Middle School Innovation Grants

Thanks to the vision, leadership, and tenacity of James Dent, Chief Academic Officer, Navigator Schools received \$200,000 from Silicon School Fund, and \$200,000 from Charter School Growth Fund to support the continued improvement and codification of Navigator's middle school model which features student-led squads to promote student learning, leadership development, and collaboration. These funds, to be provided over two years, will support the hiring of a Middle School Innovation Coordinator to lead this work as part of the model providing team led by Director of Model Implementation, Crystal Toriumi.

California Community Schools Partnership Program

On April 1 2022, Navigator Schools applied to the California Department of Education (CDE) to fund a planning process to expand and deepen our community partnerships. The 2021-22 California Community Schools Partnership Program Planning Grant funds support local educational agencies (LEA) in the development of a community school implementation plan. A community school is a "whole-child" school improvement strategy where the LEA works closely with teachers, students, and families. Community schools partner with community agencies and local governments to align community resources to improve student outcomes.

Applications were made on behalf of Gilroy Prep School, Hollister Prep School, and Watsonville Prep School. If fully funded, each site would receive \$200,000 for two planning years. After a successful planning period, each school would be eligible to apply for implementation grants. Implementation awards can be as high as \$500,000 per school and for at least five years. This funding would provide a significant boost to Navigator's ability to serve students and families. A more comprehensive update on this program with links to the narrative, budget, and matching requirements are attached to this document. The work of Kirsten Carr, Sean Martin, and Ami Ortiz was essential to the timely submission of quality applications.

Regional Technical Assistance and Coaching Application

In an effort to extend the expertise of our model-providing team to more charter and traditional public schools, Navigator submitted a 2022-23 Regional Technical Assistance and Coaching Sub-Grant (RTAC) application to the California Department of Education (CDE). Awardees receive funding to (1.) recruit and facilitate multiple cohorts of Critical Friends Groups (CFG) professional learning communities and (2.) to provide best-practice workshops for low-performing charter and non-charter schools. The ultimate goal of this assistance and coaching effort is to improve academic achievement for all students in California. The applications were submitted on April 18. If awarded, the work would commence in summer 2022. The work of James Dent, Crystal Toriumi, Kirsten Carr, Sean Martin, Ami Ortiz and consultant Justin Steiner was essential to the timely submission of quality applications.

Elevate Grant from Silicon School Fund

Silicon Schools Fund approved a three-year investment in Watsonville Prep School's partnership with Instruction Partners for the purpose of improving math instruction and student outcomes through their Elevate Initiative. For 2022-23, the grant of \$39,000. There is funding potential for up to three years should WPS meet the agreed upon metrics and have capacity for continued partnership. The efforts and collaboration of Crystal Toriumi and WPS Principal Andi Hernandez secured this valuable support.

COVID Update

Due to the relaxing of masking requirements and the high transmissibility of the COVID-19 BA.2 variant, schools have experienced an uptick in staff who are missing work as a result COVID. While the impact has not been nearly as significant as the Omicron surge, we are monitoring this closely and may need to increase support at school sites to cover more classrooms if this worsens. The attached COVID report shows the details of Gilroy Prep which was the school most impacted by the recent uptick.

Enrollment and Demographics

The attached enrollment report shows that Navigator Schools is ending the year strong with 1,401 students enrolled across the network compared to the budgeted 1,405. Other demographic data on the report includes numbers of students eligible for free and reduced lunch (FRL), race, English learners, and parent education levels. The visualized data is made possible by the good work of Sean Martin, Special Projects Coordinator, working in collaboration with Alex Mijares, SIS Administrator extraordinaire, with the support of Benjamin Moeller, Director of IT, and the day to day efforts of Navigator Office managers and support staff who are tasked with entering student data at the school site level.

Weekly Principal Updates

Every week, Navigator principals post updates that highlight effective practices, inform staff of weekly activities, and help staff prepare for the week ahead. These weekly communications are a great example of the site leadership's diligent efforts to foster collaboration and a healthy school culture. Attached is an example of a recent weekly update.

School Activities

Kirsten Carr, Director of Engagement and Partnerships, is compiling [this](#) listing of year-end school activities that are available for Board Members to attend. Please feel free to contact Kirsten directly for more information.

Community Schools Update

On April 1 2022, Navigator Schools applied to the California Department of Education (CDE) to fund a planning process to expand and deepen our community partnerships to support our students and families as part of the [California Community Schools Partnership Program](#). Applications were made on behalf of Gilroy Prep School, Hollister Prep School, and Watsonville Prep School. The program's website describes the program as follows:

The California Community Schools Partnership Program (CCSPP) supports schools' efforts to partner with community agencies and local government to align community resources to improve student outcomes. These partnerships provide an integrated focus on academics, health and social services, youth and community development, and community engagement.

Community school strategies can be an effective approach to mitigate the academic and social impacts of emergencies that affect local communities, improve school responsiveness to student and family needs, and to organize school and community resources to address barriers to learning. Community schools often include four evidence-informed programmatic features, which are aligned and integrated into high-quality, rigorous teaching and learning practices and environments:

- *Integrated support services;*
- *Family and community engagement;*
- *Collaborative leadership and practices for educators and administrators; and*
- *Extended learning time and opportunities.*

[Here](#) is the narrative for Watsonville Prep School (WPS) that was submitted. Similar narratives were provided for Gilroy Prep School (GPS) and Hollister Prep School (HPS). If fully funded, each site would receive \$200,000 for two planning years. The organization needs to match at least one-third of program expenses, or approximately \$67,000 over the two years. These matching funds can come from local donations and eligible forms of "in-kind" support, such as custodial fees associated with running community engagement planning efforts. The proposed budget for the two-year planning grants can be found [here](#). The main expenditures for the planning period is the hiring of a Community Schools Coordinator for each school site awarded the grant. After a successful planning period, each school would be eligible to apply for [implementation grants](#). Legislation dictates that implementation awards shall not exceed \$500,000 per school and that new community schools shall be funded for at least five years. This could provide a significant boost to Navigator's ability to serve students and families.

Notification of planning grant awards is scheduled for May 2022. The scoring rubric is largely based on school demographics, including percentage of English learners (EL) and students qualifying for free or reduced priced lunch (FRL). Based on this, it would seem WPS would have the best chance for funding, however the state has determined that it would use demographic data from 2018-19 for determining application scoring and WPS did not open until 2019-20. In

correspondence with the CDE, representatives indicated that there would be consideration of 2019-20 data, but they could not assure that the point award formulas would match precisely to applicants who were in operation during 2018-19. There is an appeals process that we can utilize in the event that WPS is not awarded based on this potentially inequitable process. On the bright side, requests for applications for planning grant Cohort 2 are expected to be due in September 2022, and it is anticipated that the demographic formulas would be based on a more recent academic year when WPS was operational. Lastly, with the applications for GPS and HPS being scored based on 2018-19 enrollment data, the formula should work in favor of those schools as their FRL rates were higher then compared to the current school year.

Week 32: 5/2/22 - 5/6/22

Navigator Schools equips students to become learners and leaders in high school, college, and beyond. We develop top-tier teams of educators who continuously improve and innovate schools that deliver phenomenal outcomes for all students, regardless of their circumstances.

Shout-Outs

- Shout-out to **Renee and Jenn!!** With many students completing all of Kinder ST Math, the Kinder team has been utilizing Symphony Math and students are doing great!

- Shout-out to the work **2nd STEM** has been doing with our scholars! Students are writing full explanations of their work on performance tasks, and if they are finishing early, they are beginning to practice multiplication facts as early-finisher work!

- Shout-out to the instructional teams on our last school-wide action step - **Demonstrate and Defend**. We have seen huge leaps in our students' ability to show their work and defend their answers. We consistently see students citing evidence, providing an annotated drawing, and orally sharing why they chose the answer they did. This is such a valuable skill that will support our students in achieving their goals!

- Shout-out to Fatima Flores and the ELPAC testing team! Under her lead we have been able to completely ELPAC test all 2nd grade students. We will move onto 1st grade next week! 🙌
- Shout- out to our SSS team. You embody our all hands on deck mentality in helping all our students get what they need! Here you see some of our SSS members getting student charts ready before the day begins- nice management of materials!

School-Wide Focus

What:

Instructional staff will plan and execute rigorous and joyful end-of-year review lessons so that students will win the SBAC/STAR Superbowl!

How:

1. Set/identify student goals
2. Collect data during instruction (3rd/4th - Illuminate CFUs)
3. Intervene when necessary
 - a. Whole class/Small group intervention
4. Add joy - Use Gamify techniques to make review problems fun
 - a. Celebrate individual as well as whole class growth data on standards
5. Include Self-efficacy strategies
 - a. Students will shout-out other students, create positive notes for peers
 - b. Carve time out prior to SBAC STAR test for students to write positive notes to one another

Updates and Reminders

✅ 🌟🌟🌟🌟 **SBAC IS LIVE ON Monday** 🌟🌟🌟🌟

- This is important!
- If you are a 3rd/4th grade teacher using the interim practice tests, please be sure to only select “interim” and not “summative” (super important because it can affect the timeline if accidentally launched— okay, that sounds very Marvel-verse, but it’s true).
- Any questions or concerns, reach out to Gabby 😊👂

✅ **If you will be out, please let Andi and Kaitlyn know via email AND text message by 6:30 a.m.** If we are short on coverage, there may be a chance that a release day will have to be canceled or postponed.

✅ **Teachers:** Just a friendly reminder – please do not take attendance before 7:55 am and please submit attendance no later than 8:30 am each day. This helps to ensure that we notify parents of absences in a timely manner. Thank you!

✅ **Please remember that Morning Huddle is an important time for all staff.** This is a time we are able to deliver important updates and information to everyone. We also get to team build, celebrate, and connect as we prepare for a day with our students. Please be on time each morning as Morning Huddle will begin promptly at 7:30.

Academic Updates and Look Aheads

✅ (This is so important, I'm adding it twice)

✅ Reading Club:

Please tag Gabby in a comment on the Reading Club spreadsheet if you need the next round of packets (this will also help document the update).

✅ Week 32

- Lexia goal: 10 Units (286 Units)
- Reading Plus goal: 2 articles and 1 combo @ 80% (72 articles YTD)
- ST Math: 88%
- **Continue with ELPAC**
- **Fluency and BPST Make-Ups (please input new data into IC if you have not yet done so)**

✅ Week 34 Look Ahead

- SBAC begins!
- Below you will see the images shared during the Spirit Squad meeting depicting Student Morning Message for our 3rd-4th graders.
- TK-2nd Student Morning Message will remain upstairs. Sarah Rule has volunteered to lead it each morning 😊 (Shout-out!)
- Once both messages are completed (around 7:55), 3rd/-4th grade students will return upstairs. During this time, TK-2nd will form a tunnel as they cheer on the SBAC testing students!

✔ Week 36

- K-2 STAR Testing Window Opens
- As of yet, we have no school-wide incentive because our campus will be buzzing with so much end-of-year activities and fun. A classroom incentive is encouraged to continue to see the leaps of growth we have made throughout the year!

Re: 2022-23 LCAP Goals, Actions, and Metrics

Background

The Local Control and Accountability Plan (LCAP) documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. The LCAP is a three-year plan which is reviewed and updated annually as required by the California Department of Education. Charter schools complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.

A requirement in developing the 2022-23 Local Control Accountability Plan (LCAP) is to address school results as captured in the new California School Dashboard. (<https://www.caschooldashboard.org/>) The site features reports on multiple measures of school success, including test scores, English learner progress, and suspension rates. Using a color-coded system, the Dashboard makes it easier to see areas of strength (blue or green), areas of challenge (red or orange), and areas in between (yellow).

Summary

I began the LCAP process in February 2022 and is still in process. Stakeholder input is a requirement of the LCAP. We have been collecting stakeholder input through parent coffees, staff surveys, student surveys, School Site Council and the Leadership Team. It is important that we also get input from the Board of Directors. Attached you will find a summary of our Goals and Actions for the 2022-23 LCAP. The LCAP goals are below and align to Navigator's five compass points:

1. Create a culture of excellence within the school community to foster a positive school climate, promote a sense of belonging and nurture social, emotional, & academic growth.
2. All students will receive data-driven instruction in Common Core State Standards (CCSS), Next Generation Science Standards (NGSS) and other CA State Standards.
3. Provide weekly coaching and feedback to all staff to support continuous improvement for teaching and student learning.
4. Ensure equitable access to curriculum, programs, and pathways for student success.
5. Use cutting edge instructional technology to encourage student engagement, increase staff effectiveness to improve student learning, and prepare students for the future.

Please review the summary document and feel free to send me any input or questions you may have.

GPS and HPS Facilities, Proposition 51

Section: II. Committees
Item: I. GPS and HPS Facilities, Proposition 51
Purpose: Discuss
Submitted by:
Related Material: Prop 51 Fac Memo and Materials.pdf

Date: May 5, 2022
 To: Board of Directors of Navigator Schools
 From: Kevin Sved, CEO
 Subject: Gilroy Prep and Hollister Prep Facilities

Gilroy Prep School (GPS) and Hollister Prep School (HPS) have facilities challenges that need to be addressed. This memo discusses these needs and explains how a current process to apply for funding through California's [Charter School Facilities Program](#) can help meet these needs.

GPS Facilities Needs

GPS has the following facilities needs.

1. Replace parking that will be lost as a result of the renovation of the co-located South Valley Middle School site
2. Improve traffic flow during drop-off and pick-up
3. Determine a plan for long-range use of the current South Valley field that is shared with Gilroy Prep School and which South Valley will no longer utilize after the South Valley renovation is completed (estimated October 2023)
4. Replace failed asphalt on the GPS playground
5. Replace the playground climbing structure
6. Add two classrooms for transitional kindergarten (TK) due to the impending expansion of universal TK and two kindergarten classrooms that meet state Title 5 requirements (including the addition of one student restroom and an expansion to 1,350 sf of classroom space compared to the standard 960 sf)
7. Add a separate playground for TK and kindergarten
8. Convert two existing kindergarten classrooms to support intervention and to create an additional library
9. Add one or two additional adult bathrooms

HPS Facilities Needs

Currently, HPS utilizes portable classrooms on both the north and south sides of R.O. Hardin Elementary. This places a strain on R.O. Hardin, and the situation is becoming an issue of increasing concern for the Hollister School District. Over time, R.O. Hardin will need the 7 portables that HPS uses on the south side of the campus. Furthermore, over the next 10 years, the portables on the north side of the campus that HPS utilizes will likely require renovation or replacement due to the age of the buildings. Because of the limited space on the north side of the campus where HPS is currently located, addressing these needs will likely require removing and replacing the existing classrooms with a more efficient facility footprint. In addition, HPS has the following facilities needs.

1. Improve traffic flow, especially at drop-off and pick-up time
2. Add one additional student restroom unit
3. Add two classrooms for transitional kindergarten (TK)
4. Add one classroom to support intervention and one classroom to serve as a library
5. Accommodate additional Special Education space

6. Add a staff lounge/workroom
7. Add two or three additional adult bathrooms

California's Charter School Facilities Program and Proposition 51

California operates the [Charter School Facilities Program](#) (CSFP) to administer public funds allocated to support charter schools in meeting facilities needs. Funding is typically not available unless so authorized by voters through state bonds. [Proposition 51](#) was approved on November 8, 2016 by statewide ballot, authorizing \$9 billion in general obligation bonds for K-12 school and community college facilities, with \$500m set aside for charter schools. The Office of Public School Construction (OPSC) allocated the \$500m to charter schools through a competitive process in 2017. Navigator applied for both Gilroy Prep and Hollister Prep and was not awarded funds during that round. In February 2022, the OPSC released application guidelines for \$96m of the original \$500m that was not utilized by the awardees of the grants. Navigator intends to apply for these funds to support projects to meet the facilities needs described above. If funded, the grants will cover fifty-percent of eligible expenses. For the remaining fifty-percent of eligible expenses, the CSFP provides long-term, low-interest loans to support the project.

Next Steps

The CSFP applications are due by June 3, 2022 and will require approval by the Navigator Schools Board of Directors. This approval will authorize the CEO to submit the applications for rehabilitation and new construction on behalf of both Gilroy Prep School and Hollister Prep School. To qualify for funding, the applicant and charter school must be deemed financially sound by the California School Finance Authority. An additional eligibility requirement is an approved agreement with the school district indicating support for the application and a willingness to consider providing the charter school access to the district-owned property as long as the charter school is operational. A formal and detailed legal agreement is not required at this stage in the process.

To gain support from Gilroy Unified School District and Hollister School District, Navigator staff has initiated a series of meetings with the facilities staff and the superintendents of both Gilroy Unified School District and Hollister School District to discuss the needs and opportunities. With the superintendents' support, Navigator staff presented information to the school boards of both districts in April with the goal of receiving board approval during their May 2022 meetings in advance of the June 3 deadline. Staff are working with a consultant and Pacific Charter School Development to prepare the applications. Additionally, Marty Hochroth from Artik Architecture (who designed Watsonville Prep School) is working with Navigator to prepare preliminary site plans that are required for the application. The latest preliminary site plans are attached. In the event that the applications are not funded, we anticipate seeking alternative financing strategies to meet these facilities needs.

Charter School Facilities Program Use Agreement
Between Gilroy Unified School District and Navigator Schools
May __, 2022

DRAFT

Purpose of Agreement

The purpose of this agreement is to apply for state funding to rehabilitate school buildings on the South Valley Middle School Campus for the use of Gilroy Prep School (GPS), a charter school operated by Navigator Schools, a 501(c)3 non-profit corporation.

Background

With the passage of Proposition 51 in November 2016, \$500 million has been made available for the Charter School Facilities Program (CSFP). The CSFP provides preliminary apportionments for new construction projects and rehabilitation of district owned existing facilities that are at least 15-years old. A requirement of the application process is an agreement between the school district and the charter school for use of the facilities to be rehabilitated.

The Needs

Navigator Schools seeks to make improvements to the section of the South Valley campus provided by Gilroy Unified School District School (the “District”) for GPS. Specific improvements may include rehabilitating one or more classrooms that are older than fifteen years, replacing failed asphalt, and adding two classrooms to support universal transitional kindergarten.

Agreement

This agreement acknowledges the District’s support of Navigator Schools’ intention to apply for CSFP apportionment in order to rehabilitate the school facilities at the South Valley Middle School Campus, and the District’s willingness to begin negotiations regarding additional agreements required prior to the release of the funds. However, it is understood that if agreements cannot be reached, the project will not move forward.

Once signed, this agreement is to be submitted by Navigator Schools with the application for funding. If funding is approved by the State, it is understood that formal agreements with the District will be required prior to receiving funds. If formal agreements cannot be reached, the request for funding will be withdrawn. It is further understood that all improvements made to the site must be approved in advance by the District as well as the appropriate state agencies.

Charter School Facilities Program Use Agreement
Between Hollister School District and Navigator Schools
May 24, 2022

DRAFT

Purpose of Agreement

The purpose of this agreement is to apply for state funding to rehabilitate school buildings on the R.O. Hardin Elementary School Campus for the use of Hollister Prep School (HPS), a charter school operated by Navigator Schools, a 501(c)3 non-profit corporation.

Background

With the passage of Proposition 51 in November 2016, \$500 million has been made available for the Charter School Facilities Program (CSFP). The CSFP provides preliminary apportionments for new construction projects and rehabilitation of district owned existing facilities that are at least 15-years old. A requirement in the program’s regulations is the inclusion in the initial funding application of evidence of support by the district’s board for the use of such funds to improve the condition of their facilities. Further, if the charter school does receive funding under this program, the regulations also state that the school district and the charter school will develop an agreement for the continued use of the facilities to be rehabilitated.

The Needs

Navigator Schools seeks to make improvements to the section of the R.O. Hardin campus provided by Hollister School District School (the “District”) for HPS. Specific improvements may include rehabilitating one or more classrooms that are older than fifteen years, replacing one or more classrooms with new construction, and adding two classrooms to support universal transitional kindergarten.

Agreement

This agreement acknowledges the District’s support of Navigator Schools’ intention to apply for CSFP apportionment in order to rehabilitate the school facilities at the R.O. Hardin Elementary School Campus, and the District’s willingness to begin negotiations regarding additional agreements required prior to the release of the funds. However, it is understood that if agreements cannot be reached, the project will not move forward.

Once signed, this agreement is to be submitted by Navigator Schools with the application for funding. If funding is approved by the State, it is understood that formal agreements with the District will be required prior to receiving funds. If formal agreements cannot be reached, the request for funding will be withdrawn. It is further understood that all improvements made to the site must be approved in advance by the District as well as the appropriate state and local agencies.

Expansion of Transitional Kindergarten

Section: III. Topical Items, Part 1
Item: A. Expansion of Transitional Kindergarten
Purpose: Vote
Submitted by:
Related Material: TK Expansion Memo and Materials.pdf

Date: May 6, 2022
To: Board of Directors of Navigator Schools
From: Kevin Sved, CEO
Subject: Expansion of Transitional Kindergarten

Summary

Watsonville Prep School (WPS) launched one class of Transitional Kindergarten (TK) in 2021-22. The program has been a great success in preparing children socially, emotionally, and academically for a rigorous kindergarten curriculum. With the additional availability of classrooms on the WPS campus and the state's expansion of TK beginning in 2022-23, it recommended that the Navigator Schools Board approve the expansion of TK at WPS to two TK classrooms for the 2022-23 school year.

Background

Beginning in 2014-15, children had to attain five years of age on or before September 1 to start kindergarten that school year. This was a change from the previous requirement that allowed children to enter kindergarten if they had their fifth birthday prior December 2. Concurrent with the changes in kindergarten age, the State of California began a transitional kindergarten (TK) program, which the California Department of Education describes as follows: "TK is the first year of a two-year kindergarten program that uses a modified kindergarten curriculum that is age and developmentally appropriate."

Most TK programs in California have prioritized students who are born between September 2 and December 2 because the regulations were designed to prioritize those students who would have, under the earlier kindergarten age requirements, been in kindergarten and were no longer eligible. The mechanism the state utilized to prioritize this group of students was to allocate average daily apportionment only to students who turned five between September 2 and December 2, or once the child turned five years of age. For example, a four-year-old student who turns five on December 1, could start a TK program on the first day of school in mid-August and the school would receive full funding for every day of that student's attendance from the beginning of the year. However, if a student turned five on December 2, then a school wouldn't be eligible for apportionment funding until the child turned five years of age.

When WPS launched its first year of TK in August 2021, enrollment was prioritized for children who turned five from September 1 to December 1. There were still openings available and in order to serve more students and to have a larger group of students receiving a high-quality TK program prior to their first year of K, we filled the class with children who were not yet eligible for attendance apportionment funding. The largest expense was the staffing cost, so serving more students even without receiving full funding was basically cost neutral.

With the expansion of universal TK, the state is extending funding by two additional months for the next several years. In 2022-23 schools will receive full funding for children who turn five on or before February 1. In 2023-24 it will be by April 1 and in 2024-25 it will be by June 1. In 2025-26 TK will exist for

all four-year-old children in California. TK expansion is a component of a larger statewide initiative referred to as [Universal Prekindergarten](#) which includes expansion of state preschool programs.

TK at Watsonville Prep School

TK students at Watsonville Prep School (WPS) have thrived. Compared to the average entering kindergartener, the average WPS TK student scores better on early reading skills like sound and letter recognition than the average entering WPS kindergarten student, and on average they are younger and still have a full year of kindergarten ahead of them! Furthermore, the development of social skills is also significant and measured closely by our TK staff through the use of the [Desired Results Development Profile](#) assessments. We look forward to comparing the academic and behavioral outcomes of students who have benefited from Navi TK to those who did not participate in Navi TK to determine the extent of the advantages of our investment in these early grades, but at this time it is clearly a great benefit.

Expanding TK at WPS

We designed the school facility at WPS without the foresight of TK expanding and only created one TK classroom. However, since we built out the facility for TK-8 and will only serve TK-5 in 2022-23, we will have extra classroom space in which we can operate a second TK class for 2022-23, 2023-24, and 2024-25, as we will not reach 8th grade until the 2025-26 school year. Andi UnuHernandez, Principal of WPS, requested that we consider utilizing the extra classroom space to operate an additional TK class beginning in 2022-23. The attached floor plan shows how the rooms can be reassigned to make the added TK classroom possible. Marty Hochroth, the architect on the 407 Main Street project, reviewed the codes and determined that the exiting pathways are sufficiently wide, and the only requirement would be to add “signage in the hallway outside Classroom 212 directing occupants towards the correct exits.”

From an enrollment and budget perspective, TK is full for 2022-23, with 13 students on the waitlist. We are confident that we would recover the expenses associated with the addition of the class, and the increased enrollment would immediately benefit children and families while also increasing the achievement levels of our future first- and second-grade students.

The main challenge in considering this is thinking ahead to the 2025-26 school year when our existing space will likely be unable to accommodate a second TK class. In the best-case scenario, we will be able to find a way to add an additional classroom in part of the downstairs area that is not yet programmed by the landlord. we might also be able to allocate space freed by implementing rotating schedules in middle school. In the worst-case scenario we would have to downsize to a single TK class in 2025-26.

Adding TK at Gilroy Prep and Hollister Prep

Navigator staff have initiated conversations with Gilroy Unified School District and Hollister School District about the desire to add TK at Gilroy Prep and Hollister Prep. Currently, facility limitations are the main barrier. We are pursuing funding through the Charter School Facilities Program as one pathway to address this challenge.

Recommendation

It is recommended that the Navigator Schools Board approve the expansion of TK at WPS to two TK classrooms for the 2022-23 school year.

Long-Term Independent Study

Section: III. Topical Items, Part 1
Item: B. Long-Term Independent Study
Purpose: Vote
Submitted by:
Related Material: Long-Term IS Memo.pdf

Date: May 5, 2022
To: Board of Directors of Navigator Schools
From: Kevin Sved, CEO
Subject: Expiration of AB 130 Long-Term Independent Study

Governor Gavin Newsom signed Assembly Bill (AB) 130 into law on July 9, 2021. These long-term independent study requirements issued by the governor did not apply to charter schools, but Navigator provided this option as a component to serve students and families during a time of crisis. Thankfully, COVID-infection rates for staff and students have declined significantly since the peak of the pandemic and the height of the Omicron surge. Confidence in health and safety precautions continues to increase, along with a corresponding desire on the part of students, families, and staff to return to in-person instruction. The crisis has subsided, and its impact on Navigator will continue to fade as we approach the start of the new school year in August, 2022. With this in mind, the Directors and Chiefs of Navigator Schools seek board approval to discontinue the long-term independent study program that emerged as a voluntary response to the COVID-19 outbreak.

For the 2021–22 school year only, school districts and County Offices of Education were required to offer independent study as an educational option (Education Code [EC] Section 51745). Although charter schools were exempt from this requirement, Navigator determined that implementation of a long-term independent study program would support students and families during the COVID-19 pandemic. The pandemic-era requirements initiated by the governor for school districts and County Offices of Education will expire on June 30, 2022. Navigator leaders recommend that Navigator’s long-term independent study program end on this date.

As of May 5, 2022, there are thirty-one Navigator Schools students enrolled in long-term independent study. Per individual long-term independent study contracts, this enrollment will fall to zero by the end of the 2021-22 school year. Navigator will continue to provide short-term independent study (less than 15 days) for families when students are not able to come to school for illness, work-related travel, and other critical family needs.

Recommendation

It is recommended that the Navigator Schools Board of Directors approve the discontinuance of the Navigator Schools long-term independent study program effective June 30, 2022.

Hayward Collegiate Merger

Section: V. Topical Items, Part 2
Item: A. Hayward Collegiate Merger
Purpose: Discuss
Submitted by:
Related Material: HC Merger Memo and Materials.pdf

Date: May 6, 2022
 To: Navigator Schools Board of Trustees
 From: Kevin Sved, CEO
 Subject: Merger Update and Next Steps

Background and Updates

On February 8, the Navigator Schools Board of Trustees approved the intent to merge with Hayward Collegiate, with the effective date of July 1, 2022. The result would be a merger of two California non-profit public benefit corporations, with Navigator Schools as the surviving corporation, and Hayward Collegiate as the disappearing corporation. The material revision to name the Navigator Schools Board of Directors as the governing board for Hayward Collegiate (HC) was unanimously approved by the Alameda County Board of Education on April 12, 2022, clearing the path for the merger and related legal documents to be approved and executed.

The Alameda County Office of Education (ACOE) performed its annual charter oversight visit on April 27, 2022. The visit went well. The oversight visit focused on classroom instruction, school climate, and a review of academic and attendance data. HC Principal Elise Congreve did an excellent job discussing school data and the instructional approach. Kevin Sved, CEO of Navigator Schools, and Kirsten Carr, Director of Engagement and Partnerships, were on hand for added support. Pending the approval of the merger, a tentative agreement has been reached with Elise to join the Navigator Support Office team as a curriculum coordinator with special duties, including the onboarding of a new HC principal, an open position for which we continue to [seek candidates](#) at this time.

The focus for this early phase of integration is to make sure that we effectively execute the necessary and legally required tasks, and that the optional work of integration will only be done if it is a clear value add to Hayward Collegiate and that the team is confident that the work can be done in excellence, and with clear communication and collaboration with HC leadership.

Navigator's CEO and CAO have begun to spend regular time at HC to better understand its unique strengths, needs, and challenges, while also building rapport with current HC stakeholders. The CAO has coordinated several meetings with the HC principal, CEO, CAO, and relevant senior leadership team members to align needs and priorities across key work streams, including human resources, special education, IT, community engagement, business and finance, and facilities. There are opportunities for "early wins" that fall into the "optional work" category that could be positive morale boosters for the HC staff, students, and parents who are most directly impacted by the changes associated with the merger. These could include 1) bringing IT support in-house or supplementing HC's current IT contractor with weekly on-site tech support, 2) moving breakfast and lunch service from the classrooms where students currently eat to the social hall, and 3) installing artificial turf to improve the main playspace and quad area which is currently a worn dirt patch in the middle of the campus.

Next Steps

To complete the merger, the Navigator Board will need to approve the "Agreement and Plan of Merger" and the "Asset Transfer Agreement." These documents are attached to the resolution for this item. Another required component of the merger focuses on human resources issues as all current HC employees will become Navigator employees upon dissolution of HC. Unlike Navigator, HC does not currently participate in the State Teachers Retirement System (STRS). The revised HC charter requires certificated personnel to participate in

STRS; therefore, the attached resolution includes a provision to authorize the CEO or designee to take the steps necessary to enroll HC in STRS.

Relatedly, HC provides a voluntary retirement benefit program that matches employees' contributions up to 4% of annual salary upon completion of their first year of employment. HC certificated staff will become members of STRS as Navigator employees. This will increase employer contributions to their retirement benefits and honor a guiding principle of the merger which states that no employees will lose their job nor experience a reduction in salary or benefits as a result of the merger. It will also be necessary to extend a similar voluntary retirement benefit program that matches employee contributions up to 4% of annual salary upon completion of the first year of employment for the non-credentialed staff. Navigator has intended to provide such a benefit to non-credentialed Navigator staff, but it does not currently offer this benefit. The attached resolution would also authorize the CEO or designee to institute such a voluntary matching retirement program for all non-certificated Navigator employees upon completion of their first year of employment. The projected 2022-23 costs for adding this benefit are \$22,939 for Gilroy Prep, \$22,629 for Hollister Prep, \$18,219 for Watsonville Prep, and \$12,665 for the CMO.

Detailed Next Steps and Project Management

The Navigator team is working closely with the HC Principal Elise Congreve on the integration plan, including HC CEO Neena Goswamy as needed. (Neena is on maternity leave through at least June 30, 2022 so we are working to minimize her engagement as much as possible.) The senior leadership team initiated a weekly project management meeting on April 28, 2022 to focus on integration. During the first meeting, Benjamin Moeller, Director of IT and the most accomplished project manager on the Navigator team, trained the senior leadership team on the use of Monday.com as a collaboration and project management tool. Elise and Neena are being included in the Monday.com board as well. Attached are images of the project board which is still in the early stage of development and currently focused on the next 30-90 days, with longer-term integration plans to be added in the near future. While the project board includes discrete tasks, also attached is a select list of the tasks associated with the immediate stage of integration planning and execution.

Overview of Integration Workflow May 6, 2022

The focus for this early phase of integration is to make sure that we effectively execute the necessary and legally required tasks, and that the optional work of integration will only be done if it is a clear value add to Hayward Collegiate and that the team is confident that the work can be done in excellence, and with clear communication and collaboration with HC leadership.

Amendment to Watsonville Prep School's Calendar

Section: V. Topical Items, Part 2
Item: C. Amendment to Watsonville Prep School's Calendar
Purpose: Vote
Submitted by:
Related Material: 1. WPS Calendar Memo.pdf
2. NS_2021-22_Academic_Calendar.pdf

Date: May 9, 2022

To: Board of Directors of Navigator Schools

From: Kevin Sved, CEO

Subject: Amendment to Watsonville Prep School's 2021-22 School Calendar

Background

On August 24, 2021, the Board approved a modification to the Watsonville Prep School (WPS) calendar eliminating September 17, 2021 as a school day to provide time for moving into the new WPS campus. The recommendation the Board approved delegated authority to the CEO to reschedule the school day that was canceled. Without rescheduling the canceled day, WPS would have 179 days of school, which exceeds the 175 required by charter schools. School calendars for Navigator Schools have been set at 180 days to match the days provided by most school districts. In addition, the charters for each of the schools also state that the schools will operate 180 school days. However, district schools have access to waiver requests when unforeseen circumstances or emergencies arise to reduce the number of school days in a given year. Navigator staff requested the charter oversight staff at the California Department of Education (CDE) to consider whether a 179-day school calendar for 2021-22 would be acceptable given the day of missed school was due to the entire school being moved into a new facility. Concurrent with the request, staff has planned for the possibility of adding an extra day to the 2021-22 school calendar for June 13, 2022. On May 9, 2022 staff received confirmation from the CDE that a 179-day calendar for 2021-22 was acceptable. Navigator staff also confirmed with the audit firm that there would be no penalty regarding funding, reasserting the 175-day requirement for charters.

Recommendation

It is recommended that the Board approve a 179-day calendar for Watsonville Prep for 2021-22 given the circumstances of moving into a new facility.

Re: 2022-23 Consolidated Application for Funding

It is recommended that the Board approve the 2022-23 Consolidated Application for Funding for Gilroy Prep, Hollister Prep and Watsonville Prep.

Background

Local Educational Agencies (LEA) use the Consolidated Application and Reporting System (CARS) to electronically apply for, manage, report and provide assurances that the LEA will comply with the legal requirements related to specific formulas driven by state and/or federal categorical programs. The LEA is required to review and receive approval of their Application for Funding selections with their local governing board.

With the Board's approval Gilroy Prep, Hollister Prep and Watsonville Prep will all be applying for Title I-Part A, Title II- Part A, Title III- Part A, and Title IV-Part A.

Summary

Staff recommends the Board to approve the 2022-23 Application for Funding for Gilroy Prep, Hollister Prep and Watsonville Prep.

Date: April 13, 2022

To: Board of Directors

From: Ami Ortiz, Director of Business & Finance

Re: Approval of WPS's Second Interim Report for 2021-22

Recommendation

It is recommended the Board approve, as part of the consent agenda, Watsonville Prep School's Second Interim Report, as required by the California Department of Education (CDE).

Background

Local educational agencies (LEAs) are required to file two reports during a fiscal year (interim reports) on the status of the LEA's financial health. The first interim report is due December 15 for the period ending October 31. The second interim report is due March 17 for the period ending January 31.

While WPS's charter does not require us to have Board's approval of the interim reports, our authorizer has requested that we do obtain our Board's approval.

Summary

It is recommended the Board approve Watsonville Prep School's Second Interim Report for 2021-22, as required by the California Department of Education (CDE).
