board Dashboard Overview: Fall 2018

Prepared by Sean Martin | 09.25.18

Members of the support office staff, site leaders, and coordinators continue to work together to tell powerful stories and propel innovation through interactive data. We are learning to use Tableau, an industry-standard visualization platform, to share evidence of Navigator’s unique accomplishments. Creating a sustainable dashboard system will expand access to information across stakeholders, increasing our ability to harness the power of our collective expertise, backgrounds, and experiences. A dashboard collection designed specifically for the NS Board of Directors will empower members to research important questions, discover new insights, and achieve a deeper understanding of the organization and the community it serves.

Essential Dashboard Components for the 2018-19 School Year

Navigator is developing a data dashboard system in stages. Our first iterations target the essential values, best practices, and mission-based priorities of school culture and achievement. An overview of initial dashboard components, aligned to key questions related to our mission, is provided below. A table indicating progress toward completion accompanies each component.

A. *To what extent are we equipping students to become learners and leaders in high school, college, and beyond?*

1. Behavior

Hear	Develop	Visualize	Test	Deliver
				✓

The table to the left indicates stages of the design process. The first step is to listen to the vision, needs, and requirements of the user. Testing must occur to ensure success.

The behavior dashboard will include total incidents per month for each site by gender, subgroup, type, and category (minor and major). The Illuminate data source is primarily maintained by vice principals, Aimee Hubbard (GPS) and Nick Bakich (HPS). Debbie Benitez, principal of HPS, was the guiding light for early iterations of this dashboard. Reports are updated weekly. The following illustrations are samples from the current iteration.

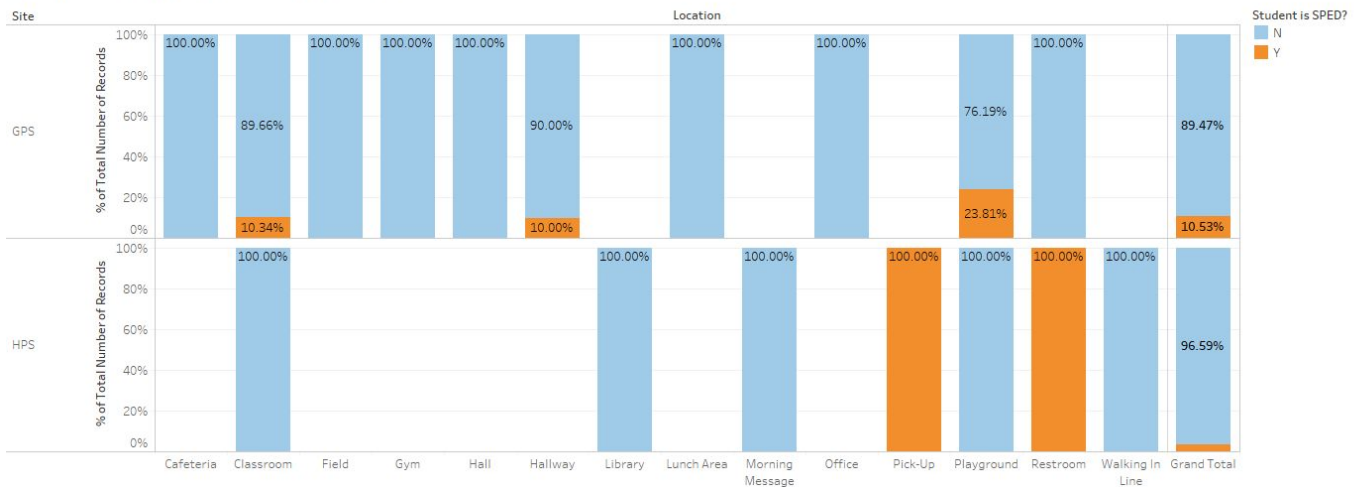

Behavior Incidents

Total incidents by grade level (year-to-date)

Behavior Incidents

SPED incidents as a percent of total incidents by location

2. Multi-Tiered System of Supports (MTSS)

Hear	Develop	Visualize	Test	Deliver
✓				

Navigator is strengthening its ability and capacity to deliver personalized academic, social, and emotional support to each and every student by name need. Sharon Waller, Director of Student Services, and Jessie Cornia, MTSS Coordinator, are leading this innovative effort. The MTSS dashboard will consist of crucial data at the intersection of academics, climate, and culture:

the number of students in each tier, the length of time students have been in the tier, and supports received.

3. Social-Emotional Learning (SEL)

Hear	Develop	Visualize	Test	Deliver
	✓			

Closely-related to the development of our MTSS system, social-emotional learning (SEL) is a key organizational priority for the 2018-19 school year. Navigator is educating the whole child, ensuring student success beyond academics by promoting self-awareness, self-management, responsible decision-making, relationship skills, and social awareness. Gathering baseline data of student perceptions is a key component of this priority. The SEL dashboard will visualize the results of every administration of the Panorama Student SEL survey.

B. To what extent are we developing top-tier teams of educators?

4. Human Resources

Hear	Develop	Visualize	Test	Deliver
		✓		

The first component of the Human Resources dashboard will be a placement and credentials chart highlighting the experience of instructional staff. Key data will include credential, type, status, and expiration date; placement by site, subject, and grade; bilingual designation; and hiring date. A second report will capture teacher and leader retention rates. Melissa Alatorre Alnas, Director of Human Resources, is leading this effort. A future component will visualize staff survey data.

5. Site Leadership Development

Hear	Develop	Visualize	Test	Deliver
✓				

Implementation and commitment to coaching is a core element of the Navigator model. Potential data points for this component include number of total coaching sessions completed and percent of teachers and leaders coached per month. Site leadership development is an organizational priority for the 2018-19 school year.

C. To what extent are we improving and innovating schools?

6. Business and Finance

Hear	Develop	Visualize	Test	Deliver
			✓	

Ami Ortiz, Director of Business and Finance, is leading the development of this component. The current iteration focuses on Average Daily Attendance (ADA), enrollment, cash on hand, donations, and grants.

7. Engagement and Alumnae

ITE Forms

This component, guided by Kirsten Carr, Director of Outreach and Partnerships, will include results of parent-school surveys, student retention rates, suspensions and expulsions, high school attendance, and waitlist numbers and percentages. This data will be updated annually, thereby creating an archive for current and historical research. Rita Castaneda, Community Engagement

Facilitator, continues to manage our first-ever dashboard component. It tracks Intent to Enroll (ITE) forms collected in support of Watsonville Prep School.

8. Expansion Greenlighting

Hear	Develop	Visualize	Test	Deliver
✓				

This dashboard will visualize percentages of school launch components completed. These steps, outlined in the NS expansion greenlighting process, include

- a. Six potential founding team members identified
- b. Potential principal identified
- c. Principal and two teachers confirmed
- d. Letters of intent for 100% of first-year seats
- e. 100% of willing teacher signatures
- f. Charter approved
- g. Fully enrolled
- h. Fully funded
- i. Fully staffed
- j. Suitable facilities for first two years of operation

D. To what extent are we delivering phenomenal outcomes for all students?

9. Achievement

9a. Student Demographics

Hear	Develop	Visualize	Test	Deliver
		✓		

The student demographic component will visualize data to provide a current and historical snapshot of gender, key subgroups (race/ethnicity, economically disadvantaged), program participation (special education, migrant education) and English language proficiency levels.

9b. NS Weekly Assessments

Hear	Develop	Visualize	Test	Deliver
			✓	

Weekly standards-based assessments are the engines that drive the Navigator instructional model. Created in-house and administered in an annual cycle, these assessments track student proficiency in English Language Arts (ELA) and mathematics. Heather Parsons, Director of Curriculum and Instruction, and Victoria Garcia, Data and Curriculum Specialist, in concert with site principals, lead the development and implementation of this crucial system. These are highly-interactive reports with multiple filters. Online, important information appears with mouse-cursor hovers. In the following illustration, Week 39 refers to the week beginning September 24, 2018.

2018 Math: House Proficiency

9c. NWEA MAP

Hear	Develop	Visualize	Test	Deliver
✓				

Northwest Evaluation Association Measures of Academic Progress (NWEA MAP) is an external assessment system that tracks reading and math in grades K-2. A unique feature of MAP is its focus on growth for all students across all achievement levels. MAP also provides national norms by which to compare rates of progress for students, grade levels, and similar schools. MAP is new for Navigator this year; we completed our first testing window in September. The first iteration of the MAP dashboard will track student results (norms and means) and percentages of students meeting expected growth. In support of the Navigator mission, this information will be disaggregated by key student subgroups and program participation.

9d. Smarter Balanced Assessments (SBAC)

Hear	Develop	Visualize	Test	Deliver
			✓	

Smarter Balanced Assessments (also known as SBA, SBAC, or CAASPP), are the paramount indicators of academic achievement in California. These annual assessments are administered in grades 3-8 (and in grade 11 at high schools). In recent years, the California Department of Education has placed increasing emphasis on “distance from three” or “DF3” (the number of points a student achieves above or below the point at which he or she is designated “proficient” in ELA or math standards). This importance is reflected by the presence of DF3 scores in the California Schools Dashboard, the ultimate measure of school accountability. The SBAC dashboard will feature annual student scores for all students, students disaggregated by subgroup and program participation, and similar reports related to DF3. Reports will also include comparisons to neighboring schools and districts. Please note that some of the illustrations below feature sample data that does not reflect current achievement levels.
