School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2025-26 School Year

Projected Revenue by Fund Source

This chart shows the total general purpose revenue California Online Public Schools Central Coast expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for California Online Public Schools Central Coast is \$2,019,405, of which \$1,749,167 is Local Control Funding Formula (LCFF), \$238,739 is other state funds, \$16,203 is local funds, and \$15,296 is federal funds. Of the \$1,749,167 in LCFF Funds, \$160,062 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The charts in the Budget Overview for Parents are automatically generated based on your updates in the input form of the standalone template in DTS. There is no need to insert images.

Please contact DTS if you would like support with overlapping labels. Thank you!

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much California Online Public Schools Central Coast plans to spend for 2025-26. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: California Online Public Schools Central Coast plans to spend \$ for the 2025-26 school year. Of that amount, \$ is tied to actions/services in the LCAP and \$0 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

Increased or Improved Services for High Needs Students in the LCAP for the 2025-26 School Year

In 2025-26, California Online Public Schools Central Coast is projecting it will receive \$160,062 based on the enrollment of foster youth, English learner, and low-income students. California Online Public Schools Central Coast must describe how it intends to increase or improve services for high needs students in the LCAP. California Online Public Schools Central Coast plans to spend \$ towards meeting this requirement, as described in the LCAP.

Plan Summary [2025-26]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

California Online Public Schools Central Coast serves students in grades TK-12 through an online program under California's independent study laws, operating as a non-classroom based public charter school. The school operates under a charter authorized by the Cuyama Joint Unified School District, and enrolls students in three counties: Santa Barbara, Ventura, and San Luis Obispo. In the 2019-2020 school year, the school opened its doors for the first time. The school is governed by the non-profit charter management organization, California Online Public Schools (CalOPS). There are currently six schools in the CalOPS family that run under the same school model.

Students attend school primarily from home, supervised by a Learning Coach (generally a parent), following a Personalized Learning Plan that integrates technology and standards-aligned curriculum under the supervision of professional, fully qualified, certificated teachers. California Online Public Schools Central Coast is tailor-made for a diverse array of students who benefit from a quality alternative to the traditional brick and mortar classroom. These include students whose families seek more direct involvement in their education; students who are homebound due to illness or disability; exceptional students who are far ahead of or far behind their peers in school; young people pursuing artistic or athletic careers that require a flexible school schedule; students in group homes or institutions; and students at risk of academic failure who may particularly benefit from intensive, personalized instruction. The school is governed and operated by an independent Board of Directors, CalOPS, that is made up of a mix of educators, parents, and community representatives. California Online Public Schools' goal is to set a new standard for virtual education excellence in California. To reach this goal, students at the school are provided with a top-quality and diverse curriculum that combines the best in print and technology and that is designed to meet all state standards. Students have opportunities to engage in community based field trips and other in-person learning and social activities to supplement the online program.

Some considerations that are unique to the California Online Public Schools Central Coast program and that have an effect on the performance metrics described in this LCAP include:

A public charter school of choice, which parents choose for a wide variety of reasons

The school serves all grade levels, TK-12, which is different from most traditional public schools

A high mobility rate, which results in a large population of new students each year

A diverse and spread-out population that has difficulty participating in State Testing.

A high percentage of high school students who enroll are deficient in the credits needed to graduate on time and therefore, take more than 4 years to graduate

A growing unduplicated pupil demographic, specifically English Language Learners at all grade levels.

A transitional year in 2024-2025 of change that involved new internal systems (SIS and LMS) and curriculum at all grade levels.

When considering student outcomes for the school, these factors are important to take into consideration, in particular, the high mobility rate for students, as well as the time it takes for students to adapt to a completely online learning environment. Due to the unique virtual charter school program offered, the school experiences a lot of student turnover both during the year as well as from year to year. Many students and families choose a virtual charter school program to serve a unique need for a particular period of time, e.g., medical reasons, sports, a family move, bullying, etc. Their intent is to solve a family issue and enroll in a virtual school for a limited time. Families report that it takes a while to adapt to working in an independent study and virtual school environment, so students who do choose to stay in the program for more than one year are more academically successful in their second and subsequent years. The school makes ongoing significant efforts to provide training and support to increase retention and student success in the program, as reflected in some of the goals and actions in this LCAP.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

California Online Public Schools Central Coast's 2024 Dashboard performance reflects a concerted alignment with our school's LCAP goals and actions. We have rigorously analyzed and engaged stakeholders in discussions about the performance data to maintain a steadfast focus on student and school achievement and advancement throughout the LCAP development process.

While it is crucial to address all areas of the accountability system to ensure equitable outcomes for all student groups, we are particularly attentive to both our successes highlighted on the dashboard and the specific areas and groups demonstrating the greatest need based on the data.

Our strengths on the 2024 Dashboard are prominently reflected in our school's Suspension Rate. California Online Public Schools Central Coast proudly boasts a Suspension Rate of zero percent across all student groups, a noteworthy achievement compared to the state's average suspension rate of 3.2%. This accomplishment underscores our dedication to fostering open communication with our students, cultivating robust teacher-student relationships, and promoting academic consistency.

It is also important to note that the 2024 Dashboard does not provide performance colors for English Learner Progress, College and Career, or Graduation Rate due to the small number of students enrolled in these indicators, which prevents public reporting.

However, the 2024 Dashboard also sheds light on areas of focus and growth that necessitate our attention to ensure the success of all students and student groups at our school. These areas serve as guiding points for our ongoing efforts to enhance our educational offerings and support systems, ultimately striving for continuous improvement and student achievement.

Notably, California Online Public Schools Central Coast is identified with lower performance levels in Academic Performance for English Language Arts and Mathematics. In English Language Arts, all students scored an average of 67.6 points below standard but showed a gain of 7.7 points from the prior year. The Socioeconomically Disadvantaged student group had the lowest reported score at 71.8 points below standard, reflecting a notable improvement of 28.2 points. In Mathematics, the all-student group scored 126.1 points below standard, with a gain of 16.7 points. The Hispanic student group showed the lowest score at 149.6 points below standard, but with a positive increase of 28.4 points from the prior year.

A deeper examination of this data indicates that chronic absenteeism and low state testing participation are contributing factors to these outcomes. Chronic Absenteeism is marked in the Red performance band with 24.7% of students chronically absent, an increase of 13.3 percentage points from the prior year. The Socioeconomically Disadvantaged group showed the highest rate of chronic absenteeism at 30.6%, while the White student group increased to 15.4%, placing it in the Orange band.

As an online school, we continue to face challenges in ensuring students participate in statewide testing at in-person locations. Conversations with stakeholders have revealed that travel logistics, work schedules, and student anxiety are common barriers to participation. In response, we have expanded access through remote testing options, introduced more geographically distributed testing locations for students in need of 1:1 testing, and bolstered our outreach to families through targeted communication, and incorporated more practice assessments into our curriculum. We are also targeting early elementary testing participation to build a strong culture of testing consistency from an early age.

In conclusion, California Online Public Schools Central Coast remains steadfast in its commitment to addressing areas of improvement highlighted by the 2024 Dashboard while building upon our strengths to ensure the success of all our students. Through collaborative efforts, targeted interventions, and ongoing support, we are dedicated to fostering a culture of continuous improvement and student achievement at California Online Public Schools Central Coast.

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
School Parents/Caretakers	School Advisory Committee Meetings, ELAC meetings, Parent/Administration Collaboration Meetings, Parent satisfaction surveys, LCAP goal input surveys, State Testing Surveys, and curriculum feedback forms, Charter School Board Meetings
Students	School Advisory Committee Meetings, ELAC meetings, YouthTruth Student engagement survey, LCAP goal input surveys, State Testing Surveys, and curriculum feedback forms, Charter School Board Meetings
Teachers	School Advisory Committee Meetings, ELAC meetings, Staff engagement survey, LCAP goal input surveys, State Testing Surveys, curriculum feedback form, School Enhancement Target reviews, Brown Bag Staff Meetings, Charter School Board Meetings, WASC Accreditation Focus Group Meetings, and Back to school 'All Staff' Meetings.

Educational Partner(s)	Process for Engagement
	Accreditation Focus Group Meetings, Executive Leadership Team Meetings, and Back to school 'All Staff' Meetings.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The educational partner engagement processes outlined by California Online Public Schools are thorough and comprehensive, demonstrating a strong commitment to inclusivity and collaboration in the development of the LCAP.

The use of surveys as a means to gather feedback from parents, students, and other stakeholders is a valuable practice, allowing for targeted input on areas of need and school improvement. Open-ended questions enable stakeholders to provide detailed feedback, which can be instrumental in shaping the direction of the LCAP.

The various meetings, such as the School Advisory Committee, Caretaker and Administration Collaboration Meetings, and English Learner Advisory Committee Meetings, provide forums for stakeholders to engage in discussions about school programs, policies, and the LCAP. These meetings ensure that diverse perspectives are considered and that stakeholders have opportunities to convey their thoughts, celebrations, and concerns directly to the school administration.

Additionally, the involvement of the Charter School Board, authorizing district, and WASC accreditation process further enhances accountability and ensures alignment with broader educational goals and standards.

The Executive Leadership Team Meetings play a crucial role in refining LCAP goals and priorities based on stakeholder input, with representation from various departments within the school. This ensures that the actions and expenditures required to implement the LCAP are carefully considered and agreed upon.

Furthermore, the inclusion of all staff in back-to-school and end-of-year meetings, and grade level and department meetings, provides additional opportunities for input into school improvement efforts, fostering a culture of continuous feedback and collaboration among staff members.

Overall, the multi-faceted approach to stakeholder engagement outlined by California Online Public Schools Central Coast reflects a commitment to transparency, accountability, and continuous improvement in serving the needs of students, families, and the school community.

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

California Online Public Schools Central Coast successfully implemented the core actions tied to Goal 1, including the continued use of diagnostic assessments (i-Ready, MAP), development of MTSS academic interventions, and professional learning communities (PLCs) focused on re-teaching and accelerating academic growth. Teachers utilized both synchronous and asynchronous tools to support instruction, and additional support was provided to English Learners and foster/homeless youth. No major deviations from the planned actions occurred.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Most expenditures aligned closely with the planned amounts. Contributing actions—including professional development, MTSS interventions, and support for EL and foster youth—were funded as projected, supporting improved services for high-needs students. Any minor differences were operational rather than programmatic and did not impede service delivery.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Implementation led to steady academic progress. Although i-Ready metrics showed a slight decline in Reading typical growth (60%) and a modest dip in Math (50%), PLCs and academic support structures remained strong. Continued professional development and academic data analysis have been effective in identifying students needing additional support and responding accordingly.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

In response to current outcomes, the school will increase targeted support for EL reclassification, reinforce academic intervention plans through PLC collaboration, and ensure that MTSS is deployed equitably. A renewed focus on aligning instructional tools and strategies to grade-level standards will guide refinements for 2025–26.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Implementation of Goal 2 included strong progress in technology access (devices, internet reimbursement), biweekly contacts, tiered re-engagement strategies, and family/caretaker supports. In-person and virtual engagement activities remained a consistent feature, along with staff training in social-emotional support and the inclusion of foster/homeless liaison roles.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Expenditures generally aligned with budgeted projections. Technology and engagement support actions—particularly those supporting access and inclusion—remained fully funded. No significant material differences impacted implementation of re-engagement or caretaker support strategies.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

The school maintained a 0% suspension rate, highlighting a safe and inclusive environment. However, the chronic absenteeism rate increased to 25%, and biweekly contact rates declined to 87%, indicating a need for deeper outreach and earlier intervention. Efforts to support family engagement, while comprehensive, will require refinement to increase effectiveness.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

The school will strengthen early warning systems and refine tiered intervention practices to reduce chronic absenteeism. Additional support will be provided to families via multilingual engagement tools and targeted advisory connections. Staff training will be enhanced to build stronger connections with students and their families.

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Access to Technology, Internet Connectivity, and a Rigorous Curriculum	Upon enrollment and at other times when the need may arise, enrolled students will be provided with a school issued Chromebook and no cost to the family. Additionally, a prorated internet reimbursement may be requested during the enrollment process or at any time after enrollment. The tools named are for the purpose of engagement with our instructional program and our curriculum delivered through our learning management system. All enrolled students have access to all needed elements of our LMS to help them engage will with our program. Unduplicated students will be prioritized.	\$202,649.26	Yes
2.2	Track and Record Daily Student Participation	Each student in every grade must communicate with a teacher at least once every two (2) weeks. In addition, parents/legal guardians (or their qualified designee) must communicate with their student's teacher(s) on a regular basis, with the frequency to be determined by the teacher based on the student's grade level and progress in the program. These required reports (also known as contacts) occur in person, by phone, or via real-time instructional sessions, at a mutually agreed upon time and date. Meetings and contacts are documented in log entries. Attendance and lesson completion are recorded daily.	\$185,499.52	No
2.3	Framework of Tiered Re-engagement Strategies for Students	When students find difficulty with engaging fully with our program, school staff will follow a well outlined escalation process. This process consists of tiers of interventions set up to assist students to find ways to engage fully with our school program. School staff will also utilize these strategies to lessen instances of chronic absenteeism.	\$123,035.61	Yes
2.4	Caretaker Engagement Support	The Caretaker Support System will be expanded, continuing with enhancements to the Learning Coach Support Plan, including more improvements to the onboarding process, improved summer engagement	\$8,496.05	Yes

		activities, additional Caretaker training and resources, including additional resources in Spanish and additional languages as requested.		
2.5	Social Emotional / Mental Health Supports	Staff will be trained in and asked to engage in social emotional supports for all students. In instances where more intense mental health support is needed, the school will consult and consider hiring additional experts in these fields.	\$16,240.46	No
2.6	Increasing Diversity and Inclusion	Our school is committed to the increasing diversity and inclusion for our entire school community. We will participate in professional development, evaluate curriculum and instructional practices, all with the focus of ensuring we are incorporating diverse and inclusive practices.	\$2,623.23	No
2.7	Foster and Homeless Youth Engagement Support	Continue to refine and consistently implement the identification process for foster and homeless youth during the enrollment and placement process. The school will continue to train one or more liaisons who will work closely with all students identified as foster or homeless and provide a personalized support structure to ensure their success. The roles and responsibilities of the liaison will be developed and clarified for different grade bands. Identified students will be assigned to the student support section of a liaison. Counseling and homeroom staff will be trained in identification, placement and support of foster and homeless youth. The focus of all these staff is to identify individualized support for these students providing tools such as WiFi hotspots and other such engagement support.	\$1,769.18	Yes
2.8	In-Person and Virtual Engagement and Enrichment	Staff and families will be provided the opportunity to interact in-person or virtually to enrich the school experience.	\$6,268.59	No

Goals and Actions

Goal

Goal #	Description	Type of Goal
3	All students will graduate with the knowledge and skills needed for college and careers.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
 Priority 2: State Standards (Conditions of Learning)
 Priority 3: Parental Involvement (Engagement)
 Priority 4: Pupil Achievement (Pupil Outcomes)
 Priority 5: Pupil Engagement (Engagement)
 Priority 6: School Climate (Engagement)
 Priority 7: Course Access (Conditions of Learning)
 Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

As an educational organization serving students in high school, it is our work to assist as many students as possible to graduate from high school. Our immediate focus within this goal is to increase the overall graduation rate. To that end, the metrics selected are heavily weighted towards strategies to increase graduation rate as are relevant and available.

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Goal 3 actions were fully implemented with continued support for credit recovery (Project Success), college readiness (AVID, a-g access), and career pathways (CTE, dual enrollment). Guidance support was aligned with transcript monitoring and evaluation. CHAMPS programming also supported early intervention for underclassmen.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

All planned expenditures were implemented as described. Contributing actions—such as Project Success, AVID, and summer school—were effectively supported. Minimal variance was observed between budgeted and actual spending, allowing for continuity of services across programs.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Key indicators showed positive trends: Project Success maintained a 96% pass rate; the a-g completion rate improved to 41.2%; and the graduation rate rose to 76.2%. While summer school pass rates decreased to 73%, the foundation for credit recovery and post-secondary preparation remained strong.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

To address the decline in summer school pass rates, the school recognizes that the transition to new schoolwide systems during the summer of 2024 likely impacted summer instructional planning and student support structures. With foundational systems now in place, the school is preparing to launch a more robust and streamlined summer school program in summer 2025. This includes improved curricular options, clearer intervention pathways, and earlier identification of students in need of credit recovery. The school will continue expanding dual enrollment opportunities, refining its early warning systems, and aligning transition plans and CTE offerings to better support long-term graduation outcomes.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

2.7	<p>Action: Foster and Homeless Youth Engagement Support</p> <p>Need: Foster and homeless youth face a myriad of challenges that can significantly impact their ability to engage in education. These challenges include instability in living arrangements, disruptions in schooling, experiences of trauma and adversity, and struggles to meet basic needs. As a result, foster and homeless youth often require additional support to navigate educational systems, access resources, and advocate for their rights.</p> <p>Scope: Limited to Unduplicated Student Group(s)</p>	Supporting foster and homeless youth engagement directly addresses the need by providing additional support to help these vulnerable populations navigate the numerous challenges they face in education. By offering tailored assistance, such as educational advocacy, access to resources, and empowerment programs, this support aims to mitigate the impacts of instability in living arrangements, disruptions in schooling, trauma, adversity, and struggles to meet basic needs. By addressing these challenges, foster and homeless youth are better equipped to engage in education and overcome barriers to learning. Thus, supporting foster and homeless youth engagement directly aligns with the identified need by providing the necessary resources and support to help these youth navigate educational systems, access resources, and advocate for their rights, ultimately promoting their academic success and well-being.	<p>Effectiveness in supporting foster and homeless youth engagement can be monitored through various methods:</p> <p>Attendance and Participation: Tracking attendance and participation in engagement programs, contacts, or support groups specifically designed for foster and homeless youth can provide insights into the reach and effectiveness of these initiatives.</p> <p>Academic Progress: Monitoring academic progress, such as improvements in grades, completion of assignments, and participation, can indicate the impact of engagement support on educational outcomes.</p>

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
 - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statutes of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
 - If the LEA has unexpended LREBG funds the LEA must provide the following:
 - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
 - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
 - An explanation of how the action is aligned with the allowable uses of funds identified in [EC Section 32526\(c\)\(2\)](#); and
 - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by [EC Section 32526\(d\)](#).
 - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the [LREBG Program Information](#) web page.
 - Actions may be grouped together for purposes of these explanations.
 - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
 - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32526(d), to provide the information identified above or to include actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

Requirements

School districts and COEs: [EC Section 52060\(g\)](#) and [EC Section 52066\(g\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: [EC Section 47606.5\(d\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062](#);
 - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see [Education Code Section 52068](#); and
- For charter schools, see [Education Code Section 47606.5](#).

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
 - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
 - Inclusion of metrics other than the statutorily required metrics
 - Determination of the target outcome on one or more metrics
 - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
 - Inclusion of action(s) or a group of actions
 - Elimination of action(s) or group of actions
 - Changes to the level of proposed expenditures for one or more actions
 - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
 - Analysis of effectiveness of the specific actions to achieve the goal
 - Analysis of material differences in expenditures
 - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
 - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
 - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
 - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
 - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
 - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: [EC Section 42238.024\(b\)\(1\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
 - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
 - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- **Required metrics for actions supported by LREBG funds:** To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
 - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #
<ul style="list-style-type: none">• Enter the metric number.
Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
 - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
 - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
 - Indicate the school year to which the baseline data applies.
 - The baseline data must remain unchanged throughout the three-year LCAP.
 - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
 - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- **Note for Charter Schools:** Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
 - **Note for Charter Schools:** Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
 - **Note for Charter Schools:** Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
 - Include a discussion of relevant challenges and successes experienced with the implementation process.
 - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
 - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

Actions:

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
 - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
 - Professional development for teachers.
 - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
 - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
 - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
 - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to [EC Section 32526\(d\)](#). For information related to the required needs assessment please see the Program Information tab on the [LREBG](#)

[Program Information](#) web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the [California Statewide System of Support LREBG Resources](#) web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32526(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in [EC Section 32526\(c\)\(2\)](#).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
 - Identify the action as an LREBG action;
 - Include an explanation of how research supports the selected action;
 - Identify the metric(s) being used to monitor the impact of the action; and
 - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 CCR Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.
- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
 - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
 - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
 - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
 - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
 - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
 - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
 - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
 - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
 - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
 - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
 - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
 - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
 - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
 - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
 - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
 - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

- This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2025-26 School Year

Projected Revenue by Fund Source

This chart shows the total general purpose revenue California Online Public Schools Central Valley expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for California Online Public Schools Central Valley is \$15,137,037, of which \$13,207,540 is Local Control Funding Formula (LCFF), \$1,542,120 is other state funds, \$5,135 is local funds, and \$382,242 is federal funds. Of the \$13,207,540 in LCFF Funds, \$2,497,610 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The charts in the Budget Overview for Parents are automatically generated based on your updates in the input form of the standalone template in DTS. There is no need to insert images.

Please contact DTS if you would like support with overlapping labels. Thank you!

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much California Online Public Schools Central Valley plans to spend for 2025-26. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: California Online Public Schools Central Valley plans to spend \$11,605,909 for the 2025-26 school year. Of that amount, \$7,317,662 is tied to actions/services in the LCAP and \$4,288,247 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

Increased or Improved Services for High Needs Students in the LCAP for the 2025-26 School Year

In 2025-26, California Online Public Schools Central Valley is projecting it will receive \$2,497,610 based on the enrollment of foster youth, English learner, and low-income students. California Online Public Schools Central Valley must describe how it intends to increase or improve services for high needs students in the LCAP. California Online Public Schools Central Valley plans to spend \$5,131,394 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2024-25

This chart compares what California Online Public Schools Central Valley budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what California Online Public Schools Central Valley estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2024-25, California Online Public Schools Central Valley's LCAP budgeted \$5,131,394 for planned actions to increase or improve services for high needs students. California Online Public Schools Central Valley actually spent \$4,433,173 for actions to increase or improve services for high needs students in 2024-25.

The difference between the budgeted and actual expenditures of \$698,221 had the following impact on California Online Public Schools Central Valley's ability to increase or improve services for high needs students:

During the 2024-2025 school year, California Online Public Schools transitioned away from Pearson Virtual Schools and became their own school. Due to the transition, the school experienced a decrease in student enrollment. Planned expenditures were based on previous year enrollment numbers. Actual expenditures were representative of the decreased enrollment. There was no impact to actions and services and the overall increase and improved services for high needs students in 2024-25.

Plan Summary [2025-26]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

California Online Public Schools Central Valley serves students in grades TK-12 through an online program under California's independent study laws, operating as a non-classroom based public charter school. The school operates under a charter authorized by Alpaugh Unified School District, and enrolls students in five counties: Tulare, Kings, Kern, Fresno, and Inyo. In 2006, the school opened its doors for the first time. The school is governed by the non-profit charter management organization, California Online Public Schools (CalOPS). There are currently six schools in the CalOPS family that run under the same school model.

Students attend school primarily from home, supervised by a Learning Coach (generally a parent), following a Personalized Learning Plan that integrates technology and standards-aligned curriculum under the supervision of professional, fully qualified, certificated teachers. California Online Public Schools Central Valley is tailor-made for a diverse array of students who benefit from a quality alternative to the traditional brick and mortar classroom. These include students whose families seek more direct involvement in their education; students who are homebound due to illness or disability; exceptional students who are far ahead of or far behind their peers in school; young people pursuing artistic or athletic careers that require a flexible school schedule; students in group homes or institutions; and students at risk of academic failure who may particularly benefit from intensive, personalized instruction. The school is governed and operated by an independent Board of Directors, CalOPS, that is made up of a mix of educators, parents, and community representatives. California Online Public Schools' goal is to set a new standard for virtual education excellence in California. To reach this goal, students at the school are provided with a top-quality and diverse curriculum that combines the best in print and technology and that is designed to meet all state standards. Students have opportunities to engage in community based field trips and other in-person learning and social activities to supplement the online program.

Some considerations that are unique to the California Online Public Schools Central Valley program and that have an effect on the performance metrics described in this LCAP include:

- A public charter school of choice, which parents choose for a wide variety of reasons

- The school serves all grade levels, TK-12, which is different from most traditional public schools

- A high mobility rate, which results in a large population of new students each year

- A diverse and spread-out population that has difficulty participating in State Testing.

- A high percentage of high school students who enroll are deficient in the credits needed to graduate on time and therefore, take more than 4 years to graduate

- A growing unduplicated pupil demographic, specifically English Language Learners at all grade levels.

- A transitional year in 2024-2025 of change that involved new internal systems (SIS and LMS) and curriculum at all grade levels.

When considering student outcomes for the school, these factors are important to take into consideration, in particular, the high mobility rate for students, as well as the time it takes for students to adapt to a completely online learning environment. Due to the unique virtual charter school program offered, the school experiences a lot of student turnover both during the year as well as from year to year. Many students and families choose a virtual charter school program to serve a unique need for a particular period of time, e.g., medical reasons, sports, a family move, bullying, etc. Their intent is to solve a family issue and enroll in a virtual school for a limited time. Families report that it takes a while to adapt to working in an independent study and virtual school environment, so students who do choose to stay in the program for more than one year are more academically successful in their second and subsequent years. The school makes ongoing significant efforts to provide training and support to increase retention and student success in the program, as reflected in some of the goals and actions in this LCAP.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

California Online Public Schools Central Valley's 2024 Dashboard performance reflects a concerted alignment with our school's LCAP goals and actions. We have rigorously analyzed and engaged stakeholders in discussions about the performance data to maintain a steadfast focus on student and school achievement and advancement throughout the LCAP development process.

While it is crucial to address all areas of the accountability system to ensure equitable outcomes for all student groups, we are particularly attentive to both our successes highlighted on the Dashboard and the specific areas and groups demonstrating the greatest need based on the data.

Our strengths on the 2024 California School Dashboard are most clearly reflected in our continued zero percent Suspension Rate across all student groups—a notable achievement when compared to the statewide average of 3.2%. This reflects our strong commitment to creating a supportive and inclusive learning environment for all students. Additionally, we saw a notable improvement in our College and Career Indicator, where the percentage of prepared students increased by 14.7 percentage points to 19.3%, moving this indicator to the “Yellow” performance level.

However, the Dashboard also highlights critical areas for growth. Chronic Absenteeism rose to 23.2%, an increase of 9.4 percentage points from the previous year, placing this indicator in the “Red” performance level. This issue was especially pronounced among Socioeconomically Disadvantaged students (26.6%), Students with Disabilities (23%), and English Learners (39.4%). These trends underscore the urgent need to deepen student engagement and expand targeted attendance interventions, particularly for our most at-risk student groups.

In Academic Performance, California Online Public Schools Central Valley remains in the lowest performance level for both English Language Arts and Mathematics. In ELA, students scored an average of 93.3 points below standard, declining by 21 points from the prior year. In Mathematics, students scored 148.8 points below standard, with a 13.5-point decline. Notably, Students with Disabilities performed 163.3 points below standard in ELA and 209.6 points below standard in Math. Socioeconomically Disadvantaged and Hispanic students also exhibited significant performance gaps in both subjects. These data points call for sustained investment in evidence-based instructional supports and differentiated academic interventions.

We recognize that low participation rates in state assessments continue to affect performance data. As a fully online school, we face unique logistical barriers to CAASPP testing, such as transportation limitations, conflicting family obligations, and health concerns. In response, we have expanded access through remote testing options, introduced more geographically distributed testing locations for students in need of 1:1 testing, and bolstered our outreach to families through targeted communication. Additionally, we are building assessment familiarity through practice tests and integrating test-aligned materials into our curriculum.

We are also working to increase early-grade participation in state assessments to normalize the testing experience and build foundational test-taking confidence. These steps, combined with ongoing initiatives like CHAMPS, Project Success, and credit recovery programs, form the cornerstone of our continuous improvement strategy.

In conclusion, California Online Public Schools Central Valley remains steadfast in its commitment to addressing areas of improvement highlighted by the 2024 Dashboard while building upon our strengths to ensure the success of all our students. Through collaborative efforts, targeted interventions, and ongoing support, we are dedicated to fostering a culture of continuous improvement and student achievement.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Based on the 2024 California School Dashboard, California Online Public Schools Central Valley qualifies for Differentiated Assistance under the following state priorities:

Priority 4: Academic Performance

Priority 5: Academic Engagement

Priority 8: Student Outcomes (College and Career Indicator)

This designation is based on the performance of the Socioeconomically Disadvantaged (SED) student group, which scored in the lowest performance level (Red) in multiple indicators, including English Language Arts, Mathematics, and Chronic Absenteeism.

Collaborative Review of Data

In collaboration with the Tulare County Office of Education (TCOE), CalOPS Central Valley has engaged in a thorough review of state and local data to assess systemwide strengths, identify student group disparities, and develop a targeted response strategy.

Strengths Identified:

-Suspension Rate maintained at 0% (Blue) across all student groups, reflecting a consistently safe and supportive learning environment.

- College and Career Indicator performance increased by 14.7 percentage points to 19.3%, moving to the “Yellow” level—demonstrating improvement in postsecondary readiness.
- Access to a Broad Course of Study: Full implementation of 1:1 student device access, credit recovery options, and expanded elective and dual enrollment opportunities.
- Project Success pass rate increased to 96.5%, contributing to improved outcomes for credit-deficient students.
- Local Climate Survey (YouthTruth) scores indicate a strong culture of respect (over 88% across grade bands) and positive student-teacher relationships, especially in elementary and middle grades.

Areas for Growth:

- English Language Arts: SED students scored 113.5 points below standard, with a decline of 18.6 points from the prior year.
- Mathematics: SED students scored 164 points below standard, with a 3.4-point decline. Students with Disabilities scored 209.6 points below standard.
- Chronic Absenteeism: 26.6% of SED students were chronically absent, a 9.5 percentage point increase from the previous year.
- Graduation Rate: The rate for SED students declined to 67.8%, below the statewide average and an 8.7 percentage point drop.
- Academic Growth Scores: SED students showed 4 points below typical growth in ELA and 24 points below typical growth in Math.

Focus Areas: Math Achievement & Chronic Absenteeism

Through targeted technical assistance, CalOPS Central Valley has committed to two key focus areas:

- Improve math outcomes for Socioeconomically Disadvantaged students through strengthened math instruction, intervention, and participation in assessment.
- Reduce chronic absenteeism through early identification of at-risk students, increased outreach, more focused staff training, and supportive re-engagement systems.
- These goals align with the CalOPS Theory for Improvement, which aims to increase math achievement for SED students by 5% by 2025 through focused support systems and instructional improvements.

Professional Development and Implementation Plan

To support these priorities, CalOPS Central Valley will implement a focused improvement plan supported by TCOE. Key LCAP-aligned strategies include:

- Action 2.1: High-dosage math interventions, targeted tutoring, and scaffolded supports for SED and SWD students.
- Action 2.2: Increased use of diagnostic tools such as iReady, IXL, Tutor.com, and Interim Assessments to guide instruction.
- Action 2.4: Implementation of a new math curriculum with professional learning, including test-taking strategies and pacing supports.
- Action 1.4: Expanded 1:1 family data chats and student-teacher communication to support academic goal-setting and accountability.
- Action 3.3: Increased access to college and career readiness tools, CCAP partnerships, and postsecondary planning through counselor advisement.

Ongoing Commitment to Equity and Improvement

The school continues to remove systemic barriers to testing and academic success by enhancing technology access, virtual instruction, and individualized student planning. Participation in state assessments remains a key priority, and additional strategies—including practice tests and remote testing—have been introduced to support growth and engagement.

Through collaboration with TCOE and internal stakeholders, CalOPS Central Valley is building capacity to drive lasting improvement. These coordinated efforts reflect a long-term commitment to educational equity and the academic advancement of all students, particularly our most vulnerable populations.

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
School Parents/Caretakers	School Advisory Committee Meetings, ELAC meetings, Parent/Administration Collaboration Meetings, Parent satisfaction surveys, LCAP goal input surveys, State Testing Surveys, and curriculum feedback forms, Charter School Board Meetings
Students	School Advisory Committee Meetings, ELAC meetings, YouthTruth Student engagement survey, LCAP goal input surveys, State Testing Surveys, and curriculum feedback forms, Charter School Board Meetings

	Accreditation Focus Group Meetings, Executive Leadership Team Meetings, and Back to school 'All Staff' Meetings.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The educational partner engagement processes outlined by California Online Public Schools are thorough and comprehensive, demonstrating a strong commitment to inclusivity and collaboration in the development of the LCAP.

The use of surveys as a means to gather feedback from parents, students, and other stakeholders is a valuable practice, allowing for targeted input on areas of need and school improvement. Open-ended questions enable stakeholders to provide detailed feedback, which can be instrumental in shaping the direction of the LCAP.

The various meetings, such as the School Advisory Committee, Caretaker and Administration Collaboration Meetings, and English Learner Advisory Committee Meetings, provide forums for stakeholders to engage in discussions about school programs, policies, and the LCAP. These meetings ensure that diverse perspectives are considered and that stakeholders have opportunities to convey their thoughts, celebrations, and concerns directly to the school administration.

Additionally, the involvement of the Charter School Board, authorizing district, and WASC accreditation process further enhances accountability and ensures alignment with broader educational goals and standards.

The Executive Leadership Team Meetings play a crucial role in refining LCAP goals and priorities based on stakeholder input, with representation from various departments within the school. This ensures that the actions and expenditures required to implement the LCAP are carefully considered and agreed upon.

Furthermore, the inclusion of all staff in back-to-school and end-of-year meetings, and grade level and department meetings, provides additional opportunities for input into school improvement efforts, fostering a culture of continuous feedback and collaboration among staff members.

Overall, the multi-faceted approach to stakeholder engagement outlined by California Online Public Schools Central Valley reflects a commitment to transparency, accountability, and continuous improvement in serving the needs of students, families, and the school community.

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

CalOPS Central Valley implemented a comprehensive set of actions to improve academic achievement across all student groups. This included targeted professional development, implementation of diagnostic assessments, MTSS-aligned interventions, collaboration through PLCs, and differentiated supports for English Learners, Long-Term English Learners, Foster Youth, and students experiencing homelessness. Teachers used high-engagement instructional tools for synchronous and asynchronous delivery, and all diagnostic assessment data were analyzed in PLCs to inform intervention.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

While several actions came close to meeting projected expenditures, some actions—particularly those targeting EL and LTEL supports—came in significantly under budget. On the other hand, PLC collaboration and diagnostic assessment actions slightly exceeded their budgets, indicating those strategies were utilized heavily and deemed essential for goal progress

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Though the implementation was strong, progress toward academic targets declined. Reading and Math growth measured by i-Ready dropped by 7.5 and 7 percentage points, respectively, from baseline. This suggests instructional strategies and interventions require refinement. However, the RFEP rate increased to 16.33%, exceeding the target for the year, indicating strong progress in English Learner reclassification

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on the outcome data, additional refinement of intervention systems and deeper analysis of subgroup performance are planned. There will also be a renewed focus on aligning PLC outputs directly with actionable instructional strategies to accelerate growth for below-standard student groups.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Goal 2 was implemented through access to technology, regular biweekly student contact tracking, re-engagement efforts, and social-emotional supports. Families were prioritized for device distribution and internet reimbursement. Staff documented participation logs, and the framework for identifying disengaged students supported timely outreach.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were discrepancies in Action 2.1 (Access to Technology) likely due to enrollment numbers. Conversely, Action 2.5 (Social Emotional / Mental Health Supports) significantly exceeded its planned allocation, demonstrating increased demand and investment in student wellness supports

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

The average biweekly contact rate declined by 10.3 percentage points to 87%, indicating a need for improved consistency in outreach. Chronic absenteeism increased to 28%, underscoring that while support structures were in place, further targeted intervention is necessary to drive engagement for high-need student groups

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Increased investments will be made in staff training and family engagement tools. Additionally, student attendance will be more closely monitored through enhanced dashboard systems, additional training, and early-warning indicators will be embedded into the re-engagement framework.

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Access to Technology, Internet Connectivity, and a Rigorous Curriculum	Upon enrollment and at other times when the need may arise, enrolled students will be provided with a school issued Chromebook and no cost to the family. Additionally, a prorated internet reimbursement may be requested during the enrollment process or at any time after enrollment. The tools named are for the purpose of engagement with our instructional program and our curriculum delivered through our learning management system. All enrolled students have access to all needed elements of our LMS to help them engage will with our program. Unduplicated students will be prioritized.	\$1,310,465.17	Yes
2.2	Track and Record Daily Student Participation	Each student in every grade must communicate with a teacher at least once every two (2) weeks. In addition, parents/legal guardians (or their qualified designee) must communicate with their student's teacher(s) on a regular basis, with the frequency to be determined by the teacher based on the student's grade level and progress in the program. These required reports (also known as contacts) occur in person, by phone, or via real-time instructional sessions, at a mutually agreed upon time and date. Meetings and contacts are documented in log entries. Attendance and lesson completion are recorded daily.	\$1,199,563.53	No
2.3	Framework of Tiered Re-engagement Strategies for Students	When students find difficulty with engaging fully with our program, school staff will follow a well outlined escalation process. This process consists of tiers of interventions set up to assist students to find ways to engage fully with our school program. School staff will also utilize these strategies to lessen instances of chronic absenteeism.	\$795,630.28	Yes
2.4	Caretaker Engagement Support	The Caretaker Support System will be expanded, continuing with enhancements to the Learning Coach Support Plan, including more improvements to the onboarding process, improved summer engagement	\$54,941.12	Yes

		activities, additional Caretaker training and resources, including additional resources in Spanish and additional languages as requested.		
2.5	Social Emotional / Mental Health Supports	Staff will be trained in and asked to engage in social emotional supports for all students. In instances where more intense mental health support is needed, the school will consult and consider hiring additional experts in these fields.	\$105,021.64	No
2.6	Increasing Diversity and Inclusion	Our school is committed to the increasing diversity and inclusion for our entire school community. We will participate in professional development, evaluate curriculum and instructional practices, all with the focus of ensuring we are incorporating diverse and inclusive practices.	\$16,963.58	No
2.7	Foster and Homeless Youth Engagement Support	Continue to refine and consistently implement the identification process for foster and homeless youth during the enrollment and placement process. The school will continue to train one or more liaisons who will work closely with all students identified as foster or homeless and provide a personalized support structure to ensure their success. The roles and responsibilities of the liaison will be developed and clarified for different grade bands. Identified students will be assigned to the student support section of a liaison. Counseling and homeroom staff will be trained in identification, placement and support of foster and homeless youth. The focus of all these staff is to identify individualized support for these students providing tools such as WiFi hotspots and other such engagement support.	\$11,440.68	Yes
2.8	In-Person and Virtual Engagement and Enrichment	Staff and families will be provided the opportunity to interact in-person or virtually to enrich the school experience.	\$40,536.90	No

An explanation of why the LEA has developed this goal.

As an educational organization serving students in high school, it is our work to assist as many students as possible to graduate from high school. Our immediate focus within this goal is to increase the overall graduation rate. To that end, the metrics selected are heavily weighted towards strategies to increase graduation rate as are relevant and available.

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Implementation included a multi-pronged strategy—college prep guidance, dual enrollment, AVID support, Project Success, credit recovery, transition planning for SWD, and graduation monitoring. Summer school and CHAMPS were also deployed to support credit-deficient and at-risk students.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

While most actions were implemented, some contributing actions like summer intervention (Action 3.4) and college prep (Action 3.1) came in under budget. In contrast, the Graduation Rate Monitoring (Action 3.6) exceeded budget substantially, indicating greater-than-anticipated investment in supporting seniors and credit-deficient students

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Results were mixed. The Project Success pass rate remained strong at 96%, but summer school pass rates dropped to 73%, likely due to transitional system changes and shifting enrollment patterns. The a-g completion rate rose from 25% to 33.3%, demonstrating success in expanding access to college-prep coursework. However, the overall graduation rate declined by 7.7 percentage points to 69.6%, highlighting a key area for further intervention

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Future plans include strengthening the summer intervention model, enhanced monitoring of a-g enrollment, and expanding the counselor-led academic planning model. These changes aim to address both academic preparedness and early identification of at-risk students before their senior year.

2.1	<p>Action: Access to Technology, Internet Connectivity, and a Rigorous Curriculum</p> <p>Need: The need for Access to Technology, Internet Connectivity, and a Rigorous Curriculum is paramount in ensuring equitable educational opportunities for all students. Additionally, a rigorous curriculum is essential for preparing students to succeed in a rapidly evolving world, equipping them with the knowledge, skills, and critical thinking abilities needed for future success. Therefore, addressing the need for Access to Technology, Internet Connectivity, and a Rigorous Curriculum is crucial for promoting academic excellence, fostering innovation, and empowering all students to reach their full potential.</p> <p>Scope: LEA-wide</p>	Providing teacher collaboration addresses the diverse needs of educators and students within our school while maximizing the impact of collaborative efforts on student achievement and overall educational outcomes. Several needs that are addressed include consistency and alignment in instructional practice, data-informed decision making, resource sharing and efficiency, professional growth and development, and equity and inclusion while creating a culture of continuous improvement.	<p>Monitoring the effectiveness of these metrics by implementing a comprehensive data management system and reporting structure:</p> <p>Access to Technology: Utilizing a centralized database to track device distribution and usage, with regular updates to ensure accuracy. Conducting periodic surveys or assessments to gauge students' access to technology at home, with data integrated into the student information system. Analyzing trends and disparities in device usage and access rates to inform decision-making and resource allocation. 2.4	<p>Action: Caretaker Engagement Support</p> <p>Need: The need to provide caretakers engagement support arises from their crucial role in a student's academic journey and overall well-being. Caretakers, whether parents or guardians, are key influencers in a student's life, providing essential support and guidance outside of the virtual classroom. Engaging caretakers in the educational process strengthens the partnership between home and school, facilitating better communication, collaboration, and support for students.</p> <p>Scope:</p>	<p>This action addresses the need for caretaker engagement support by providing caretakers with the resources, information, and opportunities they need to effectively support their child's learning and development. By offering caretakers access to educational materials, training sessions, collaborative meetings, and communication, they are empowered to become active participants in their child's education. This engagement support helps caretakers feel more confident and equipped to navigate the challenges of supporting their child's learning, ultimately creating a more supportive and enriching home environment. 3.3	<p>Action: AVID Program Implementation</p> <p>Need: The implementation of the AVID (Advancement Via Individual Determination) program is crucial due to its proven effectiveness in addressing various educational needs. AVID provides targeted support to students who are traditionally underrepresented in higher education, including those from low-income, first-generation, and minority backgrounds. By focusing on college readiness skills such as note-taking, study strategies, and critical thinking, AVID prepares students for success in post-secondary education and beyond.</p> <p>Scope: LEA-wide</p>	<p>The AVID Program promotes equity by ensuring all students have access to academic support regardless of their background. Research underscores AVID's role in improving retention and graduation rates, demonstrating its impact on overall student success. Additionally, AVID implementation involves comprehensive professional development for educators, enhancing teaching practices and fostering a culture of academic excellence school-wide. By integrating 21st-century skills into the curriculum, AVID prepares students for future career prospects and lifelong learning. Overall, AVID's necessity lies in its ability to address achievement gaps, promote college readiness, advance equity, improve outcomes, provide teacher development, and nurture vital skills in students.</p>	<p>A metric to monitor the effectiveness of the AVID program is:</p> <p>College Enrollment and Persistence Rates: Tracking the percentage of AVID program graduates who enroll in college and persist beyond their first year. Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
 - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statutes of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
 - If the LEA has unexpended LREBG funds the LEA must provide the following:
 - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
 - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
 - An explanation of how the action is aligned with the allowable uses of funds identified in [EC Section 32526\(c\)\(2\)](#); and
 - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by [EC Section 32526\(d\)](#).
 - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the [LREBG Program Information](#) web page.
 - Actions may be grouped together for purposes of these explanations.
 - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
 - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32526(d), to provide the information identified above or to include actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

Requirements

School districts and COEs: [EC Section 52060\(g\)](#) and [EC Section 52066\(g\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: [EC Section 47606.5\(d\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062](#);
 - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see [Education Code Section 52068](#); and
- For charter schools, see [Education Code Section 47606.5](#).

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
 - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
 - Inclusion of metrics other than the statutorily required metrics
 - Determination of the target outcome on one or more metrics
 - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
 - Inclusion of action(s) or a group of actions
 - Elimination of action(s) or group of actions
 - Changes to the level of proposed expenditures for one or more actions
 - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
 - Analysis of effectiveness of the specific actions to achieve the goal
 - Analysis of material differences in expenditures
 - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
 - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
 - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
 - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
 - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
 - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: [EC Section 42238.024\(b\)\(1\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
 - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
 - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- **Required metrics for actions supported by LREBG funds:** To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
 - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #
<ul style="list-style-type: none">• Enter the metric number.
Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
 - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
 - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
 - Indicate the school year to which the baseline data applies.
 - The baseline data must remain unchanged throughout the three-year LCAP.
 - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
 - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- **Note for Charter Schools:** Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
 - **Note for Charter Schools:** Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
 - **Note for Charter Schools:** Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
 - Include a discussion of relevant challenges and successes experienced with the implementation process.
 - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
 - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
 - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
 - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
 - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
 - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
 - Professional development for teachers.
 - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
 - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
 - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
 - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to [EC Section 32526\(d\)](#). For information related to the required needs assessment please see the Program Information tab on the [LREBG](#)

[Program Information](#) web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the [California Statewide System of Support LREBG Resources](#) web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32526(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in [EC Section 32526\(c\)\(2\)](#).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
 - Identify the action as an LREBG action;
 - Include an explanation of how research supports the selected action;
 - Identify the metric(s) being used to monitor the impact of the action; and
 - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 CCR Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.
- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
 - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
 - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
 - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
 - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
 - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
 - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
 - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
 - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
 - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
 - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
 - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
 - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
 - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
 - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
 - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
 - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

- This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

The charts in the Budget Overview for Parents are automatically generated based on your updates in the input form of the standalone template in DTS. There is no need to insert images.

Please contact DTS if you would like support with overlapping labels. Thank you!

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much California Online Public Schools Monterey Bay plans to spend for 2025-26. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: California Online Public Schools Monterey Bay plans to spend \$7,892,207 for the 2025-26 school year. Of that amount, \$5,129,907 is tied to actions/services in the LCAP and \$2,762,300 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

Increased or Improved Services for High Needs Students in the LCAP for the 2025-26 School Year

In 2025-26, California Online Public Schools Monterey Bay is projecting it will receive \$563,004 based on the enrollment of foster youth, English learner, and low-income students. California Online Public Schools Monterey Bay must describe how it intends to increase or improve services for high needs students in the LCAP. California Online Public Schools Monterey Bay plans to spend \$3,438,412 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2024-25

This chart compares what California Online Public Schools Monterey Bay budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what California Online Public Schools Monterey Bay estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2024-25, California Online Public Schools Monterey Bay's LCAP budgeted \$3,438,412 for planned actions to increase or improve services for high needs students. California Online Public Schools Monterey Bay actually spent \$2,669,250 for actions to increase or improve services for high needs students in 2024-25.

The difference between the budgeted and actual expenditures of \$769,162 had the following impact on California Online Public Schools Monterey Bay's ability to increase or improve services for high needs students:

During the 2024-2025 school year, California Online Public Schools transitioned away from Pearson Virtual Schools and became their own school. Due to the transition, the school experienced a decrease in student enrollment. Planned expenditures were based on previous year enrollment numbers. Actual expenditures were representative of the decreased enrollment. There was no impact to actions and services and the overall increase and improved services for high needs students in 2024-25.

Plan Summary [2025-26]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

California Online Public Schools Monterey Bay serves students in grades TK-12 through an online program under California's independent study laws, operating as a non-classroom based public charter school. The school operates under a charter authorized by Scotts Valley Unified School District, and enrolls students in five counties: Monterey, San Benito, San Mateo, Santa Cruz, and Santa Clara. In the 2019-2020 school year, the school opened its doors for the first time. The school is governed by the non-profit charter management organization, California Online Public Schools (CalOPS). There are currently six schools in the CalOPS family that run under the same school model.

Students attend school primarily from home, supervised by a Learning Coach (generally a parent), following a Personalized Learning Plan that integrates technology and standards-aligned curriculum under the supervision of professional, fully qualified, certificated teachers. California Online Public Schools Monterey Bay is tailor-made for a diverse array of students who benefit from a quality alternative to the traditional brick and mortar classroom. These include students whose families seek more direct involvement in their education; students who are homebound due to illness or disability; exceptional students who are far ahead of or far behind their peers in school; young people pursuing artistic or athletic careers that require a flexible school schedule; students in group homes or institutions; and students at risk of academic failure who may particularly benefit from intensive, personalized instruction. The school is governed and operated by an independent Board of Directors, CalOPS, that is made up of a mix of educators, parents, and community representatives. California Online Public Schools' goal is to set a new standard for virtual education excellence in California. To reach this goal, students at the school are provided with a top-quality and diverse curriculum that combines the best in print and technology and which is designed to meet all state standards. Students have opportunities to engage in community based field trips and other in-person learning and social activities to supplement the online program.

Some considerations that are unique to the California Online Public Schools Monterey Bay program and that have an effect on the performance metrics described in this LCAP include:

A public charter school of choice, which parents choose for a wide variety of reasons

The school serves all grade levels, TK-12, which is different from most traditional public schools

A high mobility rate, which results in a large population of new students each year

A diverse and spread-out population that has difficulty participating in State Testing.

A high percentage of high school students who enroll are deficient in the credits needed to graduate on time and therefore, take more than 4 years to graduate

A transitional year in 2024-2025 of change that involved new internal systems (SIS and LMS) and curriculum at all grade levels.

A growing unduplicated pupil demographic, specifically English Language Learners at all grade levels.

When considering student outcomes for the school, these factors are important to take into consideration, in particular, the high mobility rate for students, as well as the time it takes for students to adapt to a completely online learning environment. Due to the unique virtual charter school program offered, the school experiences a lot of student turnover both during the year as well as from year to year. Many students and families choose a virtual charter school program to serve a unique need for a particular period of time, e.g., medical reasons, sports, a family move, bullying, etc. Their intent is to solve a family issue and enroll in a virtual school for a limited time. Families report that it takes a while to adapt to working in an independent study and virtual school environment, so students who do choose to stay in the program for more than one year are more academically successful in their second and subsequent years. The school makes ongoing significant efforts to provide training and support to increase retention and student success in the program, as reflected in some of the goals and actions in this LCAP.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

California Online Public Schools Monterey Bay's 2024 Dashboard performance reflects a concerted alignment with our school's LCAP goals and actions. We have rigorously analyzed and engaged stakeholders in discussions about the performance data to maintain a steadfast focus on student and school achievement and advancement throughout the LCAP development process.

While it is crucial to address all areas of the accountability system to ensure equitable outcomes for all student groups, we are particularly attentive to both our successes highlighted on the dashboard and the specific areas and groups demonstrating the greatest need based on the data.

Our strengths on the 2024 California School Dashboard are most clearly reflected in our continued zero percent Suspension Rate across all student groups—a notable achievement compared to the statewide average of 3.2%. This underscores our commitment to cultivating a supportive and inclusive virtual learning environment. Additionally, the graduation rate improved to 77%, a 4.6 percentage point increase from the prior year, and is now in the “Yellow” performance level. This positive momentum is especially encouraging as we continue to enhance graduation pathways and credit recovery supports for our students.

However, the Dashboard also highlights important areas for growth. Chronic Absenteeism increased to 14.4%, a rise of 6.9 percentage points, which places this indicator in the “Red” performance level. This concern was more pronounced for Socioeconomically Disadvantaged

students (21%), Hispanic students (19.1%), and students identified as Two or More Races (21.7%). These figures signal an urgent need to expand our outreach efforts, enhance student engagement strategies, and ensure equitable access to attendance supports, especially for our most vulnerable student groups.

In the area of Academic Performance, California Online Public Schools Monterey Bay remains below standard, with an “Orange” performance level in English Language Arts (ELA) and a “Yellow” in Mathematics. In ELA, students scored an average of 44.1 points below standard, declining by 3.7 points from the previous year. Hispanic students and Socioeconomically Disadvantaged students were particularly impacted, scoring 104.5 and 99.6 points below standard, respectively. In Mathematics, performance showed improvement, increasing by 8.3 points overall; however, students still averaged 89.4 points below standard. Hispanic students (163.7 points below standard) and SED students (149.6 points below standard) remain a primary focus for intervention.

We also recognize that assessment participation challenges persist in a virtual setting. Barriers such as transportation, work schedules, and health-related concerns limit access to in-person testing. To mitigate these challenges, we have expanded testing options to include remote administration and communicated more proactively with students and families. Additionally, we are working to increase early-grade testing participation and normalize the experience through practice tests and integrated test-preparation resources.

These actions are supported by interventions such as CHAMPS, Project Success, and targeted academic support systems designed to re-engage students, improve achievement, and close performance gaps. The integration of new schoolwide systems and expanded virtual support services also reflects our transition toward a more responsive and student-centered online learning model.

In conclusion, California Online Public Schools Monterey Bay remains steadfast in its commitment to addressing areas of improvement highlighted by the 2024 Dashboard while building upon our strengths to ensure the success of all students. Through collaborative efforts, targeted interventions, and strategic planning, we are dedicated to fostering a culture of continuous improvement and academic achievement for every learner in our school community.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Based on the 2024 California School Dashboard, California Online Public Schools Monterey Bay qualifies for Differentiated Assistance under the following state priorities:

Priority 4: Academic Performance

Priority 5: Pupil Engagement

Priority 8: Student Outcomes (College and Career Indicator)

This designation is based on the performance of both the Hispanic and Socioeconomically Disadvantaged (SED) student groups, which each scored in the lowest performance level (Red) in two or more indicators, including English Language Arts, Mathematics, and Chronic Absenteeism.

Collaborative Review of Data

In partnership with the Santa Cruz County Office of Education, CalOPS MB has engaged in a collaborative review of both state and internal data to identify trends, strengths, and challenges.

Strengths Identified:

-Suspension Rate: 0% across all student groups (Blue)

- Graduation Rate: Improved to 77%, up 4.6 percentage points (Yellow)
- Remote access for testing has been implemented and supported by 1:1 student device access
- Growth in Math: Overall student scores improved by 8.3 points
- Intervention impact: High success rates in internal programs such as Project Success and summer school

Areas for Growth:

- ELA: Hispanic students scored 104.5 points below standard (declined 47.8 points); SED students scored 99.6 points below standard (declined 17.1 points)
- Mathematics: Hispanic students scored 163.7 points below standard (declined 21.2 points); SED students scored 149.6 points below standard (declined 10 points)
- Chronic Absenteeism: SED (21%) and Hispanic (19.1%) students had significant increases in chronic absence rates
- College and Career Indicator: Only 15.9% of all students met the “Prepared” benchmark; SED students scored 8.2%
- Growth Scores: Both ELA and Math showed below-typical growth for key student groups, particularly students with disabilities and SED students

Focus Areas: Math Achievement & Chronic Absenteeism

Through targeted technical assistance and in alignment with the CalOPS Theory for Improvement, CalOPS MB has identified two primary focus areas:

- Improve math achievement for Hispanic and SED student groups through expanded access to daily synchronous instruction, updated curriculum, and consistent student support systems.
- Reduce chronic absenteeism by increasing school engagement, building stronger connections with families, and removing barriers to attendance, especially for SED and Hispanic students.

These focus areas support the CalOPS MB Theory for Improvement, aim to increase Hispanic student achievement in math by 5% by 2025 (from -163.7 to -155.5 points below standard), and reduce chronic absenteeism for SED and Hispanic students to below 15%.

Professional Development and Implementation Plan

To support this work, CalOPS MB will implement a multi-tiered action plan that includes the following LCAP-aligned and improvement-driven strategies:

- Action 2.1: Provide high-dosage math intervention, especially in middle and high school, using dedicated intervention teachers and updated curriculum tools.
- Action 2.2: Leverage formative diagnostic platforms such as IXL, iReady, Tutor.com, and Interim Assessments to guide responsive instruction.
- Action 2.3: Focus on increasing test participation rates through early-year planning, removing logistical barriers, and offering remote options.
- Action 1.4: Expand 1:1 outreach, including proactive attendance tracking, frequent student check-ins, and early intervention for attendance concerns.
- Action 1.6: Implement targeted supports for families of chronically absent students, including translated communication, flexible scheduling, and referral to counseling or other resources.

Ongoing Commitment to Equity and Improvement

CalOPS MB recognizes that equity-driven change requires deep structural shifts, especially for historically underserved groups. Our efforts are guided by the CalOPS Theory for Improvement Drivers, which emphasizes increasing synchronous instructional time, removing technological and testing barriers, and consistently implementing student support plans with administrative oversight.

By working in collaboration with Santa Cruz COE and aligning with our systemwide Theory for Improvement, we are building the internal capacity necessary to foster lasting academic growth. These continuous improvement efforts demonstrate our unwavering commitment to ensuring that all students, particularly those most affected by systemic barriers, have the opportunity to succeed.

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
School Parents/Caretakers	School Advisory Committee Meetings, ELAC meetings, Parent/Administration Collaboration Meetings, Parent satisfaction surveys, LCAP goal input surveys, State Testing Surveys, and curriculum feedback forms, Charter School Board Meetings
Students	School Advisory Committee Meetings, ELAC meetings, YouthTruth Student engagement survey, LCAP goal input surveys, State Testing Surveys, and curriculum feedback forms, Charter School Board Meetings
Teachers	School Advisory Committee Meetings, ELAC meetings, Staff engagement survey, LCAP goal input surveys, State Testing Surveys, curriculum feedback form, School Enhancement Target reviews, Brown Bag Staff Meetings, Charter School Board Meetings, WASC Accreditation Focus Group Meetings, and Back to school 'All Staff' Meetings.

Educational Partner(s)	Process for Engagement
	Accreditation Focus Group Meetings, Executive Leadership Team Meetings, and Back to school 'All Staff' Meetings.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The educational partner engagement processes outlined by California Online Public Schools are thorough and comprehensive, demonstrating a strong commitment to inclusivity and collaboration in the development of the LCAP.

The use of surveys as a means to gather feedback from parents, students, and other stakeholders is a valuable practice, allowing for targeted input on areas of need and school improvement. Open-ended questions enable stakeholders to provide detailed feedback, which can be instrumental in shaping the direction of the LCAP.

The various meetings, such as the School Advisory Committee, Caretaker and Administration Collaboration Meetings, and English Learner Advisory Committee Meetings, provide forums for stakeholders to engage in discussions about school programs, policies, and the LCAP. These meetings ensure that diverse perspectives are considered and that stakeholders have opportunities to convey their thoughts, celebrations, and concerns directly to the school administration.

Additionally, the involvement of the Charter School Board, authorizing district, and WASC accreditation process further enhances accountability and ensures alignment with broader educational goals and standards.

The Executive Leadership Team Meetings play a crucial role in refining LCAP goals and priorities based on stakeholder input, with representation from various departments within the school. This ensures that the actions and expenditures required to implement the LCAP are carefully considered and agreed upon.

Furthermore, the inclusion of all staff in back-to-school and end-of-year meetings, and grade level and department meetings, provides additional opportunities for input into school improvement efforts, fostering a culture of continuous feedback and collaboration among staff members.

Overall, the multi-faceted approach to stakeholder engagement outlined by California Online Public Schools Monterey Bay reflects a commitment to transparency, accountability, and continuous improvement in serving the needs of students, families, and the school community.

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

The school effectively implemented most planned actions under Goal 1, including professional development for academic achievement, the administration of diagnostic assessments, MTSS academic interventions, and use of instructional tools. Teachers engaged in PLCs to discuss data and instructional strategies. iReady diagnostic results were reviewed regularly and used to inform instruction.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Although overall expenditures were aligned with planned budgets, underspending occurred in some contributing actions due to a drop in enrollment as part of our broader transition year. As funding is tied to ADA, the reduced student count lowered actual expenses in some areas.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Implementation led to steady academic progress. Although i-Ready metrics showed a slight decline in Reading typical growth (60%) and a modest dip in Math (50%), PLCs and academic support structures remained strong. Continued professional development and academic data

analysis have been effective in identifying students needing additional support and responding accordingly. EL reclassification rates declined, indicating the possible need to re-evaluate support strategies for English Learners.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

In light of reflections and the funding-to-enrollment adjustment, planned actions will be more closely aligned with expected ADA. Efforts to improve EL outcomes and math growth will be prioritized through refined professional development and intervention strategies.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Actions under Goal 2 were largely implemented as intended, including technology access, internet reimbursement, daily participation tracking, tiered re-engagement strategies, and social-emotional learning initiatives. The caretaker support system also expanded to offer enhanced onboarding and multilingual resources.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Most differences in expenditures again stemmed from the lower-than-projected enrollment, affecting the scope of services provided and reducing the total cost of contributing actions. Despite this, the school preserved essential engagement activities and supports.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Chronic absenteeism increased from 15.94% to 19%, highlighting the need for stronger re-engagement. However, the biweekly contact rate remained high (87%), and suspension rates remained at 0%. Efforts to identify and support disengaged students were consistent, but more personalized outreach is needed.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

In response to engagement challenges, the school will increase targeted outreach for SED and Hispanic students, enhance early-warning re-engagement protocols, and strengthen caretaker collaboration systems. Planned expenditures will also be re-aligned to reflect current enrollment trends.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Access to Technology, Internet Connectivity, and a Rigorous Curriculum	Upon enrollment and at other times when the need may arise, enrolled students will be provided with a school issued Chromebook and no cost to the family. Additionally, a prorated internet reimbursement may be requested during the enrollment process or at any time after enrollment. The tools named are for the purpose of engagement with our instructional program and our curriculum delivered through our learning management system. All enrolled students have access to all needed elements of our LMS to help them engage will with our program. Unduplicated students will be prioritized.	\$918,676.62	Yes
2.2	Track and Record Daily Student Participation	Each student in every grade must communicate with a teacher at least once every two (2) weeks. In addition, parents/legal guardians (or their qualified designee) must communicate with their student's teacher(s) on a regular basis, with the frequency to be determined by the teacher based on the student's grade level and progress in the program. These required reports (also known as contacts) occur in person, by phone, or via real-time instructional sessions, at a mutually agreed upon time and date. Meetings and contacts are documented in log entries. Attendance and lesson completion are recorded daily.	\$840,931.14	No
2.3	Framework of Tiered Re-engagement Strategies for Students	When students find difficulty with engaging fully with our program, school staff will follow a well outlined escalation process. This process consists of tiers of interventions set up to assist students to find ways to engage fully with our school program. School staff will also utilize these strategies to lessen instances of chronic absenteeism.	\$557,761.44	Yes
2.4	Caretaker Engagement Support	The Caretaker Support System will be expanded, continuing with enhancements to the Learning Coach Support Plan, including more improvements to the onboarding process, improved summer engagement	\$38,515.42	Yes

		activities, additional Caretaker training and resources, including additional resources in Spanish and additional languages as requested.		
2.5	Social Emotional / Mental Health Supports	Staff will be trained in and asked to engage in social emotional supports for all students. In instances where more intense mental health support is needed, the school will consult and consider hiring additional experts in these fields.	\$73,623.43	No
2.6	Increasing Diversity and Inclusion	Our school is committed to the increasing diversity and inclusion for our entire school community. We will participate in professional development, evaluate curriculum and instructional practices, all with the focus of ensuring we are incorporating diverse and inclusive practices.	\$11,891.99	No
2.7	Foster and Homeless Youth Engagement Support	Continue to refine and consistently implement the identification process for foster and homeless youth during the enrollment and placement process. The school will continue to train one or more liaisons who will work closely with all students identified as foster or homeless and provide a personalized support structure to ensure their success. The roles and responsibilities of the liaison will be developed and clarified for different grade bands. Identified students will be assigned to the student support section of a liaison. Counseling and homeroom staff will be trained in identification, placement and support of foster and homeless youth. The focus of all these staff is to identify individualized support for these students providing tools such as WiFi hotspots and other such engagement support.	\$8,020.27	Yes
2.8	In-Person and Virtual Engagement and Enrichment	Staff and families will be provided the opportunity to interact in-person or virtually to enrich the school experience.	\$22,837.89	No

 Priority 2: State Standards (Conditions of Learning)
 Priority 3: Parental Involvement (Engagement)
 Priority 4: Pupil Achievement (Pupil Outcomes)
 Priority 5: Pupil Engagement (Engagement)
 Priority 6: School Climate (Engagement)
 Priority 7: Course Access (Conditions of Learning)
 Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

As an educational organization serving students in high school, it is our work to assist as many students as possible to graduate from high school. Our immediate focus within this goal is to increase the overall graduation rate. To that end, the metrics selected are heavily weighted towards strategies to increase graduation rate as are relevant and available.

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Key strategies such as Project Success, summer school programming, early identification of credit deficiency, and programs like CHAMPS and AVID were implemented. Dual enrollment pathways were initiated in partnership with a local community college.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

As with other goals, differences between planned and actual expenditures were mostly in contributing actions impacted by the enrollment drop. Although funding allocations were reduced, core programs remained intact and effective

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

The graduation rate rose from 72.4% to 77%, and Project Success maintained a 96% pass rate. However, summer school pass rates dropped to 73%, and a-g completion rates declined to 36%. These mixed results suggest a need for strengthened summer interventions and academic planning for college readiness.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Moving forward, more structured academic planning and increased counselor involvement will support a-g completion. We will refine summer programming to better support students in recovering credits efficiently. All contributing expenditures will be re-examined to ensure alignment.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

2.4	<p>Action: Caretaker Engagement Support</p> <p>Need: The need to provide caretakers engagement support arises from their crucial role in a student's academic journey and overall well-being. Caretakers, whether parents or guardians, are key influencers in a student's life, providing essential support and guidance outside of the virtual classroom. Engaging caretakers in the educational process strengthens the partnership between home and school, facilitating better communication, collaboration, and support for students.</p> <p>Scope:</p>	<p>This action addresses the need for caretaker engagement support by providing caretakers with the resources, information, and opportunities they need to effectively support their child's learning and development. By offering caretakers access to educational materials, training sessions, collaborative meetings, and communication, they are empowered to become active participants in their child's education. This engagement support helps caretakers feel more confident and equipped to navigate the challenges of supporting their child's learning, ultimately creating a more supportive and enriching home environment. 2.7	<p>Action: Foster and Homeless Youth Engagement Support</p> <p>Need: Foster and homeless youth face a myriad of challenges that can significantly impact their ability to engage in education. These challenges include instability in living arrangements, disruptions in schooling, experiences of trauma and adversity, and struggles to meet basic needs. As a result, foster and homeless youth often require additional support to navigate educational systems, access resources, and advocate for their rights.</p> <p>Scope: Limited to Unduplicated Student Group(s)</p>	Supporting foster and homeless youth engagement directly addresses the need by providing additional support to help these vulnerable populations navigate the numerous challenges they face in education. By offering tailored assistance, such as educational advocacy, access to resources, and empowerment programs, this support aims to mitigate the impacts of instability in living arrangements, disruptions in schooling, trauma, adversity, and struggles to meet basic needs. By addressing these challenges, foster and homeless youth are better equipped to engage in education and overcome barriers to learning. Thus, supporting foster and homeless youth engagement directly aligns with the identified need by providing the necessary resources and support to help these youth navigate educational systems, access resources, and advocate for their rights, ultimately promoting their academic success and well-being.	<p>Effectiveness in supporting foster and homeless youth engagement can be monitored through various methods:</p> <p>Attendance and Participation: Tracking attendance and participation in engagement programs, contacts, or support groups specifically designed for foster and homeless youth can provide insights into the reach and effectiveness of these initiatives.</p> <p>Academic Progress: Monitoring academic progress, such as improvements in grades,</p>

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
 - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statutes of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
 - If the LEA has unexpended LREBG funds the LEA must provide the following:
 - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
 - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
 - An explanation of how the action is aligned with the allowable uses of funds identified in [EC Section 32526\(c\)\(2\)](#); and
 - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by [EC Section 32526\(d\)](#).
 - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the [LREBG Program Information](#) web page.
 - Actions may be grouped together for purposes of these explanations.
 - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
 - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32526(d), to provide the information identified above or to include actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

Requirements

School districts and COEs: [EC Section 52060\(g\)](#) and [EC Section 52066\(g\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: [EC Section 47606.5\(d\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062](#);
 - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see [Education Code Section 52068](#); and
- For charter schools, see [Education Code Section 47606.5](#).

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
 - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
 - Inclusion of metrics other than the statutorily required metrics
 - Determination of the target outcome on one or more metrics
 - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
 - Inclusion of action(s) or a group of actions
 - Elimination of action(s) or group of actions
 - Changes to the level of proposed expenditures for one or more actions
 - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
 - Analysis of effectiveness of the specific actions to achieve the goal
 - Analysis of material differences in expenditures
 - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
 - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
 - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
 - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
 - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
 - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: [EC Section 42238.024\(b\)\(1\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
 - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
 - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- **Required metrics for actions supported by LREBG funds:** To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
 - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #
<ul style="list-style-type: none">• Enter the metric number.
Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
 - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
 - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
 - Indicate the school year to which the baseline data applies.
 - The baseline data must remain unchanged throughout the three-year LCAP.
 - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
 - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- **Note for Charter Schools:** Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
 - **Note for Charter Schools:** Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
 - **Note for Charter Schools:** Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
 - Include a discussion of relevant challenges and successes experienced with the implementation process.
 - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
 - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures. These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
 - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
 - Professional development for teachers.
 - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
 - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
 - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
 - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to [EC Section 32526\(d\)](#). For information related to the required needs assessment please see the Program Information tab on the [LREBG](#)

[Program Information](#) web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the [California Statewide System of Support LREBG Resources](#) web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32526(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in [EC Section 32526\(c\)\(2\)](#).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
 - Identify the action as an LREBG action;
 - Include an explanation of how research supports the selected action;
 - Identify the metric(s) being used to monitor the impact of the action; and
 - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 CCR Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.
- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
 - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
 - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
 - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
 - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
 - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
 - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
 - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
 - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
 - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
 - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
 - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
 - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
 - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
 - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
 - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
 - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

- This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2025-26 School Year

Projected Revenue by Fund Source

This chart shows the total general purpose revenue California Online Public Schools North Bay expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for California Online Public Schools North Bay is \$2,744,333, of which \$2,301,604 is Local Control Funding Formula (LCFF), \$366,201 is other state funds, \$1,732 is local funds, and \$74,796 is federal funds. Of the \$2,301,604 in LCFF Funds, \$241,349 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

The charts in the Budget Overview for Parents are automatically generated based on your updates in the input form of the standalone template in DTS. There is no need to insert images.

Please contact DTS if you would like support with overlapping labels. Thank you!

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much California Online Public Schools North Bay plans to spend for 2025-26. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: California Online Public Schools North Bay plans to spend \$2,309,433 for the 2025-26 school year. Of that amount, \$1,508,796 is tied to actions/services in the LCAP and \$800,637 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

Increased or Improved Services for High Needs Students in the LCAP for the 2025-26 School Year

In 2025-26, California Online Public Schools North Bay is projecting it will receive \$241,349 based on the enrollment of foster youth, English learner, and low-income students. California Online Public Schools North Bay must describe how it intends to increase or improve services for high needs students in the LCAP. California Online Public Schools North Bay plans to spend \$966,210 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2024-25

This chart compares what California Online Public Schools North Bay budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what California Online Public Schools North Bay estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2024-25, California Online Public Schools North Bay's LCAP budgeted \$966,210 for planned actions to increase or improve services for high needs students. California Online Public Schools North Bay actually spent \$230,190 for actions to increase or improve services for high needs students in 2024-25.

The difference between the budgeted and actual expenditures of \$736,020 had the following impact on California Online Public Schools North Bay's ability to increase or improve services for high needs students:

During the 2024-2025 school year, California Online Public Schools transitioned away from Pearson Virtual Schools and became their own school. Due to the transition, the school experienced a decrease in student enrollment. Planned expenditures were based on previous year enrollment numbers. Actual expenditures were representative of the decreased enrollment. There was no impact to actions and services and the overall increase and improved services for high needs students in 2024-25.

Plan Summary [2025-26]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

California Online Public Schools North Bay serves students in grades TK-12 through an online program under California's independent study laws, operating as a non-classroom based public charter school. The school operates under a charter authorized by Middletown Unified School District, and enrolls students in seven counties: Lake, Colusa, Glenn, Mendocino, Napa, Sonoma, and Yolo. In 2014, the school opened its doors for the first time. The school is governed by the non-profit charter management organization, California Online Public Schools (CalOPS). There are currently six schools in the CalOPS family that run under the same school model.

Students attend school primarily from home, supervised by a Learning Coach (generally a parent), following a Personalized Learning Plan that integrates technology and standards-aligned curriculum under the supervision of professional, fully qualified, certificated teachers. California Online Public Schools North Bay is tailor-made for a diverse array of students who benefit from a quality alternative to the traditional brick and mortar classroom. These include students whose families seek more direct involvement in their education; students who are homebound due to illness or disability; exceptional students who are far ahead of or far behind their peers in school; young people pursuing artistic or athletic careers that require a flexible school schedule; students in group homes or institutions; and students at risk of academic failure who may particularly benefit from intensive, personalized instruction. The school is governed and operated by an independent Board of Directors, CalOPS, that is made up of a mix of educators, parents, and community representatives. California Online Public Schools' goal is to set a new standard for virtual education excellence in California. To reach this goal, students at the school are provided with a top-quality and diverse curriculum that combines the best in print and technology and which is designed to meet all state standards. Students have opportunities to engage in community based field trips and other in-person learning and social activities to supplement the online program.

Some considerations that are unique to the California Online Public Schools North Bay program and that have an effect on the performance metrics described in this LCAP include:

A public charter school of choice, which parents choose for a wide variety of reasons

The school serves all grade levels, TK-12, which is different from most traditional public schools

A high mobility rate, which results in a large population of new students each year

A diverse and spread-out population that has difficulty participating in State Testing.

A transitional year in 2024-2025 of change that involved new internal systems (SIS and LMS) and curriculum at all grade levels.

A high percentage of high school students who enroll are deficient in the credits needed to graduate on time and therefore, take more than 4 years to graduate

A growing unduplicated pupil demographic, specifically English Language Learners at all grade levels.

When considering student outcomes for the school, these factors are important to take into consideration, in particular, the high mobility rate for students, as well as the time it takes for students to adapt to a completely online learning environment. Due to the unique virtual charter school program offered, the school experiences a lot of student turnover both during the year as well as from year to year. Many students and families choose a virtual charter school program to serve a unique need for a particular period of time, e.g., medical reasons, sports, a family move, bullying, etc. Their intent is to solve a family issue and enroll in a virtual school for a limited time. Families report that it takes a while to adapt to working in an independent study and virtual school environment, so students who do choose to stay in the program for more than one year are more academically successful in their second and subsequent years. The school makes ongoing significant efforts to provide training and support to increase retention and student success in the program, as reflected in some of the goals and actions in this LCAP.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

California Online Public Schools North Bay's 2024 Dashboard performance reflects a concerted alignment with our school's LCAP goals and actions. We have rigorously analyzed and engaged stakeholders in discussions about the performance data to maintain a steadfast focus on student and school achievement and advancement throughout the LCAP development process.

While it is crucial to address all areas of the accountability system to ensure equitable outcomes for all student groups, we are particularly attentive to both our successes highlighted on the dashboard and the specific areas and groups demonstrating the greatest need based on the data.

Our strengths on the 2024 California School Dashboard are most clearly reflected in our continued zero percent Suspension Rate across all student groups—a notable achievement when compared to the statewide average of 3.2%. This reflects our strong commitment to creating a supportive and inclusive learning environment for all students. Additionally, the graduation rate rose significantly to 82.9%, an increase of 18.3 percentage points from the previous year, placing this indicator in the “Green” performance level.

However, the Dashboard also highlights critical areas for growth. Chronic Absenteeism increased sharply to 28.1%, a 13.1 percentage point rise from the prior year, placing this indicator in the “Red” performance level. This issue was especially pronounced for Socioeconomically

Disadvantaged students (35%), Hispanic students (34.5%), and Students with Disabilities (52.4%). These trends underscore the need to enhance student engagement and implement additional supports to improve attendance, particularly for our most at-risk groups. In the area of Academic Performance, California Online Public Schools North Bay remains in the lowest performance levels for both English Language Arts and Mathematics. In ELA, students scored an average of 111.4 points below standard, with a 27.1-point decline from the previous year. Socioeconomically Disadvantaged students, in particular, scored 126.1 points below standard, declining by 36.4 points. In Mathematics, the school reported 152.4 points below standard overall, though with a slight improvement of 6.9 points. The SED group scored 164.3 points below standard and maintained performance compared to the prior year.

We recognize that these scores are affected not only by instructional challenges but also by low participation rates in state assessments. As a fully online school, we continue to face logistical barriers to CAASPP participation, including issues related to transportation, work schedules, and health concerns. In response, we have expanded access through remote testing options, introduced more geographically distributed testing locations for students in need of 1:1 testing, and bolstered our outreach to families through targeted communication. We are also enhancing familiarity with the testing format by providing practice assessments and integrating test-aligned materials into our curriculum.

Additionally, we are placing increased emphasis on early-grade participation in state testing to normalize this experience and set a foundation for student success throughout their academic career. These steps, alongside ongoing interventions such as credit recovery, CHAMPS, and targeted academic support, are central to our continuous improvement strategy.

In conclusion, California Online Public Schools North Bay remains steadfast in its commitment to addressing areas of improvement highlighted by the 2024 Dashboard while building upon our strengths to ensure the success of all our students. Through collaborative efforts, targeted interventions, and ongoing support, we are dedicated to fostering a culture of continuous improvement and student achievement at California Online Public Schools North Bay.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Based on the 2024 California School Dashboard, California Online Public Schools North Bay qualifies for Differentiated Assistance under the following state priorities:

Priority 4: Academic Performance

Priority 5: Academic Engagement

Priority 8: Student Outcomes (College and Career Indicator)

This designation is based on the performance of the Socioeconomically Disadvantaged (SED) student group, which scored in the lowest performance level (Red) in two or more indicators, including English Language Arts, Mathematics, and Chronic Absenteeism.

Collaborative Review of Data

In partnership with the Lake County Office of Education, CalOPS North Bay has engaged in a thorough review of both state and local data to assess strengths, challenges, and opportunities for improvement.

Strengths Identified:

-Graduation rate improvement to 82.9% (Green), up 18.3 percentage points from the prior year

-High success rate (96.5%) in the internal credit recovery program (Project Success)

- Strong contact rate and student connection through the homeroom model
- Full implementation of 1:1 student device access and remote testing options, increasing equity and access
- Suspension rate held at 0% across all student groups (Blue)

Areas for Growth:

- English Language Arts: SED students scored 126.1 points below standard, with a decline of 36.4 points
- Mathematics: SED students scored 164.3 points below standard, maintaining performance from the prior year
- Chronic Absenteeism: SED students had a 35% chronic absence rate, an increase of 13.8 percentage points
- College and Career Indicator: Only 11.4% of all students met the “Prepared” threshold; performance for SED students was not reported due to low sample size but remains an area of focus
- Growth scores in both ELA (-1) and Math (-13) for all students reflect below typical progress

Focus Areas: Math Achievement & College and Career Readiness

Through targeted technical assistance, CalOPS North Bay has committed to two key focus areas:

- Improve math outcomes for Socioeconomically Disadvantaged students by strengthening instruction, intervention, and student engagement practices
 - Increase college and career readiness through expanded dual enrollment, career pathways, and individualized academic planning
- These focus areas align with the CalOPS Theory for Improvement, which sets a measurable goal of increasing math achievement for SED students by 5% by 2025, while also addressing equity gaps in postsecondary preparedness.

Professional Development and Implementation Plan

To support these priorities, CalOPS North Bay will implement an action-based improvement plan supported by Lake COE. Key LCAP-aligned strategies include:

- Action 2.1 – Targeted tutoring, high-dosage math interventions, and scaffolded support for SED students
- Action 2.2 – Use of diagnostic and formative tools such as iReady, IXL, Tutor.com, and Interim Assessments to guide responsive instruction
- Action 2.4 – Continued implementation of updated math curriculum, supported by professional learning and coaching
- Action 1.4 – Strengthen 1:1 family communication, including data chats, goal setting, and outreach
- Action 3.3 – Expand access to college and career planning, including dual enrollment (CCAP), a-g guidance, and career pathway advising

Ongoing Commitment to Equity and Improvement

The transition to 1:1 technology and remote state testing has already helped remove barriers for students facing logistical and access-related challenges. While internal tools such as iReady and MAP show stronger student proficiency than CAASPP scores, the school recognizes the need to increase participation, test preparedness, and math-specific instructional quality.

Through its collaborative work with the Lake County Office of Education and continued alignment with the CalOPS Theory for Improvement, CalOPS North Bay is building the internal capacity and systems necessary to create lasting, equity-focused change. These improvement efforts reflect a sustained commitment to ensuring all students, especially those most underserved, have the support, resources, and opportunities to thrive.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

California Online Public Schools North Bay

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Needs Assessment

Based on the 2024 California School Dashboard, California Online Public Schools North Bay remains eligible for Comprehensive Support and Improvement (CSI) as it continues to fall within the lowest-performing 5% of schools statewide. While the school's graduation rate showed a significant improvement, from 64.5% in 2023 to 82.9% in 2024, persistent challenges remain across several state priority areas. These designations stem largely from the performance of the Socioeconomically Disadvantaged (SED) student group. In 2024, the SED group had the lowest academic achievement in:

- English Language Arts: 164.3 points below standard
- Mathematics: 126.1 points below standard
- Chronic Absenteeism: 35%, an increase of 13.8 percentage points from the previous year

In comparison, the all-student average for chronic absenteeism was 18.8%, with additional disparities among English Learners (23.9%), Hispanic students (25.1%), and White students (14.6%). These figures highlight urgent needs around student engagement and attendance, particularly among key student subgroups.

To develop this CSI plan, California Online Public Schools North Bay engaged schoolwide leadership at all grade bands, high school leaders, counseling and student services, and community members through the School Advisory Committee and English Learner Advisory Committee. These stakeholder groups were actively involved in reviewing data and providing feedback on key improvement strategies, including in-house summer school, credit recovery, and enhanced student outreach.

Root Cause Analysis

- High chronic absenteeism among SED, Hispanic, and EL students contributes to reduced instructional access.
- Low academic performance in both ELA and math, especially for SED students.
- Students are falling off cohort in 9th grade, significantly affecting graduation rates.
- High student mobility introduces mid-year enrollments of credit-deficient students.
- Low participation in CAASPP testing limits the reliability of state indicator data.

Evidence-Based Interventions

Using The Practical Decision Maker (Harvey, Bearley, Corkrum, 1997) as a framework, the school selected evidence-based strategies to address multiple layers of student need. These include:

- Homeroom Model: Teachers are assigned small groups of students to monitor engagement, promote connection, and intervene early. Contact rates reached an average of 87% through the first three quarters of the 2024-2025 school year.
- Project Success (Credit Recovery Program): Strategically grouped homerooms with core-subject teachers to support students behind in credits. The program reported a 96% pass rate after the first three quarters of the 2024-2025 school year.
- CHAMPS Program: Identifies students at risk before they begin high school. Current CHAMPS students achieved an 85% pass rate in 2023–2024.
- In-House Summer School: In summer 2024, our program was scaled back due to system transitions, but still supported high school credit recovery with a 73% pass rate. While slightly below past years, the results remain positive given the reduced scope. As systems stabilize, we will enhance outreach to identify students needing summer support and tailor course options to serve both credit-deficient upper-grade students and those in lower grades needing foundational skill reinforcement.
- College and Career Access Pathway (CCAP): CCAP, a partnership with Saddleback College, enables high school students to dual enroll in college courses. Since its launch in 2021–2022, enrollment and performance have steadily improved, from 38 students with a 78% pass rate to 57 students in 2024–2025 achieving an 86% pass rate across two courses. The program now offers four course options, expanding access to college-level learning. CCAP continues to be a valuable bridge to postsecondary success, especially for students seeking career pathways or general education transfer opportunities.

Identification of Resource Inequities

While the virtual model provides equal access to courses and materials, performance data shows that SED students face compounded barriers to success. To address these inequities:

Lower student-teacher ratios will be implemented for credit-deficient students.

Additional staffing, resources, and support will be directed to Project Success, CHAMPS, summer school, early warning systems, and college/career initiatives.

Eligibility for these interventions is based on credit deficiency and engagement, not subgroup status, ensuring equitable access to additional supports.

CalOPS North Bay remains focused on addressing both academic and engagement gaps, using real-time data and targeted interventions to promote success for all students, especially those historically underserved.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

The implementation and effectiveness of this CSI plan will be continuously monitored using the stages of implementation outlined by Fixsen: exploration, installation, initial implementation, and full implementation. These stages are dynamic, allowing the school to adjust as staff and circumstances evolve (<https://nirn.fpg.unc.edu/>).

Progress will be reviewed formally on a quarterly basis, focusing on:

- The percentage of all students on track to graduate, with the goal of exceeding the 68% cohort graduation threshold.
- Increased rates of underclassmen staying on cohort.
- Expansion and impact of the CCAP dual enrollment program.
- Continued refinement of the in-house summer school and CHAMPS programs.

-Reduction in chronic absenteeism rates across student groups, particularly among Socioeconomically Disadvantaged, Hispanic, and English Learner students.

Leadership, staff, and community stakeholders will participate in these reviews to provide insight and feedback. Their input will guide adjustments to interventions and support decisions about program expansion or revision. These monitoring efforts will ensure the school remains responsive and adaptive, using evidence and feedback to drive continuous improvement and improve student outcomes. In addition, ongoing training and communication will be provided to staff and families to support understanding of the CSI plan, foster shared responsibility for student outcomes, and build capacity to address chronic absenteeism, student engagement, and academic progress collaboratively.

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
School Parents/Caretakers	School Advisory Committee Meetings, ELAC meetings, Parent/Administration Collaboration Meetings, Parent satisfaction surveys, LCAP goal input surveys, State Testing Surveys, and curriculum feedback forms, Charter School Board Meetings
Students	School Advisory Committee Meetings, ELAC meetings, YouthTruth Student engagement survey, LCAP goal input surveys, State Testing Surveys, and curriculum feedback forms, Charter School Board Meetings
Teachers	School Advisory Committee Meetings, ELAC meetings, Staff engagement survey, LCAP goal input surveys, State Testing Surveys, curriculum feedback form, School Enhancement Target reviews, Brown Bag Staff Meetings, Charter School Board Meetings, WASC Accreditation Focus Group Meetings, and Back to school 'All Staff' Meetings.
Administration/Principals	School Advisory Committee Meetings, ELAC meetings, Staff engagement survey, LCAP goal input surveys, State Testing Surveys, curriculum feedback form, School Enhancement Target reviews, Brown Bag Staff Meetings, Charter School Board Meetings, WASC Accreditation Focus Group Meetings, Executive Leadership Team Meetings, and Back to school 'All Staff' Meetings.
Other school personnel	School Advisory Committee Meetings, ELAC meetings, Staff engagement survey, LCAP goal input surveys, State Testing Surveys, Brown Bag Staff Meetings, Charter School Board Meetings, WASC

Educational Partner(s)	Process for Engagement
	Accreditation Focus Group Meetings, Executive Leadership Team Meetings, and Back to school 'All Staff' Meetings.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The educational partner engagement processes outlined by California Online Public Schools are thorough and comprehensive, demonstrating a strong commitment to inclusivity and collaboration in the development of the LCAP.

The use of surveys as a means to gather feedback from parents, students, and other stakeholders is a valuable practice, allowing for targeted input on areas of need and school improvement. Open-ended questions enable stakeholders to provide detailed feedback, which can be instrumental in shaping the direction of the LCAP.

The various meetings, such as the School Advisory Committee, Caretaker and Administration Collaboration Meetings, and English Learner Advisory Committee Meetings, provide forums for stakeholders to engage in discussions about school programs, policies, and the LCAP. These meetings ensure that diverse perspectives are considered and that stakeholders have opportunities to convey their thoughts, celebrations, and concerns directly to the school administration.

Additionally, the involvement of the Charter School Board, authorizing district, and WASC accreditation process further enhances accountability and ensures alignment with broader educational goals and standards.

The Executive Leadership Team Meetings play a crucial role in refining LCAP goals and priorities based on stakeholder input, with representation from various departments within the school. This ensures that the actions and expenditures required to implement the LCAP are carefully considered and agreed upon.

Furthermore, the inclusion of all staff in back-to-school and end-of-year meetings, and grade level and department meetings, provides additional opportunities for input into school improvement efforts, fostering a culture of continuous feedback and collaboration among staff members.

Overall, the multi-faceted approach to stakeholder engagement outlined by California Online Public Schools North Bay reflects a commitment to transparency, accountability, and continuous improvement in serving the needs of students, families, and the school community.

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Overall, the implementation of Goal 1 actions was consistent with the original plan, with professional development, diagnostic assessments, MTSS planning, and instructional tool utilization executed across all grade bands. Systems such as PLC collaboration and academic supports for EL, LTEL, foster, and homeless students remained core components. While most actions were implemented effectively, some services for unduplicated students were impacted by lower enrollment, which influenced staffing and service levels

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Estimated actual expenditures were below what was budgeted for several contributing actions. These differences are attributed to a drop in enrollment during the transition year, which resulted in a proportional reduction in service demand and associated costs. Despite lower expenditures, core services were preserved. Moving forward, we will more strategically tag expenditures for contributing actions to reflect accurate need and scalability.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Actions like Project Success and MTSS-supported diagnostics showed strong results, including a 96% pass rate in Project Success and targeted academic planning through data-informed PLCs. However, metrics such as English Learner reclassification and iReady Reading and Math growth declined, indicating the need for enhanced focus and differentiated supports for specific student groups.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Metrics will remain the same; however, funding strategies will be refined to align better with projected enrollment and ensure contributing actions are fully funded. Additional professional development will be provided to support EL services and diagnostics interpretation. Systems for identifying and monitoring high-needs students will also be strengthened.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Goal 2 actions—technology access, caretaker engagement, participation monitoring, re-engagement strategies, and social-emotional supports—were carried out as planned. Expanded caretaker onboarding and biweekly contact systems were implemented with fidelity, although contact rates were lower than baseline. Mental health supports were offered through expanded training and referral systems.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Similar to Goal 1, several contributing actions were under-expended, particularly those supporting unduplicated students. These shortfalls are directly related to the decreased enrollment this year and our efforts to scale staffing proportionally. Still, we maintained access to technology and engagement systems across all grade levels.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

The school sustained a 0% suspension rate and continued to invest in re-engagement and social-emotional support. Chronic absenteeism, however, rose to 23% after month 7, with pronounced impact among SED and Students with Disabilities. This indicates a continued need for intensive outreach and individualized student support strategies.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

We will refine attendance escalation procedures and expand early intervention models. Additionally, we plan to better align budget tagging for contributing actions tied to student engagement, with clearer metrics tied to intervention effectiveness, especially for SED and foster youth. Enhanced parent communication tools, multilingual resources, and training will be prioritized.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Access to Technology, Internet Connectivity, and a Rigorous Curriculum	Upon enrollment and at other times when the need may arise, enrolled students will be provided with a school issued Chromebook and no cost to the family. Additionally, a prorated internet reimbursement may be requested during the enrollment process or at any time after enrollment. The tools named are for the purpose of engagement with our instructional program and our curriculum delivered through our learning management system. All enrolled students have access to all needed elements of our LMS to help them engage will with our program. Unduplicated students will be prioritized.	\$270,199.01	Yes
2.2	Track and Record Daily Student Participation	Each student in every grade must communicate with a teacher at least once every two (2) weeks. In addition, parents/legal guardians (or their qualified designee) must communicate with their student's teacher(s) on a regular basis, with the frequency to be determined by the teacher based on the student's grade level and progress in the program. These required reports (also known as contacts) occur in person, by phone, or via real-time instructional sessions, at a mutually agreed upon time and date. Meetings and contacts are documented in log entries. Attendance and lesson completion are recorded daily.	\$247,627.89	No
2.3	Framework of Tiered Re-engagement Strategies for Students	When students find difficulty with engaging fully with our program, school staff will follow a well outlined escalation process. This process consists of tiers of interventions set up to assist students to find ways to engage fully with our school program. School staff will also utilize these strategies to lessen instances of chronic absenteeism.	\$164,047.49	Yes
2.4	Caretaker Engagement Support	The Caretaker Support System will be expanded, continuing with enhancements to the Learning Coach Support Plan, including more improvements to the onboarding process, improved summer engagement	\$11,328.07	Yes

2.5	Social Emotional / Mental Health Supports	Staff will be trained in and asked to engage in social-emotional support for all students. In instances where more intense mental health support is needed, the school will consult and consider hiring additional experts in these fields.	\$21,653.95	No
2.6	Increasing Diversity and Inclusion	Our school is committed to the increasing diversity and inclusion for our entire school community. We will participate in professional development, evaluate curriculum and instructional practices, all with the focus of ensuring we are incorporating diverse and inclusive practices.	\$3,497.64	No
2.7	Foster and Homeless Youth Engagement Support	Continue to refine and consistently implement the identification process for foster and homeless youth during the enrollment and placement process. The school will continue to train one or more liaisons who will work closely with all students identified as foster or homeless and provide a personalized support structure to ensure their success. The roles and responsibilities of the liaison will be developed and clarified for different grade bands. Identified students will be assigned to the student support section of a liaison. Counseling and homeroom staff will be trained in identification, placement and support of foster and homeless youth. The focus of all these staff is to identify individualized support for these students providing tools such as WiFi hotspots and other such engagement support.	\$2,358.90	Yes
2.8	In-Person and Virtual Engagement and Enrichment	Staff and families will be provided the opportunity to interact in-person or virtually to enrich the school experience.	\$8,358.12	No

An explanation of why the LEA has developed this goal.

As an educational organization serving students in high school, it is our work to assist as many students as possible to graduate from high school. Our immediate focus within this goal is to increase the overall graduation rate. To that end, the metrics selected are heavily weighted towards strategies to increase graduation rate as are relevant and available.

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Key systems to support this goal, such as Project Success, and a-g tracking, were successfully implemented. CCAP participation and dual enrollment continued to grow, and the AVID and CHAMPS programs supported early intervention. Despite these efforts, summer school pass rates declined slightly, due to reduced scale during the transition year.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Expenditures for Goal 3 also fell short in several contributing action areas. The primary reason was lower enrollment, which impacted the number of students served through credit recovery, dual enrollment, and intervention services. Many services remained available but at reduced scale. This emphasizes the need to adjust tagged expenditures to match anticipated ADA and enrollment trends.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Notably, graduation rates rose significantly to 82.9%, a testament to targeted interventions like Project Success (96% pass rate) and consistent monitoring of at-risk students. In contrast, summer school pass rates dropped to 73%, likely due to limited offerings during the schools systems transition. The percentage of students meeting a-g requirements increased by 3.2%, indicating steady improvement in college readiness.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

We will continue to scale Project Success and CHAMPS and will revisit the structure of summer school to ensure broader participation. CCAP will be expanded with more course options and outreach. To ensure effectiveness and appropriate funding alignment, we will refine our system for forecasting needs and tagging expenditures for contributing actions.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

1.4	<p>Action: Synchronous and Asynchronous Instructional Tools</p> <p>Need: Providing both synchronous and asynchronous instructional tools ensures our teachers, staff, and all students have the necessary means to promote flexibility, accommodate diverse learning needs, enhance student engagement, ensure continuity of learning, and enhance collaboration and communication in our fully online school environment.</p> <p>Scope: LEA-wide</p>	Synchronous and asynchronous instructional tools allow our teachers and staff to provide tailored instruction to meet all of our student's individual needs where they are during the school year. These tools address a multitude of learning modalities and diverse learning needs, ensure equity and access, promote collaboration and communication, ensure continuity of learning, maximize resource utilization, and prepare students for continued educational focus and success.	<p>Monitoring the effectiveness of synchronous and asynchronous instructional tools requires a combination of quantitative and qualitative metrics. Collecting the following metrics over time will allow our school to effectively support student learning and achievement.</p> <p>Student Engagement: Student engagement levels with synchronous and asynchronous instructional tools will be evaluated by participation rates, frequency of logins, attendance, and student/teacher contacts.</p> <p>Learning Outcomes: Assessing changes in student learning outcomes, such as performance on assessments, grades, and mastery of learning</p>

2.1	<p>Action: Access to Technology, Internet Connectivity, and a Rigorous Curriculum</p> <p>Need: The need for Access to Technology, Internet Connectivity, and a Rigorous Curriculum is paramount in ensuring equitable educational opportunities for all students. Additionally, a rigorous curriculum is essential for preparing students to succeed in a rapidly evolving world, equipping them with the knowledge, skills, and critical thinking abilities needed for future success. Therefore, addressing the need for Access to Technology, Internet Connectivity, and a Rigorous Curriculum is crucial for promoting academic excellence, fostering innovation, and empowering all students to reach their full potential.</p> <p>Scope: LEA-wide</p>	Providing teacher collaboration addresses the diverse needs of educators and students within our school while maximizing the impact of collaborative efforts on student achievement and overall educational outcomes. Several needs that are addressed include consistency and alignment in instructional practice, data-informed decision making, resource sharing and efficiency, professional growth and development, and equity and inclusion while creating a culture of continuous improvement.	<p>California Connections Academy will monitor these metrics by implementing a comprehensive data management system and reporting structure:</p> <p>Access to Technology: Utilizing a centralized database to track device distribution and usage, with regular updates to ensure accuracy. 2.4	<p>Action: Caretaker Engagement Support</p> <p>Need: The need to provide caretakers engagement support arises from their crucial role in a student's academic journey and overall well-being. Caretakers, whether parents or guardians, are key influencers in a student's life, providing essential support and guidance outside of the virtual classroom. Engaging caretakers in the educational process strengthens the partnership between home and school, facilitating better communication, collaboration, and support for students.</p> <p>Scope: LEA-wide</p>	<p>This action addresses the need for caretaker engagement support by providing caretakers with the resources, information, and opportunities they need to effectively support their child's learning and development. By offering caretakers access to educational materials, training sessions, collaborative meetings, and communication, they are empowered to become active participants in their child's education. This engagement support helps caretakers feel more confident and equipped to navigate the challenges of supporting their child's learning, ultimately creating a more supportive and enriching home environment. Additionally, by fostering strong partnerships between home and school, this action ensures that caretakers are fully involved in their child's educational journey, which is essential for promoting academic success and overall well-being.</p>	<p>Measuring the effectiveness of caretaker engagement support can be done through various methods:</p> <p>Attendance and Participation: Tracking attendance and participation in collaborative meetings, training sessions, or informational events designed for caretakers provides insights into their level of engagement and interest.</p> <p>Surveys and Feedback: Administering surveys or</p>

3.2	<p>Action: Career Preparation (CTE)</p> <p>Need: The action of Career Preparation, particularly through Career and Technical Education (CTE) programs, is driven by the pressing need to equip students with the practical skills, industry knowledge, and career readiness competencies essential for success in today's dynamic job market. With industries evolving rapidly and facing shortages of skilled workers, CTE programs play a pivotal role in closing the skills gap by providing students with relevant training aligned with real-world job demands.</p> <p>Scope: LEA-wide</p>	<p>Career Preparation through Career and Technical Education (CTE) programs is provided to address a variety of critical needs. This action promotes equity and access by offering diverse career pathways and opportunities to all students, regardless of their background or academic achievement. This inclusive approach ensures that every student has the opportunity to explore and pursue high-demand careers, ultimately contributing to a more equitable society. Furthermore, by preparing students for success in the workforce, CTE programs play a crucial role in workforce development and economic growth, benefiting both individuals and communities. Overall, Career Preparation through CTE programs is essential for meeting the needs of students, industries, and communities in today's rapidly changing economy.</p>	<p>Metrics to monitor the effectiveness of Career Preparation through Career and Technical Education (CTE) programs can include:</p> <p>Enrollment in Career Preparation (CTE) Coursework: Monitor and evaluate the enrollment and completion of our CTE courses.</p> <p>Graduation and Persistence Rates: Monitoring the graduation rates and persistence rates of students enrolled in CTE programs to</p>

3.4	<p>Action: Credit Recovery and Summer Intervention</p> <p>Need: The need for Credit Recovery and Summer Intervention programs is driven by the imperative to ensure that all students have the opportunity to succeed academically and graduate from high school.</p> <p>Scope: LEA-wide</p>	<p>These programs address several key challenges that students may encounter on their path to graduation. Firstly, they provide a lifeline for students who have fallen behind in coursework or have failed to meet graduation requirements, offering them the chance to make up missed credits and complete necessary courses. Additionally, Credit Recovery programs offer vital academic support and remediation to help struggling students master essential concepts and skills, ensuring they have the foundation needed for success in subsequent courses. Furthermore, these programs play a crucial role in preventing dropout by providing at-risk students with alternative pathways to earning credits and staying on track toward graduation. Moreover, Summer Intervention programs address the issue of learning loss over the summer break, particularly for students from disadvantaged backgrounds, by offering opportunities for academic enrichment,</p>	<p>Metrics to measure the effectiveness of Credit Recovery and Summer Intervention programs include:</p> <p>Credit Attainment: Tracking the percentage of students who successfully complete credit recovery courses or earn credits during summer intervention programs compared to the total number of students enrolled. 2.7	<p>Action: Foster and Homeless Youth Engagement Support</p> <p>Need: Foster and homeless youth face a myriad of challenges that can significantly impact their ability to engage in education. These challenges include instability in living arrangements, disruptions in schooling, experiences of trauma and adversity, and struggles to meet basic needs. As a result, foster and homeless youth often require additional support to navigate educational systems, access resources, and advocate for their rights.</p> <p>Scope: Limited to Unduplicated Student Group(s)</p>	Supporting foster and homeless youth engagement directly addresses the need by providing additional support to help these vulnerable populations navigate the numerous challenges they face in education. By offering tailored assistance, such as educational advocacy, access to resources, and empowerment programs, this support aims to mitigate the impacts of instability in living arrangements, disruptions in schooling, trauma, adversity, and struggles to meet basic needs. By addressing these challenges, foster and homeless youth are better equipped to engage in education and overcome barriers to learning. Thus, supporting foster and homeless youth engagement directly aligns with the identified need by providing the necessary resources and support to help these youth navigate educational systems, access resources, and advocate for their rights, ultimately promoting their academic success and well-being.	<p>Effectiveness in supporting foster and homeless youth engagement can be monitored through various methods:</p> <p>Attendance and Participation: Tracking attendance and participation in engagement programs, contacts, or support groups specifically designed for foster and homeless youth can provide insights into the reach and effectiveness of these initiatives.</p> <p>Academic Progress: Monitoring academic progress, such as improvements in grades, completion of assignments, and participation, can indicate the impact of engagement support on educational outcomes.</p>

			<p>Feedback and Surveys: Gathering feedback and insights directly from foster and homeless youth who have participated in engagement programs or received support services can provide valuable information on the perceived effectiveness of these initiatives.</p> <p>Retention Rates: Tracking retention rates of foster and homeless youth in educational programs or support services over time can indicate the level of satisfaction and engagement with the provided support.</p> <p>Graduation Rates: Monitoring graduation rates among foster and homeless youth can serve as a long-term indicator of the effectiveness of engagement support in promoting educational success and attainment.</p>

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
 - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statutes of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
 - If the LEA has unexpended LREBG funds the LEA must provide the following:
 - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
 - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
 - An explanation of how the action is aligned with the allowable uses of funds identified in [EC Section 32526\(c\)\(2\)](#); and
 - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by [EC Section 32526\(d\)](#).
 - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the [LREBG Program Information](#) web page.
 - Actions may be grouped together for purposes of these explanations.
 - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
 - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32526(d), to provide the information identified above or to include actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

Requirements

School districts and COEs: [EC Section 52060\(g\)](#) and [EC Section 52066\(g\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: [EC Section 47606.5\(d\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062](#);
 - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see [Education Code Section 52068](#); and
- For charter schools, see [Education Code Section 47606.5](#).

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
 - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
 - Inclusion of metrics other than the statutorily required metrics
 - Determination of the target outcome on one or more metrics
 - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
 - Inclusion of action(s) or a group of actions
 - Elimination of action(s) or group of actions
 - Changes to the level of proposed expenditures for one or more actions
 - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
 - Analysis of effectiveness of the specific actions to achieve the goal
 - Analysis of material differences in expenditures
 - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
 - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
 - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
 - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
 - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
 - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: [EC Section 42238.024\(b\)\(1\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
 - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
 - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- **Required metrics for actions supported by LREBG funds:** To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
 - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #
<ul style="list-style-type: none">• Enter the metric number.
Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
 - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
 - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
 - Indicate the school year to which the baseline data applies.
 - The baseline data must remain unchanged throughout the three-year LCAP.
 - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
 - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- **Note for Charter Schools:** Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
 - **Note for Charter Schools:** Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
 - **Note for Charter Schools:** Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
 - Include a discussion of relevant challenges and successes experienced with the implementation process.
 - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
 - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

Actions:

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
 - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
 - Professional development for teachers.
 - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
 - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
 - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
 - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to [EC Section 32526\(d\)](#). For information related to the required needs assessment please see the Program Information tab on the [LREBG](#)

[Program Information](#) web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the [California Statewide System of Support LREBG Resources](#) web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32526(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in [EC Section 32526\(c\)\(2\)](#).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
 - Identify the action as an LREBG action;
 - Include an explanation of how research supports the selected action;
 - Identify the metric(s) being used to monitor the impact of the action; and
 - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 CCR Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.
- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
 - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
 - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
 - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
 - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
 - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
 - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
 - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
 - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
 - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
 - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
 - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
 - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
 - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
 - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
 - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
 - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

- This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2025-26 School Year

Projected Revenue by Fund Source

This chart shows the total general purpose revenue California Online Public Schools Northern California expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for California Online Public Schools Northern California is \$27,578,019, of which \$23,769,469 is Local Control Funding Formula (LCFF), \$3,142,977 is other state funds, \$51,919 is local funds, and \$613,654 is federal funds. Of the \$23,769,469 in LCFF Funds, \$2,329,355 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The charts in the Budget Overview for Parents are automatically generated based on your updates in the input form of the standalone template in DTS. There is no need to insert images.

Please contact DTS if you would like support with overlapping labels. Thank you!

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much California Online Public Schools Northern California plans to spend for 2025-26. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: California Online Public Schools Northern California plans to spend \$24,961,288 for the 2025-26 school year. Of that amount, \$15,766,920 is tied to actions/services in the LCAP and \$9,194,368 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

Increased or Improved Services for High Needs Students in the LCAP for the 2025-26 School Year

In 2025-26, California Online Public Schools Northern California is projecting it will receive \$2,329,355 based on the enrollment of foster youth, English learner, and low-income students. California Online Public Schools Northern California must describe how it intends to increase or improve services for high needs students in the LCAP. California Online Public Schools Northern California plans to spend \$10,096,894 towards meeting this requirement, as described in the LCAP.

Update on Increased or Improved Services for High Needs Students in 2024-25

This chart compares what California Online Public Schools Northern California budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what California Online Public Schools Northern California estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2024-25, California Online Public Schools Northern California's LCAP budgeted \$10,096,894 for planned actions to increase or improve services for high needs students. California Online Public Schools Northern California actually spent \$7,692,502 for actions to increase or improve services for high needs students in 2024-25.

The difference between the budgeted and actual expenditures of \$2,404,392 had the following impact on California Online Public Schools Northern California's ability to increase or improve services for high needs students:

During the 2024-2025 school year, California Online Public Schools transitioned away from Pearson Virtual Schools and became their own school. Due to the transition, the school experienced a decrease in student enrollment. Planned expenditures were based on previous year enrollment numbers. Actual expenditures were representative of the decreased enrollment. There was no impact to actions and services and the overall increase and improved services for high needs students in 2024-25.

Plan Summary [2025-26]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

California Online Public Schools Northern California serves students in grades TK-12 through an online program under California's independent study laws, operating as a non-classroom based public charter school. The school operates under a charter authorized by Ripon Unified School District and enrolls students in eight counties: San Joaquin, Alameda, Amador, Calaveras, Contra Costa, Sacramento, and Stanislaus. In 2012, the school opened its doors for the first time. The school is governed by the non-profit charter management organization, California Online Public Schools (CalOPS). There are currently six schools in the CalOPS family that run under the same school model.

Students attend school primarily from home, supervised by a Caretaker (generally a parent), following a Personalized Learning Plan that integrates technology and standards-aligned curriculum under the supervision of professional, fully qualified, certificated teachers. California Online Public Schools Northern California is tailor-made for a diverse array of students who benefit from a quality alternative to the traditional brick and mortar classroom. These include students whose families seek more direct involvement in their education; students who are homebound due to illness or disability; exceptional students who are far ahead of or far behind their peers in school; young people pursuing artistic or athletic careers that require a flexible school schedule; students in group homes or institutions; and students at risk of academic failure who may particularly benefit from intensive, personalized instruction. The school is governed and operated by an independent Board of Directors, CalOPS, that is made up of a mix of educators, parents, and community representatives. California Online Public Schools' goal is to set a new standard for virtual education excellence in California. To reach this goal, students at the school are provided with a top-quality and diverse curriculum that combines the best in print and technology and which is designed to meet all state standards. Students

have opportunities to engage in community based field trips and other in-person learning and social activities to supplement the online program.

Some considerations that are unique to the California Online Public Schools Northern California program and that have an effect on the performance metrics described in this LCAP include:

A public charter school of choice, which parents choose for a wide variety of reasons

The school serves all grade levels, TK-12, which is different from most traditional public schools

A high mobility rate, which results in a large population of new students each year

A diverse and spread-out population that has difficulty participating in State Testing.

A high percentage of high school students who enroll are deficient in the credits needed to graduate on time and therefore, take more than 4 years to graduate

A transitional year in 2024-2025 of change that involved new internal systems (SIS and LMS) and curriculum at all grade levels.

A growing unduplicated pupil demographic, specifically English Language Learners at all grade levels.

When considering student outcomes for the school, these factors are important to take into consideration, in particular, the high mobility rate for students, as well as the time it takes for students to adapt to a completely online learning environment. Due to the unique virtual charter school program offered, the school experiences a lot of student turnover both during the year as well as from year to year. Many students and families choose a virtual charter school program to serve a unique need for a particular period of time, e.g., medical reasons, sports, a family move, bullying, etc. Their intent is to solve a family issue and enroll in a virtual school for a limited time. Families report that it takes a while to adapt to working in an independent study and virtual school environment, so students who do choose to stay in the program for more than one year are more academically successful in their second and subsequent years. The school makes ongoing significant efforts to provide training and support to increase retention and student success in the program, as reflected in some of the goals and actions in this LCAP

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

California Online Public Schools Northern California's 2024 Dashboard performance reflects a concerted alignment with our school's LCAP goals and actions. We have rigorously analyzed and engaged stakeholders in discussions about the performance data to maintain a steadfast focus on student and school achievement and advancement throughout the LCAP development process.

While it is crucial to address all areas of the accountability system to ensure equitable outcomes for all student groups, we are particularly attentive to both our successes highlighted on the dashboard and the specific areas and groups demonstrating the greatest need based on the data.

Our strengths on the 2024 California School Dashboard are most clearly reflected in our zero percent Suspension Rate across all student groups—a strong indicator of the supportive and inclusive learning environment we continue to foster. This performance significantly outpaces the statewide average of 3.2% and demonstrates our school's proactive approach to behavior support and engagement.

However, chronic absenteeism remains a concern. The school's overall Chronic Absenteeism Rate rose to 18.8%, an increase of 6 percentage points from the prior year. The indicator is now in the Orange performance level. Particularly high rates were observed among Socioeconomically Disadvantaged students (25.6%), Hispanic students (25.1%), and English Learners (23.9%), with Students with Disabilities reaching 30.1%. This reinforces the importance of continued efforts to promote consistent attendance, especially among our most vulnerable student groups.

Academic indicators in both English Language Arts and Mathematics remain in the Red performance level. In ELA, the school scored 127.5 points below standard, reflecting a 4.6-point decline from 2023. In Mathematics, students scored 177.3 points below standard, although this marks a 9.5-point improvement over the prior year. The Socioeconomically Disadvantaged group scored 141.4 points below standard in ELA and 177.3 points below standard in Math, indicating a pressing need for targeted academic intervention.

Low participation in CAASPP testing continues to impact our academic indicators. Many students did not test, leading to LOSS scores being factored into the overall performance. As a virtual school, we face unique challenges in achieving full participation, including travel barriers, scheduling conflicts, and health-related concerns. To improve participation and outcomes, we are expanding our remote testing infrastructure, introducing more geographically distributed testing locations for students in need of 1:1 testing, and building awareness among families and students through outreach, practice testing, and curriculum alignment.

These initiatives are supported by early testing engagement strategies beginning in the elementary grades, aimed at normalizing the assessment process and embedding it as a routine part of the school experience. Alongside academic interventions such as Project Success, the CHAMPS program, in-house summer school, and the homeroom model, these efforts form the foundation of our strategy to accelerate growth and ensure equitable outcomes for all students.

In conclusion, California Online Public Schools Northern California remains steadfast in its commitment to addressing areas of improvement highlighted by the 2024 Dashboard while building upon our strengths to ensure the success of all our students. Through collaborative efforts, targeted interventions, and ongoing support, we are dedicated to fostering a culture of continuous improvement and student achievement at California Online Public Schools Northern California.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Based on the 2024 California School Dashboard, California Online Public Schools Northern California (CalOPS) is eligible for Differentiated Assistance under the following state priorities:

Priority 4: Academic Performance

Priority 5: Academic Engagement

Priority 8: Student Outcomes (College & Career Indicator)

This designation applies to the following student groups:

-English Learners

-Hispanic

-Socioeconomically Disadvantaged (SED)

-White students

-Among these, the Socioeconomically Disadvantaged student group demonstrated the greatest need for support, with the lowest performance across multiple indicators, including math achievement, chronic absenteeism, and college and career readiness.

Collaborative Review of Data:

CalOPS worked closely with the San Joaquin County Office of Education (SJCOE) to review state and local data, reflect on systemic challenges, and identify actionable areas for growth and support.

Strengths Identified:

- Improvement in the all-student graduation rate (77.7%, up 4.5% from the prior year)
- 96% success rate in the internal credit recovery program (Project Success)
- Consistent student engagement through the homeroom teacher model
- Transition to a 1:1 student device model, expanding digital access
- Implementation of remote state testing, reducing access barriers linked to travel and scheduling

Areas for Growth:

- Mathematics achievement for SED students: 177.3 points below standard (compared to 141.4 below for all students)
- Chronic absenteeism remains elevated, with multiple student groups performing in the Red (SED, EL, Hispanic, White)
- College and Career Readiness: SED, Students with Disabilities, and Hispanic students scored at the Very Low level on the College and Career Indicator (CCI)
- Continued challenges with participation in state testing, affecting overall academic performance indicators

Focus Areas: Math Achievement & College and Career Readiness

Through targeted technical assistance with SJCOE, CalOPS identified two core instructional priorities:

- Improve math achievement for Socioeconomically Disadvantaged students through strengthened curriculum, instruction, and engagement strategies
 - Increase College and Career readiness by aligning coursework, advising, and graduation planning to support long-term student outcomes
- These focus areas align with the CalOPS Theory for Improvement, which sets a measurable goal of increasing math achievement for SED students by 5% by 2025, while also addressing equity gaps in postsecondary preparedness.

Professional Development and Implementation Plan

To support these focus areas, CalOPS will continue partnering with SJCOE to implement a professional development and instructional improvement plan. The following LCAP actions reflect key strategies identified through technical assistance:

- Action 2.1 – Provide targeted tutoring, intervention programs, and math support services for SED students
- Action 2.2 – Use diagnostic and formative assessment tools (iReady, IXL, Tutor.com, interim assessments) to tailor instruction and monitor progress
- Action 2.4 – Implement new math curriculum and offer aligned professional learning for instructional staff
- Action 1.4 – Strengthen 1:1 family communication, including data chats, goal setting, and outreach
- Action 3.3 – Expand access to college and career readiness tools and advising, including CTE, dual enrollment, and a-g support

Ongoing Commitment to Equity and Access

CalOPS has made significant strides in removing participation barriers through the transition to 1:1 student devices and remote state testing. These shifts have increased access to academic supports and decreased logistical challenges for families. Internal diagnostics such as iReady and MAP assessments demonstrate higher student proficiency than reflected in CAASPP results, reinforcing the importance of focusing on test awareness, participation, and preparation. The support and partnership of SJCOE continue to be central to building sustainable systems of support that promote academic achievement, engagement, and postsecondary readiness for all students, especially those who have been historically underserved.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

California Online Public Schools Northern California

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Needs Assessment

Based on the 2024 California School Dashboard, California Online Public Schools Northern California remains eligible for Comprehensive Support and Improvement (CSI) as it continues to fall within the lowest-performing 5% of schools statewide. While the school's graduation rate improved from 64.5% in 2023 to 77.7% in 2024, the school continues to face challenges across key priority areas.

Among student subgroups, the Socioeconomically Disadvantaged (SED) group shows the greatest need, with the following 2024 Dashboard results:

- English Language Arts: 127.5 points below standard, a decline of 4.6 points from the prior year
- Mathematics: 177.3 points below standard, though showing improvement of 9.5 points from 2023
- Chronic Absenteeism: 25.6%, an increase of 6 percentage points

In comparison, chronic absenteeism for all students was 18.8%, with additional disparities for English Learners (23.9%), Hispanic students (25.1%), and White students (14.6%). These trends indicate ongoing needs in academic support, student engagement, and equitable access to learning opportunities.

To inform this CSI plan, California Online Public Schools Northern California consulted with schoolwide and high school leadership, student services, counseling, and family groups, including the School Advisory Committee and English Learner Advisory Committee. Stakeholder input emphasized early intervention, summer credit recovery, and increased teacher-student engagement.

Root Cause Analysis

- High chronic absenteeism among SED, Hispanic, and EL students reduces access to instruction.

- Low academic performance in ELA and math, especially for SED students.
- Students are falling off cohort in 9th grade, which impacts graduation outcomes.
- High student mobility brings in students who are already credit deficient.
- Limited CAASPP participation affects the accuracy of state performance indicators.

Evidence-Based Interventions

Using The Practical Decision Maker (Harvey, Bearley, Corkrum, 1997) as a framework, the school selected evidence-based strategies to meet multiple student needs:

- Homeroom Model: Teachers are assigned small groups of students to monitor engagement, promote connection, and intervene early. Contact rates reached an average of 87% through the first three quarters of the 2024-2025 school year.
- Project Success (Credit Recovery Program): Groups students with credit deficiencies into homerooms led by core-subject teachers. The program reported a 96% pass rate after the first three quarters of the 2024-2025 school year.
- CHAMPS Program: Supports at-risk students before high school entry. In 2023–2024, students in this program had an 85% pass rate.
- In-House Summer School: In summer 2024, our program was scaled back due to system transitions but still supported high school credit recovery with a 73% pass rate. While slightly below past years, the results remain positive given the reduced scope. As systems stabilize, we will enhance outreach to identify students needing summer support and tailor course options to serve both credit-deficient upper-grade students and those in lower grades needing foundational skill reinforcement.
- College and Career Access Pathway (CCAP): CCAP, a partnership with Saddleback College, enables high school students to dual enroll in college courses. Since its launch in 2021–2022, enrollment and performance have steadily improved, from 38 students with a 78% pass rate to 57 students in 2024–2025, achieving an 86% pass rate across two courses. The program now offers four course options, expanding access to college-level learning. CCAP continues to be a valuable bridge to postsecondary success, especially for students seeking career pathways or general education transfer opportunities.

Identification of Resource Inequities

Although the virtual model ensures equal course and material access, data shows that SED students face systemic barriers to success. To address this, CalOPS will:

- Lower student-teacher ratios for students who are credit deficient.
- Provide additional staffing and resources to support Project Success, CHAMPS, summer school, early warning systems, and college/career readiness programs.
- Use academic need, not subgroup status, to determine eligibility, ensuring equitable access to these supports.

CalOPS Northern California remains committed to closing academic and engagement gaps through targeted supports, informed by real-time data, to ensure all students, especially those most underserved, have the opportunity to succeed.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

The implementation and effectiveness of this CSI plan will be continuously monitored using the stages of implementation outlined by Fixsen: exploration, installation, initial implementation, and full implementation. These stages are dynamic, allowing the school to adjust as staff and circumstances evolve (<https://nirn.fpg.unc.edu/>).

Progress will be reviewed formally on a quarterly basis, focusing on:

The percentage of all students on track to graduate, with the goal of exceeding the 68% cohort graduation threshold.

Increased rates of underclassmen staying on cohort.

Expansion and impact of the CCAP dual enrollment program.

Continued refinement of the in-house summer school and CHAMPS programs.

Reduction in chronic absenteeism rates across student groups, particularly among Socioeconomically Disadvantaged, Hispanic, and English Learner students.

Leadership, staff, and community stakeholders will participate in these reviews to provide insight and feedback. Their input will guide adjustments to interventions and support decisions about program expansion or revision. These monitoring efforts will ensure the school remains responsive and adaptive, using evidence and feedback to drive continuous improvement and improve student outcomes. In addition, ongoing training and communication will be provided to staff and families to support understanding of the CSI plan, foster shared responsibility for student outcomes, and build capacity to address chronic absenteeism, student engagement, and academic progress collaboratively.

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
School Parents/Caretakers	School Advisory Committee Meetings, ELAC meetings, Parent/Administration Collaboration Meetings, Parent satisfaction surveys, LCAP goal input surveys, State Testing Surveys, and curriculum feedback forms, Charter School Board Meetings
Students	School Advisory Committee Meetings, ELAC meetings, YouthTruth Student engagement survey, LCAP goal input surveys, State Testing Surveys, curriculum feedback forms, and Charter School Board Meetings
Teachers	School Advisory Committee Meetings, ELAC meetings, Staff engagement survey, LCAP goal input surveys, State Testing Surveys, curriculum feedback form, School Enhancement Target reviews, Brown Bag Staff Meetings, Charter School Board Meetings, WASC Accreditation Focus Group Meetings, and Back to school 'All Staff' Meetings.
Administration/Principals	School Advisory Committee Meetings, ELAC meetings, Staff engagement survey, LCAP goal input surveys, State Testing Surveys, curriculum feedback form, School Enhancement Target reviews, Brown Bag Staff Meetings, Charter School Board Meetings, WASC Accreditation Focus Group Meetings, Executive Leadership Team Meetings, and Back to school 'All Staff' Meetings.
Other school personnel	School Advisory Committee Meetings, ELAC meetings, Staff engagement survey, LCAP goal input surveys, State Testing Surveys, Brown Bag Staff Meetings, Charter School Board Meetings, WASC

Educational Partner(s)	Process for Engagement
	Accreditation Focus Group Meetings, Executive Leadership Team Meetings, and Back to school 'All Staff' Meetings.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The educational partner engagement processes outlined by California Online Public Schools are thorough and comprehensive, demonstrating a strong commitment to inclusivity and collaboration in the development of the LCAP.

The use of surveys as a means to gather feedback from parents, students, and other stakeholders is a valuable practice, allowing for targeted input on areas of need and school improvement. Open-ended questions enable stakeholders to provide detailed feedback, which can be instrumental in shaping the direction of the LCAP.

The various meetings, such as the School Advisory Committee, Caretaker and Administration Collaboration Meetings, and English Learner Advisory Committee Meetings, provide forums for stakeholders to engage in discussions about school programs, policies, and the LCAP. These meetings ensure that diverse perspectives are considered and that stakeholders have opportunities to convey their thoughts, celebrations, and concerns directly to the school administration.

Additionally, the involvement of the Charter School Board, authorizing district, and WASC accreditation process further enhances accountability and ensures alignment with broader educational goals and standards.

The Executive Leadership Team Meetings play a crucial role in refining LCAP goals and priorities based on stakeholder input, with representation from various departments within the school. This ensures that the actions and expenditures required to implement the LCAP are carefully considered and agreed upon.

Furthermore, the inclusion of all staff in back-to-school and end-of-year meetings, and grade level and department meetings, provides additional opportunities for input into school improvement efforts, fostering a culture of continuous feedback and collaboration among staff members.

Overall, the multi-faceted approach to stakeholder engagement outlined by California Online Public Schools Northern California reflects a commitment to transparency, accountability, and continuous improvement in serving the needs of students, families, and the school community.

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

During the 2024–25 school year, implementation of Goal 1 actions remained largely aligned to the original plan. Key academic supports such as diagnostic assessments (i-Ready, MAP), Professional Learning Communities (PLCs), targeted English Learner supports, and foster/homeless student interventions were maintained and executed with fidelity. Instructional tools continued to be leveraged in both synchronous and asynchronous environments. PLCs were integral to MTSS implementation and used progress monitoring data to adjust supports.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Overall, most actions under this goal were implemented as planned; however, actual expenditures were lower than budgeted for some contributing actions. This variance is attributed to a drop in enrollment due to our transition and adjustments in ADA planning. Planned

expenditures were based on higher enrollment, while actual implementation reflected the smaller student population. While this resulted in lower costs, it did not negatively impact the delivery of services.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Actions such as Project Success, PLC collaboration, and diagnostic-based interventions were effective in supporting student academic growth. Notably, our English Learner Reclassification rate rose to 16.95%—a 6.88% increase from the prior year. While growth in i-Ready reading and math metrics dipped slightly (-7.5% and -7%, respectively), the interventions in place provided a strong foundation for targeted support and adjustment moving forward.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

For 2025–26, no changes were made to the core goal or metrics; however, the school will more carefully align planned expenditures for contributing actions to the expected ADA. Additional attention will be paid to identifying which interventions are tagged as contributing and whether these designations are appropriate given the actual impact on unduplicated students.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

All planned engagement actions were implemented, including biweekly contact tracking, internet reimbursements, technology access, tiered re-engagement systems, and expanded caretaker onboarding and training. The school enhanced its social-emotional supports and continued to improve identification processes and personalized supports for foster and homeless youth.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Similar to Goal 1, Goal 2 actions that were marked as contributing were underspent relative to budgeted amounts. This was directly tied to decreased enrollment and resulting ADA, which required adjustments to staffing, materials, and outreach scalability. Still, the school ensured that core engagement strategies remained available to all students, especially unduplicated groups.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

The suspension rate remained at 0%, and engagement in school-issued technology and supports remained high. However, chronic absenteeism increased from 15.94% to 22%, indicating that further support and refinement are needed in re-engagement strategies. Biweekly contact rates also dropped by over 10%, which reinforces the need for proactive outreach and adjusted staff caseloads.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

In light of enrollment shifts, the school will refine how and where caretaker support and re-engagement interventions are targeted. We are also reviewing which actions are tagged as contributing to ensure alignment with unduplicated student needs and the impact of these services in a virtual context. Outreach structures and staff supports will be reviewed to better support attendance and biweekly contact expectations.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Access to Technology, Internet Connectivity, and a Rigorous Curriculum	Upon enrollment and at other times when the need may arise, enrolled students will be provided with a school issued Chromebook and no cost to the family. Additionally, a prorated internet reimbursement may be requested during the enrollment process or at any time after enrollment. The tools named are for the purpose of engagement with our instructional program and our curriculum delivered through our learning management system. All enrolled students have access to all needed elements of our LMS to help them engage with our program. Unduplicated students will be prioritized.	\$2,823,579.60	Yes
2.2	Track and Record Daily Student Participation	Each student in every grade must communicate with a teacher at least once every two (2) weeks. In addition, parents/legal guardians (or their qualified designee) must communicate with their student's teacher(s) on a regular basis, with the frequency to be determined by the teacher based on the student's grade level and progress in the program. These required reports (also known as contacts) occur in person, by phone, or via real-time instructional sessions, at a mutually agreed upon time and date. Meetings and contacts are documented in log entries. Attendance and lesson completion are recorded daily.	\$2,584,626.58	No
2.3	Framework of Tiered Re-engagement	When students find difficulty with engaging fully with our program, school staff will follow a well outlined escalation process. This process consists of tiers of interventions set up to assist students to find ways to engage fully	\$1,714,296.18	Yes

	Strategies for Students	with our school program. School staff will also utilize these strategies to lessen instances of chronic absenteeism.		
2.4	Caretaker Engagement Support	The Caretaker Support System will be expanded, continuing with enhancements to the Learning Coach Support Plan, including more improvements to the onboarding process, improved summer engagement activities, additional Caretaker training and resources, including additional resources in Spanish and additional languages as requested.	\$118,378.28	Yes
2.5	Social Emotional / Mental Health Supports	Staff will be trained in and asked to engage in social emotional supports for all students. In instances where more intense mental health support is needed, the school will consult and consider hiring additional experts in these fields.	\$226,283.75	No
2.6	Increasing Diversity and Inclusion	Our school is committed to the increasing diversity and inclusion for our entire school community. We will participate in professional development, evaluate curriculum and instructional practices, all with the focus of ensuring we are incorporating diverse and inclusive practices.	\$36,550.39	No
2.7	Foster and Homeless Youth Engagement Support	Continue to refine and consistently implement the identification process for foster and homeless youth during the enrollment and placement process. The school will continue to train one or more liaisons who will work closely with all students identified as foster or homeless and provide a personalized support structure to ensure their success. The roles and responsibilities of the liaison will be developed and clarified for different grade bands. Identified students will be assigned to the student support section of a liaison. Counseling and homeroom staff will be trained in identification, placement and support of foster and homeless youth. The focus of all these staff is to identify individualized support for these students providing tools such as WiFi hotspots and other such engagement support.	\$24,650.53	Yes

Goals and Actions

Goal

Goal #	Description	Type of Goal
3	All students will graduate with the knowledge and skills needed for college and careers.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
 Priority 2: State Standards (Conditions of Learning)
 Priority 3: Parental Involvement (Engagement)
 Priority 4: Pupil Achievement (Pupil Outcomes)
 Priority 5: Pupil Engagement (Engagement)
 Priority 6: School Climate (Engagement)
 Priority 7: Course Access (Conditions of Learning)
 Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

As an educational organization serving students in high school, it is our work to assist as many students as possible to graduate from high school. Our immediate focus within this goal is to increase the overall graduation rate. To that end, the metrics selected are heavily weighted towards strategies to increase graduation rate as are relevant and available.

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Goal 3 was implemented through targeted actions such as Project Success, CHAMPS, graduation progress monitoring, AVID, and the dual enrollment CCAP program. Transition plans for SPED students and internal summer school programming also supported academic progression. All systems transitioned well given the school's shift away from Pearson and into new structures.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

While all core actions under this goal were implemented, actual expenditures for several contributing actions were lower than anticipated. This was primarily due to the school's broader transition to new internal systems and infrastructure, which required temporary adjustments to the scale and pace of program delivery—particularly for summer school and other intervention supports. These refinements allowed the school to evaluate new tools and processes to ensure long-term effectiveness. As we plan for the coming year, greater attention will be given to aligning budgeted resources with anticipated participation and identifying which services most directly support our unduplicated student population to ensure equity and impact.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Project Success maintained a 96% pass rate, continued support in early intervention, and graduation rates improved from 73.2% to 77.7%. However, summer school pass rates dropped to 73%, and a-g completion rates decreased by 4.4%. Dual enrollment participation and success increased, with CCAP pass rates climbing to 86%, indicating college-prep momentum remains strong.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

The school will more intentionally plan for how credit recovery and summer school are staffed and resourced in light of enrollment changes. CCAP will continue to expand, but other supports such as CHAMPS, AVID, and progress monitoring systems will be evaluated for effectiveness and reach. Fiscal planning will include a review of which supports are tagged for contributing actions and whether this designation aligns with impact on unduplicated students.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

2.4	<p>Action: Caretaker Engagement Support</p> <p>Need: The need to provide caretakers engagement support arises from their crucial role in a student's academic journey and overall well-being. Caretakers, whether parents or guardians, are key influencers in a student's life, providing essential support and guidance outside of the virtual classroom. Engaging caretakers in the educational process strengthens the partnership between home and school, facilitating better communication, collaboration, and support for students.</p> <p>Scope: LEA-wide</p>	<p>This action addresses the need for caretaker engagement support by providing caretakers with the resources, information, and opportunities they need to effectively support their child's learning and development. By offering caretakers access to educational materials, training sessions, collaborative meetings, and communication, they are empowered to become active participants in their child's education. This engagement support helps caretakers feel more confident and equipped to navigate the challenges of supporting their child's learning, ultimately creating a more supportive and enriching home environment. Additionally, by fostering strong partnerships between home and school, this action ensures that caretakers are fully involved in their child's educational journey, which is essential for promoting academic success and overall well-being</p>	<p>Measuring the effectiveness of caretaker engagement support can be done through various methods:</p> <p>Attendance and Participation: Tracking attendance and participation in collaborative meetings, training sessions, or informational events designed for caretakers provides insights into their level of engagement and interest.</p> <p>Surveys and Feedback: Administering surveys or</p>

3.2	<p>Action: Career Preparation (CTE)</p> <p>Need: The action of Career Preparation, particularly through Career and Technical Education (CTE) programs, is driven by the pressing need to equip students with the practical skills, industry knowledge, and career readiness competencies essential for success in today's dynamic job market. With industries evolving rapidly and facing shortages of skilled workers, CTE programs play a pivotal role in closing the skills gap by providing students with relevant training aligned with real-world job demands.</p> <p>Scope: LEA-wide</p>	<p>Career Preparation through Career and Technical Education (CTE) programs is provided to address a variety of critical needs. This action promotes equity and access by offering diverse career pathways and opportunities to all students, regardless of their background or academic achievement. This inclusive approach ensures that every student has the opportunity to explore and pursue high-demand careers, ultimately contributing to a more equitable society. Furthermore, by preparing students for success in the workforce, CTE programs play a crucial role in workforce development and economic growth, benefiting both individuals and communities. Overall, Career Preparation through CTE programs is essential for meeting the needs of students, industries, and communities in today's rapidly changing economy.</p>	<p>Metrics to monitor the effectiveness of Career Preparation through Career and Technical Education (CTE) programs can include:</p> <p>Enrollment in Career Preparation (CTE) Coursework: Monitor and evaluate the enrollment and completion of our CTE courses.</p> <p>Graduation and Persistence Rates: Monitoring the graduation rates and persistence rates of students enrolled in CTE programs to</p>

3.4	<p>Action: Credit Recovery and Summer Intervention</p> <p>Need: The need for Credit Recovery and Summer Intervention programs is driven by the imperative to ensure that all students have the opportunity to succeed academically and graduate from high school.</p> <p>Scope: LEA-wide</p>	<p>These programs address several key challenges that students may encounter on their path to graduation. Firstly, they provide a lifeline for students who have fallen behind in coursework or have failed to meet graduation requirements, offering them the chance to make up missed credits and complete necessary courses. Additionally, Credit Recovery programs offer vital academic support and remediation to help struggling students master essential concepts and skills, ensuring they have the foundation needed for success in subsequent courses. Furthermore, these programs play a crucial role in preventing dropout by providing at-risk students with alternative pathways to earning credits and staying on track toward graduation. Moreover, Summer Intervention programs address the issue of learning loss over the summer break, particularly for students from disadvantaged backgrounds, by offering opportunities for academic enrichment,</p>	<p>Metrics to measure the effectiveness of Credit Recovery and Summer Intervention programs include:</p> <p>Credit Attainment: Tracking the percentage of students who successfully complete credit recovery courses or earn credits during summer intervention programs compared to the total number of students enrolled. This metric indicates the program's success in helping students make up missed or failed credits.</p>

2.7	<p>Action: Foster and Homeless Youth Engagement Support</p> <p>Need: Foster and homeless youth face a myriad of challenges that can significantly impact their ability to engage in education. These challenges include instability in living arrangements, disruptions in schooling, experiences of trauma and adversity, and struggles to meet basic needs. As a result, foster and homeless youth often require additional support to navigate educational systems, access resources, and advocate for their rights</p> <p>Scope: Limited to Unduplicated Student Group(s)</p>	Supporting foster and homeless youth engagement directly addresses the need by providing additional support to help these vulnerable populations navigate the numerous challenges they face in education. By offering tailored assistance, such as educational advocacy, access to resources, and empowerment programs, this support aims to mitigate the impacts of instability in living arrangements, disruptions in schooling, trauma, adversity, and struggles to meet basic needs. By addressing these challenges, foster and homeless youth are better equipped to engage in education and overcome barriers to learning. Thus, supporting foster and homeless youth engagement directly aligns with the identified need by providing the necessary resources and support to help these youth navigate educational systems, access resources, and advocate for their rights, ultimately promoting their academic success and well-being.	<p>Effectiveness in supporting foster and homeless youth engagement can be monitored through various methods:</p> <p>Attendance and Participation: Tracking attendance and participation in engagement programs, contacts, or support groups specifically designed for foster and homeless youth can provide insights into the reach and effectiveness of these initiatives.</p> <p>Academic Progress: Monitoring academic progress, such as improvements in grades, completion of assignments, and participation, can indicate the impact of engagement support on educational outcomes.</p>

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
 - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statutes of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
 - If the LEA has unexpended LREBG funds the LEA must provide the following:
 - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
 - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
 - An explanation of how the action is aligned with the allowable uses of funds identified in [EC Section 32526\(c\)\(2\)](#); and
 - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by [EC Section 32526\(d\)](#).
 - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the [LREBG Program Information](#) web page.
 - Actions may be grouped together for purposes of these explanations.
 - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
 - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32526(d), to provide the information identified above or to include actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

Requirements

School districts and COEs: [EC Section 52060\(g\)](#) and [EC Section 52066\(g\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: [EC Section 47606.5\(d\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062](#);
 - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see [Education Code Section 52068](#); and
- For charter schools, see [Education Code Section 47606.5](#).

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
 - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
 - Inclusion of metrics other than the statutorily required metrics
 - Determination of the target outcome on one or more metrics
 - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
 - Inclusion of action(s) or a group of actions
 - Elimination of action(s) or group of actions
 - Changes to the level of proposed expenditures for one or more actions
 - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
 - Analysis of effectiveness of the specific actions to achieve the goal
 - Analysis of material differences in expenditures
 - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
 - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
 - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
 - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
 - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
 - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: [EC Section 42238.024\(b\)\(1\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
 - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
 - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- **Required metrics for actions supported by LREBG funds:** To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
 - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #
<ul style="list-style-type: none">• Enter the metric number.
Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
 - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
 - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
 - Indicate the school year to which the baseline data applies.
 - The baseline data must remain unchanged throughout the three-year LCAP.
 - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
 - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- **Note for Charter Schools:** Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
 - **Note for Charter Schools:** Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
 - **Note for Charter Schools:** Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
 - Include a discussion of relevant challenges and successes experienced with the implementation process.
 - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
 - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

Actions:

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
 - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
 - Professional development for teachers.
 - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
 - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
 - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
 - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to [EC Section 32526\(d\)](#). For information related to the required needs assessment please see the Program Information tab on the [LREBG](#)

[Program Information](#) web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the [California Statewide System of Support LREBG Resources](#) web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32526(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in [EC Section 32526\(c\)\(2\)](#).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
 - Identify the action as an LREBG action;
 - Include an explanation of how research supports the selected action;
 - Identify the metric(s) being used to monitor the impact of the action; and
 - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 CCR Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.
- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
 - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
 - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
 - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
 - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
 - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
 - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
 - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
 - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
 - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
 - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
 - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
 - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
 - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
 - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
 - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
 - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

- This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2025-26 School Year

Projected Revenue by Fund Source

This chart shows the total general purpose revenue California Online Public Schools Southern California expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for California Online Public Schools Southern California is \$72,984,420, of which \$62,481,459 is Local Control Funding Formula (LCFF), \$8,670,628 is other state funds, \$81,790 is local funds, and \$1,750,543 is federal funds. Of the \$62,481,459 in LCFF Funds, \$6,300,504 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The charts in the Budget Overview for Parents are automatically generated based on your updates in the input form of the standalone template in DTS. There is no need to insert images.

Please contact DTS if you would like support with overlapping labels. Thank you!

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much California Online Public Schools Southern California plans to spend for 2025-26. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: California Online Public Schools Southern California plans to spend \$69,268,902 for the 2025-26 school year. Of that amount, \$44,584,928 is tied to actions/services in the LCAP and \$24,683,974 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

Increased or Improved Services for High Needs Students in the LCAP for the 2025-26 School Year

In 2025-26, California Online Public Schools Southern California is projecting it will receive \$6,300,504 based on the enrollment of foster youth, English learner, and low-income students. California Online Public Schools Southern California must describe how it intends to increase or improve services for high needs students in the LCAP. California Online Public Schools Southern California plans to spend \$28,551,503 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2024-25

This chart compares what California Online Public Schools Southern California budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what California Online Public Schools Southern California estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2024-25, California Online Public Schools Southern California's LCAP budgeted \$28,551,089 for planned actions to increase or improve services for high needs students. California Online Public Schools Southern California actually spent \$20,012,195 for actions to increase or improve services for high needs students in 2024-25.

The difference between the budgeted and actual expenditures of \$8,538,894 had the following impact on California Online Public Schools Southern California's ability to increase or improve services for high needs students:

During the 2024-2025 school year, California Online Public Schools transitioned away from Pearson Virtual Schools and became their own school. Due to the transition, the school experienced a decrease in student enrollment. Planned expenditures were based on previous year enrollment numbers. Actual expenditures were representative of the decreased enrollment. There was no impact to actions and services and the overall increase and improved services for high needs students in 2024-25.

Plan Summary [2025-26]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

California Online Public Schools Southern California serves students in grades TK-12 through an online program under California's independent study laws, operating as a non-classroom based public charter school. The school operates under a charter authorized by Capistrano Unified School District, and enrolls students in five counties: Orange, Los Angeles, Riverside, San Bernardino, and San Diego. In 2004, the school opened its doors for the first time. The school is governed by the non-profit charter management organization, California Online Public Schools (CalOPS). There are currently six schools in the CalOPS family that run under the same school model.

Students attend school primarily from home, supervised by a Learning Coach (generally a parent), following a Personalized Learning Plan that integrates technology and standards-aligned curriculum under the supervision of professional, fully qualified, certificated teachers. California Online Public Schools Southern California is tailor-made for a diverse array of students who benefit from a quality alternative to the traditional brick and mortar classroom. These include students whose families seek more direct involvement in their education; students who are homebound due to illness or disability; exceptional students who are far ahead of or far behind their peers in school; young people pursuing artistic or athletic careers that require a flexible school schedule; students in group homes or institutions; and students at risk of academic failure who may particularly benefit from intensive, personalized instruction. The school is governed and operated by an independent Board of Directors, CalOPS, that is made up of a mix of educators, parents, and community representatives. California Online Public Schools' goal is to set a new standard for virtual education excellence in California. To reach this goal, students at the school are provided with a top-quality and diverse curriculum that combines the best in print and technology and that is designed to meet all state standards. Students have opportunities to engage in community based field trips and other in-person learning and social activities to supplement the online program.

Some considerations which are unique to the California Online Public Schools Southern California program and which have an effect on the performance metrics described in this LCAP include:

A public charter school of choice, which parents choose for a wide variety of reasons

The school serves all grade levels, TK-12, which is different from most traditional public schools

A high mobility rate, which results in a large population of new students each year

A diverse and spread-out population that has difficulty participating in State Testing.

A high percentage of high school students who enroll are deficient in the credits needed to graduate on time and therefore take more than 4 years to graduate

A transitional year in 2024-2025 of change that involved new internal systems (SIS and LMS) and curriculum at all grade levels.

A growing unduplicated pupil demographic, specifically English Language Learners at all grade levels.

When considering student outcomes for the school, these factors are important to take into consideration, in particular, the high mobility rate for students, as well as the time it takes for students to adapt to a completely online learning environment. Due to the unique virtual charter school program offered, the school experiences a lot of student turnover both during the year as well as from year to year. Many students and families choose a virtual charter school program to serve a unique need for a particular period of time, e.g., medical reasons, sports, a family move, bullying, etc. Their intent is to solve a family issue and enroll in a virtual school for a limited time. Families report that it takes a while to adapt to working in an independent study and virtual school environment, so students who do choose to stay in the program for more than one year are more academically successful in their second and subsequent years. The school makes ongoing significant efforts to provide training and support to increase retention and student success in the program, as reflected in some of the goals and actions in this LCAP.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

California Online Public Schools Southern California's 2024 Dashboard performance reflects a concerted alignment with our school's LCAP goals and actions. We have rigorously analyzed and engaged stakeholders in discussions about the performance data to maintain a steadfast focus on student and school achievement and advancement throughout the LCAP development process.

While it is crucial to address all areas of the accountability system to ensure equitable outcomes for all student groups, we are particularly attentive to both our successes highlighted on the Dashboard and the specific areas and groups demonstrating the greatest need based on the data.

Our strengths on the 2024 California School Dashboard are clearly reflected in our maintained zero percent Suspension Rate across all student groups—a significant accomplishment when compared to the statewide average of 3.2%. This underscores our strong commitment to creating a safe, supportive, and inclusive school environment. Additionally, our Graduation Rate rose to 80.5%, a 2.1 percentage point increase from the previous year, and earned a “Green” performance level, signaling positive momentum in our work to ensure all students reach this critical milestone.

However, the Dashboard also highlights areas that require urgent attention. Chronic Absenteeism increased to 19%, a 7.1 percentage point rise from the prior year, placing this indicator in the “Red” performance level. The increase was most significant among Socioeconomically Disadvantaged students (23.5%), Hispanic students (20.3%), Students with Disabilities (25.2%), and Homeless youth (35.6%). These trends highlight the need for intensified engagement efforts and wraparound supports to improve attendance and student connection to school. In terms of Academic Performance, our students continue to face challenges. In English Language Arts, students scored an average of 90.5 points below standard, with a 10-point decline from the prior year, resulting in a “Red” performance level. In Mathematics, the school was 140.6 points below standard, though it improved by 5.6 points, moving into the “Orange” performance level. The Socioeconomically Disadvantaged group scored 112.9 points below standard in ELA and 162.2 points below standard in Math, while Students with Disabilities scored 158 points below standard in ELA and 199.9 points below standard in Math. These results call for stronger instructional interventions and continued focus on differentiated supports.

We recognize that these outcomes are influenced not only by instructional rigor but also by CAASPP participation rates, which are impacted by the unique challenges of operating as a fully online school. Transportation issues, family work schedules, and health concerns continue to pose obstacles. In response, we have expanded access through remote testing options, introduced more geographically distributed testing locations for students in need of 1:1 testing, and bolstered our outreach to families through targeted communication. We also continue to increase test readiness through practice tests and aligned materials in the curriculum.

We are also increasing focus on early-grade participation in state assessments to build student familiarity and long-term engagement. Our academic teams have also deepened efforts to support students through targeted programs such as CHAMPS, credit recovery, and course-specific tutoring aligned to standards.

In conclusion, California Online Public Schools Southern California remains committed to acting on the insights gained from the 2024 Dashboard. We will continue to build on our strengths, address areas of concern, and implement targeted, data-driven strategies to meet the needs of every student. With the dedication of our staff, families, and community, we will persist in cultivating a culture of continuous growth and high expectations across all grade levels.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Based on the 2024 California School Dashboard, California Online Public Schools Southern California qualifies for Differentiated Assistance under the following state priorities:

Priority 4: Academic Performance

Priority 5: Pupil Engagement

Priority 8: Student Outcomes (College and Career Indicator)

This designation is based on the performance of the Socioeconomically Disadvantaged (SED) student group, which received “Red” performance levels in two or more indicators, including English Language Arts, Chronic Absenteeism, and College/Career Readiness. The school also experienced below typical growth in both ELA and Math across several student groups, further identifying key areas of need.

Collaborative Review of Data

In partnership with the Orange County Department of Education, CalOPS Southern California has conducted a thorough analysis of both state and local performance indicators to better understand student needs and system-wide opportunities for improvement.

Strengths Identified:

- Graduation rate increased to 80.5% (Green), showing positive year-over-year growth
- Suspension Rate maintained at 0% (Blue) across all student groups
- Success of internal support programs, including a 96.5% pass rate in the credit recovery program (Project Success)
- Expanded access to dual enrollment through Saddleback College (CCAP)
- Full implementation of academic standards and instructional materials across content areas

Areas for Growth:

- English Language Arts: SED students scored 112.9 points below standard, with a 7.1-point decline; Students with Disabilities scored 158 points below standard
- Mathematics: SED students scored 162.2 points below standard, Students with Disabilities at 199.9 points below
- Chronic Absenteeism: SED students at 23.5%, Students with Disabilities at 25.2%, and Homeless youth at 35.6%
- College and Career Indicator: Only 13.1% of SED students met the “Prepared” level; Students with Disabilities at 4.9%
- Growth: Students in the SED group scored 21 points below typical growth in Math and 12 points below in ELA
- Focus Areas: Math Proficiency & Postsecondary Preparation

In alignment with the CalOPS Theory for Improvement, CalOPS Southern California is committed to the following improvement priorities:

- Improve math performance and growth for SED and Students with Disabilities through expanded intervention and instructional support
 - Strengthen college and career readiness through individualized planning, expanded CTE and a-g pathways, and dual enrollment
 - Address chronic absenteeism with targeted engagement strategies and increased tiered supports
- These areas have been selected due to both dashboard performance and internal data highlighting persistent equity gaps among our most at-risk student groups.

Professional Development and Implementation Plan

The school has partnered with OCDE to implement targeted strategies aligned to the LCAP:

- Action 2.1 – Expansion of high-dosage tutoring and math intervention groups using iReady and IXL data
- Action 2.2 – Use of CAASPP Interim Assessments and diagnostic platforms for real-time instructional decisions
- Action 2.3 – Continued training for general education and SPED teachers on differentiation and standards alignment
- Action 3.1 – College and Career counseling supports, including CCAP dual enrollment and CTE expansion
- Action 1.4 – Family engagement through goal-setting, data chats, and ongoing attendance outreach

Ongoing Commitment to Equity and Improvement

CalOPS Southern California has taken strategic steps to increase state testing participation, including remote options, weekend testing, and targeted outreach. At the same time, internal assessments such as iReady provide more detailed insight into student growth and proficiency. As part of our continuous improvement cycle, we remain focused on long-term systemic improvements that align with our mission to support every learner. This includes eliminating barriers to access, building educator capacity, and refining instructional and engagement practices that meet the diverse needs of our student population.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

California Online Public Schools Southern California

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Needs Assessment

Based on the 2024 California School Dashboard, California Online Public Schools Southern California remains eligible for Comprehensive Support and Improvement (CSI), as it falls within the lowest-performing 5% of schools statewide. Although the school's graduation rate improved modestly from 78.4% to 80.5%, persistent performance gaps remain across multiple state priorities.

This continued CSI designation is primarily driven by the performance of the Socioeconomically Disadvantaged (SED) student group. In 2024, this group demonstrated the lowest academic achievement and engagement in the following areas:

-English Language Arts: 112.9 points below standard

-Mathematics: 162.2 points below standard

-Chronic Absenteeism: 23.5%, an increase of 7.5 percentage points from the previous year

For context, the all-student average chronic absenteeism rate was 19%, with even more concerning rates among Students with Disabilities (25.2%), Hispanic students (20.3%), and Homeless youth (35.6%). These indicators underscore an urgent need for sustained improvements in both academic achievement and student attendance, particularly among our most at-risk groups.

To develop this CSI plan, CalOPS Southern California collaborated with stakeholders across all grade spans, including leaders from the high school team, student services, counselors, and advisory groups such as the School Advisory Committee and English Learner Advisory Committee. These groups played a central role in reviewing state and local data and refining proposed interventions.

Root Cause Analysis

-Chronic absenteeism among SED, EL, and Homeless students limits instructional time and academic momentum

-Significant academic gaps in ELA and Math, driven by skill gaps, inconsistent engagement, and instructional access

-Low participation rates in CAASPP testing, especially among mobile or credit-deficient students, hinder data accuracy

-High school mobility and mid-year transfers create challenges in maintaining academic progress and credit accumulation

-Lack of early intervention in middle school leads to gaps that are not addressed until high school, impacting graduation

Evidence-Based Interventions

Using The Practical Decision Maker framework (Harvey, Bearley, Corkrum, 1997), CalOPS Southern California selected the following multi-tiered strategies to address both academic and engagement needs:

-Homeroom Connection Model: Staff are assigned small groups of students for weekly check-ins, monitoring progress, and delivering early intervention. Contact rates reached an average of 87% through Q3 of the 2024–2025 school year.

- Project Success (Credit Recovery Program): Students are grouped into academic support sections led by credentialed content teachers. The program has maintained a 96.5% pass rate in 2024–2025, supporting on-time graduation for credit-deficient students.
- CHAMPS (Creating Hope and Motivation for Postsecondary Success): Identifies at-risk students entering high school and places them in structured academic and SEL supports. The 2023–2024 cohort showed an 85% pass rate across core subjects.
- In-House Summer School: Though scaled back in summer 2024 due to transitions, the program served both credit recovery and skill-building students with a 73% pass rate. Plans for summer 2025 include expanded course offerings and early outreach to high-needs students.
- College and Career Access Pathway (CCAP): The Saddleback College partnership now supports 57 dual-enrolled students, with an 86% pass rate across four transferable or career-pathway courses. This expansion provides equitable access to college-level coursework and supports long-term postsecondary planning.

Identification of Resource Inequities

While the school's virtual model provides consistent access to curriculum and technology, performance disparities indicate systemic inequities that require targeted support. In response:

- Student-teacher ratios will be reduced for credit-deficient and high-needs students
- Additional intervention staff and resources will be dedicated to CHAMPS, Project Success, and summer school programs
- Expanded outreach and case management will be prioritized for SED, EL, and mobile students to promote attendance
- Eligibility for services is determined by real-time academic and engagement data, not solely by subgroup classification, ensuring all students with demonstrated need have equitable access to intervention

Conclusion

California Online Public Schools Southern California remains committed to addressing the conditions that led to its CSI designation. By leveraging data-driven strategies, increasing access to high-quality instruction and support, and engaging in ongoing reflection and improvement, the school is focused on ensuring meaningful and measurable progress for all students, particularly those most underserved.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

The implementation and effectiveness of this CSI plan will be continuously monitored using the stages of implementation outlined by Fixsen: exploration, installation, initial implementation, and full implementation. These stages are dynamic, allowing the school to adjust as staff and circumstances evolve (<https://nirn.fpg.unc.edu/>).

Progress will be reviewed formally on a quarterly basis, focusing on:

The percentage of all students on track to graduate, with the goal of exceeding the 68% cohort graduation threshold.

Increased rates of underclassmen staying on cohort.

Expansion and impact of the CCAP dual enrollment program.

Continued refinement of the in-house summer school and CHAMPS programs.

Reduction in chronic absenteeism rates across student groups, particularly among Socioeconomically Disadvantaged, Hispanic, and English Learner students.

Leadership, staff, and community stakeholders will participate in these reviews to provide insight and feedback. Their input will guide

adjustments to interventions and support decisions about program expansion or revision. These monitoring efforts will ensure the school remains responsive and adaptive, using evidence and feedback to drive continuous improvement and improve student outcomes. In addition, ongoing training and communication will be provided to staff and families to support understanding of the CSI plan, foster shared responsibility for student outcomes, and build capacity to address chronic absenteeism, student engagement, and academic progress collaboratively.

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
School Parents/Caretakers	School Advisory Committee Meetings, ELAC meetings, Parent/Administration Collaboration Meetings, Parent satisfaction surveys, LCAP goal input surveys, State Testing Surveys, and curriculum feedback forms.
Students	School Advisory Committee Meetings, ELAC meetings, YouthTruth Student engagement survey, LCAP goal input surveys, State Testing Surveys, and curriculum feedback forms.
Teachers	School Advisory Committee Meetings, ELAC meetings, Staff engagement survey, LCAP goal input surveys, State Testing Surveys, curriculum feedback form, School Enhancement Target reviews
Administration/Principals	School Advisory Committee Meetings, ELAC meetings, Staff engagement survey, LCAP goal input surveys, State Testing Surveys, curriculum feedback form, School Engagement Target reviews.
Other school personnel	School Advisory Committee Meetings, ELAC meetings, Staff engagement survey, LCAP goal input surveys, State Testing Surveys

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The educational partner engagement processes outlined by California Online Public Schools are thorough and comprehensive, demonstrating a strong commitment to inclusivity and collaboration in the development of the LCAP.

The use of surveys as a means to gather feedback from parents, students, and other stakeholders is a valuable practice, allowing for targeted input on areas of need and school improvement. Open-ended questions enable stakeholders to provide detailed feedback, which can be instrumental in shaping the direction of the LCAP.

The various meetings, such as the School Advisory Committee, Caretaker and Administration Collaboration Meetings, and English Learner Advisory Committee Meetings, provide forums for stakeholders to engage in discussions about school programs, policies, and the LCAP. These meetings ensure that diverse perspectives are considered and that stakeholders have opportunities to convey their thoughts, celebrations, and concerns directly to the school administration.

Additionally, the involvement of the Charter School Board, authorizing district, and WASC accreditation process further enhances accountability and ensures alignment with broader educational goals and standards.

The Executive Leadership Team Meetings play a crucial role in refining LCAP goals and priorities based on stakeholder input, with representation from various departments within the school. This ensures that the actions and expenditures required to implement the LCAP are carefully considered and agreed upon.

Furthermore, the inclusion of all staff in back-to-school and end-of-year meetings, and grade level and department meetings, provides additional opportunities for input into school improvement efforts, fostering a culture of continuous feedback and collaboration among staff members.

Overall, the multi-faceted approach to stakeholder engagement outlined by California Online Public Schools Southern California reflects a commitment to transparency, accountability, and continuous improvement in serving the needs of students, families, and the school community.

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Implementation of Goal 1 remained largely aligned with the plan. Teachers participated in targeted professional development (Action 1.1), and i-Ready diagnostics and MTSS systems (Action 1.2) were consistently used to monitor and support academic growth. PLC collaboration (Action 1.3) continued to inform instructional practice, and instructional tools (Action 1.4) were integrated to support synchronous and asynchronous instruction. EL and LTEL supports (Actions 1.5 and 1.6) were implemented, though with slightly reduced scope due to enrollment-driven adjustments.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Expenditures were generally consistent with planned budgets, but some contributing actions, particularly those tied to EL and LTEL support, were under budget. This variance was due to a transitional year with planned ADA reductions and shifts in student demographics. While funding projections were based on prior enrollment, implementation remained high-quality and targeted.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Goal 1 actions produced several positive outcomes. The school exceeded its RFEP target, increasing from 8.96% to 12.76%, demonstrating improved EL support. Diagnostic data revealed opportunities for growth: reading progress dropped from 67.5% to 60%, and math from 57% to 50%, reinforcing the need for targeted math instructional supports. These outcomes confirmed the strength of core strategies and informed the need for continued refinement.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

For 2025–26, adjustments will focus on aligning contributing expenditures to actual ADA and refining EL supports based on diagnostic data. Instructional tools and collaborative planning will remain central to improving growth in reading and math across all student groups.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Actions supporting stakeholder engagement were successfully implemented, including access to technology (Action 2.1), tracking participation (Action 2.2), re-engagement (Action 2.3), and increased caretaker support (Action 2.4). Notable success was seen in maintaining a 0% suspension rate and enhancing caretaker onboarding and outreach efforts. However, chronic absenteeism rose to 21%, indicating a need for stronger engagement with at-risk groups.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

While the overall implementation of Goal 2 actions remained strong, actual expenditures were lower than initially projected in some areas due to the school's planned enrollment transition. For instance, the budget for technology access (Action 2.1) reflected a larger student population than was ultimately served, resulting in reduced spending. These adjustments were consistent with our shift in ADA and do not reflect a lack of program delivery. As we plan for the upcoming year, we will continue to refine our budget estimates to better align with enrollment and ensure that all engagement-related resources are targeted effectively.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Engagement strategies were effective in sustaining a safe school climate, but less so in curbing absenteeism. Despite comprehensive support systems, increased student mobility and transitional challenges limited their impact on attendance. Contact rates declined to 87%, signaling a need for deeper re-engagement with families and students.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

In the next year, we will streamline spending on re-engagement and increase the targeting of interventions to SED and mobile students. We'll also continue prioritizing high-impact engagement strategies like homeroom contact and live class instruction.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

2.1	Access to Technology, Internet Connectivity, and a Rigorous Curriculum	Upon enrollment and at other times when the need may arise, enrolled students will be provided with a school-issued Chromebook at no cost to the family. Additionally, a prorated internet reimbursement may be requested during the enrollment process or at any time after enrollment. The tools named are for the purpose of engagement with our instructional program and our curriculum delivered through our learning management system. All enrolled students have access to all needed elements of our LMS to help them engage well with our program. Unduplicated students will be prioritized.	\$7,984,380.58	Yes
2.2	Track and Record Daily Student Participation	Each student in every grade must communicate with a teacher at least once every two (2) weeks. In addition, parents/legal guardians (or their qualified designee) must communicate with their student's teacher(s) on a regular basis, with the frequency to be determined by the teacher based on the student's grade level and progress in the program. These required reports (also known as contacts) occur in person, by phone, or via real-time instructional sessions at a mutually agreed-upon time and date. Meetings and contacts are documented in log entries. Attendance and lesson completion are recorded daily.	\$7,308,680.90

2.7	Foster and Homeless Youth Engagement Support	Continue to refine and consistently implement the identification process for foster and homeless youth during the enrollment and placement process. The school will continue to train one or more liaisons who will work closely with all students identified as foster or homeless and provide a personalized support structure to ensure their success. The roles and responsibilities of the liaison will be developed and clarified for different grade bands. Identified students will be assigned to the student support section of a liaison. Counseling and homeroom staff will be trained in the identification, placement, and support of foster and homeless youth. The focus of all these staff is to identify individualized support for these students providing tools such as WiFi hotspots and other such engagement support.	\$69,705.56	Yes

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Overall, the implementation of Goal 3 actions went well and supported steady progress toward improving college and career readiness. Project Success remained a key support for credit-deficient students, particularly in the upper grades. The CHAMPS program was implemented, offering foundational support for students early in their high school experience. Additionally, our CCAP dual enrollment program continued to grow in both participation and course offerings, helping students explore college-level coursework while still in high school. While a few initiatives were scaled based on enrollment shifts, the majority of actions were successfully carried out and contributed to positive student outcomes. Summer school saw reduced participation and pass rates (73%) due to the systemwide transition, but it remains a critical pathway for credit recovery.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

While several contributing actions under Goal 3 came in under budget, these differences reflect broader schoolwide transitions that occurred this year as part of our shift to the CalOPS model. As a transition year, we implemented new systems and structures across the school, which included refining staffing, support programs, and outreach strategies to align with updated enrollment and student needs. As a result,

some initiatives—such as CCAP expansion, summer school, and AVID—were delivered at a more measured scale than originally anticipated. These adjustments allowed us to stay responsive during a year of major change while still maintaining a strong focus on student readiness and access. Moving forward, we will continue to build on these foundational systems and scale programs intentionally as part of our long-term improvement efforts.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Graduation rates rose from 78.4% to 80.5%, a notable success tied to targeted interventions. While a-g completion and CCI indicators remain areas for improvement, continued expansion of academic pathways, early interventions, and progress-monitoring tools laid a strong foundation for growth.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on this year's outcomes and stakeholder feedback, we will continue refining and strengthening multiple actions under Goal 3 to better support student readiness. Credit recovery and summer school offerings will be expanded and better aligned to student needs earlier in the year to increase access and success rates. We will also strengthen our early identification systems to support at-risk students more proactively through programs like CHAMPS and Project Success. In addition, we plan to scale career exploration and advising supports, ensuring students are aware of and prepared for both college and career pathways. While CCAP will remain part of our overall strategy, we are also focusing on broadening postsecondary readiness through a-g support, and CTE opportunities. These adjustments reflect our commitment to providing multiple, meaningful pathways to success for all students.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

			<p>Implementation Data: Grade bands will review how teachers are implementing new strategies or practices learned during professional development sessions. This will be measured through live class sessions observations, artifacts of student work, and Professional Learning Community implementation and goals.</p> <p>Retention and Recruitment: We will assess the impact of professional development on teacher retention and recruitment rates. Higher levels of job satisfaction, professional growth, and support are often associated with increased retention and attraction of talented educators.</p> <p>Collaboration and Networking: We will measure the degree to which professional development fosters collaboration and networking among</p>

Monitor changes in achievement gaps, disproportionality in disciplinary actions, and access to advanced coursework to ensure that interventions promote equity and access for all students.</p>
1.3	<p>Action: Teacher Collaboration for Academic Achievement</p> <p>Need:</p>	Providing teacher collaboration addresses the diverse needs of educators and students within our school while maximizing the impact of collaborative efforts on student achievement and overall educational outcomes. Several needs that	Teacher collaboration addresses several critical needs within our school that are addressed through various measures.

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Teacher collaboration is essential for promoting academic achievement, fostering professional growth, and creating a supportive and collaborative learning community within our LEA. By prioritizing collaboration, we can leverage the collective expertise and efforts of our teachers and staff to support student success and continuous improvement at our school for all student groups.</p> <p>Scope: LEA-wide</p>	<p>are addressed include consistency and alignment in instructional practice, data-informed decision making, resource sharing and efficiency, professional growth and development, and equity and inclusion while creating a culture of continuous improvement.</p>	<p>Professional Development and Growth: Collaborating with colleagues provides opportunities for ongoing professional development and growth. By sharing expertise, exchanging ideas, and learning from one another, our teachers can continuously improve their instructional practices and stay abreast of the latest educational research and methodologies.</p> <p>Supporting Diverse Student Needs: Collaboration allows school staff to pool their resources and knowledge to better support the diverse needs of students. By working together, teachers can develop differentiated instruction strategies, share insights on best practices for inclusion and accommodations, and collectively problem-solve to address the needs of all learners.</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
			<p>Enhancing Instructional Quality: Collaborative planning and reflection improve instructional quality across the board. Regular teacher collaboration, will align curriculum, share effective teaching strategies, and develop common assessments to ensure consistency and coherence in instruction, leading to improved learning outcomes for students.</p> <p>Fostering a Positive School Culture: Collaborative environments promote a positive school culture characterized by trust, mutual respect, and shared responsibility for student success. By work together as a cohesive team, our teachers and staff create a supportive and inclusive atmosphere where everyone feels valued and empowered to contribute to the collective mission of our school.</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
			<p>Maximizing Resources and Efficiency: Ensuring teacher collaboration through grade-level meetings, professional learning communities, focus groups, and beyond on a regular basis allows for the efficient use of resources. By sharing materials, expertise, and best practices educators can maximize the impact of available resources and avoid duplication of efforts, ultimately benefiting all students.</p> <p>Addressing Systemic Challenges: Collaboration enables our teachers and all staff to address systemic challenges and barriers to student achievement more effectively. They can identify common issues, share insights on root causes, and work together to implement strategic solutions that have a broader impact on student success.</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
			<p>Promoting Equity and Inclusion: Regular and strategic collaboration helps promote equity and inclusion by ensuring that all teachers and staff have access to the same level of support and resources. By providing collaboration opportunities for all staff, regardless of department, we are helping to level the playing field and ensure that every student receives a high-quality education.</p>
<p>1.4</p>	<p>Action: Synchronous and Asynchronous Instructional Tools</p> <p>Need: Providing both synchronous and asynchronous instructional tools ensures our teachers, staff, and students have the necessary means to promote flexibility, accommodate diverse learning needs, enhance student engagement, ensure continuity of learning, and enhance collaboration and communication in our fully online school environment.</p> <p>Scope: LEA-wide</p>	<p>Synchronous and asynchronous instructional tools allow our teachers and staff to provide tailored instruction to meet all of our student's individual needs where they are during the school year. These tools address a multitude of learning modalities and diverse learning needs, ensure equity and access, promote collaboration and communication, ensure continuity of learning, maximize resource utilization, and prepare students for continued educational focus and success.</p>	<p>Monitoring the effectiveness of synchronous and asynchronous instructional tools requires a combination of quantitative and qualitative metrics. Collecting the following metrics over time will allow our school to effectively support student learning and achievement.</p> <p>Student Engagement: Student engagement levels with synchronous and asynchronous instructional tools will be</p>

			graduation rates, and post-secondary success. As a completely online public school, we will continue to measure our student's ability to demonstrate proficiency in 21st-century skills, such as digital literacy, collaboration, and critical thinking, that are essential for their success in and beyond high school.
2.1	<p>Action: Access to Technology, Internet Connectivity, and a Rigorous Curriculum</p> <p>Need: The need for Access to Technology, Internet Connectivity, and a Rigorous Curriculum is paramount in ensuring equitable educational opportunities for all students. Additionally, a rigorous curriculum is essential for preparing students to succeed in a rapidly evolving world, equipping them with the knowledge, skills, and critical thinking abilities needed for future success. Therefore, addressing the need for Access to Technology, Internet Connectivity, and a Rigorous Curriculum is crucial for promoting academic excellence, fostering innovation, and empowering all students to reach their full potential.</p> <p>Scope: LEA-wide</p>	Providing actions on an LEA-wide ensures that all students have access to the resources and opportunities needed to succeed academically, regardless of their background or circumstances. By taking a systemic approach to addressing the need for Access to Technology, Internet Connectivity, and a Rigorous Curriculum, educational leaders can create an environment where every student has the support and tools they need to thrive.	<p>California Connections Academy will monitor these metrics by implementing a comprehensive data management system and reporting structure:</p> <p>Access to Technology: Utilizing a centralized database to track device distribution and usage, with regular updates to ensure accuracy. 	<p>Need: Tiered re-engagement strategies for students are crucial because they allow educators to customize interventions based on the diverse needs of individual learners. By identifying and intervening early, these strategies help prevent disengagement from escalating, ultimately improving academic outcomes and increasing graduation rates. Additionally, tiered approaches enable schools to optimize the allocation of resources, ensuring that all students, regardless of background, receive the support they need to succeed. By fostering equity and creating a positive school environment, these strategies contribute to a culture of inclusivity and academic achievement.</p> <p>Scope: LEA-wide</p>	<p>us to catch problems early, preventing bigger issues later, use resources efficiently by focusing on what each student needs most, ensure fairness by giving every student the help they need to thrive, create a positive atmosphere where all students feel valued and encouraged, and meet standards by showing schools are actively helping students succeed.</p>	<p>engagement strategies for all students include:</p> <p>Attendance Rates: Monitoring attendance can indicate if students are more consistently attending classes after the implementation of re-engagement strategies.</p> <p>Live Classroom Participation: Observing and tracking students' participation in live class discussions, group activities, and other interactive learning opportunities can provide insights into their engagement levels.</p> <p>Assignment Completion Rates: Tracking the percentage of assignments completed by students can indicate their level of involvement and commitment to their academic work.</p> <p>Academic Performance: Assessing students' academic progress through grades, test scores, and other</p>

3.3	<p>Action: AVID Program Implementation</p> <p>Need: The implementation of the AVID (Advancement Via Individual Determination) program is crucial due to its proven effectiveness in addressing various educational needs. AVID provides targeted support to students who are traditionally underrepresented in higher education, including those from low-income, first-generation, and minority backgrounds. By focusing on college readiness skills such as note-taking, study strategies, and critical thinking, AVID prepares students for success in post-secondary education and beyond.</p> <p>Scope: LEA-wide</p>	<p>The AVID Program promotes equity by ensuring all students have access to academic support regardless of their background. Research underscores AVID's role in improving retention and graduation rates, demonstrating its impact on overall student success. Additionally, AVID implementation involves comprehensive professional development for educators, enhancing teaching practices and fostering a culture of academic excellence school-wide. By integrating 21st-century skills into the curriculum, AVID prepares students for future career prospects and lifelong learning. Overall, AVID's necessity lies in its ability to address achievement gaps, promote college readiness, advance equity, improve outcomes, provide teacher development, and nurture vital skills in students.</p>	<p>A metric to monitor the effectiveness of the AVID program is:</p> <p>College Enrollment and Persistence Rates: Tracking the percentage of AVID program graduates who enroll in college and persist beyond their first year. Monitor their level of school connectedness, sense of belonging, and participation through live class, ELD student/teacher groups, and one-on-one and small group contacts and communication to identify areas where additional support may be needed to promote positive outcomes for our EL students.
1.6	<p>Action: LTEL Support</p> <p>Need: Providing LTEL support is essential for promoting equity, closing achievement gaps, and ensuring that all students have the opportunity to succeed academically. By providing targeted assistance and intervention for LTELs, our teachers and staff help build a more inclusive and supportive learning environment where all students can reach their full potential.</p> <p>Scope: Limited to Unduplicated Student Group(s)</p>	The actions designed to address the needs of Long-Term English Learners (LTELs) within our school are tailored to provide targeted support and intervention to this specific student population. By implementing these actions, we hope to effectively address the unique needs of LTELs and provide them with the support and resources they need to succeed academically and linguistically. These actions are designed to be responsive, evidence-based, and culturally relevant, ensuring that LTELs receive equitable access to high-quality education and opportunities for language development and academic achievement.	<p>Monitoring the effectiveness of actions designed to support Long-Term English Learners (LTELs) involves tracking various metrics to assess progress and outcomes. These metrics include:</p> <p>English Language Proficiency: Measuring the changes in LTELs' English language proficiency levels over time using standardized assessments such as the English Language Proficiency Assessment (ELPAC).</p> <p>Academic Achievement: Continual assessment of</p>

			Retention and Stability: Monitoring retention and stability rates among foster and homeless students to ensure they are able to remain enrolled in our online public school and benefit from consistent educational experiences will allow us to better serve this unduplicated subgroup population by closely monitoring school transfers, mobility rates, and factors contributing to instability, such as housing transitions or placement changes.
2.7	<p>Action: Foster and Homeless Youth Engagement Support</p> <p>Need: Foster and homeless youth face a myriad of challenges that can significantly impact their ability to engage in education. These challenges include instability in living arrangements, disruptions in schooling, experiences of trauma and adversity, and struggles to meet basic needs. As a result, foster and homeless youth often require additional support to navigate educational systems, access resources, and advocate for their rights.</p>	Supporting foster and homeless youth engagement directly addresses the need by providing additional support to help these vulnerable populations navigate the numerous challenges they face in education. By offering tailored assistance, such as educational advocacy, access to resources, and empowerment programs, this support aims to mitigate the impacts of instability in living arrangements, disruptions in schooling, trauma, adversity, and struggles to meet basic needs. By addressing these challenges, foster and homeless youth are better equipped to engage in education and overcome barriers to learning. Thus, supporting foster and homeless youth engagement directly aligns with the identified need by providing the necessary resources and support to help these youth	<p>Effectiveness in supporting foster and homeless youth engagement can be monitored through various methods:</p> <p>Attendance and Participation: Tracking attendance and participation in engagement programs, contacts, or support groups specifically designed for foster and homeless youth can provide insights into the</p>

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
 - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statutes of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
 - If the LEA has unexpended LREBG funds the LEA must provide the following:
 - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
 - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
 - An explanation of how the action is aligned with the allowable uses of funds identified in [EC Section 32526\(c\)\(2\)](#); and
 - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by [EC Section 32526\(d\)](#).
 - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the [LREBG Program Information](#) web page.
 - Actions may be grouped together for purposes of these explanations.
 - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
 - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32526(d), to provide the information identified above or to include actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

Requirements

School districts and COEs: [EC Section 52060\(g\)](#) and [EC Section 52066\(g\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: [EC Section 47606.5\(d\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062](#);
 - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see [Education Code Section 52068](#); and
- For charter schools, see [Education Code Section 47606.5](#).

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
 - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
 - Inclusion of metrics other than the statutorily required metrics
 - Determination of the target outcome on one or more metrics
 - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
 - Inclusion of action(s) or a group of actions
 - Elimination of action(s) or group of actions
 - Changes to the level of proposed expenditures for one or more actions
 - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
 - Analysis of effectiveness of the specific actions to achieve the goal
 - Analysis of material differences in expenditures
 - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
 - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
 - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
 - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
 - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
 - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: [EC Section 42238.024\(b\)\(1\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
 - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
 - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- **Required metrics for actions supported by LREBG funds:** To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
 - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #
<ul style="list-style-type: none">• Enter the metric number.
Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
 - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
 - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
 - Indicate the school year to which the baseline data applies.
 - The baseline data must remain unchanged throughout the three-year LCAP.
 - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
 - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- **Note for Charter Schools:** Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
 - **Note for Charter Schools:** Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
 - **Note for Charter Schools:** Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
 - Include a discussion of relevant challenges and successes experienced with the implementation process.
 - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
 - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action #
<ul style="list-style-type: none"> • Enter the action number.
Title
<ul style="list-style-type: none"> • Provide a short title for the action. This title will also appear in the action tables.
Description
<ul style="list-style-type: none"> • Provide a brief description of the action. <ul style="list-style-type: none"> ○ For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section. ○ As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures. ○ These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
Total Funds
<ul style="list-style-type: none"> • Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
 - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
 - Professional development for teachers.
 - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
 - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
 - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
 - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to [EC Section 32526\(d\)](#). For information related to the required needs assessment please see the Program Information tab on the [LREBG](#)

[Program Information](#) web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the [California Statewide System of Support LREBG Resources](#) web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32526(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in [EC Section 32526\(c\)\(2\)](#).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
 - Identify the action as an LREBG action;
 - Include an explanation of how research supports the selected action;
 - Identify the metric(s) being used to monitor the impact of the action; and
 - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 CCR Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.
- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
 - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
 - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
 - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
 - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
 - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
 - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
 - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
 - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
 - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
 - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
 - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
 - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
 - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
 - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
 - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
 - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

- This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

Site Reports

Matthew Brockway, High School Principal

Site Administrator for Northern Region - Monterey Bay, North Bay, and Northern California

April was gone in a flash! As with everybody, we are in the middle of our state testing. In addition to that, we are in the midst of our AP testing as well. I want to thank all of the amazing teachers and counselors and other staff that have helped make the testing process go as smoothly as it can. We are in the season of all things graduation related, in a few short weeks we will be having prom, grad night, and our two ceremonies. It is an exciting time for all.

Marcus White, Elementary Principal

Site Administrator for Central Region - Central Valley and Central Coast

Greetings From Elementary,

We are working very hard to keep our students engaged and excited about learning. Teachers have started holding end of the year conferences. In these conferences they go over student data and growth with caretakers. Additionally, they give caretakers summertime tips and suggestions to encourage student learning over the summer. We are also in the midst of state testing. Our team is doing an outstanding job helping students feel comfortable and confident as they test. We could not be more proud of the work our team is doing.

Heather Tamayo, Middle School Principal

Site Administrator for Southern Region - Southern California

As we approach the end of the school year, our middle school team is wrapping up with focus and determination. Teachers are doing an exceptional job administering state testing with efficiency and care, ensuring a smooth experience for students. In addition to testing, they are also actively engaging with homeroom families to complete Intent to Return (ITR) forms for the 2025-2026 school year and confirm course placements. Their dedication during this busy season reflects their unwavering commitment to student success and schoolwide continuity.

Middle school administration is actively collaborating with various teacher-led committees to reflect on this year's experiences and refine current protocols and processes. This collaborative effort is focused on ensuring that lessons learned inform and shape more effective, streamlined

practices for the 2025–2026 school year.

Spring Interim Assessment Participation results by school:

- SC : 84%
- NC: 83%
- NB: 82%
- MB: 85%
- CV: 80%
- CC: 74%

Key takeaways:

- 20% increase in participation from Interim 1 (63% to 83%)
- Technical issues dropped from approx. 300 to 73 - which are actively being resolved.
- No school reached 95% participation in either interim.
- Increased focus on communication with families and students on the importance of testing.

Engagement:

What we learned and Next Steps

- Keep our focus on building relationships through teacher/student contacts!
- CAASPP Interim participation is strong, leading to a clearer approach into the CAASPP tests.
- Remote CAASPP Testing is happening and working...
- Continue to embrace change and adapt to new processes
- Build momentum for the remainder of the 24/25 SY!
- Continued focus on iReady and MAP diagnostic participation and data-
 - What is the data telling us- easier access to student results for iReady and MAP
 - Synchronous iReady support
 - Targeted supplemental resources

Thank you!!

II. Public Comment

A. Public Comment

The Board welcomes participation by the members of the public telephonically. To address an item on the agenda, before the scheduled start of the meeting, an individual must write their name and a short description of the agenda item on which they wish to comment on the card provided and submit this to the Chair, along with any materials they want to have distributed to the Board. Individuals who wish to address the Board telephonically must contact the School Leader by phone or by email at least twenty four (24) hours before the scheduled start of the Board meeting. If the individual wants to provide any written materials to the Board, these should be emailed to the School Leader at least twenty-four (24) hours before the scheduled start of the meeting.

The total time for any individual to present, either in person or via telephone, on an item on the agenda shall not exceed three (3) minutes, or six (6) minutes if the individual requesting to comment is a non English speaker and requires a translator, unless the Board grants additional time. However, in compliance with Board policy and the Brown Act, the Board is not permitted to discuss or take action on non-agenda items. Individuals desiring to make a formal presentation to the Board on an item not on the agenda but desiring it be placed on the agenda must provide notice and written submissions detailing the subject of the presentation to the School Leader at least fourteen (14) days prior to the meeting. Any such presentations shall not exceed fifteen (15) minutes in duration, unless otherwise permitted by the Chair.

To view the Board Open Meeting Policy, visit the CalOPS Governance Page at californiaops.org/governance.

No requests for public comment were submitted in advance. No member of the public was present in person.

III. Oral Reports

A. Superintendent's Report

R. Savage notified the board of the tragic loss of CalOPS Director of Student Services, P. Wenker. R. Romero will be stepping into the role for the remainder of the school year.

Regarding General School Updates, CalOPS is currently having the annual SPuDs retreat at the SoCal office. Enrollment has closed for the current school year, only exceptions with superintendent approval can now enroll for 2024-25.

The annual oversight visit with Ripon USD went very well. There was an issue with the CDE regarding the NorCal Charter Renewal, but that issue has been resolved by submitting a new petition which will extend the renewal an additional year through 2030. There was a temporary issue with the Monterey Bay renewal with CDE, but this was quickly resolved and the renewal stands through 2029.

CCSA Conference was positive this year. Opportunities were there to strengthen relationships with vendors.

B. Principals' Report (attached)

M. Brockway offered updates at the High School level. Team is focused on state testing. Summer school and graduation have both been a focus for Assistant Principals.

H. Tamayo offered updates at the Middle School level. She noted the development of the homeroom model and the emphasis on relationships to encourage reenrollment.

M. White offered updates at the Elementary School level. He noted the conclusion of the Second Interim Assessments and celebrated participation improvements from the First Interim Assessment. Team is focusing on engaging students to finish out the semester strong.

C. Charter Impact Financial Report for CalOPS

J. Sitomer presented the Monthly Financial Presentation from February 2025.

Highlights:

- **Attendance:** Projections **increased +0.5%** to 2nd Interim
- **Revenue: +\$1.2M (+1%),** driven by PY Title I recognition and Added ADA
- **Expenses: +\$2.3M (+2%),** driven by SPED services, ISP reimbursements, and catch-up payments
- **Surplus: \$3.8M** (3.6% of expenses)
- **Ending Fund balance: \$29M**
- **Cash: \$38.3M** as of 2/28

He offered some updates on legislation and the ripple effects which could occur.

D. Policy, Compliance, and Legislative Updates

D. Hertzler offered legislative updates. He emphasized the importance of AB 84 and how impactful it would be if passed. SB 414 is supported by CCSA, CSDC and APLUS+. He thanked J. Sitomer for the federal update.

Regarding Policy and Compliance, he noted that CLA has been approved by the board. The internal compliance team has already begun meeting to prepare for next year's audit.

E. Educational Services Update

L. Dombek offered updates on plans surrounding State Testing. She noted that 2024-25 is the first year CAASPP will be available virtually. First and Second Interims showed a 20% increase in participation with the online option. Testing will be from April 28-May 30. LPAC, CAA, and AP testing are also a focus for staff.

Purchase Requisition and Approval Process

1. A purchase requisition must be submitted for all required products or services before any purchase can be made.
2. The requestor completes the purchase requisition and submits it for approval.
3. The requisition goes through an escalating approval flow, starting with the requestor's grade-level principal, director, or superintendent (SPuDs). They have the option to approve, deny, or request additional verification.
4. If one of the SPuDs approves the requisition, it must be emailed to finance@californiaops.org for further budget approval.
5. The purchase request undergoes budget review and policy checks to ensure compliance.
6. Once the requisition is approved by finance, either:
 - a. The request is processed for payment, and a finance representative will place the order, or
 - b. A purchase order is initiated and sent to the vendor for acceptance and fulfillment.

Payment/Pricing Information

Pricing is exclusive of any applicable sales, use or other similar taxes or duties.

Please make Purchase Order out to Florida Virtual School and send to info@flexpointeducation.com. If paying via another method, please contact your FlexPoint representative for an invoice.

Customer is deemed to have accepted this quote and the Terms and Conditions for Use of Florida Virtual School Licensed Product(s) upon Florida Virtual School's receipt and acceptance of Customer's Purchase Order and/or payment.

License Terms

Type of License:

- **Per Enrollment:** Under the Per Enrollment License an "enrollment" is defined as a student who has been enrolled in a single course for 14 days or has completed at least 15% of the course, whichever occurs first. Example: A student who is enrolled in 3 courses would be considered 3 enrollments.
- **Per Student:** Under the Student license, a student is defined as a unique user ID enrolled in an active status in one or more courses for 14 days or that has completed at least 15% of a course, whichever occurs first. If a student is no longer actively enrolled in FlexPoint courses before the renewable term expires, the license cannot be re-used to provide access to another student.

Terms and Restrictions:

- Course materials are NOT included. Please see *Exhibit: External Course Materials* for a list of applicable materials.
- Instruction provided by customer.
- eTeacher's Guides are included. (*Guides may not be available for all courses)
- Courses may be modified and/or customized by customer.
- Course Customization: Course customization may be defined as, but is not limited in definition to, the combining of course content from two or more FlexPoint or FlexPoint-provided courses. Combination of two or more FlexPoint courses or FlexPoint-provided course content is not allowed in a per enrollment license. Third-party course content provided by FlexPoint, including but not limited to Mawi Learning courses, etc., may not be customized or used in other course customizations. Please contact your FlexPoint representative for more information about possible course customization fees and a list of third-party courses before creating or enrolling students in customized course content.
- **Overages ("Additional Usage"):** Customer is financially responsible for overages. An overage is any enrollment used in excess of the number purchased at the beginning of or during the term of the license. Customer is required to provide all information requested within ten business days of FlexPoint's request for course usage information. If Customer fails to provide the information requested within ten business days, FlexPoint may suspend access to course content until such information is received. Please note that suspension may result in permanent loss of student data.
- Some courses may not be available in this model. Please contact your FlexPoint representative for details.
- Support for the licensed courses is included with annual license fees.
- Customers with a current annual license may be eligible to receive new course versions. Please contact your FlexPoint representative for details.

IMPORTANT: Customer agrees to be bound by the terms detailed in this quote and by the Terms and Conditions for Use of Florida Virtual School Licensed Product(s), a copy of which can be found at <https://www.flexpointeducation.com/termsandconditions>. No additional terms shall apply, including but not limited to any set forth in Customer's purchase order, unless Customer and Florida Virtual School have executed a written agreement.

Purchase Requisition and Approval Process

1. A purchase requisition must be submitted for all required products or services before any purchase can be made.
2. The requestor completes the purchase requisition and submits it for approval.
3. The requisition goes through an escalating approval flow, starting with the requestor's grade-level principal, director, or superintendent (SPuDs). They have the option to approve, deny, or request additional verification.
4. If one of the SPuDs approves the requisition, it must be emailed to finance@californiaops.org for further budget approval.

5. The purchase request undergoes budget review and policy checks to ensure compliance.

6. Once the requisition is approved by finance, either:

- a. The request is processed for payment, and a finance representative will place the order, or
- b. A purchase order is initiated and sent to the vendor for acceptance and fulfillment.

Terms of Purchase

By accepting a Quote, initiating a Purchase Order to us, entering into a separate agreement with us, and/or ordering online content, you are agreeing to these Terms of Purchase. The Vista Higher Learning Terms of Purchase shall govern all sales of materials and online content and shall supersede any and all terms and conditions attached to your Purchase Orders and/or any other document that you present to Vista Higher Learning, which shall be considered as a confirmation only and the terms and conditions shall in no way amend, prevail over, supplement or supersede any term or condition hereof.

- **Terms of Use:** All sales of Vista Higher Learning materials and online content are expressly made subject to the Vista Higher Learning Terms of Use: https://www.vhlcentral.com/terms_of_use.
- **Return Policy:** Returns of Vista Higher Learning materials and online content are subject to the Vista Higher Learning Return Policy: <https://vistahigherlearning.com/return-policy>.
- **Tax:** Prices included within this Quote are exclusive of all applicable taxes, which are the responsibility of the Customer. Customer must provide documentation of tax-exempt status, if applicable.
- **Subscription Term:** For digital product license purchases, the duration of access being purchased based on the product license selection outlined in the Quote above will be considered the Subscription Term.
- **Term Dates:** Subscription Terms are aligned to an academic year calendar and will start as of the next upcoming academic year following the receipt of a Purchase Order, unless otherwise requested by Customer. All product licenses will have the same start and end dates aligned with the Subscription Term.
- **Unused Licenses:** All product licenses must be used within the purchased Subscription Term. Unused licenses during the purchased Subscription Term are not refundable or eligible for credit.
- **Licensing Add-ons:** If purchasing additional license quantities and/or licensing level upgrades to be added onto an existing base of product licenses, the additional quantities and/or upgrades will be applied beginning with the currently active Subscription Term, unless otherwise requested by Customer. All product licenses must maintain the same start and end dates aligned with the Subscription Term, with any additional quantities and/or upgrades matching the current expiration date of the existing Subscription Term in place.

This Order shall have an effective date ("Effective Date") which is the earlier of (a) the date we accept your signed Order Form or (b) the initial License Start Date, if any, applicable to the products listed in the order summary above ("Order Summary") and shall remain in effect through the end of the Term.

To the extent this Order includes Purchases of Enrollment Products, they are governed by the terms and conditions listed in Appendix A. For all other products, unless otherwise specified in the Order Summary, the Start Date for your software subscription license(s) will be the date on which we have accepted your order and have issued log-in credentials. In the case of a purchase for multiple successive subscription licenses, the Start Date for each successive subscription will be the day immediately following the License Term expiration of the preceding license subscription.
*** Services purchased are valid for an annual term. Any service offering that is not used during the applicable term will expire and cannot be carried over or used in subsequent periods.

Taxes

Prices shown above do not include any state and local taxes that may apply. Any such taxes are the responsibility of the Customer and will appear on the final invoice. If the contracting entity is exempt from sales tax, please send the applicable tax exemption certificate to orders@edmentum.com or attach the certificate to this order form in the Signature section. Terms and Conditions

For the purposes of this Order Form, "you" and "your" refer to Customer, and "we", "us" and "our" refer to Edmentum Inc. and affiliates.

This Order Form and any documents it incorporates (including the Standard Purchase and License Terms located at <http://www.edmentum.com/standardterms> and the documents it references) form the entire agreement between you and us ("Agreement"). You acknowledge that any terms and conditions in your purchase order or any other documents you provide that enhance our obligations or restrictions or contradict the Agreement do not have force and effect. If this Agreement includes Professional Services, they are more fully described herein, in the Standard Terms and/or on an attached Statement of Work.

Purchase Order

This Agreement is non-cancellable. You will submit a purchase order to us for the full amount of this Order Form or, if applicable, for the amount listed on the first payment due date in Invoicing and Payment Terms, followed by additional purchase orders according to the Invoicing and Payment Terms. Your Order will not be scheduled for delivery until a conforming purchase order referencing this Order Form is submitted.

To the extent applicable, you will submit additional purchase orders ("Subsequent Purchase Orders") within ten (10) days of our notice to you that your Enrollment Products Purchases, in the aggregate, have exceeded the amount identified in the Initial Purchase Order for such products. If we waive a Subsequent Purchase Order requirement, you agree to pay the amounts identified on our invoice.

Acceptance

This offer will expire on the Order Form Expiration Date noted above unless we earlier withdraw or extend the offer in writing.

I represent that I have read the terms and conditions included in this Agreement, that I am authorized to accept this offer and the Agreement's terms and conditions on behalf of the customer identified above and that I do accept this offer on behalf of the customer who agrees to adhere to the Agreement's terms and conditions. To the extent that either parties process does not require that I execute this Order Form, I accept, acknowledge and agree to the terms and conditions identified in and referenced in this Agreement as signified by my receipt, use or access of the products and/or services identified.

Purchase Requisition and Approval Process

1. A purchase requisition must be submitted for all required products or services before any purchase can be made.
2. The requestor completes the purchase requisition and submits it for approval.
3. The requisition goes through an escalating approval flow, starting with the requestor's grade-level principal, director, or superintendent (SPuDs). They have the option to approve, deny, or request additional verification.
4. If one of the SPuDs approves the requisition, it must be emailed to finance@californiaops.org for further budget approval.
5. The purchase request undergoes budget review and policy checks to ensure compliance.
6. Once the requisition is approved by finance, either:
 - a. The request is processed for payment, and a finance representative will place the order, or
 - b. A purchase order is initiated and sent to the vendor for acceptance and fulfillment.

Notice for Usage of Teacher Toolbox Materials

Thank you for your interest in Teacher Toolbox! Teacher Toolbox is a digital collection of instructional materials, designed to support teachers in delivering research-based instruction, remediation, and enrichment to students in Grades K–8.

Your Teacher Toolbox subscription provides access to Teacher Toolbox content for Grades K–8. During this time, educators may use Teacher Toolbox materials during whole class and small group instruction, for individual assignments, and may post student-facing Teacher Toolbox PDFs on a password-protected learning management system (LMS). Please be aware that files expire on June 30 of each year for purposes of Teacher Toolbox maintenance and updates. If you add files to an LMS, this expiration date may require that you re-load these files after this date.

Placing an Order

Email: Orders@cainc.com
Fax: 1-800-366-1158
Mail:
ATTN: CUSTOMER SERVICE DEPT.
Curriculum Associates LLC
153 Rangeway Rd
North Billerica, MA 01862-2013

Please visit CurriculumAssociates.com for more information about placing orders or contact CA's customer service department (1-800-225-0248) and reference quote number for questions.
Please attach quote to all signed purchase orders.
If tax exempt, please submit a valid exemption certificate with PO and quote in order to avoid processing delays. Exemption certificates can also be submitted to exempt@cainc.com.

Shipping Policy

Unless otherwise noted, shipping costs are calculated as follows:

Order Amount	Freight Amount
\$74.99 or less	Max charge of \$12.75
\$75.00 to \$999.99	12% of order
\$1,000 to \$4,999.99	10% of order

Order Amount	Freight Amount
\$5,000.00 to \$99,999.99	9% of order
\$100,000 and more	7% of order

Please contact your local CA representative or customer service (1-800-225-0248) for expedited shipping rates. The weight limit for an expedited order is 500lbs.

The enhanced shipping and handling services listed below are available upon request subject to the availability of our carrier partners. Please notify us of these delivery requests prior to submitting your PO so that we can include the service on your quote appropriately:

- White Glove Delivery Service \$500/shipment location

If our carrier partners are unable to deliver to the location instructed on the PO or you need to change the time or location of delivery, one or more of the following fees may be applicable:

- Delivery Address Change \$400/shipment location
- Freight Storage \$600 /shipment location
- Freight Carrier Redelivery \$100/pallet

Unless otherwise expressly indicated, the shipping terms for all deliveries is FOB CA's Shipping Point (whether to a CA or third party facility). Risk of loss and title is passed to purchaser upon transfer of the goods to carrier, standard shipping charges (listed above) are added to the invoice or included in the unit price unless otherwise specified.

Supply chain challenges outside of Curriculum Associates' control may impact inventory availability for print product. We recommend submission of purchase orders as soon as possible to help ensure timely delivery.

Payment Terms

Payment terms are as follows:

- With credit approval: Net 30 days
- Without credit approval: payment in full at time of order
- Accounts must be current before subsequent shipments are made

To ensure payment processing is timely and environmentally conscious, CA encourages ACH payments. If you would like to pay via ACH, please request remittance information by emailing AR@cainc.com.

Please send any payment notifications to payments@cainc.com. Credit card payments are only accepted for purchases under \$50,000.

Invoice Receipt Preference

CA is pleased to offer electronic invoice delivery. Electronic invoice delivery allows CA to deliver your invoice in a timely and environmentally friendly manner. To request electronic invoice delivery please contact the CA Accounts Receivable team at invoices@cainc.com or by fax (1-800-366-1158). Please reference your quote number, provide a valid email address where the invoice should be directed, and indicate you would like to opt into electronic invoice delivery.

Terms of Service

Customer's use of i-Ready® shall be subject to the i-Ready Terms and Conditions of Use, which can be found at i-ready.com/support. Customer's professional-learning sessions will expire two years following the date of your purchase order or the implementation year noted on your quote, whichever comes first and are subject to the Professional Learning Terms of Service, which can be found at i-ready.com/support.

Return Policy

For any non-print products - your subscription may be terminated and you may request a pro-rata refund for unused services within 90 days of license start date. For Professional Learning services, you may request a refund for unused services within 90 days of purchase date. After 90 days, your non-print products and Professional Learning purchase shall be final and no refunds are available. Except for materials sold on a non-refundable basis, purchaser may return, at purchaser risk and expense, purchased print materials with pre-approval from CA's Customer Service department within 12 months of purchase. Please examine your order upon receipt. Before returning material, call CA's Customer Service department (1-800-225-0248 option 2) for return authorization and documentation. When returning material, please include your return authorization number and the return form that will be provided to you by CA's Return department. We do not accept returns on unused i-Ready or Toolbox licenses®, materials that have been used and/or are not in "saleable condition," and individual components of kits or sets including but not limited to BRIGANCE® Kits, Ready® student and teacher sets, Ready Classroom® student and teacher sets, and Magnetic Reading classroom kits.

TERMS AND CONDITIONS OF SALE

THIS IS A LEGAL DOCUMENT ("SALES CONTRACT") BETWEEN THE PURCHASER SHOWN ABOVE ("YOU") AND IXL LEARNING ("SELLER"). PLEASE READ THIS AGREEMENT CAREFULLY. YOU AGREE TO BE BOUND BY ALL OF THE TERMS AND CONDITIONS OF THE AGREEMENT, AS WELL AS BY THE WEBSITE TERMS OF SERVICE, WHICH ARE INCORPORATED BY REFERENCE. NO VARIATION OF THESE TERMS AND CONDITIONS ARE BINDING ON SELLER UNLESS AGREED TO IN WRITING SIGNED BY AN AUTHORIZED REPRESENTATIVE OF IXL LEARNING.

1. **PRICING:** The quoted purchase price of the license is valid through the "Price valid until" date on page 1. This price is not binding on IXL unless you have accepted it by sending us an executed Sales Contract by that date.
2. **PAYMENT:** If IXL decides to accept your Sales Contract, we will issue you an invoice. Complete payment of the amount of the stated purchase price is due within sixty (60) days of the invoice date. If payment is not received by the Seller within 60 days, the invoice is considered past due. IXL licenses with past due payments will be put on hold and are subject to termination. Termination does not relieve the Purchaser of the obligation to pay fees due to the Seller.

The full invoice amount must be paid either by check or by credit card. We accept Visa, MasterCard, American Express, and Discover.

All checks should be mailed to:

IXL Learning
 777 Mariners Island Blvd., Suite 600
 San Mateo, CA 94404

Credit card payments may be made by phone at (855) 255-8800.

Any late payment will incur interest at the rate of the lesser of 1% a month or the maximum permissible by law.

3. **CANCELLATION AND REFUND:** No cancellation will be accepted, and no refund issued, if it is more than thirty (30) days beyond the date of purchase for the license referenced in this Sales Contract. For cancellations and refunds of the license tendered under this Sales Contract to be accepted, the Seller must receive written notification of the cancellation within 30 days of purchase. Cancellations requested outside of the 30-day period will not be refunded, and the Purchaser will be responsible for completing the purchase as stated in the Sales Contract.
4. **LICENSES:** IXL grants you the right to provide access, through unique log-in IDs, to no more individuals than the quantity indicated on the first page. The terms and conditions of use for each of these individuals are governed by our website's Terms of Service. You agree to be responsible for their accounts, to monitor their use of their accounts, and to indemnify, defend, and hold us harmless for any claims arising out of or related to their use of IXL Learning's website and services. To the extent that these individuals are minors, you consent to our collection of their personal information as described in our Privacy Policy.

Classroom and Site licenses will be activated immediately upon receipt of your payment unless another date is specified or agreed to by IXL. Activation confirmation will be sent to the e-mail address provided by the school or individual completing the purchase.

If an individual who has an IXL account through a Classroom or Site license purchased by you is no longer affiliated with you, you may request that we deactivate the individual's account, or no longer associate it with your license, so that that license can be reassigned to another individual associated with your institution.

If you are a teacher, you represent and warrant that you have permission and authorization from your school and/or district to use the Services as part of your curriculum, and for purposes of Children's Online Privacy Protection Act ("COPPA") compliance, you represent and warrant that you are entering into these Terms on behalf of your school and/or district.

5. **PRIVACY:** If you are a school, district, or teacher, you acknowledge and agree that you are responsible for complying with COPPA, meaning that you must obtain advance written consent from all parents or guardians whose children under 13 will be accessing the website and services and you represent and warrant that you have obtained that consent. When obtaining consent, you must provide parents and guardians with our Privacy Policy. You are to keep all consents on file and provide them to us if we request them.
6. **DISCLAIMER OF WARRANTIES. YOU EXPRESSLY UNDERSTAND AND AGREE THAT:**
 - a. YOUR USE OF THE SERVICE IS AT YOUR SOLE RISK. THE SERVICE IS PROVIDED "AS IS," "AS AVAILABLE," AND WITH ALL FAULTS. IXL EXPRESSLY DISCLAIMS ALL WARRANTIES OF ANY KIND, WHETHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NONINFRINGEMENT.
 - b. IXL MAKES NO WARRANTY THAT (i) THE SERVICE WILL MEET YOUR REQUIREMENTS, (ii) THE SERVICE WILL BE UNINTERRUPTED, TIMELY,

SECURE, OR ERROR-FREE, (iii) THE RESULTS THAT MAY BE OBTAINED FROM THE USE OF THE SERVICE WILL BE ACCURATE OR RELIABLE, (iv) THE QUALITY OF ANY PRODUCTS, SERVICES, INFORMATION, OR OTHER MATERIAL PURCHASED OR OBTAINED BY YOU THROUGH THE SERVICE WILL MEET YOUR EXPECTATIONS, AND (V) ANY ERRORS IN THE SERVICE WILL BE CORRECTED.

c. ANY MATERIAL DOWNLOADED OR OTHERWISE OBTAINED THROUGH THE USE OF THE SERVICE IS DONE AT YOUR OWN DISCRETION AND RISK AND THAT YOU WILL BE SOLELY RESPONSIBLE FOR ANY DAMAGE TO YOUR COMPUTER SYSTEM OR LOSS OF DATA THAT RESULTS FROM THE DOWNLOAD OF ANY SUCH MATERIAL.

d. NO ADVICE OR INFORMATION, WHETHER ORAL OR WRITTEN, OBTAINED BY YOU FROM IXL OR THROUGH OR FROM THE SERVICE SHALL CREATE ANY WARRANTY NOT EXPRESSLY STATED IN THE TOS.

Some states do not allow certain limitations on warranties, so certain of the above limitations may not apply to you.

7. **LIMITATION OF LIABILITY:** YOU EXPRESSLY UNDERSTAND AND AGREE THAT IXL SHALL NOT BE LIABLE FOR ANY DIRECT, INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, OR EXEMPLARY DAMAGES, INCLUDING BUT NOT LIMITED TO, DAMAGES FOR LOSS OF PROFITS, GOODWILL, USE, DATA, OR OTHER INTANGIBLE LOSSES RESULTING FROM THE USE OR INABILITY TO USE THIS SERVICE. IN ALL INSTANCES, DAMAGES SHALL BE CAPPED AT ONE MONTH'S FEES.
8. **SEVERABILITY:** If any provision of this agreement is deemed invalid, illegal, or unenforceable, then that provision shall be deemed severable from these terms and shall not affect the validity and enforceability of any remaining provisions of this Sales Contract, which shall remain in full force and effect.
9. **ARBITRATION:** You agree that any dispute or claim you may have against IXL arising out of or related to this Sales Contract or the use of Services must be submitted to arbitration, before a single arbitrator appointed by JAMS/Endispute and conducted according to their rules in San Francisco, CA, USA, and that the determination of any such arbitrator shall be binding. The courts located in San Francisco, CA, USA, have exclusive jurisdiction over any judicial proceedings related to this agreement, and you waive any claim that such a court is an improper venue, inconvenient, or lacks jurisdiction over you.
10. **GOVERNING LAW:** The Sales Contract and the relationship between you and IXL are governed by the laws of the State of California without regard to conflict of law provisions.
11. **ENTIRE AGREEMENT:** This Sales Contract, which incorporates the Terms of Service by reference, is the final expression of the agreement between Purchaser and Seller and supersedes all prior representations, understandings, and agreements between the Purchaser and Seller relating to its subject matter. This Sales Contract cannot be modified, amended, or changed except in writing and signed by IXL.

Purchase Requisition and Approval Process

1. A purchase requisition must be submitted for all required products or services before any purchase can be made.
2. The requestor completes the purchase requisition and submits it for approval.
3. The requisition goes through an escalating approval flow, starting with the requestor's grade-level principal, director, or superintendent (SPuDs). They have the option to approve, deny, or request additional verification.
4. If one of the SPuDs approves the requisition, it must be emailed to finance@californiaops.org for further budget approval.
5. The purchase request undergoes budget review and policy checks to ensure compliance.
6. Once the requisition is approved by finance, either:
 - a. The request is processed for payment, and a finance representative will place the order, or
 - b. A purchase order is initiated and sent to the vendor for acceptance and fulfillment.

Form W-9
(Rev. March 2024)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Go to www.irs.gov/FormW9 for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See Specific Instructions on page 3.	1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.) Classwork Co	
	2 Business name/disregarded entity name, if different from above. Classkick	
	3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only one of the following seven boxes. <input type="checkbox"/> Individual/sole proprietor <input checked="" type="checkbox"/> C corporation <input type="checkbox"/> S corporation <input type="checkbox"/> Partnership <input type="checkbox"/> Trust/estate <input type="checkbox"/> LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner. <input type="checkbox"/> Other (see instructions)	4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3): Exempt payee code (if any) _____ Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any) _____ (Applies to accounts maintained outside the United States.)
	3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions <input type="checkbox"/>	
	5 Address (number, street, and apt. or suite no.). See instructions. 2045 W Grand Ave Ste B PMB 50472	Requester's name and address (optional) Checks to: Classwork Co DBA Classkick PO Box 772728 Detroit, MI 48277-2728

7 List account number(s) here (optional)		

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
- I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
- I am a U.S. citizen or other U.S. person (defined below); and
- The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

Master Services Agreement

This Master Services Agreement (“Agreement”) is effective as of the date of the last signature below (“Effective Date”) between TPR Education, LLC d/b/a The Princeton Review (“Vendor”) and California Connections Academy-California (“Customer”).

The parties agree as follows:

1. **Services.** Vendor will provide to Customer the services described further in one or more addenda that are attached to or incorporated into this Agreement (“Services”) to individuals authorized by Customer to access the Services (“Users”) as purchased in service orders (“Service Orders”), the first of which is attached hereto as Exhibit A and each of which is part of this Agreement.
2. **Payment.** The fees for the Services will be set forth in Service Orders and will be invoiced in accordance with the Service Orders. Customer will pay invoices within 30 days of the invoice date unless otherwise specified in the Service Orders. Vendor may suspend the Services if any amounts remain unpaid 30 days after the due date. All fees are net of taxes, except for taxes on Vendor’s income. If Customer is exempt from taxes, Customer will provide its state tax exemption certificate.
3. **Representations and Warranties.**
 - a. Each party represents and warrants to the other party that (i) it will comply with all applicable laws and regulations in connection with its performance under this Agreement, including but not limited to those related to privacy, such as the Family Education Rights and Privacy Act, and (ii) the individual signing this Agreement on its behalf has the authority to do so.
 - b. EXCEPT AS EXPRESSLY PROVIDED IN THIS AGREEMENT, THE SERVICES ARE PROVIDED “AS IS” AND VENDOR EXPRESSLY DISCLAIMS ALL WARRANTIES, WHETHER EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR NONINFRINGEMENT. VENDOR MAKES NO WARRANTY THAT THE SERVICES WILL MEET CUSTOMER’S REQUIREMENTS OR WILL WORK IN COMBINATION WITH ANY HARDWARE OR APPLICATIONS PROVIDED BY THIRD PARTIES, THAT THE SERVICES WILL BE UNINTERRUPTED OR ERROR FREE, OR THAT ALL DEFECTS IN THE SERVICES WILL BE CORRECTED.
4. **Term and Termination.**
 - a. The term of this Agreement is from the Effective Date through the date of termination by either party. Either party may terminate this Agreement upon 30 days prior written notice to the other party if no Service Order is in effect.
 - b. Either party may terminate this Agreement (or any Service Order) upon written notice to the other party if the other party commits a material breach of this Agreement (or the Service Order) that remains uncured for 30 days following written notice of the breach.
5. **User Information.** Vendor will not disclose to any third party any personally identifiable information of Users without first obtaining Customer’s prior written consent, except as otherwise provided in Vendor’s privacy policy (located at <https://leo.tutor.com/privacy> for Tutor.com offerings, and <https://www.princetonreview.com/privacy> for all other offerings). Subject to the foregoing, Vendor is entitled to use such information in accordance with applicable law and its privacy policy.
6. **Certain Obligations and Restrictions.**
 - a. Customer will not allow the Services to be used by any unauthorized person. Customer will not resell any Services (including but not limited to through time-sharing services, software-as-a-service offering, service bureau services or similar services). Customer will notify Vendor promptly of any known or suspected breach of Vendor’s rights to the Services that comes to its attention and will reasonably cooperate in Vendor’s efforts to protect its rights.
 - b. Customer, including its Users, will not (i) use, copy, create derivative works of, display, or modify the Services (including any content available through the Services) except as permitted by this Agreement, or (ii) disclose, reproduce, sell, or distribute any content available through the Services to any third party, or (iii) decompile, reverse engineer, or otherwise attempt to discover any source code of Vendor’s technology platform used to provide Services.
 - c. Customer, including its Users, will not upload to or distribute or publish through the Services any content (i) which is defamatory, threatening, abusive, or otherwise unlawful, (ii) which is vulgar, obscene, or sexually explicit, (iii) which violates any person’s privacy or publicity rights, or (iv) which violates the intellectual property or other proprietary rights of any person.
 - d. Customer, including its Users, will not (i) attempt to gain unauthorized access to the Services or use or access the Services in a way intended to avoid fees, (ii) interfere with or disrupt the Services, or (iii) upload to or distribute through the Services any viruses, Trojan horses, worms, or other similar programs.
 - e. Customer, including its Users will treat Vendor’s instructors and tutors with respect.
 - f. Customer, including its Users, will not export or re-export Vendor’s technology platform used to deliver Services in violation of any applicable laws or regulations.
 - g. Vendor reserves the right to disable access to any resources for any User who fails to comply with Vendor rules and procedures applicable to the resource, including but not limited to the Terms of Use on Vendor’s website located at <http://leo.tutor.com/terms> for Tutor.com offerings, <https://www.princetonreview.com/terms> for all other offerings, and this section 6.
7. **LIMITATION OF LIABILITY.** VENDOR WILL NOT BE LIABLE TO CUSTOMER FOR ANY CONSEQUENTIAL, INDIRECT, INCIDENTAL, PUNITIVE, OR SPECIAL DAMAGES RELATING TO THIS AGREEMENT, EVEN IF VENDOR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES OR AN AGREED REMEDY FAILS OF ITS ESSENTIAL PURPOSE. VENDOR’S AGGREGATE LIABILITY FOR ALL CLAIMS RELATING TO THIS AGREEMENT, WHETHER IN CONTRACT, TORT OR OTHERWISE, WILL NOT EXCEED THE AMOUNTS ACTUALLY RECEIVED BY VENDOR UNDER THIS AGREEMENT IN THE 12 MONTHS PRECEDING SUCH CLAIM.
8. **Confidentiality.**
 - a. Except as otherwise provided in this Agreement or provided by law, each party will retain the other party’s Confidential Information (as defined below) in strict confidence, will use the other party’s Confidential Information only for purposes of this Agreement, and will not disclose the other party’s Confidential Information without the other party’s prior written consent, provided that the receiving party may disclose the disclosing party’s Confidential Information to the receiving party’s or its affiliates’ personnel and contractors who need to know such Confidential Information and who are bound by confidentiality obligations at least as restrictive as those in this Agreement. If there is a breach of this Section, the disclosing party may suffer irreparable harm and will therefore be entitled to obtain injunctive relief in addition to any other available rights and remedies.
 - b. “Confidential Information” means all information, materials, or technology provided by a party to the other party that is marked as “Confidential” or “Proprietary,” or that, under the circumstances taken as a whole, would be reasonably deemed to be confidential. “Confidential Information” does not include information which (i) is or becomes generally available to the public other than as a result of the breach of this Agreement by the receiving party, (ii) is independently developed by the receiving party, (iii) was rightfully within the receiving party’s possession prior to disclosure by the disclosing party, (iv) is received from a third party which was not bound by a confidentiality obligation with respect to such information, or (v) is legally required to be disclosed, provided that the receiving party will notify the disclosing party before disclosing the Confidential Information, to the extent permitted by law.
9. **Notices.** Any notice under this Agreement will be in writing and be deemed given if: (i) personally delivered (with a copy delivered by email to the email address below, if any); (ii) sent by overnight courier, with proof of delivery (with a copy delivered by email to the email address below, if any); (iii) sent by registered or certified U.S. mail, return receipt requested (with a copy delivered by email to the email address below, if any); or (iv) delivered by email, to the parties as set forth below.

10. Miscellaneous Provisions. If there is a conflict between this Agreement (including any addendum) and any Service Order, this Agreement will control unless the Service Order expressly provides otherwise. No provision of this Agreement will be deemed waived or amended unless waived or amended in writing. Sections 2, 5 to 8, and any other provisions which would reasonably be expected to survive the termination or expiration of this Agreement will so survive. The terms in any purchase order (other than the offerings, quantities, contact information, and prices) will not be binding on Vendor. If the parties sign an agreement for the protection or processing of personally identifiable information, such agreement is hereby incorporated into this Agreement. Neither party will be responsible for any delay in performance or failure to perform due to causes beyond its reasonable control. No joint venture, partnership, employment or agency relationship exists between the parties as a result of this Agreement. This Agreement may not be assigned by either party without the prior written consent of the other party; provided that Vendor may assign its rights and obligations under this Agreement to an affiliate or in connection with a merger, reorganization, consolidation, or sale of all or substantially all of its ownership interests or assets. Subject to the preceding sentence, this Agreement will bind the parties and their permitted successors and assigns. There are no intended third party beneficiaries of this Agreement. This Agreement may be executed in one or more counterparts, each of which will be deemed an original, but all of which together will constitute one and the same instrument. This Agreement will be governed by the laws of the state where Customer is located, without regard to its conflicts of law principles. If any provision of this Agreement is held invalid or unenforceable, the other provisions of this Agreement will remain in full force and effect and, so far as is reasonable and possible, effect will be given to the intent of the provision held invalid or unenforceable. An electronic copy of this executed Agreement will be as valid as the original Agreement. This Agreement comprises the entire agreement between the parties, and supersedes all prior or contemporaneous oral or written negotiations, understandings, and agreements between the parties, concerning the subject matter of this Agreement.

On-Demand Tutoring Services Addendum

This Tutoring Services Addendum (“Tutoring Addendum”) between TPR Education, LLC d/b/a The Princeton Review (“Vendor”) and California Connections Academy-California (“Customer”) is part of the Master Services Agreement or other governing document executed by the parties (“Agreement”).

- Tutoring Services.** Vendor will provide to Customer and its Users the Tutoring Services purchased under Service Orders. As of the Effective Date of the Agreement, the Tutoring Services are offered 361 days of each standard year, and 362 days of each leap year. The Tutoring Services are unavailable on January 1, July 4, Thanksgiving Day, and December 25. On those holidays the Tutoring Services close beginning at 2:00 a.m. and they reopen at 2:00 a.m. on the following day (all times Eastern). Some subjects may have more limited availability than the hours listed in a Service Order. Vendor may change the availability of Tutoring Services and will notify Customer of any changes. The availability of the Tutoring Services is also subject to reasonable downtime for maintenance and related activities and loss or interruption due to causes beyond Vendor’s reasonable control.
- Implementation.** Vendor will set up the Tutoring Services for launch on a date mutually agreeable to the parties. Customer will provide Vendor with all information and other cooperation needed to set up and launch the Tutoring Services. Customer acknowledges and agrees that although Vendor offers a variety of authentication methods through which Users may access the Tutoring Services, Customer is responsible for determining the authentication method to be used.
- Warranty.** Vendor represents and warrants that it will perform the Tutoring Services in a professional manner in accordance with industry standards. Customer’s sole remedy for a breach of this warranty is re-performance of the particular Tutoring Services that breached the warranty at no additional charge.
- Intellectual Property.** Vendor, on behalf of itself and its affiliates, hereby grants to Customer and its Users a nonexclusive, non-transferable license to use the Vendor Intellectual Property to which Vendor provides access during the term of the Tutoring Services and subject to the terms and conditions of the Agreement solely in connection with the Services. Customer acknowledges and agrees that Vendor and its affiliates retain all right, title and interest in and to the Vendor Intellectual Property, and the Agreement conveys no rights to the Vendor Intellectual Property other than the limited rights set forth in the Agreement (including this Tutoring Services Addendum). “Vendor Intellectual Property” means Vendor’s and its affiliates’ copyrights, moral rights, patent rights (including patent applications and disclosures), trademarks, rights of priority, publicity rights, and trade secret rights, documentation, specifications, designs, instructional methods, strategies, techniques and methodologies, and software programs and other technology, including but not limited to the Online Classroom, content available through the Tutoring Services, all transcripts and recordings of Tutoring Services sessions, and survey data and usage information for the Tutoring Services. Vendor grants to Customer a perpetual, worldwide, royalty-free, sub-licensable, non-exclusive license to use, reproduce, display, perform, distribute, and prepare derivative works of any recordings and transcripts generated under the Agreement.
- COPPA.** Vendor uses, collects, and discloses personal information of children under the age 13 as disclosed in its notice at www.princetonreview.com/coppanoticeforschools. If children under the age of 13 will use the Tutoring Services, Customer hereby acknowledges receipt of the foregoing disclosure and consents on behalf of parents of Customer’s students to such use, collection, and disclosure.

Ordered Services: Vendor agrees to provide Customer the Services listed below.

Opportunity Number: 192303

Service Order Start Date: 06 / 15 / 2025

Service Order End Date: 06 / 14 / 2026

Product Name	Per Unit Price	Quantity	Subtotal
TutorPlus Student Center Tutor.com Student Center includes academic tutoring for learners from kindergarten through grade 12. Hours of availability* are 24/7, excluding holidays**	\$61,281.00	1	\$61,281.00

Total \$61,281.00

Term: The initial term for the Services in this Service Order will be from the Start Date to the End Date for the Services listed above.

The Services will automatically renew for additional, successive 1 year renewal terms unless either party notifies the other party in writing no less than 30 days prior to the end of the then-current term that the Services will terminate at the end of the then-current term. Customer may notify Vendor through an email from Customer's Authorized Representative to Vendor's Primary Contact at the contact's email address set forth above, setting forth which of the Services (or whether all of the Services) will terminate. Vendor reserves the right to change the fees for any Services renewal term by giving Customer written notice of such change no later than 45 days prior to the end of the then-current term for Tutoring Services (subject to Customer's right not to renew in accordance with the preceding sentence).

100% of unused hours purchased under the preceding Service Order will carry forward into the term of this Service Order as Roll-Over hours. Any hours rolled over will be deemed to be used first before any hours newly purchased under this Service Order are used.

100% of unused hours purchased under this Service Order will carry forward into the term of the subsequent Service Order as rollover hours if a subsequent Service Order is executed on or before the end of the term of this Service Order. Roll-Over hours will expire 12 months from the end date of the Service Order on which they were purchased or when there is no longer any active Tutor.com Service Order, whichever is earlier. Any hours rolled over will be deemed to be used first before any hours newly purchased.

Invoicing and Payment

Vendor may invoice Customer upon execution of the Agreement or this Service Order, as applicable, and upon the start of any renewal term of the Service Order unless otherwise specified below. Customer will pay invoices within 30 days of the invoice date. Vendor may suspend the Services if any amounts remain unpaid 30 days after the due date. All fees are net of taxes, except for taxes on Vendor's income. Taxes, if applicable, will be included in the invoice sent by Vendor to Customer unless Customer provides a state tax exemption certificate.

Taxes, if applicable, will be included in the invoice sent by Vendor to Customer unless Customer provides a state tax exemption certificate.

Purchase Requisition and Approval Process

1. A purchase requisition must be submitted for all required products or services before any purchase can be made.
2. The requestor completes the purchase requisition and submits it for approval.
3. The requisition goes through an escalating approval flow, starting with the requestor's grade-level principal, director, or superintendent (SPuDs). They have the option to approve, deny, or request additional verification.
4. If one of the SPuDs approves the requisition, it must be emailed to finance@californiaops.org for further budget approval.
5. The purchase request undergoes budget review and policy checks to ensure compliance.
6. Once the requisition is approved by finance, either:
 - a. The request is processed for payment, and a finance representative will place the order, or
 - b. A purchase order is initiated and sent to the vendor for acceptance and fulfillment.

Purchase Requisition and Approval Process

1. A purchase requisition must be submitted for all required products or services before any purchase can be made.
2. The requestor completes the purchase requisition and submits it for approval.
3. The requisition goes through an escalating approval flow, starting with the requestor's grade-level principal, director, or superintendent (SPuDs). They have the option to approve, deny, or request additional verification.
4. If one of the SPuDs approves the requisition, it must be emailed to finance@californiaops.org for further budget approval.
5. The purchase request undergoes budget review and policy checks to ensure compliance.
6. Once the requisition is approved by finance, either:
 - a. The request is processed for payment, and a finance representative will place the order, or
 - b. A purchase order is initiated and sent to the vendor for acceptance and fulfillment.

HSA Payroll Funding Details of California Online Public Schools

Account Name:	California Online Public Schools HSA Funding
Activity amount:	\$20,796.67
Activity date:	04/09/2025

Your funding account will be debited for the amount listed above. This amount is reflective of deposits to your employees' HSA. You are receiving this notice as one of the following activities has taken place:

- A payroll contribution file has been imported into our system on your behalf
- Deposits have been successfully recorded using the contribution manager

- An account pending CIP has been successfully opened

For details about the specific account level activity, you can reference the HSA Payroll Reconciliation Report in the employer portal or you can go to the Contribution Manager to view your pending and successful payroll deposits. Due to timing, transaction details may not be available until tomorrow morning. In a future enhancement, account level detail will be available in a new invoicing screen to further help with record keeping and reconciliation.

If you have any questions regarding this email or its contents, please reach out to your Client Relations Executive.

Thank you for your partnership,

Payment Rules And Bill Definitions

Payment Application: We will apply payments received in the following order:

- Past due and audit premium on expired or cancelled policies
- Past due premium on active policies
- Past due fees, then
- Current account changes

Alternate payment instructions with your check will not be honored. When you provide a check as payment, you authorize us to either use the information from your check to make a one-time electronic transfer from your bank account or process your payment as a check transaction.

Installment Fee: We charge this fee with each installment, except where prohibited by law.

Late Fee: You will be charged \$35.00 when the minimum amount due isn't paid by the due date.

New Fees: The total of all fees assessed on the current bill.

NSF Fee: You will be charged \$30.00 if your payment fails because of insufficient funds.

Policy Change (Endorsement): A change to your policy. Depending on what changes, you may end up owing more or less for your coverage.

Policy Credits: Some things, like audit results or endorsement changes, might put a credit back on your account. If your account has a balance, instead of issuing a refund, we use those credits toward your future payments. If your account has an overall credit balance, the refund will be issued to you using the same method you used to make your last payment (Electronic Funds Transfer, credit card or check).

State/Local Surcharges or Fees: Some states or municipalities require us to collect an extra amount on top of your premium.

HSA Payroll Funding Details of California Online Public Schools

Account Name:	California Online Public Schools HSA Funding
Activity amount:	\$21,342.50
Activity date:	04/24/2025

Your funding account will be debited for the amount listed above. This amount is reflective of deposits to your employees' HSA. You are receiving this notice as one of the following activities has taken place:

- A payroll contribution file has been imported into our system on your behalf
- Deposits have been successfully recorded using the contribution manager

- An account pending CIP has been successfully opened

For details about the specific account level activity, you can reference the HSA Payroll Reconciliation Report in the employer portal or you can go to the Contribution Manager to view your pending and successful payroll deposits. Due to timing, transaction details may not be available until tomorrow morning. In a future enhancement, account level detail will be available in a new invoicing screen to further help with record keeping and reconciliation.

If you have any questions regarding this email or its contents, please reach out to your Client Relations Executive.

CALIFORNIA ONLINE PUBLIC SCHOOLS

Hardware Procurement and Support - Students

Scope of Work

This Scope of Work (SOW) outlines the Student IT support services to be provided for managing hardware procurement and delivering customized IT support tailored to meet the unique needs of California Online Public Schools (CalOps). Our objective is to ensure seamless hardware procurement, deployment, and management, while offering dedicated IT services that enhance operational efficiency, minimize downtime, and align with the organization’s goals. This SOW includes the tasks outlined below.

Task I. Hardware Procurement and Deployment

1. Identify Hardware

- 1.1. Specification and Selection
 - Collaborate with CalOps to identify hardware requirements. This has been determined already.
 - Provide details of the model Chromebook to CalOPS

2. Purchasing Hardware –

- 2.1. Procurement by Soft MSP for CalOPS.
 - Purchase hardware by Soft MSP
 - CalOPS will be invoiced for the hardware.

3. Warranty Management

- 3.1. Register all purchased devices with the manufacturer for warranty coverage.
- 3.2. Manage warranty claims and facilitate repairs or replacements with the manufacturer

4. Imaging Hardware

- 4.1. Specification and Imaging
 - Collaborate with CalOps to obtain desired software image specifications.
- 4.2. Quality Assurance
 - Verify device functionality post-imaging to ensure they meet provided specifications and are operational.

5. Asset Tagging and End-User Instructions

- 5.1. Apply unique asset tags to each device to align with CalOps’ inventory standards.
- 5.2. Include clear, concise setup instructions for end users with each device.

6. Hardware Shipment

- 6.1. Packaging and Delivery
 - Securely package hardware for shipment to recipients designated by CalOps.
 - Ensure packaging includes necessary setup instructions and any additional materials.
 - The monthly cost will include, shipping charges, shipping material and preparation of devices with asset tag, instructions and appropriate stickers.
- 6.2. Tracking
 - Provide shipment tracking information to CalOps.

IT Support Services Proposal

7. Inventory Management

- 7.1. Maintain a detailed inventory of all procured devices in a centralized system.
- 7.2. Track device locations, configurations, and status.
- 7.3. Provide an annual inventory report with detailed information for all devices.
- 7.4. Empty boxes will be provided to students to return Chromebooks.
- 7.5. Returned Chromebooks will be prepared and stored for shipment to students if needed. Chromebooks will be stored for minimum of 6 months before disposed.
- 7.6. Soft MSP will always maintain an inventory of 3000 Chromebooks after school year end.
- 7.7. No additional Chromebooks purchase will be required by CalOps if CalOps student enrollment does not exceed 8500. SoftMSP will be responsible for providing Chromebook to 8500 enrolled students.

8. Reporting

- 8.1. Provide Monthly Report on All devices
- 8.2. Provide Yearly Report to CalOPS
- 8.3. Build a custom dashboard for CalOPS to see all operational updates in real time.

9. Pricing – See Page 10-12 for Detailed breakdown

Task II. Student IT Services

1. Remote Help for Students

- 1.1. User Support & Ticket Management (IIQ)
 - Ticketing System
 - User requests will be efficiently managed through a robust ticketing system.
 - Tickets will be categorized, prioritized, and assigned appropriately.
 - User Support
 - Provide responsive support for user-reported issues via email and phone.
 - Offer step-by-step guidance to assist users in resolving basic IT challenges.
 - Service Level Agreement (SLA): Define and adhere to SLA for ticket resolution times based on issue priority (Critical, High, Medium, Low). Please refer to Standard SLA provided on Page 10.
- 1.2. Problem Diagnosis, Troubleshooting, and Technical Guidance
 - Problem Analysis: Diagnose root causes of technical issues affecting user systems, applications, and devices.
 - Troubleshooting
 - Provide step-by-step troubleshooting for hardware, software, and network-related issues.
 - Collaborate with third-party vendors as needed to resolve escalated issues.
 - Technical Guidance: Offer proactive technical advice to users to optimize the use of IT systems and prevent recurring issues.
- 1.3. First Call Resolution
 - Soft MSP will communicate with the parent or student caretaker to resolve matter in the first call.
- 1.3..1. If Device needs to be shipped, Soft MSP agent will provide tracking information and provide updates on the package.
- 1.4. Cradle to Grave Support
 - Parent or Student Caretaker will interact with Soft MSP agent from first interaction to resolution of the issue.
 - Track packages and provide updates on the issue

IT Services Delivery Model

Our proposed staffing plan includes a tactical team of technicians who will serve CalOps through a hybrid model of remote technical support and on-site support to effectively deliver a combination of services as detailed in our Scope of Work. With our unique experience in the IT industry, we specialize in providing tailored solutions that meet the needs of charter schools like CalOps.

We believe our approach will ensure a successful partnership that will support your specific IT needs and an estimated 400 users and devices. Our delivery team will provide responsive on-site support together with proactive remote support as summarized below.

I. Unlimited Remote Help Desk Support

Our Help Desk services are provided as an around-the-clock commitment ensuring that competent IT Support Technicians are available to field all calls, emails, and requests for service to support your specific requirements. Our cloud-based online support portal allows users to submit support tickets from their PC desktops, laptops, or mobile phones. Users can also access IT support by calling a direct telephone number to speak directly with an IT team member.

II. Remote Monitoring & Management

We will proactively monitor your network using our Remote Monitoring and Management (RMM) tool which supports minimizing downtime and efficiency through automation. RMM software enables our remote team of technicians to effectively maintain your networks, servers, desktops, and mobile devices.

The system will automatically notify the IT team in the event of a system outage or other anomaly. With insight into your network, our team can make updates and proactively stay ahead of issues. When problems arise, our team can resolve issues remotely. Our team is trained to monitor and identify issues early prior to a system outage or failure to ensure maximum up time.

III. On-Site Technical Support (As Needed)

Our technicians are experienced problem solvers who will provide responsive on-site support on an as-needed basis and will ensure forward-thinking solutions to issues or requests requiring an elevated level of support.

Our technicians will:

- 1) Possess excellent customer service skills and the ability to work effectively with a variety of people.
- 2) Abide by all CalOps’s work policies and health protocols when present in facilities.

Service Level Agreement

Soft MSP is positioned to support CalOps’ technical environment with agility and will adapt to your specific service needs and expectations. We will consult with you to tailor a Service Level Agreement (SLA) that ensures our service delivery consistently meets or exceeds your response-time expectations. Our response times during regular business hours are one to two (1-2) hours for Low Priority issues, one (1) hour for Medium Priority issues, and 15 to 30 minutes for High Priority issues.

Summarized below are the key elements of our standard SLA which will be customized for CalOps:

- One-reach local phone number and email address for emergency support.
- 24/7/365 support (option)
- Respond to emergency outages within 15 to 30 minutes during regular hours.
- Respond to emergency outages within 30 minutes during non-business hours.
- In case of an emergency, be on site within two hours.
- Provide unlimited technical phone support.
- Trouble Tickets will be acknowledged within 30 minutes during regular business hours.
- Standby support, with a maximum response time of 30 minutes outside regular work hours.

Our baseline SLA terms are structured to exceed your expectations, as illustrated below. We are committed to providing service excellence and will work with you to develop detailed metrics and specified response times to ensure we meet or exceed your SLA expectations.

Commencement Date

This Agreement shall commence and become effective as of May 1st, 2025 (the "Effective Date") and shall remain in full force and effect in accordance with the terms and conditions set forth herein. First invoice will be issued to CalOPS on May 1st, 2025. SoftMSP will bill CalOPS for the remaining month of April accordance to pro-rated cost. Final invoice per pervious contract will be issued on April 30th, 2025.

Any future expansion of CalOPS shall be discussed in details and new amendment will be agreed upon.

Terms and Conditions

1. Definitions

For the purposes of this Agreement, the following terms shall have the meanings set forth below:

- **"Agreement"** refers to this legally binding contract, including all schedules, exhibits, and appendices attached hereto.
- **"Party" or "Parties"** means the entities entering into this Agreement, individually and collectively.
- **"Effective Date"** means May 1, 2025, the date upon which this Agreement shall commence.

2. Scope of Services

The Parties agree to perform their respective obligations as outlined in this Agreement. Each Party shall execute its duties in a professional and workmanlike manner, consistent with applicable industry standards.

3. Term and Termination

a. This Agreement shall commence on the Effective Date and shall continue in effect until terminated in accordance with the provisions herein.

b. Either Party may terminate this Agreement without cause by providing the other Party with no less than ninety (90) calendar days' prior written notice of termination. Such notice shall specify the effective date of termination and shall be delivered in accordance with the notice provisions set forth in this Agreement. Termination pursuant to this Section shall not relieve either Party of any obligations incurred prior to the effective date of termination, including, but not limited to, payment for services rendered or goods delivered.

4. Payment Terms

Unless otherwise specified, all payments due under this Agreement shall be made within thirty (30) days of receipt of a valid invoice.

5. Confidentiality

Each Party agrees to maintain in strict confidence all non-public, proprietary, or confidential information disclosed in connection with this Agreement and to use such information solely for the performance of its obligations hereunder.

6. Intellectual Property

Unless otherwise agreed in writing, all intellectual property created solely by one Party in connection with the performance of this Agreement shall remain the sole and exclusive property of that Party.

7. Indemnification

Each Party shall indemnify, defend, and hold harmless the other Party and its officers, directors, employees, and agents from and against any and all claims, liabilities, losses, damages, and expenses arising out of or related to the indemnifying Party's breach of this Agreement, negligence, or willful misconduct.

8. Limitation of Liability

In no event shall either Party be liable to the other for any indirect, incidental, consequential, special, or punitive damages, including loss of profits or business interruption, arising out of or in connection with this Agreement, even if advised of the possibility of such damages.

9. Entire Agreement

This Agreement constitutes the entire agreement between the Parties with respect to the subject matter hereof and supersedes all prior and contemporaneous understandings, agreements, representations, and warranties, whether written or oral.

10. Amendments and Waivers

Limited modification, amendment, or waiver of any provision of this Agreement shall be effective unless in writing and signed by both Parties.

11. Severability

If any provision of this Agreement is found to be invalid, illegal, or unenforceable, the remaining provisions shall remain in full force and effect.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the Effective Date.

California Online Public Schools:

Enclosed is the organization's 2023 Exempt Organization return.

Specific filing instructions are as follows.

FORM 990 RETURN:

This return has qualified for electronic filing. After you have reviewed the return for completeness and accuracy, please sign, date and return Form 8879-TE to our office. We will transmit the return electronically to the IRS and no further action is required. Please return Form 8879-TE to us as soon as possible, but no later than by May 15, 2025 the filing deadline.

In addition, tax-exempt organizations must make available for public inspection a copy of their annual returns for the preceding three years and exemption application, if applicable. An organization generally must furnish filings to anyone who requests them in person or in writing. An exempt organization may meet this requirement by posting all the documents on its website or at another organizations site as part of a database of similar materials. Specific requirements must be met to meet this exception.

CALIFORNIA FORM 199 RETURN:

The California Form 199 return has qualified for electronic filing. After you have reviewed your return for completeness and accuracy, please sign, date and return Form 8453-EO to our office. We will then transmit your return to the FTB. Do not mail the paper copy of the return to the FTB.

No payment is required.

A few final reminders relating to your tax return filings:

- There are substantial penalties for failure to properly disclose and report foreign financial accounts and foreign activity. Please make sure you have informed us of any foreign financial accounts or foreign activity so that we have the necessary information to complete any required disclosures or filings.
- Be sure to review the returns prior to signing as you have final responsibility for all information included in the returns. Please contact us if you have any questions or concerns.
- We recommend you keep a paper or electronic copy of your tax returns permanently. Supporting documentation should be kept for a minimum of seven years based on IRS guidance.

CLA exists to create opportunities – for our clients, our people, and our communities. We value our relationship with you and thank you for your trust and confidence in allowing us to serve you. If we can assist you in making strategic, informed decisions in areas of tax or beyond, please contact us as questions arise throughout the year.

Sincerely,

CliftonLarsonAllen LLP

Section A. All Supporting Organizations

	Yes	No
1 Are all of the organization's supported organizations listed by name in the organization's governing documents? <i>If "No," describe in Part VI how the supported organizations are designated. If designated by class or purpose, describe the designation. If historic and continuing relationship, explain.</i>		
2 Did the organization have any supported organization that does not have an IRS determination of status under section 509(a)(1) or (2)? <i>If "Yes," explain in Part VI how the organization determined that the supported organization was described in section 509(a)(1) or (2).</i>		
3a Did the organization have a supported organization described in section 501(c)(4), (5), or (6)? <i>If "Yes," answer lines 3b and 3c below.</i>		
b Did the organization confirm that each supported organization qualified under section 501(c)(4), (5), or (6) and satisfied the public support tests under section 509(a)(2)? <i>If "Yes," describe in Part VI when and how the organization made the determination.</i>		
c Did the organization ensure that all support to such organizations was used exclusively for section 170(c)(2)(B) purposes? <i>If "Yes," explain in Part VI what controls the organization put in place to ensure such use.</i>		
4a Was any supported organization not organized in the United States ("foreign supported organization")? <i>If "Yes," and if you checked box 12a or 12b in Part I, answer lines 4b and 4c below.</i>		
b Did the organization have ultimate control and discretion in deciding whether to make grants to the foreign supported organization? <i>If "Yes," describe in Part VI how the organization had such control and discretion despite being controlled or supervised by or in connection with its supported organizations.</i>		
c Did the organization support any foreign supported organization that does not have an IRS determination under sections 501(c)(3) and 509(a)(1) or (2)? <i>If "Yes," explain in Part VI what controls the organization used to ensure that all support to the foreign supported organization was used exclusively for section 170(c)(2)(B) purposes.</i>		
5a Did the organization add, substitute, or remove any supported organizations during the tax year? <i>If "Yes," answer lines 5b and 5c below (if applicable). Also, provide detail in Part VI, including (i) the names and EIN numbers of the supported organizations added, substituted, or removed; (ii) the reasons for each such action; (iii) the authority under the organization's organizing document authorizing such action; and (iv) how the action was accomplished (such as by amendment to the organizing document).</i>		
b Type I or Type II only. Was any added or substituted supported organization part of a class already designated in the organization's organizing document?		
c Substitutions only. Was the substitution the result of an event beyond the organization's control?		
6 Did the organization provide support (whether in the form of grants or the provision of services or facilities) to anyone other than (i) its supported organizations, (ii) individuals that are part of the charitable class benefited by one or more of its supported organizations, or (iii) other supporting organizations that also support or benefit one or more of the filing organization's supported organizations? <i>If "Yes," provide detail in Part VI.</i>		
7 Did the organization provide a grant, loan, compensation, or other similar payment to a substantial contributor (as defined in section 4958(c)(3)(C)), a family member of a substantial contributor, or a 35% controlled entity with regard to a substantial contributor? <i>If "Yes," complete Part I of Schedule L (Form 990).</i>		
8 Did the organization make a loan to a disqualified person (as defined in section 4958) not described on line 7? <i>If "Yes," complete Part I of Schedule L (Form 990).</i>		
9a Was the organization controlled directly or indirectly at any time during the tax year by one or more disqualified persons, as defined in section 4946 (other than foundation managers and organizations described in section 509(a)(1) or (2))? <i>If "Yes," provide detail in Part VI.</i>		
b Did one or more disqualified persons (as defined on line 9a) hold a controlling interest in any entity in which the supporting organization had an interest? <i>If "Yes," provide detail in Part VI.</i>		
c Did a disqualified person (as defined on line 9a) have an ownership interest in, or derive any personal benefit from, assets in which the supporting organization also had an interest? <i>If "Yes," provide detail in Part VI.</i>		
10a Was the organization subject to the excess business holdings rules of section 4943 because of section 4943(f) (regarding certain Type II supporting organizations, and all Type III non-functionally integrated supporting organizations)? <i>If "Yes," answer line 10b below.</i>

Section B. Type I Supporting Organizations

	Yes	No
1 Did the governing body, members of the governing body, officers acting in their official capacity, or membership of one or more supported organizations have the power to regularly appoint or elect at least a majority of the organization's officers, directors, or trustees at all times during the tax year? If "No," describe in Part VI how the supported organization(s) effectively operated, supervised, or controlled the organization's activities. If the organization had more than one supported organization, describe how the powers to appoint and/or remove officers, directors, or trustees were allocated among the supported organizations and what conditions or restrictions, if any, applied to such powers during the tax year.		
1		
2 Did the organization operate for the benefit of any supported organization other than the supported organization(s) that operated, supervised, or controlled the supporting organization? If "Yes," explain in Part VI how providing such benefit carried out the purposes of the supported organization(s) that operated, supervised, or controlled the supporting organization.		
2		

Section C. Type II Supporting Organizations

	Yes	No
1 Were a majority of the organization's directors or trustees during the tax year also a majority of the directors or trustees of each of the organization's supported organization(s)? If "No," describe in Part VI how control or management of the supporting organization was vested in the same persons that controlled or managed the supported organization(s).		
1		

Section D. All Type III Supporting Organizations

	Yes	No
1 Did the organization provide to each of its supported organizations, by the last day of the fifth month of the organization's tax year, (i) a written notice describing the type and amount of support provided during the prior tax year, (ii) a copy of the Form 990 that was most recently filed as of the date of notification, and (iii) copies of the organization's governing documents in effect on the date of notification, to the extent not previously provided?		
1		
2 Were any of the organization's officers, directors, or trustees either (i) appointed or elected by the supported organization(s) or (ii) serving on the governing body of a supported organization? If "No," explain in Part VI how the organization maintained a close and continuous working relationship with the supported organization(s).		
2		
3 By reason of the relationship described on line 2, above, did the organization's supported organizations have a significant voice in the organization's investment policies and in directing the use of the organization's income or assets at all times during the tax year? If "Yes," describe in Part VI the role the organization's supported organizations played in this regard.		
3		

Section E. Type III Functionally Integrated Supporting Organizations

SUBMIT A FORM 700 ANNUALLY TO THE SCHOOL FILING OFFICER. THE FORMS ARE ALSO SUBMITTED TO THE FAIR POLITICAL PRACTICES COMMISSION, WHICH IS THE CODE REVIEWING BODY.

MONITORING IS PERFORMED REGULARLY BY THE BOARD OFFICERS TO IDENTIFY POTENTIAL CONFLICTS OF INTEREST. ANY QUESTION OF A CONFLICT IS ADDRESSED WITH THE INTERESTED PERSON, WHO IS REQUIRED TO DISCLOSE THE EXISTENCE OF ANY FINANCIAL INTEREST AND BE AFFORDED THE OPPORTUNITY TO DISCLOSE ALL MATERIAL FACTS TO THE BOARD AND EXECUTIVE DIRECTOR. IF A CONFLICT OF INTEREST IS IDENTIFIED, THE APPROPRIATE ACTION IS TAKEN, INCLUDING LIMITATIONS TO THE INDIVIDUAL'S INFLUENCE ON RELATED BUSINESS MATTERS.

WHEN CONFLICTS OF INTEREST ARISE AMONG BOARD MEMBERS, THE BOARD WILL IMPOSE RESTRICTIONS ON THE CONFLICTED INDIVIDUAL TO ENSURE IMPARTIALITY AND INTEGRITY IN DECISION-MAKING. INDIVIDUALS WITH A CONFLICT WILL BE PROHIBITED FROM PARTICIPATING IN THE GOVERNING BODY'S DELIBERATIONS AND DECISIONS RELATED TO THE TRANSACTION. THEY WILL NOT BE PRESENT DURING DISCUSSIONS AND VOTING RIGHTS WILL BE RESTRICTED ON MATTERS WHERE THEIR CONFLICT EXISTS. THESE MEASURES HELP MAINTAIN TRANSPARENCY AND PREVENT BIASED OUTCOMES.

FORM 990, PART VI, SECTION B, LINE 15A:

PRIOR TO APPROVAL OF ANNUAL SALARY FOR THE SUPERINTENDENT (IF SALARY IS BEING CHANGED) A REVIEW OF COMPARABLE SALARIES IN THE AREA IS PREPARED AND SUBMITTED FOR REVIEW TO THE BOARD MEMBERS, WHO THEN REVIEW, DISCUSS AND APPROVE THE EXECUTIVE DIRECTOR'S COMPENSATION PACKAGE DURING A PUBLICLY NOTICED MEETING.

Part V Declaration of Officer

I authorize the exempt organization's account to be settled as designated in Part II. If I check Part II, box 6, I declare that the bank account specified in Part IV for the direct deposit refund agrees with the authorization stated on my return. If I check Part II, box 7, I authorize an electronic funds withdrawal for the amount listed on line 7a and any estimated payment amounts listed on Part III, line 8 from the bank account specified in Part IV.

Under penalties of perjury, I declare that I am an officer of the above exempt organization and that the information I provided to my electronic return originator (ERO), transmitter, or intermediate service provider and the amounts in Part I above agree with the amounts on the corresponding lines of the exempt organization's 2023 California electronic return. To the best of my knowledge and belief, the exempt organization's return is true, correct, and complete. If the exempt organization is filing a balance due return, I understand that if the Franchise Tax Board (FTB) does not receive full and timely payment of the exempt organization's tax liability, the exempt organization will remain liable for the tax liability and all applicable interest and penalties. I authorize the exempt organization return and accompanying schedules and statements be transmitted to the FTB by the ERO, transmitter, or intermediate service provider. If the processing of the exempt organization's return or refund is delayed, I authorize the FTB to disclose to the ERO or intermediate service provider the reason(s) for the delay or the date when the refund was sent.

Part VI Declaration of Electronic Return Originator (ERO) and Paid Preparer.

I declare that I have reviewed the above exempt organization's return and that the entries on form FTB 8453-EO are complete and correct to the best of my knowledge. (If I am only an intermediate service provider, I understand that I am not responsible for reviewing the exempt organization's return. I declare, however, that form FTB 8453-EO accurately reflects the data on the return.) I have obtained the organization officer's signature on form FTB 8453-EO before transmitting this return to the FTB. I have provided the organization officer with a copy of all forms and information that I will file with the FTB, and I have followed all other requirements described in FTB Pub. 1345, 2023 Handbook for Authorized e-file Providers. I will keep form FTB 8453-EO on file for **four** years from the due date of the return or **four** years from the date the exempt organization return is filed, whichever is later, and I will make a copy available to the FTB upon request. If I am also the paid preparer, under penalties of perjury, I declare that I have examined the above exempt organization's return and accompanying schedules and statements, and to the best of my knowledge and belief, they are true, correct, and complete. I make this declaration based on all information of which I have knowledge.
