II. Academic Topics

A. Review of SBAC Results

Staff presented a comprehensive presentation divided into several parts focusing on specific topics, including SBAC results, academic priorities, interventions, chronic absenteeism, and model providing. Neena Goswamy began the presentation with a review of 2023 SBAC performance, including a deep-dive into math proficiency levels of key student groups. Members asked clarifying questions, shared insights, and suggested future strategies for analysis.

B. Academic Priorities Update

Mariah Butron presented models for math instruction, including center-based strategies, curriculum, classroom scheduling, data collection, and model classrooms. Katie Giacalone continued the presentation, focusing on interventions as implemented within a Multi-Tier System of Supports (MTSS). She provided examples of instruction aligned to each tier, the process by which students are assigned to tiers, and instructional materials employed to support interventions. Staff recognized and celebrated the rapid launch of interventions at WPS at the start of the new school year.

C. Chronic Absenteeism

Sean Martin shared a summative review of 2023 chronic absenteeism rates as reported to the state for the CA School Dashboard. He reviewed rates by school and compared rates between members of key student groups and non-members. He highlighted new supports to increase student attendance, including the addition of an Attendance Specialist at each school site. He ended with a brief report exploring the impact of minimum school days on student attendance.

D. Model Providing Update

Justin Steiner presented efforts to develop and implement model-providing strategies that will have a transformative, nationwide impact on teaching and learning. He reviewed multiple formats and delivery systems for model dissemination, including in-person, online, and hybrid programs. He provided an in-depth update on the RTAC grant and its key components, including critical friends groups (CFG), partnering with Transcend to codify the innovative Navigator Schools Squads Model, and field research, including visits to public school partners in Seattle, WA. Members asked questions about referral sources and summer school. Staff mentioned model presentation opportunities at major educational conferences. Members provided feedback for presenting ASC topics to the entire board. In closing, Dr. Young invited members to visit schools whenever they wished to witness the effectiveness of the Navigator Schools Model firsthand.

III. Closing Items

A. Confirm Next Meeting

The next meeting of the ASC will occur on Monday, October 16, 2023.

B. Adjourn Meeting

Chuck Daggs made a motion to adjourn.

Claire Grissom seconded the motion.

The committee **VOTED** unanimously to approve the motion.
