Re: 2022-23 LCAP Goals, Actions, and Metrics

Background

The Local Control and Accountability Plan (LCAP) documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. The LCAP is a three-year plan which is reviewed and updated annually as required by the California Department of Education. Charter schools complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.

A requirement in developing the 2022-23 Local Control Accountability Plan (LCAP) is to address school results as captured in the new California School Dashboard. (<https://www.caschooldashboard.org/>) The site features reports on multiple measures of school success, including test scores, English learner progress, and suspension rates. Using a color-coded system, the Dashboard makes it easier to see areas of strength (blue or green), areas of challenge (red or orange), and areas in between (yellow).

Summary

I began the LCAP process in February 2022 and is still in process. Stakeholder input is a requirement of the LCAP. We have been collecting stakeholder input through parent coffees, staff surveys, student surveys, School Site Council and the Leadership Team. It is important that we also get input from the Board of Directors. Attached you will find a summary of our Goals and Actions for the 2022-23 LCAP. The LCAP goals are below and align to Navigator's five compass points:

1. Create a culture of excellence within the school community to foster a positive school climate, promote a sense of belonging and nurture social, emotional, & academic growth.
2. All students will receive data-driven instruction in Common Core State Standards (CCSS), Next Generation Science Standards (NGSS) and other CA State Standards.
3. Provide weekly coaching and feedback to all staff to support continuous improvement for teaching and student learning.
4. Ensure equitable access to curriculum, programs, and pathways for student success.
5. Use cutting edge instructional technology to encourage student engagement, increase staff effectiveness to improve student learning, and prepare students for the future.

Please review the summary document and feel free to send me any input or questions you may have.
