How do these actions support student literacy development?

Navigators Schools Academic Success Committee Meeting Agenda Monday, February 19, 2024 at 4:00 PM

Cascading Professional Development planning:

1. The senior leadership team uses progress monitoring data (assessments, walkthroughs, etc) to identify professional development needs.
2. School leaders attend weekly leadership PD where they are trained on a common skill or strategy (eg vocabulary routine).
3. Each school leader then presents to the appropriate instructional staff at the following week's PD
4. School leaders align walkthroughs, coaching action steps, and live coaching the following week to focus on the PD skills

Coaching Widely Important Goal

Unit 2 WIG:

School leaders and coaches will use student outcome and implementation data to prioritize and inform a cohesive coaching cycle

What we accomplished:

- All leadership 1-1 meetings now include video review that results in a action step for the principal that moves their leadership practices forward.
- All leadership 1-1s review curriculum embedded assessment and coaching data. That data is used to prioritize walkthrough and additional live coaching support for the upcoming week.
- Data point: 1-1 leadership meeting agendas include: video review → specific data → priority focus with action step → walkthrough plan

Learnings and next steps:

- Video review is highly impactful as a tool for self-reflection and improvement! We reviewed exemplar video with all of the principals and saw immediate implementation with the other principals.

By winter break, 60% of teachers meet look fors:

***Instructional staff ensures all students have opportunities to independently practice reading fluently and pausing to unpack key moments in the text to demonstrate understanding.**

***Instructional staff using Tracking Not Watching (TNW) to monitor student discussion, using a data-collecting system to track mastery and gap trends, and pausing to address trending errors whole-class.**

What we accomplished:

- Each coach chose two teachers to work with to build model classrooms so that we could film and codify what best practices look like across the schools and grade spans.

Learnings and next steps:

- We did not meet our WIG goal: Avg 40% in independent practice and 20% in TNW. We commit to continuing to work with staff on moving these look fors forward through professional development and coaching.

Unit 3 WIG:

80%+ OF K-2 teachers have strong implementation of the DI routines.

Unit 3 WIG:

By February 27 all 3-5 Vice Principals run a data meeting with each of their ELA teachers

Cycle 3 WIGs
