Proposed Salary and Wage Adjustments

Section: II. Finance

Re: Authorization to Implement Site Wage and Salary Adjustments

Recommendation

It is recommended that the Board authorize the CEO to implement site wage and salary adjustments. Hourly wage adjustments are recommended for the positions of Small Group Instructor (SGI) and Student Services Paraprofessional. Annual salary adjustments are recommended for the positions of Teacher, Vice Principal, and Principal.

Background

Navigator Schools relentlessly strives to attract, recruit, hire, and retain high caliber, mission-fit talent in all positions. One important element in successfully fulfilling the above positions is ensuring that compensation is fair and competitive. The following are reasons why adjustments are recommended for approval:

1. For at least two years, Principals and SGI supervisors/coaches have expressed that the academic demand that is expected of all SGIs does not match the SGI wage. Standards and curriculum knowledge and lesson planning are required in the position, beyond that of a general education classroom assistant.
2. Recently, Gilroy Unified School District (GUSD) has published updated compensation schedules. The new schedules show a 6% increase, resulting in instant compensation discrepancies between Navigator and GUSD.
3. Navigator employees' work day and work year are longer than our authorizing districts.
4. Employees (SGIs, Paras, Teachers, Vice Principals, Principals) have expressed concern about discrepancies in wage and salary.
5. Site leaders are concerned about losing mission-fit, high caliber talent.
6. Staff surveys that were implemented in December 2018 and resulted in 18.8% of GPS staff and 13.9% of HPS responding 'Disagree' to the question "I feel my compensation is fair in comparison to other districts".
7. Candidates have been offered positions during the 2018-19 school year and declined because candidates feel the rate is lower than the market rate.

Adjustment Details

After comparing current Navigator teacher rates to updated GUSD rates, the following was found:

Year of Teaching	19/20 Navi rate to 19/20 GUSD rate	Proposed 19/20 Navi rate/range
First	match (due to new minimum exempt salary eff. 01/20)	\$54,080

Vice Principal	\$13,766 - \$23,766 below GUSD*	\$75,000 - \$95,000

*Elementary Vice Principals currently do not exist in GUSD. One Middle School Vice Principal is assigned to each site.

Next Steps and Timeline

With approval of this board report, Navigator's Human Resources Department will move forward with finalizing adjustment amounts, creating updated memos and forwarding to site Principals to present to staff by May 01, 2019.

Fiscal Impact

The Director of Business and Finance has estimated that the recommended adjustments if approved, will result in an increase in budget at both sites.

GPS: \$109,662 over the proposed 3% increase

HPS: \$80,453 over the proposed 3% increase

As fiscal responsibility is of utmost importance, the Director of Business and Finance has worked on the attached 3-year budget projections that shows the proposed wage and salary adjustments are sustainable over the next three years.

Organizational Health

It is imperative to maintain and build on the gains made by Navigator Schools in strengthening organizational health. Acknowledging the dedication, hard work, and perseverance that our employees in all positions put into our schools and organization every day is crucial to Navigator's continued success. An important part of that acknowledgement is fair and competitive compensation.

Summary

Navigator Schools is a strong charter school organization that has achieved much success. The success has been built by Navi employees at all levels. In order to attract and retain high caliber, mission-fit individuals, it is imperative to remain as competitive as possible in the areas of positive culture, professional development, and compensation. It is recommended that the Board approve the wage and salary adjustments as described in the Board Report.

Re: 2019-20 LCAP Update

Background

The Local Control and Accountability Plan (LCAP) documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. The LCAP is a three-year plan which is reviewed and updated annually as required by the California Department of Education. Charter schools complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.

A requirement in developing the 2019-20 Local Control Accountability Plan (LCAP) is to address school results as captured in the new California School Dashboard. (<https://www.caschooldashboard.org/>) The site features reports on multiple measures of school success, including test scores, English learner progress, and suspension rates. Using a color-coded system, the Dashboard makes it easier to see areas of strength (blue or green), areas of challenge (red or orange), and areas in between (yellow).

Summary

I began the LCAP process in January 2019 and is still in process. Stakeholder input is a requirement of the LCAP. We have been collecting stakeholder input through parent coffees, staff surveys, student surveys, School Site Council and the Leadership Team. It is important that we also get input from the Board of Directors. Attached you will find a summary of our Goals and Actions for the 2019-20 LCAP.

The LCAP goals are below and align to Navigator's five compass points:

1. Create a culture of excellence within the school community to foster a positive school climate, promote a sense of belonging and nurture social, emotional, & academic growth.
2. All students will receive data-driven instruction in Common Core State Standards (CCSS), Next Generation Science Standards (NGSS) and other CA State Standards.
3. Provide weekly coaching and feedback to all staff to support continuous improvement for teaching and student learning.
4. Ensure equitable access to curriculum, programs, and pathways for student success.
5. Use cutting edge instructional technology to encourage student engagement, increase staff effectiveness to improve student learning, and prepare students for the future.

Please review the summary document and feel free to send me any input or questions you may have.
