When CONTRACTOR is a NPA, CONTRACTOR shall be provided with a LEA-developed/approved calendar prior to the initiation of services. CONTRACTOR herein agrees to observe holidays as specified in the LEA-developed/approved calendar. CONTRACTOR shall provide services pursuant to the LEA-developed/approved calendar; or as specified in the LEA student's IEP and ISA. Unless otherwise specified in the LEA student's ISA, CONTRACTOR shall provide related services to LEA students on only those days that the LEA student's school of attendance is in session and the LEA student attends school. CONTRACTOR shall bill only for services provided on billable days of attendance as indicated on the LEA calendar unless CONTRACTOR and the LEA agree otherwise, in writing. Student must have actually been in attendance and/or received services on a billable day of attendance in order for CONTRACTOR to be eligible for payment. It is specifically understood that services may not be provided on weekends/holidays and other times when school is not in session, unless agreed to by the LEA, in writing, in advance of the delivery of any NPA service provided by CONTRACTOR. Any instructional days provided without this written agreement shall be at the sole financial responsibility of the CONTRACTOR.

26. DATA REPORTING AND TRAINING

CONTRACTOR shall agree to provide to the LEA all data related to student information and billing information with LEA. CONTRACTOR shall agree to provide data related to all sections of this contract, including student discipline as noted below, and requested by and in the format required by the LEA. It is understood that all NPS/A shall utilize the LEA approved electronic IEP system for all IEP development, service tracking documentation, and progress reporting, unless otherwise agreed to by the LEA. Additional progress reporting may be required by the LEA. The LEA shall provide the CONTRACTOR with appropriate user training and proper permissions to allow adequate access.

CONTRACTOR shall complete all LEA-specific trainings, orientations, and onboarding requirements designated by the LEA prior to commencing services. Completion of such trainings does not constitute billable service hours unless otherwise agreed to in writing by the LEA. CONTRACTOR shall complete any and all LEA required trainings prior to beginning work with students. CONTRACTOR shall document all session attendance in the LEA's approved electronic IEP system no later than the conclusion of each workday during which services are provided.

Using forms developed by the CDE or as otherwise mutually agreed upon by CONTRACTOR and LEA, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Code sections 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code sections 48900 and 48915.

The LEA shall provide the CONTRACTOR with approved forms and/or format for such data including, but not limited to, invoicing, attendance reports and progress reports. The LEA may approve use of CONTRACTOR'S provided forms at their discretion.

27. LEAST RESTRICTIVE ENVIRONMENT/DUAL ENROLLMENT

CONTRACTOR and LEA shall follow all LEA policies and procedures that support Least Restrictive Environment ("LRE") options and/or dual enrollment options if available and appropriate, for students to have access to the general curriculum and to be educated with their nondisabled peers to the maximum extent appropriate.

CONTRACTOR and LEA shall ensure that LRE placement options are addressed at all IEP team meetings regarding students for whom ISAs have been or may be executed. This shall include IEP team consideration of supplementary aids and services, goals and objectives necessary for placement in the LRE and necessary to enable students to transition to less restrictive settings.

When an IEP team has determined that a student should be transitioned into the public school setting, CONTRACTOR shall assist the LEA in implementing the IEP team's recommended activities to support the transition.

28. STATEWIDE ACHIEVEMENT TESTING

When CONTRACTOR is a NPS, per implementation of Senate Bill 484, CONTRACTOR shall administer all statewide assessments within the California Assessment of Student Performance and Progress ("CAASPP"), Desired Results Developmental Profile ("DRDP"), California Alternative Assessment ("CAA"), achievement and abilities tests (using LEA-authorized assessment instruments), the Fitness Gram, , the English Language Proficiency Assessments for California ("ELPAC"), the Alternative English Language Proficiency Assessments for California ("Alternative ELPAC"), and as appropriate to the student, and mandated by LEA pursuant to LEA and state and federal guidelines.

CONTRACTOR is subject to the alternative accountability system developed pursuant to Education Code section 52052, in the same manner as public schools. Each LEA student placed with CONTRACTOR by the LEA shall be tested by qualified staff of CONTRACTOR in accordance with that accountability program. LEA shall provide test administration training to CONTRACTOR'S qualified staff. CONTRACTOR shall attend LEA test training and comply with completion of all coding requirements as required by LEA.

29. MANDATED ATTENDANCE AT LEA MEETINGS

CONTRACTOR shall attend District mandated meetings when legal mandates, and/or LEA policy and procedures are reviewed, including but not limited to the areas of: curriculum, high school graduation, standards-based instruction, behavior intervention, cultural and linguistic needs of students with disabilities, dual enrollment responsibilities, LRE responsibilities, transition services, data collection, and standardized testing and IEPs. LEA shall provide CONTRACTOR with reasonable notice of mandated meetings. Attendance at such meetings does not constitute a billable service hour(s).

30. POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORTS

CONTRACTOR shall comply with the requirements of Education Code sections 49000, *et seq.,* 49005, *et seq*., 56521.1 and 56521.2. LEA students who exhibit behaviors that interfere with their learning or the learning of others must receive timely and appropriate assessments and positive supports and interventions in accordance with state and federal law and implementing regulations. If the IEP team determines that a student's behavior impedes the individual learning or the learning of others, the IEP team is required to consider the use of positive behavioral interventions and supports, and other strategies, to address that

behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations. This could mean that instead of developing a Behavior Intervention Plan ("BIP"), the IEP team may conclude it is sufficient to address the student's behavioral problems through the development of behavioral goals and behavioral interventions to support those goals.

CONTRACTOR shall maintain a written policy pursuant to California Education Code section 56521.1 regarding emergency interventions and behavioral emergency reports. CONTRACTOR shall ensure that all of its staff members are trained in crisis intervention, emergency procedures, and evidenced-based practices and interventions specific to the unique behavioral needs of the CONTRACTOR's pupil population. The training shall be provided within 30 days of employment to new staff who have any contact or interaction with pupils during the school day, and annually to all staff who have any contact or interaction with pupils during the school day. The CONTRACTOR shall select and conduct the training in accordance with California Education Code section 56366.1. CONTRACTOR shall maintain written records of the training and provide written verification of the training annually and upon request.

Emergency interventions are those interventions used with a student during the time they present a serious, dangerous behavior that staff has determined to be present a clear and present danger to self or others, which requires a non-violent physical intervention to protect the safety of student, self, or others that cannot be prevented by use of a less restrictive technique. Pursuant to Education Code section 56521.1, emergency interventions shall not be used as a substitute for a BIP, and shall not be employed longer than necessary to contain the behavior. Emergency interventions may only be used to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the individual with exceptional needs, or others, and that cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior. If a situation requires prolonged use of emergency intervention, staff must seek assistance from the school site administrator or a law enforcement agency.

CONTRACTOR shall complete a behavior emergency report when an emergency intervention is used ; or when a physical intervention has not been used, but an injury or serious property damage has occurred. Personal Safety Techniques may or may not have been used. A behavior emergency report form must be completed and submitted to the LEA within twenty-four (24) hours for administrative action. CONTRACTOR shall also notify Parent within twenty-four (24) hours via telephone. If the student's IEP does not contain a BIP, CONTRACTOR shall schedule with LEA an IEP meeting within two (2) days to review the behavior emergency report, determine if there is a necessity for a functional behavioral assessment, and to determine an interim plan. If applicable, the IEP team shall document the reasons for not conducting the functional behavioral assessment, not developing an interim plan, or both. If the student already has a BIP, and the incident involved a previously unseen or new serious behavior, or if preexisting behavioral interventions in the BIP were ineffective, CONTRACTOR shall schedule with LEA an IEP meeting to review and determine the need to modify the BIP.

Pursuant to Education Code section 56521.2, CONTRACTOR shall not authorize, order, consent to, or pay for the following interventions, or any other interventions similar to or like the following:

1. any intervention that is designed to, or likely to, cause physical pain, including, but not limited to, electric-shock;
2. an intervention that involves the release of noxious, toxic, or otherwise unpleasant sprays, mists, or substances in proximity to the face of the individual;
3. an intervention that denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities;
4. an intervention that is designed to subject, used to subject, or likely to subject, the individual to verbal abuse, ridicule, or humiliation, or that can be expected to cause excessive emotional trauma;
5. restrictive interventions that employ a device, material, or objects that simultaneously immobilize all four extremities;
6. prone restraint;
7. locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room;
8. an intervention that precludes adequate supervision of the individual;

9. an intervention that deprives the individual of one or more of the individual's senses.

CONTRACTOR shall comply with Education Code sections 49005.8, 56521.1 and 56521.2. Specifically, Contractor shall not do any of the following:

1. Use seclusion or a behavioral restraint for the purpose of coercion, discipline, convenience, or retaliation.
2. Use locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room.
3. Use a physical restraint technique that obstructs a pupil's respiratory airway or impairs the pupil's breathing or respiratory capacity, including techniques in which a staff member places pressure on a pupil's back or places the staff member's body weight against the pupil's torso or back.
4. Use a behavioral restraint technique that restricts breathing, including, but not limited to, using a pillow, blanket, carpet, mat, or other item to cover a pupil's face.
5. Use prone restraint, including but not limited to prone containment.
6. Use a behavioral restraint for longer than is necessary to contain the behavior that poses a clear and present danger of serious physical harm to the pupil or others.

CONTRACTOR shall keep constant, direct observation of a pupil who is in seclusion, which may be through observation of the pupil through a window, or another barrier, through which the educational provider is able to make direct eye contact with the pupil. This observation shall not be through indirect means, including through a security camera or a closed-circuit television.

CONTRACTOR shall afford pupils who are restrained the least restrictive alternative and the maximum freedom of movement, and shall use the least number of restraint points, while ensuring the physical safety of the pupil and others.

In the case of a child whose behavior impedes the child's learning or that of others, the IEP team shall consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations.

All restraint practices must be reviewed and revised when they have an adverse effect on a student and are used repeatedly for an individual child, either on multiple occasions within the same classroom or multiple uses by the same individual. CONTRACTOR shall notify the student's parent/guardian when any type of physical or mechanical restraint or seclusion has been used. Upon the use of any type of physical or mechanical restraint or seclusions of an LEA student, CONTRACTOR shall complete a BER per the reporting and notification requirements listed above.

31. STUDENT DISCIPLINE

CONTRACTOR shall maintain and abide by a written policy for student discipline that is consistent with state and federal law and regulations. Using forms developed by the California Department of Education or as otherwise mutually agreed upon by CONTRACTOR and LEA, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Codes 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code Sections 48900 and 48915.

When CONTRACTOR seeks to remove a student from his/her current educational placement for disciplinary reasons, CONTRACTOR shall immediately submit a written discipline report to the LEA. Written discipline reports shall include, but not be limited to: the student's name; the time, date, and description of the misconduct; the disciplinary action taken by CONTRACTOR; and the rationale for such disciplinary action. A copy of the student's behavior plan, if any, shall be submitted with the written discipline report. CONTRACTOR and LEA agree to participate in a manifestation determination at an IEP meeting no later than the tenth (10^{th}) day of suspension

32. IEP TEAM MEETINGS

An IEP team meeting shall be convened at least annually to evaluate: (1) the educational progress of each student placed with CONTRACTOR, including all state assessment results pursuant to the requirements of Education Code section 52052; (2) whether or not the needs of the student continue to be best met at the NPS; and (3) whether changes to the student's IEP are necessary, including whether the student may be transitioned to a public school setting. (California Education Code sections 56366 (a) (2) (B) (i) and (ii)) and pursuant to California Education Code section 56345 (b) (4).)

If the LEA student is to be transferred from a NPS setting into a regular class setting in a public school for any part of the school day, the IEP team shall document a description of activities provided to integrate the student into the regular education program, including the nature of each activity as well as the time spent on the activity each day or week and a description of the activities provided to support the transition of the student from the special education program into the regular education program. Each student shall be allowed to provide confidential input to any representative of the individual IEP team. Except as otherwise provided in the Master Contract, CONTRACTOR and LEA shall participate in all IEP team meetings regarding students for whom ISAs have been or may be executed. At any time during the term of this Master Contract, the parent, the CONTRACTOR or the LEA may request a review of the student's IEP, subject to all procedural safeguards required by law, including reasonable notice given to, and participation of, the CONTRACTOR in the meeting. Every effort shall be made to schedule IEP team meetings at a time and place that is mutually convenient to parent, CONTRACTOR and LEA. CONTRACTOR shall provide to LEA assessments and written assessment reports by service providers upon request and/or pursuant to LEA policy and procedures. It is understood that attendance at an IEP meeting is part of CONTRACTOR'S professional responsibility and is not a billable service under this Master Contract.

It is understood that the CONTRACTOR shall utilize the approved electronic IEP system of the LEA for all IEP planning and progress reporting at the LEA's discretion. The LEA or SELPA may provide training for any CONTRACTOR to ensure access to the approved system. The CONTRACTOR shall maintain confidentiality of all IEP data on the approved system and shall protect the password requirements of the system. When a student dis-enrolls from the NPS/NPA, the NPS/NPA and LEA shall discontinue use of the approved system for that student.

Changes in any student's educational program, including instruction, services, or instructional setting provided under this Master Contract, may only be made on the basis of revisions to the student's IEP. In the event that the CONTRACTOR believes the student requires a change of placement, the CONTRACTOR may request a review of the student's IEP for the purposes of consideration of a change in the student's placement. Student is entitled to remain in the last agreed upon and implemented placement unless parent agrees otherwise or an Interim Alternative Educational Setting is deemed lawful and appropriate by LEA or OAH consistent with Section 1415 (k)(1)(7) of Title 20 of the United States Code.

If CONTRACTOR is an NPS, CONTRACTOR shall ensure private and confidential communication, including telecommunication, between a pupil of the NPS and members of the pupil's IEP team and the CDE's Constituent Services Office, at the pupil's discretion.

33. SURROGATE PARENTS AND FOSTER YOUTH

CONTRACTOR shall recognize an LEA appointed surrogate parent assignments for students without parental representation, including unaccompanied homeless youths, in special education procedures pursuant to California Government Code Section 7579.5. Surrogate parents shall serve as the child's parent and have all the rights relative to the student's education that a parent has under the Individuals with Disabilities Education Act pursuant to *20 USC 1414-1482 and 34 CFR 300.1-300.756.* A pupil in foster care shall be defined pursuant to California Education Code section 42238.01(b). The LEA shall annually notify the CONTRACTOR who the LEA has designated as the educational liaison for foster children. When a pupil in foster care is enrolled in a NPS by the LEA any time after the completion of the pupil's second year of high school, the CONTRACTOR shall schedule the pupil in courses leading

towards graduation based on the diploma requirements of the LEA unless provided notice otherwise in writing pursuant to Section 51225.1.

34. DUE PROCESS PROCEEDINGS

CONTRACTOR shall fully participate in special education due process proceedings including mediations and hearings, as requested by LEA. Participation further includes the willingness to make CONTRACTOR's staff available for witness preparation and testimony as is necessary to facilitate a due process hearing. CONTRACTOR shall also fully participate in the investigation and provision of documentation related to any complaint filed with the State of California, the Office of Civil Rights, or any other state and/or federal governmental body or agency. Full participation shall include, but in no way be limited to, cooperating with LEA representatives to provide complete answers raised by any investigator and/or the immediate provision of any and all documentation that pertains to the operation of CONTRACTOR's program and/or the implementation of a particular student's IEP/Individual and Family Service Plan ("IFSP").

35. COMPLAINT PROCEDURES

CONTRACTOR shall maintain and adhere to its own written procedures for responding to parent complaints. These procedures shall include annually notifying and providing parents of students with appropriate information (including complaint forms) for the following: (1) Uniform Complaint Procedures pursuant to Title 5 of the California Code of Regulations section 4600 *et seq*.; (2) Nondiscrimination policy pursuant to Title 5 of the California Code of Regulations section 4960 (a); (3) Sexual Harassment Policy, California Education Code 231.5 (a) (b) (c); (4) Title IX Student Grievance Procedure, Title IX 106.8 (a) (d) and 106.9 (a); and (5) Notice of Privacy Practices in compliance with Health Insurance Portability and Accountability Act ("HIPAA"). CONTRACTOR shall include verification of these procedures to the LEA. CONTRACTOR shall immediately notify LEA of any complaints filed against it related to LEA students and provide LEA with all documentation related to the complaints and/or its investigation of complaints, including any and all reports generated as a result of an investigation.

36. STUDENT PROGRESS REPORTS/REPORT CARDS AND ASSESSMENTS

Unless LEA requests in writing that progress reports be provided on a monthly basis, CONTRACTOR shall provide to LEA at least two (2) written progress reports/report cards annually, two (2) weeks prior to the end of each semester. At a minimum, progress reports shall include progress over time towards IEP goals and objectives. A copy of the progress reports/report cards shall be maintained at the CONTRACTOR's place of business and shall be submitted to the LEA two (2) weeks prior to the end of each semester, in accordance with the LEA's procedures and school calendar.

The CONTRACTOR shall also provide an LEA representative access to supporting documentation used to determine progress on any goal or objective, including but not limited to log sheets, observation notes, data sheets, pre/post tests, rubrics and other similar data collection used to determine progress or lack of progress on approved goals, objectives, transition plans or behavior intervention plans. The LEA may request such data at any time within five (5) years of the date of service. The CONTRACTOR shall provide this data supporting progress within five (5) business days of request. Additional time may be granted as needed by the LEA.

CONTRACTOR shall complete academic or other evaluations of the student ten (10) days prior to the student's annual or triennial review IEP team meeting for the purpose of reporting the student's present levels of performance at the IEP team meeting as required by state and federal laws and regulations and pursuant to LEA policies, procedures, and/or practices. CONTRACTOR shall provide sufficient copies of its reports, documents, and projected goals to share with members of the IEP team five (5) business days prior to the IEP meeting. CONTRACTOR shall maintain supporting documentation such as test protocols and data collection, which shall be made available to LEA within five (5) business days of request.

The CONTRACTOR is responsible for all evaluation costs regarding the updating of goals and objectives, progress reporting and development of present levels of performance. All assessments resulting from an assessment plan shall be provided by the LEA unless the LEA specifies in writing a request that CONTRACTOR perform such additional assessment. Any assessment and/or evaluation costs may be added to the ISA and/or approved separately by the LEA at the LEA's sole discretion.

It is understood that all billable hours must be in direct services to pupils as specified in the ISA. For NPA services, supervision provided by a qualified individual as specified in Title 5 Regulation, subsection 3065, shall be determined as appropriate and included in the ISA. Supervision means the direct observation of services, data review, case conferencing and program design consistent with professional standards for each professional's license, certification, or credential.

CONTRACTOR shall not charge the student's parent(s) or LEA for the provision of progress reports, report cards, evaluations conducted in order to obtain present levels of performance, interviews, and/or meetings. It is understood that all billable hours have limits to those specified on the ISA consistent with the IEP. It is understood that copies of data collection notes, forms, charts and other such data are part of the pupil's record and shall be made available to the LEA upon written request.

37. GRADES, HIGH SCHOOL COURSE CREDITS, & TRANSCRIPTS

When CONTRACTOR is a NPS, CONTRACTOR is responsible for assigning grades for any course of instruction taught at the NPS. The grades determined by the pupil's teacher, in the absence of clerical or mechanical mistake, fraud, bad faith, or incompetency, shall be final and consistent with the provisions specified in EC Section 49066. The grades each pupil receives in all courses of instruction taught by the NPS shall be reported to the parents and the LEA on a quarterly basis. Consistent with the LEA, should it become evident to the NPS the pupil is in danger of failing a course, the CONTRACTOR must initiate a parent conference, and the LEA representative must be in attendance.

When CONTRACTOR serves students in grades nine (9) through twelve (12) inclusive, LEA shall provide to CONTRACTOR a specific list of the course requirements to be satisfied by the CONTRACTOR leading toward graduation or completion of LEA's diploma requirements. CONTRACTOR shall not recommend awarding a high school diploma to students who have not successfully completed all of the LEA's graduation requirements.

Pupils enrolled in high school during the 2020-2021 academic year may request a Pass or No Pass grade as permitted in EC Section 49066.5, which may be reflected on the student's transcript and shall not negatively affect the pupil's grade point average.

CONTRACTOR shall prepare transcripts at the close of each semester, or upon student transfer, for students in grades nine (9) through twelve (12) inclusive, and submit them on LEA approved forms to the student's school of residence for evaluation of progress toward completion of diploma requirements as specified in LEA Procedures. CONTRACTOR shall submit to the LEA names of students and their schools of residence for whom transcripts have been submitted as specified by the LEA.

INDIVIDUAL TRANSITION PLANNING – AB 438, Approved on September 28, 2024

Effective July 1, 2025, if determined appropriate by the pupil's IEP team, beginning when the pupil starts their high school experience and not later than when the pupil is 16 years of age or younger, as appropriate, and annually thereafter, a statement of needed transition services shall be included in the pupil's individualized education program. If the individualized education program team determines that the pupil would benefit from the postponement of the inclusion of appropriate measurable postsecondary goals and transition services until 16 years of age, rather than when the pupil begins their high school experience, the individualized education program team shall appropriately justify the basis for that postponement. (EC section 56043(h).)

38. STUDENT CHANGE OF RESIDENCE

Within five (5) school days from the date CONTRACTOR becomes aware of a student's change of residence, CONTRACTOR shall notify LEA, in writing, of the student's change of residence. Upon enrollment, CONTRACTOR shall notify parents in writing of their obligation to notify CONTRACTOR of the student's change of residence. CONTRACTOR shall maintain, and provide upon request by LEA, documentation of such notice to parents.

If CONTRACTOR had knowledge or should reasonably have had knowledge of the student's change of residence boundaries and CONTRACTOR fails to follow the procedures specified in this provision, LEA shall not be responsible for the costs of services delivered following the student's change of residence.

39. WITHDRAWAL OF STUDENT FROM PROGRAM

CONTRACTOR shall immediately report electronically and in writing to the LEA within five (5) business days when an LEA student is withdrawn without prior notice from school and/or services, including student's change of residence to a residence outside of LEA service boundaries, and parent/guardian withdrawal of student against professional advice from a NPS/RTC.

40. PARENT ACCESS

CONTRACTOR shall provide for reasonable parental access to students and all facilities including, but not limited to, the instructional setting, recreational activity areas, meeting rooms and student living quarters, when applicable. CONTRACTOR shall comply with any known court orders regarding parental visits and access to LEA students.

CONTRACTOR operating programs associated with a NPS/RTC shall cooperate with a parent's reasonable request for LEA student therapeutic visits in their home or at the NPS/RTC. CONTRACTOR shall require that parents obtain prior written authorization for therapeutic visits from the CONTRACTOR and the LEA at least thirty (30) days in advance. When requested, CONTRACTOR shall facilitate all parent travel and accommodations and for providing travel information to the parent as appropriate. Payment by LEA for approved travel-related expenses shall be made directly through the LEA consistent with LEA Procedures.

CONTRACTOR providing services in the student's home as specified in the IEP shall ensure that at least one parent of the child, or an adult caregiver with written and signed authorization to make decisions in an emergency, is present. The names of any adult caregiver other than the parent shall be provided to the LEA prior to the start of any home based services, including written and signed authorization in emergency situations. The parent shall inform the LEA of any changes of caregivers and provide written authorization for emergencies. The adult caregiver cannot also be an employee or volunteer associated with the NPS/NPA service provider.

All problems and/or concerns, both verbal and written, reported to pupil's parents shall also be provided, in writing, to the LEA.

41. LICENSED CHILDREN'S INSTITUTION ("LCI") CONTRACTORS AND RESIDENTIAL TREATMENT CENTER ("RTC") CONTRACTORS

If CONTRACTOR is a LCI, CONTRACTOR shall adhere to all legal requirements regarding educational placements for LCI students as stated in Education Code 56366 (a) (2) (C), 56366.9 (c) (1), Health and Safety Code section 1501.1 and any other applicable laws and/or regulations, including LEA guidelines or procedures. An LCI shall not require that a pupil be placed in its NPS as a condition of being placed in its residential facility.

If CONTRACTOR is a NPS/RTC, CONTRACTOR shall adhere to all legal requirements under the Individuals with Disabilities Education Act (IDEA), 20 U.S.C. section 1400 et seq. including the federal regulations 34 C.F.R section 300 et seq. and Education Code section 56000 et seq. including Title 5 of the

California Code of Regulations section 3000 et seq. CONTRACTOR shall comply with all monitoring requirements set forth in Section 43 below.

If CONTRACTOR is a NPS that is owned, operated by, or associated with a LCI, CONTRACTOR shall provide to LEA, on a quarterly basis, a list of all students, including those identified as eligible for special education. For those identified as special education students, the list shall include: 1) special education eligibility at the time of enrollment and; 2) the educational placement and services specified in each student's IEP at the time of enrollment. A copy of the current IEP shall be provided to the LEA.

Unless placement is made pursuant to an Office of Administrative Hearings order or a lawfully executed agreement between LEA and parent, LEA is not responsible for the costs associated with NPS placement until the date on which an IEP team meeting is convened, the IEP team determines that a NPS placement is appropriate, and the IEP is signed by the student's parent or another adult with educational decision-making rights.

In addition to meeting the certification requirements of the State of California, a CONTRACTOR that operates a program outside of this State shall be certified or licensed by that state to provide, respectively, special education and related services and designated instruction and related services to pupils under the federal IDEA (20 U.S.C. Sec. 1400 et seq.); shall be certified or licensed by the state to provide nonmedical care, clinical services, or short-term residential therapeutic programs, as applicable to the facility type; and shall submit to all monitoring requirements specific to out-of-state NPS contractors set forth in Education Code 56366.1 and Section 43 below

42. STATE MEAL MANDATE

When CONTRACTOR is a NPS, CONTRACTOR and LEA shall satisfy the State Meal Mandate under California Education Code sections 49005 et seq.; 49501.5, the universal meal mandate; 49530 et seq; and 49550 et seq.

LEA, at its sole discretion, may elect to directly provide meals to CONTRACTOR for distribution to LEA students at the nonpublic school on its own or by another local school district.

CONTRACTOR acknowledges that the LEA does not receive any state or federal reimbursement for any meals CONTRACTOR provides to LEA students and that CONTRACTOR is only eligible to receive direct reimbursement if it is an approved site under the National School Lunch Program.

In the event the LEA requests CONTRACTOR to provide meals to LEA students, CONTRACTOR will provide breakfast and lunch to LEA students in compliance with the meal pattern requirements under the School Breakfast Program and National School Lunch Program nutritional standards. LEA shall reimburse CONTRACTOR for each meal made available at a mutually agreed upon rate. In the event CONTRACTOR is unable to provide meals, the LEA and CONTRACTOR will work collaboratively to find a solution. In the event CDE determines that meals do not need to be provided, this paragraph shall not apply.

CONTRACTOR shall maintain all documentation of meals provided to LEA students. CONTRACTOR shall comply with record keeping requirements under the School Breakfast Program and National School Lunch Program or LEA template. Upon request, CONTRACTOR shall provide copies of any such records to LEA. CONTRACTOR shall also allow LEA to conduct site monitoring visits as deemed necessary by the LEA.

If CONTRACTOR uses a third-party vendor to provide meals, CONTRACTOR will assure that the third-party vendor agrees to comply with all meal pattern requirements of the School Breakfast Program and National School Lunch Program nutritional standards. Upon request, CONTRACTOR shall provide LEA with any contracts it has with third-party vendors providing meals for students.

43. MONITORING

The State Superintendent of Public Instruction ("Superintendent"), through the delegated monitoring activities to the California Department of Education (CDE), shall monitor CONTRACTOR'S facilities, the educational environment, and the quality of the educational program, including the teaching staff, the credentials authorizing service, the standards-based core curriculum being employed, and the standard focused instructional materials used on a three-year cycle, as follows: (1) CONTRACTOR shall complete a self-review in year one; (2) the Superintendent shall conduct an onsite review in year two; and (3) the Superintendent shall conduct a follow-up visit in year three.

CONTRACTOR shall participate in any LEA or CDE compliance review, if applicable, to be conducted as aligned with the CDE Onsite Review and monitoring cycle in accordance with California Education Code section 56366.1(j) and (k) as applicable. This review will address programmatic aspects of the NPS, compliance with relevant state and federal regulations, and Master Contract compliance, as well as pupil perceptions, progress, and concerns, as required by law. CONTRACTOR shall conduct any follow-up or corrective action procedures related to review findings.

If CONTRACTOR is also an LCI and/or NPS/RTC, the CDE shall annually evaluate whether CONTRACTOR is in compliance with Education Code section 56366.9 and Health and Safety Code section 1501.1(b).

The LEA or SELPA shall conduct an onsite visit to the NPS before placement of a pupil if the LEA does not have any pupils enrolled at the school at the time of placement.

The LEA or SELPA shall conduct at least one onsite monitoring visit during each school year to the CONTRACTOR site certified as an NPS where the LEA has placed a pupil and entered into a master contract. The monitoring visit shall include, but is not limited to, a review of services specified on the ISA and provided to the pupil, a review of progress the pupil is making toward the goals set forth in the pupil's IEP, a review of progress the pupil is making toward the goals set forth in the pupil's behavioral intervention plan, if applicable, an observation of the pupil during instruction, a walkthrough of the facility, and, for a pupil placed in an NPS located outside of California, an in-person interview with the pupil, in a manner consistent with the pupil's IEP, to evaluate the pupil's health and safety. All records shall be provided to LEA within five (5) working days of a written request from LEA. CONTRACTOR shall, at no cost to LEA, provide assistance for such examination or audit. LEA's rights under this section shall also include access to CONTRACTOR's offices for purposes of interviewing CONTRACTOR's employees. If any document or evidence is stored in an electronic form, a hard copy shall be made available to the LEA, unless the LEA agrees to the use of the electronic format.

CONTRACTOR shall obtain from its subcontractors and suppliers written agreements to the requirements of this section and shall provide a copy of such agreements to LEA upon request by LEA.

If an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm determines that CONTRACTOR owes LEA monies as a result of CONTRACTOR's over billing or failure to perform, in whole or in part, any of its obligations under this Master Contract, LEA shall provide to CONTRACTOR written notice demanding payment from CONTRACTOR and specifying the basis or bases for such demand. Unless CONTRACTOR and LEA otherwise agree in writing, CONTRACTOR shall pay to LEA the full amount owed as a result of CONTRACTOR's over billing and/or failure to perform, in whole or in part, any of its obligations under this Master Contract, as determined by an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm. CONTRACTOR shall make such payment to LEA within thirty (30) days of receipt of LEA's written notice demanding payment.

62. RATE SCHEDULE

The attached rate schedule (Exhibit A) limits the number of students that may be enrolled and maximum dollar amount of the contract. It may also limit the maximum number of students that can be provided specific services. Per Diem rates for students whose IEPs authorize less than a full instructional day may be adjusted proportionally. In such cases only, the adjustments in basic education rate shall be based on the required minimum number of minutes per grade level as set forth in paragraph 23, above, and in California Education Code Section 46200-46208.

Special education and/or related services offered by CONTRACTOR shall be provided by qualified personnel as per State and Federal law, and the codes and charges for such educational and/or related services during the term of this contract, shall be as stated in Exhibit A.

63. DEBARMENT CERTIFICATION

By signing this agreement, the CONTRACTOR certifies that:

(a) The CONTRACTOR and any of its shareholders, partners, or executive officers are <u>not</u> presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency, and

(b) Have not, within a three-year period preceding this contract, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, or receiving stolen property; and are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses.

64. PAYMENT FOR ROOM AND BOARD

When CONTRACTOR is an NPS associated with an RTC (NPS/RTC), CONTRACTOR shall be eligible for Room and Board payments on dates that the student was actually in attendance and received Room and Board services, payable for up to a maximum of 365 billable days or 366 days during a leap year, which may include a maximum of ten (10) days per Contract year when the student's bed is unoccupied due to home visits of a therapeutic nature, unless otherwise mutually agreed upon by CONTRACTOR and LEA. Any payment for additional days in special circumstances, such as a student's hospitalization or extended home visits exceeding ten (10) days in a Contract year, requires prior written approval from both the LEA and the CONTRACTOR.

The parties hereto have executed this Contract by and through their duly authorized agents or representatives. This contract is effective on the **24th day of August, 2026** and terminates at 5:00 P.M. on June 30, 2027, unless sooner terminated as provided herein.

LOCAL EDUCATION AGENCY: California Online Public Schools

NONPUBLIC SCHOOL/AGENCY/RELATED SERVICES PROVIDER:

Partners in Special Education, Inc.

NONPUBLIC, NONSECTARIAN SCHOOL/AGENCY SERVICES MASTER CONTRACT

GENERAL PROVISIONS

1. MASTER CONTRACT

This Master Contract (or "Contract") is entered into on **September 8, 2026**, between **California Online Public Schools which includes California Online Public Schools Central Coast, California Online Public Schools Central Valley, California Online Public Schools Monterey Bay, California Online Public Schools North Bay, California Online Public Schools Northern California, and California Online Public Schools Southern California**, hereinafter referred to as the local educational agency ("LEA"), a member of the **El Dorado** SELPA and Partners in Special Education, Inc. (nonpublic, nonsectarian school or agency), hereinafter referred to as NPS/A or "CONTRACTOR" for the purpose of providing special education and/or related services to students with exceptional needs under the authorization of California Education Code sections 56157, 56361 and 56365 *et seq*. and Title 5 of the California Code of Regulations section 3000 *et seq*., AB 490 (Chapter 862, Statutes of 2003) and AB 1858 (Chapter 914, Statutes of 2004). It is understood that this agreement does not commit the LEA to pay for special education and/or related services provided to any student, or CONTRACTOR to provide such special education and/or related services, unless and until an authorized LEA representative approves the provision of special education and/or related services by CONTRACTOR.

Upon acceptance of a student, LEA shall submit to CONTRACTOR an Individual Service Agreement (hereinafter referred to as "ISA"). Unless otherwise agreed in writing, these forms shall acknowledge CONTRACTOR's obligation to provide all relevant services specified in the student's Individualized Education Program (hereinafter referred to as "IEP"). The ISA shall be executed within ninety (90) days of a student's enrollment. LEA and CONTRACTOR shall enter into an ISA for each student served by CONTRACTOR. As available and appropriate, the LEA shall make available access to any electronic IEP system and/or electronic database for the development of the ISA and invoices.

Unless placement and/or services is made pursuant to an Office of Administrative Hearings (hereinafter referred to as "OAH") order, a lawfully executed settlement agreement between LEA and parent or authorized by LEA for a transfer student pursuant to California Education Code section 56325, LEA is not responsible for the costs associated with NPS placement or NPS/A services until the date on which an IEP team meeting is convened, the IEP team determines that a NPS placement is appropriate, and the IEP is signed by the student's parent.

2. CERTIFICATION AND LICENSES

CONTRACTOR shall be certified by the California Department of Education (hereinafter referred to as "CDE") as a NPS/A. All NPS/A services shall be provided consistent with the area of certification and licensure specified by CDE Certification and as defined in California Education Code, section 56366 et seq

and within the professional scope of practice of each provider's license, certification, and/or credential. A current copy of CONTRACTOR's NPS/A certification or a waiver of such certification issued by the CDE pursuant to Education Code section 56366.2 must be provided to LEA on or before the date this Agreement is executed by CONTRACTOR. This Master Contract shall be null and void if such certification or waiver is expired, revoked, rescinded, or otherwise nullified during the effective period of this Master Contract.

Total student enrollment shall be limited to capacity as stated on CDE certification and in Section 24 of the Master Contract.

In addition to meeting the certification requirements of the State of California, a CONTRACTOR that operates a program outside of this State shall be certified and all staff persons providing services to pupils shall be certified and/or licensed by that state to provide, respectively, special education and related services and designated instruction and related services to pupils under the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.).

If CONTRACTOR is a licensed children's institution (hereinafter referred to as "LCI"), CONTRACTOR shall be licensed by the state, or other public agency having delegated authority by contract with the state to license, to provide nonmedical care room and board to children, including, but not limited to, individuals with exceptional needs. The LCI must also comply with all licensing requirements relevant to the protection of the child, and have a special permit, if necessary, to meet the needs of each child so placed. If the CONTRACTOR operates a program outside of this State, CONTRACTOR must obtain all required licenses from the appropriate licensing agency in both California and in the state where the LCI is located.

With respect to CONTRACTOR's certification, failure to notify the LEA and CDE in writing of any changes in: (1) credentialed/licensed staff; (2) ownership; (3) management and/or control of the agency; (4) major modification or relocation of facilities; or (5) significant modification of the program may result in the suspension or revocation of CDE certification and/or suspension or termination of this Master Contract by the LEA.

3. COMPLIANCE WITH LAWS, STATUTES, REGULATIONS

During the term of this Master Contract, unless otherwise agreed, CONTRACTOR shall comply with all applicable federal, state, and local statutes, laws, ordinances, rules, policies and regulations. CONTRACTOR shall also comply with all applicable LEA policies and procedures unless, taking into consideration all of the surrounding facts and circumstances, a policy or policies or a portion of a policy does not reasonably apply to CONTRACTOR. CONTRACTOR hereby acknowledges and agrees that it accepts all risks and responsibilities for its failure to comply with LEA policies and shall indemnify LEA under the provisions of Section 16 of this Agreement for all liability, loss, damage and expense (including reasonable attorneys' fees) resulting from or arising out of CONTRACTOR's failure to comply with applicable LEA policies (e.g., those policies relating to; the provision of special education and/or related services, facilities for individuals with exceptional needs, student enrollment and transfer, student inactive status, corporal punishment, student discipline, and positive behavior interventions).

CONTRACTOR acknowledges and understands that LEA may report to the CDE any violations of the provisions of this Master Contract; and that this may result in the suspension and/or revocation of CDE nonpublic school/agency certification pursuant to California Education Code section 56366.4(a).

4. TERM OF MASTER CONTRACT

The term of this Master Contract shall be from July 1, 2026 to June 30, 2027 (Title 5 California Code of Regulations section 3062(a)) unless otherwise stated. Neither the CONTRACTOR nor the LEA is required to renew this Master Contract in subsequent contract years. The parties acknowledge that any subsequent Master Contract is to be re-negotiated prior to June 30, 2027 (Title 5 California Code of Regulations section 3062(d)). In the event the contract negotiations are not agreed to by June 30th, the most recently executed

Master Contract will remain in effect for 90 days (Education Code 56366(c)(1)). If, after 60 days the Master Contract or individual services agreement has not been finalized, as prescribed in paragraph (1) of subdivision (a), either party may appeal to the county superintendent of schools, if the county superintendent of schools is not participating in the local plan involved in the nonpublic, nonsectarian school or agency contract; or the Superintendent, if the county superintendent of schools is participating in the local plan involved in the contract, to negotiate the contract. Within 30 days of receipt of this appeal, the county superintendent of schools or the Superintendent, or the individual designee, shall mediate the formulation of a contract, which shall be binding upon both parties (Education Code 56366 (c) (2)). No Master Contract will be offered unless and until all of the contracting requirements have been satisfied. The offer of a Master Contract to a CONTRACTOR is at the sole discretion of the LEA.

The provisions of this Master Contract apply to CONTRACTOR and any of its employees or independent contractors. Notice of any change in CONTRACTOR's ownership or authorized representative shall be provided in writing to LEA within thirty (30) calendar days of change of ownership or change of authorized representative.

5. INTEGRATION/CONTINUANCE OF CONTRACT FOLLOWING EXPIRATION OR TERMINATION

This Master Contract includes each ISA and they are incorporated herein by this reference. This Master Contract supersedes any prior or contemporaneous written or oral understanding or agreement. This Master Contract may be amended only by written amendment executed by both parties.

CONTRACTOR shall provide the LEA with information as requested in writing to secure a Master Contract or a renewal.

At a minimum, such information shall include copies of current teacher credentials and clearance, insurance documentation and CDE certification. The LEA may require additional information as applicable. If the application packet is not completed and returned to District, no Master Contract will be issued. If CONTRACTOR does not return the Master Contract to LEA duly signed by an authorized representative within ninety (90) calendar days of issuance by LEA, the new contract rates will not take effect until the newly executed Master Contract is received by LEA and will not be retroactive to the first day of the new Master Contract's effective date. If CONTRACTOR fails to execute the new Master Contract within such ninety-day period, all payments shall cease until such time as the new Master Contract for the current school year is signed and returned to LEA by CONTRACTOR. (California Education Code section 56366(c)(1) and (2)). In the event that this Master Contract expires or terminates, CONTRACTOR shall continue to be bound to all of the terms and conditions of the most recent executed Master Contract between CONTRACTOR and LEA for so long as CONTRACTOR is servicing authorized students at the discretion of the LEA

6. INDIVIDUAL SERVICE AGREEMENT ("ISA")

This Agreement shall include an ISA developed for each student to whom CONTRACTOR is to provide special education and/or related services. An ISA shall only be issued for students enrolled with the approval of the LEA pursuant to Education Code section 56366 (a)(2)(A). An ISA may be effective for more than one contract year provided that there is a concurrent Master Contract in effect. In the event that this Master Contract expires or terminates, CONTRACTOR, shall continue to be bound to all of the terms and conditions of the most recent executed ISAs between CONTRACTOR and LEA for so long as CONTRACTOR is servicing authorized students.

Any and all changes to a student's educational placement/program provided under this Master Contract and/or an ISA shall be made solely on the basis of a revision to the student's IEP or by written agreement between the parent and LEA. At any time during the term of this Master Contract, a student's parent, CONTRACTOR, or LEA may request a review of a student's IEP subject to all procedural safeguards required by law.

Unless otherwise provided in this Master Contract, the CONTRACTOR shall provide all services specified in the IEP unless the CONTRACTOR and the LEA agree otherwise in the ISA. (California Education Code sections 56366(a) (5) and 3062(e)). If the LEA is determined to be a partner, joint venture, co-principal, employer or co-employer of CONTRACTOR, CONTRACTOR shall indemnify and hold harmless the LEA from and against any and all claims for loss, liability, or damages arising from that determination, as well as any expenses, costs, taxes, penalties and interest charges incurred by the LEA as a result of that holding.

Those holidays are Labor Day, Veteran's Day, Thanksgiving Day, Christmas Day, New Year's Day, Martin Luther King Jr. Day, President's Day, Memorial Day, Juneteenth, and Independence Day. With the approval of LEA, CONTRACTOR may revise the date upon which CONTRACTOR closes in observance of any of the holidays observed by the LEA.

When CONTRACTOR is a NPA, CONTRACTOR shall be provided with a LEA-developed/approved calendar prior to the initiation of services. CONTRACTOR herein agrees to observe holidays as specified in the LEA-developed/approved calendar. CONTRACTOR shall provide services pursuant to the LEA-developed/approved calendar; or as specified in the LEA student's IEP and ISA. Unless otherwise specified in the LEA student's ISA, CONTRACTOR shall provide related services to LEA students on only those days that the LEA student's school of attendance is in session and the LEA student attends school. CONTRACTOR shall bill only for services provided on billable days of attendance as indicated on the LEA calendar unless CONTRACTOR and the LEA agree otherwise, in writing. Student must have actually been in attendance and/or received services on a billable day of attendance in order for CONTRACTOR to be eligible for payment. It is specifically understood that services may not be provided on weekends/holidays and other times when school is not in session, unless agreed to by the LEA, in writing, in advance of the delivery of any NPA service provided by CONTRACTOR. Any instructional days provided without this written agreement shall be at the sole financial responsibility of the CONTRACTOR.

26. DATA REPORTING AND TRAINING

CONTRACTOR shall agree to provide to the LEA all data related to student information and billing information with LEA. CONTRACTOR shall agree to provide data related to all sections of this contract, including student discipline as noted below, and requested by and in the format required by the LEA. It is understood that all NPS/A shall utilize the LEA approved electronic IEP system for all IEP development, service tracking documentation, and progress reporting, unless otherwise agreed to by the LEA. Additional progress reporting may be required by the LEA. The LEA shall provide the CONTRACTOR with appropriate user training and proper permissions to allow adequate access.

CONTRACTOR shall complete all LEA-specific trainings, orientations, and onboarding requirements designated by the LEA prior to commencing services. Completion of such trainings does not constitute billable service hours unless otherwise agreed to in writing by the LEA. CONTRACTOR shall complete any and all LEA required trainings prior to beginning work with students. CONTRACTOR shall document all session attendance in the LEA's approved electronic IEP system no later than the conclusion of each workday during which services are provided.

Using forms developed by the CDE or as otherwise mutually agreed upon by CONTRACTOR and LEA, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Code sections 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code sections 48900 and 48915.

The LEA shall provide the CONTRACTOR with approved forms and/or format for such data including, but not limited to, invoicing, attendance reports and progress reports. The LEA may approve use of CONTRACTOR'S provided forms at their discretion.

27. LEAST RESTRICTIVE ENVIRONMENT/DUAL ENROLLMENT

CONTRACTOR and LEA shall follow all LEA policies and procedures that support Least Restrictive Environment ("LRE") options and/or dual enrollment options if available and appropriate, for students to have access to the general curriculum and to be educated with their nondisabled peers to the maximum extent appropriate.

CONTRACTOR and LEA shall ensure that LRE placement options are addressed at all IEP team meetings regarding students for whom ISAs have been or may be executed. This shall include IEP team consideration of supplementary aids and services, goals and objectives necessary for placement in the LRE and necessary to enable students to transition to less restrictive settings.

When an IEP team has determined that a student should be transitioned into the public school setting, CONTRACTOR shall assist the LEA in implementing the IEP team's recommended activities to support the transition.

28. STATEWIDE ACHIEVEMENT TESTING

When CONTRACTOR is a NPS, per implementation of Senate Bill 484, CONTRACTOR shall administer all statewide assessments within the California Assessment of Student Performance and Progress ("CAASPP"), Desired Results Developmental Profile ("DRDP"), California Alternative Assessment ("CAA"), achievement and abilities tests (using LEA-authorized assessment instruments), the Fitness Gram, , the English Language Proficiency Assessments for California ("ELPAC"), the Alternative English Language Proficiency Assessments for California ("Alternative ELPAC"), and as appropriate to the student, and mandated by LEA pursuant to LEA and state and federal guidelines.

CONTRACTOR is subject to the alternative accountability system developed pursuant to Education Code section 52052, in the same manner as public schools. Each LEA student placed with CONTRACTOR by the LEA shall be tested by qualified staff of CONTRACTOR in accordance with that accountability program. LEA shall provide test administration training to CONTRACTOR'S qualified staff. CONTRACTOR shall attend LEA test training and comply with completion of all coding requirements as required by LEA.

29. MANDATED ATTENDANCE AT LEA MEETINGS

CONTRACTOR shall attend District mandated meetings when legal mandates, and/or LEA policy and procedures are reviewed, including but not limited to the areas of: curriculum, high school graduation, standards-based instruction, behavior intervention, cultural and linguistic needs of students with disabilities, dual enrollment responsibilities, LRE responsibilities, transition services, data collection, and standardized testing and IEPs. LEA shall provide CONTRACTOR with reasonable notice of mandated meetings. Attendance at such meetings does not constitute a billable service hour(s).

30. POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORTS

CONTRACTOR shall comply with the requirements of Education Code sections 49000, *et seq.,* 49005, *et seq*., 56521.1 and 56521.2. LEA students who exhibit behaviors that interfere with their learning or the learning of others must receive timely and appropriate assessments and positive supports and interventions in accordance with state and federal law and implementing regulations. If the IEP team determines that a student's behavior impedes the individual learning or the learning of others, the IEP team is required to consider the use of positive behavioral interventions and supports, and other strategies, to address that

behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations. This could mean that instead of developing a Behavior Intervention Plan ("BIP"), the IEP team may conclude it is sufficient to address the student's behavioral problems through the development of behavioral goals and behavioral interventions to support those goals.

CONTRACTOR shall maintain a written policy pursuant to California Education Code section 56521.1 regarding emergency interventions and behavioral emergency reports. CONTRACTOR shall ensure that all of its staff members are trained in crisis intervention, emergency procedures, and evidenced-based practices and interventions specific to the unique behavioral needs of the CONTRACTOR's pupil population. The training shall be provided within 30 days of employment to new staff who have any contact or interaction with pupils during the school day, and annually to all staff who have any contact or interaction with pupils during the school day. The CONTRACTOR shall select and conduct the training in accordance with California Education Code section 56366.1. CONTRACTOR shall maintain written records of the training and provide written verification of the training annually and upon request.

Emergency interventions are those interventions used with a student during the time they present a serious, dangerous behavior that staff has determined to be present a clear and present danger to self or others, which requires a non-violent physical intervention to protect the safety of student, self, or others that cannot be prevented by use of a less restrictive technique. Pursuant to Education Code section 56521.1, emergency interventions shall not be used as a substitute for a BIP, and shall not be employed longer than necessary to contain the behavior. Emergency interventions may only be used to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the individual with exceptional needs, or others, and that cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior. If a situation requires prolonged use of emergency intervention, staff must seek assistance from the school site administrator or a law enforcement agency.

CONTRACTOR shall complete a behavior emergency report when an emergency intervention is used ; or when a physical intervention has not been used, but an injury or serious property damage has occurred. Personal Safety Techniques may or may not have been used. A behavior emergency report form must be completed and submitted to the LEA within twenty-four (24) hours for administrative action. CONTRACTOR shall also notify Parent within twenty-four (24) hours via telephone. If the student's IEP does not contain a BIP, CONTRACTOR shall schedule with LEA an IEP meeting within two (2) days to review the behavior emergency report, determine if there is a necessity for a functional behavioral assessment, and to determine an interim plan. If applicable, the IEP team shall document the reasons for not conducting the functional behavioral assessment, not developing an interim plan, or both. If the student already has a BIP, and the incident involved a previously unseen or new serious behavior, or if preexisting behavioral interventions in the BIP were ineffective, CONTRACTOR shall schedule with LEA an IEP meeting to review and determine the need to modify the BIP.

Pursuant to Education Code section 56521.2, CONTRACTOR shall not authorize, order, consent to, or pay for the following interventions, or any other interventions similar to or like the following:

1. any intervention that is designed to, or likely to, cause physical pain, including, but not limited to, electric-shock;
2. an intervention that involves the release of noxious, toxic, or otherwise unpleasant sprays, mists, or substances in proximity to the face of the individual;
3. an intervention that denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities;
4. an intervention that is designed to subject, used to subject, or likely to subject, the individual to verbal abuse, ridicule, or humiliation, or that can be expected to cause excessive emotional trauma;
5. restrictive interventions that employ a device, material, or objects that simultaneously immobilize all four extremities;
6. prone restraint;
7. locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room;
8. an intervention that precludes adequate supervision of the individual;

9. an intervention that deprives the individual of one or more of the individual's senses.

CONTRACTOR shall comply with Education Code sections 49005.8, 56521.1 and 56521.2. Specifically, Contractor shall not do any of the following:

1. Use seclusion or a behavioral restraint for the purpose of coercion, discipline, convenience, or retaliation.
2. Use locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room.
3. Use a physical restraint technique that obstructs a pupil's respiratory airway or impairs the pupil's breathing or respiratory capacity, including techniques in which a staff member places pressure on a pupil's back or places the staff member's body weight against the pupil's torso or back.
4. Use a behavioral restraint technique that restricts breathing, including, but not limited to, using a pillow, blanket, carpet, mat, or other item to cover a pupil's face.
5. Use prone restraint, including but not limited to prone containment.
6. Use a behavioral restraint for longer than is necessary to contain the behavior that poses a clear and present danger of serious physical harm to the pupil or others.

CONTRACTOR shall keep constant, direct observation of a pupil who is in seclusion, which may be through observation of the pupil through a window, or another barrier, through which the educational provider is able to make direct eye contact with the pupil. This observation shall not be through indirect means, including through a security camera or a closed-circuit television.

CONTRACTOR shall afford pupils who are restrained the least restrictive alternative and the maximum freedom of movement, and shall use the least number of restraint points, while ensuring the physical safety of the pupil and others.

In the case of a child whose behavior impedes the child's learning or that of others, the IEP team shall consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations.

All restraint practices must be reviewed and revised when they have an adverse effect on a student and are used repeatedly for an individual child, either on multiple occasions within the same classroom or multiple uses by the same individual. CONTRACTOR shall notify the student's parent/guardian when any type of physical or mechanical restraint or seclusion has been used. Upon the use of any type of physical or mechanical restraint or seclusions of an LEA student, CONTRACTOR shall complete a BER per the reporting and notification requirements listed above.

31. STUDENT DISCIPLINE

CONTRACTOR shall maintain and abide by a written policy for student discipline that is consistent with state and federal law and regulations. Using forms developed by the California Department of Education or as otherwise mutually agreed upon by CONTRACTOR and LEA, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Codes 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code Sections 48900 and 48915.

When CONTRACTOR seeks to remove a student from his/her current educational placement for disciplinary reasons, CONTRACTOR shall immediately submit a written discipline report to the LEA. Written discipline reports shall include, but not be limited to: the student's name; the time, date, and description of the misconduct; the disciplinary action taken by CONTRACTOR; and the rationale for such disciplinary action. A copy of the student's behavior plan, if any, shall be submitted with the written discipline report. CONTRACTOR and LEA agree to participate in a manifestation determination at an IEP meeting no later than the tenth (10^{th}) day of suspension

32. IEP TEAM MEETINGS

An IEP team meeting shall be convened at least annually to evaluate: (1) the educational progress of each student placed with CONTRACTOR, including all state assessment results pursuant to the requirements of Education Code section 52052; (2) whether or not the needs of the student continue to be best met at the NPS; and (3) whether changes to the student's IEP are necessary, including whether the student may be transitioned to a public school setting. (California Education Code sections 56366 (a) (2) (B) (i) and (ii)) and pursuant to California Education Code section 56345 (b) (4).)

If the LEA student is to be transferred from a NPS setting into a regular class setting in a public school for any part of the school day, the IEP team shall document a description of activities provided to integrate the student into the regular education program, including the nature of each activity as well as the time spent on the activity each day or week and a description of the activities provided to support the transition of the student from the special education program into the regular education program. Each student shall be allowed to provide confidential input to any representative of the individual IEP team. Except as otherwise provided in the Master Contract, CONTRACTOR and LEA shall participate in all IEP team meetings regarding students for whom ISAs have been or may be executed. At any time during the term of this Master Contract, the parent, the CONTRACTOR or the LEA may request a review of the student's IEP, subject to all procedural safeguards required by law, including reasonable notice given to, and participation of, the CONTRACTOR in the meeting. Every effort shall be made to schedule IEP team meetings at a time and place that is mutually convenient to parent, CONTRACTOR and LEA. CONTRACTOR shall provide to LEA assessments and written assessment reports by service providers upon request and/or pursuant to LEA policy and procedures. It is understood that attendance at an IEP meeting is part of CONTRACTOR'S professional responsibility and is not a billable service under this Master Contract.

It is understood that the CONTRACTOR shall utilize the approved electronic IEP system of the LEA for all IEP planning and progress reporting at the LEA's discretion. The LEA or SELPA may provide training for any CONTRACTOR to ensure access to the approved system. The CONTRACTOR shall maintain confidentiality of all IEP data on the approved system and shall protect the password requirements of the system. When a student dis-enrolls from the NPS/NPA, the NPS/NPA and LEA shall discontinue use of the approved system for that student.

Changes in any student's educational program, including instruction, services, or instructional setting provided under this Master Contract, may only be made on the basis of revisions to the student's IEP. In the event that the CONTRACTOR believes the student requires a change of placement, the CONTRACTOR may request a review of the student's IEP for the purposes of consideration of a change in the student's placement. Student is entitled to remain in the last agreed upon and implemented placement unless parent agrees otherwise or an Interim Alternative Educational Setting is deemed lawful and appropriate by LEA or OAH consistent with Section 1415 (k)(1)(7) of Title 20 of the United States Code.

If CONTRACTOR is an NPS, CONTRACTOR shall ensure private and confidential communication, including telecommunication, between a pupil of the NPS and members of the pupil's IEP team and the CDE's Constituent Services Office, at the pupil's discretion.

33. SURROGATE PARENTS AND FOSTER YOUTH

CONTRACTOR shall recognize an LEA appointed surrogate parent assignments for students without parental representation, including unaccompanied homeless youths, in special education procedures pursuant to California Government Code Section 7579.5. Surrogate parents shall serve as the child's parent and have all the rights relative to the student's education that a parent has under the Individuals with Disabilities Education Act pursuant to *20 USC 1414-1482 and 34 CFR 300.1-300.756.* A pupil in foster care shall be defined pursuant to California Education Code section 42238.01(b). The LEA shall annually notify the CONTRACTOR who the LEA has designated as the educational liaison for foster children. When a pupil in foster care is enrolled in a NPS by the LEA any time after the completion of the pupil's second year of high school, the CONTRACTOR shall schedule the pupil in courses leading

towards graduation based on the diploma requirements of the LEA unless provided notice otherwise in writing pursuant to Section 51225.1.

34. DUE PROCESS PROCEEDINGS

CONTRACTOR shall fully participate in special education due process proceedings including mediations and hearings, as requested by LEA. Participation further includes the willingness to make CONTRACTOR's staff available for witness preparation and testimony as is necessary to facilitate a due process hearing. CONTRACTOR shall also fully participate in the investigation and provision of documentation related to any complaint filed with the State of California, the Office of Civil Rights, or any other state and/or federal governmental body or agency. Full participation shall include, but in no way be limited to, cooperating with LEA representatives to provide complete answers raised by any investigator and/or the immediate provision of any and all documentation that pertains to the operation of CONTRACTOR's program and/or the implementation of a particular student's IEP/Individual and Family Service Plan ("IFSP").

35. COMPLAINT PROCEDURES

CONTRACTOR shall maintain and adhere to its own written procedures for responding to parent complaints. These procedures shall include annually notifying and providing parents of students with appropriate information (including complaint forms) for the following: (1) Uniform Complaint Procedures pursuant to Title 5 of the California Code of Regulations section 4600 *et seq*.; (2) Nondiscrimination policy pursuant to Title 5 of the California Code of Regulations section 4960 (a); (3) Sexual Harassment Policy, California Education Code 231.5 (a) (b) (c); (4) Title IX Student Grievance Procedure, Title IX 106.8 (a) (d) and 106.9 (a); and (5) Notice of Privacy Practices in compliance with Health Insurance Portability and Accountability Act ("HIPAA"). CONTRACTOR shall include verification of these procedures to the LEA. CONTRACTOR shall immediately notify LEA of any complaints filed against it related to LEA students and provide LEA with all documentation related to the complaints and/or its investigation of complaints, including any and all reports generated as a result of an investigation.

36. STUDENT PROGRESS REPORTS/REPORT CARDS AND ASSESSMENTS

Unless LEA requests in writing that progress reports be provided on a monthly basis, CONTRACTOR shall provide to LEA at least two (2) written progress reports/report cards annually, two (2) weeks prior to the end of each semester. At a minimum, progress reports shall include progress over time towards IEP goals and objectives. A copy of the progress reports/report cards shall be maintained at the CONTRACTOR's place of business and shall be submitted to the LEA two (2) weeks prior to the end of each semester, in accordance with the LEA's procedures and school calendar.

The CONTRACTOR shall also provide an LEA representative access to supporting documentation used to determine progress on any goal or objective, including but not limited to log sheets, observation notes, data sheets, pre/post tests, rubrics and other similar data collection used to determine progress or lack of progress on approved goals, objectives, transition plans or behavior intervention plans. The LEA may request such data at any time within five (5) years of the date of service. The CONTRACTOR shall provide this data supporting progress within five (5) business days of request. Additional time may be granted as needed by the LEA.

CONTRACTOR shall complete academic or other evaluations of the student ten (10) days prior to the student's annual or triennial review IEP team meeting for the purpose of reporting the student's present levels of performance at the IEP team meeting as required by state and federal laws and regulations and pursuant to LEA policies, procedures, and/or practices. CONTRACTOR shall provide sufficient copies of its reports, documents, and projected goals to share with members of the IEP team five (5) business days prior to the IEP meeting. CONTRACTOR shall maintain supporting documentation such as test protocols and data collection, which shall be made available to LEA within five (5) business days of request.

The CONTRACTOR is responsible for all evaluation costs regarding the updating of goals and objectives, progress reporting and development of present levels of performance. All assessments resulting from an assessment plan shall be provided by the LEA unless the LEA specifies in writing a request that CONTRACTOR perform such additional assessment. Any assessment and/or evaluation costs may be added to the ISA and/or approved separately by the LEA at the LEA's sole discretion.

It is understood that all billable hours must be in direct services to pupils as specified in the ISA. For NPA services, supervision provided by a qualified individual as specified in Title 5 Regulation, subsection 3065, shall be determined as appropriate and included in the ISA. Supervision means the direct observation of services, data review, case conferencing and program design consistent with professional standards for each professional's license, certification, or credential.

CONTRACTOR shall not charge the student's parent(s) or LEA for the provision of progress reports, report cards, evaluations conducted in order to obtain present levels of performance, interviews, and/or meetings. It is understood that all billable hours have limits to those specified on the ISA consistent with the IEP. It is understood that copies of data collection notes, forms, charts and other such data are part of the pupil's record and shall be made available to the LEA upon written request.

37. GRADES, HIGH SCHOOL COURSE CREDITS, & TRANSCRIPTS

When CONTRACTOR is a NPS, CONTRACTOR is responsible for assigning grades for any course of instruction taught at the NPS. The grades determined by the pupil's teacher, in the absence of clerical or mechanical mistake, fraud, bad faith, or incompetency, shall be final and consistent with the provisions specified in EC Section 49066. The grades each pupil receives in all courses of instruction taught by the NPS shall be reported to the parents and the LEA on a quarterly basis. Consistent with the LEA, should it become evident to the NPS the pupil is in danger of failing a course, the CONTRACTOR must initiate a parent conference, and the LEA representative must be in attendance.

When CONTRACTOR serves students in grades nine (9) through twelve (12) inclusive, LEA shall provide to CONTRACTOR a specific list of the course requirements to be satisfied by the CONTRACTOR leading toward graduation or completion of LEA's diploma requirements. CONTRACTOR shall not recommend awarding a high school diploma to students who have not successfully completed all of the LEA's graduation requirements.

Pupils enrolled in high school during the 2020-2021 academic year may request a Pass or No Pass grade as permitted in EC Section 49066.5, which may be reflected on the student's transcript and shall not negatively affect the pupil's grade point average.

CONTRACTOR shall prepare transcripts at the close of each semester, or upon student transfer, for students in grades nine (9) through twelve (12) inclusive, and submit them on LEA approved forms to the student's school of residence for evaluation of progress toward completion of diploma requirements as specified in LEA Procedures. CONTRACTOR shall submit to the LEA names of students and their schools of residence for whom transcripts have been submitted as specified by the LEA.

INDIVIDUAL TRANSITION PLANNING – AB 438, Approved on September 28, 2024

Effective July 1, 2025, if determined appropriate by the pupil's IEP team, beginning when the pupil starts their high school experience and not later than when the pupil is 16 years of age or younger, as appropriate, and annually thereafter, a statement of needed transition services shall be included in the pupil's individualized education program. If the individualized education program team determines that the pupil would benefit from the postponement of the inclusion of appropriate measurable postsecondary goals and transition services until 16 years of age, rather than when the pupil begins their high school experience, the individualized education program team shall appropriately justify the basis for that postponement. (EC section 56043(h).)

38. STUDENT CHANGE OF RESIDENCE

Within five (5) school days from the date CONTRACTOR becomes aware of a student's change of residence, CONTRACTOR shall notify LEA, in writing, of the student's change of residence. Upon enrollment, CONTRACTOR shall notify parents in writing of their obligation to notify CONTRACTOR of the student's change of residence. CONTRACTOR shall maintain, and provide upon request by LEA, documentation of such notice to parents.

If CONTRACTOR had knowledge or should reasonably have had knowledge of the student's change of residence boundaries and CONTRACTOR fails to follow the procedures specified in this provision, LEA shall not be responsible for the costs of services delivered following the student's change of residence.

39. WITHDRAWAL OF STUDENT FROM PROGRAM

CONTRACTOR shall immediately report electronically and in writing to the LEA within five (5) business days when an LEA student is withdrawn without prior notice from school and/or services, including student's change of residence to a residence outside of LEA service boundaries, and parent/guardian withdrawal of student against professional advice from a NPS/RTC.

40. PARENT ACCESS

CONTRACTOR shall provide for reasonable parental access to students and all facilities including, but not limited to, the instructional setting, recreational activity areas, meeting rooms and student living quarters, when applicable. CONTRACTOR shall comply with any known court orders regarding parental visits and access to LEA students.

CONTRACTOR operating programs associated with a NPS/RTC shall cooperate with a parent's reasonable request for LEA student therapeutic visits in their home or at the NPS/RTC. CONTRACTOR shall require that parents obtain prior written authorization for therapeutic visits from the CONTRACTOR and the LEA at least thirty (30) days in advance. When requested, CONTRACTOR shall facilitate all parent travel and accommodations and for providing travel information to the parent as appropriate. Payment by LEA for approved travel-related expenses shall be made directly through the LEA consistent with LEA Procedures.

CONTRACTOR providing services in the student's home as specified in the IEP shall ensure that at least one parent of the child, or an adult caregiver with written and signed authorization to make decisions in an emergency, is present. The names of any adult caregiver other than the parent shall be provided to the LEA prior to the start of any home based services, including written and signed authorization in emergency situations. The parent shall inform the LEA of any changes of caregivers and provide written authorization for emergencies. The adult caregiver cannot also be an employee or volunteer associated with the NPS/NPA service provider.

All problems and/or concerns, both verbal and written, reported to pupil's parents shall also be provided, in writing, to the LEA.

41. LICENSED CHILDREN'S INSTITUTION ("LCI") CONTRACTORS AND RESIDENTIAL TREATMENT CENTER ("RTC") CONTRACTORS

If CONTRACTOR is a LCI, CONTRACTOR shall adhere to all legal requirements regarding educational placements for LCI students as stated in Education Code 56366 (a) (2) (C), 56366.9 (c) (1), Health and Safety Code section 1501.1 and any other applicable laws and/or regulations, including LEA guidelines or procedures. An LCI shall not require that a pupil be placed in its NPS as a condition of being placed in its residential facility.

If CONTRACTOR is a NPS/RTC, CONTRACTOR shall adhere to all legal requirements under the Individuals with Disabilities Education Act (IDEA), 20 U.S.C. section 1400 et seq. including the federal regulations 34 C.F.R section 300 et seq. and Education Code section 56000 et seq. including Title 5 of the

California Code of Regulations section 3000 et seq. CONTRACTOR shall comply with all monitoring requirements set forth in Section 43 below.

If CONTRACTOR is a NPS that is owned, operated by, or associated with a LCI, CONTRACTOR shall provide to LEA, on a quarterly basis, a list of all students, including those identified as eligible for special education. For those identified as special education students, the list shall include: 1) special education eligibility at the time of enrollment and; 2) the educational placement and services specified in each student's IEP at the time of enrollment. A copy of the current IEP shall be provided to the LEA.

Unless placement is made pursuant to an Office of Administrative Hearings order or a lawfully executed agreement between LEA and parent, LEA is not responsible for the costs associated with NPS placement until the date on which an IEP team meeting is convened, the IEP team determines that a NPS placement is appropriate, and the IEP is signed by the student's parent or another adult with educational decision-making rights.

In addition to meeting the certification requirements of the State of California, a CONTRACTOR that operates a program outside of this State shall be certified or licensed by that state to provide, respectively, special education and related services and designated instruction and related services to pupils under the federal IDEA (20 U.S.C. Sec. 1400 et seq.); shall be certified or licensed by the state to provide nonmedical care, clinical services, or short-term residential therapeutic programs, as applicable to the facility type; and shall submit to all monitoring requirements specific to out-of-state NPS contractors set forth in Education Code 56366.1 and Section 43 below

42. STATE MEAL MANDATE

When CONTRACTOR is a NPS, CONTRACTOR and LEA shall satisfy the State Meal Mandate under California Education Code sections 49005 et seq.; 49501.5, the universal meal mandate; 49530 et seq; and 49550 et seq.

LEA, at its sole discretion, may elect to directly provide meals to CONTRACTOR for distribution to LEA students at the nonpublic school on its own or by another local school district.

CONTRACTOR acknowledges that the LEA does not receive any state or federal reimbursement for any meals CONTRACTOR provides to LEA students and that CONTRACTOR is only eligible to receive direct reimbursement if it is an approved site under the National School Lunch Program.

In the event the LEA requests CONTRACTOR to provide meals to LEA students, CONTRACTOR will provide breakfast and lunch to LEA students in compliance with the meal pattern requirements under the School Breakfast Program and National School Lunch Program nutritional standards. LEA shall reimburse CONTRACTOR for each meal made available at a mutually agreed upon rate. In the event CONTRACTOR is unable to provide meals, the LEA and CONTRACTOR will work collaboratively to find a solution. In the event CDE determines that meals do not need to be provided, this paragraph shall not apply.

CONTRACTOR shall maintain all documentation of meals provided to LEA students. CONTRACTOR shall comply with record keeping requirements under the School Breakfast Program and National School Lunch Program or LEA template. Upon request, CONTRACTOR shall provide copies of any such records to LEA. CONTRACTOR shall also allow LEA to conduct site monitoring visits as deemed necessary by the LEA.

If CONTRACTOR uses a third-party vendor to provide meals, CONTRACTOR will assure that the third-party vendor agrees to comply with all meal pattern requirements of the School Breakfast Program and National School Lunch Program nutritional standards. Upon request, CONTRACTOR shall provide LEA with any contracts it has with third-party vendors providing meals for students.

43. MONITORING

The State Superintendent of Public Instruction ("Superintendent"), through the delegated monitoring activities to the California Department of Education (CDE), shall monitor CONTRACTOR'S facilities, the educational environment, and the quality of the educational program, including the teaching staff, the credentials authorizing service, the standards-based core curriculum being employed, and the standard focused instructional materials used on a three-year cycle, as follows: (1) CONTRACTOR shall complete a self-review in year one; (2) the Superintendent shall conduct an onsite review in year two; and (3) the Superintendent shall conduct a follow-up visit in year three.

CONTRACTOR shall participate in any LEA or CDE compliance review, if applicable, to be conducted as aligned with the CDE Onsite Review and monitoring cycle in accordance with California Education Code section 56366.1(j) and (k) as applicable. This review will address programmatic aspects of the NPS, compliance with relevant state and federal regulations, and Master Contract compliance, as well as pupil perceptions, progress, and concerns, as required by law. CONTRACTOR shall conduct any follow-up or corrective action procedures related to review findings.

If CONTRACTOR is also an LCI and/or NPS/RTC, the CDE shall annually evaluate whether CONTRACTOR is in compliance with Education Code section 56366.9 and Health and Safety Code section 1501.1(b).

The LEA or SELPA shall conduct an onsite visit to the NPS before placement of a pupil if the LEA does not have any pupils enrolled at the school at the time of placement.

The LEA or SELPA shall conduct at least one onsite monitoring visit during each school year to the CONTRACTOR site certified as an NPS where the LEA has placed a pupil and entered into a master contract. CONTRACTOR shall make all records available at the office of LEA or CONTRACTOR's offices (to be specified by LEA) at all reasonable times and without charge. All records shall be provided to LEA within five (5) working days of a written request from LEA. CONTRACTOR shall, at no cost to LEA, provide assistance for such examination or audit. LEA's rights under this section shall also include access to CONTRACTOR's offices for purposes of interviewing CONTRACTOR's employees. If any document or evidence is stored in an electronic form, a hard copy shall be made available to the LEA, unless the LEA agrees to the use of the electronic format.

CONTRACTOR shall obtain from its subcontractors and suppliers written agreements to the requirements of this section and shall provide a copy of such agreements to LEA upon request by LEA.

If an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm determines that CONTRACTOR owes LEA monies as a result of CONTRACTOR's over billing or failure to perform, in whole or in part, any of its obligations under this Master Contract, LEA shall provide to CONTRACTOR written notice demanding payment from CONTRACTOR and specifying the basis or bases for such demand. Unless CONTRACTOR and LEA otherwise agree in writing, CONTRACTOR shall pay to LEA the full amount owed as a result of CONTRACTOR's over billing and/or failure to perform, in whole or in part, any of its obligations under this Master Contract, as determined by an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm. CONTRACTOR shall make such payment to LEA within thirty (30) days of receipt of LEA's written notice demanding payment.

62. RATE SCHEDULE

The attached rate schedule (Exhibit A) limits the number of students that may be enrolled and maximum dollar amount of the contract. It may also limit the maximum number of students that can be provided specific services. Per Diem rates for students whose IEPs authorize less than a full instructional day may be adjusted proportionally. In such cases only, the adjustments in basic education rate shall be based on the required minimum number of minutes per grade level as set forth in paragraph 23, above, and in California Education Code Section 46200-46208.

Special education and/or related services offered by CONTRACTOR shall be provided by qualified personnel as per State and Federal law, and the codes and charges for such educational and/or related services during the term of this contract, shall be as stated in Exhibit A.

63. DEBARMENT CERTIFICATION

By signing this agreement, the CONTRACTOR certifies that:

(a) The CONTRACTOR and any of its shareholders, partners, or executive officers are <u>not</u> presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency, and

(b) Have not, within a three-year period preceding this contract, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, or receiving stolen property; and are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses.

64. PAYMENT FOR ROOM AND BOARD

When CONTRACTOR is an NPS associated with an RTC (NPS/RTC), CONTRACTOR shall be eligible for Room and Board payments on dates that the student was actually in attendance and received Room and Board services, payable for up to a maximum of 365 billable days or 366 days during a leap year, which may include a maximum of ten (10) days per Contract year when the student's bed is unoccupied due to home visits of a therapeutic nature, unless otherwise mutually agreed upon by CONTRACTOR and LEA. Any payment for additional days in special circumstances, such as a student's hospitalization or extended home visits exceeding ten (10) days in a Contract year, requires prior written approval from both the LEA and the CONTRACTOR.

The parties hereto have executed this Contract by and through their duly authorized agents or representatives. This contract is effective on the **8th day of September, 2026** and terminates at 5:00 P.M. on June 30, 2027, unless sooner terminated as provided herein.

Additional Terms Regarding Invoices and Payment

Invoices must be submitted within thirty (30) business days following the end of the attendance month. Late, incomplete, or incorrect invoices will pause review until corrected, with payment timelines restarting upon resubmission, which may result in a longer payment timeline. Invoices must be submitted monthly and separated by school based on student enrollment, with a subtotal for each school and a grand total for all schools. Weekly or alternative billing frequencies are not permitted unless expressly approved in advance. In addition, to support SELPA reporting requirements, services provided to students with low incidence disabilities and students receiving mental health services must be invoiced separately. If a student has both a low incidence disability and receives mental health services, all services for that student shall be invoiced under the low incidence disabilities category.

Initial Initial

Invoice review and payment terms shall be forty-five (45) business days from the date a complete and accurate invoice is received. All references to a 30-to-45-day period refer to business days, not calendar days. Business days exclude weekends, holidays, and school breaks, including fall, winter, spring, and summer breaks, which may extend invoice review and payment timelines. Invoices submitted after normal business hours or during holidays or breaks shall be considered received on the next business day.

LOCAL EDUCATION AGENCY: California Online Public Schools

NONPUBLIC SCHOOL/AGENCY/RELATED SERVICES PROVIDER:

ACES Clinics Inc

NONPUBLIC, NONSECTARIAN SCHOOL/AGENCY SERVICES MASTER CONTRACT

GENERAL PROVISIONS

1. MASTER CONTRACT

This Master Contract (or "Contract") is entered into on **September 8, 2026**, between **California Online Public Schools which includes California Online Public Schools Central Coast, California Online Public Schools Central Valley, California Online Public Schools Monterey Bay, California Online Public Schools North Bay, California Online Public Schools Northern California, and California Online Public Schools Southern California**, hereinafter referred to as the local educational agency ("LEA"), a member of the **El Dorado** SELPA and

ACES Clinics Inc

(nonpublic, nonsectarian school or agency), hereinafter referred to as NPS/A or "CONTRACTOR" for the purpose of providing special education and/or related services to students with exceptional needs under the authorization of California Education Code sections 56157, 56361 and 56365 *et seq*. and Title 5 of the California Code of Regulations section 3000 *et seq*., AB 490 (Chapter 862, Statutes of 2003) and AB 1858 (Chapter 914, Statutes of 2004). It is understood that this agreement does not commit the LEA to pay for special education and/or related services provided to any student, or CONTRACTOR to provide such special education and/or related services, unless and until an authorized LEA representative approves the provision of special education and/or related services by CONTRACTOR.

Upon acceptance of a student, LEA shall submit to CONTRACTOR an Individual Service Agreement (hereinafter referred to as "ISA"). Unless otherwise agreed in writing, these forms shall acknowledge CONTRACTOR's obligation to provide all relevant services specified in the student's Individualized Education Program (hereinafter referred to as "IEP"). The ISA shall be executed within ninety (90) days of a student's enrollment. LEA and CONTRACTOR shall enter into an ISA for each student served by CONTRACTOR. As available and appropriate, the LEA shall make available access to any electronic IEP system and/or electronic database for the development of the ISA and invoices.

Unless placement and/or services is made pursuant to an Office of Administrative Hearings (hereinafter referred to as "OAH") order, a lawfully executed settlement agreement between LEA and parent or authorized by LEA for a transfer student pursuant to California Education Code section 56325, LEA is not responsible for the costs associated with NPS placement or NPS/A services until the date on which an IEP team meeting is convened, the IEP team determines that a NPS placement is appropriate, and the IEP is signed by the student's parent.

2. CERTIFICATION AND LICENSES

CONTRACTOR shall be certified by the California Department of Education (hereinafter referred to as "CDE") as a NPS/A. All NPS/A services shall be provided consistent with the area of certification and licensure specified by CDE Certification and as defined in California Education Code, section 56366 et seq

and within the professional scope of practice of each provider's license, certification, and/or credential. A current copy of CONTRACTOR's NPS/A certification or a waiver of such certification issued by the CDE pursuant to Education Code section 56366.2 must be provided to LEA on or before the date this Agreement is executed by CONTRACTOR. This Master Contract shall be null and void if such certification or waiver is expired, revoked, rescinded, or otherwise nullified during the effective period of this Master Contract.

Total student enrollment shall be limited to capacity as stated on CDE certification and in Section 24 of the Master Contract.

In addition to meeting the certification requirements of the State of California, a CONTRACTOR that operates a program outside of this State shall be certified and all staff persons providing services to pupils shall be certified and/or licensed by that state to provide, respectively, special education and related services and designated instruction and related services to pupils under the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.).

If CONTRACTOR is a licensed children's institution (hereinafter referred to as "LCI"), CONTRACTOR shall be licensed by the state, or other public agency having delegated authority by contract with the state to license, to provide nonmedical care room and board to children, including, but not limited to, individuals with exceptional needs. The LCI must also comply with all licensing requirements relevant to the protection of the child, and have a special permit, if necessary, to meet the needs of each child so placed. If the CONTRACTOR operates a program outside of this State, CONTRACTOR must obtain all required licenses from the appropriate licensing agency in both California and in the state where the LCI is located.

With respect to CONTRACTOR's certification, failure to notify the LEA and CDE in writing of any changes in: (1) credentialed/licensed staff; (2) ownership; (3) management and/or control of the agency; (4) major modification or relocation of facilities; or (5) significant modification of the program may result in the suspension or revocation of CDE certification and/or suspension or termination of this Master Contract by the LEA.

3. COMPLIANCE WITH LAWS, STATUTES, REGULATIONS

During the term of this Master Contract, unless otherwise agreed, CONTRACTOR shall comply with all applicable federal, state, and local statutes, laws, ordinances, rules, policies and regulations. CONTRACTOR shall also comply with all applicable LEA policies and procedures unless, taking into consideration all of the surrounding facts and circumstances, a policy or policies or a portion of a policy does not reasonably apply to CONTRACTOR. CONTRACTOR hereby acknowledges and agrees that it accepts all risks and responsibilities for its failure to comply with LEA policies and shall indemnify LEA under the provisions of Section 16 of this Agreement for all liability, loss, damage and expense (including reasonable attorneys' fees) resulting from or arising out of CONTRACTOR's failure to comply with applicable LEA policies (e.g., those policies relating to; the provision of special education and/or related services, facilities for individuals with exceptional needs, student enrollment and transfer, student inactive status, corporal punishment, student discipline, and positive behavior interventions).

CONTRACTOR acknowledges and understands that LEA may report to the CDE any violations of the provisions of this Master Contract; and that this may result in the suspension and/or revocation of CDE nonpublic school/agency certification pursuant to California Education Code section 56366.4(a).

4. TERM OF MASTER CONTRACT

The term of this Master Contract shall be from July 1, 2026 to June 30, 2027 (Title 5 California Code of Regulations section 3062(a)) unless otherwise stated. Neither the CONTRACTOR nor the LEA is required to renew this Master Contract in subsequent contract years. The parties acknowledge that any subsequent Master Contract is to be re-negotiated prior to June 30, 2026 (Title 5 California Code of Regulations section 3062(d)). In the event the contract negotiations are not agreed to by June 30th, the most recently executed

Master Contract will remain in effect for 90 days (Education Code 56366(c)(1)). If, after 60 days the Master Contract or individual services agreement has not been finalized, as prescribed in paragraph (1) of subdivision (a), either party may appeal to the county superintendent of schools, if the county superintendent of schools is not participating in the local plan involved in the nonpublic, nonsectarian school or agency contract; or the Superintendent, if the county superintendent of schools is participating in the local plan involved in the contract, to negotiate the contract. Within 30 days of receipt of this appeal, the county superintendent of schools or the Superintendent, or the individual designee, shall mediate the formulation of a contract, which shall be binding upon both parties (Education Code 56366 (c) (2)). No Master Contract will be offered unless and until all of the contracting requirements have been satisfied. The offer of a Master Contract to a CONTRACTOR is at the sole discretion of the LEA.

The provisions of this Master Contract apply to CONTRACTOR and any of its employees or independent contractors. Notice of any change in CONTRACTOR's ownership or authorized representative shall be provided in writing to LEA within thirty (30) calendar days of change of ownership or change of authorized representative.

5. INTEGRATION/CONTINUANCE OF CONTRACT FOLLOWING EXPIRATION OR TERMINATION

This Master Contract includes each ISA and they are incorporated herein by this reference. This Master Contract supersedes any prior or contemporaneous written or oral understanding or agreement. This Master Contract may be amended only by written amendment executed by both parties.

CONTRACTOR shall provide the LEA with information as requested in writing to secure a Master Contract or a renewal.

At a minimum, such information shall include copies of current teacher credentials and clearance, insurance documentation and CDE certification. The LEA may require additional information as applicable. If the application packet is not completed and returned to District, no Master Contract will be issued. If CONTRACTOR does not return the Master Contract to LEA duly signed by an authorized representative within ninety (90) calendar days of issuance by LEA, the new contract rates will not take effect until the newly executed Master Contract is received by LEA and will not be retroactive to the first day of the new Master Contract's effective date. If CONTRACTOR fails to execute the new Master Contract within such ninety-day period, all payments shall cease until such time as the new Master Contract for the current school year is signed and returned to LEA by CONTRACTOR. (California Education Code section 56366(c)(1) and (2)). In the event that this Master Contract expires or terminates, CONTRACTOR shall continue to be bound to all of the terms and conditions of the most recent executed Master Contract between CONTRACTOR and LEA for so long as CONTRACTOR is servicing authorized students at the discretion of the LEA

6. INDIVIDUAL SERVICE AGREEMENT ("ISA")

This Agreement shall include an ISA developed for each student to whom CONTRACTOR is to provide special education and/or related services. An ISA shall only be issued for students enrolled with the approval of the LEA pursuant to Education Code section 56366 (a)(2)(A). If the LEA is determined to be a partner, joint venture, co-principal, employer or co-employer of CONTRACTOR, CONTRACTOR shall indemnify and hold harmless the LEA from and against any and all claims for loss, liability, or damages arising from that determination, as well as any expenses, costs, taxes, penalties and interest charges incurred by the LEA as a result of that holding.

This paragraph shall apply to CONTRACTOR regardless of when an assessment is performed or a report is prepared (i.e., before or after the student is enrolled in CONTRACTOR's school/agency) or whether an assessment of the student is performed or a report is prepared in the normal course of the services provided to the student by CONTRACTOR. To avoid conflict of interest, and in order to ensure the appropriateness of an Independent Educational Evaluation (hereinafter referred to as "IEE") and its recommendations, the LEA may not fund an IEE by an evaluator who provides ongoing service(s) or is sought to provide service(s) to the student for whom the IEE is requested. Likewise, the LEA may not fund services through the evaluator whose IEE the LEA agrees to fund. A student shall only be eligible for extended school year services as determined by the IEP team and the provision of such is specifically included in the ISA. Extended school year shall consist of twenty (20) instructional days, unless otherwise agreed upon by the IEP team convened by the LEA. Any days of

extended school year in excess of twenty (20) billable days must be mutually agreed to, in writing, prior to the start of the extended school year.

Student must have actually been in attendance during the regular school year and/or during extended school year and received services on a billable day of attendance in order for CONTRACTOR to be eligible for payment. It is specifically understood that services may not be provided on weekends/holidays and other times when school is not in session, unless agreed to by the LEA, in writing, in advance of the delivery of any NPS service. Any instructional days provided without this written agreement shall be at the sole financial responsibility of the CONTRACTOR.

CONTRACTOR shall observe the same legal holidays as LEA. Those holidays are Labor Day, Veteran's Day, Thanksgiving Day, Christmas Day, New Year's Day, Martin Luther King Jr. Day, President's Day, Memorial Day, Juneteenth, and Independence Day. With the approval of LEA, CONTRACTOR may revise the date upon which CONTRACTOR closes in observance of any of the holidays observed by the LEA.

When CONTRACTOR is a NPA, CONTRACTOR shall be provided with a LEA-developed/approved calendar prior to the initiation of services. CONTRACTOR herein agrees to observe holidays as specified in the LEA-developed/approved calendar. CONTRACTOR shall provide services pursuant to the LEA-developed/approved calendar; or as specified in the LEA student's IEP and ISA. Unless otherwise specified in the LEA student's ISA, CONTRACTOR shall provide related services to LEA students on only those days that the LEA student's school of attendance is in session and the LEA student attends school. CONTRACTOR shall bill only for services provided on billable days of attendance as indicated on the LEA calendar unless CONTRACTOR and the LEA agree otherwise, in writing. Student must have actually been in attendance and/or received services on a billable day of attendance in order for CONTRACTOR to be eligible for payment. It is specifically understood that services may not be provided on weekends/holidays and other times when school is not in session, unless agreed to by the LEA, in writing, in advance of the delivery of any NPA service provided by CONTRACTOR. Any instructional days provided without this written agreement shall be at the sole financial responsibility of the CONTRACTOR.

26. DATA REPORTING AND TRAINING

CONTRACTOR shall agree to provide to the LEA all data related to student information and billing information with LEA. CONTRACTOR shall agree to provide data related to all sections of this contract, including student discipline as noted below, and requested by and in the format required by the LEA. It is understood that all NPS/A shall utilize the LEA approved electronic IEP system for all IEP development, service tracking documentation, and progress reporting, unless otherwise agreed to by the LEA. Additional progress reporting may be required by the LEA. The LEA shall provide the CONTRACTOR with appropriate user training and proper permissions to allow adequate access.

CONTRACTOR shall complete all LEA-specific trainings, orientations, and onboarding requirements designated by the LEA prior to commencing services. Completion of such trainings does not constitute billable service hours unless otherwise agreed to in writing by the LEA. CONTRACTOR shall complete any and all LEA required trainings prior to beginning work with students. CONTRACTOR shall document all session attendance in the LEA's approved electronic IEP system no later than the conclusion of each workday during which services are provided.

Using forms developed by the CDE or as otherwise mutually agreed upon by CONTRACTOR and LEA, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Code sections 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code sections 48900 and 48915.

The LEA shall provide the CONTRACTOR with approved forms and/or format for such data including, but not limited to, invoicing, attendance reports and progress reports. The LEA may approve use of CONTRACTOR'S provided forms at their discretion.

27. LEAST RESTRICTIVE ENVIRONMENT/DUAL ENROLLMENT

CONTRACTOR and LEA shall follow all LEA policies and procedures that support Least Restrictive Environment ("LRE") options and/or dual enrollment options if available and appropriate, for students to have access to the general curriculum and to be educated with their nondisabled peers to the maximum extent appropriate.

CONTRACTOR and LEA shall ensure that LRE placement options are addressed at all IEP team meetings regarding students for whom ISAs have been or may be executed. This shall include IEP team consideration of supplementary aids and services, goals and objectives necessary for placement in the LRE and necessary to enable students to transition to less restrictive settings.

When an IEP team has determined that a student should be transitioned into the public school setting, CONTRACTOR shall assist the LEA in implementing the IEP team's recommended activities to support the transition.

28. STATEWIDE ACHIEVEMENT TESTING

When CONTRACTOR is a NPS, per implementation of Senate Bill 484, CONTRACTOR shall administer all statewide assessments within the California Assessment of Student Performance and Progress ("CAASPP"), Desired Results Developmental Profile ("DRDP"), California Alternative Assessment ("CAA"), achievement and abilities tests (using LEA-authorized assessment instruments), the Fitness Gram, , the English Language Proficiency Assessments for California ("ELPAC"), the Alternative English Language Proficiency Assessments for California ("Alternative ELPAC"), and as appropriate to the student, and mandated by LEA pursuant to LEA and state and federal guidelines.

CONTRACTOR is subject to the alternative accountability system developed pursuant to Education Code section 52052, in the same manner as public schools. Each LEA student placed with CONTRACTOR by the LEA shall be tested by qualified staff of CONTRACTOR in accordance with that accountability program. LEA shall provide test administration training to CONTRACTOR'S qualified staff. CONTRACTOR shall attend LEA test training and comply with completion of all coding requirements as required by LEA.

29. MANDATED ATTENDANCE AT LEA MEETINGS

CONTRACTOR shall attend District mandated meetings when legal mandates, and/or LEA policy and procedures are reviewed, including but not limited to the areas of: curriculum, high school graduation, standards-based instruction, behavior intervention, cultural and linguistic needs of students with disabilities, dual enrollment responsibilities, LRE responsibilities, transition services, data collection, and standardized testing and IEPs. LEA shall provide CONTRACTOR with reasonable notice of mandated meetings. Attendance at such meetings does not constitute a billable service hour(s).

30. POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORTS

CONTRACTOR shall comply with the requirements of Education Code sections 49000, *et seq.,* 49005, *et seq*., 56521.1 and 56521.2. LEA students who exhibit behaviors that interfere with their learning or the learning of others must receive timely and appropriate assessments and positive supports and interventions in accordance with state and federal law and implementing regulations. If the IEP team determines that a student's behavior impedes the individual learning or the learning of others, the IEP team is required to consider the use of positive behavioral interventions and supports, and other strategies, to address that

behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations. This could mean that instead of developing a Behavior Intervention Plan ("BIP"), the IEP team may conclude it is sufficient to address the student's behavioral problems through the development of behavioral goals and behavioral interventions to support those goals.

CONTRACTOR shall maintain a written policy pursuant to California Education Code section 56521.1 regarding emergency interventions and behavioral emergency reports. CONTRACTOR shall ensure that all of its staff members are trained in crisis intervention, emergency procedures, and evidenced-based practices and interventions specific to the unique behavioral needs of the CONTRACTOR's pupil population. The training shall be provided within 30 days of employment to new staff who have any contact or interaction with pupils during the school day, and annually to all staff who have any contact or interaction with pupils during the school day. The CONTRACTOR shall select and conduct the training in accordance with California Education Code section 56366.1. CONTRACTOR shall maintain written records of the training and provide written verification of the training annually and upon request.

Emergency interventions are those interventions used with a student during the time they present a serious, dangerous behavior that staff has determined to be present a clear and present danger to self or others, which requires a non-violent physical intervention to protect the safety of student, self, or others that cannot be prevented by use of a less restrictive technique. Pursuant to Education Code section 56521.1, emergency interventions shall not be used as a substitute for a BIP, and shall not be employed longer than necessary to contain the behavior. Emergency interventions may only be used to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the individual with exceptional needs, or others, and that cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior. If a situation requires prolonged use of emergency intervention, staff must seek assistance from the school site administrator or a law enforcement agency.

CONTRACTOR shall complete a behavior emergency report when an emergency intervention is used ; or when a physical intervention has not been used, but an injury or serious property damage has occurred. Personal Safety Techniques may or may not have been used. A behavior emergency report form must be completed and submitted to the LEA within twenty-four (24) hours for administrative action. CONTRACTOR shall also notify Parent within twenty-four (24) hours via telephone. If the student's IEP does not contain a BIP, CONTRACTOR shall schedule with LEA an IEP meeting within two (2) days to review the behavior emergency report, determine if there is a necessity for a functional behavioral assessment, and to determine an interim plan. If applicable, the IEP team shall document the reasons for not conducting the functional behavioral assessment, not developing an interim plan, or both. If the student already has a BIP, and the incident involved a previously unseen or new serious behavior, or if preexisting behavioral interventions in the BIP were ineffective, CONTRACTOR shall schedule with LEA an IEP meeting to review and determine the need to modify the BIP.

Pursuant to Education Code section 56521.2, CONTRACTOR shall not authorize, order, consent to, or pay for the following interventions, or any other interventions similar to or like the following:

1. any intervention that is designed to, or likely to, cause physical pain, including, but not limited to, electric-shock;
2. an intervention that involves the release of noxious, toxic, or otherwise unpleasant sprays, mists, or substances in proximity to the face of the individual;
3. an intervention that denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities;
4. an intervention that is designed to subject, used to subject, or likely to subject, the individual to verbal abuse, ridicule, or humiliation, or that can be expected to cause excessive emotional trauma;
5. restrictive interventions that employ a device, material, or objects that simultaneously immobilize all four extremities;
6. prone restraint;
7. locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room;
8. an intervention that precludes adequate supervision of the individual;

9. an intervention that deprives the individual of one or more of the individual's senses.

CONTRACTOR shall comply with Education Code sections 49005.8, 56521.1 and 56521.2. Specifically, Contractor shall not do any of the following:

1. Use seclusion or a behavioral restraint for the purpose of coercion, discipline, convenience, or retaliation.
2. Use locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room.
3. Use a physical restraint technique that obstructs a pupil's respiratory airway or impairs the pupil's breathing or respiratory capacity, including techniques in which a staff member places pressure on a pupil's back or places the staff member's body weight against the pupil's torso or back.
4. Use a behavioral restraint technique that restricts breathing, including, but not limited to, using a pillow, blanket, carpet, mat, or other item to cover a pupil's face.
5. Use prone restraint, including but not limited to prone containment.
6. Use a behavioral restraint for longer than is necessary to contain the behavior that poses a clear and present danger of serious physical harm to the pupil or others.

CONTRACTOR shall keep constant, direct observation of a pupil who is in seclusion, which may be through observation of the pupil through a window, or another barrier, through which the educational provider is able to make direct eye contact with the pupil. This observation shall not be through indirect means, including through a security camera or a closed-circuit television.

CONTRACTOR shall afford pupils who are restrained the least restrictive alternative and the maximum freedom of movement, and shall use the least number of restraint points, while ensuring the physical safety of the pupil and others.

In the case of a child whose behavior impedes the child's learning or that of others, the IEP team shall consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations.

All restraint practices must be reviewed and revised when they have an adverse effect on a student and are used repeatedly for an individual child, either on multiple occasions within the same classroom or multiple uses by the same individual. CONTRACTOR shall notify the student's parent/guardian when any type of physical or mechanical restraint or seclusion has been used. Upon the use of any type of physical or mechanical restraint or seclusions of an LEA student, CONTRACTOR shall complete a BER per the reporting and notification requirements listed above.

31. STUDENT DISCIPLINE

CONTRACTOR shall maintain and abide by a written policy for student discipline that is consistent with state and federal law and regulations. Using forms developed by the California Department of Education or as otherwise mutually agreed upon by CONTRACTOR and LEA, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Codes 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code Sections 48900 and 48915.

When CONTRACTOR seeks to remove a student from his/her current educational placement for disciplinary reasons, CONTRACTOR shall immediately submit a written discipline report to the LEA. Written discipline reports shall include, but not be limited to: the student's name; the time, date, and description of the misconduct; the disciplinary action taken by CONTRACTOR; and the rationale for such disciplinary action. A copy of the student's behavior plan, if any, shall be submitted with the written discipline report. CONTRACTOR and LEA agree to participate in a manifestation determination at an IEP meeting no later than the tenth (10^{th}) day of suspension

32. IEP TEAM MEETINGS

An IEP team meeting shall be convened at least annually to evaluate: (1) the educational progress of each student placed with CONTRACTOR, including all state assessment results pursuant to the requirements of Education Code section 52052; (2) whether or not the needs of the student continue to be best met at the NPS; and (3) whether changes to the student's IEP are necessary, including whether the student may be transitioned to a public school setting. (California Education Code sections 56366 (a) (2) (B) (i) and (ii)) and pursuant to California Education Code section 56345 (b) (4).)

If the LEA student is to be transferred from a NPS setting into a regular class setting in a public school for any part of the school day, the IEP team shall document a description of activities provided to integrate the student into the regular education program, including the nature of each activity as well as the time spent on the activity each day or week and a description of the activities provided to support the transition of the student from the special education program into the regular education program. Each student shall be allowed to provide confidential input to any representative of the individual IEP team. Except as otherwise provided in the Master Contract, CONTRACTOR and LEA shall participate in all IEP team meetings regarding students for whom ISAs have been or may be executed. At any time during the term of this Master Contract, the parent, the CONTRACTOR or the LEA may request a review of the student's IEP, subject to all procedural safeguards required by law, including reasonable notice given to, and participation of, the CONTRACTOR in the meeting. Every effort shall be made to schedule IEP team meetings at a time and place that is mutually convenient to parent, CONTRACTOR and LEA. CONTRACTOR shall provide to LEA assessments and written assessment reports by service providers upon request and/or pursuant to LEA policy and procedures. It is understood that attendance at an IEP meeting is part of CONTRACTOR'S professional responsibility and is not a billable service under this Master Contract.

It is understood that the CONTRACTOR shall utilize the approved electronic IEP system of the LEA for all IEP planning and progress reporting at the LEA's discretion. The LEA or SELPA may provide training for any CONTRACTOR to ensure access to the approved system. The CONTRACTOR shall maintain confidentiality of all IEP data on the approved system and shall protect the password requirements of the system. When a student dis-enrolls from the NPS/NPA, the NPS/NPA and LEA shall discontinue use of the approved system for that student.

Changes in any student's educational program, including instruction, services, or instructional setting provided under this Master Contract, may only be made on the basis of revisions to the student's IEP. In the event that the CONTRACTOR believes the student requires a change of placement, the CONTRACTOR may request a review of the student's IEP for the purposes of consideration of a change in the student's placement. Student is entitled to remain in the last agreed upon and implemented placement unless parent agrees otherwise or an Interim Alternative Educational Setting is deemed lawful and appropriate by LEA or OAH consistent with Section 1415 (k)(1)(7) of Title 20 of the United States Code.

If CONTRACTOR is an NPS, CONTRACTOR shall ensure private and confidential communication, including telecommunication, between a pupil of the NPS and members of the pupil's IEP team and the CDE's Constituent Services Office, at the pupil's discretion.

33. SURROGATE PARENTS AND FOSTER YOUTH

CONTRACTOR shall recognize an LEA appointed surrogate parent assignments for students without parental representation, including unaccompanied homeless youths, in special education procedures pursuant to California Government Code Section 7579.5. Surrogate parents shall serve as the child's parent and have all the rights relative to the student's education that a parent has under the Individuals with Disabilities Education Act pursuant to *20 USC 1414-1482 and 34 CFR 300.1-300.756.* A pupil in foster care shall be defined pursuant to California Education Code section 42238.01(b). The LEA shall annually notify the CONTRACTOR who the LEA has designated as the educational liaison for foster children. When a pupil in foster care is enrolled in a NPS by the LEA any time after the completion of the pupil's second year of high school, the CONTRACTOR shall schedule the pupil in courses leading

towards graduation based on the diploma requirements of the LEA unless provided notice otherwise in writing pursuant to Section 51225.1.

34. DUE PROCESS PROCEEDINGS

CONTRACTOR shall fully participate in special education due process proceedings including mediations and hearings, as requested by LEA. Participation further includes the willingness to make CONTRACTOR's staff available for witness preparation and testimony as is necessary to facilitate a due process hearing. CONTRACTOR shall also fully participate in the investigation and provision of documentation related to any complaint filed with the State of California, the Office of Civil Rights, or any other state and/or federal governmental body or agency. Full participation shall include, but in no way be limited to, cooperating with LEA representatives to provide complete answers raised by any investigator and/or the immediate provision of any and all documentation that pertains to the operation of CONTRACTOR's program and/or the implementation of a particular student's IEP/Individual and Family Service Plan ("IFSP").

35. COMPLAINT PROCEDURES

CONTRACTOR shall maintain and adhere to its own written procedures for responding to parent complaints. These procedures shall include annually notifying and providing parents of students with appropriate information (including complaint forms) for the following: (1) Uniform Complaint Procedures pursuant to Title 5 of the California Code of Regulations section 4600 *et seq*.; (2) Nondiscrimination policy pursuant to Title 5 of the California Code of Regulations section 4960 (a); (3) Sexual Harassment Policy, California Education Code 231.5 (a) (b) (c); (4) Title IX Student Grievance Procedure, Title IX 106.8 (a) (d) and 106.9 (a); and (5) Notice of Privacy Practices in compliance with Health Insurance Portability and Accountability Act ("HIPAA"). CONTRACTOR shall include verification of these procedures to the LEA. CONTRACTOR shall immediately notify LEA of any complaints filed against it related to LEA students and provide LEA with all documentation related to the complaints and/or its investigation of complaints, including any and all reports generated as a result of an investigation.

36. STUDENT PROGRESS REPORTS/REPORT CARDS AND ASSESSMENTS

Unless LEA requests in writing that progress reports be provided on a monthly basis, CONTRACTOR shall provide to LEA at least two (2) written progress reports/report cards annually, two (2) weeks prior to the end of each semester. At a minimum, progress reports shall include progress over time towards IEP goals and objectives. A copy of the progress reports/report cards shall be maintained at the CONTRACTOR's place of business and shall be submitted to the LEA two (2) weeks prior to the end of each semester, in accordance with the LEA's procedures and school calendar.

The CONTRACTOR shall also provide an LEA representative access to supporting documentation used to determine progress on any goal or objective, including but not limited to log sheets, observation notes, data sheets, pre/post tests, rubrics and other similar data collection used to determine progress or lack of progress on approved goals, objectives, transition plans or behavior intervention plans. The LEA may request such data at any time within five (5) years of the date of service. The CONTRACTOR shall provide this data supporting progress within five (5) business days of request. Additional time may be granted as needed by the LEA.

CONTRACTOR shall complete academic or other evaluations of the student ten (10) days prior to the student's annual or triennial review IEP team meeting for the purpose of reporting the student's present levels of performance at the IEP team meeting as required by state and federal laws and regulations and pursuant to LEA policies, procedures, and/or practices. CONTRACTOR shall provide sufficient copies of its reports, documents, and projected goals to share with members of the IEP team five (5) business days prior to the IEP meeting. CONTRACTOR shall maintain supporting documentation such as test protocols and data collection, which shall be made available to LEA within five (5) business days of request.

The CONTRACTOR is responsible for all evaluation costs regarding the updating of goals and objectives, progress reporting and development of present levels of performance. All assessments resulting from an assessment plan shall be provided by the LEA unless the LEA specifies in writing a request that CONTRACTOR perform such additional assessment. Any assessment and/or evaluation costs may be added to the ISA and/or approved separately by the LEA at the LEA's sole discretion.

It is understood that all billable hours must be in direct services to pupils as specified in the ISA. For NPA services, supervision provided by a qualified individual as specified in Title 5 Regulation, subsection 3065, shall be determined as appropriate and included in the ISA. Supervision means the direct observation of services, data review, case conferencing and program design consistent with professional standards for each professional's license, certification, or credential.

CONTRACTOR shall not charge the student's parent(s) or LEA for the provision of progress reports, report cards, evaluations conducted in order to obtain present levels of performance, interviews, and/or meetings. It is understood that all billable hours have limits to those specified on the ISA consistent with the IEP. It is understood that copies of data collection notes, forms, charts and other such data are part of the pupil's record and shall be made available to the LEA upon written request.

37. GRADES, HIGH SCHOOL COURSE CREDITS, & TRANSCRIPTS

When CONTRACTOR is a NPS, CONTRACTOR is responsible for assigning grades for any course of instruction taught at the NPS. The grades determined by the pupil's teacher, in the absence of clerical or mechanical mistake, fraud, bad faith, or incompetency, shall be final and consistent with the provisions specified in EC Section 49066. The grades each pupil receives in all courses of instruction taught by the NPS shall be reported to the parents and the LEA on a quarterly basis. Consistent with the LEA, should it become evident to the NPS the pupil is in danger of failing a course, the CONTRACTOR must initiate a parent conference, and the LEA representative must be in attendance.

When CONTRACTOR serves students in grades nine (9) through twelve (12) inclusive, LEA shall provide to CONTRACTOR a specific list of the course requirements to be satisfied by the CONTRACTOR leading toward graduation or completion of LEA's diploma requirements. CONTRACTOR shall not recommend awarding a high school diploma to students who have not successfully completed all of the LEA's graduation requirements.

Pupils enrolled in high school during the 2020-2021 academic year may request a Pass or No Pass grade as permitted in EC Section 49066.5, which may be reflected on the student's transcript and shall not negatively affect the pupil's grade point average.

CONTRACTOR shall prepare transcripts at the close of each semester, or upon student transfer, for students in grades nine (9) through twelve (12) inclusive, and submit them on LEA approved forms to the student's school of residence for evaluation of progress toward completion of diploma requirements as specified in LEA Procedures. CONTRACTOR shall submit to the LEA names of students and their schools of residence for whom transcripts have been submitted as specified by the LEA.

INDIVIDUAL TRANSITION PLANNING – AB 438, Approved on September 28, 2024

Effective July 1, 2025, if determined appropriate by the pupil's IEP team, beginning when the pupil starts their high school experience and not later than when the pupil is 16 years of age or younger, as appropriate, and annually thereafter, a statement of needed transition services shall be included in the pupil's individualized education program. If the individualized education program team determines that the pupil would benefit from the postponement of the inclusion of appropriate measurable postsecondary goals and transition services until 16 years of age, rather than when the pupil begins their high school experience, the individualized education program team shall appropriately justify the basis for that postponement. (EC section 56043(h).)

38. STUDENT CHANGE OF RESIDENCE

Within five (5) school days from the date CONTRACTOR becomes aware of a student's change of residence, CONTRACTOR shall notify LEA, in writing, of the student's change of residence. Upon enrollment, CONTRACTOR shall notify parents in writing of their obligation to notify CONTRACTOR of the student's change of residence. CONTRACTOR shall maintain, and provide upon request by LEA, documentation of such notice to parents.

If CONTRACTOR had knowledge or should reasonably have had knowledge of the student's change of residence boundaries and CONTRACTOR fails to follow the procedures specified in this provision, LEA shall not be responsible for the costs of services delivered following the student's change of residence.

39. WITHDRAWAL OF STUDENT FROM PROGRAM

CONTRACTOR shall immediately report electronically and in writing to the LEA within five (5) business days when an LEA student is withdrawn without prior notice from school and/or services, including student's change of residence to a residence outside of LEA service boundaries, and parent/guardian withdrawal of student against professional advice from a NPS/RTC.

40. PARENT ACCESS

CONTRACTOR shall provide for reasonable parental access to students and all facilities including, but not limited to, the instructional setting, recreational activity areas, meeting rooms and student living quarters, when applicable. CONTRACTOR shall comply with any known court orders regarding parental visits and access to LEA students.

CONTRACTOR operating programs associated with a NPS/RTC shall cooperate with a parent's reasonable request for LEA student therapeutic visits in their home or at the NPS/RTC. CONTRACTOR shall require that parents obtain prior written authorization for therapeutic visits from the CONTRACTOR and the LEA at least thirty (30) days in advance. When requested, CONTRACTOR shall facilitate all parent travel and accommodations and for providing travel information to the parent as appropriate. Payment by LEA for approved travel-related expenses shall be made directly through the LEA consistent with LEA Procedures.

CONTRACTOR providing services in the student's home as specified in the IEP shall ensure that at least one parent of the child, or an adult caregiver with written and signed authorization to make decisions in an emergency, is present. The names of any adult caregiver other than the parent shall be provided to the LEA prior to the start of any home based services, including written and signed authorization in emergency situations. The parent shall inform the LEA of any changes of caregivers and provide written authorization for emergencies. The adult caregiver cannot also be an employee or volunteer associated with the NPS/NPA service provider.

All problems and/or concerns, both verbal and written, reported to pupil's parents shall also be provided, in writing, to the LEA.

41. LICENSED CHILDREN'S INSTITUTION ("LCI") CONTRACTORS AND RESIDENTIAL TREATMENT CENTER ("RTC") CONTRACTORS

If CONTRACTOR is a LCI, CONTRACTOR shall adhere to all legal requirements regarding educational placements for LCI students as stated in Education Code 56366 (a) (2) (C), 56366.9 (c) (1), Health and Safety Code section 1501.1 and any other applicable laws and/or regulations, including LEA guidelines or procedures. An LCI shall not require that a pupil be placed in its NPS as a condition of being placed in its residential facility.

If CONTRACTOR is a NPS/RTC, CONTRACTOR shall adhere to all legal requirements under the Individuals with Disabilities Education Act (IDEA), 20 U.S.C. section 1400 et seq. including the federal regulations 34 C.F.R section 300 et seq. and Education Code section 56000 et seq. including Title 5 of the

California Code of Regulations section 3000 et seq. CONTRACTOR shall comply with all monitoring requirements set forth in Section 43 below.

If CONTRACTOR is a NPS that is owned, operated by, or associated with a LCI, CONTRACTOR shall provide to LEA, on a quarterly basis, a list of all students, including those identified as eligible for special education. For those identified as special education students, the list shall include: 1) special education eligibility at the time of enrollment and; 2) the educational placement and services specified in each student's IEP at the time of enrollment. A copy of the current IEP shall be provided to the LEA.

Unless placement is made pursuant to an Office of Administrative Hearings order or a lawfully executed agreement between LEA and parent, LEA is not responsible for the costs associated with NPS placement until the date on which an IEP team meeting is convened, the IEP team determines that a NPS placement is appropriate, and the IEP is signed by the student's parent or another adult with educational decision-making rights.

In addition to meeting the certification requirements of the State of California, a CONTRACTOR that operates a program outside of this State shall be certified or licensed by that state to provide, respectively, special education and related services and designated instruction and related services to pupils under the federal IDEA (20 U.S.C. Sec. 1400 et seq.); shall be certified or licensed by the state to provide nonmedical care, clinical services, or short-term residential therapeutic programs, as applicable to the facility type; and shall submit to all monitoring requirements specific to out-of-state NPS contractors set forth in Education Code 56366.1 and Section 43 below

42. STATE MEAL MANDATE

When CONTRACTOR is a NPS, CONTRACTOR and LEA shall satisfy the State Meal Mandate under California Education Code sections 49005 et seq.; 49501.5, the universal meal mandate; 49530 et seq; and 49550 et seq.

LEA, at its sole discretion, may elect to directly provide meals to CONTRACTOR for distribution to LEA students at the nonpublic school on its own or by another local school district.

CONTRACTOR acknowledges that the LEA does not receive any state or federal reimbursement for any meals CONTRACTOR provides to LEA students and that CONTRACTOR is only eligible to receive direct reimbursement if it is an approved site under the National School Lunch Program.

In the event the LEA requests CONTRACTOR to provide meals to LEA students, CONTRACTOR will provide breakfast and lunch to LEA students in compliance with the meal pattern requirements under the School Breakfast Program and National School Lunch Program nutritional standards. LEA shall reimburse CONTRACTOR for each meal made available at a mutually agreed upon rate. In the event CONTRACTOR is unable to provide meals, the LEA and CONTRACTOR will work collaboratively to find a solution. In the event CDE determines that meals do not need to be provided, this paragraph shall not apply.

CONTRACTOR shall maintain all documentation of meals provided to LEA students. CONTRACTOR shall comply with record keeping requirements under the School Breakfast Program and National School Lunch Program or LEA template. Upon request, CONTRACTOR shall provide copies of any such records to LEA. CONTRACTOR shall also allow LEA to conduct site monitoring visits as deemed necessary by the LEA.

If CONTRACTOR uses a third-party vendor to provide meals, CONTRACTOR will assure that the third-party vendor agrees to comply with all meal pattern requirements of the School Breakfast Program and National School Lunch Program nutritional standards. Upon request, CONTRACTOR shall provide LEA with any contracts it has with third-party vendors providing meals for students.

43. MONITORING

The State Superintendent of Public Instruction ("Superintendent"), through the delegated monitoring activities to the California Department of Education (CDE), shall monitor CONTRACTOR'S facilities, the educational environment, and the quality of the educational program, including the teaching staff, the credentials authorizing service, the standards-based core curriculum being employed, and the standard focused instructional materials used on a three-year cycle, as follows: (1) CONTRACTOR shall complete a self-review in year one; (2) the Superintendent shall conduct an onsite review in year two; and (3) the Superintendent shall conduct a follow-up visit in year three.

CONTRACTOR shall participate in any LEA or CDE compliance review, if applicable, to be conducted as aligned with the CDE Onsite Review and monitoring cycle in accordance with California Education Code section 56366.1(j) and (k) as applicable. This review will address programmatic aspects of the NPS, compliance with relevant state and federal regulations, and Master Contract compliance, as well as pupil perceptions, progress, and concerns, as required by law. CONTRACTOR shall conduct any follow-up or corrective action procedures related to review findings.

Unless CONTRACTOR and LEA otherwise agree in writing, CONTRACTOR shall pay to LEA the full amount owed as a result of CONTRACTOR's over billing and/or failure to perform, in whole or in part, any of its obligations under this Master Contract, as determined by an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm. In such cases only, the adjustments in basic education rate shall be based on the required minimum number of minutes per grade level as set forth in paragraph 23, above, and in California Education Code Section 46200-46208.

Special education and/or related services offered by CONTRACTOR shall be provided by qualified personnel as per State and Federal law, and the codes and charges for such educational and/or related services during the term of this contract, shall be as stated in Exhibit A.

When CONTRACTOR is an NPS associated with an RTC (NPS/RTC), CONTRACTOR shall be eligible for Room and Board payments on dates that the student was actually in attendance and received Room and Board services, payable for up to a maximum of 365 billable days or 366 days during a leap year, which may include a maximum of ten (10) days per Contract year when the student's bed is unoccupied due to home visits of a therapeutic nature, unless otherwise mutually agreed upon by CONTRACTOR and LEA. Any payment for additional days in special circumstances, such as a student's hospitalization or extended home visits exceeding ten (10) days in a Contract year, requires prior written approval from both the LEA and the CONTRACTOR.

NONPUBLIC, NONSECTARIAN SCHOOL/AGENCY SERVICES MASTER CONTRACT

GENERAL PROVISIONS

1. MASTER CONTRACT

This Master Contract (or "Contract") is entered into on **September 8, 2026**, between **California Online Public Schools which includes California Online Public Schools Central Coast, California Online Public Schools Central Valley, California Online Public Schools Monterey Bay, California Online Public Schools North Bay, California Online Public Schools Northern California, and California Online Public Schools Southern California**, hereinafter referred to as the local educational agency ("LEA"), a member of the **El Dorado** SELPA and

TalkPath Live

(nonpublic, nonsectarian school or agency), hereinafter referred to as NPS/A or "CONTRACTOR" for the purpose of providing special education and/or related services to students with exceptional needs under the authorization of California Education Code sections 56157, 56361 and 56365 *et seq*. and Title 5 of the California Code of Regulations section 3000 *et seq*., AB 490 (Chapter 862, Statutes of 2003) and AB 1858 (Chapter 914, Statutes of 2004). It is understood that this agreement does not commit the LEA to pay for special education and/or related services provided to any student, or CONTRACTOR to provide such special education and/or related services, unless and until an authorized LEA representative approves the provision of special education and/or related services by CONTRACTOR.

Upon acceptance of a student, LEA shall submit to CONTRACTOR an Individual Service Agreement (hereinafter referred to as "ISA"). Unless otherwise agreed in writing, these forms shall acknowledge CONTRACTOR's obligation to provide all relevant services specified in the student's Individualized Education Program (hereinafter referred to as "IEP"). The ISA shall be executed within ninety (90) days of a student's enrollment. LEA and CONTRACTOR shall enter into an ISA for each student served by CONTRACTOR. As available and appropriate, the LEA shall make available access to any electronic IEP system and/or electronic database for the development of the ISA and invoices.

Unless placement and/or services is made pursuant to an Office of Administrative Hearings (hereinafter referred to as "OAH") order, a lawfully executed settlement agreement between LEA and parent or authorized by LEA for a transfer student pursuant to California Education Code section 56325, LEA is not responsible for the costs associated with NPS placement or NPS/A services until the date on which an IEP team meeting is convened, the IEP team determines that a NPS placement is appropriate, and the IEP is signed by the student's parent.

2. CERTIFICATION AND LICENSES

CONTRACTOR shall be certified by the California Department of Education (hereinafter referred to as "CDE") as a NPS/A. All NPS/A services shall be provided consistent with the area of certification and licensure specified by CDE Certification and as defined in California Education Code, section 56366 et seq

and within the professional scope of practice of each provider's license, certification, and/or credential. A current copy of CONTRACTOR's NPS/A certification or a waiver of such certification issued by the CDE pursuant to Education Code section 56366.2 must be provided to LEA on or before the date this Agreement is executed by CONTRACTOR. This Master Contract shall be null and void if such certification or waiver is expired, revoked, rescinded, or otherwise nullified during the effective period of this Master Contract.

Total student enrollment shall be limited to capacity as stated on CDE certification and in Section 24 of the Master Contract.

In addition to meeting the certification requirements of the State of California, a CONTRACTOR that operates a program outside of this State shall be certified and all staff persons providing services to pupils shall be certified and/or licensed by that state to provide, respectively, special education and related services and designated instruction and related services to pupils under the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.).

If CONTRACTOR is a licensed children's institution (hereinafter referred to as "LCI"), CONTRACTOR shall be licensed by the state, or other public agency having delegated authority by contract with the state to license, to provide nonmedical care room and board to children, including, but not limited to, individuals with exceptional needs. The LCI must also comply with all licensing requirements relevant to the protection of the child, and have a special permit, if necessary, to meet the needs of each child so placed. If the CONTRACTOR operates a program outside of this State, CONTRACTOR must obtain all required licenses from the appropriate licensing agency in both California and in the state where the LCI is located.

With respect to CONTRACTOR's certification, failure to notify the LEA and CDE in writing of any changes in: (1) credentialed/licensed staff; (2) ownership; (3) management and/or control of the agency; (4) major modification or relocation of facilities; or (5) significant modification of the program may result in the suspension or revocation of CDE certification and/or suspension or termination of this Master Contract by the LEA.

3. COMPLIANCE WITH LAWS, STATUTES, REGULATIONS

During the term of this Master Contract, unless otherwise agreed, CONTRACTOR shall comply with all applicable federal, state, and local statutes, laws, ordinances, rules, policies and regulations. CONTRACTOR shall also comply with all applicable LEA policies and procedures unless, taking into consideration all of the surrounding facts and circumstances, a policy or policies or a portion of a policy does not reasonably apply to CONTRACTOR. CONTRACTOR hereby acknowledges and agrees that it accepts all risks and responsibilities for its failure to comply with LEA policies and shall indemnify LEA under the provisions of Section 16 of this Agreement for all liability, loss, damage and expense (including reasonable attorneys' fees) resulting from or arising out of CONTRACTOR's failure to comply with applicable LEA policies (e.g., those policies relating to; the provision of special education and/or related services, facilities for individuals with exceptional needs, student enrollment and transfer, student inactive status, corporal punishment, student discipline, and positive behavior interventions).

CONTRACTOR acknowledges and understands that LEA may report to the CDE any violations of the provisions of this Master Contract; and that this may result in the suspension and/or revocation of CDE nonpublic school/agency certification pursuant to California Education Code section 56366.4(a).

4. TERM OF MASTER CONTRACT

The term of this Master Contract shall be from July 1, 2026 to June 30, 2027 (Title 5 California Code of Regulations section 3062(a)) unless otherwise stated. Neither the CONTRACTOR nor the LEA is required to renew this Master Contract in subsequent contract years. The parties acknowledge that any subsequent Master Contract is to be re-negotiated prior to June 30, 2026 (Title 5 California Code of Regulations section 3062(d)). (California Education Code section 56366(c)(1) and (2)). 23. INSTRUCTIONAL MINUTES

When CONTRACTOR is a NPS, the total number of instructional minutes per school day provided by CONTRACTOR shall be at least equivalent to the number of instructional minutes per school day provided to students at like grade level attending LEA schools and shall be specified in the student's ISA developed in accordance with the student's IEP.

For students in grades kindergarten through 12 inclusive, unless otherwise specified in the student's IEP and ISA, the number of instructional minutes, excluding breakfast, recess, lunch and passing time shall be at the same level that Ed. Code prescribes for the LEA.

The total number of annual instructional minutes shall be at least equivalent to the total number of annual instructional minutes provided to students attending LEA schools in like grade level unless otherwise specified in the student's IEP.

When CONTRACTOR is a NPA and/or related services provider, the total number of minutes per school day provided by CONTRACTOR shall be specified in the student's ISA developed in accordance with the student's IEP.

24. CLASS SIZE

When CONTRACTOR is a NPS, CONTRACTOR shall ensure that class size shall not exceed a ratio of one teacher per twelve (12) students, unless CONTRACTOR and LEA agree otherwise in writing. Upon prior written approval by an authorized LEA representative, class size may be temporarily increased by a ratio of 1 teacher to fourteen (14) students when necessary, during the regular or extended school year to provide services to students with disabilities.

In the event a NPS is unable to fill a vacant teaching position responsible for direct instruction to students, and the vacancy has direct impact on the CDE Certification of that school, the NPS shall develop a plan to ensure appropriate coverage of students by first utilizing existing certificated staff. The NPS and the LEA may agree to one 30 school day period per contract year where class size may be increased to ensure coverage by an appropriately credentialed teacher. Such an agreement shall be in writing and signed by both parties. This provision does not apply to a NPA.

CONTRACTOR providing special education instruction for individuals with exceptional needs between the ages of three and five years, inclusive, shall also comply with the appropriate instructional adult to child ratios pursuant to California Education Code sections 56440 et seq.

25. CALENDARS

When CONTRACTOR is an NPS, CONTRACTOR shall submit to the LEA/SELPA a school year calendar with the total number of billable days not to exceed one hundred and eighty (180) days for the regular school year, plus twenty (20) extended school year billable days or the equivalent number of days as the LEA's extended school year calendar, if different. Billable days shall include only those days that are included on the submitted and approved school calendar, and/or required by the IEP (developed by the LEA) for each student. CONTRACTOR shall not be allowed to change its school calendar and/or amend the number of billable days without the prior written approval of the LEA. CONTRACTOR must submit any calendar changes to LEA in writing at least ten (10) business days prior to proposed change in order to be eligible for payment based upon the new calendar, if approved. Nothing in this Master Contract shall be interpreted to require the LEA to accept any requests for calendar changes.

Unless otherwise specified by the student's IEP or ISA, educational services shall occur at the school site. A student shall only be eligible for extended school year services as determined by the IEP team and the provision of such is specifically included in the ISA. Extended school year shall consist of twenty (20) instructional days, unless otherwise agreed upon by the IEP team convened by the LEA. Any days of

extended school year in excess of twenty (20) billable days must be mutually agreed to, in writing, prior to the start of the extended school year.

Student must have actually been in attendance during the regular school year and/or during extended school year and received services on a billable day of attendance in order for CONTRACTOR to be eligible for payment. It is specifically understood that services may not be provided on weekends/holidays and other times when school is not in session, unless agreed to by the LEA, in writing, in advance of the delivery of any NPS service. Any instructional days provided without this written agreement shall be at the sole financial responsibility of the CONTRACTOR.

CONTRACTOR shall observe the same legal holidays as LEA. Those holidays are Labor Day, Veteran's Day, Thanksgiving Day, Christmas Day, New Year's Day, Martin Luther King Jr. Day, President's Day, Memorial Day, Juneteenth, and Independence Day. With the approval of LEA, CONTRACTOR may revise the date upon which CONTRACTOR closes in observance of any of the holidays observed by the LEA.

When CONTRACTOR is a NPA, CONTRACTOR shall be provided with a LEA-developed/approved calendar prior to the initiation of services. CONTRACTOR herein agrees to observe holidays as specified in the LEA-developed/approved calendar. CONTRACTOR shall provide services pursuant to the LEA-developed/approved calendar; or as specified in the LEA student's IEP and ISA. Unless otherwise specified in the LEA student's ISA, CONTRACTOR shall provide related services to LEA students on only those days that the LEA student's school of attendance is in session and the LEA student attends school. CONTRACTOR shall bill only for services provided on billable days of attendance as indicated on the LEA calendar unless CONTRACTOR and the LEA agree otherwise, in writing. Student must have actually been in attendance and/or received services on a billable day of attendance in order for CONTRACTOR to be eligible for payment. It is specifically understood that services may not be provided on weekends/holidays and other times when school is not in session, unless agreed to by the LEA, in writing, in advance of the delivery of any NPA service provided by CONTRACTOR. Any instructional days provided without this written agreement shall be at the sole financial responsibility of the CONTRACTOR.

26. DATA REPORTING AND TRAINING

CONTRACTOR shall agree to provide to the LEA all data related to student information and billing information with LEA. CONTRACTOR shall agree to provide data related to all sections of this contract, including student discipline as noted below, and requested by and in the format required by the LEA. It is understood that all NPS/A shall utilize the LEA approved electronic IEP system for all IEP development, service tracking documentation, and progress reporting, unless otherwise agreed to by the LEA. Additional progress reporting may be required by the LEA. The LEA shall provide the CONTRACTOR with appropriate user training and proper permissions to allow adequate access.

CONTRACTOR shall complete all LEA-specific trainings, orientations, and onboarding requirements designated by the LEA prior to commencing services. Completion of such trainings does not constitute billable service hours unless otherwise agreed to in writing by the LEA. CONTRACTOR shall complete any and all LEA required trainings prior to beginning work with students. CONTRACTOR shall document all session attendance in the LEA's approved electronic IEP system no later than the conclusion of each workday during which services are provided.

Using forms developed by the CDE or as otherwise mutually agreed upon by CONTRACTOR and LEA, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Code sections 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code sections 48900 and 48915.

The LEA shall provide the CONTRACTOR with approved forms and/or format for such data including, but not limited to, invoicing, attendance reports and progress reports. The LEA may approve use of CONTRACTOR'S provided forms at their discretion.

27. LEAST RESTRICTIVE ENVIRONMENT/DUAL ENROLLMENT

CONTRACTOR and LEA shall follow all LEA policies and procedures that support Least Restrictive Environment ("LRE") options and/or dual enrollment options if available and appropriate, for students to have access to the general curriculum and to be educated with their nondisabled peers to the maximum extent appropriate.

CONTRACTOR and LEA shall ensure that LRE placement options are addressed at all IEP team meetings regarding students for whom ISAs have been or may be executed. This shall include IEP team consideration of supplementary aids and services, goals and objectives necessary for placement in the LRE and necessary to enable students to transition to less restrictive settings.

When an IEP team has determined that a student should be transitioned into the public school setting, CONTRACTOR shall assist the LEA in implementing the IEP team's recommended activities to support the transition.

28. STATEWIDE ACHIEVEMENT TESTING

When CONTRACTOR is a NPS, per implementation of Senate Bill 484, CONTRACTOR shall administer all statewide assessments within the California Assessment of Student Performance and Progress ("CAASPP"), Desired Results Developmental Profile ("DRDP"), California Alternative Assessment ("CAA"), achievement and abilities tests (using LEA-authorized assessment instruments), the Fitness Gram, , the English Language Proficiency Assessments for California ("ELPAC"), the Alternative English Language Proficiency Assessments for California ("Alternative ELPAC"), and as appropriate to the student, and mandated by LEA pursuant to LEA and state and federal guidelines.

CONTRACTOR is subject to the alternative accountability system developed pursuant to Education Code section 52052, in the same manner as public schools. Each LEA student placed with CONTRACTOR by the LEA shall be tested by qualified staff of CONTRACTOR in accordance with that accountability program. LEA shall provide test administration training to CONTRACTOR'S qualified staff. CONTRACTOR shall attend LEA test training and comply with completion of all coding requirements as required by LEA.

29. MANDATED ATTENDANCE AT LEA MEETINGS

CONTRACTOR shall attend District mandated meetings when legal mandates, and/or LEA policy and procedures are reviewed, including but not limited to the areas of: curriculum, high school graduation, standards-based instruction, behavior intervention, cultural and linguistic needs of students with disabilities, dual enrollment responsibilities, LRE responsibilities, transition services, data collection, and standardized testing and IEPs. LEA shall provide CONTRACTOR with reasonable notice of mandated meetings. Attendance at such meetings does not constitute a billable service hour(s).

30. POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORTS

CONTRACTOR shall comply with the requirements of Education Code sections 49000, *et seq.,* 49005, *et seq*., 56521.1 and 56521.2. LEA students who exhibit behaviors that interfere with their learning or the learning of others must receive timely and appropriate assessments and positive supports and interventions in accordance with state and federal law and implementing regulations. If the IEP team determines that a student's behavior impedes the individual learning or the learning of others, the IEP team is required to consider the use of positive behavioral interventions and supports, and other strategies, to address that

behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations. This could mean that instead of developing a Behavior Intervention Plan ("BIP"), the IEP team may conclude it is sufficient to address the student's behavioral problems through the development of behavioral goals and behavioral interventions to support those goals.

CONTRACTOR shall maintain a written policy pursuant to California Education Code section 56521.1 regarding emergency interventions and behavioral emergency reports. CONTRACTOR shall ensure that all of its staff members are trained in crisis intervention, emergency procedures, and evidenced-based practices and interventions specific to the unique behavioral needs of the CONTRACTOR's pupil population. The training shall be provided within 30 days of employment to new staff who have any contact or interaction with pupils during the school day, and annually to all staff who have any contact or interaction with pupils during the school day. The CONTRACTOR shall select and conduct the training in accordance with California Education Code section 56366.1. CONTRACTOR shall maintain written records of the training and provide written verification of the training annually and upon request.

Emergency interventions are those interventions used with a student during the time they present a serious, dangerous behavior that staff has determined to be present a clear and present danger to self or others, which requires a non-violent physical intervention to protect the safety of student, self, or others that cannot be prevented by use of a less restrictive technique. Pursuant to Education Code section 56521.1, emergency interventions shall not be used as a substitute for a BIP, and shall not be employed longer than necessary to contain the behavior. Emergency interventions may only be used to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the individual with exceptional needs, or others, and that cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior. If a situation requires prolonged use of emergency intervention, staff must seek assistance from the school site administrator or a law enforcement agency.

CONTRACTOR shall complete a behavior emergency report when an emergency intervention is used ; or when a physical intervention has not been used, but an injury or serious property damage has occurred. Personal Safety Techniques may or may not have been used. A behavior emergency report form must be completed and submitted to the LEA within twenty-four (24) hours for administrative action. CONTRACTOR shall also notify Parent within twenty-four (24) hours via telephone. If the student's IEP does not contain a BIP, CONTRACTOR shall schedule with LEA an IEP meeting within two (2) days to review the behavior emergency report, determine if there is a necessity for a functional behavioral assessment, and to determine an interim plan. If applicable, the IEP team shall document the reasons for not conducting the functional behavioral assessment, not developing an interim plan, or both. If the student already has a BIP, and the incident involved a previously unseen or new serious behavior, or if preexisting behavioral interventions in the BIP were ineffective, CONTRACTOR shall schedule with LEA an IEP meeting to review and determine the need to modify the BIP.

Pursuant to Education Code section 56521.2, CONTRACTOR shall not authorize, order, consent to, or pay for the following interventions, or any other interventions similar to or like the following:

1. any intervention that is designed to, or likely to, cause physical pain, including, but not limited to, electric-shock;
2. an intervention that involves the release of noxious, toxic, or otherwise unpleasant sprays, mists, or substances in proximity to the face of the individual;
3. an intervention that denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities;
4. an intervention that is designed to subject, used to subject, or likely to subject, the individual to verbal abuse, ridicule, or humiliation, or that can be expected to cause excessive emotional trauma;
5. restrictive interventions that employ a device, material, or objects that simultaneously immobilize all four extremities;
6. prone restraint;
7. locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room;
8. an intervention that precludes adequate supervision of the individual;

9. an intervention that deprives the individual of one or more of the individual's senses.

CONTRACTOR shall comply with Education Code sections 49005.8, 56521.1 and 56521.2. Specifically, Contractor shall not do any of the following:

1. Use seclusion or a behavioral restraint for the purpose of coercion, discipline, convenience, or retaliation.
2. Use locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room.
3. Use a physical restraint technique that obstructs a pupil's respiratory airway or impairs the pupil's breathing or respiratory capacity, including techniques in which a staff member places pressure on a pupil's back or places the staff member's body weight against the pupil's torso or back.
4. Use a behavioral restraint technique that restricts breathing, including, but not limited to, using a pillow, blanket, carpet, mat, or other item to cover a pupil's face.
5. Use prone restraint, including but not limited to prone containment.
6. Use a behavioral restraint for longer than is necessary to contain the behavior that poses a clear and present danger of serious physical harm to the pupil or others.

CONTRACTOR shall keep constant, direct observation of a pupil who is in seclusion, which may be through observation of the pupil through a window, or another barrier, through which the educational provider is able to make direct eye contact with the pupil. This observation shall not be through indirect means, including through a security camera or a closed-circuit television.

CONTRACTOR shall afford pupils who are restrained the least restrictive alternative and the maximum freedom of movement, and shall use the least number of restraint points, while ensuring the physical safety of the pupil and others.

In the case of a child whose behavior impedes the child's learning or that of others, the IEP team shall consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations.

All restraint practices must be reviewed and revised when they have an adverse effect on a student and are used repeatedly for an individual child, either on multiple occasions within the same classroom or multiple uses by the same individual. CONTRACTOR shall notify the student's parent/guardian when any type of physical or mechanical restraint or seclusion has been used. Upon the use of any type of physical or mechanical restraint or seclusions of an LEA student, CONTRACTOR shall complete a BER per the reporting and notification requirements listed above.

31. STUDENT DISCIPLINE

CONTRACTOR shall maintain and abide by a written policy for student discipline that is consistent with state and federal law and regulations. Using forms developed by the California Department of Education or as otherwise mutually agreed upon by CONTRACTOR and LEA, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Codes 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code Sections 48900 and 48915.

When CONTRACTOR seeks to remove a student from his/her current educational placement for disciplinary reasons, CONTRACTOR shall immediately submit a written discipline report to the LEA. Written discipline reports shall include, but not be limited to: the student's name; the time, date, and description of the misconduct; the disciplinary action taken by CONTRACTOR; and the rationale for such disciplinary action. A copy of the student's behavior plan, if any, shall be submitted with the written discipline report. CONTRACTOR and LEA agree to participate in a manifestation determination at an IEP meeting no later than the tenth (10^{th}) day of suspension

32. IEP TEAM MEETINGS

An IEP team meeting shall be convened at least annually to evaluate: (1) the educational progress of each student placed with CONTRACTOR, including all state assessment results pursuant to the requirements of Education Code section 52052; (2) whether or not the needs of the student continue to be best met at the NPS; and (3) whether changes to the student's IEP are necessary, including whether the student may be transitioned to a public school setting. (California Education Code sections 56366 (a) (2) (B) (i) and (ii)) and pursuant to California Education Code section 56345 (b) (4).)

If the LEA student is to be transferred from a NPS setting into a regular class setting in a public school for any part of the school day, the IEP team shall document a description of activities provided to integrate the student into the regular education program, including the nature of each activity as well as the time spent on the activity each day or week and a description of the activities provided to support the transition of the student from the special education program into the regular education program. Each student shall be allowed to provide confidential input to any representative of the individual IEP team. Except as otherwise provided in the Master Contract, CONTRACTOR and LEA shall participate in all IEP team meetings regarding students for whom ISAs have been or may be executed. At any time during the term of this Master Contract, the parent, the CONTRACTOR or the LEA may request a review of the student's IEP, subject to all procedural safeguards required by law, including reasonable notice given to, and participation of, the CONTRACTOR in the meeting. Every effort shall be made to schedule IEP team meetings at a time and place that is mutually convenient to parent, CONTRACTOR and LEA. CONTRACTOR shall provide to LEA assessments and written assessment reports by service providers upon request and/or pursuant to LEA policy and procedures. It is understood that attendance at an IEP meeting is part of CONTRACTOR'S professional responsibility and is not a billable service under this Master Contract.

It is understood that the CONTRACTOR shall utilize the approved electronic IEP system of the LEA for all IEP planning and progress reporting at the LEA's discretion. The LEA or SELPA may provide training for any CONTRACTOR to ensure access to the approved system. The CONTRACTOR shall maintain confidentiality of all IEP data on the approved system and shall protect the password requirements of the system. When a student dis-enrolls from the NPS/NPA, the NPS/NPA and LEA shall discontinue use of the approved system for that student.

Changes in any student's educational program, including instruction, services, or instructional setting provided under this Master Contract, may only be made on the basis of revisions to the student's IEP. In the event that the CONTRACTOR believes the student requires a change of placement, the CONTRACTOR may request a review of the student's IEP for the purposes of consideration of a change in the student's placement. Student is entitled to remain in the last agreed upon and implemented placement unless parent agrees otherwise or an Interim Alternative Educational Setting is deemed lawful and appropriate by LEA or OAH consistent with Section 1415 (k)(1)(7) of Title 20 of the United States Code.

If CONTRACTOR is an NPS, CONTRACTOR shall ensure private and confidential communication, including telecommunication, between a pupil of the NPS and members of the pupil's IEP team and the CDE's Constituent Services Office, at the pupil's discretion.

33. SURROGATE PARENTS AND FOSTER YOUTH

CONTRACTOR shall recognize an LEA appointed surrogate parent assignments for students without parental representation, including unaccompanied homeless youths, in special education procedures pursuant to California Government Code Section 7579.5. Surrogate parents shall serve as the child's parent and have all the rights relative to the student's education that a parent has under the Individuals with Disabilities Education Act pursuant to *20 USC 1414-1482 and 34 CFR 300.1-300.756.* A pupil in foster care shall be defined pursuant to California Education Code section 42238.01(b). The LEA shall annually notify the CONTRACTOR who the LEA has designated as the educational liaison for foster children. When a pupil in foster care is enrolled in a NPS by the LEA any time after the completion of the pupil's second year of high school, the CONTRACTOR shall schedule the pupil in courses leading

towards graduation based on the diploma requirements of the LEA unless provided notice otherwise in writing pursuant to Section 51225.1.

34. DUE PROCESS PROCEEDINGS

CONTRACTOR shall fully participate in special education due process proceedings including mediations and hearings, as requested by LEA. Participation further includes the willingness to make CONTRACTOR's staff available for witness preparation and testimony as is necessary to facilitate a due process hearing. CONTRACTOR shall also fully participate in the investigation and provision of documentation related to any complaint filed with the State of California, the Office of Civil Rights, or any other state and/or federal governmental body or agency. Full participation shall include, but in no way be limited to, cooperating with LEA representatives to provide complete answers raised by any investigator and/or the immediate provision of any and all documentation that pertains to the operation of CONTRACTOR's program and/or the implementation of a particular student's IEP/Individual and Family Service Plan ("IFSP").

35. COMPLAINT PROCEDURES

CONTRACTOR shall maintain and adhere to its own written procedures for responding to parent complaints. These procedures shall include annually notifying and providing parents of students with appropriate information (including complaint forms) for the following: (1) Uniform Complaint Procedures pursuant to Title 5 of the California Code of Regulations section 4600 *et seq*.; (2) Nondiscrimination policy pursuant to Title 5 of the California Code of Regulations section 4960 (a); (3) Sexual Harassment Policy, California Education Code 231.5 (a) (b) (c); (4) Title IX Student Grievance Procedure, Title IX 106.8 (a) (d) and 106.9 (a); and (5) Notice of Privacy Practices in compliance with Health Insurance Portability and Accountability Act ("HIPAA"). CONTRACTOR shall include verification of these procedures to the LEA. CONTRACTOR shall immediately notify LEA of any complaints filed against it related to LEA students and provide LEA with all documentation related to the complaints and/or its investigation of complaints, including any and all reports generated as a result of an investigation.

36. STUDENT PROGRESS REPORTS/REPORT CARDS AND ASSESSMENTS

Unless LEA requests in writing that progress reports be provided on a monthly basis, CONTRACTOR shall provide to LEA at least two (2) written progress reports/report cards annually, two (2) weeks prior to the end of each semester. At a minimum, progress reports shall include progress over time towards IEP goals and objectives. A copy of the progress reports/report cards shall be maintained at the CONTRACTOR's place of business and shall be submitted to the LEA two (2) weeks prior to the end of each semester, in accordance with the LEA's procedures and school calendar.

The CONTRACTOR shall also provide an LEA representative access to supporting documentation used to determine progress on any goal or objective, including but not limited to log sheets, observation notes, data sheets, pre/post tests, rubrics and other similar data collection used to determine progress or lack of progress on approved goals, objectives, transition plans or behavior intervention plans. The LEA may request such data at any time within five (5) years of the date of service. The CONTRACTOR shall provide this data supporting progress within five (5) business days of request. Additional time may be granted as needed by the LEA.

CONTRACTOR shall complete academic or other evaluations of the student ten (10) days prior to the student's annual or triennial review IEP team meeting for the purpose of reporting the student's present levels of performance at the IEP team meeting as required by state and federal laws and regulations and pursuant to LEA policies, procedures, and/or practices. CONTRACTOR shall provide sufficient copies of its reports, documents, and projected goals to share with members of the IEP team five (5) business days prior to the IEP meeting. CONTRACTOR shall maintain supporting documentation such as test protocols and data collection, which shall be made available to LEA within five (5) business days of request.

The CONTRACTOR is responsible for all evaluation costs regarding the updating of goals and objectives, progress reporting and development of present levels of performance. All assessments resulting from an assessment plan shall be provided by the LEA unless the LEA specifies in writing a request that CONTRACTOR perform such additional assessment. Any assessment and/or evaluation costs may be added to the ISA and/or approved separately by the LEA at the LEA's sole discretion.

It is understood that all billable hours must be in direct services to pupils as specified in the ISA. For NPA services, supervision provided by a qualified individual as specified in Title 5 Regulation, subsection 3065, shall be determined as appropriate and included in the ISA. Supervision means the direct observation of services, data review, case conferencing and program design consistent with professional standards for each professional's license, certification, or credential.

CONTRACTOR shall not charge the student's parent(s) or LEA for the provision of progress reports, report cards, evaluations conducted in order to obtain present levels of performance, interviews, and/or meetings. It is understood that all billable hours have limits to those specified on the ISA consistent with the IEP. It is understood that copies of data collection notes, forms, charts and other such data are part of the pupil's record and shall be made available to the LEA upon written request.

37. GRADES, HIGH SCHOOL COURSE CREDITS, & TRANSCRIPTS

When CONTRACTOR is a NPS, CONTRACTOR is responsible for assigning grades for any course of instruction taught at the NPS. The grades determined by the pupil's teacher, in the absence of clerical or mechanical mistake, fraud, bad faith, or incompetency, shall be final and consistent with the provisions specified in EC Section 49066. The grades each pupil receives in all courses of instruction taught by the NPS shall be reported to the parents and the LEA on a quarterly basis. Consistent with the LEA, should it become evident to the NPS the pupil is in danger of failing a course, the CONTRACTOR must initiate a parent conference, and the LEA representative must be in attendance.

When CONTRACTOR serves students in grades nine (9) through twelve (12) inclusive, LEA shall provide to CONTRACTOR a specific list of the course requirements to be satisfied by the CONTRACTOR leading toward graduation or completion of LEA's diploma requirements. CONTRACTOR shall not recommend awarding a high school diploma to students who have not successfully completed all of the LEA's graduation requirements.

Pupils enrolled in high school during the 2020-2021 academic year may request a Pass or No Pass grade as permitted in EC Section 49066.5, which may be reflected on the student's transcript and shall not negatively affect the pupil's grade point average.

CONTRACTOR shall prepare transcripts at the close of each semester, or upon student transfer, for students in grades nine (9) through twelve (12) inclusive, and submit them on LEA approved forms to the student's school of residence for evaluation of progress toward completion of diploma requirements as specified in LEA Procedures. CONTRACTOR shall submit to the LEA names of students and their schools of residence for whom transcripts have been submitted as specified by the LEA.

INDIVIDUAL TRANSITION PLANNING – AB 438, Approved on September 28, 2024

Effective July 1, 2025, if determined appropriate by the pupil's IEP team, beginning when the pupil starts their high school experience and not later than when the pupil is 16 years of age or younger, as appropriate, and annually thereafter, a statement of needed transition services shall be included in the pupil's individualized education program. If the individualized education program team determines that the pupil would benefit from the postponement of the inclusion of appropriate measurable postsecondary goals and transition services until 16 years of age, rather than when the pupil begins their high school experience, the individualized education program team shall appropriately justify the basis for that postponement. (EC section 56043(h).)

38. STUDENT CHANGE OF RESIDENCE

Within five (5) school days from the date CONTRACTOR becomes aware of a student's change of residence, CONTRACTOR shall notify LEA, in writing, of the student's change of residence. Upon enrollment, CONTRACTOR shall notify parents in writing of their obligation to notify CONTRACTOR of the student's change of residence. CONTRACTOR shall maintain, and provide upon request by LEA, documentation of such notice to parents.

If CONTRACTOR had knowledge or should reasonably have had knowledge of the student's change of residence boundaries and CONTRACTOR fails to follow the procedures specified in this provision, LEA shall not be responsible for the costs of services delivered following the student's change of residence.

39. WITHDRAWAL OF STUDENT FROM PROGRAM

CONTRACTOR shall immediately report electronically and in writing to the LEA within five (5) business days when an LEA student is withdrawn without prior notice from school and/or services, including student's change of residence to a residence outside of LEA service boundaries, and parent/guardian withdrawal of student against professional advice from a NPS/RTC.

40. PARENT ACCESS

CONTRACTOR shall provide for reasonable parental access to students and all facilities including, but not limited to, the instructional setting, recreational activity areas, meeting rooms and student living quarters, when applicable. CONTRACTOR shall comply with any known court orders regarding parental visits and access to LEA students.

CONTRACTOR operating programs associated with a NPS/RTC shall cooperate with a parent's reasonable request for LEA student therapeutic visits in their home or at the NPS/RTC. CONTRACTOR shall require that parents obtain prior written authorization for therapeutic visits from the CONTRACTOR and the LEA at least thirty (30) days in advance. When requested, CONTRACTOR shall facilitate all parent travel and accommodations and for providing travel information to the parent as appropriate. Payment by LEA for approved travel-related expenses shall be made directly through the LEA consistent with LEA Procedures.

CONTRACTOR providing services in the student's home as specified in the IEP shall ensure that at least one parent of the child, or an adult caregiver with written and signed authorization to make decisions in an emergency, is present. The names of any adult caregiver other than the parent shall be provided to the LEA prior to the start of any home based services, including written and signed authorization in emergency situations. The parent shall inform the LEA of any changes of caregivers and provide written authorization for emergencies. The adult caregiver cannot also be an employee or volunteer associated with the NPS/NPA service provider.

All problems and/or concerns, both verbal and written, reported to pupil's parents shall also be provided, in writing, to the LEA.

41. LICENSED CHILDREN'S INSTITUTION ("LCI") CONTRACTORS AND RESIDENTIAL TREATMENT CENTER ("RTC") CONTRACTORS

If CONTRACTOR is a LCI, CONTRACTOR shall adhere to all legal requirements regarding educational placements for LCI students as stated in Education Code 56366 (a) (2) (C), 56366.9 (c) (1), Health and Safety Code section 1501.1 and any other applicable laws and/or regulations, including LEA guidelines or procedures. An LCI shall not require that a pupil be placed in its NPS as a condition of being placed in its residential facility.

If CONTRACTOR is a NPS/RTC, CONTRACTOR shall adhere to all legal requirements under the Individuals with Disabilities Education Act (IDEA), 20 U.S.C. section 1400 et seq. including the federal regulations 34 C.F.R section 300 et seq. and Education Code section 56000 et seq. including Title 5 of the

California Code of Regulations section 3000 et seq. CONTRACTOR shall comply with all monitoring requirements set forth in Section 43 below.

If CONTRACTOR is a NPS that is owned, operated by, or associated with a LCI, CONTRACTOR shall provide to LEA, on a quarterly basis, a list of all students, including those identified as eligible for special education. For those identified as special education students, the list shall include: 1) special education eligibility at the time of enrollment and; 2) the educational placement and services specified in each student's IEP at the time of enrollment. A copy of the current IEP shall be provided to the LEA.

Unless placement is made pursuant to an Office of Administrative Hearings order or a lawfully executed agreement between LEA and parent, LEA is not responsible for the costs associated with NPS placement until the date on which an IEP team meeting is convened, the IEP team determines that a NPS placement is appropriate, and the IEP is signed by the student's parent or another adult with educational decision-making rights.

In addition to meeting the certification requirements of the State of California, a CONTRACTOR that operates a program outside of this State shall be certified or licensed by that state to provide, respectively, special education and related services and designated instruction and related services to pupils under the federal IDEA (20 U.S.C. During the term of this Master Contract, unless otherwise agreed, CONTRACTOR shall comply with all applicable federal, state, and local statutes, laws, ordinances, rules, policies and regulations. If CONTRACTOR fails to execute the new Master Contract within such ninety-day period, all payments shall cease until such time as the new Master Contract for the current school year is signed and returned to LEA by CONTRACTOR. (California Education Code section 56366(c)(1) and (2)). 17. INDEPENDENT CONTRACTOR

Nothing herein contained will be construed to imply a joint venture, partnership or principal-agent relationship between the LEA and CONTRACTOR. CONTRACTOR shall provide all services under this Contract as an independent contractor, and neither party shall have the authority to bind or make any commitment on behalf of the other. Nothing contained in this Contract shall be deemed to create any association, partnership, joint venture or relationship of principal and agent, master and servant, or employer and employee between the parties or any affiliates of the parties, or between the LEA and any individual assigned by CONTRACTOR to perform any services for the LEA.

If the LEA is determined to be a partner, joint venture, co-principal, employer or co-employer of CONTRACTOR, CONTRACTOR shall indemnify and hold harmless the LEA from and against any and all claims for loss, liability, or damages arising from that determination, as well as any expenses, costs, taxes, penalties and interest charges incurred by the LEA as a result of that holding.

18. SUBCONTRACTING

The LEA shall neither execute an ISA with CONTRACTOR nor amend an existing ISA for a student when a recommendation for special education and/or related services is based in whole or in part on assessment(s) or reports provided by CONTRACTOR to the student without prior written authorization by LEA. This paragraph shall apply to CONTRACTOR regardless of when an assessment is performed or a report is prepared (i.e., before or after the student is enrolled in CONTRACTOR's school/agency) or whether an assessment of the student is performed or a report is prepared in the normal course of the services provided to the student by CONTRACTOR. To avoid conflict of interest, and in order to ensure the appropriateness of an Independent Educational Evaluation (hereinafter referred to as "IEE") and its recommendations, the LEA may not fund an IEE by an evaluator who provides ongoing service(s) or is sought to provide service(s) to the student for whom the IEE is requested. Likewise, the LEA may not fund services through the evaluator whose IEE the LEA agrees to fund. When no other appropriate assessor is available, LEA may request and if CONTRACTOR agrees, the CONTRACTOR may provide an IEE.

CONTRACTOR shall not admit a student living within the jurisdictional boundaries of the LEA on a private pay or tuition free "scholarship" basis and concurrently or subsequently advise/request parent(s) to pursue funding for the admitted school year from the LEA through due process proceedings.

If student services are provided by a third party (i.e. Related Services Provider), CONTRACTOR shall notify LEA if provision of services cease.

Unless otherwise agreed to between CONTRACTOR and LEA, CONTRACTOR shall be responsible for the provision of all appropriate supplies, equipment, and/or facilities, as specified in the student's IEP and ISA. CONTRACTOR shall make no charge of any kind to parents for special education and/or related services as specified in the student's IEP and ISA (including, but not limited to, screenings, assessments, or interviews that occur prior to or as a condition of the student's enrollment under the terms of this Master Contract). LEA shall provide low incidence equipment for eligible students with low incidence disabilities when specified in the student's IEP and ISA. Such equipment remains the property of the SELPA/LEA and shall be returned to the SELPA/LEA when the IEP team determines the equipment is no longer needed or when the student is no longer enrolled in the NPS. CONTRACTOR shall ensure that

facilities are adequate to provide LEA students with an environment which meets all pertinent health and safety regulations. CONTRACTOR may charge a student's parent(s) for services and/or activities not necessary for the student to receive a free appropriate public education after: (a) written notification to the student's parent(s) of the cost and voluntary nature of the services and/or activities; and (b) receipt by the LEA of the written notification and a written acknowledgment signed by the student's parent(s) of the cost and voluntary nature of the services and/or activities. CONTRACTOR shall adhere to all LEA requirements concerning parent acknowledgment of financial responsibility.

Voluntary services and/or activities not necessary for the student to receive a free appropriate public education shall not interfere with the student's receipt of special education and/or related services as specified in the student's IEP and ISA unless the LEA, CONTRACTOR, and PARENT agree otherwise in writing.

CONTRACTOR shall not award a high school diploma to students who have not successfully completed all of the LEA's graduation requirements.

When CONTRACTOR is a NPA and/or related services provider, CONTRACTOR's general program of instruction and/or services shall utilize evidence-based practices and be consistent with LEA and CDE guidelines and certification, and provided as specified in the student's IEP and ISA. The NPA providing Behavior Intervention services shall develop a written plan that specifies the nature of their NPA service for each student within thirty (30) days of enrollment and shall be provided in writing to the LEA. School-based services may not be unilaterally converted by CONTRACTOR to a substitute program or provided at a location not specifically authorized by the IEP team. Except for services provided by a CONTRACTOR that is a Licensed Children's Institution (LCI), all services not provided in the school setting require the presence of a parent, guardian or adult caregiver during the delivery of services, provided such guardian or caregiver have a signed authorization by the parent or legal guardian to authorize emergency services as requested. LCI CONTRACTORS shall ensure that appropriate and qualified residential or clinical staff is present during the provision of services under this Master Contract. CONTRACTOR shall immediately notify LEA in writing if no parent, guardian or adult caregiver is present. CONTRACTOR shall provide to LEA a written description of the services and location provided prior to the effective date of this Master Contract. CONTRACTORS providing Behavior Intervention services must have a trained behaviorist or trained equivalent on staff. It is understood that Behavior Intervention services are limited per CDE Certification and do not constitute an instructional program.

When CONTRACTOR is a NPA, CONTRACTOR shall not provide transportation nor subcontract for transportation services for students unless the LEA and CONTRACTOR agree otherwise in writing.

23. INSTRUCTIONAL MINUTES

When CONTRACTOR is a NPS, the total number of instructional minutes per school day provided by CONTRACTOR shall be at least equivalent to the number of instructional minutes per school day provided to students at like grade level attending LEA schools and shall be specified in the student's ISA developed in accordance with the student's IEP.

Upon prior written approval by an authorized LEA representative, class size may be temporarily increased by a ratio of 1 teacher to fourteen (14) students when necessary, during the regular or extended school year to provide services to students with disabilities.

In the event a NPS is unable to fill a vacant teaching position responsible for direct instruction to students, and the vacancy has direct impact on the CDE Certification of that school, the NPS shall develop a plan to ensure appropriate coverage of students by first utilizing existing certificated staff. The NPS and the LEA may agree to one 30 school day period per contract year where class size may be increased to ensure coverage by an appropriately credentialed teacher. Such an agreement shall be in writing and signed by both parties. This provision does not apply to a NPA.

CONTRACTOR providing special education instruction for individuals with exceptional needs between the ages of three and five years, inclusive, shall also comply with the appropriate instructional adult to child ratios pursuant to California Education Code sections 56440 et seq.

Billable days shall include only those days that are included on the submitted and approved school calendar, and/or required by the IEP (developed by the LEA) for each student. CONTRACTOR shall not be allowed to change its school calendar and/or amend the number of billable days without the prior written approval of the LEA. CONTRACTOR must submit any calendar changes to LEA in writing at least ten (10) business days prior to proposed change in order to be eligible for payment based upon the new calendar, if approved. Nothing in this Master Contract shall be interpreted to require the LEA to accept any requests for calendar changes.

Unless otherwise specified by the student's IEP or ISA, educational services shall occur at the school site. A student shall only be eligible for extended school year services as determined by the IEP team and the provision of such is specifically included in the ISA. Extended school year shall consist of twenty (20) instructional days, unless otherwise agreed upon by the IEP team convened by the LEA. Any days of

extended school year in excess of twenty (20) billable days must be mutually agreed to, in writing, prior to the start of the extended school year.

Student must have actually been in attendance during the regular school year and/or during extended school year and received services on a billable day of attendance in order for CONTRACTOR to be eligible for payment. It is specifically understood that services may not be provided on weekends/holidays and other times when school is not in session, unless agreed to by the LEA, in writing, in advance of the delivery of any NPS service. Any instructional days provided without this written agreement shall be at the sole financial responsibility of the CONTRACTOR.

CONTRACTOR shall observe the same legal holidays as LEA. Those holidays are Labor Day, Veteran's Day, Thanksgiving Day, Christmas Day, New Year's Day, Martin Luther King Jr. Day, President's Day, Memorial Day, Juneteenth, and Independence Day. With the approval of LEA, CONTRACTOR may revise the date upon which CONTRACTOR closes in observance of any of the holidays observed by the LEA.

CONTRACTOR herein agrees to observe holidays as specified in the LEA-developed/approved calendar. CONTRACTOR shall provide services pursuant to the LEA-developed/approved calendar; or as specified in the LEA student's IEP and ISA. Unless otherwise specified in the LEA student's ISA, CONTRACTOR shall provide related services to LEA students on only those days that the LEA student's school of attendance is in session and the LEA student attends school. CONTRACTOR shall bill only for services provided on billable days of attendance as indicated on the LEA calendar unless CONTRACTOR and the LEA agree otherwise, in writing. Student must have actually been in attendance and/or received services on a billable day of attendance in order for CONTRACTOR to be eligible for payment. It is specifically understood that services may not be provided on weekends/holidays and other times when school is not in session, unless agreed to by the LEA, in writing, in advance of the delivery of any NPA service provided by CONTRACTOR. Any instructional days provided without this written agreement shall be at the sole financial responsibility of the CONTRACTOR.

26. DATA REPORTING AND TRAINING

CONTRACTOR shall agree to provide to the LEA all data related to student information and billing information with LEA. CONTRACTOR shall agree to provide data related to all sections of this contract, including student discipline as noted below, and requested by and in the format required by the LEA. It is understood that all NPS/A shall utilize the LEA approved electronic IEP system for all IEP development, service tracking documentation, and progress reporting, unless otherwise agreed to by the LEA. Additional progress reporting may be required by the LEA. The LEA shall provide the CONTRACTOR with appropriate user training and proper permissions to allow adequate access.

CONTRACTOR shall complete all LEA-specific trainings, orientations, and onboarding requirements designated by the LEA prior to commencing services. Completion of such trainings does not constitute billable service hours unless otherwise agreed to in writing by the LEA. CONTRACTOR shall complete any and all LEA required trainings prior to beginning work with students. CONTRACTOR shall document all session attendance in the LEA's approved electronic IEP system no later than the conclusion of each workday during which services are provided.

Using forms developed by the CDE or as otherwise mutually agreed upon by CONTRACTOR and LEA, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Code sections 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code sections 48900 and 48915.

The LEA shall provide the CONTRACTOR with approved forms and/or format for such data including, but not limited to, invoicing, attendance reports and progress reports. The LEA may approve use of CONTRACTOR'S provided forms at their discretion.

27. LEAST RESTRICTIVE ENVIRONMENT/DUAL ENROLLMENT

CONTRACTOR and LEA shall follow all LEA policies and procedures that support Least Restrictive Environment ("LRE") options and/or dual enrollment options if available and appropriate, for students to have access to the general curriculum and to be educated with their nondisabled peers to the maximum extent appropriate.

CONTRACTOR and LEA shall ensure that LRE placement options are addressed at all IEP team meetings regarding students for whom ISAs have been or may be executed. This shall include IEP team consideration of supplementary aids and services, goals and objectives necessary for placement in the LRE and necessary to enable students to transition to less restrictive settings.

When an IEP team has determined that a student should be transitioned into the public school setting, CONTRACTOR shall assist the LEA in implementing the IEP team's recommended activities to support the transition.

28. STATEWIDE ACHIEVEMENT TESTING

When CONTRACTOR is a NPS, per implementation of Senate Bill 484, CONTRACTOR shall administer all statewide assessments within the California Assessment of Student Performance and Progress ("CAASPP"), Desired Results Developmental Profile ("DRDP"), California Alternative Assessment ("CAA"), achievement and abilities tests (using LEA-authorized assessment instruments), the Fitness Gram, , the English Language Proficiency Assessments for California ("ELPAC"), the Alternative English Language Proficiency Assessments for California ("Alternative ELPAC"), and as appropriate to the student, and mandated by LEA pursuant to LEA and state and federal guidelines.

CONTRACTOR is subject to the alternative accountability system developed pursuant to Education Code section 52052, in the same manner as public schools. Each LEA student placed with CONTRACTOR by the LEA shall be tested by qualified staff of CONTRACTOR in accordance with that accountability program. LEA shall provide test administration training to CONTRACTOR'S qualified staff. CONTRACTOR shall attend LEA test training and comply with completion of all coding requirements as required by LEA.

29. MANDATED ATTENDANCE AT LEA MEETINGS

CONTRACTOR shall attend District mandated meetings when legal mandates, and/or LEA policy and procedures are reviewed, including but not limited to the areas of: curriculum, high school graduation, standards-based instruction, behavior intervention, cultural and linguistic needs of students with disabilities, dual enrollment responsibilities, LRE responsibilities, transition services, data collection, and standardized testing and IEPs. LEA shall provide CONTRACTOR with reasonable notice of mandated meetings. Attendance at such meetings does not constitute a billable service hour(s).

30. POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORTS

CONTRACTOR shall comply with the requirements of Education Code sections 49000, *et seq.,* 49005, *et seq*., 56521.1 and 56521.2. LEA students who exhibit behaviors that interfere with their learning or the learning of others must receive timely and appropriate assessments and positive supports and interventions in accordance with state and federal law and implementing regulations. If the IEP team determines that a student's behavior impedes the individual learning or the learning of others, the IEP team is required to consider the use of positive behavioral interventions and supports, and other strategies, to address that

behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations. This could mean that instead of developing a Behavior Intervention Plan ("BIP"), the IEP team may conclude it is sufficient to address the student's behavioral problems through the development of behavioral goals and behavioral interventions to support those goals.

CONTRACTOR shall maintain a written policy pursuant to California Education Code section 56521.1 regarding emergency interventions and behavioral emergency reports. CONTRACTOR shall ensure that all of its staff members are trained in crisis intervention, emergency procedures, and evidenced-based practices and interventions specific to the unique behavioral needs of the CONTRACTOR's pupil population. The training shall be provided within 30 days of employment to new staff who have any contact or interaction with pupils during the school day, and annually to all staff who have any contact or interaction with pupils during the school day. The CONTRACTOR shall select and conduct the training in accordance with California Education Code section 56366.1. CONTRACTOR shall maintain written records of the training and provide written verification of the training annually and upon request.

Emergency interventions are those interventions used with a student during the time they present a serious, dangerous behavior that staff has determined to be present a clear and present danger to self or others, which requires a non-violent physical intervention to protect the safety of student, self, or others that cannot be prevented by use of a less restrictive technique. Pursuant to Education Code section 56521.1, emergency interventions shall not be used as a substitute for a BIP, and shall not be employed longer than necessary to contain the behavior. Emergency interventions may only be used to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the individual with exceptional needs, or others, and that cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior. If a situation requires prolonged use of emergency intervention, staff must seek assistance from the school site administrator or a law enforcement agency.

CONTRACTOR shall complete a behavior emergency report when an emergency intervention is used ; or when a physical intervention has not been used, but an injury or serious property damage has occurred. Personal Safety Techniques may or may not have been used. A behavior emergency report form must be completed and submitted to the LEA within twenty-four (24) hours for administrative action. CONTRACTOR shall also notify Parent within twenty-four (24) hours via telephone. If the student's IEP does not contain a BIP, CONTRACTOR shall schedule with LEA an IEP meeting within two (2) days to review the behavior emergency report, determine if there is a necessity for a functional behavioral assessment, and to determine an interim plan. If applicable, the IEP team shall document the reasons for not conducting the functional behavioral assessment, not developing an interim plan, or both. If the student already has a BIP, and the incident involved a previously unseen or new serious behavior, or if preexisting behavioral interventions in the BIP were ineffective, CONTRACTOR shall schedule with LEA an IEP meeting to review and determine the need to modify the BIP.

Pursuant to Education Code section 56521.2, CONTRACTOR shall not authorize, order, consent to, or pay for the following interventions, or any other interventions similar to or like the following:

1. any intervention that is designed to, or likely to, cause physical pain, including, but not limited to, electric-shock;
2. an intervention that involves the release of noxious, toxic, or otherwise unpleasant sprays, mists, or substances in proximity to the face of the individual;
3. an intervention that denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities;
4. an intervention that is designed to subject, used to subject, or likely to subject, the individual to verbal abuse, ridicule, or humiliation, or that can be expected to cause excessive emotional trauma;
5. restrictive interventions that employ a device, material, or objects that simultaneously immobilize all four extremities;
6. prone restraint;
7. locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room;
8. an intervention that precludes adequate supervision of the individual;

9. an intervention that deprives the individual of one or more of the individual's senses.

CONTRACTOR shall comply with Education Code sections 49005.8, 56521.1 and 56521.2. Specifically, Contractor shall not do any of the following:

1. Use seclusion or a behavioral restraint for the purpose of coercion, discipline, convenience, or retaliation.
2. Use locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room.
3. Use a physical restraint technique that obstructs a pupil's respiratory airway or impairs the pupil's breathing or respiratory capacity, including techniques in which a staff member places pressure on a pupil's back or places the staff member's body weight against the pupil's torso or back.
4. Use a behavioral restraint technique that restricts breathing, including, but not limited to, using a pillow, blanket, carpet, mat, or other item to cover a pupil's face.
5. Use prone restraint, including but not limited to prone containment.
6. Use a behavioral restraint for longer than is necessary to contain the behavior that poses a clear and present danger of serious physical harm to the pupil or others.

CONTRACTOR shall keep constant, direct observation of a pupil who is in seclusion, which may be through observation of the pupil through a window, or another barrier, through which the educational provider is able to make direct eye contact with the pupil. This observation shall not be through indirect means, including through a security camera or a closed-circuit television.

CONTRACTOR shall afford pupils who are restrained the least restrictive alternative and the maximum freedom of movement, and shall use the least number of restraint points, while ensuring the physical safety of the pupil and others.

In the case of a child whose behavior impedes the child's learning or that of others, the IEP team shall consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations.

All restraint practices must be reviewed and revised when they have an adverse effect on a student and are used repeatedly for an individual child, either on multiple occasions within the same classroom or multiple uses by the same individual. CONTRACTOR shall notify the student's parent/guardian when any type of physical or mechanical restraint or seclusion has been used. Upon the use of any type of physical or mechanical restraint or seclusions of an LEA student, CONTRACTOR shall complete a BER per the reporting and notification requirements listed above.

31. STUDENT DISCIPLINE

CONTRACTOR shall maintain and abide by a written policy for student discipline that is consistent with state and federal law and regulations. Using forms developed by the California Department of Education or as otherwise mutually agreed upon by CONTRACTOR and LEA, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Codes 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code Sections 48900 and 48915.

When CONTRACTOR seeks to remove a student from his/her current educational placement for disciplinary reasons, CONTRACTOR shall immediately submit a written discipline report to the LEA. Written discipline reports shall include, but not be limited to: the student's name; the time, date, and description of the misconduct; the disciplinary action taken by CONTRACTOR; and the rationale for such disciplinary action. A copy of the student's behavior plan, if any, shall be submitted with the written discipline report. CONTRACTOR and LEA agree to participate in a manifestation determination at an IEP meeting no later than the tenth (10^{th}) day of suspension

32. IEP TEAM MEETINGS

An IEP team meeting shall be convened at least annually to evaluate: (1) the educational progress of each student placed with CONTRACTOR, including all state assessment results pursuant to the requirements of Education Code section 52052; (2) whether or not the needs of the student continue to be best met at the NPS; and (3) whether changes to the student's IEP are necessary, including whether the student may be transitioned to a public school setting. (California Education Code sections 56366 (a) (2) (B) (i) and (ii)) and pursuant to California Education Code section 56345 (b) (4).)

If the LEA student is to be transferred from a NPS setting into a regular class setting in a public school for any part of the school day, the IEP team shall document a description of activities provided to integrate the student into the regular education program, including the nature of each activity as well as the time spent on the activity each day or week and a description of the activities provided to support the transition of the student from the special education program into the regular education program. Each student shall be allowed to provide confidential input to any representative of the individual IEP team. Except as otherwise provided in the Master Contract, CONTRACTOR and LEA shall participate in all IEP team meetings regarding students for whom ISAs have been or may be executed. At any time during the term of this Master Contract, the parent, the CONTRACTOR or the LEA may request a review of the student's IEP, subject to all procedural safeguards required by law, including reasonable notice given to, and participation of, the CONTRACTOR in the meeting. Every effort shall be made to schedule IEP team meetings at a time and place that is mutually convenient to parent, CONTRACTOR and LEA. CONTRACTOR shall provide to LEA assessments and written assessment reports by service providers upon request and/or pursuant to LEA policy and procedures. It is understood that attendance at an IEP meeting is part of CONTRACTOR'S professional responsibility and is not a billable service under this Master Contract.

It is understood that the CONTRACTOR shall utilize the approved electronic IEP system of the LEA for all IEP planning and progress reporting at the LEA's discretion. The LEA or SELPA may provide training for any CONTRACTOR to ensure access to the approved system. The CONTRACTOR shall maintain confidentiality of all IEP data on the approved system and shall protect the password requirements of the system. When a student dis-enrolls from the NPS/NPA, the NPS/NPA and LEA shall discontinue use of the approved system for that student.

Changes in any student's educational program, including instruction, services, or instructional setting provided under this Master Contract, may only be made on the basis of revisions to the student's IEP. In the event that the CONTRACTOR believes the student requires a change of placement, the CONTRACTOR may request a review of the student's IEP for the purposes of consideration of a change in the student's placement. Student is entitled to remain in the last agreed upon and implemented placement unless parent agrees otherwise or an Interim Alternative Educational Setting is deemed lawful and appropriate by LEA or OAH consistent with Section 1415 (k)(1)(7) of Title 20 of the United States Code.

If CONTRACTOR is an NPS, CONTRACTOR shall ensure private and confidential communication, including telecommunication, between a pupil of the NPS and members of the pupil's IEP team and the CDE's Constituent Services Office, at the pupil's discretion.

33. SURROGATE PARENTS AND FOSTER YOUTH

CONTRACTOR shall recognize an LEA appointed surrogate parent assignments for students without parental representation, including unaccompanied homeless youths, in special education procedures pursuant to California Government Code Section 7579.5. Surrogate parents shall serve as the child's parent and have all the rights relative to the student's education that a parent has under the Individuals with Disabilities Education Act pursuant to *20 USC 1414-1482 and 34 CFR 300.1-300.756.* A pupil in foster care shall be defined pursuant to California Education Code section 42238.01(b). The LEA shall annually notify the CONTRACTOR who the LEA has designated as the educational liaison for foster children. When a pupil in foster care is enrolled in a NPS by the LEA any time after the completion of the pupil's second year of high school, the CONTRACTOR shall schedule the pupil in courses leading

towards graduation based on the diploma requirements of the LEA unless provided notice otherwise in writing pursuant to Section 51225.1.

34. DUE PROCESS PROCEEDINGS

CONTRACTOR shall fully participate in special education due process proceedings including mediations and hearings, as requested by LEA. Participation further includes the willingness to make CONTRACTOR's staff available for witness preparation and testimony as is necessary to facilitate a due process hearing. CONTRACTOR shall also fully participate in the investigation and provision of documentation related to any complaint filed with the State of California, the Office of Civil Rights, or any other state and/or federal governmental body or agency. Full participation shall include, but in no way be limited to, cooperating with LEA representatives to provide complete answers raised by any investigator and/or the immediate provision of any and all documentation that pertains to the operation of CONTRACTOR's program and/or the implementation of a particular student's IEP/Individual and Family Service Plan ("IFSP").

35. COMPLAINT PROCEDURES

CONTRACTOR shall maintain and adhere to its own written procedures for responding to parent complaints. These procedures shall include annually notifying and providing parents of students with appropriate information (including complaint forms) for the following: (1) Uniform Complaint Procedures pursuant to Title 5 of the California Code of Regulations section 4600 *et seq*.; (2) Nondiscrimination policy pursuant to Title 5 of the California Code of Regulations section 4960 (a); (3) Sexual Harassment Policy, California Education Code 231.5 (a) (b) (c); (4) Title IX Student Grievance Procedure, Title IX 106.8 (a) (d) and 106.9 (a); and (5) Notice of Privacy Practices in compliance with Health Insurance Portability and Accountability Act ("HIPAA"). CONTRACTOR shall include verification of these procedures to the LEA. CONTRACTOR shall immediately notify LEA of any complaints filed against it related to LEA students and provide LEA with all documentation related to the complaints and/or its investigation of complaints, including any and all reports generated as a result of an investigation.

36. STUDENT PROGRESS REPORTS/REPORT CARDS AND ASSESSMENTS

Unless LEA requests in writing that progress reports be provided on a monthly basis, CONTRACTOR shall provide to LEA at least two (2) written progress reports/report cards annually, two (2) weeks prior to the end of each semester. At a minimum, progress reports shall include progress over time towards IEP goals and objectives. A copy of the progress reports/report cards shall be maintained at the CONTRACTOR's place of business and shall be submitted to the LEA two (2) weeks prior to the end of each semester, in accordance with the LEA's procedures and school calendar.

The CONTRACTOR shall also provide an LEA representative access to supporting documentation used to determine progress on any goal or objective, including but not limited to log sheets, observation notes, data sheets, pre/post tests, rubrics and other similar data collection used to determine progress or lack of progress on approved goals, objectives, transition plans or behavior intervention plans. The LEA may request such data at any time within five (5) years of the date of service. The CONTRACTOR shall provide this data supporting progress within five (5) business days of request. Additional time may be granted as needed by the LEA.

CONTRACTOR shall complete academic or other evaluations of the student ten (10) days prior to the student's annual or triennial review IEP team meeting for the purpose of reporting the student's present levels of performance at the IEP team meeting as required by state and federal laws and regulations and pursuant to LEA policies, procedures, and/or practices. CONTRACTOR shall provide sufficient copies of its reports, documents, and projected goals to share with members of the IEP team five (5) business days prior to the IEP meeting. CONTRACTOR shall maintain supporting documentation such as test protocols and data collection, which shall be made available to LEA within five (5) business days of request.

The CONTRACTOR is responsible for all evaluation costs regarding the updating of goals and objectives, progress reporting and development of present levels of performance. All assessments resulting from an assessment plan shall be provided by the LEA unless the LEA specifies in writing a request that CONTRACTOR perform such additional assessment. Any assessment and/or evaluation costs may be added to the ISA and/or approved separately by the LEA at the LEA's sole discretion.

It is understood that all billable hours must be in direct services to pupils as specified in the ISA. For NPA services, supervision provided by a qualified individual as specified in Title 5 Regulation, subsection 3065, shall be determined as appropriate and included in the ISA. Supervision means the direct observation of services, data review, case conferencing and program design consistent with professional standards for each professional's license, certification, or credential.

CONTRACTOR shall not charge the student's parent(s) or LEA for the provision of progress reports, report cards, evaluations conducted in order to obtain present levels of performance, interviews, and/or meetings. It is understood that all billable hours have limits to those specified on the ISA consistent with the IEP. It is understood that copies of data collection notes, forms, charts and other such data are part of the pupil's record and shall be made available to the LEA upon written request.

37. GRADES, HIGH SCHOOL COURSE CREDITS, & TRANSCRIPTS

When CONTRACTOR is a NPS, CONTRACTOR is responsible for assigning grades for any course of instruction taught at the NPS. The grades determined by the pupil's teacher, in the absence of clerical or mechanical mistake, fraud, bad faith, or incompetency, shall be final and consistent with the provisions specified in EC Section 49066. The grades each pupil receives in all courses of instruction taught by the NPS shall be reported to the parents and the LEA on a quarterly basis. Consistent with the LEA, should it become evident to the NPS the pupil is in danger of failing a course, the CONTRACTOR must initiate a parent conference, and the LEA representative must be in attendance.

When CONTRACTOR serves students in grades nine (9) through twelve (12) inclusive, LEA shall provide to CONTRACTOR a specific list of the course requirements to be satisfied by the CONTRACTOR leading toward graduation or completion of LEA's diploma requirements. CONTRACTOR shall not recommend awarding a high school diploma to students who have not successfully completed all of the LEA's graduation requirements.

Pupils enrolled in high school during the 2020-2021 academic year may request a Pass or No Pass grade as permitted in EC Section 49066.5, which may be reflected on the student's transcript and shall not negatively affect the pupil's grade point average.

CONTRACTOR shall prepare transcripts at the close of each semester, or upon student transfer, for students in grades nine (9) through twelve (12) inclusive, and submit them on LEA approved forms to the student's school of residence for evaluation of progress toward completion of diploma requirements as specified in LEA Procedures. CONTRACTOR shall submit to the LEA names of students and their schools of residence for whom transcripts have been submitted as specified by the LEA.

INDIVIDUAL TRANSITION PLANNING – AB 438, Approved on September 28, 2024

Effective July 1, 2025, if determined appropriate by the pupil's IEP team, beginning when the pupil starts their high school experience and not later than when the pupil is 16 years of age or younger, as appropriate, and annually thereafter, a statement of needed transition services shall be included in the pupil's individualized education program. If the individualized education program team determines that the pupil would benefit from the postponement of the inclusion of appropriate measurable postsecondary goals and transition services until 16 years of age, rather than when the pupil begins their high school experience, the individualized education program team shall appropriately justify the basis for that postponement. (EC section 56043(h).)

Within thirty (30) days from the date of receipt of such notice, CONTRACTOR shall take all necessary and appropriate action to correct the deficiencies that form the basis for LEA's withholding payment or submit a written request for extension of time to correct the deficiencies or submit to LEA written documentation demonstrating that the basis or bases cited by the LEA for withholding payment is unfounded. Upon receipt of CONTRACTOR's written request showing good cause, LEA shall extend CONTRACTOR's time to correct deficiencies (usually an additional thirty (30) days), otherwise payment will be denied.

If after subsequent request for payment has been denied and CONTRACTOR believes that payment should not be withheld, CONTRACTOR shall send written notice to LEA specifying the reason it believes payment should not be withheld. LEA shall respond to CONTRACTOR's notice within thirty (30) business days by indicating that a warrant for the amount of payment will be made or stating the reason LEA believes payment should not be made. If LEA fails to respond within thirty (30) business days or a dispute regarding the withholding of payment continues after the LEA's response to CONTRACTOR's notice, CONTRACTOR may invoke the following escalation policy.

After forty-five (45) business days: The CONTRACTOR may notify the Authorized LEA's Representative of the dispute in writing. The LEA Authorized Representative shall respond to the CONTRACTOR in writing within fifteen (15) business days.

After sixty (60) business days: The LEA or CONTRACTOR may appeal to the County Superintendent of Schools so long as the County Superintendent of Schools is not participating in the Local Plan involved in the NPS/A contract, or a mutually agreed upon mediator. Both parties agree to pay for their own costs and expenses arising out of such mediation. Each party agrees to act in good faith in participating in any mediation process agreed to by the parties.

58. PAYMENT FROM OUTSIDE AGENCIES

CONTRACTOR shall notify LEA when Medi-Cal or any other agency is billed for the costs associated with the provision of special education and/or related services to students. Upon request, CONTRACTOR shall provide to LEA any and all documentation regarding reports, billing, and/or payment by Medi-Cal or any other agency for the costs associated with the provision of special education and/or related services to students. CONTRACTOR shall provide prior written notice of the rights and protections required by Title

34 of the Code of Federal Regulations section 300.154(d) whenever it seeks to use the LEA students' public benefits to pay for special education and related services. Such notice shall be provided before seeking payment from Medi-Cal for the first time and annually.

59. PAYMENT FOR ABSENCES

NONPUBLIC SCHOOL STAFF ABSENCE

Whenever a classroom teacher employed by CONTRACTOR is absent, CONTRACTOR shall provide an appropriately credentialed substitute teacher in the absent teacher's classroom in accordance with California Education Code section 56061. CONTRACTOR shall provide to LEA documentation of substitute coverage pursuant to the LEA Procedures. Substitute teachers shall remain with their assigned class during all instructional time. LEA will not pay for instruction and/or services unless said instruction or service is provided by an appropriately credentialed substitute teacher.

Whenever a related service provider is absent, CONTRACTOR shall provide a qualified (as defined in Section 7 of this agreement and as determined by LEA) substitute. LEA will not pay for services unless a qualified substitute is provided and/or CONTRACTOR provides documentation evidencing the provision of "make-up" services by a qualified service provider within thirty (30) calendar days from the date on which the services should have been provided unless otherwise agreed in student's IEP.

NONPUBLIC SCHOOL STUDENT ABSENCE

If CONTRACTOR is a nonpublic school, no later than the tenth (10^{th}) cumulative day of a student's unexcused absence, CONTRACTOR shall notify the LEA of such absence.

Criteria for a billable day for payment purposes is one (1) day of attendance as defined in California Education Code, sections 46010, 46010.3 and 46307. LEA shall not pay for services provided on days that a student's attendance does not qualify for Average Daily Attendance (ADA) reimbursement under state law. *Per Diem* rates for students whose IEPs authorize less than a full instructional day may be adjusted on a pro rata basis in accordance with the actual proportion of the school day the student was served. LEA shall not be responsible for payment of related services for days on which a student's attendance does not qualify for Average Daily Attendance ("ADA") reimbursement under state law, nor shall student be eligible for make-up services.

NONPUBLIC AGENCY STAFF ABSENCE

When CONTRACTOR is a nonpublic agency and CONTRACTOR's service provider is absent, CONTRACTOR shall provide a qualified (as defined in Section 7 of this agreement and as determined by LEA) substitute, unless LEA provides appropriate coverage in lieu of CONTRACTOR's service providers. LEA shall not pay for services unless a qualified substitute is provided and/or CONTRACTOR provides documentation evidencing the provision of "make-up" services by a qualified service provider within thirty (30) calendar days from the date on which the services should have been provided. CONTRACTOR shall not "bank" or "carry over" make up service hours under any circumstances, unless otherwise agreed to in writing by CONTRACTOR and LEA. In the event services were not provided, reasons for why the services were not provided shall be included.

NONPUBLIC AGENCY STUDENT ABSENCE

If CONTRACTOR is a nonpublic agency, it shall notify LEA of the absence of a student no later than the third (3rd consecutive or cumulative service day of the student's absence. LEA shall not be responsible for the payment of services when a student is absent.

60. LEA and/or NONPUBLIC SCHOOL CLOSURE DUE TO EMERGENCY

The following shall apply in the event of a LEA or NPS school closure due to an emergency consistent with guidelines followed by LEAs in accordance with Education Code sections 41422 and 46392:

a. If CONTRACTOR remains open, if allowed, during an emergency and serves students appropriately as delineated in the ISA, CONTRACTOR shall receive payment, regardless of whether a sending LEA is open or closed.

b. NPS School Closure- In the event of a NPS School Closure for the reasons set forth in Education Code section 41422, if the LEA is able to obtain alternative placement for the student, CONTRACTOR shall not receive payment for days the student is not in attendance due to CONTRACTOR'S school closure. If the LEA is unable to obtain an alternative placement, CONTRACTOR shall receive payment consistent with the student's approved ISA, as though the student were continuing their regular attendance, until an alternative placement can be found and CONTRACTOR shall implement LEA student's IEP in accordance with Education Code section 56345(a)(9) pertaining to emergency conditions.

c. LEA and NPS School Closure- In the event of the LEA and NPS School Closures, on days the LEA is funded, CONTRACTOR shall receive payment consistent with the student's approved ISA, until an alternative placement can be found and CONTRACTOR shall implement LEA student's IEP in accordance with Education Code section 56345(a)(9) pertaining to emergency conditions. If the LEA is able to obtain alternative placement for the student, CONTRACTOR shall not receive payment for days the student is not in attendance with CONTRACTOR due to CONTRACTOR'S school closure.

When the emergency school closure is lifted, CONTRACTOR shall notify the LEAs it serves of any lost instructional minutes. CONTRACTOR and LEAs shall work collaboratively to determine the need for make-up days or service changes, and shall work together to amend IEP and ISA paperwork as appropriate.

61. INSPECTION AND AUDIT

The CONTRACTOR shall maintain and the LEA shall have the right to examine and audit all of the books, records, documents, accounting procedures and practices and other evidence that reflect all costs claimed to have been incurred or fees claimed to have been earned under this Agreement.

CONTRACTOR shall provide access to LEA to all records including, but not limited to: student pupils as defined by California Education Code section 49061(b); registers and roll books of teachers; daily service logs and notes or other documents used to record the provision of related services; Medi-Cal/daily service logs and notes used to record provision of services provided by instructional assistants, behavior intervention aides, bus aides, and supervisors; absence verification records (parent/doctor notes, telephone logs, and related documents); bus rosters; staff lists specifying credentials held, business licenses held, documents evidencing other qualifications, , dates of hire, and dates of termination; staff time sheets; non-paid staff and volunteer sign-in sheets; transportation and other related service subcontracts; school calendars; bell/class schedules when applicable; liability and worker's compensation insurance policies; state NPS/A certifications; by-laws; lists of current board of directors/trustees, if incorporated; other documents evidencing financial expenditures; federal/state payroll quarterly reports Form 941/DE3DP; and bank statements and canceled checks or facsimile thereof. Such access shall include unannounced inspections by LEA. CONTRACTOR shall make available to LEA all budgetary information including operating budgets submitted by CONTRACTOR to LEA for the relevant contract period being audited.

CONTRACTOR shall make all records available at the office of LEA or CONTRACTOR's offices (to be specified by LEA) at all reasonable times and without charge. All records shall be provided to LEA within five (5) working days of a written request from LEA. CONTRACTOR shall, at no cost to LEA, provide assistance for such examination or audit. LEA's rights under this section shall also include access to CONTRACTOR's offices for purposes of interviewing CONTRACTOR's employees. If any document or evidence is stored in an electronic form, a hard copy shall be made available to the LEA, unless the LEA agrees to the use of the electronic format.

CONTRACTOR shall obtain from its subcontractors and suppliers written agreements to the requirements of this section and shall provide a copy of such agreements to LEA upon request by LEA.

If an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm determines that CONTRACTOR owes LEA monies as a result of CONTRACTOR's over billing or failure to perform, in whole or in part, any of its obligations under this Master Contract, LEA shall provide to CONTRACTOR written notice demanding payment from CONTRACTOR and specifying the basis or bases for such demand. Unless CONTRACTOR and LEA otherwise agree in writing, CONTRACTOR shall pay to LEA the full amount owed as a result of CONTRACTOR's over billing and/or failure to perform, in whole or in part, any of its obligations under this Master Contract, as determined by an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm. CONTRACTOR shall make such payment to LEA within thirty (30) days of receipt of LEA's written notice demanding payment.

62. RATE SCHEDULE

The attached rate schedule (Exhibit A) limits the number of students that may be enrolled and maximum dollar amount of the contract. It may also limit the maximum number of students that can be provided specific services. Per Diem rates for students whose IEPs authorize less than a full instructional day may be adjusted proportionally. In such cases only, the adjustments in basic education rate shall be based on the required minimum number of minutes per grade level as set forth in paragraph 23, above, and in California Education Code Section 46200-46208.

Special education and/or related services offered by CONTRACTOR shall be provided by qualified personnel as per State and Federal law, and the codes and charges for such educational and/or related services during the term of this contract, shall be as stated in Exhibit A.

63. DEBARMENT CERTIFICATION

By signing this agreement, the CONTRACTOR certifies that:

(a) The CONTRACTOR and any of its shareholders, partners, or executive officers are <u>not</u> presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency, and

(b) Have not, within a three-year period preceding this contract, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, or receiving stolen property; and are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses.

64. PAYMENT FOR ROOM AND BOARD

When CONTRACTOR is an NPS associated with an RTC (NPS/RTC), CONTRACTOR shall be eligible for Room and Board payments on dates that the student was actually in attendance and received Room and Board services, payable for up to a maximum of 365 billable days or 366 days during a leap year, which may include a maximum of ten (10) days per Contract year when the student's bed is unoccupied due to home visits of a therapeutic nature, unless otherwise mutually agreed upon by CONTRACTOR and LEA. Any payment for additional days in special circumstances, such as a student's hospitalization or extended home visits exceeding ten (10) days in a Contract year, requires prior written approval from both the LEA and the CONTRACTOR.

CONTRACTOR shall be certified by the California Department of Education (hereinafter referred to as "CDE") as a NPS/A. All NPS/A services shall be provided consistent with the area of certification and licensure specified by CDE Certification and as defined in California Education Code, section 56366 et seq

During the term of this Master Contract, unless otherwise agreed, CONTRACTOR shall comply with all applicable federal, state, and local statutes, laws, ordinances, rules, policies and regulations. 4. TERM OF MASTER CONTRACT

The term of this Master Contract shall be from July 1, 2026 to June 30, 2027 (Title 5 California Code of Regulations section 3062(a)) unless otherwise stated. If, after 60 days the Master Contract or individual services agreement has not been finalized, as prescribed in paragraph (1) of subdivision (a), either party may appeal to the county superintendent of schools, if the county superintendent of schools is not participating in the local plan involved in the nonpublic, nonsectarian school or agency contract; or the Superintendent, if the county superintendent of schools is participating in the local plan involved in the contract, to negotiate the contract. Within 30 days of receipt of this appeal, the county superintendent of schools or the Superintendent, or the individual designee, shall mediate the formulation of a contract, which shall be binding upon both parties (Education Code 56366 (c) (2)). No Master Contract will be offered unless and until all of the contracting requirements have been satisfied. The offer of a Master Contract to a CONTRACTOR is at the sole discretion of the LEA.

At a minimum, such information shall include copies of current teacher credentials and clearance, insurance documentation and CDE certification. The LEA may require additional information as applicable. If the application packet is not completed and returned to District, no Master Contract will be issued. If CONTRACTOR does not return the Master Contract to LEA duly signed by an authorized representative within ninety (90) calendar days of issuance by LEA, the new contract rates will not take effect until the newly executed Master Contract is received by LEA and will not be retroactive to the first day of the new Master Contract's effective date. If CONTRACTOR fails to execute the new Master Contract within such ninety-day period, all payments shall cease until such time as the new Master Contract for the current school year is signed and returned to LEA by CONTRACTOR. (California Education Code section 56366(c)(1) and (2)). 17. INDEPENDENT CONTRACTOR

Nothing herein contained will be construed to imply a joint venture, partnership or principal-agent relationship between the LEA and CONTRACTOR. CONTRACTOR shall provide all services under this Contract as an independent contractor, and neither party shall have the authority to bind or make any commitment on behalf of the other. Nothing contained in this Contract shall be deemed to create any association, partnership, joint venture or relationship of principal and agent, master and servant, or employer and employee between the parties or any affiliates of the parties, or between the LEA and any individual assigned by CONTRACTOR to perform any services for the LEA.

If the LEA is determined to be a partner, joint venture, co-principal, employer or co-employer of CONTRACTOR, CONTRACTOR shall indemnify and hold harmless the LEA from and against any and all claims for loss, liability, or damages arising from that determination, as well as any expenses, costs, taxes, penalties and interest charges incurred by the LEA as a result of that holding.

18. SUBCONTRACTING

CONTRACTOR shall provide written notification to LEA before subcontracting for special education and/or related services pursuant to this Master Contract. The LEA shall neither execute an ISA with CONTRACTOR nor amend an existing ISA for a student when a recommendation for special education and/or related services is based in whole or in part on assessment(s) or reports provided by CONTRACTOR to the student without prior written authorization by LEA. This paragraph shall apply to CONTRACTOR regardless of when an assessment is performed or a report is prepared (i.e., before or after the student is enrolled in CONTRACTOR's school/agency) or whether an assessment of the student is performed or a report is prepared in the normal course of the services provided to the student by CONTRACTOR. To avoid conflict of interest, and in order to ensure the appropriateness of an Independent Educational Evaluation (hereinafter referred to as "IEE") and its recommendations, the LEA may not fund an IEE by an evaluator who provides ongoing service(s) or is sought to provide service(s) to the student for whom the IEE is requested. Likewise, the LEA may not fund services through the evaluator whose IEE the LEA agrees to fund. When no other appropriate assessor is available, LEA may request and if CONTRACTOR agrees, the CONTRACTOR may provide an IEE.

CONTRACTOR shall not admit a student living within the jurisdictional boundaries of the LEA on a private pay or tuition free "scholarship" basis and concurrently or subsequently advise/request parent(s) to pursue funding for the admitted school year from the LEA through due process proceedings.

CONTRACTOR shall provide special education and/or related services (including transition services) to each student within the NPS/A consistent with the student's IEP and as specified in the ISA. If CONTRACTOR is a NPS, CONTRACTOR shall not accept a student if it cannot provide or ensure the provision of the services outlined in the student's IEP. If student services are provided by a third party (i.e. Related Services Provider), CONTRACTOR shall notify LEA if provision of services cease.

Unless otherwise agreed to between CONTRACTOR and LEA, CONTRACTOR shall be responsible for the provision of all appropriate supplies, equipment, and/or facilities, as specified in the student's IEP and ISA. CONTRACTOR shall make no charge of any kind to parents for special education and/or related services as specified in the student's IEP and ISA (including, but not limited to, screenings, assessments, or interviews that occur prior to or as a condition of the student's enrollment under the terms of this Master Contract). LEA shall provide low incidence equipment for eligible students with low incidence disabilities when specified in the student's IEP and ISA. Such equipment remains the property of the SELPA/LEA and shall be returned to the SELPA/LEA when the IEP team determines the equipment is no longer needed or when the student is no longer enrolled in the NPS. CONTRACTOR shall ensure that

facilities are adequate to provide LEA students with an environment which meets all pertinent health and safety regulations. CONTRACTOR shall adhere to all LEA requirements concerning parent acknowledgment of financial responsibility.

Voluntary services and/or activities not necessary for the student to receive a free appropriate public education shall not interfere with the student's receipt of special education and/or related services as specified in the student's IEP and ISA unless the LEA, CONTRACTOR, and PARENT agree otherwise in writing.

When CONTRACTOR is a NPA and/or related services provider, CONTRACTOR's general program of instruction and/or services shall utilize evidence-based practices and be consistent with LEA and CDE guidelines and certification, and provided as specified in the student's IEP and ISA. The NPA providing Behavior Intervention services shall develop a written plan that specifies the nature of their NPA service for each student within thirty (30) days of enrollment and shall be provided in writing to the LEA. School-based services may not be unilaterally converted by CONTRACTOR to a substitute program or provided at a location not specifically authorized by the IEP team. Except for services provided by a CONTRACTOR that is a Licensed Children's Institution (LCI), all services not provided in the school setting require the presence of a parent, guardian or adult caregiver during the delivery of services, provided such guardian or caregiver have a signed authorization by the parent or legal guardian to authorize emergency services as requested. LCI CONTRACTORS shall ensure that appropriate and qualified residential or clinical staff is present during the provision of services under this Master Contract. Upon prior written approval by an authorized LEA representative, class size may be temporarily increased by a ratio of 1 teacher to fourteen (14) students when necessary, during the regular or extended school year to provide services to students with disabilities.

In the event a NPS is unable to fill a vacant teaching position responsible for direct instruction to students, and the vacancy has direct impact on the CDE Certification of that school, the NPS shall develop a plan to ensure appropriate coverage of students by first utilizing existing certificated staff. The NPS and the LEA may agree to one 30 school day period per contract year where class size may be increased to ensure coverage by an appropriately credentialed teacher. Such an agreement shall be in writing and signed by both parties. This provision does not apply to a NPA.

CONTRACTOR providing special education instruction for individuals with exceptional needs between the ages of three and five years, inclusive, shall also comply with the appropriate instructional adult to child ratios pursuant to California Education Code sections 56440 et seq.

Billable days shall include only those days that are included on the submitted and approved school calendar, and/or required by the IEP (developed by the LEA) for each student. CONTRACTOR shall not be allowed to change its school calendar and/or amend the number of billable days without the prior written approval of the LEA. CONTRACTOR must submit any calendar changes to LEA in writing at least ten (10) business days prior to proposed change in order to be eligible for payment based upon the new calendar, if approved. Nothing in this Master Contract shall be interpreted to require the LEA to accept any requests for calendar changes.

Unless otherwise specified by the student's IEP or ISA, educational services shall occur at the school site. A student shall only be eligible for extended school year services as determined by the IEP team and the provision of such is specifically included in the ISA. Extended school year shall consist of twenty (20) instructional days, unless otherwise agreed upon by the IEP team convened by the LEA. Any days of

extended school year in excess of twenty (20) billable days must be mutually agreed to, in writing, prior to the start of the extended school year.

It is specifically understood that services may not be provided on weekends/holidays and other times when school is not in session, unless agreed to by the LEA, in writing, in advance of the delivery of any NPS service. Any instructional days provided without this written agreement shall be at the sole financial responsibility of the CONTRACTOR.

CONTRACTOR shall observe the same legal holidays as LEA. Those holidays are Labor Day, Veteran's Day, Thanksgiving Day, Christmas Day, New Year's Day, Martin Luther King Jr. Day, President's Day, Memorial Day, Juneteenth, and Independence Day. CONTRACTOR shall provide services pursuant to the LEA-developed/approved calendar; or as specified in the LEA student's IEP and ISA. Unless otherwise specified in the LEA student's ISA, CONTRACTOR shall provide related services to LEA students on only those days that the LEA student's school of attendance is in session and the LEA student attends school. CONTRACTOR shall bill only for services provided on billable days of attendance as indicated on the LEA calendar unless CONTRACTOR and the LEA agree otherwise, in writing. Student must have actually been in attendance and/or received services on a billable day of attendance in order for CONTRACTOR to be eligible for payment. It is specifically understood that services may not be provided on weekends/holidays and other times when school is not in session, unless agreed to by the LEA, in writing, in advance of the delivery of any NPA service provided by CONTRACTOR. Any instructional days provided without this written agreement shall be at the sole financial responsibility of the CONTRACTOR.

26. DATA REPORTING AND TRAINING

CONTRACTOR shall agree to provide to the LEA all data related to student information and billing information with LEA. CONTRACTOR shall agree to provide data related to all sections of this contract, including student discipline as noted below, and requested by and in the format required by the LEA. It is understood that all NPS/A shall utilize the LEA approved electronic IEP system for all IEP development, service tracking documentation, and progress reporting, unless otherwise agreed to by the LEA. Additional progress reporting may be required by the LEA. The LEA shall provide the CONTRACTOR with appropriate user training and proper permissions to allow adequate access.

CONTRACTOR shall complete all LEA-specific trainings, orientations, and onboarding requirements designated by the LEA prior to commencing services. Completion of such trainings does not constitute billable service hours unless otherwise agreed to in writing by the LEA. CONTRACTOR shall complete any and all LEA required trainings prior to beginning work with students. CONTRACTOR shall document all session attendance in the LEA's approved electronic IEP system no later than the conclusion of each workday during which services are provided.

Using forms developed by the CDE or as otherwise mutually agreed upon by CONTRACTOR and LEA, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Code sections 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code sections 48900 and 48915.

The LEA shall provide the CONTRACTOR with approved forms and/or format for such data including, but not limited to, invoicing, attendance reports and progress reports. The LEA may approve use of CONTRACTOR'S provided forms at their discretion.

27. LEAST RESTRICTIVE ENVIRONMENT/DUAL ENROLLMENT

CONTRACTOR and LEA shall follow all LEA policies and procedures that support Least Restrictive Environment ("LRE") options and/or dual enrollment options if available and appropriate, for students to have access to the general curriculum and to be educated with their nondisabled peers to the maximum extent appropriate.

CONTRACTOR and LEA shall ensure that LRE placement options are addressed at all IEP team meetings regarding students for whom ISAs have been or may be executed. This shall include IEP team consideration of supplementary aids and services, goals and objectives necessary for placement in the LRE and necessary to enable students to transition to less restrictive settings.

When an IEP team has determined that a student should be transitioned into the public school setting, CONTRACTOR shall assist the LEA in implementing the IEP team's recommended activities to support the transition.

28. STATEWIDE ACHIEVEMENT TESTING

When CONTRACTOR is a NPS, per implementation of Senate Bill 484, CONTRACTOR shall administer all statewide assessments within the California Assessment of Student Performance and Progress ("CAASPP"), Desired Results Developmental Profile ("DRDP"), California Alternative Assessment ("CAA"), achievement and abilities tests (using LEA-authorized assessment instruments), the Fitness Gram, , the English Language Proficiency Assessments for California ("ELPAC"), the Alternative English Language Proficiency Assessments for California ("Alternative ELPAC"), and as appropriate to the student, and mandated by LEA pursuant to LEA and state and federal guidelines.

CONTRACTOR is subject to the alternative accountability system developed pursuant to Education Code section 52052, in the same manner as public schools. Each LEA student placed with CONTRACTOR by the LEA shall be tested by qualified staff of CONTRACTOR in accordance with that accountability program. LEA shall provide test administration training to CONTRACTOR'S qualified staff. CONTRACTOR shall attend LEA test training and comply with completion of all coding requirements as required by LEA.

29. MANDATED ATTENDANCE AT LEA MEETINGS

CONTRACTOR shall attend District mandated meetings when legal mandates, and/or LEA policy and procedures are reviewed, including but not limited to the areas of: curriculum, high school graduation, standards-based instruction, behavior intervention, cultural and linguistic needs of students with disabilities, dual enrollment responsibilities, LRE responsibilities, transition services, data collection, and standardized testing and IEPs. LEA shall provide CONTRACTOR with reasonable notice of mandated meetings. Attendance at such meetings does not constitute a billable service hour(s).

30. POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORTS

CONTRACTOR shall comply with the requirements of Education Code sections 49000, *et seq.,* 49005, *et seq*., 56521.1 and 56521.2. LEA students who exhibit behaviors that interfere with their learning or the learning of others must receive timely and appropriate assessments and positive supports and interventions in accordance with state and federal law and implementing regulations. If the IEP team determines that a student's behavior impedes the individual learning or the learning of others, the IEP team is required to consider the use of positive behavioral interventions and supports, and other strategies, to address that

behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations. This could mean that instead of developing a Behavior Intervention Plan ("BIP"), the IEP team may conclude it is sufficient to address the student's behavioral problems through the development of behavioral goals and behavioral interventions to support those goals.

CONTRACTOR shall maintain a written policy pursuant to California Education Code section 56521.1 regarding emergency interventions and behavioral emergency reports. CONTRACTOR shall ensure that all of its staff members are trained in crisis intervention, emergency procedures, and evidenced-based practices and interventions specific to the unique behavioral needs of the CONTRACTOR's pupil population. The training shall be provided within 30 days of employment to new staff who have any contact or interaction with pupils during the school day, and annually to all staff who have any contact or interaction with pupils during the school day. The CONTRACTOR shall select and conduct the training in accordance with California Education Code section 56366.1. CONTRACTOR shall maintain written records of the training and provide written verification of the training annually and upon request.

Emergency interventions are those interventions used with a student during the time they present a serious, dangerous behavior that staff has determined to be present a clear and present danger to self or others, which requires a non-violent physical intervention to protect the safety of student, self, or others that cannot be prevented by use of a less restrictive technique. Pursuant to Education Code section 56521.1, emergency interventions shall not be used as a substitute for a BIP, and shall not be employed longer than necessary to contain the behavior. Emergency interventions may only be used to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the individual with exceptional needs, or others, and that cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior. If a situation requires prolonged use of emergency intervention, staff must seek assistance from the school site administrator or a law enforcement agency.

CONTRACTOR shall complete a behavior emergency report when an emergency intervention is used ; or when a physical intervention has not been used, but an injury or serious property damage has occurred. Personal Safety Techniques may or may not have been used. A behavior emergency report form must be completed and submitted to the LEA within twenty-four (24) hours for administrative action. CONTRACTOR shall also notify Parent within twenty-four (24) hours via telephone. If the student's IEP does not contain a BIP, CONTRACTOR shall schedule with LEA an IEP meeting within two (2) days to review the behavior emergency report, determine if there is a necessity for a functional behavioral assessment, and to determine an interim plan. If applicable, the IEP team shall document the reasons for not conducting the functional behavioral assessment, not developing an interim plan, or both. If the student already has a BIP, and the incident involved a previously unseen or new serious behavior, or if preexisting behavioral interventions in the BIP were ineffective, CONTRACTOR shall schedule with LEA an IEP meeting to review and determine the need to modify the BIP.

Pursuant to Education Code section 56521.2, CONTRACTOR shall not authorize, order, consent to, or pay for the following interventions, or any other interventions similar to or like the following:

1. any intervention that is designed to, or likely to, cause physical pain, including, but not limited to, electric-shock;
2. an intervention that involves the release of noxious, toxic, or otherwise unpleasant sprays, mists, or substances in proximity to the face of the individual;
3. an intervention that denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities;
4. an intervention that is designed to subject, used to subject, or likely to subject, the individual to verbal abuse, ridicule, or humiliation, or that can be expected to cause excessive emotional trauma;
5. restrictive interventions that employ a device, material, or objects that simultaneously immobilize all four extremities;
6. prone restraint;
7. locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room;
8. an intervention that precludes adequate supervision of the individual;

9. an intervention that deprives the individual of one or more of the individual's senses.

CONTRACTOR shall comply with Education Code sections 49005.8, 56521.1 and 56521.2. Specifically, Contractor shall not do any of the following:

1. Use seclusion or a behavioral restraint for the purpose of coercion, discipline, convenience, or retaliation.
2. Use locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room.
3. Use a physical restraint technique that obstructs a pupil's respiratory airway or impairs the pupil's breathing or respiratory capacity, including techniques in which a staff member places pressure on a pupil's back or places the staff member's body weight against the pupil's torso or back.
4. Use a behavioral restraint technique that restricts breathing, including, but not limited to, using a pillow, blanket, carpet, mat, or other item to cover a pupil's face.
5. Use prone restraint, including but not limited to prone containment.
6. Use a behavioral restraint for longer than is necessary to contain the behavior that poses a clear and present danger of serious physical harm to the pupil or others.

CONTRACTOR shall keep constant, direct observation of a pupil who is in seclusion, which may be through observation of the pupil through a window, or another barrier, through which the educational provider is able to make direct eye contact with the pupil. This observation shall not be through indirect means, including through a security camera or a closed-circuit television.

CONTRACTOR shall afford pupils who are restrained the least restrictive alternative and the maximum freedom of movement, and shall use the least number of restraint points, while ensuring the physical safety of the pupil and others.

In the case of a child whose behavior impedes the child's learning or that of others, the IEP team shall consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations.

All restraint practices must be reviewed and revised when they have an adverse effect on a student and are used repeatedly for an individual child, either on multiple occasions within the same classroom or multiple uses by the same individual. CONTRACTOR shall notify the student's parent/guardian when any type of physical or mechanical restraint or seclusion has been used. Upon the use of any type of physical or mechanical restraint or seclusions of an LEA student, CONTRACTOR shall complete a BER per the reporting and notification requirements listed above.

31. STUDENT DISCIPLINE

CONTRACTOR shall maintain and abide by a written policy for student discipline that is consistent with state and federal law and regulations. Using forms developed by the California Department of Education or as otherwise mutually agreed upon by CONTRACTOR and LEA, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Codes 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code Sections 48900 and 48915.

When CONTRACTOR seeks to remove a student from his/her current educational placement for disciplinary reasons, CONTRACTOR shall immediately submit a written discipline report to the LEA. Written discipline reports shall include, but not be limited to: the student's name; the time, date, and description of the misconduct; the disciplinary action taken by CONTRACTOR; and the rationale for such disciplinary action. A copy of the student's behavior plan, if any, shall be submitted with the written discipline report. CONTRACTOR and LEA agree to participate in a manifestation determination at an IEP meeting no later than the tenth (10^{th}) day of suspension

32. IEP TEAM MEETINGS

An IEP team meeting shall be convened at least annually to evaluate: (1) the educational progress of each student placed with CONTRACTOR, including all state assessment results pursuant to the requirements of Education Code section 52052; (2) whether or not the needs of the student continue to be best met at the NPS; and (3) whether changes to the student's IEP are necessary, including whether the student may be transitioned to a public school setting. (California Education Code sections 56366 (a) (2) (B) (i) and (ii)) and pursuant to California Education Code section 56345 (b) (4).)

If the LEA student is to be transferred from a NPS setting into a regular class setting in a public school for any part of the school day, the IEP team shall document a description of activities provided to integrate the student into the regular education program, including the nature of each activity as well as the time spent on the activity each day or week and a description of the activities provided to support the transition of the student from the special education program into the regular education program. Each student shall be allowed to provide confidential input to any representative of the individual IEP team. Except as otherwise provided in the Master Contract, CONTRACTOR and LEA shall participate in all IEP team meetings regarding students for whom ISAs have been or may be executed. At any time during the term of this Master Contract, the parent, the CONTRACTOR or the LEA may request a review of the student's IEP, subject to all procedural safeguards required by law, including reasonable notice given to, and participation of, the CONTRACTOR in the meeting. Every effort shall be made to schedule IEP team meetings at a time and place that is mutually convenient to parent, CONTRACTOR and LEA. CONTRACTOR shall provide to LEA assessments and written assessment reports by service providers upon request and/or pursuant to LEA policy and procedures. It is understood that attendance at an IEP meeting is part of CONTRACTOR'S professional responsibility and is not a billable service under this Master Contract.

It is understood that the CONTRACTOR shall utilize the approved electronic IEP system of the LEA for all IEP planning and progress reporting at the LEA's discretion. The LEA or SELPA may provide training for any CONTRACTOR to ensure access to the approved system. The CONTRACTOR shall maintain confidentiality of all IEP data on the approved system and shall protect the password requirements of the system. When a student dis-enrolls from the NPS/NPA, the NPS/NPA and LEA shall discontinue use of the approved system for that student.

Changes in any student's educational program, including instruction, services, or instructional setting provided under this Master Contract, may only be made on the basis of revisions to the student's IEP. In the event that the CONTRACTOR believes the student requires a change of placement, the CONTRACTOR may request a review of the student's IEP for the purposes of consideration of a change in the student's placement. Student is entitled to remain in the last agreed upon and implemented placement unless parent agrees otherwise or an Interim Alternative Educational Setting is deemed lawful and appropriate by LEA or OAH consistent with Section 1415 (k)(1)(7) of Title 20 of the United States Code.

If CONTRACTOR is an NPS, CONTRACTOR shall ensure private and confidential communication, including telecommunication, between a pupil of the NPS and members of the pupil's IEP team and the CDE's Constituent Services Office, at the pupil's discretion.

The LEA shall annually notify the CONTRACTOR who the LEA has designated as the educational liaison for foster children. When a pupil in foster care is enrolled in a NPS by the LEA any time after the completion of the pupil's second year of high school, the CONTRACTOR shall schedule the pupil in courses leading

towards graduation based on the diploma requirements of the LEA unless provided notice otherwise in writing pursuant to Section 51225.1.

34. DUE PROCESS PROCEEDINGS

CONTRACTOR shall fully participate in special education due process proceedings including mediations and hearings, as requested by LEA. Participation further includes the willingness to make CONTRACTOR's staff available for witness preparation and testimony as is necessary to facilitate a due process hearing. CONTRACTOR shall also fully participate in the investigation and provision of documentation related to any complaint filed with the State of California, the Office of Civil Rights, or any other state and/or federal governmental body or agency. Full participation shall include, but in no way be limited to, cooperating with LEA representatives to provide complete answers raised by any investigator and/or the immediate provision of any and all documentation that pertains to the operation of CONTRACTOR's program and/or the implementation of a particular student's IEP/Individual and Family Service Plan ("IFSP").

35. COMPLAINT PROCEDURES

CONTRACTOR shall maintain and adhere to its own written procedures for responding to parent complaints. These procedures shall include annually notifying and providing parents of students with appropriate information (including complaint forms) for the following: (1) Uniform Complaint Procedures pursuant to Title 5 of the California Code of Regulations section 4600 *et seq*.; (2) Nondiscrimination policy pursuant to Title 5 of the California Code of Regulations section 4960 (a); (3) Sexual Harassment Policy, California Education Code 231.5 (a) (b) (c); (4) Title IX Student Grievance Procedure, Title IX 106.8 (a) (d) and 106.9 (a); and (5) Notice of Privacy Practices in compliance with Health Insurance Portability and Accountability Act ("HIPAA"). CONTRACTOR shall include verification of these procedures to the LEA. CONTRACTOR shall immediately notify LEA of any complaints filed against it related to LEA students and provide LEA with all documentation related to the complaints and/or its investigation of complaints, including any and all reports generated as a result of an investigation.

36. STUDENT PROGRESS REPORTS/REPORT CARDS AND ASSESSMENTS

Unless LEA requests in writing that progress reports be provided on a monthly basis, CONTRACTOR shall provide to LEA at least two (2) written progress reports/report cards annually, two (2) weeks prior to the end of each semester. At a minimum, progress reports shall include progress over time towards IEP goals and objectives. A copy of the progress reports/report cards shall be maintained at the CONTRACTOR's place of business and shall be submitted to the LEA two (2) weeks prior to the end of each semester, in accordance with the LEA's procedures and school calendar.

The CONTRACTOR shall also provide an LEA representative access to supporting documentation used to determine progress on any goal or objective, including but not limited to log sheets, observation notes, data sheets, pre/post tests, rubrics and other similar data collection used to determine progress or lack of progress on approved goals, objectives, transition plans or behavior intervention plans. The LEA may request such data at any time within five (5) years of the date of service. The CONTRACTOR shall provide this data supporting progress within five (5) business days of request. Additional time may be granted as needed by the LEA.

CONTRACTOR shall complete academic or other evaluations of the student ten (10) days prior to the student's annual or triennial review IEP team meeting for the purpose of reporting the student's present levels of performance at the IEP team meeting as required by state and federal laws and regulations and pursuant to LEA policies, procedures, and/or practices. CONTRACTOR shall provide sufficient copies of its reports, documents, and projected goals to share with members of the IEP team five (5) business days prior to the IEP meeting. CONTRACTOR shall maintain supporting documentation such as test protocols and data collection, which shall be made available to LEA within five (5) business days of request.

The CONTRACTOR is responsible for all evaluation costs regarding the updating of goals and objectives, progress reporting and development of present levels of performance. All assessments resulting from an assessment plan shall be provided by the LEA unless the LEA specifies in writing a request that CONTRACTOR perform such additional assessment. Any assessment and/or evaluation costs may be added to the ISA and/or approved separately by the LEA at the LEA's sole discretion.

It is understood that all billable hours must be in direct services to pupils as specified in the ISA. For NPA services, supervision provided by a qualified individual as specified in Title 5 Regulation, subsection 3065, shall be determined as appropriate and included in the ISA. Supervision means the direct observation of services, data review, case conferencing and program design consistent with professional standards for each professional's license, certification, or credential.

CONTRACTOR shall not charge the student's parent(s) or LEA for the provision of progress reports, report cards, evaluations conducted in order to obtain present levels of performance, interviews, and/or meetings. It is understood that all billable hours have limits to those specified on the ISA consistent with the IEP. It is understood that copies of data collection notes, forms, charts and other such data are part of the pupil's record and shall be made available to the LEA upon written request.

37. GRADES, HIGH SCHOOL COURSE CREDITS, & TRANSCRIPTS

When CONTRACTOR is a NPS, CONTRACTOR is responsible for assigning grades for any course of instruction taught at the NPS. The grades determined by the pupil's teacher, in the absence of clerical or mechanical mistake, fraud, bad faith, or incompetency, shall be final and consistent with the provisions specified in EC Section 49066. The grades each pupil receives in all courses of instruction taught by the NPS shall be reported to the parents and the LEA on a quarterly basis. Consistent with the LEA, should it become evident to the NPS the pupil is in danger of failing a course, the CONTRACTOR must initiate a parent conference, and the LEA representative must be in attendance.

When CONTRACTOR serves students in grades nine (9) through twelve (12) inclusive, LEA shall provide to CONTRACTOR a specific list of the course requirements to be satisfied by the CONTRACTOR leading toward graduation or completion of LEA's diploma requirements. CONTRACTOR shall not recommend awarding a high school diploma to students who have not successfully completed all of the LEA's graduation requirements.

Pupils enrolled in high school during the 2020-2021 academic year may request a Pass or No Pass grade as permitted in EC Section 49066.5, which may be reflected on the student's transcript and shall not negatively affect the pupil's grade point average.

CONTRACTOR shall prepare transcripts at the close of each semester, or upon student transfer, for students in grades nine (9) through twelve (12) inclusive, and submit them on LEA approved forms to the student's school of residence for evaluation of progress toward completion of diploma requirements as specified in LEA Procedures. CONTRACTOR shall submit to the LEA names of students and their schools of residence for whom transcripts have been submitted as specified by the LEA.

INDIVIDUAL TRANSITION PLANNING – AB 438, Approved on September 28, 2024

Effective July 1, 2025, if determined appropriate by the pupil's IEP team, beginning when the pupil starts their high school experience and not later than when the pupil is 16 years of age or younger, as appropriate, and annually thereafter, a statement of needed transition services shall be included in the pupil's individualized education program. If the individualized education program team determines that the pupil would benefit from the postponement of the inclusion of appropriate measurable postsecondary goals and transition services until 16 years of age, rather than when the pupil begins their high school experience, the individualized education program team shall appropriately justify the basis for that postponement. (EC section 56043(h).)

38. STUDENT CHANGE OF RESIDENCE

Within five (5) school days from the date CONTRACTOR becomes aware of a student's change of residence, CONTRACTOR shall notify LEA, in writing, of the student's change of residence. Upon enrollment, CONTRACTOR shall notify parents in writing of their obligation to notify CONTRACTOR of the student's change of residence. CONTRACTOR shall maintain, and provide upon request by LEA, documentation of such notice to parents.

If LEA fails to respond within thirty (30) business days or a dispute regarding the withholding of payment continues after the LEA's response to CONTRACTOR's notice, CONTRACTOR may invoke the following escalation policy.

After forty-five (45) business days: The CONTRACTOR may notify the Authorized LEA's Representative of the dispute in writing. The LEA Authorized Representative shall respond to the CONTRACTOR in writing within fifteen (15) business days.

After sixty (60) business days: The LEA or CONTRACTOR may appeal to the County Superintendent of Schools so long as the County Superintendent of Schools is not participating in the Local Plan involved in the NPS/A contract, or a mutually agreed upon mediator. Both parties agree to pay for their own costs and expenses arising out of such mediation. Each party agrees to act in good faith in participating in any mediation process agreed to by the parties.

58. PAYMENT FROM OUTSIDE AGENCIES

CONTRACTOR shall notify LEA when Medi-Cal or any other agency is billed for the costs associated with the provision of special education and/or related services to students. Upon request, CONTRACTOR shall provide to LEA any and all documentation regarding reports, billing, and/or payment by Medi-Cal or any other agency for the costs associated with the provision of special education and/or related services to students. CONTRACTOR shall provide prior written notice of the rights and protections required by Title

34 of the Code of Federal Regulations section 300.154(d) whenever it seeks to use the LEA students' public benefits to pay for special education and related services. Such notice shall be provided before seeking payment from Medi-Cal for the first time and annually.

LEA will not pay for instruction and/or services unless said instruction or service is provided by an appropriately credentialed substitute teacher.

Whenever a related service provider is absent, CONTRACTOR shall provide a qualified (as defined in Section 7 of this agreement and as determined by LEA) substitute. LEA will not pay for services unless a qualified substitute is provided and/or CONTRACTOR provides documentation evidencing the provision of "make-up" services by a qualified service provider within thirty (30) calendar days from the date on which the services should have been provided unless otherwise agreed in student's IEP.

LEA shall not be responsible for payment of related services for days on which a student's attendance does not qualify for Average Daily Attendance ("ADA") reimbursement under state law, nor shall student be eligible for make-up services.

NONPUBLIC AGENCY STAFF ABSENCE

When CONTRACTOR is a nonpublic agency and CONTRACTOR's service provider is absent, CONTRACTOR shall provide a qualified (as defined in Section 7 of this agreement and as determined by LEA) substitute, unless LEA provides appropriate coverage in lieu of CONTRACTOR's service providers. LEA shall not pay for services unless a qualified substitute is provided and/or CONTRACTOR provides documentation evidencing the provision of "make-up" services by a qualified service provider within thirty (30) calendar days from the date on which the services should have been provided. If the LEA is unable to obtain an alternative placement, CONTRACTOR shall receive payment consistent with the student's approved ISA, as though the student were continuing their regular attendance, until an alternative placement can be found and CONTRACTOR shall implement LEA student's IEP in accordance with Education Code section 56345(a)(9) pertaining to emergency conditions.

c. LEA and NPS School Closure- In the event of the LEA and NPS School Closures, on days the LEA is funded, CONTRACTOR shall receive payment consistent with the student's approved ISA, until an alternative placement can be found and CONTRACTOR shall implement LEA student's IEP in accordance with Education Code section 56345(a)(9) pertaining to emergency conditions. If the LEA is able to obtain alternative placement for the student, CONTRACTOR shall not receive payment for days the student is not in attendance with CONTRACTOR due to CONTRACTOR'S school closure.

When the emergency school closure is lifted, CONTRACTOR shall notify the LEAs it serves of any lost instructional minutes. CONTRACTOR and LEAs shall work collaboratively to determine the need for make-up days or service changes, and shall work together to amend IEP and ISA paperwork as appropriate.

LEA's rights under this section shall also include access to CONTRACTOR's offices for purposes of interviewing CONTRACTOR's employees. If any document or evidence is stored in an electronic form, a hard copy shall be made available to the LEA, unless the LEA agrees to the use of the electronic format.

CONTRACTOR shall obtain from its subcontractors and suppliers written agreements to the requirements of this section and shall provide a copy of such agreements to LEA upon request by LEA.

If an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm determines that CONTRACTOR owes LEA monies as a result of CONTRACTOR's over billing or failure to perform, in whole or in part, any of its obligations under this Master Contract, LEA shall provide to CONTRACTOR written notice demanding payment from CONTRACTOR and specifying the basis or bases for such demand. Unless CONTRACTOR and LEA otherwise agree in writing, CONTRACTOR shall pay to LEA the full amount owed as a result of CONTRACTOR's over billing and/or failure to perform, in whole or in part, any of its obligations under this Master Contract, as determined by an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm. CONTRACTOR shall make such payment to LEA within thirty (30) days of receipt of LEA's written notice demanding payment.

LOCAL EDUCATION AGENCY: California Online Public Schools

NONPUBLIC SCHOOL/AGENCY/RELATED SERVICES PROVIDER:

NONPUBLIC, NONSECTARIAN SCHOOL/AGENCY SERVICES MASTER CONTRACT

GENERAL PROVISIONS

1. MASTER CONTRACT

This Master Contract (or "Contract") is entered into on **September 8, 2026**, between **California Online Public Schools which includes California Online Public Schools Central Coast, California Online Public Schools Central Valley, California Online Public Schools Monterey Bay, California Online Public Schools North Bay, California Online Public Schools Northern California, and California Online Public Schools Southern California**, hereinafter referred to as the local educational agency ("LEA"), a member of the **El Dorado** SELPA and

Vista Center for the Blind and Visually Impaired

(nonpublic, nonsectarian school or agency), hereinafter referred to as NPS/A or "CONTRACTOR" for the purpose of providing special education and/or related services to students with exceptional needs under the authorization of California Education Code sections 56157, 56361 and 56365 *et seq*. and Title 5 of the California Code of Regulations section 3000 *et seq*., AB 490 (Chapter 862, Statutes of 2003) and AB 1858 (Chapter 914, Statutes of 2004). It is understood that this agreement does not commit the LEA to pay for special education and/or related services provided to any student, or CONTRACTOR to provide such special education and/or related services, unless and until an authorized LEA representative approves the provision of special education and/or related services by CONTRACTOR.

Upon acceptance of a student, LEA shall submit to CONTRACTOR an Individual Service Agreement (hereinafter referred to as "ISA"). Unless otherwise agreed in writing, these forms shall acknowledge CONTRACTOR's obligation to provide all relevant services specified in the student's Individualized Education Program (hereinafter referred to as "IEP"). The ISA shall be executed within ninety (90) days of a student's enrollment. LEA and CONTRACTOR shall enter into an ISA for each student served by CONTRACTOR. As available and appropriate, the LEA shall make available access to any electronic IEP system and/or electronic database for the development of the ISA and invoices.

Unless placement and/or services is made pursuant to an Office of Administrative Hearings (hereinafter referred to as "OAH") order, a lawfully executed settlement agreement between LEA and parent or authorized by LEA for a transfer student pursuant to California Education Code section 56325, LEA is not responsible for the costs associated with NPS placement or NPS/A services until the date on which an IEP team meeting is convened, the IEP team determines that a NPS placement is appropriate, and the IEP is signed by the student's parent.

2. CERTIFICATION AND LICENSES

CONTRACTOR shall be certified by the California Department of Education (hereinafter referred to as "CDE") as a NPS/A. All NPS/A services shall be provided consistent with the area of certification and licensure specified by CDE Certification and as defined in California Education Code, section 56366 et seq

and within the professional scope of practice of each provider's license, certification, and/or credential. A current copy of CONTRACTOR's NPS/A certification or a waiver of such certification issued by the CDE pursuant to Education Code section 56366.2 must be provided to LEA on or before the date this Agreement is executed by CONTRACTOR. This Master Contract shall be null and void if such certification or waiver is expired, revoked, rescinded, or otherwise nullified during the effective period of this Master Contract.

Total student enrollment shall be limited to capacity as stated on CDE certification and in Section 24 of the Master Contract.

In addition to meeting the certification requirements of the State of California, a CONTRACTOR that operates a program outside of this State shall be certified and all staff persons providing services to pupils shall be certified and/or licensed by that state to provide, respectively, special education and related services and designated instruction and related services to pupils under the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.).

If CONTRACTOR is a licensed children's institution (hereinafter referred to as "LCI"), CONTRACTOR shall be licensed by the state, or other public agency having delegated authority by contract with the state to license, to provide nonmedical care room and board to children, including, but not limited to, individuals with exceptional needs. The LCI must also comply with all licensing requirements relevant to the protection of the child, and have a special permit, if necessary, to meet the needs of each child so placed. If the CONTRACTOR operates a program outside of this State, CONTRACTOR must obtain all required licenses from the appropriate licensing agency in both California and in the state where the LCI is located.

CONTRACTOR shall provide all services under this Contract as an independent contractor, and neither party shall have the authority to bind or make any commitment on behalf of the other. Nothing contained in this Contract shall be deemed to create any association, partnership, joint venture or relationship of principal and agent, master and servant, or employer and employee between the parties or any affiliates of the parties, or between the LEA and any individual assigned by CONTRACTOR to perform any services for the LEA.

If the LEA is determined to be a partner, joint venture, co-principal, employer or co-employer of CONTRACTOR, CONTRACTOR shall indemnify and hold harmless the LEA from and against any and all claims for loss, liability, or damages arising from that determination, as well as any expenses, costs, taxes, penalties and interest charges incurred by the LEA as a result of that holding.

The LEA shall neither execute an ISA with CONTRACTOR nor amend an existing ISA for a student when a recommendation for special education and/or related services is based in whole or in part on assessment(s) or reports provided by CONTRACTOR to the student without prior written authorization by LEA. This paragraph shall apply to CONTRACTOR regardless of when an assessment is performed or a report is prepared (i.e., before or after the student is enrolled in CONTRACTOR's school/agency) or whether an assessment of the student is performed or a report is prepared in the normal course of the services provided to the student by CONTRACTOR. To avoid conflict of interest, and in order to ensure the appropriateness of an Independent Educational Evaluation (hereinafter referred to as "IEE") and its recommendations, the LEA may not fund an IEE by an evaluator who provides ongoing service(s) or is sought to provide service(s) to the student for whom the IEE is requested. Likewise, the LEA may not fund services through the evaluator whose IEE the LEA agrees to fund. When no other appropriate assessor is available, LEA may request and if CONTRACTOR agrees, the CONTRACTOR may provide an IEE.

CONTRACTOR shall adhere to all LEA requirements concerning parent acknowledgment of financial responsibility.

The NPA providing Behavior Intervention services shall develop a written plan that specifies the nature of their NPA service for each student within thirty (30) days of enrollment and shall be provided in writing to the LEA. School-based services may not be unilaterally converted by CONTRACTOR to a substitute program or provided at a location not specifically authorized by the IEP team. Except for services provided by a CONTRACTOR that is a Licensed Children's Institution (LCI), all services not provided in the school setting require the presence of a parent, guardian or adult caregiver during the delivery of services, provided such guardian or caregiver have a signed authorization by the parent or legal guardian to authorize emergency services as requested. LCI CONTRACTORS shall ensure that appropriate and qualified residential or clinical staff is present during the provision of services under this Master Contract. In the event a NPS is unable to fill a vacant teaching position responsible for direct instruction to students, and the vacancy has direct impact on the CDE Certification of that school, the NPS shall develop a plan to ensure appropriate coverage of students by first utilizing existing certificated staff. The NPS and the LEA may agree to one 30 school day period per contract year where class size may be increased to ensure coverage by an appropriately credentialed teacher. Such an agreement shall be in writing and signed by both parties. This provision does not apply to a NPA.

Billable days shall include only those days that are included on the submitted and approved school calendar, and/or required by the IEP (developed by the LEA) for each student. CONTRACTOR shall not be allowed to change its school calendar and/or amend the number of billable days without the prior written approval of the LEA. CONTRACTOR must submit any calendar changes to LEA in writing at least ten (10) business days prior to proposed change in order to be eligible for payment based upon the new calendar, if approved. Nothing in this Master Contract shall be interpreted to require the LEA to accept any requests for calendar changes.

Unless otherwise specified by the student's IEP or ISA, educational services shall occur at the school site. A student shall only be eligible for extended school year services as determined by the IEP team and the provision of such is specifically included in the ISA. Extended school year shall consist of twenty (20) instructional days, unless otherwise agreed upon by the IEP team convened by the LEA. Any days of

extended school year in excess of twenty (20) billable days must be mutually agreed to, in writing, prior to the start of the extended school year.

Student must have actually been in attendance and/or received services on a billable day of attendance in order for CONTRACTOR to be eligible for payment. It is specifically understood that services may not be provided on weekends/holidays and other times when school is not in session, unless agreed to by the LEA, in writing, in advance of the delivery of any NPA service provided by CONTRACTOR. Any instructional days provided without this written agreement shall be at the sole financial responsibility of the CONTRACTOR.

26. DATA REPORTING AND TRAINING

CONTRACTOR shall agree to provide to the LEA all data related to student information and billing information with LEA. CONTRACTOR shall agree to provide data related to all sections of this contract, including student discipline as noted below, and requested by and in the format required by the LEA. It is understood that all NPS/A shall utilize the LEA approved electronic IEP system for all IEP development, service tracking documentation, and progress reporting, unless otherwise agreed to by the LEA. Additional progress reporting may be required by the LEA. The LEA shall provide the CONTRACTOR with appropriate user training and proper permissions to allow adequate access.

CONTRACTOR shall complete all LEA-specific trainings, orientations, and onboarding requirements designated by the LEA prior to commencing services. Completion of such trainings does not constitute billable service hours unless otherwise agreed to in writing by the LEA. CONTRACTOR shall complete any and all LEA required trainings prior to beginning work with students. CONTRACTOR shall document all session attendance in the LEA's approved electronic IEP system no later than the conclusion of each workday during which services are provided.

Using forms developed by the CDE or as otherwise mutually agreed upon by CONTRACTOR and LEA, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Code sections 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code sections 48900 and 48915.

The LEA shall provide the CONTRACTOR with approved forms and/or format for such data including, but not limited to, invoicing, attendance reports and progress reports. The LEA may approve use of CONTRACTOR'S provided forms at their discretion.

27. LEAST RESTRICTIVE ENVIRONMENT/DUAL ENROLLMENT

CONTRACTOR and LEA shall follow all LEA policies and procedures that support Least Restrictive Environment ("LRE") options and/or dual enrollment options if available and appropriate, for students to have access to the general curriculum and to be educated with their nondisabled peers to the maximum extent appropriate.

CONTRACTOR and LEA shall ensure that LRE placement options are addressed at all IEP team meetings regarding students for whom ISAs have been or may be executed. This shall include IEP team consideration of supplementary aids and services, goals and objectives necessary for placement in the LRE and necessary to enable students to transition to less restrictive settings.

When an IEP team has determined that a student should be transitioned into the public school setting, CONTRACTOR shall assist the LEA in implementing the IEP team's recommended activities to support the transition.

28. STATEWIDE ACHIEVEMENT TESTING

When CONTRACTOR is a NPS, per implementation of Senate Bill 484, CONTRACTOR shall administer all statewide assessments within the California Assessment of Student Performance and Progress ("CAASPP"), Desired Results Developmental Profile ("DRDP"), California Alternative Assessment ("CAA"), achievement and abilities tests (using LEA-authorized assessment instruments), the Fitness Gram, , the English Language Proficiency Assessments for California ("ELPAC"), the Alternative English Language Proficiency Assessments for California ("Alternative ELPAC"), and as appropriate to the student, and mandated by LEA pursuant to LEA and state and federal guidelines.

CONTRACTOR is subject to the alternative accountability system developed pursuant to Education Code section 52052, in the same manner as public schools. Each LEA student placed with CONTRACTOR by the LEA shall be tested by qualified staff of CONTRACTOR in accordance with that accountability program. LEA shall provide test administration training to CONTRACTOR'S qualified staff. CONTRACTOR shall attend LEA test training and comply with completion of all coding requirements as required by LEA.

29. MANDATED ATTENDANCE AT LEA MEETINGS

CONTRACTOR shall attend District mandated meetings when legal mandates, and/or LEA policy and procedures are reviewed, including but not limited to the areas of: curriculum, high school graduation, standards-based instruction, behavior intervention, cultural and linguistic needs of students with disabilities, dual enrollment responsibilities, LRE responsibilities, transition services, data collection, and standardized testing and IEPs. LEA shall provide CONTRACTOR with reasonable notice of mandated meetings. Attendance at such meetings does not constitute a billable service hour(s).

30. POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORTS

CONTRACTOR shall comply with the requirements of Education Code sections 49000, *et seq.,* 49005, *et seq*., 56521.1 and 56521.2. LEA students who exhibit behaviors that interfere with their learning or the learning of others must receive timely and appropriate assessments and positive supports and interventions in accordance with state and federal law and implementing regulations. If the IEP team determines that a student's behavior impedes the individual learning or the learning of others, the IEP team is required to consider the use of positive behavioral interventions and supports, and other strategies, to address that

behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations. This could mean that instead of developing a Behavior Intervention Plan ("BIP"), the IEP team may conclude it is sufficient to address the student's behavioral problems through the development of behavioral goals and behavioral interventions to support those goals.

CONTRACTOR shall maintain a written policy pursuant to California Education Code section 56521.1 regarding emergency interventions and behavioral emergency reports. CONTRACTOR shall ensure that all of its staff members are trained in crisis intervention, emergency procedures, and evidenced-based practices and interventions specific to the unique behavioral needs of the CONTRACTOR's pupil population. The training shall be provided within 30 days of employment to new staff who have any contact or interaction with pupils during the school day, and annually to all staff who have any contact or interaction with pupils during the school day. The CONTRACTOR shall select and conduct the training in accordance with California Education Code section 56366.1. CONTRACTOR shall maintain written records of the training and provide written verification of the training annually and upon request.

Emergency interventions are those interventions used with a student during the time they present a serious, dangerous behavior that staff has determined to be present a clear and present danger to self or others, which requires a non-violent physical intervention to protect the safety of student, self, or others that cannot be prevented by use of a less restrictive technique. Pursuant to Education Code section 56521.1, emergency interventions shall not be used as a substitute for a BIP, and shall not be employed longer than necessary to contain the behavior. Emergency interventions may only be used to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the individual with exceptional needs, or others, and that cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior. If a situation requires prolonged use of emergency intervention, staff must seek assistance from the school site administrator or a law enforcement agency.

CONTRACTOR shall complete a behavior emergency report when an emergency intervention is used ; or when a physical intervention has not been used, but an injury or serious property damage has occurred. Personal Safety Techniques may or may not have been used. A behavior emergency report form must be completed and submitted to the LEA within twenty-four (24) hours for administrative action. CONTRACTOR shall also notify Parent within twenty-four (24) hours via telephone. If the student's IEP does not contain a BIP, CONTRACTOR shall schedule with LEA an IEP meeting within two (2) days to review the behavior emergency report, determine if there is a necessity for a functional behavioral assessment, and to determine an interim plan. If applicable, the IEP team shall document the reasons for not conducting the functional behavioral assessment, not developing an interim plan, or both. If the student already has a BIP, and the incident involved a previously unseen or new serious behavior, or if preexisting behavioral interventions in the BIP were ineffective, CONTRACTOR shall schedule with LEA an IEP meeting to review and determine the need to modify the BIP.

Pursuant to Education Code section 56521.2, CONTRACTOR shall not authorize, order, consent to, or pay for the following interventions, or any other interventions similar to or like the following:

1. any intervention that is designed to, or likely to, cause physical pain, including, but not limited to, electric-shock;
2. an intervention that involves the release of noxious, toxic, or otherwise unpleasant sprays, mists, or substances in proximity to the face of the individual;
3. an intervention that denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities;
4. an intervention that is designed to subject, used to subject, or likely to subject, the individual to verbal abuse, ridicule, or humiliation, or that can be expected to cause excessive emotional trauma;
5. restrictive interventions that employ a device, material, or objects that simultaneously immobilize all four extremities;
6. prone restraint;
7. locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room;
8. an intervention that precludes adequate supervision of the individual;

9. an intervention that deprives the individual of one or more of the individual's senses.

CONTRACTOR shall comply with Education Code sections 49005.8, 56521.1 and 56521.2. Specifically, Contractor shall not do any of the following:

1. Use seclusion or a behavioral restraint for the purpose of coercion, discipline, convenience, or retaliation.
2. Use locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room.
3. Use a physical restraint technique that obstructs a pupil's respiratory airway or impairs the pupil's breathing or respiratory capacity, including techniques in which a staff member places pressure on a pupil's back or places the staff member's body weight against the pupil's torso or back.
4. Use a behavioral restraint technique that restricts breathing, including, but not limited to, using a pillow, blanket, carpet, mat, or other item to cover a pupil's face.
5. Use prone restraint, including but not limited to prone containment.
6. Use a behavioral restraint for longer than is necessary to contain the behavior that poses a clear and present danger of serious physical harm to the pupil or others.

CONTRACTOR shall keep constant, direct observation of a pupil who is in seclusion, which may be through observation of the pupil through a window, or another barrier, through which the educational provider is able to make direct eye contact with the pupil. This observation shall not be through indirect means, including through a security camera or a closed-circuit television.

CONTRACTOR shall afford pupils who are restrained the least restrictive alternative and the maximum freedom of movement, and shall use the least number of restraint points, while ensuring the physical safety of the pupil and others.

In the case of a child whose behavior impedes the child's learning or that of others, the IEP team shall consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations.

All restraint practices must be reviewed and revised when they have an adverse effect on a student and are used repeatedly for an individual child, either on multiple occasions within the same classroom or multiple uses by the same individual. CONTRACTOR shall notify the student's parent/guardian when any type of physical or mechanical restraint or seclusion has been used. Upon the use of any type of physical or mechanical restraint or seclusions of an LEA student, CONTRACTOR shall complete a BER per the reporting and notification requirements listed above.

31. STUDENT DISCIPLINE

CONTRACTOR shall maintain and abide by a written policy for student discipline that is consistent with state and federal law and regulations. Using forms developed by the California Department of Education or as otherwise mutually agreed upon by CONTRACTOR and LEA, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Codes 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code Sections 48900 and 48915.

When CONTRACTOR seeks to remove a student from his/her current educational placement for disciplinary reasons, CONTRACTOR shall immediately submit a written discipline report to the LEA. Written discipline reports shall include, but not be limited to: the student's name; the time, date, and description of the misconduct; the disciplinary action taken by CONTRACTOR; and the rationale for such disciplinary action. A copy of the student's behavior plan, if any, shall be submitted with the written discipline report. CONTRACTOR and LEA agree to participate in a manifestation determination at an IEP meeting no later than the tenth (10^{th}) day of suspension

32. IEP TEAM MEETINGS

An IEP team meeting shall be convened at least annually to evaluate: (1) the educational progress of each student placed with CONTRACTOR, including all state assessment results pursuant to the requirements of Education Code section 52052; (2) whether or not the needs of the student continue to be best met at the NPS; and (3) whether changes to the student's IEP are necessary, including whether the student may be transitioned to a public school setting. (California Education Code sections 56366 (a) (2) (B) (i) and (ii)) and pursuant to California Education Code section 56345 (b) (4).)

If the LEA student is to be transferred from a NPS setting into a regular class setting in a public school for any part of the school day, the IEP team shall document a description of activities provided to integrate the student into the regular education program, including the nature of each activity as well as the time spent on the activity each day or week and a description of the activities provided to support the transition of the student from the special education program into the regular education program. Each student shall be allowed to provide confidential input to any representative of the individual IEP team. Except as otherwise provided in the Master Contract, CONTRACTOR and LEA shall participate in all IEP team meetings regarding students for whom ISAs have been or may be executed. At any time during the term of this Master Contract, the parent, the CONTRACTOR or the LEA may request a review of the student's IEP, subject to all procedural safeguards required by law, including reasonable notice given to, and participation of, the CONTRACTOR in the meeting. Every effort shall be made to schedule IEP team meetings at a time and place that is mutually convenient to parent, CONTRACTOR and LEA. CONTRACTOR shall provide to LEA assessments and written assessment reports by service providers upon request and/or pursuant to LEA policy and procedures. It is understood that attendance at an IEP meeting is part of CONTRACTOR'S professional responsibility and is not a billable service under this Master Contract.

It is understood that the CONTRACTOR shall utilize the approved electronic IEP system of the LEA for all IEP planning and progress reporting at the LEA's discretion. The LEA or SELPA may provide training for any CONTRACTOR to ensure access to the approved system. The CONTRACTOR shall maintain confidentiality of all IEP data on the approved system and shall protect the password requirements of the system. When a student dis-enrolls from the NPS/NPA, the NPS/NPA and LEA shall discontinue use of the approved system for that student.

Changes in any student's educational program, including instruction, services, or instructional setting provided under this Master Contract, may only be made on the basis of revisions to the student's IEP. In the event that the CONTRACTOR believes the student requires a change of placement, the CONTRACTOR may request a review of the student's IEP for the purposes of consideration of a change in the student's placement. Student is entitled to remain in the last agreed upon and implemented placement unless parent agrees otherwise or an Interim Alternative Educational Setting is deemed lawful and appropriate by LEA or OAH consistent with Section 1415 (k)(1)(7) of Title 20 of the United States Code.

If CONTRACTOR is an NPS, CONTRACTOR shall ensure private and confidential communication, including telecommunication, between a pupil of the NPS and members of the pupil's IEP team and the CDE's Constituent Services Office, at the pupil's discretion.

The LEA shall annually notify the CONTRACTOR who the LEA has designated as the educational liaison for foster children. When a pupil in foster care is enrolled in a NPS by the LEA any time after the completion of the pupil's second year of high school, the CONTRACTOR shall schedule the pupil in courses leading

towards graduation based on the diploma requirements of the LEA unless provided notice otherwise in writing pursuant to Section 51225.1.

34. DUE PROCESS PROCEEDINGS

CONTRACTOR shall fully participate in special education due process proceedings including mediations and hearings, as requested by LEA. Participation further includes the willingness to make CONTRACTOR's staff available for witness preparation and testimony as is necessary to facilitate a due process hearing. CONTRACTOR shall also fully participate in the investigation and provision of documentation related to any complaint filed with the State of California, the Office of Civil Rights, or any other state and/or federal governmental body or agency. Full participation shall include, but in no way be limited to, cooperating with LEA representatives to provide complete answers raised by any investigator and/or the immediate provision of any and all documentation that pertains to the operation of CONTRACTOR's program and/or the implementation of a particular student's IEP/Individual and Family Service Plan ("IFSP").

35. COMPLAINT PROCEDURES

CONTRACTOR shall maintain and adhere to its own written procedures for responding to parent complaints. CONTRACTOR shall include verification of these procedures to the LEA. CONTRACTOR shall immediately notify LEA of any complaints filed against it related to LEA students and provide LEA with all documentation related to the complaints and/or its investigation of complaints, including any and all reports generated as a result of an investigation.

36. STUDENT PROGRESS REPORTS/REPORT CARDS AND ASSESSMENTS

Unless LEA requests in writing that progress reports be provided on a monthly basis, CONTRACTOR shall provide to LEA at least two (2) written progress reports/report cards annually, two (2) weeks prior to the end of each semester. At a minimum, progress reports shall include progress over time towards IEP goals and objectives. A copy of the progress reports/report cards shall be maintained at the CONTRACTOR's place of business and shall be submitted to the LEA two (2) weeks prior to the end of each semester, in accordance with the LEA's procedures and school calendar.

The CONTRACTOR shall also provide an LEA representative access to supporting documentation used to determine progress on any goal or objective, including but not limited to log sheets, observation notes, data sheets, pre/post tests, rubrics and other similar data collection used to determine progress or lack of progress on approved goals, objectives, transition plans or behavior intervention plans. The LEA may request such data at any time within five (5) years of the date of service. The CONTRACTOR shall provide this data supporting progress within five (5) business days of request. Additional time may be granted as needed by the LEA.

CONTRACTOR shall complete academic or other evaluations of the student ten (10) days prior to the student's annual or triennial review IEP team meeting for the purpose of reporting the student's present levels of performance at the IEP team meeting as required by state and federal laws and regulations and pursuant to LEA policies, procedures, and/or practices. CONTRACTOR shall provide sufficient copies of its reports, documents, and projected goals to share with members of the IEP team five (5) business days prior to the IEP meeting. CONTRACTOR shall maintain supporting documentation such as test protocols and data collection, which shall be made available to LEA within five (5) business days of request.

The CONTRACTOR is responsible for all evaluation costs regarding the updating of goals and objectives, progress reporting and development of present levels of performance. All assessments resulting from an assessment plan shall be provided by the LEA unless the LEA specifies in writing a request that CONTRACTOR perform such additional assessment. Any assessment and/or evaluation costs may be added to the ISA and/or approved separately by the LEA at the LEA's sole discretion.

It is understood that all billable hours must be in direct services to pupils as specified in the ISA. For NPA services, supervision provided by a qualified individual as specified in Title 5 Regulation, subsection 3065, shall be determined as appropriate and included in the ISA. Supervision means the direct observation of services, data review, case conferencing and program design consistent with professional standards for each professional's license, certification, or credential.

CONTRACTOR shall not charge the student's parent(s) or LEA for the provision of progress reports, report cards, evaluations conducted in order to obtain present levels of performance, interviews, and/or meetings. It is understood that all billable hours have limits to those specified on the ISA consistent with the IEP. It is understood that copies of data collection notes, forms, charts and other such data are part of the pupil's record and shall be made available to the LEA upon written request.

37. GRADES, HIGH SCHOOL COURSE CREDITS, & TRANSCRIPTS

When CONTRACTOR is a NPS, CONTRACTOR is responsible for assigning grades for any course of instruction taught at the NPS. The grades determined by the pupil's teacher, in the absence of clerical or mechanical mistake, fraud, bad faith, or incompetency, shall be final and consistent with the provisions specified in EC Section 49066. The grades each pupil receives in all courses of instruction taught by the NPS shall be reported to the parents and the LEA on a quarterly basis. Consistent with the LEA, should it become evident to the NPS the pupil is in danger of failing a course, the CONTRACTOR must initiate a parent conference, and the LEA representative must be in attendance.

When CONTRACTOR serves students in grades nine (9) through twelve (12) inclusive, LEA shall provide to CONTRACTOR a specific list of the course requirements to be satisfied by the CONTRACTOR leading toward graduation or completion of LEA's diploma requirements. CONTRACTOR shall not recommend awarding a high school diploma to students who have not successfully completed all of the LEA's graduation requirements.

Pupils enrolled in high school during the 2020-2021 academic year may request a Pass or No Pass grade as permitted in EC Section 49066.5, which may be reflected on the student's transcript and shall not negatively affect the pupil's grade point average.

CONTRACTOR shall prepare transcripts at the close of each semester, or upon student transfer, for students in grades nine (9) through twelve (12) inclusive, and submit them on LEA approved forms to the student's school of residence for evaluation of progress toward completion of diploma requirements as specified in LEA Procedures. CONTRACTOR shall submit to the LEA names of students and their schools of residence for whom transcripts have been submitted as specified by the LEA.

INDIVIDUAL TRANSITION PLANNING – AB 438, Approved on September 28, 2024

Effective July 1, 2025, if determined appropriate by the pupil's IEP team, beginning when the pupil starts their high school experience and not later than when the pupil is 16 years of age or younger, as appropriate, and annually thereafter, a statement of needed transition services shall be included in the pupil's individualized education program. If the individualized education program team determines that the pupil would benefit from the postponement of the inclusion of appropriate measurable postsecondary goals and transition services until 16 years of age, rather than when the pupil begins their high school experience, the individualized education program team shall appropriately justify the basis for that postponement. (EC section 56043(h).)

38. STUDENT CHANGE OF RESIDENCE

Within five (5) school days from the date CONTRACTOR becomes aware of a student's change of residence, CONTRACTOR shall notify LEA, in writing, of the student's change of residence. Upon enrollment, CONTRACTOR shall notify parents in writing of their obligation to notify CONTRACTOR of the student's change of residence. CONTRACTOR shall maintain, and provide upon request by LEA, documentation of such notice to parents.

39. WITHDRAWAL OF STUDENT FROM PROGRAM

CONTRACTOR shall immediately report electronically and in writing to the LEA within five (5) business days when an LEA student is withdrawn without prior notice from school and/or services, including student's change of residence to a residence outside of LEA service boundaries, and parent/guardian withdrawal of student against professional advice from a NPS/RTC.

40. PARENT ACCESS

CONTRACTOR shall provide to LEA documentation of substitute coverage pursuant to the LEA Procedures. Substitute teachers shall remain with their assigned class during all instructional time. LEA will not pay for instruction and/or services unless said instruction or service is provided by an appropriately credentialed substitute teacher.

Whenever a related service provider is absent, CONTRACTOR shall provide a qualified (as defined in Section 7 of this agreement and as determined by LEA) substitute. LEA will not pay for services unless a qualified substitute is provided and/or CONTRACTOR provides documentation evidencing the provision of "make-up" services by a qualified service provider within thirty (30) calendar days from the date on which the services should have been provided unless otherwise agreed in student's IEP.

LEA shall not pay for services provided on days that a student's attendance does not qualify for Average Daily Attendance (ADA) reimbursement under state law. *Per Diem* rates for students whose IEPs authorize less than a full instructional day may be adjusted on a pro rata basis in accordance with the actual proportion of the school day the student was served. LEA shall not be responsible for payment of related services for days on which a student's attendance does not qualify for Average Daily Attendance ("ADA") reimbursement under state law, nor shall student be eligible for make-up services.

NONPUBLIC AGENCY STAFF ABSENCE

When CONTRACTOR is a nonpublic agency and CONTRACTOR's service provider is absent, CONTRACTOR shall provide a qualified (as defined in Section 7 of this agreement and as determined by LEA) substitute, unless LEA provides appropriate coverage in lieu of CONTRACTOR's service providers. LEA shall not pay for services unless a qualified substitute is provided and/or CONTRACTOR provides documentation evidencing the provision of "make-up" services by a qualified service provider within thirty (30) calendar days from the date on which the services should have been provided. CONTRACTOR shall not "bank" or "carry over" make up service hours under any circumstances, unless otherwise agreed to in writing by CONTRACTOR and LEA. In the event services were not provided, reasons for why the services were not provided shall be included.

NONPUBLIC AGENCY STUDENT ABSENCE

If CONTRACTOR is a nonpublic agency, it shall notify LEA of the absence of a student no later than the third (3rd consecutive or cumulative service day of the student's absence. LEA shall not be responsible for the payment of services when a student is absent.

60. LEA and/or NONPUBLIC SCHOOL CLOSURE DUE TO EMERGENCY

The following shall apply in the event of a LEA or NPS school closure due to an emergency consistent with guidelines followed by LEAs in accordance with Education Code sections 41422 and 46392:

b. NPS School Closure- In the event of a NPS School Closure for the reasons set forth in Education Code section 41422, if the LEA is able to obtain alternative placement for the student, CONTRACTOR shall not receive payment for days the student is not in attendance due to CONTRACTOR'S school closure. If the LEA is unable to obtain an alternative placement, CONTRACTOR shall receive payment consistent with the student's approved ISA, as though the student were continuing their regular attendance, until an alternative placement can be found and CONTRACTOR shall implement LEA student's IEP in accordance with Education Code section 56345(a)(9) pertaining to emergency conditions.

c. LEA and NPS School Closure- In the event of the LEA and NPS School Closures, on days the LEA is funded, CONTRACTOR shall receive payment consistent with the student's approved ISA, until an alternative placement can be found and CONTRACTOR shall implement LEA student's IEP in accordance with Education Code section 56345(a)(9) pertaining to emergency conditions. If the LEA is able to obtain alternative placement for the student, CONTRACTOR shall not receive payment for days the student is not in attendance with CONTRACTOR due to CONTRACTOR'S school closure.

When the emergency school closure is lifted, CONTRACTOR shall notify the LEAs it serves of any lost instructional minutes. CONTRACTOR and LEAs shall work collaboratively to determine the need for make-up days or service changes, and shall work together to amend IEP and ISA paperwork as appropriate.

61. INSPECTION AND AUDIT

The CONTRACTOR shall maintain and the LEA shall have the right to examine and audit all of the books, records, documents, accounting procedures and practices and other evidence that reflect all costs claimed to have been incurred or fees claimed to have been earned under this Agreement.

Such access shall include unannounced inspections by LEA. CONTRACTOR shall make available to LEA all budgetary information including operating budgets submitted by CONTRACTOR to LEA for the relevant contract period being audited.

CONTRACTOR shall make all records available at the office of LEA or CONTRACTOR's offices (to be specified by LEA) at all reasonable times and without charge. All records shall be provided to LEA within five (5) working days of a written request from LEA. CONTRACTOR shall, at no cost to LEA, provide assistance for such examination or audit. LEA's rights under this section shall also include access to CONTRACTOR's offices for purposes of interviewing CONTRACTOR's employees. If any document or evidence is stored in an electronic form, a hard copy shall be made available to the LEA, unless the LEA agrees to the use of the electronic format.

CONTRACTOR shall obtain from its subcontractors and suppliers written agreements to the requirements of this section and shall provide a copy of such agreements to LEA upon request by LEA.

If an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm determines that CONTRACTOR owes LEA monies as a result of CONTRACTOR's over billing or failure to perform, in whole or in part, any of its obligations under this Master Contract, LEA shall provide to CONTRACTOR written notice demanding payment from CONTRACTOR and specifying the basis or bases for such demand. Unless CONTRACTOR and LEA otherwise agree in writing, CONTRACTOR shall pay to LEA the full amount owed as a result of CONTRACTOR's over billing and/or failure to perform, in whole or in part, any of its obligations under this Master Contract, as determined by an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm. CONTRACTOR shall make such payment to LEA within thirty (30) days of receipt of LEA's written notice demanding payment.

62. RATE SCHEDULE

The attached rate schedule (Exhibit A) limits the number of students that may be enrolled and maximum dollar amount of the contract. It may also limit the maximum number of students that can be provided specific services. Per Diem rates for students whose IEPs authorize less than a full instructional day may be adjusted proportionally. In such cases only, the adjustments in basic education rate shall be based on the required minimum number of minutes per grade level as set forth in paragraph 23, above, and in California Education Code Section 46200-46208.

Special education and/or related services offered by CONTRACTOR shall be provided by qualified personnel as per State and Federal law, and the codes and charges for such educational and/or related services during the term of this contract, shall be as stated in Exhibit A.

Any payment for additional days in special circumstances, such as a student's hospitalization or extended home visits exceeding ten (10) days in a Contract year, requires prior written approval from both the LEA and the CONTRACTOR.

4. TERM OF MASTER CONTRACT

The term of this Master Contract shall be from July 1, 2026 to June 30, 2027 (Title 5 California Code of Regulations section 3062(a)) unless otherwise stated. If, after 60 days the Master Contract or individual services agreement has not been finalized, as prescribed in paragraph (1) of subdivision (a), either party may appeal to the county superintendent of schools, if the county superintendent of schools is not participating in the local plan involved in the nonpublic, nonsectarian school or agency contract; or the Superintendent, if the county superintendent of schools is participating in the local plan involved in the contract, to negotiate the contract. Within 30 days of receipt of this appeal, the county superintendent of schools or the Superintendent, or the individual designee, shall mediate the formulation of a contract, which shall be binding upon both parties (Education Code 56366 (c) (2)). No Master Contract will be offered unless and until all of the contracting requirements have been satisfied. The offer of a Master Contract to a CONTRACTOR is at the sole discretion of the LEA.

If CONTRACTOR fails to execute the new Master Contract within such ninety-day period, all payments shall cease until such time as the new Master Contract for the current school year is signed and returned to LEA by CONTRACTOR. (California Education Code section 56366(c)(1) and (2)). 17. INDEPENDENT CONTRACTOR

Nothing herein contained will be construed to imply a joint venture, partnership or principal-agent relationship between the LEA and CONTRACTOR. CONTRACTOR shall provide all services under this Contract as an independent contractor, and neither party shall have the authority to bind or make any commitment on behalf of the other. Nothing contained in this Contract shall be deemed to create any association, partnership, joint venture or relationship of principal and agent, master and servant, or employer and employee between the parties or any affiliates of the parties, or between the LEA and any individual assigned by CONTRACTOR to perform any services for the LEA.

If the LEA is determined to be a partner, joint venture, co-principal, employer or co-employer of CONTRACTOR, CONTRACTOR shall indemnify and hold harmless the LEA from and against any and all claims for loss, liability, or damages arising from that determination, as well as any expenses, costs, taxes, penalties and interest charges incurred by the LEA as a result of that holding.

18. SUBCONTRACTING

The LEA shall neither execute an ISA with CONTRACTOR nor amend an existing ISA for a student when a recommendation for special education and/or related services is based in whole or in part on assessment(s) or reports provided by CONTRACTOR to the student without prior written authorization by LEA. This paragraph shall apply to CONTRACTOR regardless of when an assessment is performed or a report is prepared (i.e., before or after the student is enrolled in CONTRACTOR's school/agency) or whether an assessment of the student is performed or a report is prepared in the normal course of the services provided to the student by CONTRACTOR. To avoid conflict of interest, and in order to ensure the appropriateness of an Independent Educational Evaluation (hereinafter referred to as "IEE") and its recommendations, the LEA may not fund an IEE by an evaluator who provides ongoing service(s) or is sought to provide service(s) to the student for whom the IEE is requested. Likewise, the LEA may not fund services through the evaluator whose IEE the LEA agrees to fund. When no other appropriate assessor is available, LEA may request and if CONTRACTOR agrees, the CONTRACTOR may provide an IEE.

CONTRACTOR shall not admit a student living within the jurisdictional boundaries of the LEA on a private pay or tuition free "scholarship" basis and concurrently or subsequently advise/request parent(s) to pursue funding for the admitted school year from the LEA through due process proceedings.

If student services are provided by a third party (i.e. Related Services Provider), CONTRACTOR shall notify LEA if provision of services cease.

Unless otherwise agreed to between CONTRACTOR and LEA, CONTRACTOR shall be responsible for the provision of all appropriate supplies, equipment, and/or facilities, as specified in the student's IEP and ISA. CONTRACTOR shall make no charge of any kind to parents for special education and/or related services as specified in the student's IEP and ISA (including, but not limited to, screenings, assessments, or interviews that occur prior to or as a condition of the student's enrollment under the terms of this Master Contract). LEA shall provide low incidence equipment for eligible students with low incidence disabilities when specified in the student's IEP and ISA. Such equipment remains the property of the SELPA/LEA and shall be returned to the SELPA/LEA when the IEP team determines the equipment is no longer needed or when the student is no longer enrolled in the NPS. CONTRACTOR shall ensure that

facilities are adequate to provide LEA students with an environment which meets all pertinent health and safety regulations. CONTRACTOR may charge a student's parent(s) for services and/or activities not necessary for the student to receive a free appropriate public education after: (a) written notification to the student's parent(s) of the cost and voluntary nature of the services and/or activities; and (b) receipt by the LEA of the written notification and a written acknowledgment signed by the student's parent(s) of the cost and voluntary nature of the services and/or activities. CONTRACTOR shall adhere to all LEA requirements concerning parent acknowledgment of financial responsibility.

Voluntary services and/or activities not necessary for the student to receive a free appropriate public education shall not interfere with the student's receipt of special education and/or related services as specified in the student's IEP and ISA unless the LEA, CONTRACTOR, and PARENT agree otherwise in writing.

22. GENERAL PROGRAM OF INSTRUCTION

The NPA providing Behavior Intervention services shall develop a written plan that specifies the nature of their NPA service for each student within thirty (30) days of enrollment and shall be provided in writing to the LEA. School-based services may not be unilaterally converted by CONTRACTOR to a substitute program or provided at a location not specifically authorized by the IEP team. Except for services provided by a CONTRACTOR that is a Licensed Children's Institution (LCI), all services not provided in the school setting require the presence of a parent, guardian or adult caregiver during the delivery of services, provided such guardian or caregiver have a signed authorization by the parent or legal guardian to authorize emergency services as requested. In the event a NPS is unable to fill a vacant teaching position responsible for direct instruction to students, and the vacancy has direct impact on the CDE Certification of that school, the NPS shall develop a plan to ensure appropriate coverage of students by first utilizing existing certificated staff. The NPS and the LEA may agree to one 30 school day period per contract year where class size may be increased to ensure coverage by an appropriately credentialed teacher. Such an agreement shall be in writing and signed by both parties. This provision does not apply to a NPA.

Billable days shall include only those days that are included on the submitted and approved school calendar, and/or required by the IEP (developed by the LEA) for each student. CONTRACTOR shall not be allowed to change its school calendar and/or amend the number of billable days without the prior written approval of the LEA. CONTRACTOR must submit any calendar changes to LEA in writing at least ten (10) business days prior to proposed change in order to be eligible for payment based upon the new calendar, if approved. Nothing in this Master Contract shall be interpreted to require the LEA to accept any requests for calendar changes.

Unless otherwise specified by the student's IEP or ISA, educational services shall occur at the school site. A student shall only be eligible for extended school year services as determined by the IEP team and the provision of such is specifically included in the ISA. Extended school year shall consist of twenty (20) instructional days, unless otherwise agreed upon by the IEP team convened by the LEA. Any days of

extended school year in excess of twenty (20) billable days must be mutually agreed to, in writing, prior to the start of the extended school year.

Student must have actually been in attendance and/or received services on a billable day of attendance in order for CONTRACTOR to be eligible for payment. It is specifically understood that services may not be provided on weekends/holidays and other times when school is not in session, unless agreed to by the LEA, in writing, in advance of the delivery of any NPA service provided by CONTRACTOR. Any instructional days provided without this written agreement shall be at the sole financial responsibility of the CONTRACTOR.

26. DATA REPORTING AND TRAINING

CONTRACTOR shall agree to provide to the LEA all data related to student information and billing information with LEA. CONTRACTOR shall agree to provide data related to all sections of this contract, including student discipline as noted below, and requested by and in the format required by the LEA. It is understood that all NPS/A shall utilize the LEA approved electronic IEP system for all IEP development, service tracking documentation, and progress reporting, unless otherwise agreed to by the LEA. Additional progress reporting may be required by the LEA. The LEA shall provide the CONTRACTOR with appropriate user training and proper permissions to allow adequate access.

CONTRACTOR shall complete all LEA-specific trainings, orientations, and onboarding requirements designated by the LEA prior to commencing services. Completion of such trainings does not constitute billable service hours unless otherwise agreed to in writing by the LEA. CONTRACTOR shall complete any and all LEA required trainings prior to beginning work with students. CONTRACTOR shall document all session attendance in the LEA's approved electronic IEP system no later than the conclusion of each workday during which services are provided.

Using forms developed by the CDE or as otherwise mutually agreed upon by CONTRACTOR and LEA, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Code sections 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code sections 48900 and 48915.

The LEA shall provide the CONTRACTOR with approved forms and/or format for such data including, but not limited to, invoicing, attendance reports and progress reports. The LEA may approve use of CONTRACTOR'S provided forms at their discretion.

27. LEAST RESTRICTIVE ENVIRONMENT/DUAL ENROLLMENT

CONTRACTOR and LEA shall follow all LEA policies and procedures that support Least Restrictive Environment ("LRE") options and/or dual enrollment options if available and appropriate, for students to have access to the general curriculum and to be educated with their nondisabled peers to the maximum extent appropriate.

CONTRACTOR and LEA shall ensure that LRE placement options are addressed at all IEP team meetings regarding students for whom ISAs have been or may be executed. This shall include IEP team consideration of supplementary aids and services, goals and objectives necessary for placement in the LRE and necessary to enable students to transition to less restrictive settings.

When an IEP team has determined that a student should be transitioned into the public school setting, CONTRACTOR shall assist the LEA in implementing the IEP team's recommended activities to support the transition.

28. STATEWIDE ACHIEVEMENT TESTING

When CONTRACTOR is a NPS, per implementation of Senate Bill 484, CONTRACTOR shall administer all statewide assessments within the California Assessment of Student Performance and Progress ("CAASPP"), Desired Results Developmental Profile ("DRDP"), California Alternative Assessment ("CAA"), achievement and abilities tests (using LEA-authorized assessment instruments), the Fitness Gram, , the English Language Proficiency Assessments for California ("ELPAC"), the Alternative English Language Proficiency Assessments for California ("Alternative ELPAC"), and as appropriate to the student, and mandated by LEA pursuant to LEA and state and federal guidelines.

CONTRACTOR is subject to the alternative accountability system developed pursuant to Education Code section 52052, in the same manner as public schools. Each LEA student placed with CONTRACTOR by the LEA shall be tested by qualified staff of CONTRACTOR in accordance with that accountability program. LEA shall provide test administration training to CONTRACTOR'S qualified staff. CONTRACTOR shall attend LEA test training and comply with completion of all coding requirements as required by LEA.

29. MANDATED ATTENDANCE AT LEA MEETINGS

CONTRACTOR shall attend District mandated meetings when legal mandates, and/or LEA policy and procedures are reviewed, including but not limited to the areas of: curriculum, high school graduation, standards-based instruction, behavior intervention, cultural and linguistic needs of students with disabilities, dual enrollment responsibilities, LRE responsibilities, transition services, data collection, and standardized testing and IEPs. LEA shall provide CONTRACTOR with reasonable notice of mandated meetings. Attendance at such meetings does not constitute a billable service hour(s).

30. POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORTS

CONTRACTOR shall comply with the requirements of Education Code sections 49000, *et seq.,* 49005, *et seq*., 56521.1 and 56521.2. LEA students who exhibit behaviors that interfere with their learning or the learning of others must receive timely and appropriate assessments and positive supports and interventions in accordance with state and federal law and implementing regulations. If the IEP team determines that a student's behavior impedes the individual learning or the learning of others, the IEP team is required to consider the use of positive behavioral interventions and supports, and other strategies, to address that

behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations. This could mean that instead of developing a Behavior Intervention Plan ("BIP"), the IEP team may conclude it is sufficient to address the student's behavioral problems through the development of behavioral goals and behavioral interventions to support those goals.

CONTRACTOR shall maintain a written policy pursuant to California Education Code section 56521.1 regarding emergency interventions and behavioral emergency reports. CONTRACTOR shall ensure that all of its staff members are trained in crisis intervention, emergency procedures, and evidenced-based practices and interventions specific to the unique behavioral needs of the CONTRACTOR's pupil population. The training shall be provided within 30 days of employment to new staff who have any contact or interaction with pupils during the school day, and annually to all staff who have any contact or interaction with pupils during the school day. The CONTRACTOR shall select and conduct the training in accordance with California Education Code section 56366.1. CONTRACTOR shall maintain written records of the training and provide written verification of the training annually and upon request.

Emergency interventions are those interventions used with a student during the time they present a serious, dangerous behavior that staff has determined to be present a clear and present danger to self or others, which requires a non-violent physical intervention to protect the safety of student, self, or others that cannot be prevented by use of a less restrictive technique. Pursuant to Education Code section 56521.1, emergency interventions shall not be used as a substitute for a BIP, and shall not be employed longer than necessary to contain the behavior. Emergency interventions may only be used to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the individual with exceptional needs, or others, and that cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior. If a situation requires prolonged use of emergency intervention, staff must seek assistance from the school site administrator or a law enforcement agency.

CONTRACTOR shall complete a behavior emergency report when an emergency intervention is used ; or when a physical intervention has not been used, but an injury or serious property damage has occurred. Personal Safety Techniques may or may not have been used. A behavior emergency report form must be completed and submitted to the LEA within twenty-four (24) hours for administrative action. CONTRACTOR shall also notify Parent within twenty-four (24) hours via telephone. If the student's IEP does not contain a BIP, CONTRACTOR shall schedule with LEA an IEP meeting within two (2) days to review the behavior emergency report, determine if there is a necessity for a functional behavioral assessment, and to determine an interim plan. If applicable, the IEP team shall document the reasons for not conducting the functional behavioral assessment, not developing an interim plan, or both. If the student already has a BIP, and the incident involved a previously unseen or new serious behavior, or if preexisting behavioral interventions in the BIP were ineffective, CONTRACTOR shall schedule with LEA an IEP meeting to review and determine the need to modify the BIP.

Pursuant to Education Code section 56521.2, CONTRACTOR shall not authorize, order, consent to, or pay for the following interventions, or any other interventions similar to or like the following:

1. any intervention that is designed to, or likely to, cause physical pain, including, but not limited to, electric-shock;
2. an intervention that involves the release of noxious, toxic, or otherwise unpleasant sprays, mists, or substances in proximity to the face of the individual;
3. an intervention that denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities;
4. an intervention that is designed to subject, used to subject, or likely to subject, the individual to verbal abuse, ridicule, or humiliation, or that can be expected to cause excessive emotional trauma;
5. restrictive interventions that employ a device, material, or objects that simultaneously immobilize all four extremities;
6. prone restraint;
7. locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room;
8. an intervention that precludes adequate supervision of the individual;

9. an intervention that deprives the individual of one or more of the individual's senses.

CONTRACTOR shall comply with Education Code sections 49005.8, 56521.1 and 56521.2. Specifically, Contractor shall not do any of the following:

1. Use seclusion or a behavioral restraint for the purpose of coercion, discipline, convenience, or retaliation.
2. Use locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room.
3. Use a physical restraint technique that obstructs a pupil's respiratory airway or impairs the pupil's breathing or respiratory capacity, including techniques in which a staff member places pressure on a pupil's back or places the staff member's body weight against the pupil's torso or back.
4. Use a behavioral restraint technique that restricts breathing, including, but not limited to, using a pillow, blanket, carpet, mat, or other item to cover a pupil's face.
5. Use prone restraint, including but not limited to prone containment.
6. Use a behavioral restraint for longer than is necessary to contain the behavior that poses a clear and present danger of serious physical harm to the pupil or others.

CONTRACTOR shall keep constant, direct observation of a pupil who is in seclusion, which may be through observation of the pupil through a window, or another barrier, through which the educational provider is able to make direct eye contact with the pupil. This observation shall not be through indirect means, including through a security camera or a closed-circuit television.

CONTRACTOR shall afford pupils who are restrained the least restrictive alternative and the maximum freedom of movement, and shall use the least number of restraint points, while ensuring the physical safety of the pupil and others.

In the case of a child whose behavior impedes the child's learning or that of others, the IEP team shall consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations.

All restraint practices must be reviewed and revised when they have an adverse effect on a student and are used repeatedly for an individual child, either on multiple occasions within the same classroom or multiple uses by the same individual. CONTRACTOR shall notify the student's parent/guardian when any type of physical or mechanical restraint or seclusion has been used. Upon the use of any type of physical or mechanical restraint or seclusions of an LEA student, CONTRACTOR shall complete a BER per the reporting and notification requirements listed above.

31. STUDENT DISCIPLINE

CONTRACTOR shall maintain and abide by a written policy for student discipline that is consistent with state and federal law and regulations. Using forms developed by the California Department of Education or as otherwise mutually agreed upon by CONTRACTOR and LEA, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Codes 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code Sections 48900 and 48915.

When CONTRACTOR seeks to remove a student from his/her current educational placement for disciplinary reasons, CONTRACTOR shall immediately submit a written discipline report to the LEA. Written discipline reports shall include, but not be limited to: the student's name; the time, date, and description of the misconduct; the disciplinary action taken by CONTRACTOR; and the rationale for such disciplinary action. A copy of the student's behavior plan, if any, shall be submitted with the written discipline report. CONTRACTOR and LEA agree to participate in a manifestation determination at an IEP meeting no later than the tenth (10^{th}) day of suspension

32. IEP TEAM MEETINGS

An IEP team meeting shall be convened at least annually to evaluate: (1) the educational progress of each student placed with CONTRACTOR, including all state assessment results pursuant to the requirements of Education Code section 52052; (2) whether or not the needs of the student continue to be best met at the NPS; and (3) whether changes to the student's IEP are necessary, including whether the student may be transitioned to a public school setting. (California Education Code sections 56366 (a) (2) (B) (i) and (ii)) and pursuant to California Education Code section 56345 (b) (4).)

If the LEA student is to be transferred from a NPS setting into a regular class setting in a public school for any part of the school day, the IEP team shall document a description of activities provided to integrate the student into the regular education program, including the nature of each activity as well as the time spent on the activity each day or week and a description of the activities provided to support the transition of the student from the special education program into the regular education program. Each student shall be allowed to provide confidential input to any representative of the individual IEP team. Except as otherwise provided in the Master Contract, CONTRACTOR and LEA shall participate in all IEP team meetings regarding students for whom ISAs have been or may be executed. At any time during the term of this Master Contract, the parent, the CONTRACTOR or the LEA may request a review of the student's IEP, subject to all procedural safeguards required by law, including reasonable notice given to, and participation of, the CONTRACTOR in the meeting. Every effort shall be made to schedule IEP team meetings at a time and place that is mutually convenient to parent, CONTRACTOR and LEA. CONTRACTOR shall provide to LEA assessments and written assessment reports by service providers upon request and/or pursuant to LEA policy and procedures. It is understood that attendance at an IEP meeting is part of CONTRACTOR'S professional responsibility and is not a billable service under this Master Contract.

It is understood that the CONTRACTOR shall utilize the approved electronic IEP system of the LEA for all IEP planning and progress reporting at the LEA's discretion. The LEA or SELPA may provide training for any CONTRACTOR to ensure access to the approved system. The CONTRACTOR shall maintain confidentiality of all IEP data on the approved system and shall protect the password requirements of the system. When a student dis-enrolls from the NPS/NPA, the NPS/NPA and LEA shall discontinue use of the approved system for that student.

Changes in any student's educational program, including instruction, services, or instructional setting provided under this Master Contract, may only be made on the basis of revisions to the student's IEP. In the event that the CONTRACTOR believes the student requires a change of placement, the CONTRACTOR may request a review of the student's IEP for the purposes of consideration of a change in the student's placement. Student is entitled to remain in the last agreed upon and implemented placement unless parent agrees otherwise or an Interim Alternative Educational Setting is deemed lawful and appropriate by LEA or OAH consistent with Section 1415 (k)(1)(7) of Title 20 of the United States Code.

If CONTRACTOR is an NPS, CONTRACTOR shall ensure private and confidential communication, including telecommunication, between a pupil of the NPS and members of the pupil's IEP team and the CDE's Constituent Services Office, at the pupil's discretion.

The LEA shall annually notify the CONTRACTOR who the LEA has designated as the educational liaison for foster children. When a pupil in foster care is enrolled in a NPS by the LEA any time after the completion of the pupil's second year of high school, the CONTRACTOR shall schedule the pupil in courses leading

towards graduation based on the diploma requirements of the LEA unless provided notice otherwise in writing pursuant to Section 51225.1.

34. DUE PROCESS PROCEEDINGS

CONTRACTOR shall fully participate in special education due process proceedings including mediations and hearings, as requested by LEA. Participation further includes the willingness to make CONTRACTOR's staff available for witness preparation and testimony as is necessary to facilitate a due process hearing. CONTRACTOR shall also fully participate in the investigation and provision of documentation related to any complaint filed with the State of California, the Office of Civil Rights, or any other state and/or federal governmental body or agency. Full participation shall include, but in no way be limited to, cooperating with LEA representatives to provide complete answers raised by any investigator and/or the immediate provision of any and all documentation that pertains to the operation of CONTRACTOR's program and/or the implementation of a particular student's IEP/Individual and Family Service Plan ("IFSP").

35. COMPLAINT PROCEDURES

CONTRACTOR shall maintain and adhere to its own written procedures for responding to parent complaints. These procedures shall include annually notifying and providing parents of students with appropriate information (including complaint forms) for the following: (1) Uniform Complaint Procedures pursuant to Title 5 of the California Code of Regulations section 4600 *et seq*.; (2) Nondiscrimination policy pursuant to Title 5 of the California Code of Regulations section 4960 (a); (3) Sexual Harassment Policy, California Education Code 231.5 (a) (b) (c); (4) Title IX Student Grievance Procedure, Title IX 106.8 (a) (d) and 106.9 (a); and (5) Notice of Privacy Practices in compliance with Health Insurance Portability and Accountability Act ("HIPAA"). CONTRACTOR shall include verification of these procedures to the LEA. CONTRACTOR shall immediately notify LEA of any complaints filed against it related to LEA students and provide LEA with all documentation related to the complaints and/or its investigation of complaints, including any and all reports generated as a result of an investigation.

36. STUDENT PROGRESS REPORTS/REPORT CARDS AND ASSESSMENTS

Unless LEA requests in writing that progress reports be provided on a monthly basis, CONTRACTOR shall provide to LEA at least two (2) written progress reports/report cards annually, two (2) weeks prior to the end of each semester. At a minimum, progress reports shall include progress over time towards IEP goals and objectives. A copy of the progress reports/report cards shall be maintained at the CONTRACTOR's place of business and shall be submitted to the LEA two (2) weeks prior to the end of each semester, in accordance with the LEA's procedures and school calendar.

The CONTRACTOR shall also provide an LEA representative access to supporting documentation used to determine progress on any goal or objective, including but not limited to log sheets, observation notes, data sheets, pre/post tests, rubrics and other similar data collection used to determine progress or lack of progress on approved goals, objectives, transition plans or behavior intervention plans. The LEA may request such data at any time within five (5) years of the date of service. The CONTRACTOR shall provide this data supporting progress within five (5) business days of request. Additional time may be granted as needed by the LEA.

CONTRACTOR shall complete academic or other evaluations of the student ten (10) days prior to the student's annual or triennial review IEP team meeting for the purpose of reporting the student's present levels of performance at the IEP team meeting as required by state and federal laws and regulations and pursuant to LEA policies, procedures, and/or practices. CONTRACTOR shall provide sufficient copies of its reports, documents, and projected goals to share with members of the IEP team five (5) business days prior to the IEP meeting. CONTRACTOR shall maintain supporting documentation such as test protocols and data collection, which shall be made available to LEA within five (5) business days of request.

The CONTRACTOR is responsible for all evaluation costs regarding the updating of goals and objectives, progress reporting and development of present levels of performance. All assessments resulting from an assessment plan shall be provided by the LEA unless the LEA specifies in writing a request that CONTRACTOR perform such additional assessment. Any assessment and/or evaluation costs may be added to the ISA and/or approved separately by the LEA at the LEA's sole discretion.

It is understood that all billable hours must be in direct services to pupils as specified in the ISA. For NPA services, supervision provided by a qualified individual as specified in Title 5 Regulation, subsection 3065, shall be determined as appropriate and included in the ISA. Supervision means the direct observation of services, data review, case conferencing and program design consistent with professional standards for each professional's license, certification, or credential.

CONTRACTOR shall not charge the student's parent(s) or LEA for the provision of progress reports, report cards, evaluations conducted in order to obtain present levels of performance, interviews, and/or meetings. It is understood that all billable hours have limits to those specified on the ISA consistent with the IEP. It is understood that copies of data collection notes, forms, charts and other such data are part of the pupil's record and shall be made available to the LEA upon written request.

37. GRADES, HIGH SCHOOL COURSE CREDITS, & TRANSCRIPTS

When CONTRACTOR is a NPS, CONTRACTOR is responsible for assigning grades for any course of instruction taught at the NPS. The grades determined by the pupil's teacher, in the absence of clerical or mechanical mistake, fraud, bad faith, or incompetency, shall be final and consistent with the provisions specified in EC Section 49066. The grades each pupil receives in all courses of instruction taught by the NPS shall be reported to the parents and the LEA on a quarterly basis. Consistent with the LEA, should it become evident to the NPS the pupil is in danger of failing a course, the CONTRACTOR must initiate a parent conference, and the LEA representative must be in attendance.

When CONTRACTOR serves students in grades nine (9) through twelve (12) inclusive, LEA shall provide to CONTRACTOR a specific list of the course requirements to be satisfied by the CONTRACTOR leading toward graduation or completion of LEA's diploma requirements. CONTRACTOR shall not recommend awarding a high school diploma to students who have not successfully completed all of the LEA's graduation requirements.

Pupils enrolled in high school during the 2020-2021 academic year may request a Pass or No Pass grade as permitted in EC Section 49066.5, which may be reflected on the student's transcript and shall not negatively affect the pupil's grade point average.

CONTRACTOR shall prepare transcripts at the close of each semester, or upon student transfer, for students in grades nine (9) through twelve (12) inclusive, and submit them on LEA approved forms to the student's school of residence for evaluation of progress toward completion of diploma requirements as specified in LEA Procedures. CONTRACTOR shall submit to the LEA names of students and their schools of residence for whom transcripts have been submitted as specified by the LEA.

INDIVIDUAL TRANSITION PLANNING – AB 438, Approved on September 28, 2024

Effective July 1, 2025, if determined appropriate by the pupil's IEP team, beginning when the pupil starts their high school experience and not later than when the pupil is 16 years of age or younger, as appropriate, and annually thereafter, a statement of needed transition services shall be included in the pupil's individualized education program. If the individualized education program team determines that the pupil would benefit from the postponement of the inclusion of appropriate measurable postsecondary goals and transition services until 16 years of age, rather than when the pupil begins their high school experience, the individualized education program team shall appropriately justify the basis for that postponement. (EC section 56043(h).)

38. STUDENT CHANGE OF RESIDENCE

Within five (5) school days from the date CONTRACTOR becomes aware of a student's change of residence, CONTRACTOR shall notify LEA, in writing, of the student's change of residence. Upon enrollment, CONTRACTOR shall notify parents in writing of their obligation to notify CONTRACTOR of the student's change of residence. CONTRACTOR shall maintain, and provide upon request by LEA, documentation of such notice to parents.

39. WITHDRAWAL OF STUDENT FROM PROGRAM

CONTRACTOR shall immediately report electronically and in writing to the LEA within five (5) business days when an LEA student is withdrawn without prior notice from school and/or services, including student's change of residence to a residence outside of LEA service boundaries, and parent/guardian withdrawal of student against professional advice from a NPS/RTC.

40. PARENT ACCESS

CONTRACTOR shall provide to LEA documentation of substitute coverage pursuant to the LEA Procedures. Substitute teachers shall remain with their assigned class during all instructional time. LEA will not pay for instruction and/or services unless said instruction or service is provided by an appropriately credentialed substitute teacher.

Whenever a related service provider is absent, CONTRACTOR shall provide a qualified (as defined in Section 7 of this agreement and as determined by LEA) substitute. LEA will not pay for services unless a qualified substitute is provided and/or CONTRACTOR provides documentation evidencing the provision of "make-up" services by a qualified service provider within thirty (30) calendar days from the date on which the services should have been provided unless otherwise agreed in student's IEP.

NONPUBLIC SCHOOL STUDENT ABSENCE

Criteria for a billable day for payment purposes is one (1) day of attendance as defined in California Education Code, sections 46010, 46010.3 and 46307. LEA shall not pay for services provided on days that a student's attendance does not qualify for Average Daily Attendance (ADA) reimbursement under state law. *Per Diem* rates for students whose IEPs authorize less than a full instructional day may be adjusted on a pro rata basis in accordance with the actual proportion of the school day the student was served. LEA shall not be responsible for payment of related services for days on which a student's attendance does not qualify for Average Daily Attendance ("ADA") reimbursement under state law, nor shall student be eligible for make-up services.

NONPUBLIC AGENCY STAFF ABSENCE

When CONTRACTOR is a nonpublic agency and CONTRACTOR's service provider is absent, CONTRACTOR shall provide a qualified (as defined in Section 7 of this agreement and as determined by LEA) substitute, unless LEA provides appropriate coverage in lieu of CONTRACTOR's service providers. LEA shall not pay for services unless a qualified substitute is provided and/or CONTRACTOR provides documentation evidencing the provision of "make-up" services by a qualified service provider within thirty (30) calendar days from the date on which the services should have been provided. CONTRACTOR shall not "bank" or "carry over" make up service hours under any circumstances, unless otherwise agreed to in writing by CONTRACTOR and LEA. In the event services were not provided, reasons for why the services were not provided shall be included.

NONPUBLIC AGENCY STUDENT ABSENCE

If CONTRACTOR is a nonpublic agency, it shall notify LEA of the absence of a student no later than the third (3rd consecutive or cumulative service day of the student's absence. LEA shall not be responsible for the payment of services when a student is absent.

60. LEA and/or NONPUBLIC SCHOOL CLOSURE DUE TO EMERGENCY

The following shall apply in the event of a LEA or NPS school closure due to an emergency consistent with guidelines followed by LEAs in accordance with Education Code sections 41422 and 46392:

b. NPS School Closure- In the event of a NPS School Closure for the reasons set forth in Education Code section 41422, if the LEA is able to obtain alternative placement for the student, CONTRACTOR shall not receive payment for days the student is not in attendance due to CONTRACTOR'S school closure. If the LEA is unable to obtain an alternative placement, CONTRACTOR shall receive payment consistent with the student's approved ISA, as though the student were continuing their regular attendance, until an alternative placement can be found and CONTRACTOR shall implement LEA student's IEP in accordance with Education Code section 56345(a)(9) pertaining to emergency conditions.

c. LEA and NPS School Closure- In the event of the LEA and NPS School Closures, on days the LEA is funded, CONTRACTOR shall receive payment consistent with the student's approved ISA, until an alternative placement can be found and CONTRACTOR shall implement LEA student's IEP in accordance with Education Code section 56345(a)(9) pertaining to emergency conditions. If the LEA is able to obtain alternative placement for the student, CONTRACTOR shall not receive payment for days the student is not in attendance with CONTRACTOR due to CONTRACTOR'S school closure.

When the emergency school closure is lifted, CONTRACTOR shall notify the LEAs it serves of any lost instructional minutes. CONTRACTOR and LEAs shall work collaboratively to determine the need for make-up days or service changes, and shall work together to amend IEP and ISA paperwork as appropriate.

61. INSPECTION AND AUDIT

The CONTRACTOR shall maintain and the LEA shall have the right to examine and audit all of the books, records, documents, accounting procedures and practices and other evidence that reflect all costs claimed to have been incurred or fees claimed to have been earned under this Agreement.

CONTRACTOR shall provide access to LEA to all records including, but not limited to: student pupils as defined by California Education Code section 49061(b); registers and roll books of teachers; daily service logs and notes or other documents used to record the provision of related services; Medi-Cal/daily service logs and notes used to record provision of services provided by instructional assistants, behavior intervention aides, bus aides, and supervisors; absence verification records (parent/doctor notes, telephone logs, and related documents); bus rosters; staff lists specifying credentials held, business licenses held, documents evidencing other qualifications, , dates of hire, and dates of termination; staff time sheets; non-paid staff and volunteer sign-in sheets; transportation and other related service subcontracts; school calendars; bell/class schedules when applicable; liability and worker's compensation insurance policies; state NPS/A certifications; by-laws; lists of current board of directors/trustees, if incorporated; other documents evidencing financial expenditures; federal/state payroll quarterly reports Form 941/DE3DP; and bank statements and canceled checks or facsimile thereof. Such access shall include unannounced inspections by LEA. CONTRACTOR shall make available to LEA all budgetary information including operating budgets submitted by CONTRACTOR to LEA for the relevant contract period being audited.

LEA's rights under this section shall also include access to CONTRACTOR's offices for purposes of interviewing CONTRACTOR's employees. If any document or evidence is stored in an electronic form, a hard copy shall be made available to the LEA, unless the LEA agrees to the use of the electronic format.

CONTRACTOR shall obtain from its subcontractors and suppliers written agreements to the requirements of this section and shall provide a copy of such agreements to LEA upon request by LEA.

If an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm determines that CONTRACTOR owes LEA monies as a result of CONTRACTOR's over billing or failure to perform, in whole or in part, any of its obligations under this Master Contract, LEA shall provide to CONTRACTOR written notice demanding payment from CONTRACTOR and specifying the basis or bases for such demand. Unless CONTRACTOR and LEA otherwise agree in writing, CONTRACTOR shall pay to LEA the full amount owed as a result of CONTRACTOR's over billing and/or failure to perform, in whole or in part, any of its obligations under this Master Contract, as determined by an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm. CONTRACTOR shall make such payment to LEA within thirty (30) days of receipt of LEA's written notice demanding payment.

62. RATE SCHEDULE

The attached rate schedule (Exhibit A) limits the number of students that may be enrolled and maximum dollar amount of the contract. Following activation, any adjustments to such Order Start Date and Order End Date may be confirmed by logging into Your Account, by reference to an order confirmation sent by Salesforce, and/or by contacting customer support. **The Monthly/Unit Price shown above has been rounded to two decimal places for display purposes. As many as eight decimal places may be present in the actual price. Pricing Schedule

Product	Monthly/ Unit Price**	Quantity For
Education Cloud - Unlimited Edition	USD 109.00	25+

The pricing in the Pricing Schedule above ("Pricing Schedule") reflects the monthly per-subscription fees for the applicable Service. In the event the Pricing Schedule sets forth tiered pricing, any such tiered pricing levels are based upon the Aggregate Total Number of active subscriptions of the relevant Service purchased. "Aggregate Total Number" as it relates to a subscription, is the aggregate total number of active subscriptions, purchased by the Customer executing this Order Form, commencing on the Contract Start Date of this Order Form, as measured at the time of execution of the applicable Order Form. If a single additional order raises the aggregate number of subscriptions for any Service listed in the Pricing Schedule above the threshold limits specified therein, only those subscriptions exceeding the new threshold are entitled to the reduced pricing. Only additional orders by Customer that are associated with this Order Form, for purchase of subscriptions to the same Service and edition as set forth in the Pricing Schedule, during the period commencing on the Contract Start Date and ending on the Contract End Date of this Order Form, are eligible for the applicable volume pricing levels under the Pricing Schedule. For clarity, restricted use subscriptions (those subscriptions that either have the term "Restricted Use" in the Service name, or are indicated as a Restricted Use Subscription in a Quote Special Term) are not included when determining the Aggregate Total Number of a full use subscription, and full use subscriptions are not included when determining the Aggregate Total Number of a restricted use subscription. Any price decreases shall have no effect on previously purchased subscriptions. Volume discounts do not accumulate across different Services or editions. Any renewals of the subscriptions purchased under this Order Form are not eligible for the Pricing Schedule unless expressly agreed to in writing between the parties in an applicable renewal Order Form.

Quote Special Terms

Notwithstanding anything to the contrary, subscriptions purchased pursuant to this Order Form shall not automatically renew, and therefore shall terminate on the applicable Order End Date above unless Customer enters into a new Order Form with Salesforce, on or before that Order End Date, for the relevant product(s).

Customer acknowledges that these subscriptions are also subject to the Supplemental Terms for Eligible Nonprofits and Educational Institutions available at https://www.salesforce.com/company/legal/agreements.jsp, which are hereby made part of this Order Form.

In the event this Order Form reflects an early renewal of Customer's existing subscriptions purchased under applicable Order Forms under Contract No(s). 03525196, (as referenced in the corresponding invoice(s)), this Order Form shall replace such previous Customers Order Form(s) which is/are hereby terminated. Any credits applicable to fees paid in relation to such terminated Order Form(s) will first be applied to any outstanding balances due under such terminated order form(s) and any remaining credits (if applicable) shall be applied to this Order Form. In the event this Order Form reflects an on-time renewal of applicable Order Forms under Contract No(s). 03525196, the previous sentence about credits does not apply, and Order Forms related to such existing subscriptions shall be considered expired.

Payment Rules And Bill Definitions

Payment Application: We will apply payments received in the following order:

- Past due and audit premium on expired or cancelled policies
- Past due premium on active policies
- Past due fees, then
- Current account changes

Alternate payment instructions with your check will not be honored. When you provide a check as payment, you authorize us to either use the information from your check to make a one-time electronic transfer from your bank account or process your payment as a check transaction.

Installment Fee: We charge this fee with each installment, except where prohibited by law.
Late Fee: You will be charged $35.00 when the minimum amount due isn't paid by the due date.

New Fees: The total of all fees assessed on the current bill.

NSF Fee: You will be charged $30.00 if your payment fails because of insufficient funds.

Policy Credits: Some things, like audit results or endorsement changes, might put a credit back on your account. If your account has a balance, instead of issuing a refund, we use those credits toward your future payments. If your account has an overall credit balance, the refund will be issued to you using the same method you used to make your last payment (Electronic Funds Transfer, credit card or check).

Credit Card Surcharge: Policyholders who choose to pay their premium by credit card, where permitted, will incur a surcharge of up to 2.95% of the total payment amount. This surcharge is charged, collected, and retained by a third-party payment vendor.

State/Local Surcharges or Fees: Some states or municipalities require us to collect an extra amount on top of your premium.

- Define fees to be paid from the School to the District
- Define services that the District will provide to the School
- Clarify the responsibilities of each party

3. TERM

The term of this MOU shall be from July 1, 2024 until June 30, 2029. ("Term"). If the School's Charter is revoked or the School ceases operations prior to the expiration of this Term, this MOU shall immediately terminate. 4. STATUS OF CHARTER SCHOOL; ENROLLMENT PRIORITY; SUBMISSION OF CHARTERS TO ADJACENT COUNTIES; PROVISION OF CURRICULUM LICENSES

4.1 Status. The following characteristics describe the School and its relationship to the District for purposes of this MOU:

Legal Status	___Dependent on District	X Non-profit Corporation
Employer for Collective Bargaining	___District	X Non-Profit Corporation
Special Education	___Provided By District	X Provided By School

Legal Status of Special Ed___Public School of District X__LEA in SELPA
(subject to acceptance by El Dorado County Charter Special Education Local Plan ("SELPA"), or a different mutually agreed upon SELPA. Note that all references to the SELPA in this MOU are subject to acceptance by the SELPA of the School following approval of the Charter by the District.)

4.2 Adjacent Counties. The School agrees that during the Term of the Charter, California Online Public Schools Monterey Bay shall be the sole charter school operated by the Corporation serving students in Santa Cruz County and counties contiguous to Santa Cruz County, including Santa Clara County.

4.3 Provision of Curriculum Licenses. The School agrees to make available up to 100 curriculum licenses each year for District students to take online courses (e.g., foreign languages) through the School's vendor (currently, Edmentum), at no charge with a limit of no more than 2 courses per academic term per student. Options available to District students include 18-week semester courses, or 28-day semester courses. District students will have access to live lessons and live support, as provided by the online course vendor.

5. FUNDING SOURCES

5.1 Direct Funding. The School shall receive direct state funding in accordance with Education Code Section 47651. The School will be responsible for providing the California Department of Education ("CDE") and/or the County Office of Education and/or the District with all data required for direct funding. 5.3 State and Federal Funds. The District and/or County Treasurer shall distribute funds to the School from state and federal sources in a manner and timeline similar to other public schools.

5.4 Special Education Funds. The School shall receive special education funding consistent with its SELPA's allocation plan. However, if the District receives any of the Special Education funding for School students, the District shall immediately transfer such funds. The Parties recognize the funds received for special education purposes from federal and state resources are currently inadequate, and that additional funds are required. It is the intent of the Parties that, outside of the above-mentioned funding received from the SELPA and/or the District, the School will bear sole financial responsibility for the provision of special education services. The School, as a Local Educational Agency ("LEA") member of the SELPA, will be required to pay for all excess costs related to the provision of special education services to its students, including without limitation, any costs that may arise out of due process or litigation. The School may participate in any risk pooling arrangements of the SELPA of which it is a member in the same manner as any other LEA of that SELPA. The School retains the right to join another SELPA and in which case, the Parties will amend the MOU to reflect the name of the new SELPA, or a different mutually agreed upon SELPA

The School retains the right to apply for and receive private grant money and/or private donations on its own, and to engage in other fund-raising and service providing activities. The School shall retain all such funds for its use consistent with the terms of such grants or activities and in accordance with applicable law. Any such monies received shall not reduce the annual apportionment received from the State or funds owed from the District.

5.6 Voter-Approved Measures. In the event that the District seeks and receives a voter-approved bond or parcel tax, the School shall have no entitlement to any portion of such funds unless otherwise negotiated in advance by the Parties. The School agrees that it has no entitlement to funds currently being received, if any, by the District pursuant to previous parcel tax or bond elections

initially on the most recent funding rates from the state and on the in-District ADA projected in the School's adopted budget. The amount due to the School may then be re-calculated based on the P1 certified attendance property tax rates, and then modified again after the P2 certification occurs. At the end of the fiscal year, the final amounts of payments will be made, which may also include any calculations for prior year adjustments to property tax, as certified by the state. The District will make payments based on the agreed upon schedule within thirty (30) days of the scheduled payment date. Details of the amounts due from the District to the School may be updated as often as three times per year: prior to the commencement of school, after P1 certification and after P2 certification. This payment plan may be adjusted by mutual agreement of the Parties pursuant to the adjustment and reconciliation process described in Section 7 below, Both Parties agree to re-negotiate this Section, as mentioned in Section 5.2 above, if the agreed upon schedule of payments creates a financial hardship for the District, or if otherwise desirable to both Parties.

6.2 Payments from School to District. The School shall pay funds due to the District according to a schedule agreed upon annually by the Parties. The schedule will be developed annually and agreed upon in writing by both Parties no later than August 1 of each fiscal year. The schedule will contain details of ongoing funds due and is to be updated at least twice annually: prior to the commencement of the school year, based on the adopted budget, and then again after the P2 reporting period has ended, as soon as possible after certification of P2 by the state. The District will send invoice(s) to the School based on the agreed upon schedule, and the School shall pay the District as soon as possible and no later than thirty (30) days after the receipt of an invoice.

- Oversight fees are described in Section 8 of this Agreement. The schedule of payments may be adjusted by mutual agreement pursuant to the adjustment and reconciliation process described in Section 7 below.
- Administrative Support Services fees and fees for Additional Services are described in Section 12 and will be adjusted annually or as needed.

6.3 Other Services. Additional services that may be provided by the District to the School are based on mutual agreement and are discussed in Section 12 of this MOU. Other services shall be agreed upon and recorded in separate agreements. Payments may be incorporated herein with mutual written consent of Parties.

funding rates, and the guidelines of the CDE''s School Fiscal Services Division.

Either Party may request, at any time, a meeting to discuss adjustments to, or reconciliation of, these figures whenever there is reason to believe that these estimates are not reflective of the actual amounts owing. Payments to the School and District will be adjusted following P2 adjustments to revenues made by the state, and reconciled annually during the fiscal close out of the prior fiscal year. Payments to the School and District shall also be subject to adjustment based on any adjustments to student counts as a result of an audit by the state of California. Financial adjustments may be made in subsequent fiscal years between the School and the District that result from apportionment changes, audit adjustments, and/or other legally required adjustments.

8. SUPERVISORIAL OVERSIGHT

8.1 Oversight Fee. The Parties agree that the District will incur costs in connection with its performance of supervisory oversight of the School as required by law, and that it is not in the best interests of either Party to require a mechanical assessment, accounting, billing and payment process to compensate the District for such costs. The Parties further agree that the District is not providing the School with substantially rent-free facilities as referenced by Education Code section 47613(b). Therefore, the Parties agree that the cost of the District's supervisory oversight of the School is one percent (I%) of all "revenue of the charter school" (excluding grants, loans, and private donations), as defined in Education Code section 47613(f).

The duties of "Supervisorial oversight," as used in Education Code Section 47613, are set forth in Education Code sections 47604.32 and 47604.33 and include the District's performance of the following:

a) Selecting a representative to act as a liaison to the School.
b) Visiting the School at least annually. This may be done at a mutually agreeable alternative location if the School does not have a physical location within the District.
c) Monitoring the fiscal condition of the School.
d) Ensuring the School complies with all reports required of charter schools by law, including the annual update required pursuant to Education Code section 47606.5.
e) Providing timely notification, as required by law, to the CDE if any of the following circumstances occur: (i) a renewal of the Charter is granted or denied; (ii) the Charter is revoked; or (iii) the School ceases operation for any reason.
f) Reviewing annual reports and assessing the fiscal condition of the School pursuant to Education Code Section 47604.33

8.2 Payment of Oversight Fee. The School shall pay the Oversight Fee annually. The annual schedule of payments will indicate the current estimate of the Oversight Fee

amount. (See also Section 6.2.) The School and District agree that the oversight Fee shall not exceed one (1%) of "revenue of the charter school" as defined in Section 8.1. The annual amount owed for the Oversight Fee will be adjusted at least once annually following the state's certification at P2 of the amount of revenue owed to the School as defined above. Subsequent adjustments may also be made during the following fiscal year if necessitated by adjustments to the School's revenue by the state. The School shall pay all invoices within thirty (30) days of their issuance by the District.

8.3 Monitoring Activities by District. The District shall provide at least 24-hour advance notice prior to an official visit for the purpose of monitoring the School and shall make an effort not to disrupt instruction during any visit. After the 24-hour notice, the Superintendent or designee reserves the right to visit the School. This visit may occur at a mutually agreeable alternative location if the School does not have a physical location within the District. This provision however, shall not impede the District's ability to visit the School without advance notice should the District have reason to believe that a severe and imminent threat to the health or safety of pupils exists at the School.

9. DATA REPORTING

9.1 Average Daily Attendance ("ADA"). The School will develop an attendance reporting calendar and maintain a system to record and account for ADA. The School will report the ADA figures to the District, the County Office of Education, and/or the California Department of Education, as required by law, on a timely basis for the P1, P2, and annual reporting periods. When requested, the School shall report ADA to the District on a more frequent basis. The School and District will review and agree on the procedures to be used for attendance accounting when updating this MOU, including review of the School's attendance calendar.

9.2 California Pupil Longitudinal Achievement Data System ("CALPADS"). The School shall complete and submit enrollment and other necessary demographic information to CALPADS and obtain State Student Identification Numbers from CALPADS, as necessary, on its own behalf. The School and District may negotiate for the District to provide support for CALPADS reporting as an Additional Service as set forth in Section 12.2, but only if such a service is mutually agreeable to both Parties.

9.3 Other Data. The District shall reasonably cooperate with the School to supply any other information necessary to enable the School to calculate entitlement to all available funding sources and to comply with any other state reporting requirements.

9.4 Information Systems Package. The School has elected to purchase its own software for Information Systems and will maintain the software so that ADA and other data reporting may be done in a timely and accurate manner in accordance with state guidelines.

9.5 Student Enrollment Information. Prior to the first year of operation, and throughout the duration of the Charter, the School agrees to notify the District when a student who currently lives within the boundaries served by the District, and who is known to be currently attending a District school, or whose most recent school was a District school, applies for enrollment and has completed the initial enrollment documents. The notification will go via email to the Superintendent or his/her designee. If the School does not receive a reply to the notice within fourteen (14) days, the School will proceed with the enrollment process for the student. The need for this notification will be revisited annually and may be discontinued if mutually agreeable to both Parties.

9.6 Local Control and Accountability Plan. In addition to an annual audit and in accordance with Education Code Section 47606.5, the School shall deliver to the District by July 1 of each year, a Local Control and Accountability Plan.

17.1 School Records. The School will be responsible for keeping and maintaining accurate and legal records regarding its business, including, but not limited to, student and personnel records. The Corporation will implement policies and procedures regarding content and responsibility for these records and will comply with applicable law regarding retention, confidentiality, and destruction of school records. The District will be provided with a copy of this policy for review upon request. The Corporation and School agree to cooperate with the District regarding input on this policy. The School and District agree to provide any relevant, non-confidential student or personnel records to the other in a timely way. The School or District may charge for the actual cost of providing such records (e.g. copying and mailing). The School and District shall cooperate on maintaining long-term student records. The School and District also agree to reasonably cooperate with each other if further assistance beyond student records is needed following a student transfer.

18. PERSONNEL AGREEMENT

18.1 Personnel Agreement. As stated in the Charter in Element 13, (Employee Return Rights), if an employee leaves District employment, from either the sponsoring District or any other district, to work at the School, the collective bargaining agreements and District Board policies of that district shall govern the return rights of such employees. The District and the Corporation are separate employers.

Upon request, the School shall provide the District proof of employment of appropriately credentialed teachers at the School for that school year consistent with the credential and qualification requirements for "Teachers" set forth in the Charter and applicable law. The District reserves the right to review School staffing lists to ensure compliance with applicable law and to determine whether a teacher is deemed to be appropriately credentialed. The School may use local assignment options authorized in statute and regulations for the purpose of legally assigning certificated teachers, in the same manner as a governing board of a school district. Teachers employed by charter schools during the 2019–20 school year shall have until July 1, 2025, to obtain the certificate required for the teacher's certificated assignment as permitted by Education Code Sections 47605(l)(1) and 47605.4(a)..

19. INSURANCE AND INDEMNIFICATION

19.1.1 General Liability. The Corporation on behalf of the School shall maintain in force during the term of this Agreement, general and public liability coverage in amounts of not less than One Million ($1,000,000) Dollars primary and Five Million ($5,000,000) Dollars excess. The insurance or self-insurance program will include the District as an additional insured or the equivalent thereof, and certificates of insurance will be provided upon request.

19.1.2 Workers' Compensation. The Corporation on behalf of the School will maintain workers' compensation insurance to protect its employees at a limit determined by the Labor Code of the State of California and Employers' Liability insurance in the amount of One Million ($1,000,000) Dollars or its current limit of each, whichever is greater. Proof of such coverage will be furnished to the District upon request.

19.2 Property Insurance. The School shall have the sole responsibility for insuring its personal property and securing property insurance for its facility and/or property.

19.3 Indemnification. The District agrees to indemnify and hold the Corporation and its officers, directors, employees, and agents harmless and free from all claims, actions, audits, losses, liabilities or expenses arising under this Agreement that are the responsibility of the District that may arise as a result of the District's acts or omissions in the performance of this Agreement except such loss or damage caused solely by the negligence or willful misconduct of the Corporation.

19.4 Evidence of Coverage. The Corporation will provide the District evidence of insurance coverage upon request.

20. FACILITIES USE AGREEMENT

20.1 Facilities Use Agreement. Aside from the possible provision of facilities at the District's discretion under Section 14, if the School has a need to use any District facilities, and the District, in its sole discretion, agrees to provide such facilities, the School and District will prepare and approve a Facilities Use Agreement in addition to this MOU. Any Facilities Use Agreement will contain the details of the arrangements, including dates and fees, between the District and School for the use of a District facility. Alternatively, the School may use an existing process of the District to reserve, use and pay for facilities requested by the School. Such use shall only be granted if it does not interfere with District use and with the prior approval of the Superintendent or designee. Fees to be charged to the School for such facilities shall be mutually agreed upon by the Parties, with cancellation and refunds made in accordance with District policies regarding rental of facilities. Such facilities may include but are not limited to science lab classrooms, classrooms for administering in person testing, mailboxes or other administrative space, or space for providing in person special education services to students.

20.2 Proposition 39 Waiver. The District shall have no responsibility to construct, fund, improve, or modernize the School's facility, except to the extent that the facility may be property of the District. The District has no obligation to provide facilities to the School pursuant to Education Code section 47614 throughout the term of its Charter.

21. CONSTRUCTION AND SEVERABILITY

21.1 Amendments. This Agreement may be amended or modified, in whole or in part, only by an agreement in writing developed in the same manner as this agreement, mutually agreed upon and executed by the Parties.

21.2 Severability. If any provision or any part of this Agreement is for any reason held to be invalid and/or unenforceable or contrary to public policy, law, statute, and/or ordinance, the remainder of this Agreement shall not be affected thereby and shall remain valid and fully enforceable.

21.3 Dispute Resolution; Complaints. In the event of a dispute between the School and the District regarding the terms of the Charter or any other issue regarding the School and District relationship, both Parties agree to apprise the other, in writing, of the specific disputed issue(s). In the event the initiating Party believes the dispute relates to an issue that could potentially lead to revocation of the Charter, this shall be specifically noted in the written dispute statement. Within 30 days of sending written correspondence, or longer, if both Parties agree, the Executive Director of the School

and the District Superintendent, or their designees, shall meet and confer in an attempt to resolve the dispute. The designees must be identified and confirmed in writing. If this joint meeting fails to resolve the dispute, the School representative and the District representative shall meet again within 15 days, or longer if both Parties agree, to identify a neutral, third party mediator to assist in dispute resolution. Unless jointly agreed, the process involving assistance of a third party mediator shall conclude within 45 days.

All mediation costs and all other costs associated with dispute resolution shall be shared equally by the School and the District, provided that each Party shall be solely responsible for its own attorney's fees. The School is entitled to receive funds throughout the term of the Charter despite any such dispute. In the event of a dispute between the School and the District, the District shall not be permitted to withhold, as a remedy or otherwise, any funds received on behalf of the School.

In the event the third party mediation process does not result in resolution of the dispute, both Parties agree to continue good faith negotiations. If the District indicates in writing that the violation constitutes a severe and imminent threat to the health and safety of the School's students, the District is not required to utilize mediation, but reserves the right to take any action it deems appropriate to ensure the safety of students.

In addition to the processes above, the Board will develop, adopt and maintain updated policies and procedures for resolving internal and external disputes and grievances. These procedures will be included in the Parent/Student and Employee Handbooks, and provided to the District in accordance with the requirements of Section 9.8.

The District agrees to promptly refer all complaints regarding the School's operations to the School staff and/or the Board for resolution in accordance with the School's adopted policies, except for a complaint that the District reasonably believes could lead to potential revocation of the Charter or a complaint related to a severe or imminent threat to the health and safety of the students. D Upon request, the District shall have the right to review all records concerning UCP complaints received by the School.

21.4 School Governance. The Corporation is incorporated as a California non-profit public benefit corporation. The School will be governed by the Board of Directors pursuant to its bylaws.

The Board will adopt and regularly update a Conflict of Interest Code under the Political Reform Act. Statement of Work

Description
Managed Services: Cloud: Infra MS: Add-on: One (1) UPS devices for Infrastructure Managed Services program. (per device) Managed Services: Cloud: Infra MS: Infrastructure Managed Services Base Program. Includes monitoring, alert response, customer notification, and incident/problem management delivered through the 24x7 Technical Operations Center (TOC). Monitoring - Netrix will provide monitoring tools and, if practical, will leverage any internal monitoring capabilities embedded in the devices or systems to be monitored. Alert Watch - Netrix will receive and watch the alerts generated by the monitoring tools and systems. Event Response, Notification, and Ticket Management - Once an alert is generated, Netrix responds to that alert by escalating notification to the client and/or relevant third parties (i.e. network carriers, equipment vendors, related service providers, etc.), and further includes ticket management for updates, further escalations as necessary, and follow through to ticket resolution. Service Level Agreements (SLA) - SLAs are included for Initial Response and Resolution for all tickets (Incidents and Requests). Reporting - Reporting includes self-service reporting from the monitoring portal(s), closed ticket reports, and monitoring reports. The service items that are included in the program are as follows: An incident is an unplanned extended or reproducible interruption to an IT service, a material reduction in the quality of an IT service, or a reproducible failure of a device or configuration item. Incident Management includes responding to failures, questions or issues reported by users or technical staff, and alerts generated by monitoring tools. The goal of Incident Management is to restore normal service operation as quickly as possible within designated service levels. Problem Management is the process for dealing with problems, and a problem is the cause of one or more incidents. The goal of problem management is to minimize problems and their resulting incidents, to reduce the frequency of recurring incidents, and to minimize the impact of incidents that cannot be prevented. Change Management is the process for recording, tracking, obtaining approvals for, scheduling and executing changes to a managed environment that require change management approval. Service Request Management is the process for dealing with service requests. These are minor, low-risk requests of less than four hours in duration such as user level moves, adds, changes, or deletes (MACDs) or minor configuration changes that do not require change management approval. Release and Deployment Management is the process followed in order to package, build, test, and deploy a release into production. This includes firmware, operating systems, or systems' applications of the devices or systems comprising Client's selected options. In

our program for Windows servers and workstations, this includes weekly or monthly patch management plus an annual service pack. For all other network, systems, or unified communications infrastructure, this means quarterly minor releases and an annual major numbered release. Except for Windows servers and workstations, Client selects which releases to deploy - we do not automatically deploy every release.

Asset and Configuration Management is the process for managing and tracking IT assets and their configurations with the objective of defining and controlling the components of IT service and its infrastructure and maintaining accurate configuration information.

Capacity and Performance Management from an operational perspective is closely related to capacity and performance monitoring. Excluding end-user computing, all components of the IT infrastructure within the scope of Service set forth in this SOW will be continually monitored for incident alerts capacity, and performance so that any potential problems or trends can be identified at an early stage.

Reporting and Governance This item includes periodic service reviews, open ticket reviews if needed, quarterly governance meetings, and quarterly strategic reviews and planning sessions.

G. Additional Terms:

1. **Subscription Services Additional Terms Exhibit:** The additional terms applicable to Subscription Services set forth above may be found in the Subscription Services Additional Terms Exhibit ("Additional Terms Exhibit") located at www.netrixglobal.com/contracts,, which are incorporated into and made a part of this SOW.
2. **No Warranty For Data Protection Breach:** Client acknowledges that Netrix does not guarantee or warrant that its provision of the Services under this SOW, including managed security and/or detection services, will eliminate all risk of a data security breach, including ransomware and malware attacks, or prevent damage from network or system security breaches, and that Netrix's obligations and responsibilities in connection with data security are expressly limited to those set forth in the Agreement and this SOW.
3. **SOW Expiration:** Unless otherwise approved by Netrix in writing or by executing this SOW, this SOW, including pricing, shall be invalid if not fully executed by Client on or before the date for pricing validity set forth at the top of this SOW.
4. **Contract Term and Termination:** The Initial Term of the Subscription Services shall begin on the Start Date set forth in the applicable SOW and, if no Start Date is provided, on the date that Netrix makes available and/or begins performance of all applicable Subscription Services at all locations identified in the SOW. To the extent that a portion of the Subscription Services are made available for Client's use or performed by Netrix on behalf of Client prior the start date of the Initial Term, then Client shall be billed on a pro-rated basis for the Subscription Services actually made available and/or performed by Netrix prior to the start date. The Initial Term shall automatically renew for successive one (1) year renewal terms (each a "Renewal Term") unless notice of non-renewal is delivered to the non-terminating Party at least ninety (90) days prior to the end of the then-current term. Netrix may increase pricing at the start of any Renewal Term.
5. This SOW includes a term commitment and any termination for convenience by Client during the course of the Term shall be a material breach. Client acknowledges that it received discounted pricing in exchange for a Term commitment, that certain costs are built into the monthly recurring charge (including third-party licenses and charges tied to the Services), and that Netrix is otherwise relying on the Term commitment in connection with other matters tied to its provision of the Services under this SOW. Upon Netrix's receipt of any demand for early termination for convenience, Client shall pay all unpaid amounts due as of the effective date of termination plus an early termination fee (''ETF'') equal to 100% of the total monthly recurring charges set forth in this SOW for the terminated Services for all months remaining in the applicable Term. All parties acknowledge and agree that Netrix will have suffered damages on account of the early termination, that Netrix's damages are uncertain and difficult to provide, and such ETF is a reasonable estimate of the amount of damages sustained by Netrix as a result of such early termination under the circumstances currently existing.
6. **Global Delivery Resources**: Client acknowledges and agrees that, in order to provide high quality, 24x7 managed services in a cost effective and operationally resilient manner, Netrix may perform certain aspects of the Services through its affiliated global delivery centers, including those located in India, Bulgaria, the Philippines, and Argentina (collectively, "Global Delivery Resources"). These Global Delivery Resources support Netrix's ability to provide around the clock service desk coverage, network operations monitoring, cybersecurity operations, Managed Detection and Response (MDR), and other managed services functions. Netrix shall remain fully and solely responsible for the acts, omissions, performance, and compliance of its Global Delivery Resources as if such activities were performed directly by Netrix. All Work provided through Global Delivery Resources shall be delivered in accordance with the SOW and the Agreement, and Netrix shall

ensure that all personnel performing the Services – whether employed by Netrix or its Affiliates – meet the applicable competency, security, and professionalism standards required under the SOW and the Agreement.

7. **SLA & KPI Exclusions**: Notwithstanding anything to the contrary herein, SLA and KPI measurements shall not apply, and Netrix shall have no liability for any failure, delay, degradation, or non-conformance to the extent caused by factors outside Netrix's reasonable control, including: (a) Client-caused issues, such as failure to provide timely access, credentials, approvals, information, or accurate asset data, or Client-imposed policy restrictions, change controls, or configuration limitations that prevent or delay Netrix's performance; (b) third-party dependencies, including outages or performance degradation from ISPs, carriers, cloud providers, SaaS platforms, OEMs, or other vendors, and delays in third-party support, RMA, or TAC escalations; (c) unsupported environments, including end-of-life or end-of-support hardware/software, expired licenses or support contracts, non-standard configurations, or disabled monitoring/security agents; (d) external events, such as force majeure, utility failures, power outages, or physical site access restrictions; or (e) scheduled maintenance windows, Client-approved change freezes, or other planned downtime. Multiple tickets or alerts stemming from a single root cause shall be measured as one incident for SLA and KPI purposes. Notwithstanding these exclusions, Netrix shall use commercially reasonable efforts to notify Client promptly of any such conditions that may impact service delivery and work cooperatively with Client to resolve or mitigate such issues where feasible.
8. **Vendor / Third Party Product Terms**: Any third-party software, products, services, or licenses included in this SOW for Client's use and/or access (collectively, "Third Party Products" or "Products") are provided solely pursuant to the applicable terms and conditions for such Third Party Products. The applicable term and conditions are located at www.netrixglobal.com/contracts/thirdpartyterms.

Microsoft-Specific Additional Terms

9. **Microsoft Funds or Vouchers –** If Microsoft vouchers have been approved for this project, such vouchers will be assigned to Netrix upon project commencement and amounts paid by Microsoft shall be credited against the amount owed by Client. If funding other than vouchers have been approved, Client will execute such approval documents as requested by Netrix and funds will be credited upon receipt. Client shall return the signed approval documents within three days of completion of the Services. While Netrix will use all reasonable efforts to secure payment of such vouchers or other funding on Client's behalf, Client acknowledges that provision of vouchers or other funding by Microsoft is in Microsoft's sole discretion. Client shall pay for all Services for which Microsoft does not provide payment.
10. **Claiming Partner of Record (CPOR)** - For eligible Microsoft 365 projects, Netrix will associate Client and the workload under this SOW with Microsoft for purposes of Claiming Partner of Record ("CPOR"). CPOR is an incentive program that enables Netrix to help Client optimize the use of Microsoft services for desired business outcomes by providing Netrix with access to usage and consumption data. For purposes of CPOR, Client authorizes Netrix to associate the workload under this SOW with Microsoft and provide Microsoft with this SOW, Client's Domain Name and Directory ID (or Tenant ID), and Client's business and/or technical contact name, title and email address. Client agrees to reasonably assist Netrix to obtain the foregoing information to the extent such assistance is needed. Microsoft will notify Client of the association request and Client will have the opportunity to opt out or cancel the association request at any time.

This SOW includes a term commitment and any termination for convenience by Client during the course of the Term shall be a material breach. Client acknowledges that it received discounted pricing in exchange for a Term commitment, that certain costs are built into the monthly recurring charge (including third-party licenses and charges tied to the Services), and that Netrix is otherwise relying on the Term commitment in connection with other matters tied to its provision of the Services under this SOW. Netrix's receipt of any demand for early termination for convenience, Client shall pay all unpaid amounts due as of the effective date of termination plus an early termination fee (''ETF'') equal to 100% of the total monthly recurring charges set forth in this SOW for the terminated Services for all months remaining in the applicable Term. All parties acknowledge and agree that Netrix will have suffered damages on account of the early termination, that Netrix's damages are uncertain and difficult to provide, and such ETF is a reasonable estimate of the amount of damages sustained by Netrix as a result of such early termination under the circumstances currently existing.

H. Priority Levels and Service Level Agreements (SLAs):

Ticket priorities are defined by the following matrix based on the urgency of the situation (high, medium, low or service request) as well as the impact (from extensive/widespread to localized or single user):

		IMPACT			
	Priority Matrix	**1 - WIDESPREAD**	**2 - SIGNIFICANT**	**3 - MODERATE**	**4 - LOCALIZED**
URGENCY	**CRITICAL** (Organization outage, must be fixed now)	P1	P1	P2	P2
	HIGH (Urgent! Partial loss or disruption of critical business or functionality)	P1	P2	P2	P3
	MEDIUM (Users are inconvenienced)	P2	P3	P3	P3
	LOW (Moves, Adds and Changes)	P4	P4	P4	P4

The SLAs are based on the priority of the ticket as well as the managed service offer selected based on the following table:

SLAs*	INITIAL RESPONSE	RESOLUTION	RESOLUTION TARGET
P1 (Priority 1)	.5 Hours	6 clock hours	90% resolution
P2 (Priority 2)	2 Hours	12 clock hours	90% resolution
P3 (Priority 3)	3 Hours	3 business days	90% resolution

P4 (Priority 4)	4 Hours	5 business days	90% resolution

I. SLA Credits for Managed Services:

1. Notwithstanding anything set forth in the Agreement or this SOW, the SLA credit described in this section is Client's sole and exclusive remedy in connection with any failure by Netrix to meet an SLA objective.
2. SLAs are based on tickets entered into the Netrix ticketing system and the associated timestamps. Netrix will meet the response times above at least 90% of the time (rounded down for non-whole integers), on a monthly basis, excluding scheduled maintenance. Response times commence upon Netrix receipt of a system alert or Service Request, as applicable.
3. The determination of 90% threshold is calculated by multiplying 90% by the number of closed tickets in the prior month for each given priority and rounding down to the nearest whole number. For example, 90%* 8 P2 tickets equals an SLA compliance threshold of 7. If only 6 or less tickets met a given SLA in that month, then the SLA was not met. Reports are generated monthly for the previous month's SLA performance of closed tickets.
4. For each ticket that falls below the compliance threshold for each priority's SLAs, Client's exclusive remedy shall be a credit as follows based on a percentage of that month's MRC:

Priority	Response SLA	Resolution SLA
P1	1%	5%
P2	1%	3%
P3	0.75%	2%
P4	0.5%	1%

5. Only one (1) credit (which will be based on the credit which provides the greatest recovery) under this SLA will be provided for any single event, even if multiple commitments hereunder are not met as a result of such event. By way of example and not limitation, if Netrix fails its initial response time and resolution obligations in connection with the same ticket, only one (1) credit under this SLA will be applied with respect thereto.
6. **Maximum Monthly SLA Credit**
   - The maximum SLA credit is limited to 10% of the MRC notwithstanding the calculations defined above. If a credit is owed based on the previous month's performance, the credits will be issued on the following month's invoice.

Assignment Options

2026-2027 School Year

The CalOPS Committee on Assignments (CoA) has reviewed the courses offered during the 26-27 school year and determined the need to assign teachers in the specific subject areas as indicated. It has been verified that there is no available teacher on staff with the appropriate credential authorization to teach the subject area and that the EC §44258.7(c)(d) option should be used to address the need. The following teachers have been identified as teachers with knowledge of the subject matter and who wish to take the teaching assignment. Teacher consent for these assignments has been confirmed. The CoA has determined that each teacher listed demonstrates sufficient knowledge and subject-matter competence in the subject of the assignment(s) and has approved the assignments as listed with clear verification, authorizing these individuals to teach the subject(s) requested without any conditions.

Board Information Memo

SUBJECT: 2026–27 Instructional Materials Public Hearing and Resolution of Sufficiency

Category (Contract Approval, Policy, Personnel, General Approval, etc.): **General Approval**
Date: 9/8/2026
Reason for Board Consideration (Fiscal Policy, State Requirement, etc.): **State Requirement (Education Code 60119 Compliance)**
Decision Type (Action Item, Information Only, etc.): **Public Hearing and Action Item**

Background (Brief Summary of Background Information): **s.**

California Education Code (E.C.) Section 60119 requires that the governing board of a school district annually hold a public hearing to determine whether each student has sufficient access to standards-aligned textbooks and instructional materials.

Following the public hearing, the Board must adopt a Resolution of Sufficiency of Instructional Materials affirming compliance with these requirements.

Rationale (Why is this important and why is this coming to the Board):

This item is being brought forward to ensure full compliance with Education Code requirements and to align with guidance from the Orange County Department of Education (OCDE). The public hearing and formal adoption of the Resolution of Sufficiency are required components of the compliance process.

Holding the public hearing and adopting the resolution at this time ensures that CalOPS meets all statutory requirements and maintains good standing with authorizers and oversight agencies.

Evidence of Due Diligence:

- Materials are aligned to California State Standards
- Annual review and any revisions to the curriculum for the 2026-27 school year have been reviewed and approved by the CalOPS Superintendents, principals, and directors.
- Resolution of Sufficiency has been prepared in alignment with E.C. 60119

Fiscal Impact: None. This action affirms prior Board-approved instructional materials.

Potential Conflicts of Interest: None

Recommendation/Board Action (if applicable): Conduct the public hearing and approve the Resolution of Sufficiency of Instructional Materials for the 2026-27 school year.

Prepared/Recommended/Approved By: Leslie Dombek, Director of Educational Services

The biennial review examines current programs to ensure that the agency's code includes disclosure by those agency officials who make or participate in making governmental decisions.

Please identify which statement accurately describes your agency's status.

☑ This agency has reviewed its conflict of interest code. The current code designates all positions which make or participate in making governmental decisions. The designated positions are assigned accurate disclosure categories that relate to the job duties of the respective positions. The code incorporates FPPC regulation 18730 so that all relevant Government Code Sections are referenced.

☐ This agency has reviewed its conflict of interest code and has determined that an amendment is necessary. An amendment may include the following:

- ☐ New positions which involve the making or participating in the making of decisions which may foreseeably have a material impact on a financial interest
- ☐ Current designated positions need renaming or deletion
- ☐ Statutorily required provisions of the code need to be addressed
- ☐ Disclosure categories need revision

No Show & Dual Enrollment Policy

California Online Public Schools

California Online Public Schools non-profit Board of Directors operates the following charter schools to which this policy applies:
California Online Public Schools Central Coast
California Online Public Schools Central Valley
California Online Public Schools Monterey Bay
California Online Public Schools North Bay
California Online Public Schools Northern California
California Online Public Schools Southern California

Approved by CalOPS Board of Directors _____

California Online Public Schools ("CalOPS") schools require students, along with support from their Parents and/or Learning Coaches, to complete coursework in the Learning Management System and to comply with all school communication and contact requirements. This begins with the initial contact between the school and the student/family on or before the student's first scheduled day of attendance. If a student does not meet the school's established minimum criteria for initial engagement, as described below, the student may be withdrawn from the program and pursuant to the involuntary removal procedures described below.

No Show Determination

What a "no show" is

For purposes of this policy, a "no show" is a student who **never established attendance** at the School — that is, a student who never logged into the Learning Management System and completed schoolwork, and for whom independent study therefore never commenced.

A student who **has** established attendance — who generated at least one day of attendance — is **not** a no show. If such a student later disengages and the School considers exiting the student, that student is handled under the School's tiered re-engagement and best-interest evaluation processes per the school's Independent Study Policy and, where warranted, the involuntary-removal process, not under this No Show policy.

Observation period and contact

If a student has not logged into the Learning Management System and completed schoolwork within **ten (10) school days** of their start date for the school year, the student will be considered a potential "no show"(i.e. not in attendance).

The school will make repeated attempts to contact the student and family by phone and email, on each day of non-attendance, to ensure their intent to attend CalOPS.

If the student has **not** logged into the Learning Management System nor completed **any** schoolwork by

school day (10), CalOPS will apply the involuntary removal procedures described below.

Notice, opportunity to remain enrolled, and hearing right (involuntary removal procedures)

CalOPS will notify the parent in writing (via email and certified mail) of its intent to remove the student The Notice will include the following:

1. A statement of CalOPS's intent to involuntarily remove the student;
2. The basis for the withdrawal (failure to meet the school's minimum criteria for initial engagement within the first ten school days of the start date, despite the school's efforts to make contact);
3. The specific requirements the student must complete within the five-school-day period in order to remain enrolled, and the school contact (Homeroom Teacher, Case Manager, or enrollment team) the family should reach;
4. A statement of the parent/guardian of the **right to request a hearing** to challenge the removal within five (5) schools days of issuance of the Notice, and how to request it;
5. A statement that the student will be removed with a status of "No Show" **on the (6th) school day** from the date of the notice, if no request for a hearing is received;

The Notice will be provided in the native language of the student or the student's parent/guardian, and — for a student who is a foster youth or experiencing homelessness, will be provided to the student's educational rights holder and other parties entitled to notice.

The Notice will Include a copy of the **Charter School Enrollment Complaint Notice and Form**, which is provided before disenrollment of a pupil.

Opportunity to remain enrolled

If, within five-school-days of the issuance of the Notice, the student completes the requirements identified in the Notice, the recommendation for removal is automatically rescinded. However, CalOPS reserves the right to re-issue the Notice is the student later disengages or otherwise violates the terms of the Independent Study Policy or written agreement (Master Agreement)

Hearing

If the parent/guardian requests a hearing within the five-school-day timeframe, **the student shall remain enrolled and shall not be withdrawn until the School issues a final decision.** The School will use the hearing procedures specified in the Suspension, Expulsion and Involuntary Removal Policies. If no hearing is requested and the requirements are not met, the withdrawal may take effect on the sixth (6^{th}) school day following the date the Notice is issued.

CalOPS will provide all legally required procedural safeguards to students with disabilities prior to determining that these students will be involuntarily removed.

Reporting and records

The School will code each exit in CALPADS to **accurately reflect the student's actual enrollment history:**

- A student who never established attendance and for whom independent study never commenced is reported as a no show, coded in accordance with CALPADS no-show reporting requirements.
- A student who establishes attendance and is later exited for non-compliance is coded as a withdrawal with the appropriate CALPADS exit reason, and is processed under the involuntary-removal provisions referenced above rather than as a no show.

Dual Enrollment in Another K-12 Program

CalOPS schools are full-time public charter school programs. All students must therefore be enrolled full-time in the school and cannot be simultaneously enrolled at CalOPS and another public or private K-12 program.

Any documentation received by CalOPS regarding a student's enrollment and attendance at another public or private school (i.e., request for transfer of student records to the other school, or a CALPADS report) shall be deemed evidence of an intent to voluntary disenroll from CalOPS shall not trigger the Involuntary Removal Process above.

If a student is confirmed to be dually enrolled in CalOPS and another public or private school, CalOPS will contact the family to confirm which school the student intends to remain enrolled in. If the family does not resolve the dual enrollment by withdrawing the student from the other school and providing confirmation within three (3) business days of that contact, the School will treat the situation as a voluntary withdrawal from CalOPS and process it accordingly.

EQUITY & ACCESS

Non-Discrimination in Programs & Activities

Nondiscrimination Statement-Title VI, Title IX, Section 504

California Online Public Schools ("the Charter School," "the School," or "CalOPS") does not discriminate against any person on the basis of actual or perceived disability (mental or physical), gender, gender identity, gender expression, nationality, national origin, ancestry, race or ethnicity, citizenship, immigration status, creed, religion, religious affiliation, sexual orientation, pregnancy status, childbirth, medical condition, marital status, age, or any other characteristic that is contained in the definition of hate crimes in the California Penal Code or otherwise protected by federal, state, local law, ordinance or regulation.

Charter School does not discriminate against any person on the basis of sex or gender in the operation, conduct, or administration of community youth athletics programs, or in the allocation of parks and recreation facilities and resources or school and recreation facilities and resources that support or enable these programs.

The Charter School Board of Directors ("Board") shall not refuse to approve the use or prohibit the use of any textbook, instructional material, supplemental instructional material, or other curriculum for classroom instruction or any book or other resource in a school library on the basis that it includes a study of the role and contributions of Native Americans, African Americans, Latino Americans, Asian Americans, Pacific Islanders, European Americans, LGBTQ+ Americans, persons with disabilities, or members of other ethnic, cultural, religious, or socioeconomic status groups.

Instruction and instructional materials shall be factually accurate and align with the adopted curriculum and standards and be consistent with accepted standards of professional responsibility, rather than advocacy, personal opinion, bias, or partisanship. A teacher shall not give instruction and Charter School shall not sponsor any activity that promotes a discriminatory bias on the basis of race or ethnicity, gender, religion, disability, nationality, or sexual orientation, or pursuant to a characteristic listed in Section 220. Discriminatory bias in instruction and school-sponsored activities does not require a showing of direct harm to members of a protected group. Members of a protected group do not need to be present while the discriminatory bias is occurring for the act to be considered discriminatory bias. The Board shall take corrective action if it finds that instruction or school-sponsored activities are discriminatory.

The Board shall not adopt or approve the use of any textbook, instructional material, supplemental instructional material, professional development materials, or curriculum for classroom instruction if the use of such would subject a student to unlawful discrimination pursuant to Education Code section 220or if the professional development materials or services promote, endorse, or otherwise support actions or the use of any textbook, instructional material, supplemental instructional material, or curriculum which would subject a pupil to unlawful discrimination pursuant to Section 220.

If the Board knows or has reason to know that materials were used in a classroom, that professional development materials or services were used, or that an action occurred that violated Education Code section 220, the Board shall investigate and remediate the action, which may include, but is not limited to, the implementation of restorative justice practices. .

The Charter School adheres to all provisions of federal law related to students with disabilities, including, but not limited to, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990 ("ADA"), and the Individuals with Disabilities Education Improvement Act of 2004 ("IDEIA").

The Charter School does not discourage students from enrolling or seeking to enroll in the Charter School for any reason, including, but not limited to, academic performance, disability, neglect or delinquency, English proficiency, for being homeless or a foster/mobile youth, economic disadvantage, nationality, race, ethnicity, or sexual orientation. The Charter School shall not encourage a student currently attending the Charter School to disenroll or transfer to another school based on any of the aforementioned reasons except in cases of expulsion and suspension or involuntary removal in accordance with the Charter School's charter and relevant policies.

The Charter School does not request nor require student records prior to a student's enrollment.

The Charter School shall provide a copy of the California Department of Education Complaint Notice and Form to any parent, guardian, or student over the age of 18 at the following times: (1) when a parent, guardian, or student over of the age of 18 inquires about enrollment; (2) before conducting an enrollment lottery; and (3) before disenrollment of a student.

The Charter School is committed to providing a work and educational atmosphere that is free of unlawful harassment under Title IX of the Education Amendments of 1972 (sex), Titles IV, VI, and VII of the Civil Rights Act of 1964 (race, color, or national origin), The Age Discrimination Act of 1975, IDEA), and Section 504 and Title II of the ADA (mental and physical disability) .

The Charter School also prohibits sexual harassment, including cyber sexual bullying, and harassment based upon pregnancy, childbirth or related medical conditions, race, religion, religious affiliation, creed, color, immigration status, gender, gender identity, gender expression, national origin or ancestry, physical or mental disability, medical condition, marital status, age, sexual orientation, or any other basis protected by federal, state, local law, ordinance or regulation.

The Charter School does not condone or tolerate harassment of any type, including but not limited to unlawful discrimination, intimidation, or bullying, including cyber sexual bullying or sexual harassment, by any employee; independent contractor or other person with whom the Charter School does business; student; volunteer; or community member regardless of position or gender. Pursuant to California law and the California Attorney General's guidance to K-12 schools in responding to immigration issues ("Guidance"), Charter School provides equal access to free public education, regardless of a student's or their parent's or guardian's immigration status or religious beliefs. The Charter School will promptly and thoroughly investigate any complaint of harassment and take appropriate corrective action, if warranted.

Inquiries, complaints, or grievances regarding harassment as described in this section, above, should be directed to the Charter School Uniform Complaint Procedures ("UCP") Compliance Officer:

Dr. Richard Savage, Co-Superintendent
c/o California Online Public Schools
33272 Valle Rd.
San Juan Capistrano, CA 92675
(800) 906-5166
superintendent@californiaops.org

The lack of English language skills will not be a barrier to admission or participation in Charter School's programs or activities. The Charter School prohibits retaliation against anyone who files a complaint or who participates or refuses to participate in a complaint investigation.

The Charter School's Nondiscrimination Statement relevant to employees is located within the Employee Handbook and can be found in the Employee Resources from HR shared Drive.

Non-Discrimination and Protections-AB 715

Overview of Protections

The Charter School is committed to providing a safe, inclusive learning environment free from discrimination, harassment, intimidation, and bullying. In accordance with California Assembly Bill 715 (AB 715), effective January 1, 2026, the State of California has established enhanced protections against antisemitism and discrimination in K–12 public schools.

Prohibited Materials and Practices

Under AB 715, the use of discriminatory instructional materials, biased teaching practices, or discriminatory professional development is strictly prohibited. The Charter School regularly reviews curriculum to ensure compliance with these state civil rights standards.

Reporting and Complaints

Parents, guardians, and students have the right to file a formal complaint if they believe school-sponsored activities, curriculum, or instructional materials promote discrimination or antisemitism.

- Local Filing: Complaints should be filed locally with the Compliance Officer using the Uniform Complaint Procedures (UCP) form available on the Charter School website.
- State Appeals: Under AB 715, if you are unsatisfied with CalOPS' investigation or resolution, you have the right to appeal the decision directly to the newly established California Office of Civil Rights and the state Antisemitism Prevention Coordinator.

To review the full non-discrimination policy, access a UCP form, or report an incident, please contact the main office or visit **californiaops.org/notices**.

Sex Equity in Career Planning-EC 221.5(d)

Commencing with course selection for grade 7, School personnel providing career counseling or assisting with course selection shall affirmatively explore with the student the possibility of careers, or courses leading to careers, that are nontraditional for that student's sex, and shall not offer vocational or program guidance that differs based on the student's sex. Parents or legal guardians shall be notified at least once, in advance of such career counseling and course selection so that they may participate in such counseling sessions and decisions.

Notice of Policy Regarding Immigration Enforcement Activity

Important: This notice summarizes our Policy Regarding Immigration Enforcement Activity. The complete policy is available in the Student & Family Policy Catalog and upon request to our administrative offices.

OUR COMMITMENT TO ALL STUDENTS

We provide a safe, welcoming environment for all students regardless of immigration status or religious beliefs. We limit immigration enforcement activities at our facilities consistent with California law.

YOUR RIGHTS AND PROTECTIONS

Non-Discrimination: We prohibit discrimination, harassment, intimidation, and bullying based on immigration status, nationality, race, ethnicity, citizenship status, religion, national origin, or ancestry. We promptly investigate all complaints and take appropriate action.
Enrollment: We do not request citizenship or immigration documentation for enrollment, other than documents we might review but not retain to establish a child's birthdate. We accept various documents to establish residence (utility bills, rental agreements, pay stubs, declarations of residency) and age (birth certificates, baptism certificates, passports, or affidavits). Students experiencing homelessness may enroll even without typical documentation if otherwise eligible.
Privacy of Information: We do not collect or maintain information about students' or families' citizenship or immigration status except when required by law for specific education programs. If we do, we collect such information separately from enrollment and do not use it to discriminate or prevent school attendance.
Social Security Numbers: We do not require Social Security numbers for enrollment. We may request the last four digits of an adult household member's number only to establish eligibility for free or reduced-price meals. Students can still qualify without providing this information if they meet income requirements.

INFORMATION SHARING LIMITS

We do not share student information that might indicate immigration or citizenship status unless authorized by the Family Educational Rights and Privacy Act (FERPA) or required by valid court orders, warrants, or subpoenas. We provide parents notice before responding to such requests (except in child abuse cases or when prohibited).
Immigration Enforcement Officers: Without written parental consent, we do not provide student information to immigration enforcement officers unless they present a valid judicial warrant, judicial subpoena, or court order signed by a judge. ICE administrative warrants do not authorize access to nonpublic school areas or student information.

CAMPUS ACCESS PROCEDURES

Immigration enforcement officers carrying out immigration enforcement activities may not enter nonpublic school areas without a valid judicial warrant or court order. In the event of an enforcement activity authorized by a judicial order, our staff will:

- Request credentials and documentation from any officer
- Contact the schoolsite administrator before granting access
- Request that officers not interrupt instruction
- Document all interactions and notify parents, staff, and students pursuant to the procedures outlined in our Comprehensive School Safety Plan
- Report attempts to access campus or students to the California Department of Justice and to the Charter School Board of Directors

ANTI-BULLYING AND HATE CRIMES

We educate students about respecting all peers and the harmful effects of bullying based on protected characteristics. We train staff to eliminate hostile environments and respond to harassment. Students who experience hate crimes have the right to report them. Review our complete Harassment, Discrimination, Intimidation, & Bullying Policy and Uniform Complaint Procedures in the main office.

SUPPORT FOR FAMILIES

Emergency Contacts: You may update your student's emergency contact information anytime. We encourage you to include a trusted adult or multiple adults who can care for your child if you become unavailable. We use this information only for emergencies.
Caregivers Authorization Affidavit: We encourage families to support relative caregivers in completing a Caregivers Authorization Affidavit. We will rely on a signed, completed Affidavit to allow an authorized caregiver to enroll a student in school and to consent to school-related medical care. A parent's signature is not required on

the Caregiver Authorization Affidavit. This form is available HERE.
If Parents Are Detained: We release students to emergency contacts or anyone with a Caregiver's Authorization Affidavit. We contact child protective services only if we cannot arrange care through provided contacts.
Family Safety Plans: We encourage families to develop safety plans identifying trusted adults who can care for students and locations of important documents (birth certificates, passports, medical information).

Within this notice, foster youth, former juvenile court school students, a child of a military family, a currently migratory child, and a newcomer pupil will be collectively referred to as "Foster and Mobile Youth." Within this notice, a parent, guardian, or other person holding the educational rights for a Foster and Mobile Youth will be referred to as a "parent/guardian" or "ERH."

Foster and Mobile Youth Liaison

The Superintendent designates the following staff person as the Liaison for Foster and Mobile Youth:

Shannon Doss, Social Worker
c/o California Online Public Schools
33272 Valle Road
San Juan Capistrano, CA 92675
(800) 906-5166
sdoss@californiaops.org

The Foster and Mobile Youth Liaison's responsibilities include but are not limited to the following:

1. Ensure and facilitate the proper educational placement, enrollment in CalOPS, and checkout from CalOPS of foster children

2. Assist foster children with the proper transfer of credits, records, and grades when foster youth transfer to or from CalOPS.

School Stability and Enrollment

The School will work with foster youth and their parent/guardian to ensure that each student is placed in the least restrictive educational programs, and has access to the academic resources, services, and extracurricular and enrichment activities that are available to all students, including, but not necessarily limited to, interscholastic sports. All decisions regarding a foster youth's education and placement will be based on the best interest of the child and shall consider, among other factors, educational stability and the opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress.

Foster youth, currently migratory children and children of military families have the right to remain in their school of origin if it is in their best interest. The School will immediately enroll a foster youth, currently migratory child or child of a military family seeking re-enrollment in the School as the student's school of origin (subject to the School's capacity and pursuant to the procedures stated in the School's charter and Board policy). If a dispute arises regarding a foster youth's request to remain in the School as the school of origin, the foster youth has the right to remain in the School pending the resolution of the dispute. The School will also immediately enroll any foster youth, currently migratory child or child of a military family seeking to transfer to the School (subject to the School's capacity and pursuant to the procedures stated in the School's charter and Board policy) regardless of the student's ability to meet normal enrollment documentation or uniform requirements (e.g. producing medical records or academic records from a previous school).

Foster youth, currently migratory children, and children of military families have the right to remain in their school of origin following the termination of the child's status as a foster youth, currently migratory child or child of a military family, as follows:

1. For students in Kindergarten through eighth grade, inclusive, the student will be allowed to continue in the school of origin through the duration of the academic year in which the student's status changed.
2. For students enrolled in high school, the student will be allowed to continue in the school of origin through graduation.

If the Charter School operates an intersession program, Charter School shall grant priority access to foster youths. Notwithstanding any other law, if the foster youth will be moving during an intersession period, the pupil's educational rights holder, or Indian custodian in the case of an Indian child, shall determine which school the pupil attends for the intersession period, if applicable. "Intersession program" means an expanded learning program offered by the Charter School on nonschooldays, including, but not limited to, summer school. "Indian custodian" is as the term is defined in Section 1903 of Title 25 of the United States Code.

High School Graduation Requirements

Foster and Mobile Youth who transfer to the School any time after the completion of their second year of high school, and newcomer pupils who are in their third or fourth year of high school, shall be exempt from any of the School's graduation requirements that are in excess of the California minimum graduation requirements specified in Education Code section 51225.3 ("additional graduation requirements") unless the School makes a finding that the student is reasonably able to complete the School's graduation requirements by the end of the student's fourth year of high school.

To determine whether a Foster and Mobile Youth is in their third or fourth year of high school, either the number of credits the student has earned to the date of transfer, the length of the student's school enrollment, or, for students with significant gaps in school attendance, the student's age as compared to the average age of students in the third or fourth year of high school may be used, whichever will qualify the student for the exemption. For a newcomer pupil, enrollment in grade 11 or 12 based on the average age of students in the third or fourth year of high school may be used to determine whether the student is in their third or fourth year of high school.

Within thirty (30) calendar days of the date that a student who may qualify for exemption under the above requirements transfers into the School, the School shall notify the student, the parent/guardian, and where applicable, the student's social worker or probation officer, of the availability of the exemption and whether the student qualifies for an exemption.

The School shall notify and consult with students who are exempted from the School's additional graduation requirements and the student's ERH. The consultation shall include all of the following:

1. Discussion regarding how any of the requirements that are waived may affect the student's postsecondary education or vocation plans, including the ability to gain admission to a postsecondary educational institution.

2. Discussion and information about other options available to the student, including, but not limited to, a fifth year of high school, possible credit recovery, and any transfer opportunities available through the California Community Colleges.

3. Consideration of the student's academic data and any other information relevant to making an informed decision on whether to accept the exemption.

The School shall not require any student who would otherwise be entitled to remain in attendance at the School to accept the exemption from the School's additional graduation requirements or deny the student enrollment in, or the ability to complete, courses for which the student is otherwise eligible. The School shall not revoke an exemption and shall grant an eligible student's request for the exemption at any time if the student qualifies, regardless of whether the student previously declined the exemption.

If a Foster and Mobile Youth who was eligible for an exemption and 1) was not properly notified of the availability of the exemption, or 2) previously declined the exemption pursuant to this Policy, the School shall exempt the student within thirty (30) days of the exemption request, if an exemption is requested by the student or the student's ERH and the student at one time qualified for the exemption, even if the student is no longer a Foster and Mobile Youth or the court's jurisdiction of the student has terminated.

An eligible student's exemption from the School's additional graduation requirements will continue to apply while the student is enrolled in the School or if the student transfers to another school even after the court's jurisdiction terminates or the student no longer meets the definition of a Foster and Mobile Youth.

The School shall not require or request that a student transfer schools in order to qualify the student for the exemption. Nor shall a student, a student's parent/guardian or educational rights holder, or a student's social worker or probation officer request a transfer solely to qualify for an exemption from the School's additional graduation requirements.

If a student who is exempted from the School's additional graduation requirements completes the California minimum coursework requirements specified in Education Code section 51225.3 before the end of the student's fourth year of high school and would otherwise be entitled to remain in attendance at the School, the School shall not require or request that the student graduate before the end of the student's fourth year of high school.

If the School determines the student is reasonably able to complete the School's additional graduation requirements by the end of the student's fifth year of high school, the School shall do the following:

1. Consult with the student and the student's ERH regarding of the student's option to remain at the School for a fifth year to complete the School's graduation requirements, consistent with the laws continuous enrollment and satisfactory progress for School students over age 19.
2. Consult with the student, and the educational rights holder for the student, about how remaining in school for a fifth year to complete the School's graduation requirements will affect the student's ability to gain admission to a postsecondary educational institution.
3. Consult with and provide information to the student and the student's ERH about transfer opportunities available through the California Community Colleges.
4. Permit the student to stay at the School for a fifth year to complete the School's graduation requirements

upon agreement with the student, if the student is 18 years of age or older, or, if the student is under 18 years of age, upon agreement with the student's ERH.

5. For a student identified as a foster youth, consult with the student, and the student's ERH, regarding the student's option to remain in the school of origin.

Through January 1, 2028, upon making a finding that a Foster and Mobile Youth **is not reasonably able to complete the School's additional graduation requirements but is reasonably able to complete state coursework requirements** **specified in Education Code Section 51225.3** within the student's fifth year of high school, the Executive Director or designee shall exempt the student from The School's graduation requirements and provide student the option of remaining in school for a fifth (5^{th}) year to complete the statewide coursework requirements. The School shall consult with the Foster and Mobile Youth and their ERH regarding all of the following:

1. The student's option to remain in school for a fifth year to complete the statewide coursework requirements.
2. How waiving the local educational requirements and remaining in school for a fifth year may affect the student's postsecondary education or vocation plans, including the ability to gain admission to a institution of higher education.
3. Whether any other options are available to the student, including, but not limited to, possible credit recovery, and any transfer opportunities available through the California Community Colleges.
4. The student's academic data and any other information relevant to making an informed decision on whether to accept the exemption and option to remain in school for a fifth year to complete the statewide coursework requirements.

If a Foster and Mobile Youth is not eligible for an exemption in the year in which the student transfers between schools, or for a newcomer pupil, is not eligible for an exemption in the student's third year of high school, because The School makes a finding that the student is reasonably able to complete The School's additional graduation requirements in time to graduate from high school by the end of the student's fourth year of high school, then The School shall do the following:

1. Within the first 30 calendar days of the ***following*** academic year, The School shall reevaluate eligibility;
2. Provide written notice to the student, the student's ERH, and the student's social worker or probation officer, if applicable, whether the student qualifies for an exemption, upon reevaluation, based on the course completion status of the student at the time of reevaluation, to determine if the student continues to be reasonably able to complete The School's additional graduation requirements in time to graduate from high school by the end of the student's fourth year of high school.
3. If, given their course completion status at that time the reevaluation is conducted, the student is not reasonably able to complete The School additional graduation requirements in time to graduate from high school by the end of the student's fourth year of high school, the School shall:
    i. provide written notice to the student and the student's ERH o the student's options to:
    ii. Receive an exemption from all coursework and other requirements adopted by the governing board body of The School that are in addition to the statewide coursework requirements specified in Section 51225.3, or
    iii. Upon agreement with the student's ERH to stay in school for a fifth year to complete the School's additional graduation requirements.

. The student (if not a minor) or the student's ERH shall have sole discretion whether to accept the exemption, based on the student's best educational interests.

Eligibility for Extracurricular Activities

A student who is in foster care whose residence changes pursuant to a court order or decision of a child welfare worker shall be immediately deemed to meet all residency requirements for participation in interscholastic sports or other extracurricular activities.

Waiver of Fees for Afterschool Programs

CalOPS shall not charge any student who the Charter School knows is in foster care any family fees associated with an After-School Education and Safety ("ASES") Program operated by CalOPS.

Acceptance of Course Work: The Charter School will accept any coursework satisfactorily completed at any public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency by a Foster and Mobile Youth.

The Charter School will provide Foster and Mobile Youth credit for the partial completion of courses taken while attending a public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency. If the student did not complete the entire course, the Charter School shall not require the student to retake the portion of the course the student completed unless the Charter School, in consultation with the holder of educational rights for the student, finds that the pupil is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the Foster and Mobile Youth shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course. These students shall not be prevented from taking or retaking a course to meet California State University or the University of California admission eligibility requirements.

Student Records

When the School receives a transfer request and/or student records request for the educational information and records of a foster youth from a new local educational agency ("LEA"), the School shall provide these student records within two (2) business days. The School shall compile the complete educational record of the student, including but not limited to a determination of seat time, full or partial credits earned, current classes and grades, immunization and other records, and, if applicable, a copy of the student's special education records including assessments, IEPs, and/or 504 plans. All requests for student records will be shared with the Foster and Mobile Youth Liaison, who shall be aware of the specific educational record keeping needs of Foster and Mobile Youth.

The School shall not lower a foster youth's grades as a result of the student's absence due to a verified court appearance, related court ordered activity, or a change in the placement of the student made by a county or placing agency. If a foster youth is absent from school due to a decision to change the placement of the student made by a county or placing agency, the grades and credits of the student will be calculated as of the date the student left the School.

In accordance with the School's Educational Records and Student Information Policy, under limited circumstances, the School may disclose student records or personally identifiable information contained in those records to certain requesting parties including but not limited to a foster family agency and state and local authorities within a juvenile justice system, without parent/guardian consent. Students who are 16 years of age or older or have finished 10th grade may access their own school records.

Discipline Determinations: If the Charter School intends to extend the suspension of any foster youth pending a recommendation for expulsion, the Charter School will invite the student's attorney and an appropriate representative from the relevant county agency to participate in the meeting at which the extension of the suspension will be discussed.

If the Charter School intends to suspend for more than ten (10) consecutive school days or expel a student with a disability who is also a foster youth due to an act for which the recommendation for expulsion is discretionary, the

Charter School will invite the student's attorney and an appropriate representative from the relevant county agency to participate in the Manifestation Determination Review meeting.

Complaints of Noncompliance

A complaint of noncompliance with any of the requirements outlined above may be filed through the School's Uniform Complaint Procedures. A copy of the Uniform Complaint Policy and Procedures is available upon request at the main office.

Reporting Requirements

The School shall report to the California Department of Education ("CDE") annually on the number of students who, for the prior school year, graduated with an exemption from the School's graduation requirements that are in addition to the statewide coursework requirements. This data shall be reported for students graduating in the fourth year and fifth year cohorts, and shall be disaggregated by cohort, student category, race, and disability status. The CDE shall make this data publicly available on an annual basis aligned with other reporting timelines for the California dashboard graduation data.

For purposes of this subdivision, "student category" means the categories of students identified in the "Definitions" section of this notice, above.

Availability of Complete Policy

For any Foster and Mobile Youth who enrolls at the School, a copy of the School's complete foster youth policy shall be provided at the time of enrollment. A copy of the complete Policy is available upon request at californiaops.org.

The California Department of Education publishes a list of the contact information for the Homeless Education Liaisons in the state, which is available at: https://www.cde.ca.gov/sp/hs/

Housing Questionnaire

The School shall administer a housing questionnaire for purposes of identifying homeless children and youth. The School shall ensure that the housing questionnaire is based on the best practices developed by the CDE. The School shall annually provide the housing questionnaire to all parents/guardians of students and to all unaccompanied youths at The School. The housing questionnaire shall include an explanation of the rights and protections a student has as a homeless child or youth or as an unaccompanied youth. The housing questionnaire

shall be available in paper form. The housing questionnaire shall be available in English, and if fifteen (15) percent or more of the students enrolled at The School speak a single primary language other than English, it shall also be written in the primary language. The questionnaire shall be translated into other languages upon request of a student's parent/guardian or an unaccompanied youth. The School shall collect the completed housing questionnaires and annually report to the CDE the number of homeless children and youths and unaccompanied youths enrolled. (Education Code Section 48851.)

School Stability

The Charter School will work with homeless students and their parent/guardian to ensure that each student is placed in the least restrictive educational programs, and has access to the academic resources, services, and extracurricular and enrichment activities that are available to all students, including, but not necessarily limited to, interscholastic sports. All decisions regarding a homeless student's education and placement will be based on the best interest of the child and shall consider, among other factors, educational stability and the opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress.

Homeless students have the right to remain in their school of origin if it is in their best interest. The Charter School will immediately enroll a homeless student seeking reenrollment in the Charter School as the student's school of origin (subject to the Charter School's capacity and pursuant to the procedures stated in the Charter School's charter and Board policy). The Charter School will also immediately enroll any homeless student seeking to transfer to the Charter School (subject to the Charter School's capacity and pursuant to the procedures stated in the Charter School's charter and Board policy) regardless of the student's ability to meet normal enrollment documentation or uniform requirements (e.g., producing medical records or academic records from a previous school).

Homeless students have the right to remain in their school of origin following the termination of the child's status as a homeless student as follows:

1. For students in Kindergarten through eighth grade, inclusive, the student will be allowed to continue in the school of origin through the duration of the academic year in which the student's status changed.

2. For students enrolled in high school, the student will be allowed to continue in the school of origin through graduation.

If the Charter School operates an intersession program, Charter School shall grant priority access to homeless students. Notwithstanding any other law, if the homeless student will be moving during an intersession period, the pupil's parent, guardian, educational rights holder, Indian custodian[2] in the case of an Indian child, or, if none of the preceding are applicable, an accompanied homeless student themselves shall determine which school the pupil attends for the intersession period, if applicable. "Intersession program" means an expanded learning program offered by the Charter School on nonschooldays, including, but not limited to, summer school. "Indian custodian" is as the term is defined in Section 1903 of Title 25 of the United States Code.

Comparable Services

Each homeless child or youth shall promptly be provided services comparable to services offered to other students in Charter School such as (42 U.S.C. § 11432(g)(4)):

- Transportation services
- Educational services for which the child or youth meets eligibility criteria, such as educational programs for students with disabilities and educational programs for students with limited English proficiency
- Programs in vocational and technical education
- Programs for gifted and talented students
- Charter School nutrition programs

[2] "Indian custodian" means any Indian person who has legal custody of an Indian child under tribal law or custom or under State law or to whom temporary physical care, custody, and control has been transferred by the parent of such child. *Section 1903 of Title 25 of the United States Code*

High School Graduation Requirements

Homeless students who transfer to the School any time after the completion of their second year of high school shall be exempt from any of the School's graduation requirements that are in excess of the California minimum graduation requirements specified in Education Code section 51225.3 ("additional graduation requirements") unless the School makes a finding that the student is reasonably able to complete the School's graduation requirements by the end of the student's fourth year of high school.

To determine whether a homeless student is in their third or fourth year of high school, either the number of credits the student has earned to the date of transfer or the length of the student's school enrollment, or, for pupils with significant gaps in school attendance, the pupil's age as compared to the average age of pupils in the third or fourth year of high school may be used, whichever will qualify the student for the exemption.

Within thirty (30) calendar days of the date that a student who may qualify for exemption under the above requirements transfers into the School, the School shall notify the student, the student's educational rights holder ("ERH"), and the School Liaison of the availability of the exemption and whether the student qualifies for an exemption.

The Charter School shall notify and consult with students who are exempted from the Charter School's additional graduation requirements and the student's ERH. The consultation shall include all of the following:

1. Discussion regarding how any of the requirements that are waived may affect the pupil's postsecondary education or vocation plans, including the ability to gain admission to a postsecondary educational institution.

2. Discussion and information about other options available to the pupil, including, but not limited to, a fifth year of high school, possible credit recovery, and any transfer opportunities available through the California Community Colleges.

3. Consideration of the pupil's academic data and any other information relevant to making an informed decision on whether to accept the exemption.

The School shall not require any student who would otherwise be entitled to remain in attendance at the School to accept the exemption from the School's additional graduation requirements or deny the student enrollment in, or the ability to complete, courses for which the student is otherwise eligible. The School shall not revoke an exemption and shall grant an eligible student's request for the exemption at any time if the student qualifies, regardless of whether the student previously declined the exemption.

If a homeless student who was eligible for an exemption and 1) was not properly notified of the availability of the exemption, or 2) previously declined the exemption pursuant to this Policy, the Charter School shall exempt the student within thirty (30) days of the exemption request, if an exemption is requested by the student or the student's ERH and the student at one time qualified for the exemption, even if the student is no longer homeless.

An eligible student's exemption from the School's additional graduation requirements will continue to apply while the student is enrolled in the School or if the student transfers to another school even after the student no longer meets the definition of a homeless child.

The School shall not require or request that a student transfer schools in order to qualify the student for the exemption. Nor shall a student, a student's parent/guardian or educational rights holder, or a student's social worker or probation officer request a transfer solely to qualify for an exemption from the School's additional graduation requirements.

If a student who is exempted from the School's additional graduation requirements completes the California minimum coursework requirements specified in Education Code section 51225.3 before the end of the student's

fourth year of high school and would otherwise be entitled to remain in attendance at the School, the School shall not require or request that the student graduate before the end of the student's fourth year of high school.

If the School determines the student is reasonably able to complete the School's graduation requirements by the end of the student's fifth year of high school, the School shall do the following:

1. Consult with the student and the student's ERH regarding the student's option to remain at the School for a fifth year to complete the School's graduation requirements, consistent with the laws regarding continuous enrollment and satisfactory progress for Charter School students over age 19.
2. Consult with the student, and the ERH for the student, about how remaining in school for a fifth year to complete the School's graduation requirements will affect the student's ability to gain admission to a postsecondary educational institution.
3. Consult with and provide information to the student and the student's ERH about transfer opportunities available through the California Community Colleges.
4. Permit the student to stay at the School for a fifth year to complete the School's graduation requirements upon agreement with the student, if the student is 18 years of age or older, or, if the student is under 18 years of age, upon agreement with the student's ERH.
5. Consult with the student, and the student's ERH, regarding the student's option to remain in the school of origin.

Through January 1, 2028, upon making a finding that a homeless student **is not reasonably able to complete the Charter School's additional graduation requirements but is reasonably able to complete state coursework requirements specified in Education Code Section 51225.3** within the student's fifth year of high school, the Executive Director or designee shall exempt the pupil from Charter School's graduation requirements and provide pupil the option of remaining in school for a fifth (5^{th}) year to complete the statewide coursework requirements. Charter School shall consult with the homeless student and the student's ERH regarding all of the following:

1. The pupil's option to remain in school for a fifth year to complete the statewide coursework requirements.
2. How waiving the local educational requirements and remaining in school for a fifth year may affect the pupil's postsecondary education or vocation plans, including the ability to gain admission to a institution of higher education.
3. Whether any other options are available to the pupil, including, but not limited to, possible credit recovery, and any transfer opportunities available through the California Community Colleges.
4. The pupil's academic data and any other information relevant to making an informed decision on whether to accept the exemption and option to remain in school for a fifth year to complete the statewide coursework requirements.

If a homeless student is **not** eligible for an exemption in the year in which the pupil transfers between schools, because Charter School makes a finding that the pupil is reasonably able to complete Charter School's additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school, then Charter School shall do the following:

1. Within the first 30 calendar days of the ***following*** academic year, Charter School shall reevaluate eligibility;
2. Provide written notice to the pupil, the ERH, and the pupil's social worker or probation officer, if applicable, whether the pupil qualifies for an exemption upon reevaluation , based on the course completion status of the pupil at the time of reevaluation, to determine if the pupil continues to be

reasonably able to complete Charter School's additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school.

3. If, given their course completion status at that time the reevaluation is conducted, the pupil is not reasonably able to complete Charter School additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school, the Charter School shall provide written notice to the pupil and the ERH of the pupil's options to:

    i. Receive an exemption from all coursework and other requirements adopted by the governing board body of Charter School that are in addition to the statewide coursework requirements specified in Section 51225.3, **or**

    ii. Upon agreement with the ERH, stay in school for a fifth year to complete the Charter School's additional graduation requirements.

The pupil (if not a minor) or the ERH shall have sole discretion whether to accept the exemption, based on the pupil's best educational interests.

Reporting Requirements

Charter School shall report to the California Department of Education ("CDE") annually on the number of pupils who, for the prior school year, graduated with an exemption from the Charter School's graduation requirements that are in addition to the statewide coursework requirements. This data shall be reported for pupils graduating in the fourth year and fifth year cohorts, and shall be disaggregated by cohort, pupil category, race, and disability status. The CDE shall make this data publicly available on an annual basis aligned with other reporting timelines for the California dashboard graduation data.

Acceptance of Course Work

The School will accept any coursework satisfactorily completed at any public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency by a homeless student.

The School will provide homeless students credit for the partial completion of courses taken while attending a public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency. If the student did not complete the entire course, the School shall not require the student to retake the portion of the course the student completed unless the School, in consultation with the holder of educational rights for the student, finds that the student is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the homeless student shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course. These students shall not be prevented from taking or retaking a course to meet California State University or the University of California admission eligibility requirements.

Eligibility for Extracurricular Activities

A homeless child or youth shall be immediately deemed to meet all residency requirements for participation in interscholastic sports or other extracurricular activities.

Waiver of Fees for Afterschool Programs

CalOPS shall not charge any student who is a homeless youth any family fees associated with an After-School Education and Safety ("ASES") Program operated by CalOPS.

Complaints of Noncompliance

A complaint of noncompliance with any of the requirements outlined above may be filed through the Charter School's Uniform Complaint Procedures. A copy of the Uniform Complaint Policy and Procedures is available in the Student & Family Policy Catalog and upon request.

Availability of Complete Policy

For any homeless student who enrolls at the School, a copy of the School's complete policy shall be provided at the time of enrollment. A copy of the complete Policy is available upon request at the main office.

CalOPS recognizes that pregnant and parenting students are entitled to accommodations that provide them with the opportunity to succeed academically while protecting their health and the health of their children. A pregnant or parenting student is entitled to eight (8) weeks of parental leave, or more if deemed medically necessary by the student's physician, which the student may take before the birth of the student's infant if there is a medical necessity and after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction, in order to protect the health of the student who gives or expects to give birth and the infant, and to allow the pregnant or parenting student to care for and bond with the infant. The Charter School will ensure that absences from the student's regular school program are excused until the student is able to return to the regular school program.

Upon return to school after taking parental leave, a pregnant or parenting student will be able to make up work missed during the pregnant or parenting student's leave, including, but not limited to, makeup work plans and reenrollment in courses. Notwithstanding any other law, a pregnant or parenting student may remain enrolled for a fifth year of instruction in CalOPS if it is necessary in order for the student to be able to complete any graduation requirements, unless the Charter School determines that the student is reasonably able to complete the graduation requirements in time to graduate from high school by the end of the student's fourth year of high school.

Complaints of noncompliance with laws relating to pregnant or parenting students may be filed under the Uniform Complaint Procedures ("UCP") of the Charter School. The complaint may be filed in writing with the compliance officer:

CalOPS shall ensure that each of its students receives information on how to properly complete and submit the 1) Free Application for Federal Student Aid (FAFSA) or 2) the California Dream Act Application as appropriate, at

least once before the student enters 12th grade. The School will provide a copy of the FAFSA or the California Dream Act Application upon request.

The FAFSA form and information regarding the FAFSA are available **here**.

The California Dream Act Application and information regarding the California Dream Act is available **here.**

The Charter School shall confirm that each of its students in grade 12 completes and submits a FAFSA to the United States Department of Education, or if the student is exempt from paying nonresident tuition pursuant to Education Code section 68130.5, a California Dream Act Application to the Student Aid Commission. Students who are exempt or whose parent/guardian (if the student is a minor) have opted-out will not be required to comply.

CURRICULUM & INSTRUCTION

Curriculum

Sexual Health Education-EC 51930-51939

The Charter School offers comprehensive sexual health education to its students in grades 7-12. A parent or guardian of a student has the right to excuse their child from all or part of comprehensive sexual health education, HIV prevention education, and assessments related to that education through a passive consent ("opt-out") process. The Charter School does not require active parental consent ("opt-in") for comprehensive sexual health education and HIV prevention education. Parents and guardians may:

- Inspect written and audiovisual educational materials used in comprehensive sexual health education and HIV prevention education.
- Excuse their child from participation in comprehensive sexual health education and HIV prevention education in writing to the Charter School.
- Be informed whether the comprehensive sexual health or HIV/AIDS prevention education will be taught by Charter School personnel or outside consultants. When the Charter School chooses to use outside consultants or to hold an assembly with guest speakers to teach comprehensive sexual health or HIV/AIDS prevention education, be informed of:
    - The date of the instruction
    - The name of the organization or affiliation of each guest speaker
- Request a copy of Education Code sections 51930 through 51939.

Anonymous, voluntary, and confidential research and evaluation tools to measure student's health behaviors and risks (including tests, questionnaires, and surveys containing age-appropriate questions about the student's attitudes concerning or practices relating to sex) may be administered to students in grades 7-12. A parent or guardian has the right to excuse their child from the test, questionnaire, or survey through a passive consent ("opt-out") process. Parents or guardians shall be notified in writing that this test, questionnaire, or survey is to be administered, given the opportunity to review the test, questionnaire, or survey if they wish, notified of their right to excuse their child from the test, questionnaire, or survey, and informed that in order to excuse their child they must state their request in writing to the Charter School.

A student may not attend any class in comprehensive sexual health education or HIV prevention education, or participate in any anonymous, voluntary, and confidential test, questionnaire, or survey on student health behaviors and risks, if the Charter School has received a written request from the student's parent or guardian excusing the student from participation. An alternative educational activity shall be made available to students whose parents or guardians have requested that they not receive the instruction or participate in the test, questionnaire, or survey.

Right to Refrain from Harmful Use of Animals-EC 32255, et seq.

Students at the Charter School may perform animal dissections as part of the science curriculum. Any student who provides their teacher with a written statement, signed by their parent/guardian, specifying the student's moral objection to dissecting or otherwise harming or destroying animals, or any parts thereof, may be excused from such activities if the teacher believes that an adequate alternative education project is possible. The alternative education project shall require a comparable time and effort investment by the student. It shall not, as

a means of penalizing the student, be more arduous than the original education project. The student shall not be discriminated against based upon their moral objection to dissecting or otherwise harming or destroying animals, or any parts thereof.

Workplace Readiness Week and Work Permits

The week of each year that includes April 28 shall be known as "Workplace Readiness Week." All public high schools, including charter schools, shall annually observe that week by providing information to students on their rights as workers.

Beginning August 1, 2024, any minor seeking the signature of a Charter School verifying authority on a Statement of Intent to Employ a Minor and Request for a Work Permit-Certificate of Age will be issued, before or at the time of receiving the signature of the verifying authority, a document clearly explaining basic labor rights extended to workers. An infographic explaining these rights is available **here**.

STUDENT HEALTH & SAFETY

Student Health

Physical Examinations and Right to Refuse-HSC 124040, HSC 124085

A parent/guardian having control or charge of any child enrolled in the School may file annually with the Site Director of the school in which the child is enrolled a written and signed statement stating that the parent/guardian will not consent to a physical examination of the child. Thereupon the child shall be exempt from any physical examination, but whenever there is a good reason to believe that the child is suffering from a recognized contagious or infectious disease, the child shall not be permitted to attend in person school sanctioned events until the school authorities are satisfied that any contagious or infectious disease does not exist.

Immunizations-EC 48216, EC 49403, HSC 120325 & HSC 120335

Pursuant to the California Health and Safety Code and the California Code of Regulations, children must have a minimum number of immunizations (shots) before they can attend school unless they meet the requirements for an exemption. Immunization records are required for all incoming students. Verification of immunizations will be completed with written medical records from the child's doctor or immunization clinic. To ensure a safe learning environment for all students, the Charter School follows and abides by the health standards set forth by the state of California. Students will not receive classroom-based instruction until all required records have been received. The immunization status of all students will be reviewed periodically. Those students who are not in compliance with the State requirement must be excluded from classroom-based instruction until the requirements are met. Students who have been exposed to a communicable disease for which they have not been immunized may be excluded from school at the discretion of the Charter School.

These required immunizations include:

Child's Grade	List of shots required to attend school
TK/K-12 Admission	Diphtheria, Pertussis, and Tetanus (DTaP) - Five (5) doses Polio - Four (4) doses Measles, Mumps, and Rubella (MMR) - Two (2) doses Hepatitis B (Hep B) - Three (3) doses Varicella (chickenpox) – Two (2) doses **NOTE:** Four doses of DTaP are allowed if one was given on or after the fourth birthday. Three doses of DTaP meet the requirement if at least one dose of Tdap, DTaP, or DTP vaccine was given on or after the seventh birthday (also meets the 7th-12th grade Tdap requirement.) One or two doses of Td vaccine given on or after the seventh birthday count towards the requirement for DTaP. Three doses of Polio are allowed if one was given on or after fourth birthday. MMR doses must be given on or after the first birthday. Two doses of measles, two doses of mumps, and one dose of rubella vaccine meet the requirement, separately or combined. Combination vaccines (e.g., MMRV) meet the requirements for individual component vaccines.
Entering 7th Grade	Tetanus, reduced Diphtheria, and acellular Pertussis (Tdap) - One (1) dose **NOTE:** In order to begin 7th grade, at least one dose of pertussis-containing vaccine is required on or after the 7th birthday.

Students who are enrolled in a home-based private school or independent study program and do not receive any classroom-based instruction are exempt from the immunization requirements, however CalOPS is still required to report the immunizations and/or exemption status of every student and the School must collect each student's documentation to fulfill this legal obligation. On occasion, CalOPS offers certain face to face, in-person activities which currently include but are not limited to educational field trips, college tours, social activities such as dances, picnics and other gatherings, graduation and honors ceremonies, and mandated state testing, which the school does not deem "classroom-based instruction."

Human Papillomavirus (HPV) Cancer Prevention Act -AB 659

Students in the state are advised to adhere to current immunization guidelines, as recommended by the Advisory Committee on Immunization Practices (ACIP) of the federal Centers for Disease Control and Prevention (CDC), the American Academy of Pediatrics, and the American Academy of Family Physicians, regarding full human papillomavirus (HPV) immunization before admission or advancement to the eighth grade level of any private or public elementary or secondary school.

What is HPV?

HPV is a very common virus that 8 out of 10 people will get at some point in their lifetime. Some HPV infections can lead to cancer later in life.

HPV is estimated to cause about 37,000 cases of cancer in men and women every year in the U.S. – that's the same as the average attendance for a major league baseball game!

Only cervical cancer, one of the cancers caused by HPV, can be detected early with a Pap test. The other cancers caused by HPV (cancers of the throat, genitals, or anus) may not be detected until they are more serious. HPV vaccination prevents infections that cause these cancers.

How can I protect my child from HPV?

HPV vaccination can prevent over 90% of cancers caused by HPV. HPV vaccines are very safe, and scientific research shows that the benefits of HPV vaccination far outweigh the potential risks. With more than 135 million doses given in the U.S. since 2006, HPV vaccine has a long safety record that's backed by over 15 years of monitoring. Common side effects are mild and get better within a day or two. These include pain, redness, or swelling where the shot was given, similar to other vaccines.

HPV vaccination works extremely well. Since HPV vaccination was first recommended in 2006, infections with HPV types that cause most HPV cancers have dropped 88% among teen girls and 81% among young adult women.

Vaccination against HPV is recommended by the federal Advisory Committee on Immunization Practices, the American Academy of Pediatrics, and the American Academy of Family Physicians. It's also recommended by the American Cancer Society and California's Cancer Prevention Act.

Who should get the vaccine and when should they get it?

Because the vaccine is more effective when given at younger ages, two doses of HPV vaccine are recommended for all kids between the ages of 9 to 12 years, and the second dose should be given before the start of 8th grade.

(Kids who wait until later to get their first dose of HPV vaccine may need three doses.) The HPV vaccine is often given at the same time as other adolescent vaccines, like Tdap to prevent whooping cough and meningococcal vaccine to prevent bacterial meningitis.

Where can I get the HPV vaccine for my child?

Ask your health care provider, pharmacist, or local health department to learn more about HPV vaccine and where you can get it. The vaccine is covered by most health insurance plans. If you don't have health insurance, your child can still get vaccinated. The Vaccines for Children (VFC) Program offers free vaccines to children up to age 18 years without insurance or whose insurance does not cover the cost of vaccines.

Ask your healthcare provider or **local health department** about VFC, or learn more **here**. Find doctors participating in VFC **in your area**.

For more information on HPV, the vaccine, and cancer prevention, visit the **Centers for Disease Control and Prevention**.

Oral Health Assessment-EC 48216, EC 49403

Students enrolled in transitional kindergarten or kindergarten in a public school or while enrolled in first grade if the student was not previously enrolled in kindergarten in a public school are required to present proof of having received an oral health assessment completed by a dental professional that was performed within 12 months before the student's initial enrollment in a public school. Please contact the main office if you have questions about this requirement.

Mental Health Services-AB 2022

California Online Public Schools recognizes that when unidentified and unaddressed, mental health challenges can lead to poor academic performance, increased likelihood of suspension and expulsion, chronic absenteeism, student attrition, homelessness, incarceration, and/or violence. Access to mental health services at the School and in the community is not only critical to improving the physical and emotional safety of students, but it also helps address barriers to learning and provides support so that all students can learn problem-solving skills and achieve in school and, ultimately, in life. The following resources are available to your child:

Available with California Online Public Schools:

- **School-based counseling services** – your child is encouraged to directly contact a School counselor. Our Assistant Principal of Counseling, Hazel Eng, can be reached at counselor@californiaops.org. Counseling services, whether provided by our School or by an outside provider listed herein, are voluntary.
- **Special education services** – if you believe your child may have a disability, you are encouraged to directly contact Mackenzie Duran, Director of Student Services, at mduran@californiaops.org to request an evaluation.

Available in the Community:

- California Youth Crisis Line: 1 (800) 843-5200

The Charter School will provide an information sheet regarding type 1 diabetes to the parent or guardian of a student when the student is first enrolled in elementary school, pursuant to Education Code Section 49452.6. The information sheet shall include, but shall not be limited to, all of the following:

1. A description of type 1 diabetes.
2. A description of the risk factors and warning signs associated with type 1 diabetes.
3. A recommendation that parents or guardians of students displaying warning signs associated with type 1 diabetes should immediately consult with the student's primary care provider to determine if immediate screening for type 1 diabetes is appropriate.

5. A recommendation that, following a type 1 diagnosis, parents or guardians should consult with the student's primary care provider to develop an appropriate treatment plan, which may include consultation with and examination by a specialty care provider, including, but not limited to, a properly qualified endocrinologist.

A copy of the information sheet regarding type 1 diabetes is available at: www.cde.ca.gov. You may also find the info sheet at californiaops.org. Please contact the office if you need a copy of this information sheet or if you have any questions about this information sheet. The information required can also be found below.

Type I Diabetes-EC 49452.6

Type 1 diabetes usually develops in children and young adults but can occur at any age

- According to the U.S. Centers for Disease Control and Prevention (CDC), cases of type 1 diabetes in youth increased nationally from 187,000 in 2018 to 244,000 in 2019, representing an increase of 25 per 10,000 youths to 35 per 10,000 youths, respectively.
- The peak age of diagnosis of type 1 diabetes is 13-14 years, but diagnosis can also occur much earlier or later in life.

Type 1 diabetes affects insulin production

- As a normal function, the body turns the carbohydrates in food into glucose (blood sugar), the basic fuel for the body's cells.
- The pancreas makes insulin, a hormone that moves glucose from the blood into the cells.
- In type 1 diabetes, the body's pancreas stops making insulin, and blood glucose levels rise.
- Over time, glucose can reach dangerously high levels in the blood, which is called hyperglycemia.
- Untreated hyperglycemia can result in diabetic ketoacidosis (DKA), which is a life-threatening complication of diabetes.

Risk Factors Associated with Type 1 Diabetes

It is recommended that students displaying warning signs associated with type 1 diabetes, which are described below, should be screened (tested) for the disease by their health care provider.

Risk Factors

Researchers do not completely understand why some people develop type 1 diabetes and others do not; however, having a family history of type 1 diabetes can increase the likelihood of developing type 1 diabetes. Other factors may play a role in developing type 1 diabetes, including environmental triggers such as viruses. Type 1 diabetes is not caused by diet or lifestyle choices.

Warning Signs and Symptoms Associated with Type 1 Diabetes and Diabetic Ketoacidosis

Warning signs and symptoms of type 1 diabetes in children develop quickly, in a few weeks or months, and can be severe. If your child displays the warning signs below, contact your child's primary health care provider or pediatrician for a consultation to determine if screening your child for type 1 diabetes is appropriate:

- Increased thirst
- Increased urination, including bed-wetting after toilet training
- Increased hunger, even after eating
- Unexplained weight loss
- Feeling very tired
- Blurred vision
- Very dry skin
- Slow healing of sores or cuts
- Moodiness, restlessness, irritability, or behavior changes

DKA is a complication of untreated type 1 diabetes. DKA is a medical emergency. Symptoms include:

- Fruity breath
- Dry/flushed skin
- Nausea
- Vomiting
- Stomach pains
- Trouble breathing
- Confusion

Types of Diabetes Screening Tests That Are Available

- Glycated hemoglobin (A1C) test. A blood test measures the average blood sugar level over two to three months. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.
- Random (non-fasting) blood sugar test. A blood sample is taken any time without fasting. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes.
- Fasting blood sugar test. A blood sample is taken after an overnight fast. A level of 126 mg/dL or higher on two separate tests indicates diabetes.
- Oral glucose tolerance test. A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

Type 1 Diabetes Treatments

There are no known ways to prevent type 1 diabetes. Once type 1 diabetes develops, medication is the only treatment. If your child is diagnosed with type 1 diabetes, their health care provider will be able to help develop a

treatment plan. Your child's health care provider may refer your child to an endocrinologist, a doctor specializing in the endocrine system and its disorders, such as diabetes.

Contact your student's health care provider if you have questions.

Type II Diabetes-EC 49452.7

Type 2 diabetes is the most common form of diabetes in adults.

- Until a few years ago, type 2 diabetes was rare in children, but it is becoming more common, especially for overweight teens.
- According to the U.S. Centers for Disease Control and Prevention (CDC), one in three American children born after 2000 will develop type 2 diabetes in his or her lifetime.

Type 2 diabetes affects the way the body is able to use sugar (glucose) for energy.

- The body turns the carbohydrates in food into glucose, the basic fuel for the body's cells.
- The pancreas makes insulin, a hormone that moves glucose from the blood to the cells.
- In type 2 diabetes, the body's cells resist the effects of insulin, and blood glucose levels rise.
- Over time, glucose reaches dangerously high levels in the blood, which is called hyperglycemia.
- Hyperglycemia can lead to health problems like heart disease, blindness, and kidney failure.

Risk Factors Associated with Type 2 Diabetes

It is recommended that students displaying or possibly experiencing the risk factors and warning signs associated with type 2 diabetes be screened (tested) for the disease.

Risk Factors

Researchers do not completely understand why some people develop type 2 diabetes and others do not; however, the following risk factors are associated with an increased risk of type 2 diabetes in children:

- Being overweight. The single greatest risk factor for type 2 diabetes in children is excess weight. In the U.S., almost one out of every five children is overweight. The chances are more than double that an overweight child will develop diabetes.
- Family history of diabetes. Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.
- Inactivity. Being inactive further reduces the body's ability to respond to insulin.
- Specific racial/ethnic groups. Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type 2 diabetes.
- Puberty. Young people in puberty are more likely to develop type 2 diabetes than younger children, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

Warning Signs and Symptoms Associated with Type 2 Diabetes

Warning signs and symptoms of type 2 diabetes in children develop slowly, and initially there may be no symptoms. However, not everyone with insulin resistance or type 2 diabetes develops these warning signs, and not everyone who has these symptoms necessarily has type 2 diabetes.

- Increased hunger, even after eating
- Unexplained weight loss

- Increased thirst, dry mouth, and frequent urination
- Feeling very tired
- Blurred vision
- Slow healing of sores or cuts
- Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms
- Irregular periods, no periods, and/or excess facial and body hair growth in girls
- High blood pressure or abnormal blood fats levels

Type 2 Diabetes Prevention Methods and Treatments

Healthy lifestyle choices can help prevent and treat type 2 diabetes. Even with a family history of diabetes, eating healthy foods in the correct amounts and exercising regularly can help children achieve or maintain a normal weight and normal blood glucose levels.

- **Eat healthy foods.** Make wise food choices. Eat foods low in fat and calories.
- **Get more physical activity.** Increase physical activity to at least 60 minutes every day.
- **Take medication.** If diet and exercise are not enough to control the disease, it may be necessary to treat type 2 diabetes with medication.

The first step in treating type 2 diabetes is to visit a doctor. A doctor can determine if a child is overweight based on the child's age, weight, and height. A doctor can also request tests of a child's blood glucose to see if the child has diabetes or pre-diabetes (a condition which may lead to type 2 diabetes).

Types of Diabetes Screening Tests That Are Available:

- **Glycated hemoglobin (A1C) test.** A blood test measures the average blood sugar level over two to three months. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.
- **Random (non-fasting) blood sugar test.** A blood sample is taken at a random time. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes. This test must be confirmed with a fasting blood glucose test.
- **Fasting blood sugar test.** A blood sample is taken after an overnight fast. A fasting blood sugar level less than 100 mg/dL is normal. A level of 100 to 125 mg/dL is considered pre-diabetes. A level of 126 mg/dL or higher on two separate tests indicates diabetes.
- **Oral glucose tolerance test.** A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

Type 2 diabetes in children is a preventable/treatable disease and the guidance provided in this information sheet is intended to raise awareness about this disease. Contact your student's health care provider if you have questions.

Suicide Prevention Policy

The Board of Directors of California Online Public Schools (“CalOPS” or the “Charter School”) recognizes that suicide is a major cause of death among youth and should be taken seriously. To attempt to reduce suicidal behavior and its impact on students and families, the Board of Directors has developed prevention strategies and intervention procedures.

In compliance with Education Code section 215, this policy has been developed in consultation with CalOPS and community stakeholders, CalOPS school-employed mental health professionals (e.g., school counselors, psychologists, social workers, nurses), administrators, other school staff members, parents/guardians/caregivers, students, local health agencies and mental health professionals, the county mental health plan, first responders, and community organizations to identify additional resources to ensure this policy is aligned and includes similar research and resources, as well as to assist in planning, implementing, evaluating, and updating the CalOPS's strategies for suicide prevention and intervention. CalOPS shall work in conjunction with community-based organizations, and other community supports to identify additional resources. To ensure the policies regarding suicide prevention are properly adopted, implemented, updated, and easily accessible to all. CalOPS shall appoint an individual (or team) to serve as the suicide prevention point of contact for CalOPS. The suicide prevention point of contact for CalOPS and the Superintendent shall ensure proper coordination and consultation with the county mental health plan if a referral is made for mental health or related services on behalf of a student who is a Medi-Cal beneficiary. This policy shall be reviewed and revised as indicated, at least every five (5) years in conjunction with the previously mentioned community stakeholders.

Suicide Prevention Crisis Team

To ensure the policies regarding suicide prevention are properly adopted, implemented, and updated, CalOPS created an in-house Suicide Prevention Crisis Team ("SPCT") consisting of administrators, mental health professionals, relevant staff, parents, and middle and high school students. The SPCT includes the following individuals:

1. Shannon Doss, School Social Worker
2. Mackenzie Duran, Director of Student Services
3. Leslie Dombek, Director of Educational Services
4. Marcus White, Elementary School Principal
5. Heather Tamayo, Middle School Principal
6. Matt Brockway, High School Principal

To ensure the SPCT reflects the student body's perspective, CalOPS will request volunteer student representatives from both middle and high school to provide consultative insights.

CalOPS designates the following employee to act as the Suicide Prevention Liaison to lead the SPCT :

Shannon Doss, Social Worker
sdoss@californiaops.org
(909) 347-0058

The functions of the SPCT are to:

- Review mental health related school policies and procedures;
- Provide annual updates on school data and trends;
- Review and revise school prevention policies;
- Review and select general and specialized mental health and suicide prevention training;
- Review and oversee staff, parent/guardian, and student trainings;
- Ensuring the suicide prevention policy and resources are posted on the school website;
- Ensure compliance with Education Code section 215;
- Collaborate with community mental health organizations;
- Identify resources and agencies that provide evidence-based or evidence-informed treatment;
- Help inform and build skills among law enforcement and other relevant partners; and
- Collaborate to build community response.

Employee Qualifications and Scope of Services

Employees of CalOPS shall act only within the authorization and scope of their credential or license. While it is expected that school professionals are able to identify suicide risk factors and warning signs, screen and assess and to provide ongoing supports to youth identified at risk, the care or treatment for suicidal ideation is typically beyond the scope of services offered in the school setting.

Suicide Awareness and Prevention Training for School Staff

CalOPS, along with its partners, has carefully reviewed available staff training to ensure the curriculum is evidence-based, evidenced informed, aligned with best practices in suicide prevention, and promotes the mental health model of suicide prevention and does not encourage the use of the stress model to explain suicide.

Training and professional development shall be provided for all school staff members (certificated and classified) and other adults on campus (including substitutes and intermittent staff, volunteers, interns, tutors, coaches, and afterschool program staff).

1. All suicide prevention trainings shall be offered under the direction of mental health professionals (e.g., school counselors, school psychologists, other public entity professionals, such as psychologists, social workers, or nurses) who have received advanced training specific to suicide prevention. Charter School has collaborated with the Orange County Department of Education to review the training materials and content to ensure it is evidence-based, evidence-informed, and aligned with best practices.
2. Staff training is reviewed and adjusted annually based on previous professional development activities, emerging best practices, and feedback.
3. Charter School shall ensure that training is available for new hires during the school year.
4. At least annually, all staff shall receive training on prevention and protective factors such as the risk factors and warning signs of suicide, suicide prevention, intervention, referral, and postvention.
5. At a minimum, all staff shall participate in training on the core components of suicide prevention (identification of suicide risk and protective factors and warning signs, prevention, intervention, referral, and postvention). Core components of the general suicide prevention training shall include:
    a. How to identify youth who may be at risk for suicide including suicide risk factors, warning signs, and protective factors.
    b. Appropriate ways to approach, interact, and respond to a youth who is demonstrating emotional distress or having thoughts of suicide including skill building to ask directly about suicide thoughts.
    c. Charter-approved procedures for responding to suicide risk (including programs and services in a Multi-tiered System of Support (MTSS) and referral protocols). Such procedures will emphasize the student should be under constant supervision and immediately referred for a suicide risk assessment.
    d. Charter-approved procedures identifying the role educators, school staff, and volunteers play in supporting youth and staff after a suicide or suicide death or attempt (postvention).
6. **In addition to** core components of suicide prevention, ongoing annual staff professional development for all staff shall include the following components:
    a. The impact of traumatic stress on emotional and mental health.
    b. Common misconceptions about suicide.
    c. Charter School and community mental health and suicide prevention resources.
    d. Appropriate messaging about suicide (correct terminology, safe messaging guidelines).
    e. Ways to identify youth who may be at risk of suicide including suicide warning signs, risk, and protective factors.
    f. Appropriate ways to approach, interact, and respond to a youth who is demonstrating emotional distress or is having thoughts of suicide. Specifically, how to talk with a student about their

thoughts of suicide, including skill building to ask directly about suicide thoughts and warm handoffs.

g. Charter School-approved procedures for responding to suicide risk (including multi-tiered systems of support and referrals). Such procedures will emphasize that the student should be constantly supervised until a suicide risk assessment is completed.
h. Charter School-approved procedures for identifying the role educators, school staff, and volunteers play in supporting youth and staff after a suicide or suicide death or attempt (postvention).
i. Information regarding groups of students judged by the school, and available research, to be at elevated risk for suicide. These groups include, but are not limited to, the following:
    i. Youth affected by suicide.
    ii. Youth with a history of suicide ideation or attempts.
    iii. Youth with disabilities, mental illness, or substance abuse disorders.
    iv. Lesbian, gay, bisexual, transgender, or questioning youth.
    v. Youth experiencing homelessness or in out-of-home settings, such as foster care.
    vi. Youth who have suffered traumatic experiences.

Specialized Professional Development for School-based Mental Health Staff (Screening and/or Assessment)

Additional professional development in suicide risk assessment (SRA) and crisis intervention is provided to designated student mental health professionals, including but not limited to school counselors, psychologists, social workers, administrators, and nurses employed by Charter School. Training for these staff is specific to conducting SRAs, intervening during a crisis, de-escalating situations, interventions specific to preventing suicide, making referrals, safety planning, and re-entry.

Specialized Professional Training for targeted School-based mental health staff includes the following components:

- Best practices and skill building on how to conduct an effective suicide risk screening/SRA using an evidence-based, Charter School-approved tool; Patient Health Questionnaire 9 (PHQ-9) Depression Scale; BSS Beck Scale for Suicide Ideation ; National Institute of Mental Health (NIMH)'s Ask Suicide-Screening Questions (ASQ) Toolkit; and the Adolescent Suicide Assessment Protocol – 20 .
- Best practices on approaching and talking with a student about their thoughts of suicide and how to respond to such thinking, based on school guidelines and protocols.
- Best practices on how to talk with a student about thoughts of suicide and appropriately respond and provide support based on school guidelines and protocols.
- Best practices on follow up with parents/caregivers.
- Best practices on re-entry.

Virtual Screenings for Suicide Risk

Virtual suicide prevention efforts include checking in with all students, promoting access to school and community-based resources that support mental wellbeing and those that address mental illness and give specific guidance on suicide prevention.

CalOPS has established a protocol for assigning school staff to connect with students during distance learning and school closures. In the event of a school closure, CalOPS has determined a process and protocols to establish daily and/or regular contact with all students. Staff understand that any concern about a student's emotional wellbeing and/or safety must be communicated to the appropriate school staff, according to CalOPS protocols.

CalOPS has determined a process and protocols for school-based mental health professionals to establish regular contact with high-risk students, students who are on their caseloads, and those who are identified by staff as demonstrating need. When connecting with students, staff are directed to begin each conversation by identifying the location of the student and the availability of parents or caregivers. This practice allows for the staff member to ensure the safety of the student, particularly if they have expressed suicidal thoughts.

Parents, Guardians, and Caregivers Notification, Participation and Education

1. CalOPS includes parents/guardians/caregivers in suicide prevention efforts. At a minimum, the Charter School shall share this Policy with parents/guardians/caregivers by notifying them where a complete copy of the policy is available.
2. This Suicide Prevention Policy shall be easily accessible and prominently displayed on the CalOPS Web page and included in the Student and Family Policy Catalog. Parents/guardians/caregivers are invited to provide input on the development, review, and implementation of this policy.
3. CalOPS shall notify the parent/guardian/caregiver when a student has been screened or screened/assessed for suicide risk regardless of outcome
4. CalOPS shall establish and widely disseminate a referral process to all parents/guardians/caregivers/families, so they are aware of how to respond to a crisis and are knowledgeable about protocols and school, community-based, and crisis resources.
5. Community-based organizations that provide evidence-based suicide-specific treatments shall be highlighted on the Charter School's website with treatment referral options marked accordingly.
6. Staff autoreplies during vacations or absences shall include links to resources and phone/text numbers so parents and students have information readily available.
7. All parents/guardians/caregivers may have access to suicide prevention training that addresses the following:
    a. Suicide risk factors, warning signs, and protective factors.
    b. How to approach and talk with their child(ren) about thoughts of suicide.
    c. How to respond appropriately to the youth who has suicidal thoughts. Such responses shall include constant supervision of any child/youth judged to be at risk for suicide and referral for an immediate suicide risk assessment.
    d. Charter School's referral processes and how they or their children can reach out for help, etc.
8. Parent/guardians are provided with information on suicide prevention resources including crisis hotlines, local warmlines, and school and community-based supports and crisis resources including the National Suicide Prevention Lifeline, Crisis text line, and local crisis hotlines and includes information that hotlines/resources are not just for crisis but also for friends/family and referral.
9. Parents/guardians/caregivers are reminded that the Family Educational Rights and Privacy Act ("FERPA") generally protects the confidentiality of student records, which may sometimes include counseling or crisis intervention records. However, FERPA's health or safety emergency provision permits the disclosure of personally identifiable information from a student's education records, to appropriate parties, in order to address a health or safety emergency when the disclosure is necessary to protect the health or safety of the student or other individuals.

Student Participation and Education

Messaging about suicide has an effect on suicidal thinking and behaviors. Consequently, CalOPS along with its partners has carefully reviewed and will continue to review potential student curricula to ensure it includes information on recognizing and responding to signs and symptoms (within themselves and friends), learning coping skills, encourage help-seeking behavior and being knowledgeable of supports and resources.

Suicide prevention strategies may include, but not be limited to, efforts to promote a positive school climate that

enhances students' feelings of connectedness with CalOPS and is characterized by caring staff and harmonious interrelationships among students.

CalOPS's instructional and student support program shall promote the healthy mental, emotional, and social development of students including, but not limited to, the development of problem-solving skills, coping skills, and resilience. The instruction shall not use the stress model to explain suicide.

CalOPS provides instruction to middle and high school students on general mental health and suicide prevention. The Charter School's instructional curriculum, shall consider the grade level and age of the students and be delivered and discussed in a manner that is sensitive to the needs of young students. The instruction is provided under the supervision of Charter School employed mental health professionals, with input from county and community mental health agencies, and middle and high school students. The instruction is developmentally appropriate, student-centered, and includes:

1. Coping strategies for dealing with stress and trauma.
2. How to recognize behaviors (warning signs), protective factors, and life issues (risk factors) associated with suicide and mental health issues in oneself and others.
3. Help-seeking strategies for oneself and others, including how to engage school-based and community resources and refer peers for help.
4. Emphasis on reducing the stigma associated with mental illness and the fact that early prevention and intervention can drastically reduce the risk of suicide.
5. Guidance regarding the district's suicide prevention, intervention, and referral procedures.

Student-focused suicide prevention education can be incorporated into classroom curricula (e.g., health classes, orientation classes, science, and physical education). CalOPS maintains a list of current student trainings, which is available upon request.

CalOPS has shared school-based supports and self-reporting procedures, so students are able to seek help if they are experiencing thoughts of suicide or if they recognize signs with peers. Although confidentiality and privacy are important, students should understand safety is a priority and if there is a risk of suicide, school staff are required to report. Charter-based mental health professionals are legally and ethically required to report suicide risk. **When reporting suicidal ideation or an attempt, school staff must maintain confidentiality and only share information limited to the risk or attempt**.

CalOPS supports the creation and implementation of programs and/or activities on campus that increase awareness about mental wellness and suicide prevention (e.g., Mental Health Awareness Weeks, Peer Counseling Programs, Freshman Success, and National Alliance on Mental Illness on Campus High School Clubs).

Charter School will include the following information on all student identification cards:

- National Suicide Prevention Lifeline/Suicide Crisis Lifeline:
  - Call or Text "988"
  - Call 1-800-273-8255
  - 988lifeline.org
- National Domestic Violence Hotline: Call 1-800-799-7233
- Crisis Text Line: Text "HOME" to 741741
- Teen Line: Text "TEEN" to 839863
- Trevor Project: Text "START" to 678678
- Trans Lifeline: 1-877-565-8860

CalOPS shall establish and widely disseminate a referral process to all students, so they know how to access support through school, community-based, and crisis services. Students shall be encouraged to notify a staff member when they are experiencing emotional distress or suicidal ideation, or when they have knowledge or concerns of another student's emotional distress, suicidal ideation, or attempt.

Intervention and Emergency Procedures

Whenever a staff member suspects or has knowledge of a student's suicidal intentions, they shall promptly notify the primary designated suicide prevention liaison. If this primary suicide prevention liaison is unavailable, the staff shall promptly notify the secondary suicide prevention liaison.

The suicide prevention liaison shall immediately notify the Principal or designee, who shall then collaborate with the liaison and school counseling team to notify the student's parent/guardian as soon as possible if appropriate and in the best interest of the student. Determination of notification to parents/guardians/caregivers should follow a formal initial assessment to ensure that the student is not endangered by parental notification.

The suicide prevention liaison shall also refer the student to mental health resources at CalOPS or in the community.

Action Plan for Suicide Attempts During Virtual School Activities

CalOPS shall implement the following response protocol for suicide attempts during virtual school activities (such as student phone calls, live class, or concerning messaging in a student assignment).

Follow up with the parent/guardian and student in a timely manner to provide referrals to appropriate services as needed and coordinate and consult with the county mental health plan if a referral is made for mental health or related services on behalf of a student who is a Medi-Cal beneficiary. **Determination of notification to parents/guardians/caregivers should follow a formal initial assessment to ensure that the student is not endangered by parental notification.**After a referral is made, CalOPS shall verify with the parent/guardian that the follow up treatment has been accessed. Parents/guardians will be required to provide documentation of care for the student. If parents/guardians refuse or neglect to access treatment for a student who has been identified to be at risk for suicide or in emotional distress, the suicide prevention liaisons shall meet with the parent to identify barriers to treatment (e.g., cultural stigma, financial issues) and work to rectify the situation and build understanding of the importance of care. If follow up care is still not provided, CalOPS should consider contacting Child Protective Services to report neglect of youth.rovide access to counselors or other appropriate personnel to listen to and support students and staff who are directly or indirectly involved with the incident at CalOPS.Provide an opportunity for all who respond to the incident to debrief, evaluate the effectiveness of the strategies used, and make recommendations for future actions.

Students shall be encouraged through the education program and in CalOPS activities to notify a teacher, the Superintendent, another CalOPS administrator, psychologist, CalOPS counselor, social worker, suicide prevention liaisons, or other adult when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions. CalOPS shall implement the following steps during or after a crisis:

5. Explain calmly and get the student to a skilled mental health professional or designated staff to further support the student.
6. Keep close contact with the parents/guardians/caregivers/families and mental health professionals working with the student.

Re-Entry to School After a Suicide Attempt

A student who has verbalized ideation or attempted suicide is at a higher risk for suicide in the months following the crisis. Having a streamlined and well-planned re-entry process ensures the safety and wellbeing of students who have previously attempted suicide and reduces the risk of another attempt. An appropriate re-entry process is an important component of suicide prevention. Involving students in planning for their return to school provides them with a sense of control, personal responsibility, and empowerment.

CalOPS shall implement the following steps upon the student's re-entry:

1. The suicide prevention liaison shall obtain a written release of information signed by parents/guardians/caregivers/families and providers, if applicable.
2. School mental health professionals shall confer with the student and parents/guardians/caregivers/families about any specific requests on how to handle the situation.
3. School-based mental health professionals shall confer with the student and parents/guardians/caregivers/families to develop a safety plan.
4. School- based mental health professionals shall inform the student's teachers about possible days of absences.

Messaging About Suicide Prevention

CalOPS along with its partners shall:

1. Thoroughly and regularly review with its partners, all materials and resources used in awareness efforts to ensure they align with best practices for safe and effective messaging about suicide.
2. Ensure that all communications, documents, materials related to messaging about suicide focus on warning signs as well as risk, prevention, and protective factors, avoid discussing details about methods of

suicide, avoid oversimplifying (i.e. identifying singular cause of suicide), avoid sensational language, and only includes clear, respectful, people-first language that encourages an environment free of stigma. As part of safe messaging for suicide, we use specific terminology when referring to actions related to suicide or suicidal behavior:

Use	Do Not Use
"Died by suicide" **or** **"Took their own life"**	**"Committed suicide"** **Note:** Use of the word "commit" can imply crime/sin
"Attempted suicide"	**"Successful" or "unsuccessful"** **Note:** There is no success, or lack of success, when dealing with suicide

3. Provide suicide prevention resources in Student and Family Policy Catalog and on school-issued identification cards for staff and students, on school websites, and during any mental health or suicide prevention skill-building activity for students or parents/families and professional development for staff.

Responding After a Suicide Death (Postvention)

A death by suicide in the school community (whether by a student or staff member) can have devastating consequences on the school community, including students and staff. CalOPS shall follow the below action plan for responding to a suicide death, which incorporates both immediate and long-term steps and objectives:

The suicide prevention liaison shall:

1. Coordinate with the Superintendent to conduct an initial meeting of the Suicide Prevention Crisis Team to:
    a. Confirm death and cause.
    b. Identify a staff member to contact deceased's family (within 24 hours).
    c. Enact the Suicide Postvention Response.
    d. Notify all staff members.
2. Coordinate an all-staff meeting, to include:
    a. Notification (if not already conducted) to staff about suicide death.
    b. Emotional support and resources available to staff.
    c. Notification to students about suicide death and the availability of support services (if this is the protocol that is decided by administration).
    d. Share information that is relevant and that which you have permission to disclose.
3. Prepare staff to respond to needs of students regarding the following:
    a. Review signs of emotional distress and suicide ideation.
    b. Review of protocols for referring students for support/assessment.
    c. Develop and provide supports to staff in responding to student reactions.
    d. Talking points for staff to notify students.
    e. Share school and community-based resources available to students (on and off campus).
4. Identify students significantly affected by suicide death and other students at risk of imitative behavior, and immediately refer them to a school-based mental health professional.
5. Identify students affected by suicide death but not at risk of imitative behavior.
6. Communicate with the larger school community about the suicide death and availability of support services. Staff shall not share explicit, graphic, or dramatic content, including the manner of death.

7. Consider, (in consultation with the family) funeral arrangements for family and school community.
    i. If possible, suggest the funeral occur outside of school hours.
    ii. Encourage parents/guardians of students to attend funeral/memorial with their children.
    iii. Request family approval to attend and staff a table for resources to be available at the funeral, if possible, to remind students and the community of available resources.
    iv. Offer a safe space on campus for students to utilize if needed before/after funeral or memorial service.
    v. Acknowledge there may be a high rate of absenteeism on the day of the funeral and school officials should make appropriate accommodations for staff and students to attend.
8. Respond to memorial requests in respectful and non-harmful manner; responses should be handled in a thoughtful way and their impact on other students should be considered.
9. Include long-term suicide postvention responses:
    a. Consider important dates (i.e., anniversary of death, deceased birthday, graduation, or other significant event) and how these will be addressed.
    b. Support siblings, close friends, teachers, and/or students of deceased.
    c. Consider long-term memorials and how they may impact students who are emotionally vulnerable and at risk of suicide.

Student & School Safety

Dangers of Synthetic Drugs-EC 48985.5

The illicit use and abuse of synthetic drugs represents an emerging and ongoing public health threat in California. The fentanyl crisis specifically, has impacted communities across the state, leading to a sharp increase in fentanyl poisonings and deaths in recent years.

This notice aims to address the crisis with a preventative approach ensuring students and families are educated on the deadly consequences of recreational drug use.

A synthetic drug is a drug with properties and effects similar to a known hallucinogen or narcotic but having a slightly altered chemical structure, especially such a drug created in order to evade existing restrictions against illegal substances.

Synthetic drugs include but are not limited to synthetic cannabinoids (“synthetic marijuana,” “spice,” “k2”), methamphetamines, bath salts, and fentanyl.

The California Department of Public Health (“CDPH”), has expounded on the extreme danger of drugs laced with fentanyl. Illicit fentanyl can be added to other drugs to make them cheaper, more powerful, and more addictive. Illicit fentanyl has been found in many drugs, including heroin, methamphetamine, counterfeit pills, and cocaine. Fentanyl mixed with any drug increases the likelihood of a fatal overdose. Furthermore, it is nearly impossible to tell if drugs have been laced with fentanyl without additional testing, because fentanyl cannot be seen, smelled, or tasted when used as a lacing agent. Social media platforms may be used as a way to market and sell synthetic drugs, such as fentanyl.

Additional information regarding fentanyl from the CDPH’s substance and addiction prevention branch can be found here.

Tobacco Free Schools-HSC 104420

Ample research has demonstrated the health hazards associated with the use of tobacco products, including smoking and the breathing of secondhand smoke. CalOPS provides instructional programs designed to discourage students from using tobacco products. The CalOPS Governing Board ("Board") recognizes that smoking and other uses of tobacco and nicotine products constitute a serious public health hazard and are inconsistent with the goals of all CalOPS to provide a healthy environment for students and staff.

In the best interest of students, employees, and the general public, the Board therefore prohibits the use of tobacco products at all times on CalOPS property and in CalOPS vehicles. This prohibition applies to all employees, students, visitors, and other persons at school or at a school-sponsored activity or athletic event. It applies to any meeting on any property owned, leased, or rented by or from CalOPS.

Smoking or use of any tobacco-related product or disposal of any tobacco-related waste is prohibited within 25 feet of any playground, except on a public sidewalk located within 25 feet of the playground. Smoking or use of any tobacco-related product is also prohibited within 250 feet of the youth sports event in the same park or facility where a youth sports event is taking place. In addition, any form of intimidation, threat, or retaliation against a person for attempting to enforce this policy is prohibited.

The Superintendent or designee shall inform students, parents/guardians, employees, and the public about this policy. All individuals on CalOPS premises share in the responsibility of adhering to this policy. Additionally, CalOPS will post signs stating "Tobacco use is prohibited" prominently at all entrances to school property.

Appropriate school officials will monitor CalOPS property and facilities for compliance with the Board Policy. The Superintendent shall develop and maintain procedures to resolve grievances that may result from alleged non-compliance.

School Safety Plan

California Online Public Schools is required to develop a school safety plan, which includes a comprehensive disaster preparedness plan. The school safety plan is shared annually and available online at californiaops.org.

Firearm Access Prevention-AB 452, EC 48986

The purpose of this notice is to inform and to remind parents and legal guardians of all students enrolled in California Online Public Schools of their responsibilities for keeping firearms out of the hands of children as required by California law. There have been many news reports of children bringing firearms to school. In many instances, the child obtained the firearm(s) from his or her home. **These incidents can be easily prevented by storing firearms in a safe and secure manner, including keeping them locked up when not in use and storing them separately from ammunition.**

To help everyone understand their legal responsibilities, this memorandum spells out California law regarding the storage of firearms. Please take some time to review this memorandum and evaluate your own personal practices to assure that you and your family are in compliance with California law.

- With very limited exceptions, California makes a person criminally liable for keeping any firearm, loaded or unloaded, within any premises that are under their custody and control where that person knows or reasonably should know that a child is likely to gain access to the firearm without the permission of the child's parent or legal guardian, and the child obtains access to the firearm and thereby (1) causes death or injury to the child or any other person; (2) carries the firearm off the premises or to a public place,

including to any preschool or school grades kindergarten through twelfth grade, or to any school-sponsored event, activity, or performance; or (3) unlawfully brandishes the firearm to others[4]

  - The criminal penalty may be significantly greater if someone dies or suffers great bodily injury as a result of the child gaining access to the firearm.

- With very limited exceptions, California also makes it a crime for a person to negligently store or leave any firearm, loaded or unloaded, on their premises in a location where the person knows or reasonably should know that a child is likely to gain access to it without the permission of the child's parent or legal guardian, unless reasonable action is taken to secure the firearm against access by the child, even where a minor never actually accesses the firearm.[5]
- In addition to potential fines and terms of imprisonment, as of January 1, 2020, a gun owner found criminally liable under these California laws faces prohibitions from possessing, controlling, owning, receiving, or purchasing a firearm for 10 years.[6]
- Finally, a parent or guardian may also be civilly liable for damages resulting from the discharge of a firearm by that person's child or ward.[7]

The county or city may have additional restrictions regarding the safe storage of firearms. Thank you for helping to keep our children and schools safe. Remember that the easiest and safest way to comply with the law is to keep firearms in a locked container or secured with a locking device that renders the firearm inoperable.

Human Trafficking Prevention-EC 49381

California has the highest number of incidents of human trafficking in the U.S., and all students may be vulnerable. CalOPS believes it is a priority to inform our students about (1) prevalence, nature of and strategies to reduce the risk of human trafficking, techniques to set healthy boundaries, and how to safely seek assistance, and (2) how social media and mobile device applications are used for human trafficking.

In accordance with the California Healthy Youth Act, the School will provide age-appropriate instruction on the prevention of human trafficking, including sexual abuse, assault, and harassment. You have the right to excuse your child from all or part of the instruction on the prevention of human trafficking. An opt-out form is available by request at **californiaops.org** for your convenience. Your consent for this instruction is NOT required. If we do not receive a written request to excuse your child, your child will be included in the instruction.

Information and materials for parents/guardians about the curriculum and resources on prevention of human trafficking and abuse, including sexual abuse, assault, and harassment are available on the CalOPS website for your review.

Adult-Student Interactions Policy-EC 44050

This policy applies to all CalOPS employees, volunteers, contractors, and governing Board ("Board") members[8] (collectively referred to as "adults" herein).

[4] See California Penal Code sections 25100 through 25125 and 25200 through 25220.
[5] See California Penal Code section 25100l.
[6] See California Civil Code Section 29805.
[7] See California Civil Code Section 1714.3.
[8] This policy does not apply to student board members under Education Code 47604.2, or otherwise.

CalOPS recognizes its responsibility to make and enforce all rules and regulations governing student and adult behavior to bring about the safest and most learning-conducive environment possible. This policy is available on CalOPS' website at this link.

Corporal Punishment

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an individual's use of force that is reasonable and necessary to protect the individual, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School employees, volunteers, contractors, and Board members:

A. Examples of PERMITTED actions (NOT corporal punishment)

1. Stopping a student from fighting with another student;
2. Preventing a pupil from committing an act of vandalism;
3. Defending yourself from physical injury or assault by a student;

Acceptable and Unacceptable Adult/Student Behavior

This policy is intended to guide all adults in conducting themselves in a way that reflects the high standards of behavior and professionalism required of them and to specify the boundaries between such adults and students.

Although this policy gives specific, clear direction, it is each adult's obligation to avoid situations that could prompt suspicion by parents/guardians, students, colleagues, or School leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by an adult while interacting with a student, whether during school hours or outside of school hours, including through social media platforms, text messaging, and other forms of communication that do not otherwise include a student's parent/guardian. Trespassing the boundaries of an adult/student relationship is deemed an abuse of power and a betrayal of public trust.

Professional boundaries apply not only between students and staff, volunteers, and contractors, and Board members, but also among and between students, and among and between adults employed, volunteering, or under contract with the School. All members of the School community are expected to maintain professional conduct that models appropriate behavior and fosters a safe and respectful learning environment. Additionally, all facilities/areas under School control shall be effectively supervised to promote a safe environment for students and individuals performing services on behalf of the School.

Some activities may seem innocent from an adult's perspective, but can be perceived as flirtation or sexual insinuation from a student's or parent/guardian's point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between adults and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Adults must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all adults learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with students certainly fosters learning, adult/student interactions must have boundaries surrounding potential activities, locations and intentions.

Adults in positions of supervisory authority shall not use that authority to coerce, manipulate, or exploit other adults in the School community. Conduct among adults that creates a hostile work environment, involves sexual harassment, or otherwise violates applicable law or School policy is prohibited and must be reported consistent with the School's applicable reporting procedures. School leadership is responsible for modeling appropriate professional relationships and for addressing complaints of adult-to-adult misconduct promptly and consistently.

MANDATED REPORTING OBLIGATIONS

All of the following persons associated with the School are mandated reporters of known or reasonably suspected child abuse or neglect:

- All employees, regardless of role or frequency of student contact.
- All contractors whose duties require contact with or supervision of students.

- All board members.
- All volunteers who interact with students outside of the immediate supervision and control of the student's parent or guardian or a School employee.

A mandated reporter is not required to investigate, confirm, or seek corroboration before making a report. The obligation to report arises from reasonable suspicion, not certainty. Each mandated reporter has an independent, personal obligation to make a report to a child protective agency or law enforcement when that individual knows of or reasonably suspects that a child has been the victim of abuse or neglect.

Reports must be made immediately or as soon as practically possible by phone, and a written follow-up report must be submitted within 36 hours. While internal reporting to a supervisor or administrator is encouraged for operational awareness, the duty to report is not discharged by notifying a supervisor or by assuming that another person has made the report. No administrator may impede or inhibit a mandated reporter from filing a report.

Failure to make a required report is a misdemeanor under California law and may result in disciplinary action up to and including termination.

ANNUAL TRAINING REQUIREMENTS

The School shall provide annual training to all employees, contractors, board members, and volunteers on the following topics:

- Mandated reporting requirements under the California Child Abuse and Neglect Reporting Act, including which persons are mandated reporters, what must be reported, how to make a report, and the legal consequences of failing to report.

Records

Military Service Release of Information & Directory Information Notice-34 CFR § 99.37, 20 USC 7908

California Online Public Schools, upon request, provides to military recruiters and institutions of higher education, its students' names, addresses, and telephone numbers, unless the student's parent/guardian has submitted that prior consent is required for such disclosures. To require prior written consent for disclosure to military recruiters and institutions of higher education, please provide such a request to the School in writing to records@californiaops.org.

Student Records Notification including Directory Information and CCGI Notice-FEPRA, EC 49076, EC 49077, EC 60900.5

The School may provide a student's educational records to third parties in certain situations listed under FERPA. Examples include the transfer of educational records to the student's new school upon request from the new school, and the provision of educational records to school officials who possess a 'legitimate educational interest' in the student's records, and the provision of educational records to contracted parties providing special education related services. For more information on exceptions to the prior written consent rule, see the Student and Family Policy Catalog.

The Family Educational Rights and Privacy Act ("FERPA") affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within five (5) business days after the day the School receives a request for access. Parents or eligible students should submit to the School Superintendent or designee a written request that identifies the records they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the School to amend a record should write the School's Superintendent or designee, clearly identify the part of the record they want changed and specify why it should be changed. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing. If the School decides to amend the record as requested by the parent or eligible student, the Superintendent must order the correction or the removal and destruction of the information and inform the parent or eligible student of the amendment in writing.

3. The right to provide written consent before the School discloses personally identifiable information ("PII") from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to School officials with legitimate educational interests. A School official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the School's Board of Directors. A School official also may include a volunteer, consultant, vendor, or contractor outside of the School who performs an institutional service or function for which the School would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist, or contracted provider of digital educational platforms and/or services; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another School official in performing their tasks. A School official has a legitimate educational interest if the official needs to review an education record in order to fulfill their professional responsibility.

Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled, if the disclosure is for purposes of the student's enrollment or transfer.

Note that California Online Public Schools will not release information to third parties for immigration-enforcement purposes, except as required by law or court order.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

   Student Privacy Policy Office
   U.S. Department of Education
   400 Maryland Avenue, SW
   Washington, DC 20202

5. The right to request that the School not release student names, addresses and telephone listings to military recruiters or institutions of higher education without prior written parental consent.

FERPA permits the disclosure of PII from student's education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to School officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, §99.32 of the FERPA regulations requires the School to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. A School may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student to the following parties:

1. School officials who have a legitimate educational interest as defined by 34 C.F.R. Part 99;
2. Other schools to which a student seeks or intends to enroll so long as the disclosure is for purposes related to the student's enrollment or transfer. When a student transfers schools, the School will mail the original or a copy of a student's cumulative file to the receiving district or private school within ten (10) school days following the date the request is received from the public school or private school where the student intends to enroll. School will make a reasonable attempt to notify the parent or eligible student of the request for records at the parent's or eligible student's last known address, unless the disclosure is initiated by the parent or eligible student. Additionally, School will give the parent or eligible student, upon request, a copy of the record that was disclosed and give the parent or eligible student, upon request, an opportunity for hearing;

3. Certain government officials listed in 20 U.S.C. § 1232g(b)(1) in order to carry out lawful functions;
4. Appropriate parties in connection with a student's application for, or receipt of, financial aid if it is necessary to determine eligibility, amount of aid, conditions for aid or enforcing the terms and conditions of the aid;
5. Organizations conducting certain studies for the School in accordance with 20 U.S.C. § 1232g(b)(1)(F);
6. Accrediting organizations in order to carry out their accrediting functions;
7. Parents of a dependent student as defined in section **152 of the Internal Revenue Code** of 1986;
8. Individuals or entities, in compliance with a judicial order or lawfully issued subpoena. Subject to the exceptions found in 34 C.F.R. § 99.31(a)(9)(i), reasonable effort must be made to notify the parent or eligible student of the order or subpoena in advance of compliance, so that the parent or eligible student may seek a protective order;
9. Persons who need to know in cases of health and safety emergencies;
10. State and local authorities, within a juvenile justice system, pursuant to specific State law;
11. A foster family agency with jurisdiction over a currently enrolled or former student, a short-term residential treatment program staff responsible for the education or case management of a student, and a caregiver (regardless of whether the caregiver has been appointed as the student's educational rights holder) who has direct responsibility for the care of the student, including a certified or licensed foster parent, an approved relative or nonrelated extended family member, or a resource family, may access the current or most recent records of grades, transcripts, attendance, discipline, and online communication on platforms established by School for student and parents, and any individualized education program ("IEP") or Section 504 plan that may have been developed or maintained by School; and/or
12. A victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense. The disclosure may only include the final results of the disciplinary proceedings conducted by the School with respect to that alleged crime or offense. School discloses the final results of the disciplinary proceeding regardless of whether the School concluded a violation was committed.

"Directory Information" is information that is generally not considered harmful or an invasion of privacy if released. If you do not want the School to disclose directory information from your child's education records without your prior written consent, you must notify the School in writing at the time of enrollment or re-enrollment. Please notify our records team at: **records@californiaops.org**. A copy of the complete Policy is available upon request.

Charter School shall not release directory information regarding a student identified as a homeless child or youth under the McKinney Vento Homeless Assistance Act in the absence of parent, guardian, or eligible student's written consent, except as follows:

Engagement & Performance

Parent & Family Engagement Policy & Compact Availability-EC Section 11503; 20 USC Section § 6318[b][1-4]

CalOPS aims to provide all students in our school significant opportunities to receive a fair, equitable, and high-quality education, and to close educational achievement gaps while abiding by guidelines within the Elementary and Secondary Education Act ("ESEA"). The Charter School staff recognizes a partnership with families is essential to meet this goal. Our Parent and Family Engagement Policy leverages and promotes active involvement of all families as partners with schools to ensure student success. A copy of the Charter School's complete Policy is available below, on the school website at **www.californiaops.org**, and upon request in the main office.

[10] CCGI is an authorized provider of an institutional service to all California local educational agencies and part of the state's efforts to make college-going a more streamlined experience for students. The CCGI currently receives enrollment data for all public-school students enrolled in grades six through twelve from the California Department of Education ("CDE").

School Accountability Report Card (SARC)-EC 35256, EC 35258

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

To gain access to your schools SARC, please visit our school website at: **californiaops.org**

For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at **www.cde.ca.gov**.

For more information about the LCFF or LCAP, see the CDE LCFF Web page at **www.cde.ca.gov**.

CalOPS acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes but is not limited to keeping the identity of the reporter and other personally identifiable information confidential, as appropriate, except to the extent necessary to comply with the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or designee on a case-by-case basis.

Retaliation

CalOPS prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual.

Response to Sexual Harassment

CalOPS will respond promptly and in a manner that is not deliberately indifferent when it has actual knowledge, as defined in 34 C.F.R. § 106.30(a), of sexual harassment occurring in its education program or activity against a person in the United States.

CalOPS's response will treat complainants and respondents equitably by offering supportive measures to a complainant, and by following the grievance procedures for formal complaints of sexual harassment that are listed below before imposing any disciplinary sanctions or other actions that are not supportive measures on a respondent for sexual harassment under Title IX.

Supportive Measures

Once notified of sexual harassment or allegations of sexual harassment occurring in CalOPS's education program or activity against a person in the United States, the Coordinator will promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint of sexual harassment.

Supportive measures may include but are not limited to: counseling; extensions of deadlines or other course-related adjustments; modifications of work or class schedules; mutual restrictions on contact between the parties; changes in work or on-campus housing locations; leaves of absence; increased security and monitoring of certain areas of the campus; and other similar measures.

Supportive measures will not unreasonably burden either party or be imposed for punitive or disciplinary reasons. CalOPS will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair CalOPS's ability to provide the supportive measures. The Coordinator is responsible for coordinating the effective implementation of supportive measures.

Grievance Procedures

Scope and General Requirements

CalOPS has adopted and published grievance procedures that provide for the prompt and equitable resolution of student and employee complaints alleging any action that would be prohibited under Title IX and a grievance process that complies with 34 C.F.R. § 106.45 for formal complaints of sexual harassment.

Complaints of misconduct prohibited by this Policy that do not constitute a formal complaint of sexual harassment will be addressed in accordance with CalOPS's Uniform Complaint Procedures, its employment discrimination complaint procedures, or the grievance procedures set forth in its Harassment, Intimidation, Discrimination, and Bullying Policy, as applicable. The following grievance procedures will apply to formal complaints of sexual harassment.

Upon receipt of a formal complaint of sexual harassment, the Coordinator or designee will promptly initiate these grievance procedures, or the informal resolution process if available, appropriate, and requested by all parties.

CalOPS requires that any Title IX Coordinator, investigator, decisionmaker, and any person designated by CalOPS to facilitate an informal resolution process not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

CalOPS will treat complainants and respondents equitably. CalOPS presumes that the respondent is not responsible for the alleged sexual harassment until a determination is made at the conclusion of its grievance procedures.

CalOPS may consolidate formal complaints of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against another party, where the allegations of sexual harassment arise out of the same facts or circumstances.

CalOPS allows for the temporary delay of the grievance process or limited extension of timeframes on a case-by-case basis for good cause. Requests for extensions must be submitted to the Coordinator in writing at least one (1) business day before the expiration of the timeframe. If the grievance process is temporarily delayed or a timeframe is temporarily extended by CalOPS, the Coordinator or designee will notify the parties of the reason for the delay or extension in writing.

CalOPS will objectively evaluate all evidence that is relevant and not otherwise impermissible, including both inculpatory and exculpatory evidence.[12] Credibility determinations will not be based on a person's status as a complainant, respondent, or witness.

Dismissal

CalOPS must dismiss a formal complaint of sexual harassment for purposes of sexual harassment under Title IX if the conduct alleged:

- Would not constitute sexual harassment under Title IX even if proved;
- Did not occur in CalOPS's education program or activity; or
- Did not occur against a person in the United States.

CalOPS may dismiss a formal complaint of sexual harassment or any of the allegations therein if:

- The respondent is no longer enrolled or employed by CalOPS;
- A complainant notifies the Coordinator in writing that the complainant would like to withdraw the complaint or any allegations therein; or
- Specific circumstances prevent CalOPS from gathering sufficient evidence to reach a determination as to the complaint or allegations therein.

Upon dismissal, the Coordinator or designee will promptly send written notice of the dismissal and reason(s) therefor simultaneously to the parties. Dismissal under Title IX does not preclude action under another applicable CalOPS policy.

[12] Inculpatory means tending to impute guilt or fault, and exculpatory means tending to absolve from guilt or fault.

Notice of the Allegations

Upon receipt of a formal complaint of sexual harassment, the Coordinator or designee will provide written notice of the allegations to the parties whose identities are known. The notice will include:

- CalOPS's grievance procedures and any informal resolution process;
- The allegations of sexual harassment including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details includes the identities of the parties involved in the incident(s), if known, the conduct allegedly constituting sexual harassment under Title IX, and the date(s) and location(s) of the alleged incident(s), if known;
- A statement that the respondent is presumed not responsible for the alleged conduct and a determination regarding responsibility is made at the conclusion of the grievance process;
- A statement that the parties may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence; and
- A statement that CalOPS prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

Emergency Removal

CalOPS may place a non-student employee respondent on administrative leave during the pendency of the grievance procedures in accordance with CalOPS's policies.

CalOPS may remove a respondent from CalOPS's education program or activity on an emergency basis, in accordance with CalOPS's policies, provided that CalOPS undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any person arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

This provision must not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

Informal Resolution

At any time after a formal complaint of sexual harassment is filed and prior to determining whether sexual harassment occurred under CalOPS's Title IX grievance procedures, CalOPS may offer an informal resolution process to the parties. CalOPS will not offer or facilitate informal resolution to resolve allegations that an employee sexually harassed a student, or when such a process would conflict with Federal, State, or local law. Parties will not be required or pressured to agree to participate in the informal resolution process.

Before initiation of the informal resolution process, CalOPS will obtain the parties' voluntary, written consent to participate in the informal resolution and provide the parties with a written notice that explains:

- The allegations;
- The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint of sexual harassment arising from the same allegations;
- The right to withdraw and initiate or resume the grievance procedures at any time prior to agreeing to a resolution; and
- Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

Investigation

In most cases, a thorough investigation will take no more than thirty (30) business days. CalOPS has the burden to conduct an investigation that gathers sufficient evidence to determine whether sexual harassment occurred. The investigator will review all evidence gathered through the investigation and determine what evidence is relevant and what evidence is impermissible regardless of relevance in accordance with Title IX.

The following types of evidence, and questions seeking that evidence, are impermissible (i.e., will not be used, accessed, considered, or disclosed), regardless of whether they are relevant:

- A party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless CalOPS obtains that party's voluntary, written consent to do so for these grievance procedures; and
- Evidence about the complainant's sexual predisposition or prior sexual behavior, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

The parties will be provided with an equal opportunity to present witnesses, to inspect and review any evidence obtained that is directly related to the allegations raised, and to have an advisor present during any investigative meeting or interview. The parties will not be prohibited from discussing the allegations under investigation or from gathering and presenting relevant evidence. A party whose participation is invited or expected at an investigative meeting or interview will receive written notice of the date, time, location, participants, and purpose of the meeting or interview with sufficient time for the party to prepare to participate.

Before the investigator completes the investigative report, CalOPS will send to each party and the party's advisor, if any, a copy of the evidence subject to inspection and review, and the parties will have at least ten (10) days to submit a written response for the investigator to consider prior to completing the investigation report.

The investigator will complete an investigation report that fairly summarizes relevant evidence and send a copy of the report to each party and the party's advisor, if any, at least ten (10) days prior to the determination of responsibility.

Determination of Responsibility

Before making a determination of responsibility, the decisionmaker must afford each party the opportunity to submit written, relevant questions that a party wants to ask of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. The decisionmaker must explain to the party proposing the questions any decision to exclude a question as not relevant.

Determinations will be based on an objective evaluation of all relevant and not otherwise impermissible evidence and credibility determinations will not be based on a person's status as a complainant, respondent, or witness. The standard of evidence used to determine responsibility is the preponderance of the evidence standard.

Within twenty (20) business days after CalOPS sends the investigation report to the parties, the decisionmaker, who will not be the same person as the Coordinator or investigator, will simultaneously send the parties a written determination of whether sexual harassment occurred. The written determination will include:

- The allegations of sexual harassment;
- A description of the procedural steps taken including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
- The findings of facts supporting the determination;
- The conclusions regarding the application of CalOPS's code of conduct to the facts;
- The decision and rationale for each allegation;
- Any recommended disciplinary sanctions for the respondent, and whether remedies designed to restore or preserve equal access to the education program or activity will be provided to the complainant; and
- The procedures and permissible bases for appeals.

The determination regarding responsibility becomes final either on the date that CalOPS provides the parties with the written appeal decision, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Appeals

Either party may, within five (5) business days of their receipt of CalOPS's written determination of responsibility or dismissal of a formal complaint of sexual harassment, submit a written appeal to the Chair of the CalOPS Board, who will serve as the decisionmaker for the appeal or designate a decisionmaker for the appeal.

The complainant and respondent may only appeal from a determination regarding responsibility or CalOPS's dismissal of a formal complaint of sexual harassment or any allegations therein, on one or more of the following bases:

- Procedural irregularity that affected the outcome of the matter;
- New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; or
- The Coordinator, investigator(s), or decisionmaker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

The decisionmaker for the appeal will not be the same person as the Coordinator, the investigator or the initial decisionmaker.

The decisionmaker for the appeal will: 1) notify the other party of the appeal in writing; 2) implement appeal procedures equally for the parties; 3) allow the parties to submit a written statement in support of, or challenging, the outcome within five (5) business days of notice of the appeal; and 4) within fifteen (15) business days of the appeal, provide a written decision simultaneously to the parties describing the result of the appeal and the rationale for the result.

Consequences

Students or employees who engage in misconduct prohibited by this Policy, knowingly make false statements or knowingly submit false information during the grievance process, may be subject to disciplinary action up to and including expulsion from CalOPS or termination of employment. If there is a determination that sexual harassment occurred, the Coordinator is responsible for effective implementation of any remedies ordered by CalOPS.

Training

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All Title IX Coordinators, investigators, decisionmakers, and any person who facilitates a Title IX informal resolution process will receive Title IX training and/or instruction concerning sexual harassment as required by law.

Recordkeeping

- The records below will be maintained in a secure location until destroyed in accordance with applicable laws and regulations. Records of each sexual harassment investigation, including any determination of responsibility; any audio or audiovisual recording or transcript; any disciplinary sanctions imposed on the respondent; and any remedies provided to the complainant;
- Records of any appeal of a formal complaint or sexual harassment and the results of that appeal;
- Records of any informal resolution of a formal complaint or sexual harassment and the results of that informal resolution;
- All materials used to train Title IX Coordinators, investigators, decisionmakers, and any person who facilitates an informal resolution process; and

- Records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment.

The above records will be maintained in a secure location until destroyed in accordance with applicable laws and regulations.

We are primarily responsible for compliance with federal and state laws and regulations, including those related to discrimination, harassment, intimidation, or bullying against any protected group, and all programs and activities that are subject to the UCP. The Charter School shall investigate and seek to resolve complaints using policies and procedures known as the Uniform Complaint Procedure ("UCP") adopted by our Governing Board for the following types of complaints:

1. Complaints alleging unlawful discrimination, harassment, intimidation, or bullying against any protected group on the basis of the actual or perceived characteristics of age, ancestry, color, mental disability, physical disability, ethnic group identification, immigration status, citizenship, gender expression, gender identity, gender, genetic information, nationality, national origin, race or ethnicity, religion, medical condition, marital status, sex, or sexual orientation, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics in any Charter School program or activity. Unlawful discrimination includes, but is not limited to, noncompliance with Education Code section 243(a) or 244(a).

    - A fee charged to a pupil as a condition for registering for school or classes, or as a condition for participation in a class or an extracurricular activity, regardless of whether the class or activity is elective or compulsory or is for credit.
    - A security deposit, or other payment, that a pupil is required to make to obtain a lock, locker, book, class apparatus, musical instrument, clothes, or other materials or equipment.
    - A purchase that a pupil is required to make to obtain materials, supplies, equipment, or clothes associated with an educational activity.

Complaints of noncompliance with laws relating to pupil fees may be filed with the Superintendent or the Compliance Officer identified below.

4. Complaints alleging noncompliance with the requirements governing the Local Control Funding Formula ("LCFF") or Local Control and Accountability Plans ("LCAP") under Education Code sections 47606.5 and 47607.3, as applicable. If the Charter School adopts a School Plan for Student Achievement ("SPSA") in addition to its LCAP, complaints of noncompliance with the requirements of the SPSA under Education Code sections 64000, 64001, 65000, and 65001 shall also fall under the UCP.

Complaints alleging noncompliance regarding child nutrition programs established pursuant to Education Code sections 49490-49590 are governed by Title 7, Code of Federal Regulations ("C.F.R.") sections 210.19(a)(4), 215.1(a), 220.13(c), 225.11(b), 226.6(n), and 250.15(d) and Title 5, California Code of Regulations ("C.C.R.") sections 15580 - 15584.

Contact Information

Complaints other than complaints relating to pupil fees must be filed in writing with the following Compliance Officer:

Dr. Richard Savage, Co-Superintendent
c/o California Online Public Schools
33272 Valle Rd.
San Juan Capistrano, CA 92675
(800) 906-5166

Only complaints regarding pupil fees, LCAP, or noncompliance with Education Code section 243 or 244 may be filed anonymously and only if the anonymous complainant provides evidence or information leading to evidence to support an allegation of noncompliance with the respective applicable laws.

Complaints alleging unlawful discrimination, harassment, intimidation, or bullying, must be filed within six (6) months from the date the alleged discrimination, harassment, intimidation, or bullying, occurred or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation, or bullying. All other complaints under the UCP shall be filed not later than one (1) year from the date the alleged violation occurred. For complaints relating to the LCAP, the date of the alleged violation is the date on which the Charter School's Board of Directors approved the LCAP or the annual update was adopted by the Charter School.

The Compliance Officer responsible for investigating the complaint shall conduct and complete the investigation in accordance with California regulations and the Charter School's UCP Policy. The Compliance Officer shall provide the complainant with a final written investigation report ("Decision") within sixty (60) calendar days from the Charter School's receipt of the complaint. This sixty (60) calendar day time period may be extended by written agreement of the complainant.

The complainant has a right to appeal the Charter School's Decision to the California Department of Education ("CDE") by filing a written appeal within thirty (30) calendar days of the date of the Charter School's written Decision, except if the Charter School has used its UCP to address a complaint that is not subject to the UCP requirements. The appeal must include a copy of the complaint filed with the Charter School, a copy of the Charter School's Decision, and the complainant must specify and explain the basis for the appeal of the Decision, including at least one of the following:

1. The Charter School failed to follow its complaint procedures.

2. Relative to the allegations of the complaint, the Charter School's Decision lacks material findings of fact necessary to reach a conclusion of law.

3. The material findings of fact in the Charter School's Decision are not supported by substantial evidence.

4. The legal conclusion in the Charter School's Decision is inconsistent with the law.

5. In a case in which the Charter School's Decision found noncompliance, the corrective actions fail to provide a proper remedy.

A complainant who appeals the Charter School's Decision on a UCP complaint to the CDE shall receive a written appeal decision within sixty (60) calendar days of the CDE's receipt of the appeal, unless extended by written agreement with the complainant or the CDE documents exceptional circumstances and informs the complainant.

Within thirty (30) calendar days of the date of the CDE's appeal Decision pursuant to 5 C.C.R. section 4633(f)(2) or (3), either party may request reconsideration by the State Superintendent of Public Instruction ("SSPI") or the SSPI's designee. The request for reconsideration shall specify and explain the reason(s) for contesting the findings of fact, conclusions of law, or corrective actions in the CDE's appeal Decision.

If the Charter School fails to issue an investigation report within the required sixty (60) calendar day timeline, a party to a written complaint of prohibited discrimination may appeal directly to the SSPI. The complaint must provide evidence supporting the basis for direct filing and explain why immediate action is necessary.

Complaints alleging noncompliance with Education Code section 243 or 244 may be filed with the SSPI directly, and the SSPI may directly intervene without waiting for an investigation by the Charter School. The complainant shall present the SSPI with evidence that supports the basis for the direct filing and why immediate action is necessary.

If a UCP complaint is filed directly with the CDE and the CDE determines that it merits direct intervention, the CDE shall complete an investigation and provide a written decision to the complainant within sixty (60) calendar days of receipt of the complaint, unless the parties have agreed to extend the timeline or the CDE documents exceptional circumstances and informs the complainant.

If the Charter School finds merit in a UCP complaint, or the CDE finds merit in an appeal, the Charter School shall take corrective actions consistent with the requirements of existing law that will provide a remedy to the affected student and/or parent/guardian as applicable.

A complainant may pursue available civil law remedies outside of the Charter School's complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. Complainants alleging a violation of Education Code section 220, 243, 244, 51500, 51501, or 60044, may seek civil remedies after sixty (60) calendar days have elapsed from the filing of an appeal with the CDE. before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if the Charter School has appropriately, and in a timely manner, apprised the complainant of the complainant's right to file a complaint in accordance with 5 C.C.R. § 4622.

A copy of the UCP shall be available upon request free of charge in the main office. For further information on any part of the complaint procedures, including filing a complaint or requesting a copy of the UCP, please contact the office.

Expectations

Involuntary Removal Notice-EC § 47605.6

No student shall be involuntarily removed by California Online Public Schools for any reason unless the parent or guardian of the student has been provided written notice of intent to remove the student no less than ten (10) schooldays before the effective date of the action ("Involuntary Removal Notice"). The written notice shall be in the native language of the student or the student's parent or guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder. The Involuntary Removal Notice shall include the charges against the student and an explanation of the student's basic rights including the right to request a hearing before the effective date of the action. The hearing shall be consistent with the School's expulsion procedures. If the student's parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions or expulsions pursuant to the School's suspension and expulsion policy.

Upon parent/guardian request for a hearing, the School will provide notice of hearing consistent with its expulsion hearing process, through which the student has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the student has the right to bring legal counsel or an advocate. The notice of hearing shall be in the native language of the student or the student's parent or guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder and shall include a copy of the School's expulsion hearing process.

If the parent/guardian is nonresponsive to the Involuntary Removal Notice, the Student will be disenrolled as of the effective date set forth in the Involuntary Removal Notice. If parent/guardian requests a hearing and does not attend on the date scheduled for the hearing the Student will be disenrolled effective the date of the hearing.

If as a result of the hearing the student is disenrolled, notice will be sent to the student's last known district of residence within thirty (30) days.

A hearing decision not to disenroll the student does not prevent the School from making a similar recommendation in the future should student truancy continue or reoccur.

Lost or Damaged School Property

If a student willfully damages the Charter School's property or the personal property of a Charter School employee, or fails to return a textbook, library book, computer/tablet or other Charter School property that has been loaned to the student, the student's parents/guardians are liable for all damages caused by the student's misconduct not to exceed ten thousand dollars ($10,000), adjusted annually for inflation. After notifying the student's parent or guardian in writing of the student's alleged misconduct and affording the student due process, Charter School may withhold the student's grades, transcripts, and high diploma, if applicable, until the damages have been paid. If the student and the student's parent/guardian are unable to pay for the damages or to return the property, Charter School will provide a program of voluntary work for the minor in lieu of the payment of monetary damages.

Upon completion of the voluntary work, the student's grades, transcripts, and high school diploma, if applicable, will be released.

Suspension, Expulsion and Involuntary Removal Policies

The Suspension and Expulsion Procedures have been established in order to promote learning and protect the

safety and wellbeing of all students at the Charter School. Although charter schools are exempt from school district procedures and process for suspensions and expulsions, in creating these procedures, the Charter School has reviewed Education Code Section 48900 *et seq.* which describe the offenses for which students at non-charter schools may be suspended or expelled, and the procedures governing those suspensions and expulsions, in order to establish its list of offenses for suspensions and expulsions, and involuntary removal. The provisions that follow are largely consistent with the language of the Education Code with regard to suspension/expulsion triggering conduct. The Charter School will periodically review its policies and procedures surrounding suspensions, expulsions, and involuntary removals, and may modify of the lists of offenses for which students are subject to suspension, expulsion or involuntary removal, and the procedures associated therewith, so long as not materially different from the charter petition.

Similarly, the procedures for student suspension, expulsion, and involuntary removal, may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements.

Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This Policy and its Procedures will be distributed annually as part of the Annual Notification Packet which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of this Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians[13] are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students except when federal and state law requires additional or different procedures. CalOPS will follow all applicable federal and state laws including but not limited to the applicable provisions of the Education Code, when imposing any form of discipline on a student identified as an individual with disabilities, or for whom CalOPS has a basis of knowledge of a suspected disability, or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by CalOPS for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian and shall inform the student, and the student's parent/guardian of the basis for which the student is being involuntarily removed, and the student's parent/guardian's right to request a hearing to challenge the involuntary removal. If a student's parent, guardian requests a hearing, CalOPS shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily

[13] The Charter School shall ensure that a homeless child or youth's educational rights holder; a foster child or youth's educational rights holder, attorney, and county social worker; and an Indian child's tribal social worker and, if applicable, county social worker have the same rights as a parent or guardian to receive a suspension notice, expulsion notice, manifestation determination notice, involuntary transfer notice, involuntary removal notice, and other documents and related information. For purposes of this Policy and its Procedures, the term "parent/guardian" shall include these parties.

remove the student. If the student's parent/guardian requests a hearing, the student shall remain enrolled and shall not be removed until CalOPS issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons including, but not limited to, failure to comply with the terms of the student's independent study written agreement pursuant to Education Code Section 51747(g).

Procedures

Alternative Means of Correction

For a student facing discipline for a discretionary offense listed below, the Superintendent or designee may, whenever practicable, provide alternatives to suspension or expulsion. These alternatives shall use a research-based framework with age-appropriate strategies that improve behavioral and academic outcomes while addressing and correcting the student's specific misbehavior.

Charter School shall not suspend or expel any student based solely on the fact that they are truant, tardy, or otherwise absent from school activities. Violations of the Charter School's attendance expectations shall be addressed in accordance with Charter School Attendance and Unexcused Absence Policy and/or Independent Study Policy, as applicable.

Students may not be suspended or expelled for willful defiance or disruption. Alternatively, Charter School staff may refer a student who engages in willful defiance and/or disruption to the Principal or designee for appropriate and timely in-school interventions or supports. Within five (5) business days, the Superintendent or designee shall:

1) Document the actions taken and save the document to the student's record

C. Suspension Procedure

A student may be suspended by the Charter School Superintendent or designee. Suspensions shall be initiated according to the following procedures:

1. Conference

Suspension shall be preceded, if practicable, by a conference conducted by the Superintendent or designee with the student and the student's parent/guardian and, whenever practical, the teacher, supervisor or CalOPS employee who referred the student to the Superintendent or designee. The conference may be held in-person, telephonically, or via other electronic means.

The conference may be omitted if the Superintendent or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or CalOPS personnel. If a student is suspended without this conference, the student and student's parent/guardian shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against the student and shall be given the opportunity to recount their version of the incident and provide any evidence in their defense. This conference should be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. Penalties shall not be imposed on a student for failure of the student's parent or guardian to attend a conference. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent/guardian, at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, Superintendent or designee shall make a reasonable effort to contact the parent/guardian in person, by email, or by telephone. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension. This notice shall include:

a) the specific offense(s) committed by the student,
b) duration and dates of the suspension,
c) the date the student may return to school following the suspension, and
d) an explanation of the evidence that supports the charges.

If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the Superintendent or designee, the student and the student's parent/guardian will be invited to an in-person, telephonic, or virtual conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when CalOPS has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student and the student's parent/guardian, unless the student and the student's parent/guardian fail to attend the conference.

This determination will be made by the Superintendent or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. **Homework Assignments During Suspension**
   In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

   In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

D. Authority to Expel

A student may be recommended for expulsion by the Superintendent or designee. The procedures herein provide for such hearing and notice.

A student may be expelled either by the neutral and impartial CalOPS Board of Directors following a hearing before it or by the CalOPS Board of Directors upon the recommendation of an Administrative Panel selected by the Superintendent or designee. If an Administrative Panel conducts the hearing, it should. consist of at least three (3) members who do not have an instructional or supervisory relationship with the student and are not a member of the CalOPS School Board of Directors. Each entity shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

E. Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Superintendent or designee determines that the student has committed an expellable offense and recommends the student for expulsion. If postponed for good cause, the expulsion hearing may be extended an additional thirty (30) calendar days from the date of the original hearing, unless otherwise agreed upon in writing by the Superintendent or designee and student's parent/guardian.

In the event an Administrative Panel hears the case, it will make a recommendation to the Board for a final decision whether to expel. The hearing shall be held in a confidential setting (complying with all student confidentiality rules under the Family Educational Rights and Privacy Act ("FERPA").
Written notice of the hearing shall be forwarded to the student and the student's parent/guardian via email or other means at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served . The notice shall include:

2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of the CalOPS's disciplinary rules which relate to the alleged violation;
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at CalOPS to any other school district or school to which the student seeks enrollment;
5. An explanation of the opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;

6. An explanation of the right to inspect and obtain copies of all documents to be used at the hearing;
7. An explanation of the opportunity to confront and question all witnesses who testify at the hearing;
8. An explanation of the opportunity to present evidence on the student's behalf.

F. Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written record of the proceedings can be made.

G. Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Signed and dated written statements/declarations may be admitted as testimony.

H. Expulsion Decision

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board of Directors, which will make a final determination regarding the expulsion. The decision of the Board of Directors is final.

If the Administrative Panel decides not to recommend expulsion, or the Board of Directors ultimately decides not to expel, the student shall be returned to their previous educational program at the Charter School.

The Administrative Panel or Board of Directors may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's educational program at the Charter School under a probationary status and rehabilitation plan issued by the Administrative Panel. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Superintendent may revoke the suspension of an expulsion order if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Superintendent revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order.

I. Notice of Expulsion Decision

The Superintendent or designee, shall send written notice of the expulsion decision, including the Board of Directors' adopted findings of fact, to the student and student's parent/guardian within five (5) school days of the expulsion hearing.

This notice shall include the following:

a. The findings of fact, including the student's name, the specific offense(s) committed by the student, as well as the duration and term of the student's expulsion; and
b. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the Charter School.
c.

The Superintendent or designee shall send a copy of the written notice of the decision to expel to the chartering authority (if required), upon finality of the expulsion. This notice shall include the following: (a) The student's name; and (b) The specific expellable offense committed by the student.

In accordance with Education Code Section 47605(e)(3), the Charter School shall send notice of the expulsion to the student's district of residence within 30 calendar days.

J. **Disciplinary Records**

CalOPS shall maintain records of all student suspensions and expulsions at CalOPS. Such records shall be made available to the chartering authority upon request.

K. Appeals

There is no right to appeal an expulsion from CalOPS as the CalOPS Board of Directors' decision to expel is final.

L. Expelled Students/Alternative Education

Students who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. CalOPS shall work cooperatively with student and/or student's parent/guardian as requested or by the school district of residence to assist with locating alternative placements during expulsion.

M. Rehabilitation Plans

Students who are expelled from CalOPS shall be given a rehabilitation plan upon expulsion as developed by the Board of Directors at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the student may reapply to CalOPS for readmission.

N. Readmission or Admission of Previously Expelled Student

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board of Directors following a meeting with the Superintendent or designee and the student and student's parent/guardian to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The Superintendent or designee shall make a recommendation to the Board of Directors following the meeting regarding the Superintendent's or designee's determination. The Board shall then make a final decision regarding readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon CalOPS's capacity at the time the student seeks readmission or admission to CalOPS.

O. Notice to Teachers

CalOPS shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

P. Involuntary Removal for Unexcused Absences

In accordance with Education Code Section 51747, the Charter School will evaluate whether it is in the best interest of the student to remain in independent study if the student fails to complete the requisite number of assignments or make satisfactory educational progress as delineated in the student's independent study written agreement and Charter School's independent study policy. If the Charter School determines that it is not in the student's best interest to remain in independent study, the Charter School may involuntarily remove the student after providing notice and an opportunity for the parent/guardian to request a hearing prior to any involuntary removal. Students who are involuntarily removed for truancy will be given a rehabilitation plan and will be subject to the readmission procedures set forth herein.]

Q. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

The Administrative Panel or Board of Directors should avoid live testimony of student witnesses when practicable. The Administrative Panel or Board of Directors may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by Administrative Panel or the Board of Directors . Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

- **i.** The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to receive reasonable advance notice of their scheduled testimony; and have up to two adult support persons of their choosing present in the hearing at the time the complaining witness testifies, which may include a parent/guardian or legal counsel.
- **ii.** CalOPS will provide the complaining witness a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
- **iii.** At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which the complaining witness may leave the hearing room.
- **iv.** The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
- **v.** The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.
- **vi.** Prior to a complaining witness testifying, the support persons will be reminded that the hearing is confidential. The entity conducting the hearing may remove a support person whom the Administrative Panel or Board of Directors finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness to the witness stand.
- **vii.** If one or both of the support persons is also a witness, CalOPS must present evidence that the witness' presence is both desired by the witness and will be helpful to CalOPS. The entity presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official will remind the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising their discretion to remove a person from the hearing whom they believe is prompting, swaying, or influencing the witness.
- **viii.** The testimony of the support person should be presented before the testimony of the complaining witness when practicable, and the complaining witness shall be excluded from the hearing room during that testimony.
- **ix.** Especially for charges involving sexual assault or battery the complaining witness may have their testimony heard via alternative means that may include but are not limited to videotaped testimony or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
- **x.** Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness

shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

R. Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. Notification of SELPA

a. CalOPS shall immediately notify the SELPA (and/or the chartering authority if required) and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that CalOPS or the SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

a. Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

a. Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, CalOPS, the parent/guardian and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and

b. any relevant information provided by the parent/guardian to determine:

   i. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or

   ii. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If CalOPS , the parent/guardian and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If CalOPS, the parent/guardian, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

i. i. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;

ii. Ii. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and

iii. Return the child to the placement from which the child was removed, unless the parent/guardian and CalOPS agree to a change of placement as part of the modification of the behavioral intervention plan.

If the CalOPS, the parent/guardian, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then CalOPS may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Special Circumstances

CalOPS personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Superintendent or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 U.S.C. Section 930, to or at school, on school premises, or to or at a school function;
b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
c. Has inflicted serious bodily injury, as defined by 20 U.S.C. Section 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

5. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

6. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the CalOPS's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if CalOPS had knowledge that the student was disabled before the behavior occurred.

CalOPS shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to CalOPS supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
b. The parent/guardian has requested an evaluation of the child.
c. The child's teacher, or other CalOPS personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other CalOPS supervisory personnel.

If CalOPS knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If CalOPS had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. CalOPS shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by CalOPS pending the results of the evaluation.

CalOPS shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

California Online Public Schools non-profit Board of Directors operates the following charter schools to which this policy applies:
California Online Public Schools Central Coast
California Online Public Schools Central Valley
California Online Public Schools Monterey Bay
California Online Public Schools North Bay
California Online Public Schools Northern California
California Online Public Schools Southern California

Approved by CalOPS Board of Directors April 14, 2026
Updated September 1, 2026

This policy applies to all CalOPS employees, volunteers, contractors, and governing Board ("Board") members[1] (collectively referred to as "adults" herein).

CalOPS recognizes its responsibility to make and enforce all rules and regulations governing student and adult behavior to bring about the safest and most learning-conducive environment possible. This policy is available on CalOPS' website at this link.

Corporal Punishment

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an individual's use of force that is reasonable and necessary to protect the individual, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School employees, volunteers, contractors, and Board members:

A. Examples of permitted actions (i.e., not corporal punishment)

1. Stopping a student from fighting with another student;
2. Preventing a pupil from committing an act of vandalism;
3. Defending yourself from physical injury or assault by a student;
4. Forcing a pupil to give up a weapon or dangerous object;
5. Requiring a student on an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
6. Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

B. Examples of prohibited actions (i.e.,corporal punishment)

1. Hitting, shoving, pushing, or physically restraining a student as a means of control;

[1] This policy does not apply to student board members under Education Code 47604.2, or otherwise.

2. Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
3. Paddling, swatting, slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

Acceptable and Unacceptable Adult/Student Behavior

This policy is intended to guide all adults in conducting themselves in a way that reflects the high standards of behavior and professionalism required of them and to specify the boundaries between such adults and students.

Although this policy gives specific, clear direction, it is each adult's obligation to avoid situations that could prompt suspicion by parents/guardians, students, colleagues, or School leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by an adult while interacting with a student, whether during school hours or outside of school hours, including through social media platforms, text messaging, and other forms of communication that do not otherwise include a student's parent/guardian. Trespassing the boundaries of a student/adult relationship is deemed an abuse of power and a betrayal of public trust.

Professional boundaries apply not only between students and staff, volunteers, and contractors, and Board members, but also among and between students, and among and between adults employed, volunteering, or under contract with the School. All members of the School community are expected to maintain professional conduct that models appropriate behavior and fosters a safe and respectful learning environment. Additionally, all facilities/areas under School control shall be effectively supervised to promote a safe environment for students and individuals performing services on behalf of the School.

Some activities may seem innocent from an adult's perspective, but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between adults and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Adults must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all adults learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with students certainly fosters learning, adult/student interactions must have boundaries surrounding potential activities, locations and intentions.

Examples of Specific Behaviors

The following examples are not an exhaustive list and apply equally during and outside of the regular school day:

Unacceptable Adult/Student Behaviors (Violations of this Policy)

a) Giving gifts to an individual student that are of a personal and intimate nature.

(b) Being alone in a room with a student at school with the door closed.

(b) Excessive attention toward a particular student.

r) Keeping your professional conduct a high priority.
s) Asking yourself if your actions are worth your job and career.
t) Documenting any interaction with a student that may be crossing boundaries set forth in this policy, including any electronic communication.

PROFESSIONAL BOUNDARIES AMONG ADULTS

All adults covered by this Policy are expected to interact with one another in a manner that is professional, respectful, and consistent with the School's workplace conduct standards. Adults in positions of supervisory authority shall not use that authority to coerce, manipulate, or exploit other adults in the School community. Conduct among adults that creates a hostile work environment, involves sexual harassment, or otherwise violates applicable law or School policy is prohibited and must be reported consistent with the School's applicable reporting procedures. School leadership is responsible for modeling appropriate professional relationships and for addressing complaints of adult-to-adult misconduct promptly and consistently.

MANDATED REPORTING OBLIGATIONS

All of the following persons associated with the School are mandated reporters of known or reasonably suspected child abuse or neglect:

- All employees, regardless of role or frequency of student contact.
- All contractors whose duties require contact with or supervision of students.
- All board members.
- All volunteers who interact with students outside of the immediate supervision and control of the student's parent or guardian or a School employee.

A mandated reporter is not required to investigate, confirm, or seek corroboration before making a report. The obligation to report arises from reasonable suspicion, not certainty. Each mandated reporter has an independent, personal obligation to make a report to a child protective agency or law enforcement when that individual knows of or reasonably suspects that a child has been the victim of abuse or neglect.

Reports must be made immediately or as soon as practically possible by phone, and a written follow-up report must be submitted within 36 hours. While internal reporting to a supervisor or administrator is encouraged for operational awareness, the duty to report is not discharged by notifying a supervisor or by assuming that another person has made the report. No administrator may impede or inhibit a mandated reporter from filing a report.

Failure to make a required report is a misdemeanor under California law and may result in disciplinary action up to and including termination.

ANNUAL TRAINING REQUIREMENTS

The School shall provide annual training to all employees, contractors, board members, and volunteers on the following topics:

- Mandated reporting requirements under the California Child Abuse and Neglect Reporting Act, including which persons are mandated reporters, what must be reported, how to make a report, and the legal consequences of failing to report.
- Prevention of child abuse, including sexual abuse, in the school environment, including recognition of grooming behaviors, boundary violations, and other indicators of adult-to-student misconduct.
- The professional boundary standards and electronic communication requirements set forth in this Policy.

- The School's procedures for reporting concerns about staff conduct to administration.

All covered individuals must complete training within the first six weeks of each school year or within the first six weeks of hire, assignment, or commencement of volunteer services, whichever is earlier.

The School shall maintain a record of training completion dates for each individual. Training must be completed using the State Department of Social Services' online training module or an alternative module approved by the School's joint powers authority or insurance provider.

The governing board shall receive annual training on its obligations under SB 848, including with respect to the statewide reporting database once operational.

SCHOOL SAFETY PLAN

The School's comprehensive school safety plan shall include procedures specifically designed to address the supervision and protection of students from child abuse, neglect, and sex offenses.

The safety plan shall also address child neglect and include procedures for reporting all crimes occurring on campus or at campus-related activities, and classroom and non-classroom environments in a manner that promotes safe, easily supervised spaces for student learning and engagement

All School personnel shall receive training on the comprehensive school safety plan consistent with the requirements of SB 848.

For a copy of the complete school safety plan, please refer to our website, californiaops.org/notices.

DUTY TO REPORT SUSPECTED MISCONDUCT

When any adult reasonably suspects or believes that another individual may have crossed the boundaries specified in this policy, he or she must immediately report the matter to a School administrator. All reports shall be as confidential as possible under the circumstances. It is the administrator's duty to investigate and thoroughly report the situation. Adults must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

The School shall investigate all credible reports of policy violations or misconduct promptly and shall take appropriate corrective action.The School shall not retaliate against any person who, in good faith, reports a concern under this Policy.

This Title IX Policy Prohibiting Discrimination on the Basis of Sex ("Policy") contains the policies and grievance procedures of California Online Public Schools ("CalOPS") to address sex discrimination, including but not limited to sexual harassment, occurring within CalOPS's education program or activity.

CalOPS does not discriminate on the basis of sex and prohibits any acts of sex discrimination in any education program or activity that it operates, as required by California law, Title IX (20 U.S.C. § 1681 *et seq.*) and the Title IX regulations (34 C.F.R. Part 106), including in admission and employment.[1]

This Policy applies to conduct occurring in CalOPS's education programs or activities including but not limited to incidents occurring on the school campus, during school-sponsored events and activities regardless of the location, and through school-owned technology, whether perpetrated by a student, parent/guardian, employee, volunteer, independent contractor or other person with whom CalOPS does business.

Inquiries about the application of Title IX and 34 C.F.R. Part 106 (hereinafter collectively referred to as "Title IX") may be referred to the CalOPS Title IX Coordinator, the Assistant Secretary for Civil Rights of the U.S. Department of Education, or both.

Definitions

Prohibited Sex Discrimination

Title IX and California law prohibit discrimination on the basis of sex, including sex-based harassment and differences in the treatment of similarly situated individuals on the basis of sex with regard to any aspect of services, benefits, or opportunities provided by CalOPS.

[1] CalOPS complies with all applicable state and federal laws and regulations and local ordinances in its investigation of and response to reports and complaints of misconduct prohibited by this Policy.

Prohibited Sexual Harassment

Under Title IX, "sexual harassment" means conduct on the basis of sex that satisfies one or more of the following:

- An employee of CalOPS conditioning the provision of an aid, benefit, or service of CalOPS on an individual's participation in unwelcome sexual conduct;
- Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to CalOPS's education program or activity; or
- "Sexual assault" as defined in 20 U.S.C. 1092(f)(6)(A)(v), "dating violence" as defined in 34 U.S.C. 12291(a)(10), "domestic violence" as defined in 34 U.S.C. 12291(a)(8), or "stalking" as defined in 34 U.S.C. 12291(a)(30).

Under California Education Code section 212.5, sexual harassment means unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature, made by someone from or in the work or educational setting, under any of the following conditions: (a) submission to the conduct is explicitly or implicitly made a term or a condition of an individual's employment, education, academic status, or progress; (b) submission to, or rejection of, the conduct by the individual is used as the basis of employment, educational or academic decisions affecting the individual; (c) the conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment; and/or (d) submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through CalOPS.

Examples of conduct that may fall within the Title IX or the Education Code definition of sexual harassment, or both:

- Physical assaults of a sexual or sex-based nature, such as:
    - Rape, sexual battery, molestation or attempts to commit these assaults.
    - Intentional physical conduct that is sex-based or sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, poking another's body, violence, intentionally blocking normal movement or interfering with work or school because of sex.
- Unwanted sexual advances or propositions, derogatory sex-based comments, or other sex-based conduct, such as:
    - Sexually oriented or sex-based gestures, notices, epithets, slurs, remarks, jokes, or comments about a person's sexuality or sexual experience.
    - Preferential treatment or promises of preferential treatment to an individual for submitting to sexual conduct, including soliciting or attempting to solicit any individual to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.
    - Subjecting or threats of subjecting a student or employee to unwelcome sexual attention or conduct or intentionally making the student's or employee's performance more difficult because of the student's or the employee's sex.
    - Retaliation against an individual who has articulated a good faith concern about sex-based harassment.
- Sexual or discriminatory displays or publications anywhere in the work or educational environment, such as:
    - Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually

demeaning or pornographic or bringing or possessing any such material to read, display or view in the work or educational environment.
- Reading publicly or otherwise publicizing in the work or educational environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic.
- Displaying signs or other materials purporting to segregate an individual by sex in an area of the work or educational environment (other than restrooms or similar rooms).

The illustrations above are not to be construed as an all-inclusive list of sex-based harassment acts prohibited under this Policy.

Complainant
Means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

Formal Complaint of Sexual Harassment
Means a written document filed and signed by a complainant who is participating in or attempting to participate in CalOPS's education program or activity or signed by the Coordinator alleging sexual harassment against a respondent and requesting that CalOPS investigate the allegation of sexual harassment. At the time of filing a formal complaint of sexual harassment, the complainant must be participating in or attempting to participate in CalOPS's education program or activity.

Party
Means a complainant or respondent.

Respondent
Means a person who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

Supportive Measures
Non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to a party before or after the filing of a formal complaint of sexual harassment or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to CalOPS's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or CalOPS's educational environment, or deter sexual harassment.

Title IX Coordinator
The Board of Directors of CalOPS ("Board") has designated the following employee as the Title IX Coordinator ("Coordinator"):

Pam Ucan, Payroll & Benefits Administrator
c/o California Online Public Schools
33272 Valle Road
San Juan Capistrano, CA 92675
(800) 906-5166
pucan@californiaops.org

In the event the above-named individual becomes unavailable or unable to serve as the Coordinator, the Board has designated the following employee to serve as a temporary or Interim Coordinator until a new

Coordinator is designated:

Ryan Dreifus, Assistant Director of Human Resources
c/o California Online Public Schools
33272 Valle Road
San Juan Capistrano, CA 92675
(800) 906-5166
rdreifus@californiaops.org

The Coordinator is responsible for coordinating CalOPS's efforts to comply with the requirements of Title IX, receiving reports and complaints of sex discrimination, formal complaints of sexual harassment, and inquiries about the application of Title IX to CalOPS, coordinating the effective implementation of supportive measures, and taking other actions as required by this Policy. The Coordinator or designee may serve as the investigator for formal complaints of sexual harassment.

Reporting Sex Discrimination

All employees must promptly notify the Coordinator when the employee has knowledge of or notice of allegations of sex discrimination or sexual harassment occurring within CalOPS's education program or activity.

Students are expected to report all incidents of misconduct prohibited by this Policy. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Superintendent, Coordinator, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. CalOPS will promptly and effectively investigate and respond to all oral and written complaints and reports of misconduct prohibited by this Policy. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Privacy

CalOPS acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes but is not limited to keeping the identity of the reporter and other personally identifiable information confidential, as appropriate, except to the extent necessary to comply with the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or designee on a case-by-case basis.

Retaliation

CalOPS prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual.

Response to Sexual Harassment

CalOPS will respond promptly and in a manner that is not deliberately indifferent when it has actual knowledge, as defined in 34 C.F.R. § 106.30(a), of sexual harassment occurring in its education program or activity against a person in the United States.

CalOPS's response will treat complainants and respondents equitably by offering supportive measures to a complainant, and by following the grievance procedures for formal complaints of sexual harassment that are listed below before imposing any disciplinary sanctions or other actions that are not supportive measures on a respondent for sexual harassment under Title IX.

Supportive Measures

Once notified of sexual harassment or allegations of sexual harassment occurring in CalOPS's education program or activity against a person in the United States, the Coordinator will promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint of sexual harassment.

Supportive measures may include but are not limited to: counseling; extensions of deadlines or other course-related adjustments; modifications of work or class schedules; mutual restrictions on contact between the parties; changes in work or on-campus housing locations; leaves of absence; increased security and monitoring of certain areas of the campus; and other similar measures.

Supportive measures will not unreasonably burden either party or be imposed for punitive or disciplinary reasons. CalOPS will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair CalOPS's ability to provide the supportive measures. The Coordinator is responsible for coordinating the effective implementation of supportive measures.

Grievance Procedures

Scope and General Requirements

CalOPS has adopted and published grievance procedures that provide for the prompt and equitable resolution of student and employee complaints alleging any action that would be prohibited under Title IX and a grievance process that complies with 34 C.F.R. § 106.45 for formal complaints of sexual harassment.

Complaints of misconduct prohibited by this Policy that do not constitute a formal complaint of sexual harassment will be addressed in accordance with CalOPS's Uniform Complaint Procedures, its employment discrimination complaint procedures, or the grievance procedures set forth in its Harassment, Intimidation, Discrimination, and Bullying Policy, as applicable. The following grievance procedures will apply to formal complaints of sexual harassment.

Upon receipt of a formal complaint of sexual harassment, the Coordinator or designee will promptly initiate these grievance procedures, or the informal resolution process if available, appropriate, and requested by all parties.

CalOPS requires that any Title IX Coordinator, investigator, decisionmaker, and any person designated by CalOPS to facilitate an informal resolution process not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

CalOPS will treat complainants and respondents equitably. CalOPS presumes that the respondent is not responsible for the alleged sexual harassment until a determination is made at the conclusion of its grievance procedures.

CalOPS may consolidate formal complaints of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against another party, where the allegations of sexual harassment arise out of the same facts or circumstances.

CalOPS allows for the temporary delay of the grievance process or limited extension of timeframes on a case-by-case basis for good cause. Requests for extensions must be submitted to the Coordinator in writing at least one (1) business day before the expiration of the timeframe. If the grievance process is temporarily delayed or a timeframe is temporarily extended by CalOPS, the Coordinator or designee will notify the parties of the reason for the delay or extension in writing.

CalOPS will objectively evaluate all evidence that is relevant and not otherwise impermissible, including both inculpatory and exculpatory evidence.[2] Credibility determinations will not be based on a person's status as a complainant, respondent, or witness.

Dismissal

CalOPS must dismiss a formal complaint of sexual harassment for purposes of sexual harassment under Title IX if the conduct alleged:

- Would not constitute sexual harassment under Title IX even if proved;
- Did not occur in CalOPS's education program or activity; or
- Did not occur against a person in the United States.

CalOPS may dismiss a formal complaint of sexual harassment or any of the allegations therein if:

- The respondent is no longer enrolled or employed by CalOPS;
- A complainant notifies the Coordinator in writing that the complainant would like to withdraw the complaint or any allegations therein; or
- Specific circumstances prevent CalOPS from gathering sufficient evidence to reach a determination as to the complaint or allegations therein.

Upon dismissal, the Coordinator or designee will promptly send written notice of the dismissal and reason(s) therefor simultaneously to the parties. Dismissal under Title IX does not preclude action under another applicable CalOPS policy.

Notice of the Allegations

Upon receipt of a formal complaint of sexual harassment, the Coordinator or designee will provide written notice of the allegations to the parties whose identities are known. The notice will include:

- CalOPS's grievance procedures and any informal resolution process;
- The allegations of sexual harassment including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details includes the identities of the parties involved in the incident(s), if known, the conduct allegedly constituting sexual harassment under Title IX, and the date(s) and location(s) of the alleged incident(s), if known;
- A statement that the respondent is presumed not responsible for the alleged conduct and a determination regarding responsibility is made at the conclusion of the grievance process;
- A statement that the parties may have an advisor of their choice, who may be, but is not required

[2] Inculpatory means tending to impute guilt or fault, and exculpatory means tending to absolve from guilt or fault.

to be, an attorney, and may inspect and review evidence; and
- A statement that CalOPS prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

Emergency Removal

CalOPS may place a non-student employee respondent on administrative leave during the pendency of the grievance procedures in accordance with CalOPS's policies.

CalOPS may remove a respondent from CalOPS's education program or activity on an emergency basis, in accordance with CalOPS's policies, provided that CalOPS undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any person arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

This provision must not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

Informal Resolution

At any time after a formal complaint of sexual harassment is filed and prior to determining whether sexual harassment occurred under CalOPS's Title IX grievance procedures, CalOPS may offer an informal resolution process to the parties. CalOPS will not offer or facilitate informal resolution to resolve allegations that an employee sexually harassed a student, or when such a process would conflict with Federal, State, or local law. Parties will not be required or pressured to agree to participate in the informal resolution process.

Before initiation of the informal resolution process, CalOPS will obtain the parties' voluntary, written consent to participate in the informal resolution and provide the parties with a written notice that explains:
- The allegations;
- The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint of sexual harassment arising from the same allegations;
- The right to withdraw and initiate or resume the grievance procedures at any time prior to agreeing to a resolution; and
- Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

Investigation

In most cases, a thorough investigation will take no more than thirty (30) business days. CalOPS has the burden to conduct an investigation that gathers sufficient evidence to determine whether sexual harassment occurred. The investigator will review all evidence gathered through the investigation and determine what evidence is relevant and what evidence is impermissible regardless of relevance in accordance with Title IX.

The following types of evidence, and questions seeking that evidence, are impermissible (i.e., will not be used, accessed, considered, or disclosed), regardless of whether they are relevant:
- A party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the

provision of treatment to the party, unless CalOPS obtains that party's voluntary, written consent to do so for these grievance procedures; and
- Evidence about the complainant's sexual predisposition or prior sexual behavior, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

The parties will be provided with an equal opportunity to present witnesses, to inspect and review any evidence obtained that is directly related to the allegations raised, and to have an advisor present during any investigative meeting or interview. The parties will not be prohibited from discussing the allegations under investigation or from gathering and presenting relevant evidence. A party whose participation is invited or expected at an investigative meeting or interview will receive written notice of the date, time, location, participants, and purpose of the meeting or interview with sufficient time for the party to prepare to participate.

Before the investigator completes the investigative report, CalOPS will send to each party and the party's advisor, if any, a copy of the evidence subject to inspection and review, and the parties will have at least ten (10) days to submit a written response for the investigator to consider prior to completing the investigation report.

The investigator will complete an investigation report that fairly summarizes relevant evidence and send a copy of the report to each party and the party's advisor, if any, at least ten (10) days prior to the determination of responsibility.

Determination of Responsibility

Before making a determination of responsibility, the decisionmaker must afford each party the opportunity to submit written, relevant questions that a party wants to ask of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. The decisionmaker must explain to the party proposing the questions any decision to exclude a question as not relevant.

Determinations will be based on an objective evaluation of all relevant and not otherwise impermissible evidence and credibility determinations will not be based on a person's status as a complainant, respondent, or witness. The standard of evidence used to determine responsibility is the preponderance of the evidence standard.

Within twenty (20) business days after CalOPS sends the investigation report to the parties, the decisionmaker, who will not be the same person as the Coordinator or investigator, will simultaneously send the parties a written determination of whether sexual harassment occurred. The written determination will include:
- The allegations of sexual harassment;
- A description of the procedural steps taken including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
- The findings of facts supporting the determination;
- The conclusions regarding the application of CalOPS's code of conduct to the facts;
- The decision and rationale for each allegation;
- Any recommended disciplinary sanctions for the respondent, and whether remedies designed to restore or preserve equal access to the education program or activity will be provided to the complainant; and

- The procedures and permissible bases for appeals.

The determination regarding responsibility becomes final either on the date that CalOPS provides the parties with the written appeal decision, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Appeals

Either party may, within five (5) business days of their receipt of CalOPS's written determination of responsibility or dismissal of a formal complaint of sexual harassment, submit a written appeal to the Chair of the CalOPS Board, who will serve as the decisionmaker for the appeal or designate a decisionmaker for the appeal.

The complainant and respondent may only appeal from a determination regarding responsibility or CalOPS's dismissal of a formal complaint of sexual harassment or any allegations therein, on one or more of the following bases:

- Procedural irregularity that affected the outcome of the matter;
- New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; or
- The Coordinator, investigator(s), or decisionmaker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

The decisionmaker for the appeal will not be the same person as the Coordinator, the investigator or the initial decisionmaker.

The decisionmaker for the appeal will: 1) notify the other party of the appeal in writing; 2) implement appeal procedures equally for the parties; 3) allow the parties to submit a written statement in support of, or challenging, the outcome within five (5) business days of notice of the appeal; and 4) within fifteen (15) business days of the appeal, provide a written decision simultaneously to the parties describing the result of the appeal and the rationale for the result.

Consequences

Students or employees who engage in misconduct prohibited by this Policy, knowingly make false statements or knowingly submit false information during the grievance process, may be subject to disciplinary action up to and including expulsion from CalOPS or termination of employment. If there is a determination that sexual harassment occurred, the Coordinator is responsible for effective implementation of any remedies ordered by CalOPS.

Training

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All Title IX Coordinators, investigators, decisionmakers, and any person who facilitates a Title IX informal resolution process will receive Title IX training and/or instruction concerning sexual harassment as required by law.

Recordkeeping

The records below will be maintained in a secure location until destroyed in accordance with applicable laws and regulations.:

- Records of each sexual harassment investigation, including any determination of responsibility; any audio or audiovisual recording or transcript; any disciplinary sanctions imposed on the

respondent; and any remedies provided to the complainant;
- Records of any appeal of a formal complaint or sexual harassment and the results of that appeal;
- Records of any informal resolution of a formal complaint or sexual harassment and the results of that informal resolution;
- All materials used to train Title IX Coordinators, investigators, decisionmakers, and any person who facilitates an informal resolution process; and
- Records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment.

The above records will be maintained in a secure location until destroyed in accordance with applicable laws and regulations.

Updated September 22, 2023
Approved by CalOPS Board of Directors on October 3, 2023
Revised and Approved by CalOPS Board of Directors on September 9, 2025

The Suspension and Expulsion Procedures have been established in order to promote learning and protect the safety and wellbeing of all students at the Charter School. Although charter schools are exempt from school district procedures and process for suspensions and expulsions, in creating these procedures, the Charter School has reviewed Education Code Section 48900 *et seq.* which describe the offenses for which students at non-charter schools may be suspended or expelled, and the procedures governing those suspensions and expulsions, in order to establish its list of offenses for suspensions and expulsions, and involuntary removal. The provisions that follow are largely consistent with the language of the Education Code with regard to suspension/expulsion triggering conduct. The Charter School will periodically review its policies and procedures surrounding suspensions, expulsions, and involuntary removals, and may modify of the lists of offenses for which students are subject to suspension, expulsion or involuntary removal, and the procedures associated therewith, so long as not materially different from the charter petition.

Similarly, the procedures for student suspension, expulsion, and involuntary removal, may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements.

Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This Policy and its Procedures will be distributed annually as part of the Annual Notification Packet which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of this Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians[1] are notified in writing

[1] The Charter School shall ensure that a homeless child or youth's educational rights holder; a foster child or youth's educational rights holder, attorney, and county social worker; and an Indian child's tribal social worker and, if applicable, county social worker have the same

upon enrollment of all discipline and involuntary removal policies and procedures.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students except when federal and state law requires additional or different procedures. CalOPS will follow all applicable federal and state laws including but not limited to the applicable provisions of the Education Code, when imposing any form of discipline on a student identified as an individual with disabilities, or for whom CalOPS has a basis of knowledge of a suspected disability, or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by CalOPS for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian and shall inform the student, and the student's parent/guardian of the basis for which the student is being involuntarily removed, and the student's parent/guardian's right to request a hearing to challenge the involuntary removal. If a student's parent, guardian requests a hearing, CalOPS shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent/guardian requests a hearing, the student shall remain enrolled and shall not be removed until CalOPS issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons including, but not limited to, failure to comply with the terms of the student's independent study written agreement pursuant to Education Code Section 51747(g).

Procedures

Alternative Means of Correction

For a student facing discipline for a discretionary offense listed below, the Superintendent or designee may, whenever practicable, provide alternatives to suspension or expulsion. These alternatives shall use a research-based framework with age-appropriate strategies that improve behavioral and academic outcomes while addressing and correcting the student's specific misbehavior.

Charter School shall not suspend or expel any student based solely on the fact that they are truant, tardy, or otherwise absent from school activities. Violations of the Charter School's attendance expectations shall be addressed in accordance with Charter School Attendance and Unexcused Absence Policy and/or Independent Study Policy, as applicable.

Students may not be suspended or expelled for willful defiance or disruption. Alternatively, Charter School staff may refer a student who engages in willful defiance and/or disruption to the Principal or designee for appropriate and timely in-school interventions or supports. Within five (5) business days, the Superintendent or designee shall:

1) Document the actions taken and save the document to the student's record

rights as a parent or guardian to receive a suspension notice, expulsion notice, manifestation determination notice, involuntary transfer notice, involuntary removal notice, and other documents and related information. For purposes of this Policy and its Procedures, the term "parent/guardian" shall include these parties.

2) Inform the referring staff member what actions were taken and if none, the rationale used for not providing any appropriate or timely in-school interventions or supports.

For a student who has been suspended, or for whom other means of correction have been implemented, for an incident of racial bullying, harassment, or intimidation, Charter School may require all students associated with the incident(s) to engage in restorative justice practices and/or cultural sensitivity programs.

Charter School may utilize its Multi-Tiered System of Supports, which includes restorative justice practices, trauma-informed practices, social and emotional learning, and schoolwide positive behavior interventions and support, to help students gain critical social and emotional skills, receive support to help transform trauma-related responses, understand the impact of their actions, and develop meaningful methods for repairing harm to the school community.

C. Suspension Procedure

A student may be suspended by the Charter School Superintendent or designee. Suspensions shall be initiated according to the following procedures:

1. **Conference**

Suspension shall be preceded, if practicable, by a conference conducted by the Superintendent or designee with the student and the student's parent/guardian and, whenever practical, the teacher, supervisor or CalOPS employee who referred the student to the Superintendent or designee. The conference may be held in-person, telephonically, or via other electronic means.

The conference may be omitted if the Superintendent or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or CalOPS personnel. If a student is suspended without this conference, the student and student's parent/guardian shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against the student and shall be given the opportunity to recount their version of the incident and provide any evidence in their defense. This conference should be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. Penalties shall not be imposed on a student for failure of the student's parent or guardian to attend a conference. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent/guardian, at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, Superintendent or designee shall make a reasonable effort to contact the parent/guardian in person, by email, or by telephone. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension. This notice shall include:

a) the specific offense(s) committed by the student,
b) duration and dates of the suspension,
c) the date the student may return to school following the suspension, and
d) an explanation of the evidence that supports the charges.

If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the Superintendent or designee, the student and the student's parent/guardian will be invited to an in-person, telephonic, or virtual conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when CalOPS has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student and the student's parent/guardian, unless the student and the student's parent/guardian fail to attend the conference.

This determination will be made by the Superintendent or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded

before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

D. Authority to Expel
A student may be recommended for expulsion by the Superintendent or designee. The procedures herein provide for such hearing and notice.

A student may be expelled either by the neutral and impartial CalOPS Board of Directors following a hearing before it or by the CalOPS Board of Directors upon the recommendation of an Administrative Panel selected by the Superintendent or designee. If an Administrative Panel conducts the hearing, it should. consist of at least three (3) members who do not have an instructional or supervisory relationship with the student and are not a member of the CalOPS School Board of Directors. Each entity shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

E. Expulsion Procedures
Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Superintendent or designee determines that the student has committed an expellable offense and recommends the student for expulsion. If postponed for good cause, the expulsion hearing may be extended an additional thirty (30) calendar days from the date of the original hearing, unless otherwise agreed upon in writing by the Superintendent or designee and student's parent/guardian.

In the event an Administrative Panel hears the case, it will make a recommendation to the Board for a final decision whether to expel. The hearing shall be held in a confidential setting (complying with all student confidentiality rules under the Family Educational Rights and Privacy Act ("FERPA").
Written notice of the hearing shall be forwarded to the student and the student's parent/guardian via email or other means at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served . The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of the CalOPS's disciplinary rules which relate to the alleged violation;
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at CalOPS to any other school district or school to which the student seeks enrollment;
5. An explanation of the opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. An explanation of the right to inspect and obtain copies of all documents to be used at the hearing;
7. An explanation of the opportunity to confront and question all witnesses who testify at the hearing;
8. An explanation of the opportunity to present evidence on the student's behalf.

F. Record of Hearing
A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written record of the proceedings can be made.

G. Presentation of Evidence
While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the

student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Signed and dated written statements/declarations may be admitted as testimony.

H. Expulsion Decision

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board of Directors, which will make a final determination regarding the expulsion. The decision of the Board of Directors is final.

If the Administrative Panel decides not to recommend expulsion, or the Board of Directors ultimately decides not to expel, the student shall be returned to their previous educational program at the Charter School.

The Administrative Panel or Board of Directors may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's educational program at the Charter School under a probationary status and rehabilitation plan issued by the Administrative Panel. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Superintendent may revoke the suspension of an expulsion order if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Superintendent revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order.

I. Notice of Expulsion Decision

The Superintendent or designee, shall send written notice of the expulsion decision, including the Board of Directors' adopted findings of fact, to the student and student's parent/guardian within five (5) school days of the expulsion hearing.

This notice shall include the following:

a. The findings of fact, including the student's name, the specific offense(s) committed by the student, as well as the duration and term of the student's expulsion; and
b. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the Charter School.
c.

The Superintendent or designee shall send a copy of the written notice of the decision to expel to the chartering authority (if required), upon finality of the expulsion. This notice shall include the following: (a) The student's name; and (b) The specific expellable offense committed by the student.

In accordance with Education Code Section 47605(e)(3), the Charter School shall send notice of the expulsion to the student's district of residence within 30 calendar days.

J. **Disciplinary Records**

CalOPS shall maintain records of all student suspensions and expulsions at CalOPS. Such records shall be made available to the chartering authority upon request.

K. Appeals

There is no right to appeal an expulsion from CalOPS as the CalOPS Board of Directors' decision to expel is final.

L. Expelled Students/Alternative Education

Students who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. CalOPS shall work cooperatively with student and/or student's parent/guardian as requested or by the school district of residence to assist with locating alternative placements during expulsion.

M. Rehabilitation Plans

Students who are expelled from CalOPS shall be given a rehabilitation plan upon expulsion as developed by the Board of Directors at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the student may reapply to CalOPS for readmission.

N. Readmission or Admission of Previously Expelled Student

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board of Directors following a meeting with the Superintendent or designee and the student and student's parent/guardian to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The Superintendent or designee shall make a recommendation to the Board of Directors following the meeting regarding the Superintendent's or designee's determination. The Board shall then make a final decision regarding readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon CalOPS's capacity at the time the student seeks readmission or admission to CalOPS.

O. Notice to Teachers

CalOPS shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

P. Involuntary Removal for Unexcused Absences

In accordance with Education Code Section 51747, the Charter School will evaluate whether it is in the best interest of the student to remain in independent study if the student fails to complete the requisite number of assignments or make satisfactory educational progress as delineated in the student's independent study written agreement and Charter School's independent study policy. If the Charter School determines that it is not in the student's best interest to remain in independent study, the Charter School may involuntarily remove the student after providing notice and an opportunity for the parent/guardian to request a hearing prior to any involuntary removal. Students who are involuntarily removed for truancy will be given a rehabilitation plan and will be subject to the readmission procedures set forth herein.]

Q. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

The Administrative Panel or Board of Directors should avoid live testimony of student witnesses when practicable. The Administrative Panel or Board of Directors may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the

form of sworn declarations that shall be examined only by Administrative Panel or the Board of Directors . Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

i. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to receive reasonable advance notice of their scheduled testimony; and have up to two adult support persons of their choosing present in the hearing at the time the complaining witness testifies, which may include a parent/guardian or legal counsel.

ii. CalOPS will provide the complaining witness a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.

iii. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which the complaining witness may leave the hearing room.

iv. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.

v. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.

vi. Prior to a complaining witness testifying, the support persons will be reminded that the hearing is confidential. The entity conducting the hearing may remove a support person whom the Administrative Panel or Board of Directors finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness to the witness stand.

vii. If one or both of the support persons is also a witness, CalOPS must present evidence that the witness' presence is both desired by the witness and will be helpful to CalOPS. The entity presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official will remind the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising their discretion to remove a person from the hearing whom they believe is prompting, swaying, or influencing the witness.

viii. The testimony of the support person should be presented before the testimony of the complaining witness when practicable, and the complaining witness shall be excluded from the hearing room during that testimony.

ix. Especially for charges involving sexual assault or battery the complaining witness may have their testimony heard via alternative means that may include but are not limited to videotaped testimony or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.

x. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

R. Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. **Notification of SELPA**
   a. CalOPS shall immediately notify the SELPA (and/or the chartering authority if required) and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that CalOPS or the SELPA would be deemed to have knowledge that the student had a disability.

2. **Services During Suspension**
   a. Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. **Procedural Safeguards/Manifestation Determination**
   a. Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, CalOPS, the parent/guardian and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and
   b. any relevant information provided by the parent/guardian to determine:
      i. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
      ii. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If CalOPS , the parent/guardian and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If CalOPS, the parent/guardian, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

i. i. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
ii. Ii. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
iii. Return the child to the placement from which the child was removed, unless the parent/guardian and CalOPS agree to a change of placement as part of the modification of the behavioral intervention plan.

If the CalOPS, the parent/guardian, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then CalOPS may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Special Circumstances

CalOPS personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Superintendent or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 U.S.C. Section 930, to or at school, on school premises, or to or at a school function;
b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
c. Has inflicted serious bodily injury, as defined by 20 U.S.C. Section 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

5. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

6. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the CalOPS's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if CalOPS had knowledge that the student was disabled before the behavior occurred.

CalOPS shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to CalOPS supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
b. The parent/guardian has requested an evaluation of the child.
c. The child's teacher, or other CalOPS personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other CalOPS supervisory personnel.

If CalOPS knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If CalOPS had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. CalOPS shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by CalOPS pending the results of the evaluation.

CalOPS shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Introduction

The Governing Board of California Online Public Schools ("Charter School" or "CalOPS") recognizes that Foster and Mobile Youth may face significant barriers to achieving academic success due to their family circumstances, disruption to their educational program, and their emotional, social, and other health needs. To enable such students to achieve state and charter school academic standards, CalOPS shall provide them with full access to the Charter School's educational program and implement strategies identified as required by law and necessary for the improvement of the academic achievement of foster youth in CalOPS's local control and accountability plan ("LCAP").

Definitions

- *"Foster youth"* means any of the following:
  1. A child who has been removed from their home pursuant to Section 309 of the California Welfare and Institutions Code ("WIC").

This includes a child who, without the parent/guardian, has continued to migrate annually to secure temporary or seasonal employment in an agricultural or fishing activity.
- *"Newcomer pupil"* is a person aged 3 to 21 years, who was not born in any of the 50 United States, the District of Columbia, or the Commonwealth of Puerto Rico, and has not been attending one or more schools in any one or more of the 50 United States, the District of Columbia, or the Commonwealth of Puerto Rico, for more than three (3) full academic years. For a foster youth who is an individual with exceptional needs as defined in Education Code section 56026, "school" as used in the definition of "school of origin" includes a placement in a nonpublic, nonsectarian school as defined in Education Code section 56034, subject to the requirements of Education Code section 56325.
- *"Best interests"* means that, in making educational and school placement decisions for a foster youth, consideration is given to, among other factors, the opportunity to be educated in the least restrictive educational program and the foster youth's access to academic resources, services, and extracurricular and enrichment activities that are available to all Charter School students.

Within this Policy, foster youth, former juvenile court school students, a child of a military family, a currently migratory child, and a newcomer pupil will be collectively referred to as "Foster and Mobile Youth." Within this Policy, a parent, guardian, or other person holding the educational rights for a Foster and Mobile Youth will be referred to as a "parent/guardian" or "ERH."

Foster and Mobile Youth Liaison

In order to help facilitate the enrollment, placement, and transfer of Foster and Mobile Youth to CalOPS, the Governing Board shall designate a Foster and Mobile Youth liaison. The Governing Board designates the following position as CalOPS's liaison for Foster and Mobile Youth:

Shannon Doss, Social Worker
c/o California Online Public Schools
33272 Valle Road
San Juan Capistrano, CA 92675
(800) 906-5166
sdoss@californiaops.org

The Foster and Mobile Youth Liaison or designee shall be responsible for the following:

1. Ensure and facilitate the proper educational placement, enrollment in CalOPS, and checkout from CalOPS of foster children.
2. Assist foster children with the proper transfer of credits, records, and grades when foster youth transfer to or from CalOPS.
3. When a foster youth is enrolling in CalOPS, the Foster and Mobile Youth Liaison or designee shall contact the school last attended by the student within two (2) business days to obtain all academic and other records. The last school attended by the foster youth shall provide all required records to the new school regardless of any outstanding fees, fines, textbooks, or other items or moneys owed to the school last attended. When a foster youth is transferring to a new school, the Foster and Mobile Youth Liaison shall provide the student's records to the new school within two (2) business days of receiving the new school's request, regardless of any outstanding fees, fines, textbooks, or other items or moneys owed to CalOPS.
4. When required by law, notify the foster youth's ERH, attorney, county social worker, and the appropriate representative of the county child welfare agency, and an Indian child's ERH, tribal social worker and if applicable, county social worker of the student's expulsion or involuntary removal, and, at least ten (10) calendar days preceding the date of the following:
    a. An expulsion hearing for a discretionary act under CalOPS's charter.
    b. Any meeting to extend a suspension until an expulsion decision is rendered if the decision to recommend expulsion is a discretionary act under CalOPS's charter. The foster youth's ERH, attorney, county social worker, an Indian child's ERH, tribal social worker and if applicable, county social worker, and the agency representative will be invited to participate.
    c. A manifestation determination meeting prior to a change in the foster youth's placement if the change in placement is due to an act for which the recommendation for expulsion is discretionary and the student is a student with a disability under state and federal special education laws. The foster youth's ERH, attorney, county social worker, an Indian child's ERH, tribal social worker and if applicable, county social worker, and the agency representative will be invited to participate.
5. As needed, make appropriate referrals to ensure that students in foster care receive necessary special education services and services under Section 504 of the federal Rehabilitation Act of 1973.
6. As needed, ensure that students in foster care receive appropriate school-based services, such as

counseling and health services, supplemental instruction, and after-school services.

7. Develop protocols and procedures for creating awareness for Charter School staff, including but not limited to teachers, directors and administrators, of the requirements for the proper enrollment, placement, and transfer of foster youth.
8. Collaborate with the county placing agency, social services, probation officers, juvenile court officers, and other appropriate agencies to help coordinate services for CalOPS's foster youth.
9. Monitor the educational progress of foster youth and provide reports to the Superintendent or designee and the Governing Board based on indicators identified in CalOPS's local control and accountability plan.

This Policy does not grant the Foster and Mobile Youth Liaison authority that supersedes the authority granted under state and federal law to a parent or legal guardian retaining educational rights, a responsible person appointed by the court to represent the child pursuant to WIC sections 319, 361 or 726, a surrogate parent, or a foster parent exercising authority under Education Code section 56055. The role of the Foster and Mobile Youth Liaison is advisory with respect to placement options and determination of the school of origin.

School Stability and Enrollment

The School will work with foster youth and their parent/guardian to ensure that each student is placed in the least restrictive educational programs, and has access to the academic resources, services, and extracurricular and enrichment activities that are available to all students, including, but not necessarily limited to, interscholastic sports. All decisions regarding a foster youth's education and placement will be based on the best interest of the child and shall consider, among other factors, educational stability and the opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress.

Foster youth, currently migratory children and children of military families have the right to remain in their school of origin if it is in their best interest. The School will immediately enroll a foster youth, currently migratory child or child of a military family seeking re-enrollment in the School as the student's school of origin (subject to the School's capacity and pursuant to the procedures stated in the School's charter and Board policy). If a dispute arises regarding a foster youth's request to remain in the School as the school of origin, the foster youth has the right to remain in the School pending the resolution of the dispute. The School will also immediately enroll any foster youth, currently migratory child or child of a military family seeking to transfer to the School (subject to the School's capacity and pursuant to the procedures stated in the School's charter and Board policy) regardless of the student's ability to meet normal enrollment documentation or uniform requirements (e.g. producing medical records or academic records from a previous school).

Foster youth, currently migratory children, and children of military families have the right to remain in their school of origin following the termination of the child's status as a foster youth, currently migratory child or child of a military family, as follows:

1. For students in Kindergarten through eighth grade, inclusive, the student will be allowed to continue in the school of origin through the duration of the academic year in which the student's status changed.
2. For students enrolled in high school, the student will be allowed to continue in the school of origin through graduation.

If the Charter School operates an intersession program, Charter School shall grant priority access to foster youths. Notwithstanding any other law, if the foster youth will be moving during an intersession period, the pupil's educational rights holder, or Indian custodian in the case of an Indian child, shall determine which school the pupil attends for the intersession period, if applicable. "Intersession program" means an expanded learning program offered by the Charter School on nonschooldays, including, but not limited to, summer school. "Indian custodian" is as the term is defined in Section 1903 of Title 25 of the United States Code.

The Foster and Mobile Youth Liaison may, in consultation with and with the agreement of the foster youth and the ERH for the foster youth, recommend that the foster youth's right to attend the school of origin be waived and the student be enrolled in any district school that the student would otherwise be eligible to attend as a resident of the school district or in CalOPS consistent with current enrollment procedures. All decisions shall be made in accordance with the foster youth's best interests.

Prior to making any recommendation to move a foster youth from their school of origin, the Foster and Mobile Youth Liaison shall provide the foster youth and the foster youth's ERH with a written explanation of the basis for the recommendation and how the recommendation serves the foster youth's best interests.

If any dispute arises regarding a foster youth's request to remain in CalOPS as the foster youth's school of origin, the foster youth has the right to remain in CalOPS pending resolution of the dispute. The dispute shall be resolved in accordance with the existing Charter School dispute resolution process.

If CalOPS operates an intersession program, Charter School shall grant priority access to foster youths. Notwithstanding any other law, if the foster youth will be moving during an intersession period, the pupil's educational rights holder, or Indian custodian in the case of an Indian child, shall determine which school the pupil attends for the intersession period, if applicable. "Intersession program" means an expanded learning program offered by the Charter School on nonschooldays, including, but not limited to, summer school. "Indian custodian" is as the term is defined in Section 1903 of Title 25 of the United States Code.

Transportation

CalOPS shall not be responsible for providing transportation to allow a foster youth to attend school, unless there is an agreement with a local child welfare agency that CalOPS assumes part or all of the transportation costs in accordance with Section 6312(c)(5) of Title 20 of the United States Code, or unless required by federal law. CalOPS is not prohibited from providing transportation, at its discretion, to allow a foster youth to attend school.

In accordance with Section 6312(c)(5) of Title 20 of the United States Code, CalOPS shall collaborate with local child welfare agencies to develop and implement clear written procedures to address the transportation needs of foster youth to maintain them in their school of origin, when it is in the best interest of the youth.

For any student who has an individualized education program ("IEP"), the student's IEP team will determine if the student requires special education transportation as a related service regardless of the student's status.

Effect of Absences on Grades

The grades of a foster youth shall not be lowered for any absence from CalOPS that is due to either of the following circumstances:

1. A decision by a court or placement agency to change the student's placement, in which case the student's grades shall be calculated as of the date the student left school.
2. A verified court appearance or related court-ordered activity.

Transfer of Coursework and Credits

CalOPS shall accept coursework satisfactorily completed by a Foster and Mobile Youth while attending another public school[2], a juvenile court school, a charter school, a school in a country other than the United States, or a nonpublic, nonsectarian school or agency even if the student did not complete the entire course and shall issue

[2] For purposes of coursework completed by a student who is a child of a military family, "public school" includes schools operated by the United States Department of Defense.

that student full or partial credit for the coursework completed. The credits accepted pursuant to this paragraph shall be applied for enrollment purposes to the same or equivalent course, if applicable, as the coursework completed in the prior public school, juvenile court school, charter school, school in a country other than the United States, or nonpublic, nonsectarian school. For purposes of the official transcript, the credits accepted pursuant to this paragraph shall be added to the credits earned from the same or equivalent course for purposes of calculating the total credits earned for the course but shall separately identify the school and local educational agency in which the credits were earned.

If a Foster and Mobile Youth transfers in or out of Charter School, Charter School shall issue the full and partial credits on an official transcript for the pupil and shall ensure the transcript includes all of the following:

1. All full and partial credits and grades earned based on any measure of full or partial coursework being satisfactorily completed, including a determination of the days of enrollment or seat time, or both, if applicable, at a school of that local educational agency or a prior local educational agency, or any other public school, juvenile court school, charter school, school in a country other than the United States, or nonpublic, nonsectarian school.
2. The credits and grades for each school and local educational agency listed separately so it is clear where they were earned.
3. A complete record of the pupil's seat time, including both period attendance and days of enrollment.

If Charter School has knowledge that the transcript from the transferring local educational agency may not include certain credits or grades for the pupil, it shall contact the prior local educational agency within two business days to request that the prior local educational agency issue full or partial credits pursuant to this paragraph. The prior local educational agency shall issue appropriate credits and provide all academic and other records to Charter School within two business days of the request.

If the Foster and Mobile Youth did not complete the entire course, the student shall be issued partial credit for the coursework completed and shall not be required to retake the portion of the course that the student completed at another school unless CalOPS,, in consultation with the student's ERH, finds that the student is reasonably able to complete the requirements in time to graduate from high school. Whenever partial credit is issued to a Foster and Mobile Youth in any particular course, the student shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course.

In no event shall CalOPS prevent a Foster and Mobile Youth from taking or retaking a course to meet the eligibility requirements for admission to the California State University or the University of California.

High School Graduation Requirements

Deleted: Applicability of

Formatted: Font color: Custom Color(RGB(0,90,156))

Foster and Mobile Youth who transfer to the School any time after the completion of their second year of high school, and newcomer pupils who are in their third or fourth year of high school, shall be exempt from any of the School's graduation requirements that are in excess of the California minimum graduation requirements specified in Education Code section 51225.3 ("additional graduation requirements") unless the School makes a finding that the student is reasonably able to complete the School's graduation requirements by the end of the student's fourth year of high school.

To determine whether a Foster and Mobile Youth is in their third or fourth year of high school, either the number of credits the student has earned to the date of transfer, the length of the student's school enrollment, or, for students with significant gaps in school attendance, the student's age as compared to the average age of students in the third or fourth year of high school may be used, whichever will qualify the student for the exemption. For a newcomer pupil, enrollment in grade 11 or 12 based on the average age of students in the third or fourth year of high school may be used to determine whether the student is in their third or fourth year of high school.

Within thirty (30) calendar days of the date that a student who may qualify for exemption under the above requirements transfers into the School, the School shall notify the student, the parent/guardian, and where applicable, the student's social worker or probation officer, of the availability of the exemption and whether the student qualifies for an exemption.

The School shall notify and consult with students who are exempted from the School's additional graduation requirements and the student's ERH. The consultation shall include all of the following:

Deleted: parent/guardian/educational rights holder

1. Discussion regarding how any of the requirements that are waived may affect the student's postsecondary education or vocation plans, including the ability to gain admission to a postsecondary educational institution.
2. Discussion and information about other options available to the student, including, but not limited to, a fifth year of high school, possible credit recovery, and any transfer opportunities available through the California Community Colleges.
3. Consideration of the student's academic data and any other information relevant to making an informed decision on whether to accept the exemption.

The School shall not require any student who would otherwise be entitled to remain in attendance at the School to accept the exemption from the School's additional graduation requirements or deny the student enrollment in, or the ability to complete, courses for which the student is otherwise eligible. The School shall not revoke an exemption and shall grant an eligible student's request for the exemption at any time if the student qualifies, regardless of whether the student previously declined the exemption.

If a Foster and Mobile Youth who was eligible for an exemption and 1) was not properly notified of the availability of the exemption, or 2) previously declined the exemption pursuant to this Policy, the School shall exempt the student within thirty (30) days of the exemption request, if an exemption is requested by the student of the student's ERH and the student at one time qualified for the exemption, even if the student is no longer a Foster and Mobile Youth or the court's jurisdiction of the student has terminated.

Deleted: youth

Deleted: youth

An eligible student's exemption from the School's additional graduation requirements will continue to apply while the student is enrolled in the School or if the student transfers to another school even after the court's jurisdiction terminates or the student no longer meets the definition of a Foster and Mobile Youth.

The School shall not require or request that a student transfer schools in order to qualify the student for the exemption. Nor shall a student, a student's parent/guardian or educational rights holder, or a student's social worker or probation officer request a transfer solely to qualify for an exemption from the School's additional graduation requirements.

If a student who is exempted from the School's additional graduation requirements completes the California minimum coursework requirements specified in Education Code section 51225.3 before the end of the student's fourth year of high school and would otherwise be entitled to remain in attendance at the School, the School shall not require or request that the student graduate before the end of the student's fourth year of high school.

If the School determines the student is reasonably able to complete the School's additional graduation requirements by the end of the student's fifth year of high school, the School shall do the following:

Deleted: of

1. Consult with the student and the student's ERH regarding the student's option to remain at the School for a fifth year to complete the School's graduation requirements, consistent with the laws continuous enrollment and satisfactory progress for School students over age 19.
2. Consult with the student, and the educational rights holder for the student, about how remaining in school for a fifth year to complete the School's graduation requirements will affect the student's ability to gain admission to a postsecondary educational institution.
3. Consult with and provide information to the student and the student's ERH about transfer opportunities available through the California Community Colleges.
4. Permit the student to stay at the School for a fifth year to complete the School's graduation requirements

upon agreement with the student, if the student is 18 years of age or older, or, if the student is under 18 years of age, upon agreement with the student's ERH.

5. For a student identified as a foster youth, consult with the student, and the student's ERH, regarding the student's option to remain in the school of origin.

Through January 1, 2028, upon making a finding that a Foster and Mobile Youth **is not reasonably able to complete the School's additional graduation requirements but is reasonably able to complete state coursework requirements specified in Education Code Section 51225.3** within the student's fifth year of high school, the Executive Director or designee shall exempt the student from The School's graduation requirements and provide student the option of remaining in school for a fifth (5th) year to complete the statewide coursework requirements. The School shall consult with the Foster and Mobile Youth and their ERH regarding all of the following:

1. The student's option to remain in school for a fifth year to complete the statewide coursework requirements.
2. How waiving the local educational requirements and remaining in school for a fifth year may affect the student's postsecondary education or vocation plans, including the ability to gain admission to a institution of higher education.
3. Whether any other options are available to the student, including, but not limited to, possible credit recovery, and any transfer opportunities available through the California Community Colleges.
4. The student's academic data and any other information relevant to making an informed decision on whether to accept the exemption and option to remain in school for a fifth year to complete the statewide coursework requirements.

If a Foster and Mobile Youth is not eligible for an exemption in the year in which the student transfers between schools, or for a newcomer pupil, is not eligible for an exemption in the student's third year of high school, because The School makes a finding that the student is reasonably able to complete The School's additional graduation requirements in time to graduate from high school by the end of the student's fourth year of high school, then The School shall do the following:

1. Within the first 30 calendar days of the ***following*** academic year, The School shall reevaluate eligibility;
2. Provide written notice to the student, the student's ERH, and the student's social worker or probation officer, if applicable, whether the student qualifies for an exemption, upon reevaluation, based on the course completion status of the student at the time of reevaluation, to determine if the student continues to be reasonably able to complete The School's additional graduation requirements in time to graduate from high school by the end of the student's fourth year of high school.
3. If, given their course completion status at that time the reevaluation is conducted, the student is not reasonably able to complete The School additional graduation requirements in time to graduate from high school by the end of the student's fourth year of high school, the School shall:
    i. provide written notice to the student and the student's ERH of the student's options to:
        1. Receive an exemption from all coursework and other requirements adopted by the governing board body of The School that are in addition to the statewide coursework requirements specified in Section 51225.3, or
        2. Upon agreement with the student's ERH to stay in school for a fifth year to complete the School's additional graduation requirements.

The student (if not a minor) or the student's ERH shall have sole discretion whether to accept the exemption, based on the student's best educational interests.

A student who is in foster care whose residence changes pursuant to a court order or decision of a child welfare worker shall be immediately deemed to meet all residency requirements for participation in interscholastic sports or other extracurricular activities.

Waiver of Fees for Afterschool Programs

CalOPS shall not charge any student who the Charter School knows is in foster care any family fees associated with an After-School Education and Safety ("ASES") Program operated by CalOPS.

Acceptance of Course Work: The Charter School will accept any coursework satisfactorily completed at any public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency by a Foster and Mobile Youth.

The Charter School will provide Foster and Mobile Youth credit for the partial completion of courses taken while attending a public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency. If the student did not complete the entire course, the Charter School shall not require the student to retake the portion of the course the student completed unless the Charter School, in consultation with the holder of educational rights for the student, finds that the pupil is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the Foster and Mobile Youth shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course. These students shall not be prevented from taking or retaking a course to meet California State University or the University of California admission eligibility requirements.

Student Records

When the School receives a transfer request and/or student records request for the educational information and records of a foster youth from a new local educational agency ("LEA"), the School shall provide these student records within two (2) business days. The School shall compile the complete educational record of the student, including but not limited to a determination of seat time, full or partial credits earned, current classes and grades, immunization and other records, and, if applicable, a copy of the student's special education records including assessments, IEPs, and/or 504 plans. All requests for student records will be shared with the Foster and Mobile Youth Liaison, who shall be aware of the specific educational record keeping needs of Foster and Mobile Youth.

The School shall not lower a foster youth's grades as a result of the student's absence due to a verified court appearance, related court ordered activity, or a change in the placement of the student made by a county or placing agency. If a foster youth is absent from school due to a decision to change the placement of the student made by a county or placing agency, the grades and credits of the student will be calculated as of the date the student left the School.

In accordance with the School's Educational Records and Student Information Policy, under limited circumstances, the School may disclose student records or personally identifiable information contained in those records to certain requesting parties including but not limited to a foster family agency and state and local authorities within a juvenile justice system, without parent/guardian consent. Students who are 16 years of age or older or have finished 10th grade may access their own school records.

Discipline Determinations: If the Charter School intends to extend the suspension of any foster youth pending a recommendation for expulsion, the Charter School will invite the student's attorney and an appropriate representative from the relevant county agency to participate in the meeting at which the extension of the suspension will be discussed.

If the Charter School intends to suspend for more than ten (10) consecutive school days or expel a student with a disability who is also a foster youth due to an act for which the recommendation for expulsion is discretionary, the Charter School will invite the student's attorney and an appropriate representative from the relevant county agency to participate in the Manifestation Determination Review meeting.

Complaints of Noncompliance

Complaints of noncompliance with this Policy shall be governed by CalOPS's Uniform Complaint Procedures. A copy of the Uniform Complaint Policy and Procedures is available upon request at the main office.

Reporting Requirements

The School shall report to the California Department of Education ("CDE") annually on the number of students who, for the prior school year, graduated with an exemption from the School's graduation requirements that are in addition to the statewide coursework requirements. This data shall be reported for students graduating in the fourth year and fifth year cohorts, and shall be disaggregated by cohort, student category, race, and disability status. The CDE shall make this data publicly available on an annual basis aligned with other reporting timelines for the California dashboard graduation data.

For purposes of this subdivision, "student category" means the categories of students identified in the "Definitions" section of this Policy, above.

Board Information Memo (BIM)
Renewal Contracts for 2026–27

SUBJECT: School Pathways Contract Annual Renewal

Category *(Contract Approval, Policy, Personnel, General Approval, etc.)*: Approval

Date: 9/8/26

Reason for Board Consideration *(Fiscal Policy, State Requirement, etc.)*: **Fiscal Policy**

Decision Type *(Action Item, Information Only, etc.)*:

Background *(Brief Summary of Background Information)* California Online Public Schools (CalOPS) utilizes School Pathways as its Student Information System (SIS) and Program Learning System (PLS) to support student enrollment, academic records, attendance and engagement documentation, compliance reporting, student data management, and other operational requirements across all six CalOPS schools.

School Pathways serves as a central component of the school's student data infrastructure and integrates with multiple instructional, assessment, special education, and operational platforms utilized by CalOPS. The 2026–2027 renewal includes the SIS and PLS, including SPArchiving, as well as integrations and data bridges supporting Canvas, SchoolsPLP/BUZZ, Clever, Incident IQ, i-Ready, SEDS, SEIS, and other systems. The agreement also includes REST API access for each of the six CalOPS schools.

The proposed agreement covers a 12-month period from October 2, 2026 through October 1, 2027 and is based on an enrollment of 8,653 students.

Rationale *(Why is this important and why is this coming to the Board):* School Pathways is an essential operational system for California Online Public Schools, supporting student information management, academic records, reporting, archiving, and integration with key instructional and operational platforms across all six schools. The renewal ensures continuity of the SIS and Program Learning System (PLS), including SPArchiving, as well as integrations with Canvas, SchoolsPLP/BUZZ, Clever, Incident IQ, i-Ready, SEDS, SEIS, and other systems used by CalOPS. Continuing with School Pathways maintains established systems, historical student records, integrations, and staff workflows while supporting the school's ongoing instructional, operational, data management, and compliance needs.

Evidence of Due Diligence: CalOPS staff reviewed the proposed School Pathways renewal to confirm the services, integrations, enrollment assumptions, and associated costs align with current school needs. The agreement is based on an enrollment of 8,653 students across six schools and covers a 12-month period from October 2, 2026 through October 1, 2027. Staff reviewed the individual subscription and integration costs included in the proposal, as well as the $27,720 Forms and Surveys credit, which reduces the annual fees from $650,243.32 to a total contract amount of $622,523.32. The review also considered

the importance of maintaining continuity with existing CalOPS systems and integrations and avoiding disruption to student data, reporting, and established operational processes.

Fiscal Impact: *(Please reach out to the Director or Assistant Director of Finance for guidance)*

*The annual School Pathways fees total **$650,243.32**. A **$27,720.00 Forms and Surveys credit** reduces the total contract amount to **$622,523.32** for the 2026–2027 contract period. The quote includes no additional one-time fees.*

*The largest components of the agreement are the Program Learning System (PLS), including SPArchiving, at **$505,594.79**; the SIS annual subscription at **$70,781.54**; and the Canvas two-way integration at **$50,533.52**.*

Potential Conflicts of Interest: *(Disclose if the business has any connections to CalOPS board members, employees, or their family members, as this may present a potential conflict of interest under CalOPS policy.)*
NA

Recommendation/Board Action (if applicable): It is recommended that the Board approve the School Pathways contract renewal for the period of October 2, 2026 through October 1, 2027, at the quoted amount of **$622,523.32**, subject to the terms of the agreement, to ensure continued access to the student information, program learning, data integration, archiving, and reporting systems necessary to support CalOPS students, staff, school operations, and compliance requirements..

CalOPS Fiscal Policy for Review Board DRAFT (4928-6759-3162.v2lc).docx.pdf

California Online Public Schools

Board Information Memo

SUBJECT: Fiscal Policy Review and Edits

Category (Contract Approval, Policy, Personnel, General Approval. etc.): Policy
Date: 9-8-26
Reason for Board Consideration (Fiscal Policy, State Requirement, etc.): Fiscal Policy
Decision Type (Action Item, Information Only, etc.): Action Item

Background (Brief Summary of Background Information):
The state of California recently passed AB 126. This has brought some welcomed transparency to Charter School financial procedures, including explicit language on how approvals come from the Board for expenditures over $100,000. All proposed changes to the Fiscal Policy are inline with AB 126. The largest section of change surrounds a new Comparable Bids Policy. Charter Schools are not held to the requirements of Competitive Bidding, CalOPS is focused on ensuring that public funds are spent responsibly, which is the rationale behind the policy describing how we will obtain and communicate comparable bids.

Rationale (Why is this important and why is this coming to the Board):
In order to continue to work towards clean audits and to ensure we continue to be good stewards of public funds, Board review and consideration for approval are needed. To help the members of the Board review the changes, they will be highlighted to follow:

- All edits needed to match AB 126
- Comparable Bids
- Credit Cards issued to individual employees sunset on 9-30-26
- Specific dates referring to legal deadlines will no longer be spelled out specifically and will be changed to the statement “as required by law”
- Signatories on contracts and expenditures will be Co-Superintendents only
- General formatting and grammar clean up

Evidence of Due Diligence:
The Comparable Bids section was drafted by Dr. Romero. This new Comparable Bids section and the entire Fiscal Policy was reviewed by legal counsel at YMC. After, initial legal review, suggested edits made by legal were reviewed by Dr. Romero, Dr. Savage, Mrs. Carter and Mr. Hertzler. In addition, a final review of edits was made with legal counsel in a synchronous meeting along with Dr. Romero, Dr. Savage, and Mrs. Carter.

Fiscal Impact:
This policy dictates all aspects of our fiscal operations.

Potential Conflicts of Interest: N/A

Recommendation/Board Action (if applicable):
Motion to approve the updated CalOPS Fiscal Policy.

Fiscal Policy

Updated October 2025

DRAFT REDLINE — PREPARED FOR LEGAL REVIEW

Not yet adopted by the Board of Directors

How to Read This Draft

This document shows proposed changes to the Board-adopted 2025-26 Fiscal Policy for discussion and legal review. ~~Struck-through text~~ marks language proposed for removal. Red text marks new or changed language. All other text is unchanged from the current Board-adopted policy.

LEADERSHIP / LEGAL REVIEW NOTE: This draft contains three categories of proposed change, summarized here for convenience: (1) raising the Board pre-approval threshold for purchases, payments, and contracts from $20,000 to $100,000 in each place it appears; (2) a new tiered "Comparable Bids" procurement process, including a purchase-splitting prohibition; and (3) replacing the current itemized meal reimbursement with a flat $100/day per diem. On the per diem specifically: CalOPS leadership has not yet decided whether to bring the $100/day figure to the Board for adoption. The FY2026 GSA meal per diem rate for California localities tops out at $92/day, and amounts paid in excess of the applicable federal rate are generally treated as taxable wages subject to withholding. This section is included at full detail so leadership and counsel can weigh that tradeoff before any amount is proposed to the Board.

GENERAL RESPONSE NOTES FROM COUNSEL:

Bidding and Board approval may be required at lower dollar thresholds in the relatively rare circumstances when competitive bidding does apply. We also changed the terminology throughout this new section to reflect the budget trailer bill's "reasonable market value" language. Note that the budget trailer bill has a number of other changes pertaining to contracts that become effective July 1, 2027. We have not added these provisions in your policy now but could do so early if you like.

On per diem, we suggest that you maintain the current policy.

California Online Public Schools
2025-26 Fiscal Policy

Introduction

Background

California Online Public Schools ("CalOPS") is a California public benefit corporation (the "Organization") with non-profit status from the IRS that operates a network of public charter schools known as California Online Public Schools. This network of charter schools is referred to as the School or Schools in this policy. The organization's Chief Executive Officer is known as the Superintendent and is assisted by a Deputy Superintendent and Assistant Superintendent. In areas of this policy that refers to all three roles, they will be known as the Executive Cabinet.

Purpose

The Board of CalOPS believes in implementing and following fiscal management practices to ensure that the Organization's funds are appropriately managed, to safeguard its assets, outline and enforce internal policies, and provide guidelines that are compliant with state and federal laws and regulations. In addition, this policy is to ensure that the financial decisions made by CalOPS leadership and its Board support the Organization's and its schools' mission while providing confidence and integrity to the public as recipients of public funds. Lastly, the policy and procedures will provide direction to help avoid any liability that could be attributed to the Board resulting from mismanagement.

The Organization refers to the "California Charter School Accounting and Best Practices Manual" developed by Fiscal Control and Management Assistance Team (FCMAT) for guidance in the reviewing and updating of these policies.

This Fiscal Policy and Procedures document includes policies on internal controls, legal compliance, conflicts of interest, as well as other financial and accounting procedures and protocols, such as budget development, authorized signers, use of credit cards, employee reimbursements, purchasing, payroll processing, and any other area pertinent to financial management. The Fiscal Policy and Procedures are intended to align with the School's charter petition and any Memoranda of Understanding (MOU) with its authorizing entity.

Compliance

Legal Compliance

The Schools will follow all the relevant laws and regulations that apply to California charter schools. Additionally, any applicable Federal laws and regulations related to grant funding received by the Schools will be followed. The Executive Cabinet will ensure that where there are specific requirements or restrictions on the expenditures of grant or categorical funds the Director of Finance along with the Assistant Director of Finance will see that these requirements are met.

Use of Public Funds

All monies received by CalOPs are considered public funds. The overarching principle in the spending of school funds is that all expenditures must clearly and directly be necessary and benefit the schools and support their purpose to provide a quality free education to the students within its eligible boundaries.

Nonpublic funds are dollars that are collected and retained by outside organizations such as booster organizations, associations and foundations. This also includes employee association accounts. The

schools and the nonprofit shall not act as custodian for privately funded monies of a separately maintained agency fund or account, such as a staff social fund paid for exclusively by employee contributions.

To protect from the misuse of public money, the use of school funds should be to provide a benefit to the public, and not to benefit any individual, employee, corporation or other agency. The public funds of the Organization and its Schools may be expended if a direct and substantial public purpose is served by the expenditure and private individuals are only benefitted incidentally by the promotion of the public purpose. Even if an expenditure has a noble or virtuous purpose (such as supporting an employee experiencing a loss), or a moral or justifiable obligation (such as gratitude for services provided), this is not sufficient to determine that a public benefit exists. If expenditures provide a direct and tangible benefit to students' education, such as for staffing costs, materials, software, administrative expenses, etc., then these are easily justified as providing the public benefit of educating the Schools' students. For expenditures which are not as direct or tangible, the Board must make a determination of the public purpose prior to expenditure of these funds. This may be done via the budgeting process, and/or on a case-by-case basis as needed.

When considering the use of public funds and whether an expenditure is appropriate, the schools and its board will consider the public scrutiny test outlines below:

- Is the expenditure within policy and how will it benefit the mission of our program and the success of our students?
- Will the tax-paying public view the expenditure as necessary to support public education?
- Can the expenditure be defended to a person outside of the organization?
- Would it pass the "smell test"?

Any expenditure that is not board approved and/or that does not benefit the schools' mission or our students will be denied. Any expenditure found to be an unlawful use of public funds will not be reimbursed and the employee may be subject to disciplinary action including legal liability, taxpayer lawsuits, civil and criminal penalties (California Government Code Section 8314 and Penal Code Section 424).

Please refer to the list of allowable and unallowable expenses based on standard FCMAT policies:

Political Contributions

As a 501(c)(3) organization, no funds or assets of CalOPS may be contributed to any political party or organization or to any individual who either holds public office or is a candidate for public office. The direct or indirect use of any funds or other assets of the schools for political contributions in any form, whether in cash or other property, services, or the use of facilities, is strictly prohibited. CalOPS also cannot be involved with any committee or other organization that raises funds for political purposes.

Following are examples of prohibited activities:

- Contributions and/or endorsements by an employee that are reimbursed through expense accounts or in other ways.
- Purchase by the organization of tickets for political fundraising events.
- Expenditures for political advertisements.
- Contributions in kind, such as lending employees to political parties or using the Schools' assets in political campaigns.
- Endorsement of or opposition to any ballot measure.

The Schools and Organization may expend a limited amount of funds on lobbying efforts on legislative matters which may have an impact on the Schools or Organization, such as proposed, pending or current legislative bills, and regulations. Typically, the resources used for this type of allowable activity would be a small amount of staff time to contact or meet with legislators. Staff time and other costs, if applicable, for such activities will be estimated annually and reported with the best estimate of cost on the Organization's tax returns.

The Schools will comply with any other federal and state laws and regulations regarding political contributions, lobbying, and expenditures. No federal funds, or assets obtained from federal funds, may be used for any political purposes.

The Organization's employees, Board members, and other representatives may engage in the above political activities on their own time, using their own personal assets and resources, however, they may not act or appear to be acting on behalf of the Schools or Organization, and may not use Organization resources to assist any non-allowable political activities. If the title of a school employee is used, it shall be used for name identification purposes only.

Record Keeping

To provide an accurate and auditable record of all financial transactions, the Schools' books, records, and accounts are maintained in conformity with the Generally Accepted Accounting Principles (GAAP) as applicable to Charter Schools.

Transaction ledgers, invoices, receipts, canceled/duplicate checks, attendance and entitlement records, payroll records, and any other necessary fiscal documents will be maintained by the Organization in accordance with applicable state law, and as required in any contract or agreement, in a secure location for at least seven (7) years as set out in the Records Retention policy, or as long as required by applicable law, whichever is longer. Appropriate back-up copies

of electronic and paper documentation, including financial and attendance accounting data, will be regularly prepared and stored electronically. Paper documents may be compiled and stored in an on-site or off-site location after completion of the annual audit. The Schools will not typically charge for the costs of copying records when records are being requested by an oversight agency, through a subpoena, or in accordance with public records regulations, however, the Schools reserve the right to do so at a rate not to exceed twenty-five cents ($0.25) per page. The School will attempt to provide records electronically, however, the actual cost of mailing records may be charged to the requestor. Copying charges only apply to the cost of reproduction, not to time spent searching for records. However, if electronic records are requested, the time needed to create an electronic version may be charged to the requestor.

Further, the School specifically requires that:

- No funds or accounts may be established or maintained for purposes that are not fully and accurately described within the books and records of the Charter School.
- Receipts and disbursements must be fully and accurately described in the books and records.
- No false entries may be made on the books or records nor any false or misleading reports issued.
- Payments may be made only to the contracting party and only for the actual Services rendered or products delivered. No false or fictitious invoices may be paid.

The Executive Cabinet and the appropriate support staff will work together to provide access to the School's financial records to School's charter authorizer upon reasonable request, including supporting records as requested.

Key Stakeholders

Board of Directors

Superintendent

~~Deputy Superintendent~~

~~Assistant Superintendent~~

Director of Finance

Assistant Directors

Financial Service Provider

Finance Department

The CalOPs Board is committed to reviewing and adopting the Fiscal Policy and Procedures routinely and will revise the policies if laws or regulations change during the fiscal year. This ensures the most effective use of the School's funds to support its mission and assures that the funds are budgeted, accounted for, expended, and maintained appropriately.

The Director of Finance, under the management of the Executive Cabinet, has responsibility for all operations and activities related to financial management. However, the Board and

Superintendent can appoint or delegate someone else to perform the responsibilities as needed.

Financial duties and responsibilities must be separated between the Director of Finance, Assistant Directors, Financial Service Provider, and other key members of the Finance Department to ensure that no single employee has sole control over authorizing transactions, recording financial transactions, and custody of assets.

Important Deadlines

- Adopted Budget (submitted by July 1st)
- Unaudited Actuals Report (submitted by September 15th)
- Audited Financial Statements (submitted by December 15th)
- First Interim Financial Report (submitted by December 15th)
- Second Interim Financial Report (submitted by March 15th)
- Form 990 tax return (submitted by May 15th with extension)

Budget

The Director of Finance, in consultation with the Executive Cabinet and with recommendations from the Financial Services Provider and other appropriate school staff, prepares an annual budget of revenues and expenses for Board approval. Budgets can be reviewed and modified as necessary throughout the school year to account for enrollment and revenue changes. Any adjustments to the budget will be shared with the Board during First Interims, Second Interims or any other time throughout the school year. These forward-looking budgets and projections are reviewed and approved by the Board at an open and public meeting prior to July 1st annually. Approved annual operating budgets will be submitted to appropriate

entities required by law in the format required by statute and/or regulation and/or contractual agreements, and by any required deadlines.

- Budgets will be prepared that show the revenues and expenditures and financial position for each School, as well as the Organization as a whole.
- The fiscal year (budget year) of the school is July 1st through June 30th. The appropriate accounting period is used for all adjusting entries and accruals.
- Financial statements displaying budget vs. actuals are prepared by the Financial Service Provider with the support of the Director of Finance and are to be reviewed by Executive Cabinet and are presented to the Board at each regular Board meeting. In the event that there is more than one regular Board meeting in a month, it shall only be presented at one of the meetings.
- All employees shall follow the Board-approved budgets, with exceptions approved by the Board.

Budget Development Process:

The budget development process starts with a review of the Governor's proposed state budget for

the upcoming fiscal year. This is typically shared in January and identifies the likely range of revenues for the school's upcoming fiscal year, as well as any cost-of-living adjustments. Once the revenue estimates are complete, projected enrollment changes and expenditures are discussed and are prepared for the remainder of the budget. This process includes a concise examination of staffing levels, fixed costs, discretionary spending, legal, auditing costs and facilities. Additional data from the department leaders such as usage, success rates, ease of use, department goals, and needs should also be considered for key program expenditures such as curriculum, professional development, systems, and supplies. Decisions should be finalized during the Leadership Retreat in March/April annually. The Financial Service Provider will input the financial decisions made by CalOPS into the agreed upon budget template to be approved by the Board.

The Governor's annual "May Revise" budget is made public in the spring and outlines the funding projection that will likely be included in the final state budget for the next fiscal year. With this information, the Director of Finance, Executive Cabinet, and all other key parties will work together and make any adjustments to the budget draft. This process involves a thorough review of the budget in its draft form to make sure all spending requirements set by law, contractual agreement, or otherwise are met. Finally, a five‑year budget projection is developed in accordance with the schools' established strategic and growth plans before providing it to the Board for approval by July 1.

CalOPS will work to maintain a minimum of 3% reserve at the end of every current school year and two subsequent fiscal years. The board is notified immediately with a plan and/or explanation when the reserve is projected to drop below this threshold. Reserves in excess of 10% will be taken into consideration to fulfill school needs outlined in the Components of the End Fund Balance section of the budget.

In addition to the budget, cash flow analysis (when needed throughout the budget cycle), budget projections, and budget revisions will be prepared periodically during the year to adjust for changes in revenue or expenses.

Budget Updates:

The Board-approved budgets will act as living documents throughout the school year. They will be used to monitor the financial health of the school and aid the Executive Cabinet as expenditures are considered throughout the year that were not previously budgeted for and have since been identified as a need. Budget updates will be prepared and presented to the Board of Directors for approval by the Director of Finance and Executive Cabinet with the support of the Financial Service Provider. Budget updates will be

considered and in some cases required throughout the year. The Board will approve the first interim and second interim budget reports.

The preferred first update is the day after census day, when attendance numbers are provided to the state as an official count of the students to determine the schools initial funding. At this time, the ADA projected and used to calculate revenues built in the initial budget should be compared to the census day number to ensure all the schools will get the revenue planned for to continue spending as planned in the approved budget.

The other two updates should occur during the First Interim and Second Interim reporting process. During these times, the Director of Finance, Executive Cabinet, and the Financial Service Provider will review actual revenue and expenditure data for monies received and spent for the current fiscal year to show the financial health of the schools, with consideration to the budget and other forecasted variables. Any findings and adjustments, under spending or over spending, would be identified during this time and transferred to the budget in the form of a Budget Update.

Financial Management

CalOPS and its schools' funds will be budgeted, accounted for, expended, and maintained in an appropriate fashion and in accordance with applicable Federal and State requirements. The Organization will maintain their accounting records and related financial reports on the modified accrual basis of accounting throughout the year and full accrual accounting at each year end. Each school within the organization will have its own financial records as necessary to allow for the review of the revenues and financial position of each School independently. Shared expenses are to be allocated and recorded on the basis of schools enrollment relative to the total enrollment for the organization.

Financial Reporting

The Director of Finance or designee working in conjunction with the Financial Service Provider, will produce and submit to the charter granting agency any and all required fiscal reports as may be required by state or federal law, or mandated by the terms of the schools' charter. These include, but are not limited to, attendance reports, enrollment and other data reports required by the California Basic Education Date System, and other related data. Additional reporting required by the SELPA, Department of Education or other entity will be prepared in the same manner.

The Board will be provided with all reports required by law for Board approval. The Board may request copies of any other reports at any time through the Director of Finance or Executive Cabinet.

The following reports will be prepared on a monthly basis, except in months when the Board is not meeting, by the Financial Service Provider, reviewed by the Director of Finance, and reported to the Board and/or its Treasurer.

- Revenue and Expense Statement for the current fiscal year – showing actual results for the months already past and forecasts for future months
- Balance Sheet(s)
- Payroll Registers and/or compensation summaries
- Monthly Check Registry

Corporate Tax Returns

The Board will annually engage someone to prepare and submit the annual tax returns (Form 990 and Form 199) for the corporation of the Organization. The Board (and/or the Audit Committee of the Board) will annually review its policies and practices to be sure it is complying with any regulations or

requirements of the Internal Revenue Service. Prior to submission of the tax returns, the Director of Finance, other designated staff of the school, and/or Financial Service Provider will review the tax returns for accuracy. Following completion of a final draft of the tax returns, the Board will receive and review the returns prior to the submission deadline. Appropriate extensions may be filed when needed. Typically, an annual extension from the November deadline to May is expected as the annual audit has not yet been conducted prior to November 15. Other extensions may be filed if necessary to allow for thorough preparation and review of the tax returns prior to submission.

Internal Controls

CalOPS will maintain the following principles in its ongoing fiscal management practices to ensure that, (1) expenditures are authorized by and in accordance with amounts specified in the board-adopted budget, (2) the Organization and Schools' funds are managed and held in a manner that provides a high degree of protection of the Organization's assets, and (3) all transactions are recorded and documented in an appropriate manner. Additionally, as a publicly supported entity, the school acknowledges the additional responsibility to ensure the public's confidence and the integrity of the schools' activities.

To help ensure adequate internal controls, the School has established, implemented, and maintained these policies and procedures based on laws, regulations, and sound business principles and communicates them to those involved (e.g., School staff). It is essential that all employees, volunteers, and students (when necessary) be aware of expectations regarding internal accounting controls. The District Office provides annual training for all individuals who are expected to follow these policies and carry out their procedures. Executive Cabinet will ensure that, wherever possible, more than one person is trained for each function (cross-training).

The internal controls that are outlined in this policy have been put in place to help prevent fraud and malfeasance through a number of checks and balances embedded in each financial task. They include maintaining multiple layers of fiscal oversight in our policies and procedures at all times.

- An independent financial auditor conducts annual financial audits. This selection will be board approved and shared with our authorizers annually by April 1st.
- A Financial Service Provider is used to: compile financial statements for reporting purposes to stakeholders, input and review external transactions, ensure proper segregation of duties, disburse funds (e.g. check writing), and ensure fiscal compliance.
- The Board of Directors is provided all major financial statements and financial reports to approve during the subsequent board meeting.
- The Director of Finance or designee authorizes reimbursements and the use of credit cards by key executives (i.e. executive cabinet members, directors, assistant directors, principals and assistant principals)
- Major financial statements (e.g. Audited Financial Statements) are provided on the school's website.
- Financial presentations are made at monthly Board meetings, which are attended by Executive Cabinet, board members, other stakeholders and members of the public.

If issues with the School's internal controls are identified through any means, the Executive Cabinet will inform the Board and the District Office will work with the leadership team to address such issues as soon as possible.

The basic components of internal controls, set forth in this policy, include the following:

- Segregation of duties

- System of checks and balances
- Staff cross-training
- Controlled use of pre-numbered documents, i.e., checks
- Asset security and restricted access
- Timely reconciliations
- Up-to-date inventory records
- Appropriate review and approval of transactions
- Comprehensive, up-to-date annual budget
- Expectation that all staff and the District Office, including administrators, will follow all internal controls

Audit

The Board or its Audit Committee (if one exists) shall contract for the services of an independent public accountant to perform an annual fiscal audit in compliance with State law. The audit shall cover the business of the Schools and Organization during the full fiscal year; be a financial audit conducted in accordance with generally accepted auditing standards; and, include, but not be limited to all audit procedures contained in the California K-12 Audit Guide. The audit shall be completed and submitted to the Board for review at a public meeting as soon as reasonably possible following the close of the fiscal year for which the audit is conducted. The audit report, after review by the Board of Directors, will be submitted to the Charter granting agency, California Department of Education, County Superintendent of Schools, and State Controller's Office by December 15th of each year. The Schools will address any audit exceptions or adverse findings through audit correction plans.

The Audit engagement and review process may be conducted by the Board's Audit Committee (if one is formed) on behalf of the Board.

Segregation of Duties

To ensure proper internal controls, the duties of custody, approvals, recording, and reconciliation have been delegated and are kept separate. The segregation of duties is to avoid exposing the schools to a higher risk of potential cash skimming, delayed deposits, or other errors or

irregularities by implementing a dual role processing system to avoid one sole person from being able to complete a financial related task from start to finish.

The following structures have been established and will be maintained with the oversight of the Director of Finance and the Executive Cabinet to properly segregate duties within CalOPs. The Director of Finance, Assistant Directors of Finance and Executive Cabinet share the responsibility amongst themselves for authorizing, initiating, approving, and executing transactions; never completing two consecutive steps without a different approved staff completing the in-between step. The appropriate Finance Department staff and the Financial Service Provider are responsible for recording, reconciling, reporting, and reviewing transactions; never completing two consecutive steps without a different approved staff completing the in-between step. In this capacity, these individuals are responsible for:

- Setting a good example by following established policies and procedures.
- Ensuring that all staff, volunteers, and others associated with the schools are informed about and follow established policies and procedures.
- Providing continual assistance and training for all staff members involved in all aspects of financial management, including purchasing and procurement practices.

- Take immediate action when an infraction occurs.

The Organization will develop and maintain Purchase Requisition, Purchase Order and Payment Request forms to document the authorization of non-payroll expenditures. Such documentation may be accepted via an electronic processing software, such as but not limited to DocuSign, through a designated procurement software or paper form. Any purchases and payments over ~~twenty thousand ($20,000)~~ one hundred thousand ($100,000) dollars must be approved by the Board of Directors during the subsequent board meeting before being sent to the vendor to confirm the agreement and/or payment. All purchases must be reviewed by a combination of the Finance Department, Director of Finance, Assistant Director of Finance and/or Executive Cabinet, please reference the Finance Department Handbook for specifics. All payments must be approved by the Director of Finance and an authorized bank signer, or the Director of Finance and two for amounts of five thousand ($5,000) dollars or more. If a purchase order is issued, and the subsequent invoice changes more than 10% during the time of the exchange of said goods and services, a new purchase order must be created and approved prior to the transaction being completed.

Expenditures that do not require a Purchase Requisition, Purchase Order, or Payment Request Form such as reoccurring or standard operating expenses can be paid in the form of a check, ACH or Wire transaction following the segregation of duties as outlined in the Finance Department Handbook. These duties start with a review from appropriate staff in the Finance Department, followed by oversight from the Director of Finance or designee, then signed by authorized bank signers before being sent to the Financial Service Provider for final processing. Any amount over five thousand ($5,000) dollars will require a signature from two authorized bank signers.

ACHs and wire transactions must be initiated by designated staff within the Finance Department. The Director of Finance, Assistant Directors of Finance and the Executive Cabinet are responsible for authorizing, initiating, approving, and executing transactions; never completing two consecutive steps without a different approved staff completing the in-between step. For

instance, the Assistant Director of Finance can not initiate a payment he/she authorized nor can he/she approve it. Once payments have been processed, all supporting documentation is to be shared with the Financial Service Provider for proper accounting.

The Finance Department may issue district credit cards to certain employees for use in their jobs and oversee their usage. The employee assigned to the district credit card must sign that they have received, understand and agree to the terms of the District Credit Card Policy before issuance. Once in the possession of the district credit card, they are solely responsible for all purchases on the card and for ensuring that the card is not used by unauthorized personnel. Card numbers may not be distributed and should not be saved on any public devices and/or unsecured online accounts. District credit cards are issued for business related expenses, such as food and lodging while on Organization approved business travel. This includes booking travel transportation such as: flights, car rentals, and approved rideshare cost and/or purchasing meals while traveling in accordance to the more recent Travel Policy. All purchases other than travel must be pre-approved by the Director of Finance with a Purchase Requisition Form. All purchases must also be within the guidelines of this policy. Misuse of the card will result in cancellation of the card, withdrawal of the employee's district credit card privileges, and discipline up to and including potential termination of employment. If the card is used for an employee's personal expenses, California Online Public Schools reserves the right to recover these monies from the employee cardholder. The method will be up to the discretion of the Superintendent of California Online Public Schools.

In all cases, payments for operational services (lease payments, payroll and other taxes, ongoing marketing efforts, utilities, student related-service providers, etc) contracted by the schools, and previously approved by the Board do not need to be countersigned or dually approved. All transactions will be posted on an electronic general ledger by a bookkeeper or through the account manager assigned by the approved financial services provider. This ledger will be maintained either with the local

contracted bookkeeper, or with the Financial Service Provider in alignment with the standardized account code structure (SACS) and generally accepted accounting principles (GAAP),and will be available upon request by the Organization or any School at any time. To ensure segregation of recording and authorization, the bookkeeper or assigned account manager may not co-sign check requests or purchase orders or approve purchases or expenses.

New bank accounts or changes to existing bank accounts may be initiated by the Director of Finance, Superintendent or Board Chair with Board Approval. Each school is to have at least one account to receive and expend monies dedicated to the operational needs of the school. For all funds, the Board must appoint and approve all individuals authorized to sign checks or electronic payments in accordance with these policies. The Executive Cabinet and Director of Finance act as the Account Administrators and will be responsible for managing access and the internal controls through a dual process initiation and approval process with no one person able to complete both steps. Bank access is to be limited to assigned board members, Superintendent, appropriate employees in the Finance Department, Director of Operations and Director of Educational Services and the Financial Service Provider unless otherwise approved by the Board of Directors. Money transfers outside of the internal accounts must follow a dual approval process limited to one Executive Cabinet member, the Director of Finance or Assistant Director of Finance, with no one person doing more than one step consecutively. Additionally, the

Financial Service Provider may be given access to initiate and approve payroll transactions also using a dual initiation and approval process. Fraud protections, including but not limited to Positive Pay and ACH Block or the equivalent, will be established on all accounts and reviewed annually for the most secure options.

The Schools may hold funds received on behalf of the school in a county treasury account and passed through to the Organization's commercial bank upon request of the Director of Finance, Executive Cabinet and/or board approved designee when required by the MOU. Transfer from these accounts may be pre-scheduled or per request. Requests can be initiated by the Superintendent, Director of Finance or designee or the Board Chair. Funds can be moved electronically or via check.

Cash and checks collected for CalOPS must be handled, verified and deposited by at least two different staff separately and recorded by the Finance Service Provider. At no time should one sole person perform two consecutive steps of the cash handling process. All persons handling cash on behalf of the schools must complete a mandatory training prior to participating in any collection of cash. All funds must be promptly logged in a receipt log and securely stored until transferred to the designated staff members for processing and deposit. Deposit will be reconciled by the Financial Service Provider at month end.

All agreements in the amount of ~~twenty thousand ($20,000)~~ one hundred thousand ($100,000) dollars or more require board approval. Unless otherwise authorized or designated by the Board, all contracts entered into by the CalOPS for a monetary amount over ~~twenty thousand ($20,000)~~ one hundred thousand ($100,000) dollars shall require the signature of the Superintendent or Board Chair. Routine contracts for the operation of the School such as for field trips, school events, state testing proctors and testing sites, janitorial services, other services etc. in a monetary amount of less than ~~twenty thousand ($20,000)~~ one hundred thousand ($100,000) dollars may be signed by the Executive Cabinet, Principal, Director of Finance, Director of Business Services or Director of Education Services. All contracts must be shared with the Finance team for budget consideration and oversight.

Fraud Protection

It is in the best interests of the Schools and Organization to prevent fraud. Reporting of potential fraud is encouraged, and employees have access to the whistleblower policy included in the Employee Handbook. The employee policies also include a description of both unethical behavior and of the professional and ethical behavior expected of all employees of the Organization. Methods to report unethical conduct are described, including confidential and anonymous methods to raise a concern or report fraudulent or

otherwise illegal or unethical behavior. Creating a culture of professional and ethical behavior is an important goal which the leadership and management staff of the Organization are responsible for.

Strong internal controls also prevent fraud and misuse of School funds. The administrative staff is responsible for creating and carrying out strong internal control processes, for being well informed about the various types of fraud, for creating a culture of accountability and honesty, and for implementing actions to limit the possibility of fraud. The internal controls, as described throughout this policy, help limit the opportunity, incentive, capability and rationalization which

make fraud more likely, and also helps to identify the person suspected while excluding innocent individuals from suspicion.

The School's accounting data will be backed up regularly by the designated staff in the Finance Department and the Financial Back Office Service Provider to ensure the recoverability of financial information in the event of fraud or lost data due to other uncontrolled reasons. Further, the School specifically requires that:

- No funds or accounts may be established or maintained for purposes that are not fully and accurately described within the School's books and records.
- Receipts and disbursements must be fully and accurately described in the books and records.
- No false entries may be made on the books or records, or any false or misleading reports issued.
- Payments may be made only to the contracting party and only for the actual services rendered or products delivered. No false or fictitious invoices may be paid.
- All accounts will include the most up to date security functions such as ACH Block and Positive Pay.
- Employees are responsible for immediately reporting questionable or suspicious activity to their Supervisor, the Executive Cabinet or the Schools' Board of Directors. This includes reporting any concerns regarding the potentially improper activity. This could range from financial concerns such as theft or misstated financial statements to workplace concerns such as harassment, discrimination, safety issues, substance abuse, etc.

Conflict of Interest

CalOPS complies with all applicable laws regarding conflicts of interest and related party transactions, including, but not limited to, the California Corporations Code, the Political Reform Act, and Government Code section 1090.

It is the policy of CalOPS that all school officials, including board members, officers, and employees, shall not place themselves in any position where their private, personal interests may conflict with their official duties, or where they may directly or indirectly receive personal financial gain through direct or indirect personal influence. School decision-makers shall be neither personally nor financially interested in any contract made by them in their official capacity.

Related Party Transactions

Related party transactions shall include but not be limited to transactions between a school and members of the Board, management, contracted management organization, employees, related individuals and affiliated contractors/consultants. Examples of related individuals within the scope of this definition include spouses, domestic partners, parents, children (natural adopted, legal or guardianship), step-relationships, spouses of children, grandparents, grandchildren, siblings, father-in-law, mother-in-law, sister-in-law and brother-in-law of a board member or school employee.

The schools will not be operated for the benefit of any affiliated or unaffiliated organization or any individual in his or her own private capacity or individuals related to the Charter School or members of its management, unless the private benefit is considered merely incidental. This private benefit preclusion will extend to:

A. Sale or exchange, or leasing, of property between the agency (Charter School) and an affiliated or unaffiliated organization or a private or related individual.

B. Furnishing of goods, services or facilities between the agency and an affiliated or unaffiliated organization or a private or related individual.

C. Payment of compensation, unless authorized by the Board of Directors, by the School to an affiliated or unaffiliated organization or a private or related individual.

D. Transfer to, use by, or for the benefit of a private or related individual of the income or assets of the Schools.

Nepotism

Nepotism describes a work-related situation in which there is the potential for favoritism toward a family member (such as giving a job, promotion, biased performance reviews, or more favorable working conditions) based on the familial relationship.

It is the policy of CalOPS to avoid Nepotism, which means to avoid creating or maintaining circumstances in which the appearance or possibility of favoritism, conflicts of interest, or management disruptions exist due to a relationship between a school decision-maker and his or her family member. This policy ensures effective supervision, internal discipline, security, safety, and positive morale in the workplace and to avoid the potential for problems of actual or perceived favoritism, conflicts in loyalty, discrimination, and appearances of impropriety or conflict of interest. This policy applies to all school board members, employees, individual consultants hired or retained by the school, and school services providers hired or retained by the School.

Relationships between School board members, employees, consultants, or school services providers are permissible under the following circumstances:

(a) Family Members of the School board members shall not be eligible for employment. Family members, for this purpose, shall be spouses, domestic partners, parents, children (natural adopted, legal or guardianship), step-relationships, spouses of children, grandparents, grandchildren, siblings, father-in-law, mother-in-law, sisterin-law and brother-in-law of a board member.

(b) Family members of employees, individual consultants, or school services providers shall not be hired for or retained in an employment position if one family member would have the authority or be in a position to supervise directly or indirectly, hire, or discharge the other.

(c) Any time an employee, individual consultant, or school services provider is a family member of another, the relationship shall not adversely impact work productivity or performance. The determination of whether there is an adverse impact shall be in the discretion of the supervisor(s) of the employee(s), consultant(s), or school services

provider(s), or in the case of a board member, in the discretion of the school board of directors.

(d) Any time a board member, employee, individual consultant, or school services provider is a Family Member of another; the relationship shall not create an actual conflict of interest under the law and shall not create a detrimental perceived conflict of interest. The determination of whether there is a detrimental perceived conflict of interest shall be in the discretion of the supervisor (s) of the employee(s), consultant(s), or school services provider(s), or in the case of a board member, in the discretion of the school board of directors.

In implementing this policy, it is permissible to ask an applicant, potential consultant, or school services provider to state whether he or she has a family member who is presently employed by or on the Board of the school, but such information may not be used as a basis for an employment decision except as stated herein.

Human Resources shall coordinate with the current employee's direct supervisor to develop appropriate plans to ensure that a family member's employment does not conflict with this policy. If the situation cannot be resolved by a transfer, then Human Resources will deny the employment application.

Human Resources will investigate reports of nepotism and take appropriate action. Employees must immediately disclose changes in their personal situations to Human Resources, which may be covered by this policy. Supervisors may inquire about the family relationship between employees to determine the appropriateness of the working relationship under this policy. The Board shall make the final determination concerning potential conflicts with this policy involving the school decision makers.

Accounting

The accounting policies and financial reporting adopted are consistent with the not-for-profit requirements of the Financial Accounting Standards Board (FASB). FASB is the recognized standard setting body for establishing not-for-profit accounting and financial reporting principles.

The accounts of the Schools are organized on a basis of the California School Account Code Structure or SACS. The operations of the fund are accounted for by providing a separate set of self-balancing accounts, which comprise its assets, liabilities, net assets, revenues and expenditures.

General Operating Fund

This fund of each respective school is used to account for all financial resources associated with the operation of each respective school.

Inter-school Transfers, Intra-organizational Loans and Blending of Funds

The Organization governs and operates multiple charter schools. It is important to keep accurate fiscal records for each school separately as each is its own Local Educational Agency for funding purposes, and each has its own authorizer and serves students in different counties. It is also important to maximize efficiency of operations and keep fiscal records for the Organization as a whole. For this reason, funds from the different Schools may be commingled but shall not be blended, as defined below.

Commingling mixes or joins funds, however the origin and use must be identity or source and the use of the funds must always be traceable to the school originally allocated to, audited and documented. Funds may be mixed together, but they shall be accounted for separately.

Blending occurs when the origin, identify, source or use of the funds is lost or unidentifiable, and the transaction cannot be traced. The source of funds must be matched with the use of funds, and if the funds sources and uses cannot be tracked to the origin, identity and purpose, then the funds would be considered blended and the transaction is not auditable. Blending of funds should not occur.

Commingling of funds to such an extent that the funds become blended is prohibited. Inter-fund or inter-school loans and due to/due from transactions are allowable with advance Board approval and in accordance with the standards set forth in the FCMAT Charter School Accounting Manual. Because one non-profit corporation with one federal identification number oversees and operates multiple charter schools, allocation of expenses will take place, however, the accounting system and methods will be in place to ensure that blending of funds does not take place. In occurrences where school expenses are shared, central cost can be allocated to the schools based on a rational of attendance percentages.

Transfer of Special Education funding between Schools of the Organization is not allowed under the policies of the Special Education Local Plan Area unless it is done in accordance with the Board approved Fund Reallocation Policy. The organization shall avoid in transfer of Special Education funds between schools, as best as possible.

If there is a need for one School to access funds from a different School in the Organization, temporary transfer of funds is allowable from a school with surplus funds to a school in need of funds. This type of transfer will take place as a Intra-Organizational Loan with Board approval and with the following terms:

- All intra-organizational receivables and payables that are settled or result in a zero balance as of the end of the fiscal year, as of the time the books for each school are closed, are not subject to any repayment terms or interest accruals.
- Any intra-organizational receivables and payables that are not settled to a zero balance as of the end of the fiscal year (as of the time the books for each school are closed) may be converted to an intra-organizational loan agreement, which will include the terms of repayment, the interest rate, which, if not zero, shall be reasonable, and the duration of the loan. The final terms of such a loan are subject to approval by the Board at the next regular meeting, but no later than prior to the completion of the annual audits.

Revenues

The Schools will record revenue on the modified accrual basis of accounting, consistent with generally accepted accounting principles applicable to special-purpose governmental units.

Reserves and Fund Balance

Each School will maintain a minimum cumulative ending fund balance as a “Reserve” that is at least ten thousand ($10,000) dollars. The goal for each school would be a minimum reserve amount that is equal to 3% of the annual expenditures, with an ideal target of 10% of annual expenditures. However, one purpose of the reserve funds is the use in a year when revenue is lower so that school services and programs do not need to be reduced. The cumulative ending fund balance, otherwise known as the School’s Reserves, will be considered “Unassigned/Unappropriated” unless the Board takes action to assign some or all of the Reserves to a particular designation.

Expenditures

Expenses will be recorded on a full accrual basis, if material, because they are always measurable when they are incurred.

Cash Management

A schedule of aged accounts and grants receivable is prepared monthly for each school. Aged account payables and receivables are also reflected in regular financial materials provided to the Director of Finance and key members of the Finance Department. Appropriate collection procedures are initiated, when necessary.

Outstanding checks aged over ninety days from the issue date will be flagged as outstanding and reviewed. After 180 days, the Finance Department will initiate follow-up procedures. This includes:

- Confirming with the vendor or payee whether the check was received.
- Reviewing mail delivery status and payment address.
- Determining if the check is lost or requires reissuance.

The Finance Department is responsible for tracking all receivables owed to CalOPS, including vendor credits, state or federal monies and third-party payments related to services or grants. No check should be withheld from the deposit unless it is legally imperfect (e.g., no maker signature). All account receivable

entries must be recorded in the financial system with appropriate documentation and reviewed as part of the reconciliation process.

CalOPS reserves the right to collect payment for any fees incurred due to checks that are returned for insufficient funds or other bank-related issues. The School should never provide cash to any individual or organization in exchange for their personal checks.

Credit memos and adjustments must be reviewed and approved by the Director of Finance or designee. All write-offs or uncollectible balances must be presented to the Superintendent for review and documented in the schools' financial records.

Electronic Cash Collections

CalOPS may accept electronic payments for approved activities through board-approved platforms such as Zelle or similar systems. All payments must be directed to official CalOPS accounts designated by the Finance Department. Under no circumstance may payments be sent to or accepted through personal accounts.

General Ledger

Each school will maintain its own accounting system, General Ledger activity and General Ledger closeout. To ensure that all General Ledger entries are current, accurate, and complete major controls have been established.

1. Timeliness of Entries — All entries are made soon after the underlying accounting event to ensure the financial records and reporting is current.
2. Support Documentation — All entries are supported by adequate documentation that clearly shows the justification and authorization for the transaction.
3. Audit Trail — A complete audit trail is maintained by the use of reference codes from source documentation through the books of original entry and General Ledger to periodic reporting statements.

At the end of each month, a trial balance of all General Ledger accounts is prepared by the Financial Service Provider and reviewed by the Director of Finance. At the end of the fiscal year and after the annual audit, all income and expense accounts are closed out; and the general ledger balances must be aligned to the audited financial statements.

Compensations

Board Compensation

CalOPS Board members shall serve without compensation, but may be reimbursed for actual and necessary expenses incurred while engaging in CalOPS business. This may include communication stipends. All expenses need to be reasonable and allowable uses of public funds. All expenses reimbursed shall be documented by receipts and in no event may reimbursements exceed actual expenses.

The Board member incurring authorized expenses while carrying out the duties of the Schools will complete and sign a reimbursement report for the full board to review at the subsequent board meeting. The full Board will review the reimbursement report, and if they approve the report, it will be submitted to the Finance Department for payment.

Volunteer Compensation

Individuals volunteering with CalOPS shall do without compensation, but may be reimbursed for actual and necessary expenses incurred while engaging in CalOPS business. All expenses need to be reasonable

and allowable uses of public funds and pre-approved by the Director of Finance or designee. Eligible travel expenses and amounts will follow the employee eligible expenses outlined in this policy.

Executive Compensation

At the time of hiring or increasing the compensation (including benefits costs) of any executive leadership position, the Board will review a comparison of salaries for such positions or positions with similar job duties at comparative schools or organizations and make a determination, to be recorded in the minutes of the Board, that the proposed compensation for each position is “just and reasonable”. The compensation study will be performed by an independent consultant or legal counsel who reports directly to the Board of Directors, not a subordinate of any of the executives.

Employee Compensation

Employees will be paid based on their position on the Board approved salary structure determined at the time of hire or most recent position change. Employees will be compensated based on their contract as a CalOPS employee under the following categories: full-time or parttime and 12-month or 10-month.

Discretionary Incentive Pay Policy

Qualifying employees of California Online Public Schools, a nonprofit public benefit corporation may, from time to time, be awarded discretionary incentive pay subject to the terms and conditions of this Discretionary Incentive Pay Policy (“Policy”).

Employer shall determine, with board approval, the following: (1) if any incentive pay will be awarded; (2) the amount of the incentive pay to be awarded; (3) additional eligibility factors for incentive pay, if any; (4) the recipients of the incentive pay; and (5) when incentive pay will be awarded and paid to recipients. Employees shall have no expectation of receiving any incentive pay under this Policy and there is no guarantee that an employee’s receipt of incentive pay will result in receipt of any future incentive pay. This policy may be amended from time to time at the Employer's sole discretion, with Board approval

Minimum Eligibility Requirements

To be eligible for incentive pay under this Policy, the employee must, at a minimum, be listed as a paid employee by the Employer on the date the payment is to be made. The Superintendent, with Board approval, may impose additional eligibility requirements in his or her sole discretion.

New Hire Payment

To help CalOPS hire the best possible candidates for employment and/or to fill those positions that are difficult to fill or are high-need, the schools have discretion to offer newly hired employees a one-time hiring incentive payment of up to ten thousand ($10,000) dollars per employee, with Board approval. CalOPS may award new hire payments where the Superintendent and Board agree that any of the following conditions exist: the position is in high need, there is a lack of qualified applicants, there is an urgency to fill the position, and/or any other relevant consideration.

Retention Payment

The Board has the ability to approve Retention Payments to help CalOPS retain qualified employees, build institutional knowledge and promote stability throughout the school. Any such retention payment may be paid to the employee in installments over the course of the school year and the employee’s right to payment must be conditioned on his or her continued employment with CalOPS on the date the retention payment is to be made.

Performance Payment

The Board has the ability to approve Performance Payments to encourage and reward excellent performance. Determination of such payments, shall be based on any of the following achievements or contributions by the employee as an individual or by the school as a whole: curriculum development, student performance improvements, positive evaluations, and/or any other relevant consideration. Employees must have advance administrative approval to undertake curriculum development or other projects that could qualify for a performance payment.

Independent Contractors

If the Organization or School engages anyone to provide services who are classified as an Independent Contractor, the Organization will track and document the payments in a manner that will allow reporting to the IRS as required by law (https://www.irs.gov/businesses/smallbusinesses-self-employed/am-i-required-to-file-a-form-1099-or-other-information-return). A determination must be made in accordance with current state and federal guidelines as to whether a service provider qualifies as an Independent Contractor. If the contractor does not meet the currently recognized standards as an independent contractor, then that person may need to become an employee of the Organization in order to provide the service. The Finance Team and/or the Financial Service Provider in support of Human Resources will be responsible for the required annual reporting for all Independent Contractors hired directly by the Organization and/or Schools and will require appropriate documentation to support the proper reporting to the IRS and other applicable agencies, including collecting an IRS W9 form from each contractor upon engagement, and then as needed when information is updated by the contractor.

Payroll

Payroll responsibilities are shared between the Human Resource Department, the Finance Department and the Financial Services Provider and consist of personnel requirements, personnel data, timekeeping, payroll processing and execution tasks.

All appropriate payroll‑related documentation must be provided to the Human Resource Department and filed with other relevant personnel data before any wages can be paid. Items include a federal I‑19 form, state and federal tax withholding forms, and an accounting of the use of sick leave.

The Human Resources Department will establish and oversee a system to prepare time and attendance reports and submit payroll data to the Financial Service Provider to prepare payroll checks, tax and retirement withholdings, tax statements, and to perform other payroll support functions. Payroll statements will be reviewed throughout the year to ensure that (1) the salaries are consistent with staff contracts and personnel policies and (2) the proper tax, retirement, disability, and other withholdings have been deducted and forwarded to the appropriate authority. Payroll is processed within 10 days after the period in which it is earned for hourly and salary employees and delivered on the 10th and 25th monthly with adjustments made for holidays and weekends to be delivered the last business day prior to. Finance will ensure adequate funding is available for each pay period, conduct reconciliations of aged payroll checks, issue stop payments and work with the Financial Service Provider to have payments reissued. Payroll payments can be reissued if lost once a payment is verified as not cashed/sent or if a check has been voided due to our aging checks policy. Stolen checks may be reissued once a complete investigation with the school and the bank is conducted and a fraudulent activity claim has been made.

Timesheets

All hourly employees will be responsible for completing a timesheet including vacation, sick, and holiday time (if applicable). The employee and the appropriate supervisor will submit and approve the completed timesheet. Incomplete timesheets will be returned to the supervisor and employee for revisions before the

pay period has been locked by the HR Payroll Team. If an employee is unexpectedly absent and therefore prevented from working the last day of the pay period or submitting in the timesheet (such as an employee calling in sick), the employee is responsible for notifying their supervisor or the HR Payroll Team to make other arrangements for the timesheet to be submitted on their behalf.

The designated Human Resource employee will maintain written records of all full-time employees' use of sick leave, vacation pay, and any other unpaid time.

1. The designated Human Resource employee will immediately notify the Executive Cabinet if an employee exceeds the accrued sick leave or vacation pay or has any other unpaid absences.

2. Records will be reconciled when requested by the employee. Each employee must

maintain personal contemporaneous records.

Overtime

Advanced approval in writing by the authorized supervisor is required for compensatory time and overtime. Overtime only applies to non-exempt employees and is defined as hours worked in excess of eight (8) hours within a day. Any hours worked in excess of an employee's regular work schedule must be pre‑approved by the supervisor, unless it is prompted by an emergency. Overtime will not be granted on a routine basis and is only reserved for extraordinary or unforeseen circumstances. If a supervisor identifies a recurring need for overtime in any given position, the supervisor should immediately consult with the Executive Cabinet and Director of Finance for further guidance.

Payroll Taxes and Reporting

The Financial Service Provider will prepare payroll check summaries, tax and withholding summaries, and other payroll tracking summaries based on the reporting submitted. The Financial Service Provider will also prepare the state and federal quarterly and annual payroll tax forms for income tax withholdings, Social Security and Medicare and submit the forms to the respective agencies on behalf of the school. The Financial Service Provider will prepare the quarterly state returns for unemployment and disability, review the forms with the Human Resource Department, and submit the forms to the state on behalf of the school upon request.

Student Attendance Accounting

The Director of Finance or designee, in consultation with the Director of Operations and the Executive Cabinet, will establish and maintain an appropriate attendance accounting system to ensure each School claims only the average daily attendance that it is entitled to under state law. The annual audit will review actual attendance accounting records and practices to ensure compliance. The attendance accounting practices will be in conformance with the Charter Schools Act and the applicable California regulations defining Charter School Average Daily Attendance (ADA). In doing so,

1. ADA will be computed by dividing the actual number of days of student attendance by the number of calendar days of instruction by the School.

2. The School's instructional calendar will include at least 180 days of instruction to avoid the fiscal penalty for providing fewer than 180 days of instruction as provided by regulations. The calendar must also document that the school offers an amount of annual minutes of instruction as required pursuant to applicable law.

3. Independent study must be pre‑arranged by the student's parent or guardian and the School and that the parent or guardian will be required to complete and submit documentation of engagement in

instructional activity to the school in our student learning platforms as outlined by the school during orientation. Such study shall be in full compliance with law governing independent study.

Property and Liability Insurance

The Organization shall ensure that the School retains appropriate property and liability coverage in accordance with the respective state law. Directors and Officers liability insurance for the Board shall also be obtained. Insurance will be kept in force at all times with any minimum limits as outlined in the charter and state law. Certificates of insurance and/or additional insurance requirements will be provided upon request in order to meet the needs of the Organization and Schools. The Organization may also seek out and obtain additional insurance coverage, upon approval by the Board, if in the best interests of the Organization.

Assets and Liabilities

Bank Accounts

Bank Accounts for the indicated purpose and limitation(s) have been authorized by the Board of the Schools at a Federal Deposit Insurance Corporation (FDIC)-insured bank.

Petty Cash

In addition, each office may maintain a petty cash fund not to exceed three hundred ($300) Dollars. Petty cash may be used for minor school-related expenses under fifty ($50) dollars and will be reconciled monthly. If the balance drops below one hundred ($100) dollars, the front desk designee may request a replenishment from the Finance Department using a completed Petty Cash Replenishment Form and attached receipts. Receipts must accompany all disbursements.

All use of petty cash requires pre-approval from the Director of Finance or a designated staff member in the Finance Department. Unauthorized or undocumented use of petty cash may result in denial of reimbursement, revocation of access, and referral to Human Resources for potential disciplinary action.

Accounts Payable

Only valid accounts payable transactions based on documented vendor invoices, receiving reports or other approved documentation are recorded as accounts payable.

CalOPS will pay its vendors via check, ACH or wire transfers. Vendors are required to submit all invoices to finance@californiaops.com, sped-finance@californiaops.org or via mail. Vendors and suppliers are paid as their payment terms require, taking advantage of any discounts offered. If cash flow problems exist, payments are made on a greatest dependency/greatest need basis or as determined by the Director of Finance.

Accrued Liabilities

Accounting entries that reflect expenses that have not yet been paid or logged under accounts

payable during an accounting period will be considered and recorded as accrued liabilities. Some costs are salaries, wages earned, and payroll taxes, together with professional fees, rent, and insurance costs incurred, but unpaid, are reflected as an accrued liability when entitlement to payment occurs.

Liability for Compensated Absences

Payroll and the accounting teams will work together to appropriately record compensation that arise from employees' absences from employment due to personal time off leave. When the School expects to pay an employee for such compensated absences, a liability for the estimated probable future payments are accrued if all of the following conditions are met:

a. The employee's right to receive compensation for the future absences is attributable to services already performed by the employee.

b. The employee's right to receive the compensation for the future absences is vested or accumulates.

c. It is probable that the compensation will be paid.

d. The amount of compensation is reasonably estimable.

Compensated absences that are not required to be paid upon employee termination (e.g., paid sick leave) are only recorded when paid.

Debt

When applicable, short-term debt consists of financing expected to be paid within one year of the date of the annual audited financial statements. Long-term debt consists of financing that is not expected to be repaid within one year and is recorded in the general ledger.

Loans, lines of credit, and other debt incurred on behalf of the Schools must be approved by the Board, and must specify all applicable terms, including the purpose of the loan, the interest rate and the repayment schedule. The Schools shall not make any loans to employees, Board members, or third parties.

Property and Facilities

Acquisitions and disposals of assets are carefully documented by the Finance Department with the support of the IT Department. There are two types of assets: depreciable assets, also known as capital assets (this includes land even though it is not depreciated), and assets the Schools will track for inventory purposes but not depreciate. When applicable, all assets purchased, shall be registered in the name of the Organization and not the name of an individual.

Cost basis is not the market value or list price of an asset; rather, it is the total amount invested in the purchase or the total amount paid, whether paid in cash or received in kind. The cost basis should include all charges related to the purchase, including the purchase price, sales tax, freight charges, and installation charges if applicable.

Asset purchases that cost Five Thousand ($5,000) Dollars or more and have a useful life of more than one year will be capitalized and depreciated. Remodeling of facilities and replacement of structural components are capitalized only when their cost exceeds Fifty Thousand ($50,000) Dollars.

The Financial Service Provider or local contractor shall establish, maintain and regularly update a listing of all equipment or furniture purchased by the Schools of with a value of over Five Thousand ($5,000) Dollars. When the individual piece of equipment or furniture has an initial value over Five Thousand ($5,000) Dollars it will be considered a capital asset rather than a noncapitalized expenditure. The listing shall include the original purchase price and date, a brief description, serial numbers or other identifying information when available, and other information appropriate for documenting the School’s assets. The School shall maintain a separate segregated list of assets that were purchased with non-public funds, where applicable.

Inventory Management

The IT Department or designee shall establish and maintain an inventory of all non-consumable goods and equipment worth over five hundred ($500) dollars. This inventory shall include the original purchase price and date, a brief description, serial numbers, and other information appropriate for documenting the school's assets. This property will be inventoried on an annual basis and lists of any missing property shall be presented to the Board.

Constructed or Donated Equipment

Any equipment constructed by School employees or donated to the School will be received and managed by the Finance Department if the item has a value of five hundred ($500) dollars or more. The report will include a complete description of the property, the date it was manufactured or received, the number of items, the cost or estimated value, and a statement indicating whether it was constructed by employees or donated.

Donated equipment becomes the property of the School. Also, the Superintendent or designee should approve the donation. If the equipment has no reasonable use or purpose for the Schools, the donation should not be accepted.

Standard Issued Equipment

All individuals associated with CalOPS will be issued the established standard equipment based on their association with the school and responsibilities. Users are responsible for the security of the equipment and its contents and will be held responsible for mismanagement. No user may use any of the School's property, equipment, materials, or supplies for personal use. Equipment must be returned when the users association with the school concludes. All materials should be returned to the instructed location within 30 days following the separation.

Equipment recipients are responsible for storing their equipment and all passwords in a secure location. Any lost or damaged equipment should be reported to the IT department as soon as possible. The IT Department should determine the proper course of action and should notify the

School's insurance carrier and any outside authorities if deemed appropriate. If the asset is not recovered, it can be removed from the asset records.

Board Issued Equipment

All CalOPS Board Members will be offered equipment to facilitate communication and aid in the oversight of the Schools in respect to their outlined board responsibilities. These tools are to include but not limited to a standard ipad.

Staff Issued Equipment

All CalOPS staff will be issued a standard laptop, mouse, keyboard, monitor, and USB hub. Staff in specified departments may receive additional equipment based on their daily job responsibilities.

Student Issued Equipment

Students are issued at minimum a laptop, mouse, and keyboard. Other items can be issued if deemed warranted by the Executive Cabinet or outlined in a student's IEP. Equipment not documented in an IEP and over the amount of One Thousand ($1,000) Dollars will be shared with the Board in its subsequent board meeting package.

Disposal of Property and Equipment

No item of property or equipment shall be removed from the premises without prior approval from the Executive Cabinet and Director of Finance. When property is retired, the appropriate asset in the fixed asset schedule will be adjusted and properly reflected in the accounting system.

The Organization will follow the established laws pertaining to the disposal of school district surplus and obsolete equipment.

Transfers of items between CalOPS sites require approval from the Superintendent or Director of Finance. If assistance with moving items is needed, the Equipment Transfer Request Form must be submitted to the Finance Department.

Items with an original cost over one thousand ($1,000) dollars cannot be disposed of without approval from the Superintendent or the Director of Finance in accordance with state and federal law. Items originally costing less than one thousand ($1,000) dollars may be disposed of locally at the discretion of the Director of Finance in accordance with state and federal law, but documentation of the disposal must be maintained. Under no circumstances are items to be given away or sold to students, staff, or others.

Surplus items that still have value to CalOPS (Excess Equipment) must go through evaluation and appropriate disposition. To request the removal of surplus items, the Surplus Equipment Declaration Form must be completed and submitted to the Finance Department. Items will be

moved based on available resources and priorities. Information about functional surplus or excess items that may be available for use can be obtained from the Finance Department.

Leasing Agreements

A lease can be classified as either a finance lease or an operating lease. The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 842, describes the criteria for determining which of these two classifications applies. A lease will be classified as a finance lease if any one of the following criteria is met at lease inception:

- The lease transfers ownership of the asset to CalOPS by the end of the lease term.
- The lease contains a purchase option that the CalOPS is reasonably certain to exercise.
- The lease term is for the major part of the remaining economic life of the underlying asset.
- The underlying asset is so specialized in nature that it is expected to have no alternative use to the lessor at the end of the lease term.

If none of the above criteria are met, the lease is classified as an operating lease.

Any lease for which none of the four preceding statements is true or that is immaterial in nature will be recognized and accounted for as an operating lease. An operating lease is similar to a rental agreement in that the monthly lease costs are expensed.

The School, through the District Office, will maintain a list or inventory of capital leases and operating leases; the list should include all relevant lease terms.

Lease Improvements

Leasehold improvements, including painting, will be capitalized if they relate to the occupancy of a new facility or a major renovation of an existing facility and meet the capitalization threshold of Fifty Thousand ($50,000) Dollars.

Repairs

Expenditures for maintaining equipment or an existing building are not capitalized; they are expensed as a repair.

Purchasing and Procurement

The Executive Cabinet, Principals and Directors may designate staff from the extended leadership team: Assistant Principals and Assistant Directors submit purchasing requests on behalf of their departments to the Finance Department. All authorized staff must be submitted to the Director of Finance or Designee for final consideration. Any individual requesting an authorized purchase on behalf of the school must provide the Finance Department with appropriate documentation for the approval of the purchase requests. No individual other than

those specified are authorized to make purchases request without pre-approval from the department head and the Director of Finance or designee.

All authorized purchases should be processed through the Finance Department. In the rare instance when a purchase must be made using personal funds, the purchase must still have an approved Purchase Request on file prior to the purchase being made and will be promptly reimbursed upon receipt of appropriate documentation of the purchase.

Individuals who use personal funds to make unauthorized purchases will not be reimbursed.

All proposed non-payroll purchases and invoices are reviewed by the Finance Department for required vendor documentation and to ensure alignment with the Board-adopted budget and any applicable contracts. Payment cannot be processed until the vendor's profile is fully established and approved by the Finance Department. All purchases, contracts, or check requests of ~~twenty thousand ($20,000)~~ one hundred thousand ($100,000) dollars or more require Board approval. This includes vendor contracts, even if the expenditure is budgeted.

CalOPS is committed to all procurements being completely impartial and based strictly on the merits of supplier and contractor proposals and applicable related considerations such as delivery, quantity, etc. All purchases will be reviewed to ensure they are in the best interests of the Schools and their funding sources. CalOPS will seek to obtain maximum value for all expenditures while acting above suspicion of unethical behavior at all times and avoiding any conflict of interest.

Comparable Bids

To ensure that public funds are spent responsibly, that vendors are given fair and equal opportunity to compete for CalOPS business, and that purchasing decisions reflect sound value rather than price alone, the Organization will follow a tiered comparable bids process based on the estimated dollar value of the purchase, contract, or service agreement.

- Purchases under $20,000: No formal comparable bids process is required. Staff should exercise prudent judgment to obtain fair market pricing and are encouraged to informally compare vendor pricing where practical.
- Purchases between $20,000 and $100,000: Staff must obtain and document a minimum of one (1) other comparable bid, in addition to the vendor or contractor selected, from a qualified vendor or contractor whenever reasonably feasible. A comparable bid may consist of a formal quote, published pricing, a proposal, or other documented pricing information sufficient to allow a meaningful comparison. Staff must prepare a brief written comparison summarizing the bids received, including price, qualifications, and any other relevant factors considered, and this comparison must be reviewed and approved by the Director of Finance prior to award. If another comparable bid cannot be obtained, the requesting staff member must document the reason in writing for the Finance Department's records.
- Purchases of $100,000 or more: Staff must obtain and document a minimum of three (3) written comparable bids from qualified vendors or contractors whenever reasonably feasible. A comparable bid may consist of a formal quote, published pricing, a proposal, or other documented pricing information sufficient to allow a meaningful comparison. Staff must prepare a brief

written comparison summarizing the bids received, including price, qualifications, and any other relevant factors considered, and this comparison must be reviewed and approved by the Director of Finance prior to award. If three comparable bids cannot be obtained, the requesting staff member must document the reason in writing for the Finance Department's records. Awards shall be made to the vendor offering the best overall value to CalOPS, considering price, qualifications, delivery timelines, quality, and other relevant factors, with the basis for award documented in writing. All purchases at this threshold require Board approval as outlined elsewhere in this policy.

Purchase Splitting Prohibited

Staff may not divide or structure a single purchase, project, or ongoing need into multiple smaller purchases, contracts, or purchase orders for the purpose of avoiding the comparable bids requirements or Board approval threshold outlined above. The estimated dollar value used to determine the applicable tier must reflect the reasonably anticipated total cost of the good, service, or project, including any renewal periods, extensions, or recurring purchases of the same or similar goods or services from the same vendor within a twelve (12) month period. Staff who are uncertain whether a series of related purchases should be aggregated for purposes of this policy should consult with the Director of Finance prior to initiating the purchase.

Exemptions from the Comparable Bids Process

The following are exempt from the comparable bids requirements above:

- Contracts for services provided by a public agency, another government entity, or a utility where no competitive market exists.
- Sole source purchases, where only one vendor can reasonably provide the good or service, provided the sole source justification is documented and approved by the Director of Finance.
- Emergency purchases necessary to protect the health and safety of students or staff, or to prevent significant interruption to school operations, provided such purchases are reported to the Board at the next regular meeting.
- Renewals or extensions of existing contracts previously subject to a comparable bids process, provided the terms remain substantially the same.
- Purchases made through established cooperative purchasing agreements, piggyback contracts, or other government purchasing programs that have already conducted a competitive process.

Purchase Requisition

Authorization to make purchases is granted by the Director of Finance and is limited to personnel who have completed procurement training and have been assigned purchasing responsibilities.

All purchase requisitions must be submitted through the school's designated purchasing system or form. Requisitions must be reviewed and approved by the CalOPS administrator or their designee and then submitted to the Finance Department for budget verification and final processing. Unauthorized purchases made without proper requisition and approval may not be reimbursed and may result in disciplinary action.

Purchase Orders

The Finance Department will issue Purchase Orders, when applicable upon the approval of a Purchase Requisition. All Purchase Orders and Payment Requests must be signed by a member of the Executive Cabinet, Principal or Director and the Director or Assistant Directors of Finance. Purchases Orders will be reconciled regularly by the Finance Department for timely closures and accurate financial reporting.

Purchasing Deadlines

To ensure timely processing of orders and compliance with fiscal year closeout procedures, all Purchasing Requisitions must be submitted to the Finance Department by April 30th of each fiscal year. Exemptions can be made on a limited basis for urgent matters and end of the year activities that cannot meet the deadline due to variables outside of the organization's control.

Staff Events and Field Trip Supervision

CalOPS may authorize staff and students to attend in-person events in support of instruction, enrichment, and community building. Events may include academic competitions, curriculumbased field trips, student showcases, required schoolwide training, and/or staff planning retreats.

Staff Participation

The following events are designated as required for applicable staff:

School-Wide:

- Back-To-School Conference
- Beginning-of-the-Year Festival*
- Mid-Year Festival*
- End-of-Year Festival*
- State Testing

Grade Level Specific

- High School Graduation*
- Administrative and Instructional Retreats

*Not required for out-of-state staff. If participation is warranted it must be pre-approved by the staff's grade level administrator in coordination with the Director of Finance or designee. Supervisors may assign other duties or participation tasks in replacement of physical travel. Travel and associated costs (e.g., mileage, lodging if eligible) must align with the CalOPS travel policy and be submitted through the standard pre-approval process.

Student Activities

CalOPS encourages credentialed teachers to plan, coordinate and supervise student activities for the purpose of socialization, celebration, and academic enrichment. These activities serve as an extension of the instructional program, peer interaction, and school community engagement. Teachers must have approval from their supervisor prior to the execution of any activity. A Purchase Requisition must be completed for all expenses associated with the activity. Staff attendee's reimbursements must align with this Fiscal Policy.

All teachers and staff participating in the student activity must have access to emergency contact information, student medical needs, and a communication plan in case of emergencies.

Field Trips

All student field trips must meet CalOPS' established safety and supervision standards, including appropriate student-to-teacher ratios, guardian participation, and transportation guidelines when applicable. CalOPS will not be responsible for the participation of non-CalOPS students or guests. Costs

associated with guardians or non-CalOPS guest attendees must be covered independently and are not eligible for reimbursement.

Events

CalOPS staff may organize school-sponsored student events such as prom, grad night, meetups, festivals, and other enrichment activities to support student engagement and social connections. All events must align with CalOPS' safety and supervision standards. Some events may require CalOPS' students to pay a participation fee that is not eligible for reimbursement. CalOPS will not be responsible for the participation of non-CalOPS students or guests. Costs associated with guardians or non-CalOPS guest attendees must be covered independently and are not eligible for reimbursement.

Staff Expenses and Travel Reimbursements

CalOPS reimburses necessary business travel and related expenses for employees and members of the Board of Directors in alignment with public fund policies. Reimbursement is limited to travel that serves an official school purpose and follows CalOPS' Fiscal Policies. Reimbursable expenses must be reasonable, documented with original itemized receipts, and pre-approved.

Eligible travel includes:

- Lodging
- Mileage
- Meals
- Transportation (e.g., airfare, car rental)

Travel must be pre-approved using the designated travel request process. Lodging and flights must be secured using a CalOPS' district credit card or by the Finance Department. Additional details will be outlined in the Travel Policy.

Lodging

As stated in the previous paragraph, lodging and flights must be secured using a CalOPS' district credit card or by the Finance Department. Employees may not book their own hotel stays for reimbursement. Once a hotel is booked, any changes, upgrades or extensions to stays will not be covered by CalOPS without prior approval by the Finance Department or Superintendent.

Hotel arrangements may be requested under the following conditions:

- If the work location is 30 miles or more from the employee's home AND the assignment is two or more days, the employee may request lodging starting after the first day of work and ending the morning of the last day.
- If the work location is 90 miles or more from the employee's home AND the assignment is one day only, the employee may request lodging for the night before the assignment.

~~***Meal Reimbursements***~~ ***Meal Reimbursement (Per Diem)***

~~Staff will be eligible when non-local travel is required for business purposes. Meal reimbursements must comply with CalOPS thresholds: $25 for breakfast (eligible if travel begins before 7:00 a.m.), $25 for lunch, $40 for dinner (eligible if travel ends after 7:00 p.m.). When meals are included in conference or event registration, outside meals are not eligible for reimbursement.~~

CalOPS provides a per diem meal allowance for staff traveling on approved CalOPS business, in lieu of itemized meal reimbursement. The per diem is intended to cover the reasonable cost of meals while traveling and does not require submission of itemized meal receipts.

Daily Per Diem Rate

The maximum daily meal per diem is $100, allocated as follows:

- Breakfast: $25
- Lunch: $25
- Dinner: $50

Employees are not required to substantiate the actual cost of individual meals. The per diem is paid at the applicable daily or partial-day rate described below, regardless of actual amount spent, provided the underlying travel has been approved in accordance with this policy.

Partial Travel Days

For travel days that do not cover a full 24-hour period, the per diem shall be prorated based on the meals reasonably available to the employee given their departure and return times, as follows:

- Breakfast ($25): payable if travel begins at or before 7:00 a.m.
- Lunch ($25): payable if travel includes the period between 11:00 a.m. and 2:00 p.m.
- Dinner ($50): payable if travel ends at or after 7:00 p.m.

An employee may claim only the per diem amounts corresponding to meals reasonably encountered during travel, based on the above schedule, for the first and last day of travel. Full per diem ($100) is payable for each full day of travel in between.

Meals Provided at No Cost

If a meal is provided at no cost to the employee — including meals included in conference or event registration, airfare, lodging, or otherwise furnished by a third party — the per diem for that meal shall be excluded from the employee's reimbursement for that day. For example, an employee whose lunch is included in a conference registration fee may claim only the breakfast and dinner per diem amounts for that day.

Documentation and Substantiation

To maintain compliance with IRS accountable plan requirements, employees must submit a travel itinerary or trip summary identifying the business purpose of the trip, dates and times of departure and return, and destination. No itemized meal receipts are required. Per diem payments made in accordance with this policy and properly substantiated as to business purpose, time, and place are not treated as taxable wages to the employee, except as required by law for meal per diem paid for single-day travel that does not include an overnight stay, which may be treated as taxable income in accordance with IRS rules.

Transportation Reimbursements

Staff may be eligible for mileage reimbursements, rental car reimbursements or air travel for approved school-related business, based on the guidelines below. All travel must be preapproved by the staff's Principal or Director and is subject to reasonable Public Funds Policies, including practical and cost effective considerations that could override the following:

Mileage and Transportation Thresholds:

- 0-350 miles (one way): Reimbursement will be based on the current IRS mileage rate.
- 351+ miles (one way): Staff must travel by air.

Rental cars will only be reimbursed when travel is not local and the staff travels to or from an airport or hotel for business purposes. All other travel will be subject to mileage reimbursement only.

Mileage Reimbursement Requirements

Mileage will be reimbursed at the current IRS rate. Reimbursements must be submitted through Concur and must include the purpose of travel, event dates, total miles driven and any special written approvals if applicable. Reimbursement claims should be submitted within 30 days of the event.

Rental Car Use and Reimbursements

Rental Cars are only reimbursed in rare circumstances; for instance, when a staff does not have access to their own means of transportation because the approved business related event is not in

their local area and air travel was required for attendance. Rental cars are not reimbursable solely because an employee does not have access to a personal vehicle.

Rental cars beyond mid-size will not be reimbursed unless given prior approval by the Director of Finance. This approval is reserved for special circumstances such as carpooling and/or transporting supplies or equipment for business purposes. Requests for larger vehicles (SUVs or vans) must include written justification.

The following rules apply to rental car use:

- Fuel costs are reimbursable with original itemized receipts.
- Staff must re-fuel the vehicle before returning it to avoid additional charges.
- Optional insurance coverage (e.g., collision damage waiver, liability insurance) will not be reimbursed unless it is pre-approved by the Finance Department and determined necessary.

Failure to comply may result in the denial of reimbursement and additional restrictions on future travel privileges. Repeated misuse or submission of ineligible expenses is considered abuse of public funds and may also result in actions led by Human Resources including but not limited to potential disciplinary action.

Temporary Living Arrangement (TLA) Reimbursements

CalOPS staff are dedicated to ensuring that students do not face barriers to accessing academic and extracurricular activities [42 U.S.C. § 11432(g)(1)(F)(iii)]. Students that meet the relevant eligibility criteria under the McKinney Vento Act (MKV Act) will be identified as Temporary Living Arrangements (TLA) students and will be considered for additional resources to ensure their access to our curriculum, materials and program are sufficient for academic growth. Expenditures must align with their educational pursuits and need for academic focus and engagement.

CalOPS is not responsible for directly covering costs or waiving fees for extracurricular activities. Support for needs beyond those required for academic instruction may not be funded by the Schools, however, when known, staff should involve the appropriate team that will attempt to connect immediate resources from other agencies to help support such costs.

All purchases and reimbursement claims must follow the Purchasing and Procurement standards including pre-approval. The Finance Department reserves the right to deny claims that do not relate directly to the school support plan, comply with policy guidelines or lack appropriate documentation. Staff will not process payments that would be deemed gifts of public funds.

Family Reimbursements for School-Hosted Events

Families may be eligible for reimbursements related to costs for approved school-hosted events. Reimbursements are contingent upon prior approval by the Finance Department and must align with allowable use of public funds policies.

Eligible reimbursements may include travel, meals, or lodging costs for CalOPS-enrolled students only, when attending a pre-approved school-sponsored academic or enrichment event. In limited cases, expenses related to a guardian may be considered for reimbursement, but only with prior written approval from the Finance Department and where such expenses are deemed necessary to support the student's participation.

The Finance Department reserves the right to deny claims that do not comply with policy guidelines or lack appropriate documentation.

Fundraising, Donations, and Grants

While the majority of the revenues for the Schools are from government sources, the Schools can receive donations from private sources. All such monies must be tracked separately from the Schools' allocated revenues.

Donated funds must be used according to donor intent and applicable restrictions. For all donations, the recipient collecting the funds on behalf of CalOPS must submit a completed Donation Information Sheet with the deposit for all cash donations and all property (tangible goods). If the donation exceeds five thousand ($5,000) dollars in value, it must first be accepted by the action of the Board and the donor should indicate the purpose of the donation and any restrictions on use so the Board can determine whether to accept the donation and abide by any restrictions. Donated funds should not be used to pay for personnel costs, unless otherwise approved by the Board. If a single donation of two hundred fifty ($250) dollars or more is received, the Organization will issue a written acknowledgement to the donor.

Fundraising campaigns and grant applications must be pre-approved by the Superintendent. In order to be approved, the individual planning the fundraiser must submit a proposal in advance of the event so that all fundraising efforts may be coordinated. At the conclusion of all approved fundraisers, the planner of the fundraiser must complete a Fundraiser Close Out Form summarizing cost, monies received and overall participation details. Submission of this form should be provided to the Superintendent and Director of Finance.

Fundraising or grant solicitation activities over one hundred thousand ($100,000) dollars on behalf of the school must be approved in advance by the Board. The Board shall be informed of any conditions, restrictions, or compliance requirements associated with the receipt of such funds, including grants or categorical programs sponsored by the state or federal government. The Board shall be notified no later than the next regular board meeting of the award or receipt of any funds and shall approve the receipt of any grants, donations, or receipts of fundraising proceeds prior to their deposit in the school's accounts.

Students and/or Staff may on occasion organize fundraisers that benefit other charitable organizations or private persons (for example a family experiencing a severe loss), but funds for these activities should not flow through the Schools' accounts and funds should go directly to the organization who is benefitting from the fundraiser.

No staff member is to accept any special gifts or bonuses as a result of fundraising efforts or any efforts done on behalf of CalOPS.

Board Information Memo

SUBJECT: East West Line of Credit

Category (Contract Approval, Policy, Personnel, General Approval. etc.): Contract Agreement
Date: 09/08/2026
Reason for Board Consideration (Fiscal Policy, State Requirement, etc.): Fiscal Policy
Decision Type (Action Item, Information Only, etc.): Action Item

Background (Brief Summary of Background Information):

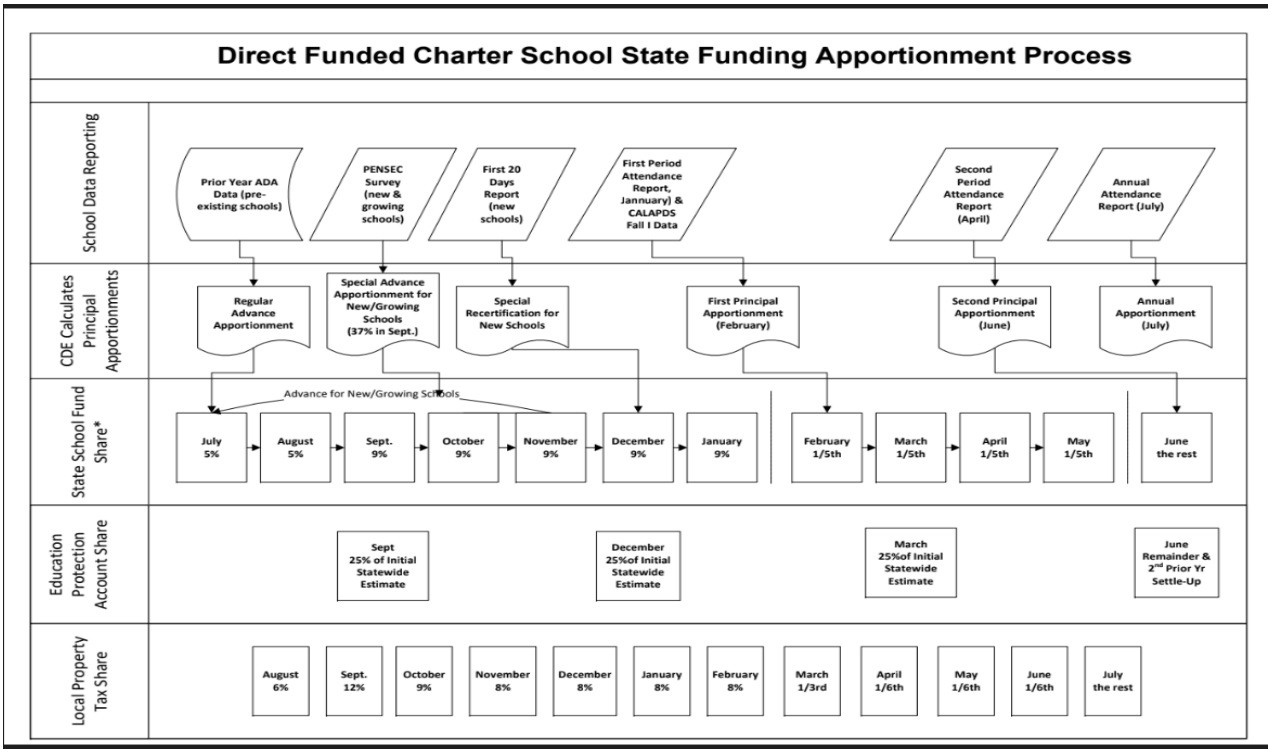
As part of the transition from closing California Online Public School Southern California, authorized by Capistrano Unified School District (CUSD) and opening California Online Public School Southern California, authorized by the Orange County Department of Education (OCDE), the California Department of Education (CDE) and other oversight agencies recognize the school as a new charter school.

Although the organization is continuing its educational program and service to students, the new OCDE-authorized charter must complete the same operational and funding steps required of any newly established charter school. These steps include obtaining a charter school number, securing a County-District-School (CDS) code, and completing the processes required to initiate Local Control Funding Formula (LCFF) payments.

After a charter petition is approved by its authorizing district or county office of education, the chartering authority must request a charter school number from the State Board of Education (SBE). State law requires the SBE to assign charter numbers in the order that requests are received. Each charter number is associated with one approved charter petition and allows the State to track charter schools for authorization, operational, and statutory-cap purposes.
The timing of charter-number assignments is tied to CDE submission deadlines and the SBE meeting calendar.

Deadline to Submit to the CSD	SBE Meeting Dates
July 7, 2025	September 10–11, 2025
September 8, 2025	November 5–6, 2025
November 3, 2025	January 14–15, 2026
January 5, 2026	March 11–12, 2026
March 2, 2026	May 6–7, 2026
May 4, 2026	July 8–9, 2026
July 6, 2026	September 9–10, 2026
September 7, 2026	November 4–5, 2026

Because OCDE authorization was not received until June 3rd, 2026, the request for a new charter number could not be submitted to the Charter Schools Division (CSD) prior to the July 6th deadline window and therefore pushed the assignment of the charter number by the SBE to September 9th-10th.



In addition, every new charter school must obtain a CDS code. The CDS code may be requested up to one month before the SBE meeting at which the charter number will be assigned. The organization has completed this step.

To begin receiving State funding, a newly opened charter school must complete the PENSAC process by July 31 in order to be included in the State's regular LCFF payment schedule. Completing PENSAC requires a CDS code.

Because of the timing of OCDE authorization and the related charter-number and CDS-code processes, CalOPS was unable to meet the July 31 PENSAC deadline. As a result, the school will not be eligible for advance LCFF payments that otherwise would have been received in October and November. Based on the budget projections submitted in June for the 2026–27 school year, these advance payments would have represented approximately 37% of the school's projected annual revenue.

The school will, however, meet the next available funding milestone: the First 20 Days Report. This special recertification process is available to new schools and allows LCFF allocations to be calculated and distributed beginning in December. Based on the authorizer's revenue pass-through schedule, the organization anticipates receiving these funds in January or February.

The funding model below summarizes the expected timing of the school's LCFF revenues.

The delay between the start of school operations and receipt of the first major State funding payment creates a temporary cash-flow gap.

CalOPS Southern California, authorized by OCDE, serves the organization's largest student population and therefore generates the highest level of revenue across the organization. Under the prior charter authorized by CUSD, revenue generated by these students helped support organization-wide cash flow, including early-year costs such as payroll and operating expenses. Intercompany balances were monitored and reconciled regularly through the organization's due to/from process.

Under the new OCDE-authorized charter structure, the delayed LCFF funding creates a different timing challenge. During the first months of operations, the organization must continue to fund payroll, facilities, instructional materials, technology, insurance, and student services before the delayed State revenue is received. Maintaining sufficient liquidity during this period is essential to ensure that students and families experience no disruption in services or educational quality.

Leadership has evaluated two complementary options to manage this temporary cash-flow gap:

1. Internal borrowing: Temporarily transfer funds from the closing charter to the new charter, with the transaction tracked monthly through the due to/from line on the organization's cash-flow statements.
2. Revolving line of credit: Establish a low-interest revolving line of credit to serve as a backup source of short-term liquidity, if needed, until LCFF payments are received.

Leadership has discussed these options internally and consulted with Charter Impact, School Services of California, and financial institutions. Based on these discussions, staff recommends maintaining both options.

Rationale (Why is this important and why is this coming to the Board):

The organization anticipates that California Online Public Southern California, authorized by OCDE, will temporarily borrow approximately $25 million from the approximately $28 million available through the California Online Public Southern California charter previously authorized by CUSD and now closing. This internal borrowing will be reflected and monitored through the monthly due to/from balances in the organization's cash-flow statements.

Current cash-flow projections indicate that the organization's lowest cash balance will occur in December. At this time, staff does not anticipate drawing on the revolving line of credit. However, the projected cash margins are sufficiently narrow that establishing the credit facility is prudent.

The revolving line of credit would provide a guaranteed source of liquidity in the event of unexpected changes in State payment timing, economic conditions, political or legislative developments, enrollment fluctuations, or other operational emergencies. It would supplement—not replace—the organization's internal borrowing capacity.

Establishing this facility allows the organization to protect uninterrupted school operations, meet its obligations to employees and vendors, and continue providing students and families with the high-quality academic program envisioned in its mission.

Staff recommends proceeding with East West Bank's $25 million revolving line of credit, subject to final documentation and legal review.

The line of credit is intended to serve as a contingency resource—not as a planned source of operating revenue. The organization will first use available internal borrowing capacity to manage the temporary cash-flow gap. The revolving line of credit would be accessed only if necessary after internal funding options have been used or are no longer sufficient.

This approach is designed to minimize borrowing, interest expense, and bank fees while ensuring that CalOPS has reliable access to funds if unexpected circumstances arise. It provides an additional safeguard against the known delay in LCFF funding for California Online Public Schools Southern California, authorized by OCDE, and helps protect uninterrupted services for students, families, employees, and vendors.

Evidence of Due Diligence:

With support from Charter Impact, CalOPS solicited and reviewed proposals from three financial institutions for a $25 million revolving line of credit:

- East West Bank
- Hanmi Bank
- Wells Fargo

The purpose of this process was to identify a dependable, cost-effective source of short-term liquidity in the event it is needed to bridge the anticipated delay in LCFF funding for California Online Public Schools Southern California, authorized by OCDE.

Wells Fargo's proposal was determined to be materially less favorable than the proposals received from East West Bank and Hanmi Bank. Hanmi Bank initially presented the most favorable terms. Because East West Bank is expected to become CalOPS' primary financial institution, leadership asked East West Bank to review Hanmi Bank's proposed terms and determine whether it could provide comparable pricing and conditions.

East West Bank agreed to match Hanmi Bank's offer. As a result, East West Bank provides terms comparable to the strongest competing proposal while also supporting the organization's broader banking relationship and operational needs.

Fiscal Impact:

East West Bank Revolving Line of Credit: Plain-Language Summary

East West Bank has proposed a revolving line of credit of up to $25 million to provide temporary working capital while the school waits for delayed LCFF funding. A revolving line of credit works similarly to a credit card for an organization: funds are available if needed, but the school only pays interest on the amount it actually borrows.

The proposal also includes the possibility of increasing the line by up to an additional $5 million, subject to the bank's future credit approval.

Cost of Borrowing

The interest rate would change over time because it is tied to the one-month SOFR benchmark rate, plus 2.00%. At the time the proposal was prepared, the starting interest rate was 5.74%.

There is:

- No facility fee simply for having the line of credit available; and
- No prepayment penalty, meaning the organization may repay borrowed funds early without an additional charge.

Interest would be paid monthly. Any amount borrowed would generally be repaid in full when the line of credit matures on 6/30/2028.

The organization would be responsible for the bank's due-diligence and legal expenses related to establishing the line of credit, whether or not the transaction ultimately closes.

How the Loan Would Be Secured

East West Bank would have a first-priority claim on the school's State funding payments as security for the line of credit. In practical terms, the bank would be repaid from State revenues received by the organization before those funds could be used for other purposes, if repayment were required.

The organization would also establish its main operating accounts with East West Bank and maintain its material banking accounts there during the term of the facility. State payors would be directed to send payments into designated East West Bank accounts.

The proposal includes a provision that could allow the bank to take greater control over incoming cash if certain specified conditions occur. This is a customary lender protection and should be reviewed carefully as part of final loan negotiations and legal review.

Financial and Reporting Requirements

As part of the agreement, the organization would be expected to demonstrate that it remains financially stable. The proposed requirements include:

- Maintaining annual revenues at least equal to annual expenses;
- Demonstrating sufficient cash flow to cover debt-related obligations;
- Maintaining average daily student attendance above 90%, tested twice per year;
- Following an agreed-upon plan for when and how the line of credit may be used; and
- Providing regular financial information to the bank, including budgets, audits, tax returns, monthly attendance reports, Board packets, and significant notices from the authorizer.

Important Considerations

This proposal is an indicative term sheet, meaning it outlines the bank's current proposed terms but is not yet a final, binding commitment to lend. Before closing, the transaction would still require:

- Board approval;
- Final credit approval from East West Bank;
- Completion of the bank's financial and operational review;
- Agreement on final loan documents and financial requirements; and
- Legal review and satisfactory documentation.

Regarding your services

Recoupment Fees
We may assess a Recoupment Fee (Wells Fargo code IAMTH) to partially recover insurance premiums we pay to the FDIC for deposit insurance. Recoupment Fee is subject to change by bank at any time. See Commercial Account Agreement for complete details.

Fee Calculation:
Per one thousand dollars of monthly average ledger balance you maintain in your account, multiplied by 0.12750. The FDIC does not charge a bank's depositors for deposit insurance or require banks to pass the cost of deposit insurance on to their depositors. The FDIC does, however, permit a bank to recoup the cost of deposit insurance from its depositors, so long as the fee the bank charges its depositors does not reveal information that could be used to determine the bank's confidential supervisory ratings or mislead depositors by implying the FDIC is charging the fee.

Overdraft Fees
We may assess a $35 Overdraft Fee (Wells Fargo code 24250) for any item we pay into overdraft. We limit our overdraft paid fees to four per business day.

Use of Uncollected Funds Fee
We may assess Use of Uncollected Funds fee (Wells Fargo code ODACT) for each day your account has a daily negative collected account balance from uncollected funds being used. Fee Calculation: Average Daily Negative Collected Balance multiplied by Negative Collected Use of Funds Rate (Prime +3%) multiplied by Days of Month divided by 360.

Wire Book Transfer
A Vantage/API Wire book transfer is between two accounts initiated via Vantage/API Wires Book Transfer workflow. A Payment Manager Book transfer is charged when the debit and credit accounts are setup in a single Vantage Company ID and entitled to Book Transfer.

Services with No Volumes
Services listed with zero volume are not included in the estimated monthly analysis fee but are included in the event the service is used in the future.

Board Information Memo

SUBJECT: Record Retention and Disposal Policy
Category (Contract Approval, Policy, Personnel, General Approval. etc.): Policy
Date: 9/8/26
Reason for Board Consideration (Fiscal Policy, State Requirement, etc.): Board Policy / Authorizer Requirement
Decision Type (Action Item, Information Only, etc.): Action Item

Background (Brief Summary of Background Information):
The Orange County Department of Education (OCDE) has identified specific requirements for a record retention policy, including that the policy be Board approved, reflect current state and federal requirements, set retention timelines by record type, identify responsible roles, describe secure storage and disposal procedures, address both physical and digital records, and reflect the school's actual recordkeeping practices.

CalOPS currently maintains three separate documents addressing records: the Educational Records and Student Information Policy, the Record Retention policy, and the CalOPS Board Financial Document Retention Policy. The latter two were each approved by the Board on December 4, 2018 and most recently re-approved on March 11, 2025. In addition, the CalOPS Fiscal Policies include a Record Keeping section that cross-references the Records Retention Policy and establishes a seven-year minimum retention period for transaction ledgers, invoices, receipts, canceled and duplicate checks, attendance and entitlement records, payroll records, and other necessary fiscal documents.

The Record Retention Policy and the CalOPS Board Financial Document Retention Policy address substantially overlapping subject matter and are proposed for consolidation into the single policy presented here, which sets out a comprehensive retention schedule for all record types covered by the two former policies at Appendix A.

Consolidation also closes a gap that has been open since 2018. The current Record Retention policy states that a retention schedule "will be created" and that record categories "will be added to this policy as they are developed." That schedule was never incorporated into the policy. The proposed policy delivers it, setting specific retention periods by record type rather than deferring them to a document that does not yet exist.

The proposed policy applies to all records generated in the course of CalOPS's operations, in both physical and electronic form, by administrators, employees, volunteers, and board members. It designates the Superintendent (or designee) as Administrator responsible for implementing the policy and monitoring compliance, with authority to designate a Records Custodian to carry out day-to-day administration. Appendix A sets a retention schedule by record category — corporate, financial, insurance, contracts, legal, donations/fundraising, management plans, personnel, tax, and student records. The policy addresses how tangible and electronic records are stored, requires written agreements with any third-party vendor that stores, processes, or destroys records on CalOPS's behalf, sets procedures for destroying records once their retention period expires, and establishes a litigation hold process that suspends destruction during actual or foreseeable litigation, investigation, or audit.

Rationale (Why is this important and why is this coming to the Board):
OCDE requires that this policy be Board approved, so adoption by the Board is itself a condition of satisfying the requirement. Beyond compliance, consolidating three overlapping documents into one governing policy removes the risk of conflicting retention periods and gives staff a single authority to follow.

Record retention also carries risk in both directions. Destroying a record before its retention period expires can expose CalOPS to liability in litigation, audit, or investigation, and may constitute a compliance violation in itself. Retaining records beyond their required period increases storage cost, expands the volume of sensitive data subject to breach, and enlarges the scope of discovery in any future proceeding. A written, Board-approved policy establishes defensible practice in both directions.

The policy additionally allows the Administrator to designate a Records Custodian to oversee day-to-day compliance with the Retention Schedule and the lawful disposal of records, and establishes a litigation hold procedure in advance rather than under pressure. Staff recommends approval.

Evidence of Due Diligence:

Staff mapped each element of OCDE's stated requirements against the proposed policy:

OCDE requirement	Addressed in the proposed policy
Retention timelines by record type	Record Retention Schedule (Appendix A) — corporate, financial, insurance, contracts, legal, donations/fundraising, management plans, personnel, tax, and student records
Responsible roles identified	Administration and Oversight — Superintendent (or designee) as Administrator, with authority to designate a Records Custodian for day-to-day administration
Secure storage procedures	How Records are Stored and Secured — tangible records stored on premises or at an off-site storage facility; electronic records printed or stored electronically; written agreements required with any third-party vendor that stores, processes, or destroys records
Secure disposal procedures	Destruction/Deletion of Records — tangible records destroyed by shredding or other means rendering them unreadable; electronic records permanently removed by IT staff or vendor, including duplicate copies; disposal suspended under a Legal Hold
Both physical and digital records	Policy and Scope, and How Records are Stored and Secured — both formats addressed throughout
Reflects current state and federal requirements	Developed and finalized in consultation with Young, Minney & Corr, LLP, CalOPS legal counsel; the Third-Party Service Providers section requires agreements involving student information to comply with Education Code section 49073.1

Board approved	This action item

The consolidated Record Retention Schedule at Appendix A was reviewed against the retention periods previously set out in the Record Retention policy and the CalOPS Board Financial Document Retention Policy to confirm that no existing retention period was shortened in consolidation. The seven-year retention period for financial records in Appendix A is consistent with the Record Keeping section of the CalOPS Fiscal Policies; that section's cross-reference to the policy being rescinded will be updated to reference the Record Retention and Disposal Policy by its new title.

The Records Custodian role established by the policy is held by Felicia Scrivner, CalOPS Records Manager, so the responsibilities the policy assigns rest with an existing position rather than one yet to be created.

The policy was submitted to Young, Minney & Corr, LLP (YMC), CalOPS legal counsel, for review. Counsel's redlines have been received and incorporated, and the policy presented here for adoption reflects that review to completion.

Fiscal Impact:
None. The policy establishes retention requirements and assigns administrative responsibility. It does not authorize expenditures or alter approval thresholds.

Potential Conflicts of Interest: N/A

Recommendation/Board Action (if applicable):
Motion to approve the CalOPS Record Retention and Disposal Policy and to rescind the Record Retention policy and the CalOPS Board Financial Document Retention Policy, each most recently approved March 11, 2025, effective upon adoption.

Record Retention and Disposal Policy

California Online Public Schools

California Online Public Schools non-profit Board of Directors operates the following charter schools to which this policy applies:
California Online Public Schools Central Coast
California Online Public Schools Central Valley
California Online Public Schools Monterey Bay
California Online Public Schools North Bay
California Online Public Schools Northern California
California Online Public Schools Southern California

Approved by CalOPS Board of Directors _____

I. Purpose

The records of California Online Public Schools ("Charter School") are important to the efficient and effective operation of the Charter School. Charter School records include those produced and received by Charter School's administrators, employees, volunteers, and board members, both in electronic and paper form, when acting in the course and scope of their roles at Charter School. Charter School records are those found on computers, email accounts, or other electronic storage devices owned or controlled by Charter School and may include Charter School records on personal devices and email accounts. Items that may seem unimportant, such as interoffice e-mails, desktop calendars, and printed memoranda are considered records under this Policy.

The purpose of this Policy is to ensure that necessary records of Charter School are adequately protected and maintained and that records no longer needed by Charter School or that are of no value are appropriately discarded at the proper time. This Policy should also aid administrators, employees, volunteers, and board members of Charter School (sometimes referred to herein as "you") in understanding obligations in retaining electronic documents, including e-mail, web files, text files, sound and movie files, PDF, Word, or other native-formatted files. If you are ever uncertain as to any procedures set forth in this Policy (e.g., what records to retain or destroy, when to do so, or how), it is your responsibility to seek direction from the Administrator of this Policy (defined below).

II. Policy and Scope

This is Charter School's formal policy (the "Policy") regarding the retention and destruction of records, including electronic documents. This Policy applies to all records generated in the course of Charter School's operation, including both original documents and reproductions. It also applies to electronic documents.

The goals of this Policy are to:

- Retain important documents for reference and future use;
- Delete or dispose of documents that are no longer necessary for the operation of Charter School charter schools;
- Organize important documents for efficient retrieval; and

- Ensure that Charter School's administrators, employees, volunteers, and board members know what documents should be retained, the length of their retention, means of storage, and when / how they should be destroyed.

Federal and state laws require Charter School to maintain certain types of records for particular periods. Failure to maintain such records could subject Charter School to penalties and fines, obstruct justice, affect evidence, and/or seriously harm Charter School's position in tax or litigation matters. Thus, it is important that you understand and comply with this Policy and any future records retention or destruction policies and schedules. Notwithstanding anything contrary to this Policy, you should retain and seek direction from the Administrator concerning any records which you reasonably believe:

(i) are or could be relevant to any future tax or litigation matter;

(ii) arise from a dispute that could lead to litigation; or

(iii) pertain to a lawsuit in which Charter School is a party. In such situations, Charter School must preserve records unless or until Charter School's legal counsel determines that the records are no longer needed.

"Records" discussed herein refers to all business records of Charter School (and is used interchangeably with "documents"), including written, printed, and recorded materials, as well as electronic records (i.e., e-mails and documents saved electronically). All records shall be retained for a period no longer than necessary for the proper conduct and functioning of Charter School. No business records shall be retained longer than seven (7) years, except those that: (i) have periods provided for herein; (ii) are in the Record Retention Schedule, found at **Appendix A**; or (iii) are specifically exempted by the Administrator.

III. Administration and Oversight

Attached as Appendix A is a Record Retention Schedule (the "Retention Schedule") that is approved as the initial maintenance, retention and disposal schedule for physical records of Charter School and the retention and disposal of electronic documents. The Retention Schedule lists several categories of records, as well as specific records that contain specific retention periods. The Superintendent of Charter School (the "Administrator") or her/his designee is the officer in charge of the administration of this Policy and the implementation of processes and procedures to ensure that the Retention Schedule is followed. The Administrator is also authorized to: (i) make modifications to the Retention Schedule from time to time to ensure that it is in compliance with local, state and federal laws and includes the appropriate document and record categories for Charter School and the charter schools it operates; (ii) monitor local, state and federal laws affecting record retention; (iii) annually review the record retention and disposal program; and (iv) monitor compliance with this Policy.

To ensure compliance with this Policy, the Administrator is responsible for the following oversight functions:

- Implementing this Policy;
- Ensuring that administrators, employees, volunteers, and board members are properly informed, understand, and follow this Policy and the Retention Schedule;
- Providing oversight on actual retention and destruction/disposal of documents;
- Ensuring proper storage of documents;
- Periodically following-up with legal counsel to ensure proper retention periods are in place;
- Suspending the destruction of documents upon actual or foreseeable litigation or governmental investigation; and

- Keeping administrators, employees, volunteers, and board members apprised of changes in relation to this Policy or the Retention Schedule.

The Administrator shall periodically review this Policy and Retention Schedule, modify them accordingly, and inform and educate all Charter School administrators, employees, volunteers, and board members on any such changes. All document retention and/or destruction questions should be directly addressed to the Administrator.

The Administrator may designate a Records Custodian to carry out the day-to-day administration of this Policy. The Records Custodian shall maintain the Retention Schedule; develop and monitor procedures implementing this Policy; ensure that records are stored securely and retained for the periods set forth in the Retention Schedule; oversee the lawful disposal of records and complete the Certificate of Records Disposal Form for each disposal; retain completed Certificates; and report to the Administrator on compliance with this Policy. Designation of a Records Custodian does not relieve the Administrator of responsibility for the administration of this Policy.

IV. How Records are Stored and Secured

Tangible Records

Tangible records are those which you must physically move to store, such as paper records (including printed versions of electronically saved records), photographs, audio recordings, advertisements and promotional items. Active records that are retained as set forth in the Retention Schedule and need to be easily accessible may be stored in Charter School's administration space or equipment. Inactive tangible records that are retained as set forth in the Retention Schedule may be sent to an off-site storage facility.

Electronic Records

Electronic mail ("e-mail") that is required to be retained as set forth in the Retention Schedule should be either printed and stored as tangible records or stored electronically.

Third-Party Service Providers

Any third party that stores, processes, or destroys Charter School records on its behalf shall do so under a written agreement requiring the provider to maintain the confidentiality and security of the records, to use them only for purposes authorized by the Charter School, and to return or securely destroy them at the conclusion of the engagement. Agreements involving student information shall comply with Education Code section 49073.1.

V. Destruction/Deletion of Records

Tangible Records

Tangible records that are not required to be retained as set forth in the Retention Schedule should be destroyed by shredding or some other means that will render them unreadable. If you have a record that you do not know how to destroy, such as a photograph, compact disk, or tape recording, ask the advice of the Administrator.

Electronic Records

E-mail records that you "delete" from a device typically remain in Charter School's system. Thus, Charter School information technology ("IT") staff or vendor will be responsible for permanently removing deleted emails from the computer system that are not required to be retained as set forth in the Retention Schedule. Permanently deleting a file is usually sufficient in most circumstances to dispose of a record.

However, because electronic records can be stored in many locations, Charter School's IT staff or vendor will be responsible for permanently removing deleted files from the entire system. Keep in mind, where duplicate records are involved, both/all copies should be destroyed/deleted, where proper.

Email that is considered SPAM or advertising and is not necessary to the discharge of an official duty may be immediately deleted.

VI. Suspension of Record Disposal in the Event of Litigation, Investigation, or Claims

In the event Charter School is served with a document subpoena, or an employee becomes aware of a governmental investigation or audit concerning Charter School or the commencement of any litigation against or concerning Charter School, such employee shall inform the Administrator and any further disposal of documents shall be suspended until such time as the Administrator, with the advice of legal counsel, determines otherwise ("Legal Hold"). A Legal Hold will always supersede any retention period noted in **Appendix A** below. The Administrator shall take such steps as is necessary to promptly inform all staff of any suspension in the further disposal of documents.
