Navigator Schools Fund Development Strategy

Development Committee Meeting January 16, 2025

Our 3-year strategy aims to articulate our plan to create a diversified support base to fund Navi projects and programs that are difficult to support solely with state and federal funds.

- **In 2023-24, the board prioritized hiring a Development Officer and launching a comprehensive Development Strategic Plan.**
- **Learning: Our students and their families have significant needs beyond what our baseline government funding provides.**
- **The key driver of our strategic plan is to address the critical needs of students and families.**
- **The major components of our strategic plan are:**
 - **target audience (potential donors) messaging and branding;**
 - **outreach methods by target audience;**
 - **operational efficiencies;**
 - **collaborations;**
 - **signature events; and,**
 - **creation of the Navigator Scholars Enrichment Fund (NSEF).**
- **We are developing a strong pipeline to achieve our FY 2025-26 fundraising goals.**
- **Board-level leadership is critical to our fundraising success: time, treasure, talent.**

In 2023-24, the board prioritized hiring a Development Officer and launching a comprehensive Development Strategic Plan.

Accomplishments to date	
Partnership Development	In 2024 we Identified strong potential corporate partners including: AmeriCorps, Ricoh, POMS & Associates, Verizon Learning, and the City of Watsonville
Grant Success	Our Grant Success during 2024-25, so far we have earned grant awards from the Charter Schools Growth Fund, Schwab, and Silicon Schools Fund, totaling more than \$1.5 million
Program Launch	We launched our first Annual Giving Tuesday campaign- raising a total of..and launched a sponsorship campaign with Benchcraft Golf setting the foundation for our ongoing donor engagement strategy.
Internal Systems	Our internal systems efforts have resulted in the exploration of a CRM implementation for streamlined donor management and we launched a streamlined survey campaign for improved data collection.

Learning: Our students and their families have significant needs beyond what our baseline government funding provides.

<p>Fundraising Strengths, Needs, and Gaps</p>	<ul style="list-style-type: none"> ● Strengths: Navigator Schools has historically excelled at securing grants from a few highly aligned foundations, which have been the backbone of our fundraising efforts. ● Needs: Covid learning loss funding has ended, but increased student needs have not. ● Gaps: By relying on grants alone, Navigator Schools misses out on important resources available in our communities. We've never implemented a donor-based strategy, limiting our ability to cultivate diverse funding sources and expand financial resilience.
<p>ELOP Deficit</p>	<ul style="list-style-type: none"> ● ELOP funding falls short of covering the full costs of afterschool programs, leaving students without consistent access to enrichment opportunities. ● When enrichment is provided, it often creates a financial draw on general funds that strains other resources.
<p>Transportation Challenges</p>	<ul style="list-style-type: none"> ● Transportation issues are a major contributor to absenteeism. ● One important solution has been sending rideshare services (e.g., Ubers) to pick up students, especially homeless and foster youth.
<p>Parent Engagement</p>	<ul style="list-style-type: none"> ● Engaging parents remains a challenge. A more structured approach is needed to involve families in supporting their children's education and fostering a stronger community connection.
<p>Wrap-Around Services</p>	<ul style="list-style-type: none"> ● Many students and families lack access to vital resources such as mental health services, nutrition programs, and extracurricular support.
<p>STEM Enrichment</p>	<ul style="list-style-type: none"> ● As the demand for STEM skills grows, our current school day is insufficient to prepare students for future opportunities.

The key driver of our strategic plan is to address the critical needs of students and families.

Fundable Projects and Ongoing Needs

<p>Student-Centered Opportunities</p>	<ul style="list-style-type: none"> ● Family food baskets during school breaks (no longer funded by the state) ● Experiential learning (field trips, camps) ● After School enrichment programs ● STEM initiatives ● Mental wellness support
<p>Infrastructure and Expansion</p>	<ul style="list-style-type: none"> ● Hayward Collegiate playground expansion ● Vehicles and transportation ● Organizational growth (new school development)
<p>Multilingual Learners</p>	<ul style="list-style-type: none"> ● Create opportunities for experiential language acquisition
<p>Innovative Practices</p>	<ul style="list-style-type: none"> ● Piloting and scaling innovative educational approaches ● Creative partnerships to deliver talent (e.g., Americorp)
<p>Community and Alumni Engagement</p>	<ul style="list-style-type: none"> ● Family engagement initiatives ● Alumni pathways and ongoing support (secondary and college education)

The major components of our strategic plan are: target audience (potential donors) messaging and branding...

Development and Communications leaders are working together to create messages that speak to each potential groups:

The major components of our strategic plan are: collaborations...

Collaborations	Status
<p>Ricoh: aligns with our need for tech and enrichment</p>	<ul style="list-style-type: none"> ● November 2024- submitted a \$4MM, 5-year proposal to collaborate on expanding the Navi Impact and Squads models. ● Following discussions, Ricoh proposed new areas of support, including: <ul style="list-style-type: none"> a. Sponsoring STEM labs and makerspaces. b. Becoming a tech partner to equip classrooms with Ricoh’s 3D printers. ● We are currently revising the proposal for a January submission to reflect this updated focus on ELOP support.
<p>Americorps: aligns with our need for talent</p>	<ul style="list-style-type: none"> ● Preparing for March 2025 grant submission to support our initiative focuses to utilize AmeriCorps VISTA members to serve as Small Group Instructors (SGI), Full Inclusion Instructors (FII), and Teachers in Training (TNT).

The major components of our strategic plan are: signature events...

Navigator Schools turns 15-years-old in 2025-26.

It's time for a

Quinceañera!

- Launch our inaugural annual signature event in 2025 to celebrate Navigator Schools' 15th anniversary: *Navigator Schools Quinceañera*.
 - The event will honor our journey, celebrate our achievements, and showcase the impact of our programs.
 - Create a celebration that reflects the rich cultural heritage of our community, fostering a sense of belonging and pride.
 - Highlight and support our Multilingual Learner (MLL) population by showcasing student achievements and opportunities made possible through fundraising..
-
- Leverage the event to build a sustainable donor base by engaging alumni, families, and corporate sponsors.
 - Use this platform to secure long-term financial support for programs that enrich students' educational experiences.

The major components of our strategic plan are: creation of the Navigator Scholars Enrichment Fund (NSEF).

Through the Navigator Schools Support Corporation, we will create and brand a Navigator Scholars Enrichment Fund as our specific vehicle for fundraising to address the learning and life needs of our students not met by our ongoing government funding.

Afterschool Enrichment

- Expand experiential learning opportunities for Multilingual Learners (MLL) and economically disadvantaged students, including field trips for students and families
- Goal: \$50K to fund literacy-focused trips for our MLL population (1000 students)

Basic Needs Fund

- Establish an emergency fund to support food, transportation, and family emergencies
- Goal: \$190K (\$100 per pupil for 1,900+ students)

To augment our board engagement, we will create an advisory group to lead the Navigator Scholars Enrichment Fund consisting of individuals who are more enthusiastic about fundraising than they are about governing and school operations.
