Memorandum

To: CalOPS Board of Directors

From: Dan Hertzler, Director of Operations and Board Secretary

Date: November 10, 2026

Re: Closure Update – California Online Public Schools Southern California (Capistrano Unified)

Background

On October 13, 2026, the Board adopted Resolution No. 2627-02, documenting the closure of California Online Public Schools Southern California, the charter authorized by the Capistrano Unified School District, effective September 9, 2026. The closure was through voluntary rescission of the charter petition, before the end of the charter term on June 30, 2027. All students enrolled in the Southern California region for the 2026-27 school year are enrolled with CalOPS SoCal - OCDE. Through the resolution, the Board appointed Dan Hertzler, Director of Operations, as the person responsible for closure-related activities. Staff will give the Board monthly updates on the closure procedures, as an information item, until they are complete.

Updates

November 10, 2026

Charter Impact (Matthew Lemos)

- Submitted the required closeout (final expenditure) reports for the school's one-time state funds, including the Learning Recovery Emergency Block Grant (LREBG) and the Student Support and Professional Development Discretionary Block Grant (SSPDBG), so the state has a final accounting of how those dollars were spent.
- Began a full review of the school's balance sheet to identify every remaining asset, liability, and outstanding loan so each can be settled or reassigned before the books are closed.
- Met with the auditors, CLA, to walk through what a closeout audit will require and to map out the next steps and timing for that final audit.

CalOPS Team

- Working with Young, Minney & Corr, LLP (YMC) to fine-tune the required closure notices, which will be sent to the Capistrano Unified School District (CUSD), OCDE, the California Department of Education (CDE), CalSTRS, Social Security, the NCAA, WASC, the University of California (UC), the SELPA, and employees.
- Requested that the CDE School Directory be updated to show CalOPS Southern California as inactive.
- Followed up with the Capistrano Unified CBEDS Coordinator by voicemail, asking that the update be made.
- 11/2/26: CDE has requested closure documentation.

Board Information Memo

SUBJECT: Technology Refresh Policy (Initial Draft for Board Review)

Category (Contract Approval, Policy, Personnel, General Approval. etc.): Policy

Date: 11/10/2026

Reason for Board Consideration (Fiscal Policy, State Requirement, etc.): Board Policy

Decision Type (Action Item, Information Only, etc.): Information Only

Background (Brief Summary of Background Information):

CalOPS plans for staff technology to be refreshed on an approximately three-year cycle, but that cycle is not currently established in Board policy. Refreshes have instead been planned and brought to the Board individually as purchases, most recently the Extended Leadership Team (ELT) refresh in spring 2026 and the staff technology refresh in October 2026.

The attached draft Technology Refresh Policy establishes a planned approach to replacing the laptops, tablets, monitors, docking stations, and related peripherals CalOPS issues to staff and Board Members across all six schools. It does not cover student devices, software, subscriptions, or network infrastructure. Key provisions include:

- **Three-year planning cycle.** Devices are planned for replacement approximately every three years from the date placed into service. The cycle is a planning and budgeting standard, not a requirement to replace devices in any given year, and creates no entitlement to a replacement device.
- **Subject to available funds.** The President or designee may defer or phase a refresh; when a planned refresh is deferred, the Board is informed at a subsequent regular meeting.
- **Standard technology packages.** Staff receive at minimum a laptop, monitor, keyboard and mouse, and a docking station or hub. Board Members are offered a tablet, which they may decline. All devices remain CalOPS property.
- **Budgeting and Board approval.** Projected refresh costs are included in the annual budget and multi-year projections. Purchases follow the approval levels in the CalOPS Fiscal Policies, and a refresh phase may not be divided to avoid Board approval.
- **Alignment with Fiscal Policies.** Issuance, inventory, disposal, and data removal follow the CalOPS Fiscal Policies, which control in the event of a conflict.

Rationale (Why is this important and why is this coming to the Board):

In CalOPS's fully virtual environment, staff technology is the primary means through which all instruction, student support, and operational work is performed. A defined refresh cycle allows CalOPS to maintain

dependable hardware, standardize the equipment the technology department supports, and forecast technology costs in the annual budget and multi-year projections rather than addressing each refresh as a standalone purchase.

This draft is being presented as an information item so the Board can review it and provide feedback before it is brought forward for adoption. No action is requested at this meeting.

Evidence of Due Diligence:

- The draft policy was authored by the Director of Operations, with review and feedback from the Assistant Director of Technology and the Co-Superintendents.
- The draft was written to operate within the CalOPS Fiscal Policies, including the current $100,000 threshold for Board approval of purchases, and the CalOPS Board Duties, Responsibilities, and Delegation of Power Policy.
- The draft reflects the three-year refresh practice and standard staff technology package used in the ELT and staff technology refreshes previously approved by the Board.
- The draft has not yet been reviewed by legal counsel.

Fiscal Impact: None. This item is for information only. Adoption of the policy would not by itself authorize any expenditure; future refresh costs would be included in the Board-adopted budget and approved in accordance with the CalOPS Fiscal Policies.

Potential Conflicts of Interest: N/A

Recommendation/Board Action (if applicable): Information Only

No action is requested. Staff invites Board feedback on the draft policy. Depending on that feedback, staff anticipates bringing the policy to the Board for approval no earlier than the December 2026 meeting.

Technology Refresh Policy

California Online Public Schools

California Online Public Schools non-profit Board of Directors operates the following charter schools to which this policy applies:
California Online Public Schools Central Coast
California Online Public Schools Central Valley
California Online Public Schools Monterey Bay
California Online Public Schools North Bay
California Online Public Schools Northern California
California Online Public Schools Southern California

DRAFT – Pending Approval by CalOPS Board of Directors

---

1. Purpose

The purpose of this policy is to establish a consistent, fiscally responsible approach to the replacement of technology issued to California Online Public Schools ("CalOPS") staff and members of the Board of Directors.

CalOPS operates fully virtual charter schools in which staff technology is the primary means through which all instruction, student support, and operational work is performed. Technology issued to Board Members supports communication and the Board's oversight of the schools. Reliable, current technology is therefore essential to CalOPS's ability to serve students and families and to govern effectively. Establishing a planned refresh cycle allows CalOPS to maintain dependable hardware, standardize the equipment it supports, and forecast technology costs as part of its annual budget and multi-year financial projections.

2. Scope

This policy applies to technology hardware issued by CalOPS to its employees and to members of the Board of Directors, including laptops, tablets, monitors, docking stations, and related peripherals. It applies across all charter schools operated by CalOPS.

This policy does not apply to technology issued to students, which is governed by the CalOPS Fiscal Policies and applicable student policies, nor to software, subscriptions, or network and infrastructure systems.

This policy shall be read in conjunction with the CalOPS Fiscal Policies, which govern the issuance, inventory, security, and disposal of CalOPS equipment. In the event of a conflict, the Fiscal Policies shall control.

3. Refresh Cycle

CalOPS plans for staff and Board Member technology to be replaced approximately every three years from the date it is placed into service. The three-year cycle is a planning standard used to forecast costs and schedule replacements; it does not require that devices be replaced in any given year.

Each refresh is subject to the availability of funds in the Board-adopted budget. When funds are not available, or when existing devices continue to perform reliably, the President or designee may defer or phase a refresh, and devices will remain in service until replaced. When a planned refresh is deferred, the President or designee shall inform the Board at a subsequent regular Board meeting.

A refresh may be carried out in phases. The order in which devices are replaced shall be determined by administrative procedure.

Replacement of a device outside the refresh cycle due to loss, damage, or failure shall be handled in accordance with the CalOPS Fiscal Policies and administrative procedure.

Nothing in this policy creates an entitlement for any staff member or Board Member to receive a replacement device on a set schedule.

4. Standard Technology Packages

At each refresh, eligible staff and Board Members will receive, at a minimum, the standard technology package for their role, as described below. The President or designee may add equipment to the standard package, for all recipients or for individual staff or Board Members, as operational needs require. Specific makes and models shall be selected by the President or designee at the time of each refresh, based on performance, cost, and supportability.

Staff. The minimum staff package consists of a laptop, monitor, keyboard and mouse, and a docking station or hub. Staff may select their laptop from the models approved for that refresh.

Board Members. Each Board Member will be offered, at a minimum, a tablet to facilitate communication and support the Board's oversight responsibilities. A Board Member may decline the device.

All technology issued under this policy remains the property of CalOPS and shall be returned in accordance with the CalOPS Fiscal Policies when the device is replaced or when the individual's employment or Board service ends.

5. Budgeting and Board Approval

The President or designee shall include projected refresh costs in the annual budget and multi-year financial projections presented to the Board for adoption.

Refresh purchases shall be approved in accordance with the authority levels established in the CalOPS Fiscal Policies. Purchases that exceed those levels require Board approval. A refresh may be planned and purchased in phases to respond to changes in technology pricing, availability, and operational need. Each phase shall be evaluated as a whole when determining whether Board

approval is required, and a phase shall not be divided into smaller purchases to avoid that requirement.

When a refresh phase is presented for Board approval, it shall include evidence of competitive pricing and due diligence consistent with the CalOPS Fiscal Policies, and shall identify how the phase fits within the overall refresh plan.

6. Implementation

In accordance with the CalOPS Board Duties, Responsibilities, and Delegation of Power policy, the President or designee shall implement this policy and may adopt administrative procedures as needed. Such procedures may address, but are not limited to:

- The prioritization and phasing of device replacements;
- The selection of approved makes and models;
- Procurement, configuration, and deployment of devices;
- The maintenance of a reserve of devices for new employees and replacements;
- The collection of replaced devices; and
- The removal of all CalOPS and student data from replaced devices prior to redeployment or disposal.

Replaced devices shall be inventoried, redeployed, declared surplus, or disposed of in accordance with the CalOPS Fiscal Policies and applicable law.

7. Policy Review

This policy shall be reviewed by the Board at least once every three years, and may be reviewed more frequently as needed. The President or designee shall recommend revisions to the Board whenever changes in law, technology costs, CalOPS operations, or the CalOPS Fiscal Policies warrant an update.

BOARD INPUT GUIDE · STUDY SESSION

Recruiting and Replacing Board Members

What should our policy say? Your input shapes the first draft.

BEFORE THE MEETING

The Board asked for a written policy on how CalOPS finds, selects, and replaces directors. Before a draft comes back for action, staff want the Board's direction on the choices that are genuinely the Board's to make. This guide walks through those choices. There are no right answers here, and you can check more than one box or write your own.

How to use it. Read it before the meeting and jot notes for yourself. Please do not share your answers with other directors or send them to staff ahead of time. Because the Board is subject to the Brown Act, the discussion needs to happen together, in the noticed meeting. Bring the guide with you.

What happens next. Staff will turn the Board's direction into a draft policy, check it against our six charters, and have legal counsel review it before it returns for action.

Already settled by law and our Bylaws

These are already decided, so we can spend our time on what is not. Any policy we adopt will follow them. Section numbers refer to the CalOPS Bylaws as revised and approved February 10, 2026. Changing anything in the Bylaws rows would take a Bylaws amendment, not this policy.

Board size	Between 5 and 15 directors; the exact number is set by Board resolution	Bylaws 4.2
Election and terms	Directors are elected at the annual meeting by a majority of directors in office. Terms are three years, staggered	Bylaws 4.4
Who may serve	No director may be anyone paid by CalOPS in the last 12 months, or a close relative of such a person. CalOPS employees cannot serve	Bylaws 4.17
Qualities sought	Ability to attend meetings; willingness to support CalOPS and its schools; dedication to its educational work	Bylaws 4.3(A)
Vacancies	Filled by a majority of directors in office; the new director serves the rest of the term	Bylaws 4.6(C)
Removal	With or without cause, by a majority of the entire Board, at a properly noticed meeting	Bylaws 4.5
Committees	May recommend candidates but may not fill a seat. Committee meetings follow the same open-meeting rules as the Board	Bylaws 6.1, 6.2

Topic	What is already decided	Source
Authorizer seats	Each authorizing district may appoint a representative; only that district can remove or replace its representative	Bylaws 4.3(A), 4.5, 4.6(C)
Brown Act	Discussion of candidates, finalist interviews, and the vote happen in open session. Closed session cannot be used to appoint directors	Gov. Code 54950 et seq.
Public records	Applications and Board records about candidates can be requested by the public	Public Records Act
Conflicts and disclosure	No financial interest in a CalOPS contract. Form 700 within 30 days of taking office. Two hours of ethics training within one year, then every two years	Gov. Code 1090, 87100, 53235
Delegation Policy	The Board and the President jointly recruit and nominate prospective Board members. Only the Board votes	Delegation Policy

Part 1 · Who should be on our Board

1.1 What expertise does the Board need most over the next three years? Check up to four.

A written skills picture lets us recruit for what we lack instead of whoever is available.

- ☐ School finance and audit
- ☐ Education or nonprofit law
- ☐ Instructional leadership
- ☐ Special education
- ☐ Virtual learning and independent study
- ☐ Data, technology, and student privacy
- ☐ Human resources and labor
- ☐ College and career pathways
- ☐ Communications and family engagement
- ☐ Government and authorizer relations
- ☐ Recognized community leader in an area we serve
- ☐ Other: _____

Notes

1.2 The Bylaws ask the Board to try to include a parent or guardian of a current or former CalOPS student (4.3(B)). Should we go further?

The Bylaws make this a goal, not a requirement. A reserved seat would guarantee it.

- ☐ Reserve at least one seat
- ☐ Treat it as a priority in every recruitment cycle, without a reserved seat
- ☐ The Bylaws standard is enough

Notes

1.3 The Bylaws ask the Board to try to include a representative of each of our six schools, such as someone living in the area that school serves (4.3(B)(d)). How should we meet that?

With six schools and a Board that may be as small as five, one director may need to cover more than one school.

- ☐ One director living in each school's service area
- ☐ At least one director from each of our regions, covering every school between them
- ☐ A looser standard: consider school area when choosing among candidates
- ☐ Other: _____

Notes

1.4 Is the Board the right size?

The Bylaws allow 5 to 15 directors, with the number set by resolution. Larger boards spread the work and widen perspective; smaller boards move faster and reach quorum more easily.

- ☐ Keep the current number
- ☐ Increase the number by resolution
- ☐ Decrease the number by resolution
- ☐ Unsure

Notes

Part 2 · Who can serve

2.1 Should close relatives, or members of the same household, be allowed to serve on the Board at the same time?

The Bylaws already bar relatives of CalOPS staff (4.17). This question is only about relatives among directors. The law does not prohibit it; some boards restrict it to protect independent judgment, others rely on disclosure.

- ☐ Not allowed
- ☐ Allowed with disclosure
- ☐ No restriction

Notes

2.2 If an authorizing district appoints a representative, how should that seat count?

The Bylaws let each authorizing district appoint a representative but do not say how many such seats there can be or how they count toward the 5 to 15. We have six authorizers.

- ☐ Within the Board's set number
- ☐ In addition to the Board's set number
- ☐ Invite districts to use their seats each year
- ☐ Address this in a Bylaws amendment
- ☐ Unsure

Notes

2.3 Should new directors complete a background check?

It is not required by law or the Bylaws. Some charter organizations require it anyway.

- ☐ Yes
- ☐ No
- ☐ Unsure

Notes

Part 3 · How we find and choose directors

3.1 How should we find candidates?

Open postings widen the pool and show the public a fair process. Personal networks often find strong candidates faster.

- ☐ Public posting open to anyone
- ☐ Invitations from directors and the President
- ☐ Both

Notes

3.2 Who should screen applicants and bring finalists to the Board?

Under the Bylaws a committee can only recommend; the Board elects (6.1). Committee meetings follow the same open-meeting rules as the Board (6.2), so screening interviews would likely be public either way. Legal counsel will confirm.

- ☐ A committee of two or three directors, formed for each recruitment
- ☐ A standing Governance Committee
- ☐ The full Board, in open session

Notes

3.3 With two Co-Superintendents, who should fill the President's role in recruiting and nominating directors?

The Bylaws define the President as the chief executive officer, one person (5.7). Neither the Bylaws nor the Delegation Policy mentions Co-Superintendents.

- ☐ One Co-Superintendent, named by the Board
- ☐ Both Co-Superintendents
- ☐ Whoever the Board designates each time

Notes

3.4 How involved should the President be?

The President brings knowledge of the organization. The Board also hires and evaluates the President, so some boards limit the President's influence over who joins.

- ☐ Recruits and nominates only
- ☐ Also takes part in interviews
- ☐ Also recommends finalists
- ☐ Other: _____

Notes

Part 4 · Continuity

4.1 Should there be term limits?

The Bylaws set three-year terms with no limit (4.4). Because terms are in the Bylaws, a limit would be added there. Limits bring in new people; they can also push out experienced directors.

- ☐ Two consecutive terms, then a year off
- ☐ Three consecutive terms
- ☐ No term limits

Notes

4.2 Should we keep a pool of qualified candidates between cycles?

A ready pool means a resignation does not leave a seat empty for months.

- ☐ Yes, finalists stay in a pool for twelve months if they agree
- ☐ No, start fresh each time

Notes

Part 5 · When a director leaves

5.1 When a seat opens mid-year, how quickly should we fill it?

The Bylaws say who fills a vacancy (a majority of directors in office) but not when. Filling quickly keeps the Board at strength; waiting lets the seat join the regular annual cycle.

- ☐ As soon as practical, within about 90 days
- ☐ Only if the Board drops below a minimum size or loses key expertise
- ☐ Wait for the annual cycle

Notes

5.2 Should missing meetings lead to losing a seat?

Today the Bylaws let the Board vacate a seat only after a court finding or a felony conviction (4.6(B)). An attendance rule has to be written into the Bylaws to be used. Without one, the Board can still remove a director by a majority of the entire Board (4.5).

- ☐ Amend the Bylaws to add a rule: three consecutive unexcused absences
- ☐ Amend the Bylaws with a different number: ____
- ☐ No attendance rule; rely on removal

Notes

5.3 Before the Board votes to remove a director, what should happen first?

Removal takes a majority of the entire Board at a properly noticed meeting (4.5). It is rare and hard, and a clear process protects the director and the Board.

- ☐ A private conversation with the Chair
- ☐ An offer to resign
- ☐ Advice from legal counsel
- ☐ All of the above

Notes

Part 6 · Bringing new directors on

6.1 Which onboarding supports matter most? Check all that apply.

New directors govern well sooner when they understand charters, our authorizers, our budget, and the Delegation Policy.

- ☐ Formal orientation with the Chair and President
- ☐ A mentor from among current directors
- ☐ Observing live virtual classes
- ☐ Brown Act and ethics training within the first 90 days
- ☐ Other: _____

Notes

Part 7 · In your own words

7.1 Think about how you joined this Board. What worked, and what would you change?

Notes

7.2 What is the one thing this policy must get right?

BOARD BRIEFING · November 10, 2026

CalSTRS Changes for Charter Schools

Prepared by Dr. Richie Romero, Co-Superintendent

Bottom line

On July 1, 2027, the rules for which CalOPS positions earn CalSTRS service credit change. Teachers and the superintendent position stay covered automatically. Most other certificated positions, such as directors, principals, coordinators, and counselors, stay covered only if this Board adopts a resolution designating them.

> **The Board will need two things in place before July 1, 2027: a resolution designating the covered non-teaching positions, and a publicly available pay schedule for every position reported to CalSTRS.** Without both, staff hired or promoted after that date can lose CalSTRS eligibility, or their pay may not count toward their pension.

No one loses retirement benefits already earned.

The three laws

Law	Signed	What it does for charter schools
AB 1997 (McKinnor), Chapter 690, Statutes of 2024	Sept. 27, 2024	Rewrites how CalSTRS defines covered positions and pensionable pay. As written, it covered only charter positions that require a teaching credential, which left out charter administrators.
SB 853 (Senate Labor, Public Employment and Retirement Committee), Chapter 239, Statutes of 2025	Oct. 1, 2025	Cleanup bill. It gives the CalSTRS board final authority over who counts as an employer and who is a member, and fixes AB 1997's pay-rate wording for people who hold more than one position.
AB 2519 (McKinnor), Chapter 947, Statutes of 2026	Sept. 30, 2026	Restores coverage for charter administrators and other non-teaching certificated roles, but only for positions the governing board designates by resolution. Sets the start date at July 1, 2027.

CalSTRS sponsored AB 1997. The California Charter Schools Association sponsored AB 2519, which passed with no recorded opposition.

What changes for CalOPS employees

Who is covered starting July 1, 2027. Under Education Code §22156.07, a charter position is CalSTRS-covered if it falls into one of these groups:

- **Teachers:** positions that require a credential, permit, or other document under Education Code §47605(l). No Board action is needed.
- **Superintendents:** "a position as a superintendent of a California public school" is covered by statute. No Board action is needed.
- **Other certificated roles:** positions that perform, direct, coordinate, supervise, or administer a function listed in Education Code §44065. Examples are instruction, counseling, curriculum, library services, and evaluation of the instructional program. The position must also require a credential, license, permit, or certificate, or would require one at a school district. **These are covered only if the Board designates them by resolution.**
- **Bargaining unit positions:** positions in a certificated bargaining unit. This path applies only where a certificated bargaining unit exists.

Current employees. Under §22156.08, staff who already earn CalSTRS credit keep earning it after July 1, 2027, but only while they stay "continuously employed" in the same position. Any move to a new position, with CalOPS or another employer, puts them under the new rules. For example, a coordinator who stays a coordinator keeps her coverage. If she is promoted to director in August 2027 and the Board has not designated the director position, she stops earning service credit, though she keeps what she has already earned. The law does not define "same position," so a new title or a reorganized job could also count as a new position.

The protection covers only people who never move. A Board resolution covers the position itself, so anyone hired or promoted into it is covered. Designating every qualifying position protects current staff whether they stay or advance.

Pay must be on a public schedule. Under §22119.3, pay counts toward a CalSTRS pension only if it is salary set by a "publicly available pay schedule," or special pay set by a "publicly available agreement." It must also be paid to everyone in the same class of employees. Pay that does not meet these rules goes into a separate supplemental account and does not count toward the main pension. This applies to every position reported to CalSTRS. The old law named an employment agreement as an acceptable source for salary. The new law drops that wording, so pay set only in an individual contract is at risk.

Reporting accuracy matters more. Under §22119.3(e), an employer or individual who "knowingly or willfully" misreports compensation may be prosecuted for fraud, theft, or embezzlement.

Board actions and timeline

When	Action	Lead
Now through January 2027	List every non-teaching certificated position and match each to its §44065 function and its credential requirement.	Co-Superintendents, Human Resources
Now through January 2027	Confirm with CalSTRS which CalOPS entity or entities are the reporting employer for the six schools.	Finance, legal counsel

When	Action	Lead
By March 2027	Review salary schedules and individual employment agreements. Move every CalSTRS-reported salary onto a publicly available pay schedule.	Finance, Human Resources
Spring 2027	Adopt the position-designation resolution at a public meeting, effective July 1, 2027. Adopt the revised pay schedules.	**Board**
July 1, 2027	The new rules take effect.	—
Ongoing	Any new or retitled position needs a resolution in effect on, or made retroactive to, the hire date.	Human Resources, Board

Open questions

- **Start date for the pay rules.** AB 2519 fixed the membership rules at July 1, 2027. The pay rules and the current-employee protection begin on a date the CalSTRS board sets and must post by July 1, 2027. Has CalSTRS posted it?
- **Employment contracts.** Can an individual employment agreement still serve as the "publicly available pay schedule" if it is posted publicly, or must the pay appear on a separately adopted schedule? CalSTRS may address this in regulations.
- **Which entity is the employer.** SB 853 gives the CalSTRS board final authority over who counts as the employer. Counsel should confirm whether one resolution covers all six schools or each school needs its own.

A. Public Comment

The Board welcomes participation by the members of the public telephonically. To address an item on the agenda, before the scheduled start of the meeting, an individual must write their name and a short description of the agenda item on which they wish to comment on the card provided and submit this to the Chair, along with any materials they want to have distributed to the Board. Individuals who wish to address the Board telephonically must contact the School Leader by phone or by email at least twenty four (24) hours before the scheduled start of the Board meeting. If the individual wants to provide any written materials to the Board, these should be emailed to the School Leader at least twenty-four (24) hours before the scheduled start of the meeting.

The total time for any individual to present, either in person or via telephone, on an item on the agenda shall not exceed three (3) minutes, or six (6) minutes if the individual requesting to comment is a non English speaker and requires a translator, unless the Board grants additional time. However, in compliance with Board policy and the Brown Act, the Board is not permitted to discuss or take action on non-agenda items. Individuals desiring to make a formal presentation to the Board on an item not on the agenda but desiring it be placed on the agenda must provide notice and written submissions detailing the subject of the presentation to the School Leader at least fourteen (14) days prior to the meeting. Any such presentations shall not exceed fifteen (15) minutes in duration, unless otherwise permitted by the Chair.

III. Oral Reports

A. Co-Superintendents' Report

R. Savage reported that CalOPS had 8,784 enrolled students statewide, with an additional 167 in pre-enrollment. He noted that new applications continued at approximately 225 per week. R. Savage also provided an update on the recent leadership retreat, where the team discussed CalOPS’s five district priorities and identified goals for the school year.

R. Romero shared updates on the upcoming beginning-of-year festivals, including a new “Meet the Sups” opportunity for families to connect with the Co-Superintendents. He also discussed preparations for the release of the state dashboard and ongoing pre-oversight visits with authorizers to review compliance expectations and recent legislative changes.

B. Principal's Report

M. White reported that elementary enrollment was approximately 2,475 students, with expectations that enrollment would exceed the previous year's peak. Beginning-of-year assessments had been completed, and grade-level teams were using the results to guide instruction, including foundational literacy and math skills, writing, and targeted enrichment for GATE students. He highlighted collaboration between fifth and sixth grade teachers to support the transition to middle school, positive feedback from families regarding special education services, and the work of English language development teachers in supporting English learners.

C. CalOPS Financial Services Report

L. Carter presented the consolidated financial report.

Highlights:

- Enrollment **8,519** (+442 vs. July and budget) | ADA 8,178at 96.0% attendance
- Revenue **$135.1M**: +$4.6M vs. July and +$4.6M vs. budget, mostly LCFF on higher ADA
- Expenses **$126.1M**: -$0.6M vs. July; +$1.9M vs. budget
- Surplus **$9.0M**(7.1%): up $5.2M from July; +$2.7M vs. budget
- Beginning fund balance updated to FY26 unaudited actuals: **$14.8M** (-$1.6M vs. July; $4.4M vs. adoption)
- Ending fund balance **$23.8M**(18.9%): +$3.6M vs. July; -$1.7M vs. budget
- Expenses will be monitored closely to support enrollment growth

Z. Robeson arrived at 5:24 PM.
D. Rivas left at 5:29 PM.
L. Carter reported that the East West Bank accounts had been opened and the transfer process from Chase was underway.

L. Carter provided an update on the Board's request for an auditor review of the Fiscal Policy. The auditor recommended adding language addressing bid requirements for federally funded purchases. L. Carter planned to bring the revised language back to the Board in November.

D. Policy, Compliance, and Legislative Updates

D. Hertzler reported that CalOPS's annual audit was progressing well and discussed recent legislative changes. AB 2519, addressing CalSTRS eligibility for certain charter school administrators, and SB 1083, extending background-check requirements to contractors and subcontractors who interact with students, had both been signed into law.

D. Hertzler also reviewed upcoming compliance requirements related to contractor evaluation and approval policies, instructional work samples, and the $100,000 fiscal approval threshold. He noted that the annual audit submission deadline had moved from

December 15 to January 31. AB 2555 also changed English learner reclassification requirements, allowing more than 80 CalOPS students to be reclassified based on their ELPAC scores.

IV. Information Items

A. Board Retreat Updates

D. Hertzler provided an update on preparations for the November Board Retreat. The draft agenda had been revised based on Board feedback, with additional topics incorporated into the planned sessions. The Board discussed clarifying the Sunday start time for the working breakfast and closed-session discussion with legal counsel. WestEd requested final edits by October 30 so materials could be prepared for the retreat.

B. Purple Star Certification (attached)

D. Hertzler presented CalOPS's 2026–27 military family support plan and the school's intent to apply for the California Purple Star School Designation. He explained that many existing practices already supported military families, and the application process would formalize additional training, protocols, and resources.

The plan included a designated enrollment contact, a family liaison, a dedicated webpage, staff training, and support for students transitioning between schools and grade levels. CalOPS had also joined the Military Child Education Coalition. Z. Robeson asked how families would learn about the designation, and D. Hertzler discussed plans for website, marketing, and social media promotion. J. Stockdale expressed support for the initiative and its benefits for military families.

C. Student Services Updates (attached)

M. Duran reported that CalOPS had approximately 1,850 students with IEPs when the Board materials were prepared, increasing to 1,881 by the meeting date. She reviewed the Student Services staffing structure and leadership changes intended to strengthen supervision, collaboration, and alignment with CalOPS's values.

M. Duran discussed the transition toward bringing paraprofessional positions in-house and developing potential pathways for paraprofessionals to become substitute teachers or pursue special education credentials. She highlighted the alternative pathway to a diploma for eligible students with extensive support needs, noting that 12 students had entered the pathway since the start of the school year and that students would continue to receive special education services through age 22.

M. Duran described the district-wide crisis response and intervention team, which was designed to streamline responses to student crises and provide structured follow-up and re-entry support. J. Stockdale praised the approach to supporting students in a virtual

learning environment, and Z. Robeson suggested exploring apprenticeship opportunities to help address paraprofessional staffing needs.

V. Consent Items

A. Approval of Minutes from the September 8, 2026 CalOPS Board Meeting (attached)

B. Approval of Minutes from September 29, 2026 CalOPS Special Board Meeting (attached)

C. Approval of Staffing Report (attached)

D. Approval of Check Register (attached)

The Board discussed the Check Register and asked about redacted names and a phone stipend listed in the supporting documentation. L. Carter explained that redactions were made to protect personally identifiable information in accordance with legal review recommendations. Z. Robeson requested that additional context be provided when redactions made it difficult to understand the nature of an expenditure. The Board deferred approval of Item D pending further explanation.

L. Carter provided clarity that the description was misleading that the quantity amounted for both a phone stipend and travel expense reimbursement. She assured the board that there would be a better process implemented for confirming the accuracy of register item descriptions.
P. Pulsipher made a motion to approve Consent Item D, Check Register.
A. Pulsipher seconded the motion.

D. Hertzler explained that the former Southern California charter, authorized by Capistrano Unified School District, was being closed following approval of the new countywide charter through the Orange County Department of Education. All students had begun the school year under the new charter. He noted that closure-related work would continue over time, particularly regarding financial matters, and that the resolution designated him as responsible for closure activities.
M. Henjum made a motion to adopt Resolution No. 2627-02, documenting the closure of California Online Public Schools Southern California effective September 9, 2026, and

appointing Dan Hertzler, Director of Operations, as the person responsible for closure-related activities.

Central Auditory Processing Evaluation Services and Pricing

Central Auditory Processing Disorder (C)APD evaluations require comprehensive, specialized testing that may vary depending on the individual's age and cognitive profile. Our clinic provides a thorough multidisciplinary approach to diagnosing and managing Central Auditory Processing Disorder. Below is a list of standard services included in our (C)APD evaluation and follow-up care:

- Audiologic Evaluation: A diagnostic hearing test to rule out peripheral hearing loss before the (C)APD testing begins.
- Comprehensive (C)APD Test Battery: We use advanced research-based behavioral tests to measure how efficiently the central nervous system processes auditory information. This comprehensive battery evaluates what the brain does with that information across five key areas: binaural integration, binaural separation, monaural low-redundancy speech processing, temporal processing, and binaural interaction. We utilize multiple test batteries to ensure both reliability and validity in assessing and diagnosing (C)APD.
- Detailed Clinical Report: A comprehensive breakdown of test results, specific diagnostic findings, and personalized recommendations for school, home, or workplace modifications, as well as referrals for auditory training if indicated..
- Post-Evaluation Consultation: A dedicated virtual appointment for the parent/guardians with our audiologist to review the results, answer questions, and discuss next steps. The audiologist will also attend the IEP meeting as a member of the team and resource to the student.
- Auditory Training: A structured, rehabilitative program of listening exercises designed to harness neuroplasticity in order to improve how the central nervous system processes, discriminates, and interprets sound. This service is provided by a licensed Audiologist and/or SLP.

GENERAL PROVISIONS

1. MASTER CONTRACT

This Master Contract (or "Contract") is entered into on **October 2, 2026**, between **California Online Public Schools which includes California Online Public Schools Central Coast, California Online Public Schools Central Valley, California Online Public Schools Monterey Bay, California Online Public Schools North Bay, California Online Public Schools Northern California, and California Online Public Schools Southern California**, hereinafter referred to as the local educational agency ("LEA"), a member of the **El Dorado** SELPA and

EdLogical Group Corp. dba Point Quest Group

(nonpublic, nonsectarian school or agency), hereinafter referred to as NPS/A or "CONTRACTOR" for the purpose of providing special education and/or related services to students with exceptional needs under the authorization of California Education Code sections 56157, 56361 and 56365 *et seq*. and Title 5 of the California Code of Regulations section 3000 *et seq*., AB 490 (Chapter 862, Statutes of 2003) and AB 1858 (Chapter 914, Statutes of 2004). It is understood that this agreement does not commit the LEA to pay for special education and/or related services provided to any student, or CONTRACTOR to provide such special education and/or related services, unless and until an authorized LEA representative approves the provision of special education and/or related services by CONTRACTOR.

Upon acceptance of a student, LEA shall submit to CONTRACTOR an Individual Service Agreement (hereinafter referred to as "ISA"). Unless otherwise agreed in writing, these forms shall acknowledge CONTRACTOR's obligation to provide all relevant services specified in the student's Individualized Education Program (hereinafter referred to as "IEP"). The ISA shall be executed within ninety (90) days of a student's enrollment. LEA and CONTRACTOR shall enter into an ISA for each student served by CONTRACTOR. As available and appropriate, the LEA shall make available access to any electronic IEP system and/or electronic database for the development of the ISA and invoices.

Unless placement and/or services is made pursuant to an Office of Administrative Hearings (hereinafter referred to as "OAH") order, a lawfully executed settlement agreement between LEA and parent or authorized by LEA for a transfer student pursuant to California Education Code section 56325, LEA is not responsible for the costs associated with NPS placement or NPS/A services until the date on which an IEP team meeting is convened, the IEP team determines that a NPS placement is appropriate, and the IEP is signed by the student's parent.

2. CERTIFICATION AND LICENSES

CONTRACTOR shall be certified by the California Department of Education (hereinafter referred to as "CDE") as a NPS/A. All NPS/A services shall be provided consistent with the area of certification and licensure specified by CDE Certification and as defined in California Education Code, section 56366 et seq

and within the professional scope of practice of each provider's license, certification, and/or credential. A current copy of CONTRACTOR's NPS/A certification or a waiver of such certification issued by the CDE pursuant to Education Code section 56366.2 must be provided to LEA on or before the date this Agreement is executed by CONTRACTOR. This Master Contract shall be null and void if such certification or waiver is expired, revoked, rescinded, or otherwise nullified during the effective period of this Master Contract.

Total student enrollment shall be limited to capacity as stated on CDE certification and in Section 24 of the Master Contract.

In addition to meeting the certification requirements of the State of California, a CONTRACTOR that operates a program outside of this State shall be certified and all staff persons providing services to pupils shall be certified and/or licensed by that state to provide, respectively, special education and related services and designated instruction and related services to pupils under the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.).

If CONTRACTOR is a licensed children's institution (hereinafter referred to as "LCI"), CONTRACTOR shall be licensed by the state, or other public agency having delegated authority by contract with the state to license, to provide nonmedical care room and board to children, including, but not limited to, individuals with exceptional needs. The LCI must also comply with all licensing requirements relevant to the protection of the child, and have a special permit, if necessary, to meet the needs of each child so placed. If the CONTRACTOR operates a program outside of this State, CONTRACTOR must obtain all required licenses from the appropriate licensing agency in both California and in the state where the LCI is located.

With respect to CONTRACTOR's certification, failure to notify the LEA and CDE in writing of any changes in: (1) credentialed/licensed staff; (2) ownership; (3) management and/or control of the agency; (4) major modification or relocation of facilities; or (5) significant modification of the program may result in the suspension or revocation of CDE certification and/or suspension or termination of this Master Contract by the LEA.

3. COMPLIANCE WITH LAWS, STATUTES, REGULATIONS

During the term of this Master Contract, unless otherwise agreed, CONTRACTOR shall comply with all applicable federal, state, and local statutes, laws, ordinances, rules, policies and regulations. CONTRACTOR shall also comply with all applicable LEA policies and procedures unless, taking into consideration all of the surrounding facts and circumstances, a policy or policies or a portion of a policy does not reasonably apply to CONTRACTOR. CONTRACTOR hereby acknowledges and agrees that it accepts all risks and responsibilities for its failure to comply with LEA policies and shall indemnify LEA under the provisions of Section 16 of this Agreement for all liability, loss, damage and expense (including reasonable attorneys' fees) resulting from or arising out of CONTRACTOR's failure to comply with applicable LEA policies (e.g., those policies relating to; the provision of special education and/or related services, facilities for individuals with exceptional needs, student enrollment and transfer, student inactive status, corporal punishment, student discipline, and positive behavior interventions).

CONTRACTOR acknowledges and understands that LEA may report to the CDE any violations of the provisions of this Master Contract; and that this may result in the suspension and/or revocation of CDE nonpublic school/agency certification pursuant to California Education Code section 56366.4(a).

4. TERM OF MASTER CONTRACT

The term of this Master Contract shall be from July 1, 2026 to June 30, 2027 (Title 5 California Code of Regulations section 3062(a)) unless otherwise stated. Neither the CONTRACTOR nor the LEA is required to renew this Master Contract in subsequent contract years. The parties acknowledge that any subsequent Master Contract is to be re-negotiated prior to June 30, 2027 (Title 5 California Code of Regulations section 3062(d)). In the event the contract negotiations are not agreed to by June 30th, the most recently executed

Master Contract will remain in effect for 90 days (Education Code 56366(c)(1)). If, after 60 days the Master Contract or individual services agreement has not been finalized, as prescribed in paragraph (1) of subdivision (a), either party may appeal to the county superintendent of schools, if the county superintendent of schools is not participating in the local plan involved in the nonpublic, nonsectarian school or agency contract; or the Superintendent, if the county superintendent of schools is participating in the local plan involved in the contract, to negotiate the contract. Within 30 days of receipt of this appeal, the county superintendent of schools or the Superintendent, or the individual designee, shall mediate the formulation of a contract, which shall be binding upon both parties (Education Code 56366 (c) (2)). No Master Contract will be offered unless and until all of the contracting requirements have been satisfied. The offer of a Master Contract to a CONTRACTOR is at the sole discretion of the LEA.

The provisions of this Master Contract apply to CONTRACTOR and any of its employees or independent contractors. Notice of any change in CONTRACTOR's ownership or authorized representative shall be provided in writing to LEA within thirty (30) calendar days of change of ownership or change of authorized representative.

CONTRACTOR shall provide the LEA with information as requested in writing to secure a Master Contract or a renewal.

At a minimum, such information shall include copies of current teacher credentials and clearance, insurance documentation and CDE certification. The LEA may require additional information as applicable. If the application packet is not completed and returned to District, no Master Contract will be issued. If CONTRACTOR does not return the Master Contract to LEA duly signed by an authorized representative within ninety (90) calendar days of issuance by LEA, the new contract rates will not take effect until the newly executed Master Contract is received by LEA and will not be retroactive to the first day of the new Master Contract's effective date. If CONTRACTOR fails to execute the new Master Contract within such ninety-day period, all payments shall cease until such time as the new Master Contract for the current school year is signed and returned to LEA by CONTRACTOR. (California Education Code section 56366(c)(1) and (2)). In the event that this Master Contract expires or terminates, CONTRACTOR shall continue to be bound to all of the terms and conditions of the most recent executed Master Contract between CONTRACTOR and LEA for so long as CONTRACTOR is servicing authorized students at the discretion of the LEA

(California Education Code sections 56366(a) (5) and 3062(e)). CONTRACTOR shall provide any and all subsequent compensatory service hours awarded to student as a result of lack of provision of services while student was served by the NPS/A.

If a parent or LEA contests the termination of an ISA by initiating a due process proceeding with the OAH, CONTRACTOR shall abide by the "stay-put" requirement of state and federal law unless the parent agrees otherwise or an Interim Alternative Educational Setting is deemed lawful and appropriate by LEA or OAH consistent with Section 1415 (k)(1)(7) of Title 20 of the United States Code. CONTRACTOR shall adhere to all LEA requirements concerning changes in placement.

To the fullest extent allowed by law, CONTRACTOR shall indemnify and hold LEA and its Board Members, administrators, employees, agents, attorneys, volunteers, and subcontractors ("LEA Indemnities") harmless against all liability, loss, damage and expense (including reasonable attorneys' fees) resulting from or arising out of this Master Contract or its performance, to the extent that such loss, expense, damage or liability was proximately caused by negligence, intentional act, or willful act or omission of CONTRACTOR, including, without limitation, its agents, employees, subcontractors or anyone employed directly or indirectly by it (excluding LEA and LEA Indemnities). 17. INDEPENDENT CONTRACTOR

Nothing herein contained will be construed to imply a joint venture, partnership or principal-agent relationship between the LEA and CONTRACTOR. CONTRACTOR shall provide all services under this Contract as an independent contractor, and neither party shall have the authority to bind or make any commitment on behalf of the other. Nothing contained in this Contract shall be deemed to create any association, partnership, joint venture or relationship of principal and agent, master and servant, or employer and employee between the parties or any affiliates of the parties, or between the LEA and any individual assigned by CONTRACTOR to perform any services for the LEA.

If the LEA is determined to be a partner, joint venture, co-principal, employer or co-employer of CONTRACTOR, CONTRACTOR shall indemnify and hold harmless the LEA from and against any and all claims for loss, liability, or damages arising from that determination, as well as any expenses, costs, taxes, penalties and interest charges incurred by the LEA as a result of that holding.

18. SUBCONTRACTING

CONTRACTOR shall provide written notification to LEA before subcontracting for special education and/or related services pursuant to this Master Contract. In the event LEA determines that it can provide the subcontracted service(s) at a lower rate, LEA may elect to provide such service(s). If LEA elects to provide such service(s), LEA shall provide written notification to CONTRACTOR within five (5) days of receipt of CONTRACTOR's original notice and CONTRACTOR shall not subcontract for said service(s).

CONTRACTOR shall incorporate all of the provisions of this Master Contract in all subcontracts, to the fullest extent reasonably possible. Furthermore, when CONTRACTOR enters into subcontracts for the provision of special education and/or related services (including, but not limited to, transportation) for any student, CONTRACTOR shall cause each subcontractor to procure and maintain insurance during the term of each subcontract. Such subcontractor's insurance shall comply with the provisions of Section 15. Each subcontractor shall furnish the LEA with original endorsements and certificates of insurance effecting coverage required by Section 15. The endorsements are to be signed by a person authorized by that insurer to bind coverage on its behalf. The endorsements are to be on forms as required by the LEA. All endorsements are to be received and approved by the LEA before the subcontractor's work commences. The Commercial General Liability and Automobile Liability policies shall name the LEA/SELPA and the LEA Board of Education as additional insured.

As an alternative to the LEA's forms, a subcontractor's insurer may provide complete, certified copies of all required insurance policies, including endorsements affecting the coverage required by this Master Contract. All Certificates of Insurance must reference the LEA contract number, name of the school or agency submitting the certificate, indication if NPS or NPA, and the location of the school or agency submitting the certificate. Pursuant to California Education code section 56042, an attorney or advocate for a parent of an individual with exceptional needs shall not recommend placement at CONTRACTOR's facility if the attorney or advocate is employed or contracted by the CONTRACTOR, or will receive a benefit from the CONTRACTOR, or otherwise has a conflict of interest.

The LEA shall neither execute an ISA with CONTRACTOR nor amend an existing ISA for a student when a recommendation for special education and/or related services is based in whole or in part on assessment(s) or reports provided by CONTRACTOR to the student without prior written authorization by LEA. This paragraph shall apply to CONTRACTOR regardless of when an assessment is performed or a report is prepared (i.e., before or after the student is enrolled in CONTRACTOR's school/agency) or whether an assessment of the student is performed or a report is prepared in the normal course of the services provided to the student by CONTRACTOR. To avoid conflict of interest, and in order to ensure the appropriateness of an Independent Educational Evaluation (hereinafter referred to as "IEE") and its recommendations, the LEA may not fund an IEE by an evaluator who provides ongoing service(s) or is sought to provide service(s) to the student for whom the IEE is requested. Likewise, the LEA may not fund services through the evaluator whose IEE the LEA agrees to fund. When no other appropriate assessor is available, LEA may request and if CONTRACTOR agrees, the CONTRACTOR may provide an IEE.

CONTRACTOR shall not admit a student living within the jurisdictional boundaries of the LEA on a private pay or tuition free "scholarship" basis and concurrently or subsequently advise/request parent(s) to pursue funding for the admitted school year from the LEA through due process proceedings.

20. NON-DISCRIMINATION

LEA shall provide low incidence equipment for eligible students with low incidence disabilities when specified in the student's IEP and ISA. Such equipment remains the property of the SELPA/LEA and shall be returned to the SELPA/LEA when the IEP team determines the equipment is no longer needed or when the student is no longer enrolled in the NPS. CONTRACTOR shall adhere to all LEA requirements concerning parent acknowledgment of financial responsibility.

Voluntary services and/or activities not necessary for the student to receive a free appropriate public education shall not interfere with the student's receipt of special education and/or related services as specified in the student's IEP and ISA unless the LEA, CONTRACTOR, and PARENT agree otherwise in writing.

The NPA providing Behavior Intervention services shall develop a written plan that specifies the nature of their NPA service for each student within thirty (30) days of enrollment and shall be provided in writing to the LEA. School-based services may not be unilaterally converted by CONTRACTOR to a substitute program or provided at a location not specifically authorized by the IEP team. Except for services provided by a CONTRACTOR that is a Licensed Children's Institution (LCI), all services not provided in the school setting require the presence of a parent, guardian or adult caregiver during the delivery of services, provided such guardian or caregiver have a signed authorization by the parent or legal guardian to authorize emergency services as requested. LCI CONTRACTORS shall ensure that appropriate and qualified residential or clinical staff is present during the provision of services under this Master Contract. In the event a NPS is unable to fill a vacant teaching position responsible for direct instruction to students, and the vacancy has direct impact on the CDE Certification of that school, the NPS shall develop a plan to ensure appropriate coverage of students by first utilizing existing certificated staff. The NPS and the LEA may agree to one 30 school day period per contract year where class size may be increased to ensure coverage by an appropriately credentialed teacher. Such an agreement shall be in writing and signed by both parties. This provision does not apply to a NPA.

CONTRACTOR providing special education instruction for individuals with exceptional needs between the ages of three and five years, inclusive, shall also comply with the appropriate instructional adult to child ratios pursuant to California Education Code sections 56440 et seq.

Billable days shall include only those days that are included on the submitted and approved school calendar, and/or required by the IEP (developed by the LEA) for each student. CONTRACTOR shall not be allowed to change its school calendar and/or amend the number of billable days without the prior written approval of the LEA. CONTRACTOR must submit any calendar changes to LEA in writing at least ten (10) business days prior to proposed change in order to be eligible for payment based upon the new calendar, if approved. Nothing in this Master Contract shall be interpreted to require the LEA to accept any requests for calendar changes.

Unless otherwise specified by the student's IEP or ISA, educational services shall occur at the school site. A student shall only be eligible for extended school year services as determined by the IEP team and the provision of such is specifically included in the ISA. Extended school year shall consist of twenty (20) instructional days, unless otherwise agreed upon by the IEP team convened by the LEA. Any days of

extended school year in excess of twenty (20) billable days must be mutually agreed to, in writing, prior to the start of the extended school year.

Student must have actually been in attendance during the regular school year and/or during extended school year and received services on a billable day of attendance in order for CONTRACTOR to be eligible for payment. It is specifically understood that services may not be provided on weekends/holidays and other times when school is not in session, unless agreed to by the LEA, in writing, in advance of the delivery of any NPS service. Student must have actually been in attendance and/or received services on a billable day of attendance in order for CONTRACTOR to be eligible for payment. It is specifically understood that services may not be provided on weekends/holidays and other times when school is not in session, unless agreed to by the LEA, in writing, in advance of the delivery of any NPA service provided by CONTRACTOR. Any instructional days provided without this written agreement shall be at the sole financial responsibility of the CONTRACTOR.

26. DATA REPORTING AND TRAINING

CONTRACTOR shall agree to provide to the LEA all data related to student information and billing information with LEA. CONTRACTOR shall agree to provide data related to all sections of this contract, including student discipline as noted below, and requested by and in the format required by the LEA. It is understood that all NPS/A shall utilize the LEA approved electronic IEP system for all IEP development, service tracking documentation, and progress reporting, unless otherwise agreed to by the LEA. Additional progress reporting may be required by the LEA. The LEA shall provide the CONTRACTOR with appropriate user training and proper permissions to allow adequate access.

CONTRACTOR shall complete all LEA-specific trainings, orientations, and onboarding requirements designated by the LEA prior to commencing services. Completion of such trainings does not constitute billable service hours unless otherwise agreed to in writing by the LEA. CONTRACTOR shall complete any and all LEA required trainings prior to beginning work with students. CONTRACTOR shall document all session attendance in the LEA's approved electronic IEP system no later than the conclusion of each workday during which services are provided.

Using forms developed by the CDE or as otherwise mutually agreed upon by CONTRACTOR and LEA, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Code sections 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code sections 48900 and 48915.

The LEA shall provide the CONTRACTOR with approved forms and/or format for such data including, but not limited to, invoicing, attendance reports and progress reports. The LEA may approve use of CONTRACTOR'S provided forms at their discretion.

27. LEAST RESTRICTIVE ENVIRONMENT/DUAL ENROLLMENT

CONTRACTOR and LEA shall follow all LEA policies and procedures that support Least Restrictive Environment ("LRE") options and/or dual enrollment options if available and appropriate, for students to have access to the general curriculum and to be educated with their nondisabled peers to the maximum extent appropriate.

CONTRACTOR and LEA shall ensure that LRE placement options are addressed at all IEP team meetings regarding students for whom ISAs have been or may be executed. This shall include IEP team consideration of supplementary aids and services, goals and objectives necessary for placement in the LRE and necessary to enable students to transition to less restrictive settings.

When an IEP team has determined that a student should be transitioned into the public school setting, CONTRACTOR shall assist the LEA in implementing the IEP team's recommended activities to support the transition.

28. STATEWIDE ACHIEVEMENT TESTING

When CONTRACTOR is a NPS, per implementation of Senate Bill 484, CONTRACTOR shall administer all statewide assessments within the California Assessment of Student Performance and Progress ("CAASPP"), Desired Results Developmental Profile ("DRDP"), California Alternative Assessment ("CAA"), achievement and abilities tests (using LEA-authorized assessment instruments), the Fitness Gram, , the English Language Proficiency Assessments for California ("ELPAC"), the Alternative English Language Proficiency Assessments for California ("Alternative ELPAC"), and as appropriate to the student, and mandated by LEA pursuant to LEA and state and federal guidelines.

CONTRACTOR is subject to the alternative accountability system developed pursuant to Education Code section 52052, in the same manner as public schools. Each LEA student placed with CONTRACTOR by the LEA shall be tested by qualified staff of CONTRACTOR in accordance with that accountability program. LEA shall provide test administration training to CONTRACTOR'S qualified staff. CONTRACTOR shall attend LEA test training and comply with completion of all coding requirements as required by LEA.

29. MANDATED ATTENDANCE AT LEA MEETINGS

CONTRACTOR shall attend District mandated meetings when legal mandates, and/or LEA policy and procedures are reviewed, including but not limited to the areas of: curriculum, high school graduation, standards-based instruction, behavior intervention, cultural and linguistic needs of students with disabilities, dual enrollment responsibilities, LRE responsibilities, transition services, data collection, and standardized testing and IEPs. LEA shall provide CONTRACTOR with reasonable notice of mandated meetings. Attendance at such meetings does not constitute a billable service hour(s).

30. POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORTS

CONTRACTOR shall comply with the requirements of Education Code sections 49000, *et seq.,* 49005, *et seq*., 56521.1 and 56521.2. LEA students who exhibit behaviors that interfere with their learning or the learning of others must receive timely and appropriate assessments and positive supports and interventions in accordance with state and federal law and implementing regulations. If the IEP team determines that a student's behavior impedes the individual learning or the learning of others, the IEP team is required to consider the use of positive behavioral interventions and supports, and other strategies, to address that

behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations. This could mean that instead of developing a Behavior Intervention Plan ("BIP"), the IEP team may conclude it is sufficient to address the student's behavioral problems through the development of behavioral goals and behavioral interventions to support those goals.

CONTRACTOR shall maintain a written policy pursuant to California Education Code section 56521.1 regarding emergency interventions and behavioral emergency reports. CONTRACTOR shall ensure that all of its staff members are trained in crisis intervention, emergency procedures, and evidenced-based practices and interventions specific to the unique behavioral needs of the CONTRACTOR's pupil population. The training shall be provided within 30 days of employment to new staff who have any contact or interaction with pupils during the school day, and annually to all staff who have any contact or interaction with pupils during the school day. The CONTRACTOR shall select and conduct the training in accordance with California Education Code section 56366.1. CONTRACTOR shall maintain written records of the training and provide written verification of the training annually and upon request.

Emergency interventions are those interventions used with a student during the time they present a serious, dangerous behavior that staff has determined to be present a clear and present danger to self or others, which requires a non-violent physical intervention to protect the safety of student, self, or others that cannot be prevented by use of a less restrictive technique. Pursuant to Education Code section 56521.1, emergency interventions shall not be used as a substitute for a BIP, and shall not be employed longer than necessary to contain the behavior. Emergency interventions may only be used to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the individual with exceptional needs, or others, and that cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior. If a situation requires prolonged use of emergency intervention, staff must seek assistance from the school site administrator or a law enforcement agency.

CONTRACTOR shall complete a behavior emergency report when an emergency intervention is used ; or when a physical intervention has not been used, but an injury or serious property damage has occurred. Personal Safety Techniques may or may not have been used. A behavior emergency report form must be completed and submitted to the LEA within twenty-four (24) hours for administrative action. CONTRACTOR shall also notify Parent within twenty-four (24) hours via telephone. If the student's IEP does not contain a BIP, CONTRACTOR shall schedule with LEA an IEP meeting within two (2) days to review the behavior emergency report, determine if there is a necessity for a functional behavioral assessment, and to determine an interim plan. If applicable, the IEP team shall document the reasons for not conducting the functional behavioral assessment, not developing an interim plan, or both. If the student already has a BIP, and the incident involved a previously unseen or new serious behavior, or if preexisting behavioral interventions in the BIP were ineffective, CONTRACTOR shall schedule with LEA an IEP meeting to review and determine the need to modify the BIP.

Pursuant to Education Code section 56521.2, CONTRACTOR shall not authorize, order, consent to, or pay for the following interventions, or any other interventions similar to or like the following:

1. any intervention that is designed to, or likely to, cause physical pain, including, but not limited to, electric-shock;
2. an intervention that involves the release of noxious, toxic, or otherwise unpleasant sprays, mists, or substances in proximity to the face of the individual;
3. an intervention that denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities;
4. an intervention that is designed to subject, used to subject, or likely to subject, the individual to verbal abuse, ridicule, or humiliation, or that can be expected to cause excessive emotional trauma;
5. restrictive interventions that employ a device, material, or objects that simultaneously immobilize all four extremities;
6. prone restraint;
7. locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room;
8. an intervention that precludes adequate supervision of the individual;

9. an intervention that deprives the individual of one or more of the individual's senses.

CONTRACTOR shall comply with Education Code sections 49005.8, 56521.1 and 56521.2. Specifically, Contractor shall not do any of the following:

1. Use seclusion or a behavioral restraint for the purpose of coercion, discipline, convenience, or retaliation.
2. Use locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room.
3. Use a physical restraint technique that obstructs a pupil's respiratory airway or impairs the pupil's breathing or respiratory capacity, including techniques in which a staff member places pressure on a pupil's back or places the staff member's body weight against the pupil's torso or back.
4. Use a behavioral restraint technique that restricts breathing, including, but not limited to, using a pillow, blanket, carpet, mat, or other item to cover a pupil's face.
5. Use prone restraint, including but not limited to prone containment.
6. Use a behavioral restraint for longer than is necessary to contain the behavior that poses a clear and present danger of serious physical harm to the pupil or others.

CONTRACTOR shall keep constant, direct observation of a pupil who is in seclusion, which may be through observation of the pupil through a window, or another barrier, through which the educational provider is able to make direct eye contact with the pupil. This observation shall not be through indirect means, including through a security camera or a closed-circuit television.

CONTRACTOR shall afford pupils who are restrained the least restrictive alternative and the maximum freedom of movement, and shall use the least number of restraint points, while ensuring the physical safety of the pupil and others.

In the case of a child whose behavior impedes the child's learning or that of others, the IEP team shall consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations.

All restraint practices must be reviewed and revised when they have an adverse effect on a student and are used repeatedly for an individual child, either on multiple occasions within the same classroom or multiple uses by the same individual. CONTRACTOR shall notify the student's parent/guardian when any type of physical or mechanical restraint or seclusion has been used. Upon the use of any type of physical or mechanical restraint or seclusions of an LEA student, CONTRACTOR shall complete a BER per the reporting and notification requirements listed above.

31. STUDENT DISCIPLINE

CONTRACTOR shall maintain and abide by a written policy for student discipline that is consistent with state and federal law and regulations. Using forms developed by the California Department of Education or as otherwise mutually agreed upon by CONTRACTOR and LEA, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Codes 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code Sections 48900 and 48915.

Written discipline reports shall include, but not be limited to: the student's name; the time, date, and description of the misconduct; the disciplinary action taken by CONTRACTOR; and the rationale for such disciplinary action. A copy of the student's behavior plan, if any, shall be submitted with the written discipline report. CONTRACTOR and LEA agree to participate in a manifestation determination at an IEP meeting no later than the tenth (10^{th}) day of suspension

32. IEP TEAM MEETINGS

(California Education Code sections 56366 (a) (2) (B) (i) and (ii)) and pursuant to California Education Code section 56345 (b) (4).)

If the LEA student is to be transferred from a NPS setting into a regular class setting in a public school for any part of the school day, the IEP team shall document a description of activities provided to integrate the student into the regular education program, including the nature of each activity as well as the time spent on the activity each day or week and a description of the activities provided to support the transition of the student from the special education program into the regular education program. Each student shall be allowed to provide confidential input to any representative of the individual IEP team. Except as otherwise provided in the Master Contract, CONTRACTOR and LEA shall participate in all IEP team meetings regarding students for whom ISAs have been or may be executed. At any time during the term of this Master Contract, the parent, the CONTRACTOR or the LEA may request a review of the student's IEP, subject to all procedural safeguards required by law, including reasonable notice given to, and participation of, the CONTRACTOR in the meeting. Every effort shall be made to schedule IEP team meetings at a time and place that is mutually convenient to parent, CONTRACTOR and LEA. The LEA or SELPA may provide training for any CONTRACTOR to ensure access to the approved system. The CONTRACTOR shall maintain confidentiality of all IEP data on the approved system and shall protect the password requirements of the system. When a student dis-enrolls from the NPS/NPA, the NPS/NPA and LEA shall discontinue use of the approved system for that student.

Changes in any student's educational program, including instruction, services, or instructional setting provided under this Master Contract, may only be made on the basis of revisions to the student's IEP. In the event that the CONTRACTOR believes the student requires a change of placement, the CONTRACTOR may request a review of the student's IEP for the purposes of consideration of a change in the student's placement. Student is entitled to remain in the last agreed upon and implemented placement unless parent agrees otherwise or an Interim Alternative Educational Setting is deemed lawful and appropriate by LEA or OAH consistent with Section 1415 (k)(1)(7) of Title 20 of the United States Code.

If CONTRACTOR is an NPS, CONTRACTOR shall ensure private and confidential communication, including telecommunication, between a pupil of the NPS and members of the pupil's IEP team and the CDE's Constituent Services Office, at the pupil's discretion.

Additional time may be granted as needed by the LEA.

CONTRACTOR shall complete academic or other evaluations of the student ten (10) days prior to the student's annual or triennial review IEP team meeting for the purpose of reporting the student's present levels of performance at the IEP team meeting as required by state and federal laws and regulations and pursuant to LEA policies, procedures, and/or practices. CONTRACTOR shall provide sufficient copies of its reports, documents, and projected goals to share with members of the IEP team five (5) business days prior to the IEP meeting. CONTRACTOR shall maintain supporting documentation such as test protocols and data collection, which shall be made available to LEA within five (5) business days of request.

The CONTRACTOR is responsible for all evaluation costs regarding the updating of goals and objectives, progress reporting and development of present levels of performance. All assessments resulting from an assessment plan shall be provided by the LEA unless the LEA specifies in writing a request that CONTRACTOR perform such additional assessment. Any assessment and/or evaluation costs may be added to the ISA and/or approved separately by the LEA at the LEA's sole discretion.

It is understood that all billable hours must be in direct services to pupils as specified in the ISA. For NPA services, supervision provided by a qualified individual as specified in Title 5 Regulation, subsection 3065, shall be determined as appropriate and included in the ISA. Supervision means the direct observation of services, data review, case conferencing and program design consistent with professional standards for each professional's license, certification, or credential.

CONTRACTOR shall not charge the student's parent(s) or LEA for the provision of progress reports, report cards, evaluations conducted in order to obtain present levels of performance, interviews, and/or meetings. It is understood that all billable hours have limits to those specified on the ISA consistent with the IEP. It is understood that copies of data collection notes, forms, charts and other such data are part of the pupil's record and shall be made available to the LEA upon written request.

The grades each pupil receives in all courses of instruction taught by the NPS shall be reported to the parents and the LEA on a quarterly basis. Consistent with the LEA, should it become evident to the NPS the pupil is in danger of failing a course, the CONTRACTOR must initiate a parent conference, and the LEA representative must be in attendance.

When CONTRACTOR serves students in grades nine (9) through twelve (12) inclusive, LEA shall provide to CONTRACTOR a specific list of the course requirements to be satisfied by the CONTRACTOR leading toward graduation or completion of LEA's diploma requirements. CONTRACTOR shall not recommend awarding a high school diploma to students who have not successfully completed all of the LEA's graduation requirements.

Pupils enrolled in high school during the 2020-2021 academic year may request a Pass or No Pass grade as permitted in EC Section 49066.5, which may be reflected on the student's transcript and shall not negatively affect the pupil's grade point average.

CONTRACTOR shall prepare transcripts at the close of each semester, or upon student transfer, for students in grades nine (9) through twelve (12) inclusive, and submit them on LEA approved forms to the student's school of residence for evaluation of progress toward completion of diploma requirements as specified in LEA Procedures. CONTRACTOR shall submit to the LEA names of students and their schools of residence for whom transcripts have been submitted as specified by the LEA.

INDIVIDUAL TRANSITION PLANNING – AB 438, Approved on September 28, 2024

Effective July 1, 2025, if determined appropriate by the pupil's IEP team, beginning when the pupil starts their high school experience and not later than when the pupil is 16 years of age or younger, as appropriate, and annually thereafter, a statement of needed transition services shall be included in the pupil's individualized education program. If the individualized education program team determines that the pupil would benefit from the postponement of the inclusion of appropriate measurable postsecondary goals and transition services until 16 years of age, rather than when the pupil begins their high school experience, the individualized education program team shall appropriately justify the basis for that postponement. (EC section 56043(h).)

CONTRACTOR shall assure that the nonpublic school or nonpublic agency has the necessary financial resources to provide an appropriate education for the students enrolled and will distribute those resources in such a manner to implement the IEP and ISA for each and every student.

CONTRACTOR shall comply with all LEA procedures concerning enrollment, contracting, attendance reporting, service tracking and billing including requirements of electronic billing as specified by the LEA Procedures, as well as provide all such records requested by LEA concerning the same. CONTRACTOR shall be paid for the provision of special education and/or related services specified in the student's IEP and ISA. All payments by LEA shall be made in accordance with the terms and conditions of this Master Contract and governed by all applicable federal and state laws.

CONTRACTOR shall maintain separate registers for the basic education program, each related service, and services provided by instructional assistants, behavior intervention aides and bus aides. Original attendance forms (i.e., roll books for the basic education program, service tracking documents and notes for instructional assistants, behavioral intervention aides, bus aides, and each related service) shall be completed by the actual service provider whose signature shall appear on such forms and shall be available for review, inspection, or audit by LEA during the effective period of this contract and for a

period of five (5) years thereafter. CONTRACTOR shall verify the accuracy of minutes of reported attendance that is the basis of services being billed for payment.

CONTRACTOR shall submit invoices and related documents to LEA for payment, for each calendar month when education or related services were provided. Invoices and related documents shall be properly submitted electronically and in addition, on an LEA form with signatures in the manner prescribed by LEA. At a minimum, each invoice must contain the following information: month of service; specific days and times of services coordinated by the LEA approved calendar unless otherwise specified in the IEP or agreed to by the LEA; name of staff who provided the service; approved cost of each invoice; total for each service and total for the monthly invoice; date invoice was mailed; signature of NPS/NPA administrator authorizing that the information is accurate and consistent with the ISA, CDE certificates and staff notification; verification that attendance report is attached as appropriate; indication of any made-up session consistent with this contract; verification that progress reports have been provided consistent with the ISA (monthly or quarterly unless specified otherwise on the ISA); and name or initials of each student for when the service was provided.

In the event services were not provided, rationale for why the services were not provided shall be included.

Such an invoice is subject to all conditions of this contract. At the discretion of the LEA, an electronic invoice may be required provided such notice has been made in writing and training provided to the CONTRACTOR at no additional charge for such training.

Invoices shall be submitted no later than thirty (30) days after the end of the attendance accounting period in which the services were rendered. LEA shall make payment to CONTRACTOR based on the number of billable days of attendance and hours of service at rates specified in this contract within forty-five (45) days of LEA's receipt of properly submitted hard copy of invoices prepared and submitted as specified in California Education Code Section 56366.5 and the LEA. CONTRACTOR shall correct deficiencies and submit rebilling invoices no later than thirty (30) calendar days after the invoice is returned by LEA. LEA shall pay properly submitted re-billing invoices no later than forty-five (45) days after the date a completely corrected re-billing invoice is received by LEA.

In no case shall initial payment claim submission for any Master Contract fiscal year (July through June) extend beyond December 31st after the close of the fiscal year. In no case shall any rebilling for the Master Contract fiscal year (July through June) extend beyond six (6) months after the close of the fiscal year unless approved by the LEA to resolve billing issues including re-billing issues directly related to a delay in obtaining information from the Commission on Teacher Credentialing regarding teacher qualification, but no later than twelve (12) months from the close of the fiscal year. If the billing or re-billing error is the responsibility of the LEA, then no limit is set provided that the LEA and CONTRACTOR have communicated such concerns in writing during the 12-month period following the close of the fiscal year. LEA will not pay mileage for NPA employees unless agreed upon.

57. RIGHT TO WITHHOLD PAYMENT

LEA may withhold payment to CONTRACTOR when: (a) CONTRACTOR has failed to perform, in whole or in part, under the terms of this contract; (b) CONTRACTOR has billed for services rendered on days other than billable days of attendance or for days when student was not in attendance and/or did not receive services; (c) CONTRACTOR was overpaid by LEA as determined by inspection, review, and/or audit of its program, work, and/or records; (d) CONTRACTOR has failed to provide supporting documentation with an invoice, as required by EC 56366(c)(2); (e) education and/or related services are provided to students by personnel who are not appropriately credentialed, licensed, or otherwise qualified; (f) LEA has not received prior to school closure or contract termination, all documents concerning one or more students enrolled in CONTRACTOR's educational program; (g) CONTRACTOR fails to confirm a student's change of residence to another district or confirms the change of residence to another district, but fails to notify LEA within five (5) days of such confirmation; or (h) CONTRACTOR receives payment from Medi-Cal or from any other agency or funding source for a service provided to a student. It is understood

that no payments shall be made for any invoices that are not received by six (6) months following the close of the prior fiscal year, for services provided in that year.

Final payment to CONTRACTOR in connection with the cessation of operations and/or termination of a Master Contract will be subject to the same documentation standards described for all payment claims for regular ongoing operations. In addition, final payment may be withheld by the LEA until completion of a review or audit, if deemed necessary by the LEA. Such review or audit will be completed within ninety (90) days. The final payment may be adjusted to offset any previous payments to the CONTRACTOR determined to have been paid in error or in anticipation of correction of documentation deficiencies by the CONTRACTOR that remain uncorrected.

The amount which may be withheld by LEA with respect to each of the subparagraphs of the preceding paragraph are as follows: (a) the value of the service CONTRACTOR failed to perform; (b) the amount of overpayment; (c) the portion of the invoice for which satisfactory documentation has not been provided by CONTRACTOR; (d) the amount invoiced for services provided by the individual not appropriately credentialed, licensed, or otherwise qualified; (e) the proportionate amount of the invoice related to the applicable pupil for the time period from the date the violation occurred and until the violation is cured; or (f) the amount paid to CONTRACTOR by Medi-Cal or another agency or funding source for the service provided to the student.

If LEA determines that cause exists to withhold payment to CONTRACTOR, LEA shall, within ten (10) business days of this determination, provide to CONTRACTOR written notice that LEA is withholding payment. Such notice shall specify the basis or bases for LEA's withholding payment and the amount to be withheld. Within thirty (30) days from the date of receipt of such notice, CONTRACTOR shall take all necessary and appropriate action to correct the deficiencies that form the basis for LEA's withholding payment or submit a written request for extension of time to correct the deficiencies or submit to LEA written documentation demonstrating that the basis or bases cited by the LEA for withholding payment is unfounded. Upon receipt of CONTRACTOR's written request showing good cause, LEA shall extend CONTRACTOR's time to correct deficiencies (usually an additional thirty (30) days), otherwise payment will be denied.

If after subsequent request for payment has been denied and CONTRACTOR believes that payment should not be withheld, CONTRACTOR shall send written notice to LEA specifying the reason it believes payment should not be withheld. LEA shall respond to CONTRACTOR's notice within thirty (30) business days by indicating that a warrant for the amount of payment will be made or stating the reason LEA believes payment should not be made. If LEA fails to respond within thirty (30) business days or a dispute regarding the withholding of payment continues after the LEA's response to CONTRACTOR's notice, CONTRACTOR may invoke the following escalation policy.

After forty-five (45) business days: The CONTRACTOR may notify the Authorized LEA's Representative of the dispute in writing. The LEA Authorized Representative shall respond to the CONTRACTOR in writing within fifteen (15) business days.

After sixty (60) business days: The LEA or CONTRACTOR may appeal to the County Superintendent of Schools so long as the County Superintendent of Schools is not participating in the Local Plan involved in the NPS/A contract, or a mutually agreed upon mediator. Both parties agree to pay for their own costs and expenses arising out of such mediation. Each party agrees to act in good faith in participating in any mediation process agreed to by the parties.

58. PAYMENT FROM OUTSIDE AGENCIES

CONTRACTOR shall notify LEA when Medi-Cal or any other agency is billed for the costs associated with the provision of special education and/or related services to students. Upon request, CONTRACTOR shall provide to LEA any and all documentation regarding reports, billing, and/or payment by Medi-Cal or any other agency for the costs associated with the provision of special education and/or related services to students. CONTRACTOR shall provide prior written notice of the rights and protections required by Title

34 of the Code of Federal Regulations section 300.154(d) whenever it seeks to use the LEA students' public benefits to pay for special education and related services. Such notice shall be provided before seeking payment from Medi-Cal for the first time and annually.

LEA will not pay for instruction and/or services unless said instruction or service is provided by an appropriately credentialed substitute teacher.

Whenever a related service provider is absent, CONTRACTOR shall provide a qualified (as defined in Section 7 of this agreement and as determined by LEA) substitute. LEA will not pay for services unless a qualified substitute is provided and/or CONTRACTOR provides documentation evidencing the provision of "make-up" services by a qualified service provider within thirty (30) calendar days from the date on which the services should have been provided unless otherwise agreed in student's IEP.

LEA shall not be responsible for payment of related services for days on which a student's attendance does not qualify for Average Daily Attendance ("ADA") reimbursement under state law, nor shall student be eligible for make-up services.

NONPUBLIC AGENCY STAFF ABSENCE

When CONTRACTOR is a nonpublic agency and CONTRACTOR's service provider is absent, CONTRACTOR shall provide a qualified (as defined in Section 7 of this agreement and as determined by LEA) substitute, unless LEA provides appropriate coverage in lieu of CONTRACTOR's service providers. LEA shall not pay for services unless a qualified substitute is provided and/or CONTRACTOR provides documentation evidencing the provision of "make-up" services by a qualified service provider within thirty (30) calendar days from the date on which the services should have been provided. CONTRACTOR shall not "bank" or "carry over" make up service hours under any circumstances, unless otherwise agreed to in writing by CONTRACTOR and LEA. If the LEA is unable to obtain an alternative placement, CONTRACTOR shall receive payment consistent with the student's approved ISA, as though the student were continuing their regular attendance, until an alternative placement can be found and CONTRACTOR shall implement LEA student's IEP in accordance with Education Code section 56345(a)(9) pertaining to emergency conditions.

c. LEA and NPS School Closure- In the event of the LEA and NPS School Closures, on days the LEA is funded, CONTRACTOR shall receive payment consistent with the student's approved ISA, until an alternative placement can be found and CONTRACTOR shall implement LEA student's IEP in accordance with Education Code section 56345(a)(9) pertaining to emergency conditions. If the LEA is able to obtain alternative placement for the student, CONTRACTOR shall not receive payment for days the student is not in attendance with CONTRACTOR due to CONTRACTOR'S school closure.

NONPUBLIC, NONSECTARIAN SCHOOL/AGENCY SERVICES MASTER CONTRACT

GENERAL PROVISIONS

1. MASTER CONTRACT

This Master Contract (or "Contract") is entered into on **October 21, 2026**, between **California Online Public Schools which includes California Online Public Schools Central Coast, California Online Public Schools Central Valley, California Online Public Schools Monterey Bay, California Online Public Schools North Bay, California Online Public Schools Northern California, and California Online Public Schools Southern California**, hereinafter referred to as the local educational agency ("LEA"), a member of the **El Dorado** SELPA and

Santa Rosa Speech Therapy PC

(nonpublic, nonsectarian school or agency), hereinafter referred to as NPS/A or "CONTRACTOR" for the purpose of providing special education and/or related services to students with exceptional needs under the authorization of California Education Code sections 56157, 56361 and 56365 *et seq*. and Title 5 of the California Code of Regulations section 3000 *et seq*., AB 490 (Chapter 862, Statutes of 2003) and AB 1858 (Chapter 914, Statutes of 2004). It is understood that this agreement does not commit the LEA to pay for special education and/or related services provided to any student, or CONTRACTOR to provide such special education and/or related services, unless and until an authorized LEA representative approves the provision of special education and/or related services by CONTRACTOR.

Upon acceptance of a student, LEA shall submit to CONTRACTOR an Individual Service Agreement (hereinafter referred to as "ISA"). Unless otherwise agreed in writing, these forms shall acknowledge CONTRACTOR's obligation to provide all relevant services specified in the student's Individualized Education Program (hereinafter referred to as "IEP"). The ISA shall be executed within ninety (90) days of a student's enrollment. LEA and CONTRACTOR shall enter into an ISA for each student served by CONTRACTOR. As available and appropriate, the LEA shall make available access to any electronic IEP system and/or electronic database for the development of the ISA and invoices.

Unless placement and/or services is made pursuant to an Office of Administrative Hearings (hereinafter referred to as "OAH") order, a lawfully executed settlement agreement between LEA and parent or authorized by LEA for a transfer student pursuant to California Education Code section 56325, LEA is not responsible for the costs associated with NPS placement or NPS/A services until the date on which an IEP team meeting is convened, the IEP team determines that a NPS placement is appropriate, and the IEP is signed by the student's parent.

2. CERTIFICATION AND LICENSES

CONTRACTOR shall be certified by the California Department of Education (hereinafter referred to as "CDE") as a NPS/A. All NPS/A services shall be provided consistent with the area of certification and licensure specified by CDE Certification and as defined in California Education Code, section 56366 et seq

and within the professional scope of practice of each provider's license, certification, and/or credential. A current copy of CONTRACTOR's NPS/A certification or a waiver of such certification issued by the CDE pursuant to Education Code section 56366.2 must be provided to LEA on or before the date this Agreement is executed by CONTRACTOR. This Master Contract shall be null and void if such certification or waiver is expired, revoked, rescinded, or otherwise nullified during the effective period of this Master Contract.

Total student enrollment shall be limited to capacity as stated on CDE certification and in Section 24 of the Master Contract.

In addition to meeting the certification requirements of the State of California, a CONTRACTOR that operates a program outside of this State shall be certified and all staff persons providing services to pupils shall be certified and/or licensed by that state to provide, respectively, special education and related services and designated instruction and related services to pupils under the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.).

If CONTRACTOR is a licensed children's institution (hereinafter referred to as "LCI"), CONTRACTOR shall be licensed by the state, or other public agency having delegated authority by contract with the state to license, to provide nonmedical care room and board to children, including, but not limited to, individuals with exceptional needs. The LCI must also comply with all licensing requirements relevant to the protection of the child, and have a special permit, if necessary, to meet the needs of each child so placed. If the CONTRACTOR operates a program outside of this State, CONTRACTOR must obtain all required licenses from the appropriate licensing agency in both California and in the state where the LCI is located.

With respect to CONTRACTOR's certification, failure to notify the LEA and CDE in writing of any changes in: (1) credentialed/licensed staff; (2) ownership; (3) management and/or control of the agency; (4) major modification or relocation of facilities; or (5) significant modification of the program may result in the suspension or revocation of CDE certification and/or suspension or termination of this Master Contract by the LEA.

3. COMPLIANCE WITH LAWS, STATUTES, REGULATIONS

During the term of this Master Contract, unless otherwise agreed, CONTRACTOR shall comply with all applicable federal, state, and local statutes, laws, ordinances, rules, policies and regulations. CONTRACTOR shall also comply with all applicable LEA policies and procedures unless, taking into consideration all of the surrounding facts and circumstances, a policy or policies or a portion of a policy does not reasonably apply to CONTRACTOR. CONTRACTOR hereby acknowledges and agrees that it accepts all risks and responsibilities for its failure to comply with LEA policies and shall indemnify LEA under the provisions of Section 16 of this Agreement for all liability, loss, damage and expense (including reasonable attorneys' fees) resulting from or arising out of CONTRACTOR's failure to comply with applicable LEA policies (e.g., those policies relating to; the provision of special education and/or related services, facilities for individuals with exceptional needs, student enrollment and transfer, student inactive status, corporal punishment, student discipline, and positive behavior interventions).

CONTRACTOR acknowledges and understands that LEA may report to the CDE any violations of the provisions of this Master Contract; and that this may result in the suspension and/or revocation of CDE nonpublic school/agency certification pursuant to California Education Code section 56366.4(a).

4. TERM OF MASTER CONTRACT

The term of this Master Contract shall be from July 1, 2026 to June 30, 2027 (Title 5 California Code of Regulations section 3062(a)) unless otherwise stated. Neither the CONTRACTOR nor the LEA is required to renew this Master Contract in subsequent contract years. The parties acknowledge that any subsequent Master Contract is to be re-negotiated prior to June 30, 2026 (Title 5 California Code of Regulations section 3062(d)). In the event the contract negotiations are not agreed to by June 30th, the most recently executed

Master Contract will remain in effect for 90 days (Education Code 56366(c)(1)). If, after 60 days the Master Contract or individual services agreement has not been finalized, as prescribed in paragraph (1) of subdivision (a), either party may appeal to the county superintendent of schools, if the county superintendent of schools is not participating in the local plan involved in the nonpublic, nonsectarian school or agency contract; or the Superintendent, if the county superintendent of schools is participating in the local plan involved in the contract, to negotiate the contract. Within 30 days of receipt of this appeal, the county superintendent of schools or the Superintendent, or the individual designee, shall mediate the formulation of a contract, which shall be binding upon both parties (Education Code 56366 (c) (2)). No Master Contract will be offered unless and until all of the contracting requirements have been satisfied. The offer of a Master Contract to a CONTRACTOR is at the sole discretion of the LEA.

The provisions of this Master Contract apply to CONTRACTOR and any of its employees or independent contractors. Notice of any change in CONTRACTOR's ownership or authorized representative shall be provided in writing to LEA within thirty (30) calendar days of change of ownership or change of authorized representative.

5. INTEGRATION/CONTINUANCE OF CONTRACT FOLLOWING EXPIRATION OR TERMINATION

This Master Contract includes each ISA and they are incorporated herein by this reference. This Master Contract supersedes any prior or contemporaneous written or oral understanding or agreement. This Master Contract may be amended only by written amendment executed by both parties.

CONTRACTOR shall provide the LEA with information as requested in writing to secure a Master Contract or a renewal.

At a minimum, such information shall include copies of current teacher credentials and clearance, insurance documentation and CDE certification. The LEA may require additional information as applicable. If the application packet is not completed and returned to District, no Master Contract will be issued. If CONTRACTOR does not return the Master Contract to LEA duly signed by an authorized representative within ninety (90) calendar days of issuance by LEA, the new contract rates will not take effect until the newly executed Master Contract is received by LEA and will not be retroactive to the first day of the new Master Contract's effective date. If CONTRACTOR fails to execute the new Master Contract within such ninety-day period, all payments shall cease until such time as the new Master Contract for the current school year is signed and returned to LEA by CONTRACTOR. (California Education Code section 56366(c)(1) and (2)). In the event that this Master Contract expires or terminates, CONTRACTOR shall continue to be bound to all of the terms and conditions of the most recent executed Master Contract between CONTRACTOR and LEA for so long as CONTRACTOR is servicing authorized students at the discretion of the LEA

6. INDIVIDUAL SERVICE AGREEMENT ("ISA")

This Agreement shall include an ISA developed for each student to whom CONTRACTOR is to provide special education and/or related services. An ISA shall only be issued for students enrolled with the approval of the LEA pursuant to Education Code section 56366 (a)(2)(A). An ISA may be effective for more than one contract year provided that there is a concurrent Master Contract in effect. In the event that this Master Contract expires or terminates, CONTRACTOR, shall continue to be bound to all of the terms and conditions of the most recent executed ISAs between CONTRACTOR and LEA for so long as CONTRACTOR is servicing authorized students.

Any and all changes to a student's educational placement/program provided under this Master Contract and/or an ISA shall be made solely on the basis of a revision to the student's IEP or by written agreement between the parent and LEA. At any time during the term of this Master Contract, a student's parent, CONTRACTOR, or LEA may request a review of a student's IEP subject to all procedural safeguards required by law.

Unless otherwise provided in this Master Contract, the CONTRACTOR shall provide all services specified in the IEP unless the CONTRACTOR and the LEA agree otherwise in the ISA. (California Education Code sections 56366(a) (5) and 3062(e)). In the event the CONTRACTOR is unable to provide a specific service at any time during the life of the ISA, the CONTRACTOR shall notify the LEA in writing within five (5) business days of the last date a service was provided. CONTRACTOR shall provide any and all subsequent compensatory service hours awarded to student as a result of lack of provision of services while student was served by the NPS/A.

If a parent or LEA contests the termination of an ISA by initiating a due process proceeding with the OAH, CONTRACTOR shall abide by the "stay-put" requirement of state and federal law unless the parent agrees otherwise or an Interim Alternative Educational Setting is deemed lawful and appropriate by LEA or OAH consistent with Section 1415 (k)(1)(7) of Title 20 of the United States Code. CONTRACTOR shall adhere to all LEA requirements concerning changes in placement.

Disagreements between LEA and CONTRACTOR concerning the formulation of an ISA or the Master Contract may be appealed to the County Superintendent of Schools of the County where the LEA is located, or the State Superintendent of Public Instruction pursuant to the provisions of California Education Code section 56366(c) (2).

G. For any claims related to the services performed in connection with this Master Contract, the CONTRACTOR's insurance coverage shall be the primary insurance with respect to the LEA, its subsidiaries, officials and employees. Any insurance or self-insurance maintained by the LEA, its subsidiaries, officials and employees shall be excess of the CONTRACTOR's insurance and shall not contribute with it.

16. INDEMNIFICATION AND HOLD HARMLESS

To the fullest extent allowed by law, CONTRACTOR shall indemnify and hold LEA and its Board Members, administrators, employees, agents, attorneys, volunteers, and subcontractors ("LEA Indemnities") harmless against all liability, loss, damage and expense (including reasonable attorneys' fees) resulting from or arising out of this Master Contract or its performance, to the extent that such loss, expense, damage or liability was proximately caused by negligence, intentional act, or willful act or omission of CONTRACTOR, including, without limitation, its agents, employees, subcontractors or anyone employed directly or indirectly by it (excluding LEA and LEA Indemnities). The duty and obligation to defend shall arise immediately upon tender of a claim or lawsuit to the CONTRACTOR. 17. INDEPENDENT CONTRACTOR

Nothing herein contained will be construed to imply a joint venture, partnership or principal-agent relationship between the LEA and CONTRACTOR. CONTRACTOR shall provide all services under this Contract as an independent contractor, and neither party shall have the authority to bind or make any commitment on behalf of the other. Nothing contained in this Contract shall be deemed to create any association, partnership, joint venture or relationship of principal and agent, master and servant, or employer and employee between the parties or any affiliates of the parties, or between the LEA and any individual assigned by CONTRACTOR to perform any services for the LEA.

If the LEA is determined to be a partner, joint venture, co-principal, employer or co-employer of CONTRACTOR, CONTRACTOR shall indemnify and hold harmless the LEA from and against any and all claims for loss, liability, or damages arising from that determination, as well as any expenses, costs, taxes, penalties and interest charges incurred by the LEA as a result of that holding.

18. SUBCONTRACTING

CONTRACTOR shall provide written notification to LEA before subcontracting for special education and/or related services pursuant to this Master Contract. In the event LEA determines that it can provide the subcontracted service(s) at a lower rate, LEA may elect to provide such service(s). If LEA elects to provide such service(s), LEA shall provide written notification to CONTRACTOR within five (5) days of receipt of CONTRACTOR's original notice and CONTRACTOR shall not subcontract for said service(s).

CONTRACTOR shall incorporate all of the provisions of this Master Contract in all subcontracts, to the fullest extent reasonably possible. Furthermore, when CONTRACTOR enters into subcontracts for the provision of special education and/or related services (including, but not limited to, transportation) for any student, CONTRACTOR shall cause each subcontractor to procure and maintain insurance during the term of each subcontract. Such subcontractor's insurance shall comply with the provisions of Section 15. Each subcontractor shall furnish the LEA with original endorsements and certificates of insurance effecting coverage required by Section 15. The endorsements are to be signed by a person authorized by that insurer to bind coverage on its behalf. The endorsements are to be on forms as required by the LEA. All endorsements are to be received and approved by the LEA before the subcontractor's work commences. The Commercial General Liability and Automobile Liability policies shall name the LEA/SELPA and the LEA Board of Education as additional insured.

As an alternative to the LEA's forms, a subcontractor's insurer may provide complete, certified copies of all required insurance policies, including endorsements affecting the coverage required by this Master Contract. All Certificates of Insurance must reference the LEA contract number, name of the school or agency submitting the certificate, indication if NPS or NPA, and the location of the school or agency submitting the certificate. In addition, all subcontractors must meet the requirements as contained in Section 44 Clearance Requirements and Section 45 Staff Qualifications of this Master Contract.

Pursuant to California Education code section 56042, an attorney or advocate for a parent of an individual with exceptional needs shall not recommend placement at CONTRACTOR's facility if the attorney or advocate is employed or contracted by the CONTRACTOR, or will receive a benefit from the CONTRACTOR, or otherwise has a conflict of interest.

The LEA shall neither execute an ISA with CONTRACTOR nor amend an existing ISA for a student when a recommendation for special education and/or related services is based in whole or in part on assessment(s) or reports provided by CONTRACTOR to the student without prior written authorization by LEA. This paragraph shall apply to CONTRACTOR regardless of when an assessment is performed or a report is prepared (i.e., before or after the student is enrolled in CONTRACTOR's school/agency) or whether an assessment of the student is performed or a report is prepared in the normal course of the services provided to the student by CONTRACTOR. To avoid conflict of interest, and in order to ensure the appropriateness of an Independent Educational Evaluation (hereinafter referred to as "IEE") and its recommendations, the LEA may not fund an IEE by an evaluator who provides ongoing service(s) or is sought to provide service(s) to the student for whom the IEE is requested. Likewise, the LEA may not fund services through the evaluator whose IEE the LEA agrees to fund. When no other appropriate assessor is available, LEA may request and if CONTRACTOR agrees, the CONTRACTOR may provide an IEE.

CONTRACTOR shall not admit a student living within the jurisdictional boundaries of the LEA on a private pay or tuition free "scholarship" basis and concurrently or subsequently advise/request parent(s) to pursue funding for the admitted school year from the LEA through due process proceedings.

20. NON-DISCRIMINATION

CONTRACTOR shall not, in employment or operation of its programs, unlawfully discriminate on the basis of gender, nationality, national origin, ancestry, race, color, ethnicity, ethnic group affiliation, religion, age, marital status, pregnancy or parental status, sex, sexual orientation, gender, gender identity or expression, physical or mental disability, genetic information or any other classification protected by federal or state law or the perception of one or more of such characteristics or association with a person or group with one or more of these actual or perceived characteristics.

LEA shall provide low incidence equipment for eligible students with low incidence disabilities when specified in the student's IEP and ISA. Such equipment remains the property of the SELPA/LEA and shall be returned to the SELPA/LEA when the IEP team determines the equipment is no longer needed or when the student is no longer enrolled in the NPS. CONTRACTOR shall ensure that

facilities are adequate to provide LEA students with an environment which meets all pertinent health and safety regulations. CONTRACTOR shall adhere to all LEA requirements concerning parent acknowledgment of financial responsibility.

Voluntary services and/or activities not necessary for the student to receive a free appropriate public education shall not interfere with the student's receipt of special education and/or related services as specified in the student's IEP and ISA unless the LEA, CONTRACTOR, and PARENT agree otherwise in writing.

The NPA providing Behavior Intervention services shall develop a written plan that specifies the nature of their NPA service for each student within thirty (30) days of enrollment and shall be provided in writing to the LEA. School-based services may not be unilaterally converted by CONTRACTOR to a substitute program or provided at a location not specifically authorized by the IEP team. Except for services provided by a CONTRACTOR that is a Licensed Children's Institution (LCI), all services not provided in the school setting require the presence of a parent, guardian or adult caregiver during the delivery of services, provided such guardian or caregiver have a signed authorization by the parent or legal guardian to authorize emergency services as requested. LCI CONTRACTORS shall ensure that appropriate and qualified residential or clinical staff is present during the provision of services under this Master Contract. CONTRACTOR shall immediately notify LEA in writing if no parent, guardian or adult caregiver is present. CONTRACTOR shall provide to LEA a written description of the services and location provided prior to the effective date of this Master Contract. Upon prior written approval by an authorized LEA representative, class size may be temporarily increased by a ratio of 1 teacher to fourteen (14) students when necessary, during the regular or extended school year to provide services to students with disabilities.

In the event a NPS is unable to fill a vacant teaching position responsible for direct instruction to students, and the vacancy has direct impact on the CDE Certification of that school, the NPS shall develop a plan to ensure appropriate coverage of students by first utilizing existing certificated staff. The NPS and the LEA may agree to one 30 school day period per contract year where class size may be increased to ensure coverage by an appropriately credentialed teacher. Such an agreement shall be in writing and signed by both parties. This provision does not apply to a NPA.

CONTRACTOR providing special education instruction for individuals with exceptional needs between the ages of three and five years, inclusive, shall also comply with the appropriate instructional adult to child ratios pursuant to California Education Code sections 56440 et seq.

Billable days shall include only those days that are included on the submitted and approved school calendar, and/or required by the IEP (developed by the LEA) for each student. CONTRACTOR shall not be allowed to change its school calendar and/or amend the number of billable days without the prior written approval of the LEA. CONTRACTOR must submit any calendar changes to LEA in writing at least ten (10) business days prior to proposed change in order to be eligible for payment based upon the new calendar, if approved. Nothing in this Master Contract shall be interpreted to require the LEA to accept any requests for calendar changes.

Unless otherwise specified by the student's IEP or ISA, educational services shall occur at the school site. A student shall only be eligible for extended school year services as determined by the IEP team and the provision of such is specifically included in the ISA. Extended school year shall consist of twenty (20) instructional days, unless otherwise agreed upon by the IEP team convened by the LEA. Any days of

extended school year in excess of twenty (20) billable days must be mutually agreed to, in writing, prior to the start of the extended school year.

Student must have actually been in attendance during the regular school year and/or during extended school year and received services on a billable day of attendance in order for CONTRACTOR to be eligible for payment. It is specifically understood that services may not be provided on weekends/holidays and other times when school is not in session, unless agreed to by the LEA, in writing, in advance of the delivery of any NPS service. Any instructional days provided without this written agreement shall be at the sole financial responsibility of the CONTRACTOR.

CONTRACTOR shall observe the same legal holidays as LEA. Those holidays are Labor Day, Veteran's Day, Thanksgiving Day, Christmas Day, New Year's Day, Martin Luther King Jr. Day, President's Day, Memorial Day, Juneteenth, and Independence Day. With the approval of LEA, CONTRACTOR may revise the date upon which CONTRACTOR closes in observance of any of the holidays observed by the LEA.

CONTRACTOR shall bill only for services provided on billable days of attendance as indicated on the LEA calendar unless CONTRACTOR and the LEA agree otherwise, in writing. Student must have actually been in attendance and/or received services on a billable day of attendance in order for CONTRACTOR to be eligible for payment. It is specifically understood that services may not be provided on weekends/holidays and other times when school is not in session, unless agreed to by the LEA, in writing, in advance of the delivery of any NPA service provided by CONTRACTOR. Any instructional days provided without this written agreement shall be at the sole financial responsibility of the CONTRACTOR.

26. DATA REPORTING AND TRAINING

CONTRACTOR shall agree to provide to the LEA all data related to student information and billing information with LEA. CONTRACTOR shall agree to provide data related to all sections of this contract, including student discipline as noted below, and requested by and in the format required by the LEA. It is understood that all NPS/A shall utilize the LEA approved electronic IEP system for all IEP development, service tracking documentation, and progress reporting, unless otherwise agreed to by the LEA. Additional progress reporting may be required by the LEA. The LEA shall provide the CONTRACTOR with appropriate user training and proper permissions to allow adequate access.

CONTRACTOR shall complete all LEA-specific trainings, orientations, and onboarding requirements designated by the LEA prior to commencing services. Completion of such trainings does not constitute billable service hours unless otherwise agreed to in writing by the LEA. CONTRACTOR shall complete any and all LEA required trainings prior to beginning work with students. CONTRACTOR shall document all session attendance in the LEA's approved electronic IEP system no later than the conclusion of each workday during which services are provided.

Using forms developed by the CDE or as otherwise mutually agreed upon by CONTRACTOR and LEA, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Code sections 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code sections 48900 and 48915.

The LEA shall provide the CONTRACTOR with approved forms and/or format for such data including, but not limited to, invoicing, attendance reports and progress reports. The LEA may approve use of CONTRACTOR'S provided forms at their discretion.

27. LEAST RESTRICTIVE ENVIRONMENT/DUAL ENROLLMENT

CONTRACTOR and LEA shall follow all LEA policies and procedures that support Least Restrictive Environment ("LRE") options and/or dual enrollment options if available and appropriate, for students to have access to the general curriculum and to be educated with their nondisabled peers to the maximum extent appropriate.

CONTRACTOR and LEA shall ensure that LRE placement options are addressed at all IEP team meetings regarding students for whom ISAs have been or may be executed. This shall include IEP team consideration of supplementary aids and services, goals and objectives necessary for placement in the LRE and necessary to enable students to transition to less restrictive settings.

When an IEP team has determined that a student should be transitioned into the public school setting, CONTRACTOR shall assist the LEA in implementing the IEP team's recommended activities to support the transition.

28. STATEWIDE ACHIEVEMENT TESTING

When CONTRACTOR is a NPS, per implementation of Senate Bill 484, CONTRACTOR shall administer all statewide assessments within the California Assessment of Student Performance and Progress ("CAASPP"), Desired Results Developmental Profile ("DRDP"), California Alternative Assessment ("CAA"), achievement and abilities tests (using LEA-authorized assessment instruments), the Fitness Gram, , the English Language Proficiency Assessments for California ("ELPAC"), the Alternative English Language Proficiency Assessments for California ("Alternative ELPAC"), and as appropriate to the student, and mandated by LEA pursuant to LEA and state and federal guidelines.

CONTRACTOR is subject to the alternative accountability system developed pursuant to Education Code section 52052, in the same manner as public schools. Each LEA student placed with CONTRACTOR by the LEA shall be tested by qualified staff of CONTRACTOR in accordance with that accountability program. LEA shall provide test administration training to CONTRACTOR'S qualified staff. CONTRACTOR shall attend LEA test training and comply with completion of all coding requirements as required by LEA.

29. MANDATED ATTENDANCE AT LEA MEETINGS

CONTRACTOR shall attend District mandated meetings when legal mandates, and/or LEA policy and procedures are reviewed, including but not limited to the areas of: curriculum, high school graduation, standards-based instruction, behavior intervention, cultural and linguistic needs of students with disabilities, dual enrollment responsibilities, LRE responsibilities, transition services, data collection, and standardized testing and IEPs. LEA shall provide CONTRACTOR with reasonable notice of mandated meetings. Attendance at such meetings does not constitute a billable service hour(s).

30. POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORTS

CONTRACTOR shall comply with the requirements of Education Code sections 49000, *et seq.,* 49005, *et seq*., 56521.1 and 56521.2. LEA students who exhibit behaviors that interfere with their learning or the learning of others must receive timely and appropriate assessments and positive supports and interventions in accordance with state and federal law and implementing regulations. If the IEP team determines that a student's behavior impedes the individual learning or the learning of others, the IEP team is required to consider the use of positive behavioral interventions and supports, and other strategies, to address that

behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations. This could mean that instead of developing a Behavior Intervention Plan ("BIP"), the IEP team may conclude it is sufficient to address the student's behavioral problems through the development of behavioral goals and behavioral interventions to support those goals.

CONTRACTOR shall maintain a written policy pursuant to California Education Code section 56521.1 regarding emergency interventions and behavioral emergency reports. CONTRACTOR shall ensure that all of its staff members are trained in crisis intervention, emergency procedures, and evidenced-based practices and interventions specific to the unique behavioral needs of the CONTRACTOR's pupil population. The training shall be provided within 30 days of employment to new staff who have any contact or interaction with pupils during the school day, and annually to all staff who have any contact or interaction with pupils during the school day. The CONTRACTOR shall select and conduct the training in accordance with California Education Code section 56366.1. CONTRACTOR shall maintain written records of the training and provide written verification of the training annually and upon request.

Emergency interventions are those interventions used with a student during the time they present a serious, dangerous behavior that staff has determined to be present a clear and present danger to self or others, which requires a non-violent physical intervention to protect the safety of student, self, or others that cannot be prevented by use of a less restrictive technique. Pursuant to Education Code section 56521.1, emergency interventions shall not be used as a substitute for a BIP, and shall not be employed longer than necessary to contain the behavior. Emergency interventions may only be used to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the individual with exceptional needs, or others, and that cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior. If a situation requires prolonged use of emergency intervention, staff must seek assistance from the school site administrator or a law enforcement agency.

CONTRACTOR shall complete a behavior emergency report when an emergency intervention is used ; or when a physical intervention has not been used, but an injury or serious property damage has occurred. Personal Safety Techniques may or may not have been used. A behavior emergency report form must be completed and submitted to the LEA within twenty-four (24) hours for administrative action. CONTRACTOR shall also notify Parent within twenty-four (24) hours via telephone. If the student's IEP does not contain a BIP, CONTRACTOR shall schedule with LEA an IEP meeting within two (2) days to review the behavior emergency report, determine if there is a necessity for a functional behavioral assessment, and to determine an interim plan. If applicable, the IEP team shall document the reasons for not conducting the functional behavioral assessment, not developing an interim plan, or both. If the student already has a BIP, and the incident involved a previously unseen or new serious behavior, or if preexisting behavioral interventions in the BIP were ineffective, CONTRACTOR shall schedule with LEA an IEP meeting to review and determine the need to modify the BIP.

Pursuant to Education Code section 56521.2, CONTRACTOR shall not authorize, order, consent to, or pay for the following interventions, or any other interventions similar to or like the following:

1. any intervention that is designed to, or likely to, cause physical pain, including, but not limited to, electric-shock;
2. an intervention that involves the release of noxious, toxic, or otherwise unpleasant sprays, mists, or substances in proximity to the face of the individual;
3. an intervention that denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities;
4. an intervention that is designed to subject, used to subject, or likely to subject, the individual to verbal abuse, ridicule, or humiliation, or that can be expected to cause excessive emotional trauma;
5. restrictive interventions that employ a device, material, or objects that simultaneously immobilize all four extremities;
6. prone restraint;
7. locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room;
8. an intervention that precludes adequate supervision of the individual;

9. an intervention that deprives the individual of one or more of the individual's senses.

CONTRACTOR shall comply with Education Code sections 49005.8, 56521.1 and 56521.2. Specifically, Contractor shall not do any of the following:

1. Use seclusion or a behavioral restraint for the purpose of coercion, discipline, convenience, or retaliation.
2. Use locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room.
3. Use a physical restraint technique that obstructs a pupil's respiratory airway or impairs the pupil's breathing or respiratory capacity, including techniques in which a staff member places pressure on a pupil's back or places the staff member's body weight against the pupil's torso or back.
4. Use a behavioral restraint technique that restricts breathing, including, but not limited to, using a pillow, blanket, carpet, mat, or other item to cover a pupil's face.
5. Use prone restraint, including but not limited to prone containment.
6. Use a behavioral restraint for longer than is necessary to contain the behavior that poses a clear and present danger of serious physical harm to the pupil or others.

CONTRACTOR shall keep constant, direct observation of a pupil who is in seclusion, which may be through observation of the pupil through a window, or another barrier, through which the educational provider is able to make direct eye contact with the pupil. This observation shall not be through indirect means, including through a security camera or a closed-circuit television.

CONTRACTOR shall afford pupils who are restrained the least restrictive alternative and the maximum freedom of movement, and shall use the least number of restraint points, while ensuring the physical safety of the pupil and others.

In the case of a child whose behavior impedes the child's learning or that of others, the IEP team shall consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations.

All restraint practices must be reviewed and revised when they have an adverse effect on a student and are used repeatedly for an individual child, either on multiple occasions within the same classroom or multiple uses by the same individual. CONTRACTOR shall notify the student's parent/guardian when any type of physical or mechanical restraint or seclusion has been used. Upon the use of any type of physical or mechanical restraint or seclusions of an LEA student, CONTRACTOR shall complete a BER per the reporting and notification requirements listed above.

31. STUDENT DISCIPLINE

CONTRACTOR shall maintain and abide by a written policy for student discipline that is consistent with state and federal law and regulations. Using forms developed by the California Department of Education or as otherwise mutually agreed upon by CONTRACTOR and LEA, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Codes 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code Sections 48900 and 48915.

Written discipline reports shall include, but not be limited to: the student's name; the time, date, and description of the misconduct; the disciplinary action taken by CONTRACTOR; and the rationale for such disciplinary action. A copy of the student's behavior plan, if any, shall be submitted with the written discipline report. CONTRACTOR and LEA agree to participate in a manifestation determination at an IEP meeting no later than the tenth (10^{th}) day of suspension

(California Education Code sections 56366 (a) (2) (B) (i) and (ii)) and pursuant to California Education Code section 56345 (b) (4).)

If the LEA student is to be transferred from a NPS setting into a regular class setting in a public school for any part of the school day, the IEP team shall document a description of activities provided to integrate the student into the regular education program, including the nature of each activity as well as the time spent on the activity each day or week and a description of the activities provided to support the transition of the student from the special education program into the regular education program. Each student shall be allowed to provide confidential input to any representative of the individual IEP team. Except as otherwise provided in the Master Contract, CONTRACTOR and LEA shall participate in all IEP team meetings regarding students for whom ISAs have been or may be executed. At any time during the term of this Master Contract, the parent, the CONTRACTOR or the LEA may request a review of the student's IEP, subject to all procedural safeguards required by law, including reasonable notice given to, and participation of, the CONTRACTOR in the meeting. Every effort shall be made to schedule IEP team meetings at a time and place that is mutually convenient to parent, CONTRACTOR and LEA. The LEA or SELPA may provide training for any CONTRACTOR to ensure access to the approved system. The CONTRACTOR shall maintain confidentiality of all IEP data on the approved system and shall protect the password requirements of the system. When a student dis-enrolls from the NPS/NPA, the NPS/NPA and LEA shall discontinue use of the approved system for that student.

Changes in any student's educational program, including instruction, services, or instructional setting provided under this Master Contract, may only be made on the basis of revisions to the student's IEP. In the event that the CONTRACTOR believes the student requires a change of placement, the CONTRACTOR may request a review of the student's IEP for the purposes of consideration of a change in the student's placement. Student is entitled to remain in the last agreed upon and implemented placement unless parent agrees otherwise or an Interim Alternative Educational Setting is deemed lawful and appropriate by LEA or OAH consistent with Section 1415 (k)(1)(7) of Title 20 of the United States Code.

If CONTRACTOR is an NPS, CONTRACTOR shall ensure private and confidential communication, including telecommunication, between a pupil of the NPS and members of the pupil's IEP team and the CDE's Constituent Services Office, at the pupil's discretion.

The LEA may request such data at any time within five (5) years of the date of service. The CONTRACTOR shall provide this data supporting progress within five (5) business days of request. Additional time may be granted as needed by the LEA.

CONTRACTOR shall complete academic or other evaluations of the student ten (10) days prior to the student's annual or triennial review IEP team meeting for the purpose of reporting the student's present levels of performance at the IEP team meeting as required by state and federal laws and regulations and pursuant to LEA policies, procedures, and/or practices. CONTRACTOR shall provide sufficient copies of its reports, documents, and projected goals to share with members of the IEP team five (5) business days prior to the IEP meeting. CONTRACTOR shall maintain supporting documentation such as test protocols and data collection, which shall be made available to LEA within five (5) business days of request.

The CONTRACTOR is responsible for all evaluation costs regarding the updating of goals and objectives, progress reporting and development of present levels of performance. All assessments resulting from an assessment plan shall be provided by the LEA unless the LEA specifies in writing a request that CONTRACTOR perform such additional assessment. Any assessment and/or evaluation costs may be added to the ISA and/or approved separately by the LEA at the LEA's sole discretion.

It is understood that all billable hours must be in direct services to pupils as specified in the ISA. For NPA services, supervision provided by a qualified individual as specified in Title 5 Regulation, subsection 3065, shall be determined as appropriate and included in the ISA. Supervision means the direct observation of services, data review, case conferencing and program design consistent with professional standards for each professional's license, certification, or credential.

CONTRACTOR shall not charge the student's parent(s) or LEA for the provision of progress reports, report cards, evaluations conducted in order to obtain present levels of performance, interviews, and/or meetings. It is understood that all billable hours have limits to those specified on the ISA consistent with the IEP. It is understood that copies of data collection notes, forms, charts and other such data are part of the pupil's record and shall be made available to the LEA upon written request.

The grades each pupil receives in all courses of instruction taught by the NPS shall be reported to the parents and the LEA on a quarterly basis. Consistent with the LEA, should it become evident to the NPS the pupil is in danger of failing a course, the CONTRACTOR must initiate a parent conference, and the LEA representative must be in attendance.

When CONTRACTOR serves students in grades nine (9) through twelve (12) inclusive, LEA shall provide to CONTRACTOR a specific list of the course requirements to be satisfied by the CONTRACTOR leading toward graduation or completion of LEA's diploma requirements. CONTRACTOR shall not recommend awarding a high school diploma to students who have not successfully completed all of the LEA's graduation requirements.

Pupils enrolled in high school during the 2020-2021 academic year may request a Pass or No Pass grade as permitted in EC Section 49066.5, which may be reflected on the student's transcript and shall not negatively affect the pupil's grade point average.

CONTRACTOR shall prepare transcripts at the close of each semester, or upon student transfer, for students in grades nine (9) through twelve (12) inclusive, and submit them on LEA approved forms to the student's school of residence for evaluation of progress toward completion of diploma requirements as specified in LEA Procedures. CONTRACTOR shall submit to the LEA names of students and their schools of residence for whom transcripts have been submitted as specified by the LEA.

INDIVIDUAL TRANSITION PLANNING – AB 438, Approved on September 28, 2024

Effective July 1, 2025, if determined appropriate by the pupil's IEP team, beginning when the pupil starts their high school experience and not later than when the pupil is 16 years of age or younger, as appropriate, and annually thereafter, a statement of needed transition services shall be included in the pupil's individualized education program. If the individualized education program team determines that the pupil would benefit from the postponement of the inclusion of appropriate measurable postsecondary goals and transition services until 16 years of age, rather than when the pupil begins their high school experience, the individualized education program team shall appropriately justify the basis for that postponement. (EC section 56043(h).)

CONTRACTOR shall comply with all LEA procedures concerning enrollment, contracting, attendance reporting, service tracking and billing including requirements of electronic billing as specified by the LEA Procedures, as well as provide all such records requested by LEA concerning the same. Invoices and related documents shall be properly submitted electronically and in addition, on an LEA form with signatures in the manner prescribed by LEA. At a minimum, each invoice must contain the following information: month of service; specific days and times of services coordinated by the LEA approved calendar unless otherwise specified in the IEP or agreed to by the LEA; name of staff who provided the service; approved cost of each invoice; total for each service and total for the monthly invoice; date invoice was mailed; signature of NPS/NPA administrator authorizing that the information is accurate and consistent with the ISA, CDE certificates and staff notification; verification that attendance report is attached as appropriate; indication of any made-up session consistent with this contract; verification that progress reports have been provided consistent with the ISA (monthly or quarterly unless specified otherwise on the ISA); and name or initials of each student for when the service was provided.

In the event services were not provided, rationale for why the services were not provided shall be included.

Such an invoice is subject to all conditions of this contract. At the discretion of the LEA, an electronic invoice may be required provided such notice has been made in writing and training provided to the CONTRACTOR at no additional charge for such training.

Invoices shall be submitted no later than thirty (30) days after the end of the attendance accounting period in which the services were rendered. LEA shall make payment to CONTRACTOR based on the number of billable days of attendance and hours of service at rates specified in this contract within forty-five (45) days of LEA's receipt of properly submitted hard copy of invoices prepared and submitted as specified in California Education Code Section 56366.5 and the LEA. CONTRACTOR shall correct deficiencies and submit rebilling invoices no later than thirty (30) calendar days after the invoice is returned by LEA. LEA shall pay properly submitted re-billing invoices no later than forty-five (45) days after the date a completely corrected re-billing invoice is received by LEA.

In no case shall initial payment claim submission for any Master Contract fiscal year (July through June) extend beyond December 31st after the close of the fiscal year. In no case shall any rebilling for the Master Contract fiscal year (July through June) extend beyond six (6) months after the close of the fiscal year unless approved by the LEA to resolve billing issues including re-billing issues directly related to a delay in obtaining information from the Commission on Teacher Credentialing regarding teacher qualification, but no later than twelve (12) months from the close of the fiscal year. If the billing or re-billing error is the responsibility of the LEA, then no limit is set provided that the LEA and CONTRACTOR have communicated such concerns in writing during the 12-month period following the close of the fiscal year. LEA will not pay mileage for NPA employees unless agreed upon.

57. RIGHT TO WITHHOLD PAYMENT

LEA may withhold payment to CONTRACTOR when: (a) CONTRACTOR has failed to perform, in whole or in part, under the terms of this contract; (b) CONTRACTOR has billed for services rendered on days other than billable days of attendance or for days when student was not in attendance and/or did not receive services; (c) CONTRACTOR was overpaid by LEA as determined by inspection, review, and/or audit of its program, work, and/or records; (d) CONTRACTOR has failed to provide supporting documentation with an invoice, as required by EC 56366(c)(2); (e) education and/or related services are provided to students by personnel who are not appropriately credentialed, licensed, or otherwise qualified; (f) LEA has not received prior to school closure or contract termination, all documents concerning one or more students enrolled in CONTRACTOR's educational program; (g) CONTRACTOR fails to confirm a student's change of residence to another district or confirms the change of residence to another district, but fails to notify LEA within five (5) days of such confirmation; or (h) CONTRACTOR receives payment from Medi-Cal or from any other agency or funding source for a service provided to a student. It is understood

that no payments shall be made for any invoices that are not received by six (6) months following the close of the prior fiscal year, for services provided in that year.

Final payment to CONTRACTOR in connection with the cessation of operations and/or termination of a Master Contract will be subject to the same documentation standards described for all payment claims for regular ongoing operations. In addition, final payment may be withheld by the LEA until completion of a review or audit, if deemed necessary by the LEA. Such review or audit will be completed within ninety (90) days. The final payment may be adjusted to offset any previous payments to the CONTRACTOR determined to have been paid in error or in anticipation of correction of documentation deficiencies by the CONTRACTOR that remain uncorrected.

The amount which may be withheld by LEA with respect to each of the subparagraphs of the preceding paragraph are as follows: (a) the value of the service CONTRACTOR failed to perform; (b) the amount of overpayment; (c) the portion of the invoice for which satisfactory documentation has not been provided by CONTRACTOR; (d) the amount invoiced for services provided by the individual not appropriately credentialed, licensed, or otherwise qualified; (e) the proportionate amount of the invoice related to the applicable pupil for the time period from the date the violation occurred and until the violation is cured; or (f) the amount paid to CONTRACTOR by Medi-Cal or another agency or funding source for the service provided to the student.

If LEA determines that cause exists to withhold payment to CONTRACTOR, LEA shall, within ten (10) business days of this determination, provide to CONTRACTOR written notice that LEA is withholding payment. Such notice shall specify the basis or bases for LEA's withholding payment and the amount to be withheld. Within thirty (30) days from the date of receipt of such notice, CONTRACTOR shall take all necessary and appropriate action to correct the deficiencies that form the basis for LEA's withholding payment or submit a written request for extension of time to correct the deficiencies or submit to LEA written documentation demonstrating that the basis or bases cited by the LEA for withholding payment is unfounded. Upon receipt of CONTRACTOR's written request showing good cause, LEA shall extend CONTRACTOR's time to correct deficiencies (usually an additional thirty (30) days), otherwise payment will be denied.

If after subsequent request for payment has been denied and CONTRACTOR believes that payment should not be withheld, CONTRACTOR shall send written notice to LEA specifying the reason it believes payment should not be withheld. LEA shall respond to CONTRACTOR's notice within thirty (30) business days by indicating that a warrant for the amount of payment will be made or stating the reason LEA believes payment should not be made. If LEA fails to respond within thirty (30) business days or a dispute regarding the withholding of payment continues after the LEA's response to CONTRACTOR's notice, CONTRACTOR may invoke the following escalation policy.

After forty-five (45) business days: The CONTRACTOR may notify the Authorized LEA's Representative of the dispute in writing. The LEA Authorized Representative shall respond to the CONTRACTOR in writing within fifteen (15) business days.

After sixty (60) business days: The LEA or CONTRACTOR may appeal to the County Superintendent of Schools so long as the County Superintendent of Schools is not participating in the Local Plan involved in the NPS/A contract, or a mutually agreed upon mediator. Both parties agree to pay for their own costs and expenses arising out of such mediation. Each party agrees to act in good faith in participating in any mediation process agreed to by the parties.

58. PAYMENT FROM OUTSIDE AGENCIES

CONTRACTOR shall notify LEA when Medi-Cal or any other agency is billed for the costs associated with the provision of special education and/or related services to students. Upon request, CONTRACTOR shall provide to LEA any and all documentation regarding reports, billing, and/or payment by Medi-Cal or any other agency for the costs associated with the provision of special education and/or related services to students. CONTRACTOR shall provide prior written notice of the rights and protections required by Title

34 of the Code of Federal Regulations section 300.154(d) whenever it seeks to use the LEA students' public benefits to pay for special education and related services. Such notice shall be provided before seeking payment from Medi-Cal for the first time and annually.

LEA will not pay for instruction and/or services unless said instruction or service is provided by an appropriately credentialed substitute teacher.

Whenever a related service provider is absent, CONTRACTOR shall provide a qualified (as defined in Section 7 of this agreement and as determined by LEA) substitute. LEA will not pay for services unless a qualified substitute is provided and/or CONTRACTOR provides documentation evidencing the provision of "make-up" services by a qualified service provider within thirty (30) calendar days from the date on which the services should have been provided unless otherwise agreed in student's IEP.

LEA shall not be responsible for payment of related services for days on which a student's attendance does not qualify for Average Daily Attendance ("ADA") reimbursement under state law, nor shall student be eligible for make-up services.

NONPUBLIC AGENCY STAFF ABSENCE

When CONTRACTOR is a nonpublic agency and CONTRACTOR's service provider is absent, CONTRACTOR shall provide a qualified (as defined in Section 7 of this agreement and as determined by LEA) substitute, unless LEA provides appropriate coverage in lieu of CONTRACTOR's service providers. LEA shall not pay for services unless a qualified substitute is provided and/or CONTRACTOR provides documentation evidencing the provision of "make-up" services by a qualified service provider within thirty (30) calendar days from the date on which the services should have been provided. CONTRACTOR shall not "bank" or "carry over" make up service hours under any circumstances, unless otherwise agreed to in writing by CONTRACTOR and LEA. If the LEA is unable to obtain an alternative placement, CONTRACTOR shall receive payment consistent with the student's approved ISA, as though the student were continuing their regular attendance, until an alternative placement can be found and CONTRACTOR shall implement LEA student's IEP in accordance with Education Code section 56345(a)(9) pertaining to emergency conditions.

c. LEA and NPS School Closure- In the event of the LEA and NPS School Closures, on days the LEA is funded, CONTRACTOR shall receive payment consistent with the student's approved ISA, until an alternative placement can be found and CONTRACTOR shall implement LEA student's IEP in accordance with Education Code section 56345(a)(9) pertaining to emergency conditions. If the LEA is able to obtain alternative placement for the student, CONTRACTOR shall not receive payment for days the student is not in attendance with CONTRACTOR due to CONTRACTOR'S school closure.

CONTRACTOR shall obtain from its subcontractors and suppliers written agreements to the requirements of this section and shall provide a copy of such agreements to LEA upon request by LEA.

If an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm determines that CONTRACTOR owes LEA monies as a result of CONTRACTOR's over billing or failure to perform, in whole or in part, any of its obligations under this Master Contract, LEA shall provide to CONTRACTOR written notice demanding payment from CONTRACTOR and specifying the basis or bases for such demand. Unless CONTRACTOR and LEA otherwise agree in writing, CONTRACTOR shall pay to LEA the full amount owed as a result of CONTRACTOR's over billing and/or failure to perform, in whole or in part, any of its obligations under this Master Contract, as determined by an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm. NONPUBLIC, NONSECTARIAN SCHOOL/AGENCY SERVICES MASTER CONTRACT

GENERAL PROVISIONS

1. MASTER CONTRACT

This Master Contract (or "Contract") is entered into on **October 28, 2026**, between **California Online Public Schools which includes California Online Public Schools Central Coast, California Online Public Schools Central Valley, California Online Public Schools Monterey Bay, California Online Public Schools North Bay, California Online Public Schools Northern California, and California Online Public Schools Southern California**, hereinafter referred to as the local educational agency ("LEA"), a member of the **El Dorado County Charter SELPA** and Valley High School and Learning Center, Inc. dba Hawthorne Academy (nonpublic, nonsectarian school or agency), hereinafter referred to as NPS/A or "CONTRACTOR" for the purpose of providing special education and/or related services to students with exceptional needs under the authorization of California Education Code sections 56157, 56361 and 56365 *et seq*. and Title 5 of the California Code of Regulations section 3000 *et seq*., AB 490 (Chapter 862, Statutes of 2003) and AB 1858 (Chapter 914, Statutes of 2004). It is understood that this agreement does not commit the LEA to pay for special education and/or related services provided to any student, or CONTRACTOR to provide such special education and/or related services, unless and until an authorized LEA representative approves the provision of special education and/or related services by CONTRACTOR.

Upon acceptance of a student, LEA shall submit to CONTRACTOR an Individual Service Agreement (hereinafter referred to as "ISA"). Unless otherwise agreed in writing, these forms shall acknowledge CONTRACTOR's obligation to provide all relevant services specified in the student's Individualized Education Program (hereinafter referred to as "IEP"). The ISA shall be executed within ninety (90) days of a student's enrollment. LEA and CONTRACTOR shall enter into an ISA for each student served by CONTRACTOR. As available and appropriate, the LEA shall make available access to any electronic IEP system and/or electronic database for the development of the ISA and invoices.

Unless placement and/or services is made pursuant to an Office of Administrative Hearings (hereinafter referred to as "OAH") order, a lawfully executed settlement agreement between LEA and parent or authorized by LEA for a transfer student pursuant to California Education Code section 56325, LEA is not responsible for the costs associated with NPS placement or NPS/A services until the date on which an IEP team meeting is convened, the IEP team determines that a NPS placement is appropriate, and the IEP is signed by the student's parent.

2. CERTIFICATION AND LICENSES

CONTRACTOR shall be certified by the California Department of Education (hereinafter referred to as "CDE") as a NPS/A. All NPS/A services shall be provided consistent with the area of certification and licensure specified by CDE Certification and as defined in California Education Code, section 56366 et seq

and within the professional scope of practice of each provider's license, certification, and/or credential. A current copy of CONTRACTOR's NPS/A certification or a waiver of such certification issued by the CDE pursuant to Education Code section 56366.2 must be provided to LEA on or before the date this Agreement is executed by CONTRACTOR. This Master Contract shall be null and void if such certification or waiver is expired, revoked, rescinded, or otherwise nullified during the effective period of this Master Contract.

Total student enrollment shall be limited to capacity as stated on CDE certification and in Section 24 of the Master Contract.

In addition to meeting the certification requirements of the State of California, a CONTRACTOR that operates a program outside of this State shall be certified and all staff persons providing services to pupils shall be certified and/or licensed by that state to provide, respectively, special education and related services and designated instruction and related services to pupils under the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.).

If CONTRACTOR is a licensed children's institution (hereinafter referred to as "LCI"), CONTRACTOR shall be licensed by the state, or other public agency having delegated authority by contract with the state to license, to provide nonmedical care room and board to children, including, but not limited to, individuals with exceptional needs. The LCI must also comply with all licensing requirements relevant to the protection of the child, and have a special permit, if necessary, to meet the needs of each child so placed. If the CONTRACTOR operates a program outside of this State, CONTRACTOR must obtain all required licenses from the appropriate licensing agency in both California and in the state where the LCI is located.

With respect to CONTRACTOR's certification, failure to notify the LEA and CDE in writing of any changes in: (1) credentialed/licensed staff; (2) ownership; (3) management and/or control of the agency; (4) major modification or relocation of facilities; or (5) significant modification of the program may result in the suspension or revocation of CDE certification and/or suspension or termination of this Master Contract by the LEA.

3. COMPLIANCE WITH LAWS, STATUTES, REGULATIONS

During the term of this Master Contract, unless otherwise agreed, CONTRACTOR shall comply with all applicable federal, state, and local statutes, laws, ordinances, rules, policies and regulations. CONTRACTOR shall also comply with all applicable LEA policies and procedures unless, taking into consideration all of the surrounding facts and circumstances, a policy or policies or a portion of a policy does not reasonably apply to CONTRACTOR. CONTRACTOR hereby acknowledges and agrees that it accepts all risks and responsibilities for its failure to comply with LEA policies and shall indemnify LEA under the provisions of Section 16 of this Agreement for all liability, loss, damage and expense (including reasonable attorneys' fees) resulting from or arising out of CONTRACTOR's failure to comply with applicable LEA policies (e.g., those policies relating to; the provision of special education and/or related services, facilities for individuals with exceptional needs, student enrollment and transfer, student inactive status, corporal punishment, student discipline, and positive behavior interventions).

CONTRACTOR acknowledges and understands that LEA may report to the CDE any violations of the provisions of this Master Contract; and that this may result in the suspension and/or revocation of CDE nonpublic school/agency certification pursuant to California Education Code section 56366.4(a).

4. TERM OF MASTER CONTRACT

The term of this Master Contract shall be from July 1, 2026 to June 30, 2027 (Title 5 California Code of Regulations section 3062(a)) unless otherwise stated. Neither the CONTRACTOR nor the LEA is required to renew this Master Contract in subsequent contract years. The parties acknowledge that any subsequent Master Contract is to be re-negotiated prior to June 30, 2026 (Title 5 California Code of Regulations section 3062(d)). In the event the contract negotiations are not agreed to by June 30th, the most recently executed

Master Contract will remain in effect for 90 days (Education Code 56366(c)(1)). If, after 60 days the Master Contract or individual services agreement has not been finalized, as prescribed in paragraph (1) of subdivision (a), either party may appeal to the county superintendent of schools, if the county superintendent of schools is not participating in the local plan involved in the nonpublic, nonsectarian school or agency contract; or the Superintendent, if the county superintendent of schools is participating in the local plan involved in the contract, to negotiate the contract. Within 30 days of receipt of this appeal, the county superintendent of schools or the Superintendent, or the individual designee, shall mediate the formulation of a contract, which shall be binding upon both parties (Education Code 56366 (c) (2)). No Master Contract will be offered unless and until all of the contracting requirements have been satisfied. The offer of a Master Contract to a CONTRACTOR is at the sole discretion of the LEA.

The provisions of this Master Contract apply to CONTRACTOR and any of its employees or independent contractors. Notice of any change in CONTRACTOR's ownership or authorized representative shall be provided in writing to LEA within thirty (30) calendar days of change of ownership or change of authorized representative.

5. INTEGRATION/CONTINUANCE OF CONTRACT FOLLOWING EXPIRATION OR TERMINATION

This Master Contract includes each ISA and they are incorporated herein by this reference. This Master Contract supersedes any prior or contemporaneous written or oral understanding or agreement. This Master Contract may be amended only by written amendment executed by both parties.

CONTRACTOR shall provide the LEA with information as requested in writing to secure a Master Contract or a renewal.

At a minimum, such information shall include copies of current teacher credentials and clearance, insurance documentation and CDE certification. The LEA may require additional information as applicable. If the application packet is not completed and returned to District, no Master Contract will be issued. If CONTRACTOR does not return the Master Contract to LEA duly signed by an authorized representative within ninety (90) calendar days of issuance by LEA, the new contract rates will not take effect until the newly executed Master Contract is received by LEA and will not be retroactive to the first day of the new Master Contract's effective date. If CONTRACTOR fails to execute the new Master Contract within such ninety-day period, all payments shall cease until such time as the new Master Contract for the current school year is signed and returned to LEA by CONTRACTOR. (California Education Code section 56366(c)(1) and (2)). In the event that this Master Contract expires or terminates, CONTRACTOR shall continue to be bound to all of the terms and conditions of the most recent executed Master Contract between CONTRACTOR and LEA for so long as CONTRACTOR is servicing authorized students at the discretion of the LEA

6. INDIVIDUAL SERVICE AGREEMENT ("ISA")

This Agreement shall include an ISA developed for each student to whom CONTRACTOR is to provide special education and/or related services. An ISA shall only be issued for students enrolled with the approval of the LEA pursuant to Education Code section 56366 (a)(2)(A). An ISA may be effective for more than one contract year provided that there is a concurrent Master Contract in effect. In the event that this Master Contract expires or terminates, CONTRACTOR, shall continue to be bound to all of the terms and conditions of the most recent executed ISAs between CONTRACTOR and LEA for so long as CONTRACTOR is servicing authorized students.

Any and all changes to a student's educational placement/program provided under this Master Contract and/or an ISA shall be made solely on the basis of a revision to the student's IEP or by written agreement between the parent and LEA. At any time during the term of this Master Contract, a student's parent, CONTRACTOR, or LEA may request a review of a student's IEP subject to all procedural safeguards required by law.

Unless otherwise provided in this Master Contract, the CONTRACTOR shall provide all services specified in the IEP unless the CONTRACTOR and the LEA agree otherwise in the ISA. (California Education Code sections 56366(a) (5) and 3062(e)). In the event the CONTRACTOR is unable to provide a specific service at any time during the life of the ISA, the CONTRACTOR shall notify the LEA in writing within five (5) business days of the last date a service was provided. CONTRACTOR shall provide any and all subsequent compensatory service hours awarded to student as a result of lack of provision of services while student was served by the NPS/A.

If a parent or LEA contests the termination of an ISA by initiating a due process proceeding with the OAH, CONTRACTOR shall abide by the "stay-put" requirement of state and federal law unless the parent agrees otherwise or an Interim Alternative Educational Setting is deemed lawful and appropriate by LEA or OAH consistent with Section 1415 (k)(1)(7) of Title 20 of the United States Code. CONTRACTOR shall adhere to all LEA requirements concerning changes in placement.

Disagreements between LEA and CONTRACTOR concerning the formulation of an ISA or the Master Contract may be appealed to the County Superintendent of Schools of the County where the LEA is located, or the State Superintendent of Public Instruction pursuant to the provisions of California Education Code section 56366(c) (2).

For any claims related to the services performed in connection with this Master Contract, the CONTRACTOR's insurance coverage shall be the primary insurance with respect to the LEA, its subsidiaries, officials and employees. Any insurance or self-insurance maintained by the LEA, its subsidiaries, officials and employees shall be excess of the CONTRACTOR's insurance and shall not contribute with it.

H. All Certificates of Insurance must reference the contract number, name of the school or agency submitting the certificate, and the location of the school or agency submitting the certificate on the certificate.

PART II - INSURANCE REQUIREMENTS FOR NONPUBLIC SCHOOLS AFFILIATED WITH A RESIDENTIAL TREATMENT FACILITY ("RTC")

16. INDEMNIFICATION AND HOLD HARMLESS

To the fullest extent allowed by law, CONTRACTOR shall indemnify and hold LEA and its Board Members, administrators, employees, agents, attorneys, volunteers, and subcontractors ("LEA Indemnities") harmless against all liability, loss, damage and expense (including reasonable attorneys' fees) resulting from or arising out of this Master Contract or its performance, to the extent that such loss, expense, damage or liability was proximately caused by negligence, intentional act, or willful act or omission of CONTRACTOR, including, without limitation, its agents, employees, subcontractors or anyone employed directly or indirectly by it (excluding LEA and LEA Indemnities). The duty and obligation to defend shall arise immediately upon tender of a claim or lawsuit to the CONTRACTOR. The LEA and the Member District(s) shall have the right in their sole discretion to select counsel of its choice to provide the defense at the sole cost of the CONTRACTOR or the applicable insurance carrier.

To the fullest extent allowed by law, LEA shall indemnify and hold CONTRACTOR and its Board Members, administrators, employees, agents, attorneys, and subcontractors ("CONTRACTOR Indemnities") harmless against all liability, loss, damage and expense (including reasonable attorneys' fees)

resulting from or arising out of this Master Contract or its performance thereof, to the extent that such loss, expense, damage or liability was proximately caused by the negligent, intentional act or willful act or omission of LEA, including, without limitation, its agents, employees, subcontractors or anyone employed directly or indirectly by it (excluding CONTRACTOR and/or any CONTRACTOR Indemnities).

LEA represents that it is self-insured in compliance with the laws of the State of California, that the self-insurance covers LEA employees acting within the course and scope of their respective duties and that its self-insurance covers the LEA's indemnification obligations under this Master Contract.

17. INDEPENDENT CONTRACTOR

Nothing herein contained will be construed to imply a joint venture, partnership or principal-agent relationship between the LEA and CONTRACTOR. CONTRACTOR shall provide all services under this Contract as an independent contractor, and neither party shall have the authority to bind or make any commitment on behalf of the other. Nothing contained in this Contract shall be deemed to create any association, partnership, joint venture or relationship of principal and agent, master and servant, or employer and employee between the parties or any affiliates of the parties, or between the LEA and any individual assigned by CONTRACTOR to perform any services for the LEA.

If the LEA is determined to be a partner, joint venture, co-principal, employer or co-employer of CONTRACTOR, CONTRACTOR shall indemnify and hold harmless the LEA from and against any and all claims for loss, liability, or damages arising from that determination, as well as any expenses, costs, taxes, penalties and interest charges incurred by the LEA as a result of that holding.

18. SUBCONTRACTING

CONTRACTOR shall provide written notification to LEA before subcontracting for special education and/or related services pursuant to this Master Contract. In the event LEA determines that it can provide the subcontracted service(s) at a lower rate, LEA may elect to provide such service(s). If LEA elects to provide such service(s), LEA shall provide written notification to CONTRACTOR within five (5) days of receipt of CONTRACTOR's original notice and CONTRACTOR shall not subcontract for said service(s).

CONTRACTOR shall incorporate all of the provisions of this Master Contract in all subcontracts, to the fullest extent reasonably possible. Furthermore, when CONTRACTOR enters into subcontracts for the provision of special education and/or related services (including, but not limited to, transportation) for any student, CONTRACTOR shall cause each subcontractor to procure and maintain insurance during the term of each subcontract. Such subcontractor's insurance shall comply with the provisions of Section 15. Each subcontractor shall furnish the LEA with original endorsements and certificates of insurance effecting coverage required by Section 15. The endorsements are to be signed by a person authorized by that insurer to bind coverage on its behalf. The endorsements are to be on forms as required by the LEA. All endorsements are to be received and approved by the LEA before the subcontractor's work commences. The Commercial General Liability and Automobile Liability policies shall name the LEA/SELPA and the LEA Board of Education as additional insured.

As an alternative to the LEA's forms, a subcontractor's insurer may provide complete, certified copies of all required insurance policies, including endorsements affecting the coverage required by this Master Contract. All Certificates of Insurance must reference the LEA contract number, name of the school or agency submitting the certificate, indication if NPS or NPA, and the location of the school or agency submitting the certificate. In addition, all subcontractors must meet the requirements as contained in Section 44 Clearance Requirements and Section 45 Staff Qualifications of this Master Contract.

19. CONFLICTS OF INTEREST

CONTRACTOR shall provide to LEA upon request a copy of its current bylaws and a current list of its Board of Directors (or Trustees), if it is incorporated. CONTRACTOR and any member of its Board of Directors (or Trustees) shall disclose any relationship with LEA that constitutes or may constitute a conflict

of interest pursuant to California Education Code section 56042 and Government Code Section 1090 including, but not limited to, employment with LEA, provision of private party assessments and/or reports, and attendance at IEP team meetings acting as a student's advocate. Pursuant to California Education code section 56042, an attorney or advocate for a parent of an individual with exceptional needs shall not recommend placement at CONTRACTOR's facility if the attorney or advocate is employed or contracted by the CONTRACTOR, or will receive a benefit from the CONTRACTOR, or otherwise has a conflict of interest.

The LEA shall neither execute an ISA with CONTRACTOR nor amend an existing ISA for a student when a recommendation for special education and/or related services is based in whole or in part on assessment(s) or reports provided by CONTRACTOR to the student without prior written authorization by LEA. This paragraph shall apply to CONTRACTOR regardless of when an assessment is performed or a report is prepared (i.e., before or after the student is enrolled in CONTRACTOR's school/agency) or whether an assessment of the student is performed or a report is prepared in the normal course of the services provided to the student by CONTRACTOR. To avoid conflict of interest, and in order to ensure the appropriateness of an Independent Educational Evaluation (hereinafter referred to as "IEE") and its recommendations, the LEA may not fund an IEE by an evaluator who provides ongoing service(s) or is sought to provide service(s) to the student for whom the IEE is requested. Likewise, the LEA may not fund services through the evaluator whose IEE the LEA agrees to fund. When no other appropriate assessor is available, LEA may request and if CONTRACTOR agrees, the CONTRACTOR may provide an IEE.

CONTRACTOR shall not admit a student living within the jurisdictional boundaries of the LEA on a private pay or tuition free "scholarship" basis and concurrently or subsequently advise/request parent(s) to pursue funding for the admitted school year from the LEA through due process proceedings.

20. NON-DISCRIMINATION

CONTRACTOR shall not, in employment or operation of its programs, unlawfully discriminate on the basis of gender, nationality, national origin, ancestry, race, color, ethnicity, ethnic group affiliation, religion, age, marital status, pregnancy or parental status, sex, sexual orientation, gender, gender identity or expression, physical or mental disability, genetic information or any other classification protected by federal or state law or the perception of one or more of such characteristics or association with a person or group with one or more of these actual or perceived characteristics.

CONTRACTOR shall provide special education and/or related services (including transition services) to each student within the NPS/A consistent with the student's IEP and as specified in the ISA. If CONTRACTOR is a NPS, CONTRACTOR shall not accept a student if it cannot provide or ensure the provision of the services outlined in the student's IEP. If student services are provided by a third party (i.e. Related Services Provider), CONTRACTOR shall notify LEA if provision of services cease.

Unless otherwise agreed to between CONTRACTOR and LEA, CONTRACTOR shall be responsible for the provision of all appropriate supplies, equipment, and/or facilities, as specified in the student's IEP and ISA. CONTRACTOR shall make no charge of any kind to parents for special education and/or related services as specified in the student's IEP and ISA (including, but not limited to, screenings, assessments, or interviews that occur prior to or as a condition of the student's enrollment under the terms of this Master Contract). LEA shall provide low incidence equipment for eligible students with low incidence disabilities when specified in the student's IEP and ISA. Such equipment remains the property of the SELPA/LEA and shall be returned to the SELPA/LEA when the IEP team determines the equipment is no longer needed or when the student is no longer enrolled in the NPS. CONTRACTOR shall ensure that

facilities are adequate to provide LEA students with an environment which meets all pertinent health and safety regulations. CONTRACTOR may charge a student's parent(s) for services and/or activities not necessary for the student to receive a free appropriate public education after: (a) written notification to the student's parent(s) of the cost and voluntary nature of the services and/or activities; and (b) receipt by the LEA of the written notification and a written acknowledgment signed by the student's parent(s) of the cost and voluntary nature of the services and/or activities. CONTRACTOR shall adhere to all LEA requirements concerning parent acknowledgment of financial responsibility.

Voluntary services and/or activities not necessary for the student to receive a free appropriate public education shall not interfere with the student's receipt of special education and/or related services as specified in the student's IEP and ISA unless the LEA, CONTRACTOR, and PARENT agree otherwise in writing.

22. GENERAL PROGRAM OF INSTRUCTION

All NPS/A services shall be provided consistent with the area of certification specified by CDE Certification and as defined in California Education Code section 56366 et seq.

CONTRACTOR shall not award a high school diploma to students who have not successfully completed all of the LEA's graduation requirements.

When CONTRACTOR is a NPA and/or related services provider, CONTRACTOR's general program of instruction and/or services shall utilize evidence-based practices and be consistent with LEA and CDE guidelines and certification, and provided as specified in the student's IEP and ISA. The NPA providing Behavior Intervention services shall develop a written plan that specifies the nature of their NPA service for each student within thirty (30) days of enrollment and shall be provided in writing to the LEA. School-based services may not be unilaterally converted by CONTRACTOR to a substitute program or provided at a location not specifically authorized by the IEP team. Except for services provided by a CONTRACTOR that is a Licensed Children's Institution (LCI), all services not provided in the school setting require the presence of a parent, guardian or adult caregiver during the delivery of services, provided such guardian or caregiver have a signed authorization by the parent or legal guardian to authorize emergency services as requested. LCI CONTRACTORS shall ensure that appropriate and qualified residential or clinical staff is present during the provision of services under this Master Contract. CONTRACTOR shall immediately notify LEA in writing if no parent, guardian or adult caregiver is present. CONTRACTOR shall provide to LEA a written description of the services and location provided prior to the effective date of this Master Contract. CONTRACTORS providing Behavior Intervention services must have a trained behaviorist or trained equivalent on staff. It is understood that Behavior Intervention services are limited per CDE Certification and do not constitute an instructional program.

Upon prior written approval by an authorized LEA representative, class size may be temporarily increased by a ratio of 1 teacher to fourteen (14) students when necessary, during the regular or extended school year to provide services to students with disabilities.

In the event a NPS is unable to fill a vacant teaching position responsible for direct instruction to students, and the vacancy has direct impact on the CDE Certification of that school, the NPS shall develop a plan to ensure appropriate coverage of students by first utilizing existing certificated staff. The NPS and the LEA may agree to one 30 school day period per contract year where class size may be increased to ensure coverage by an appropriately credentialed teacher. Such an agreement shall be in writing and signed by both parties. This provision does not apply to a NPA.

CONTRACTOR providing special education instruction for individuals with exceptional needs between the ages of three and five years, inclusive, shall also comply with the appropriate instructional adult to child ratios pursuant to California Education Code sections 56440 et seq.

25. CALENDARS

Billable days shall include only those days that are included on the submitted and approved school calendar, and/or required by the IEP (developed by the LEA) for each student. CONTRACTOR shall not be allowed to change its school calendar and/or amend the number of billable days without the prior written approval of the LEA. CONTRACTOR must submit any calendar changes to LEA in writing at least ten (10) business days prior to proposed change in order to be eligible for payment based upon the new calendar, if approved. Nothing in this Master Contract shall be interpreted to require the LEA to accept any requests for calendar changes.

Unless otherwise specified by the student's IEP or ISA, educational services shall occur at the school site. A student shall only be eligible for extended school year services as determined by the IEP team and the provision of such is specifically included in the ISA. Extended school year shall consist of twenty (20) instructional days, unless otherwise agreed upon by the IEP team convened by the LEA. Any days of

Powered by BoardOnTrack

extended school year in excess of twenty (20) billable days must be mutually agreed to, in writing, prior to the start of the extended school year.

Student must have actually been in attendance during the regular school year and/or during extended school year and received services on a billable day of attendance in order for CONTRACTOR to be eligible for payment. It is specifically understood that services may not be provided on weekends/holidays and other times when school is not in session, unless agreed to by the LEA, in writing, in advance of the delivery of any NPS service. Any instructional days provided without this written agreement shall be at the sole financial responsibility of the CONTRACTOR.

CONTRACTOR shall observe the same legal holidays as LEA. Those holidays are Labor Day, Veteran's Day, Thanksgiving Day, Christmas Day, New Year's Day, Martin Luther King Jr. Day, President's Day, Memorial Day, Juneteenth, and Independence Day. With the approval of LEA, CONTRACTOR may revise the date upon which CONTRACTOR closes in observance of any of the holidays observed by the LEA.

CONTRACTOR herein agrees to observe holidays as specified in the LEA-developed/approved calendar. CONTRACTOR shall provide services pursuant to the LEA-developed/approved calendar; or as specified in the LEA student's IEP and ISA. Unless otherwise specified in the LEA student's ISA, CONTRACTOR shall provide related services to LEA students on only those days that the LEA student's school of attendance is in session and the LEA student attends school. CONTRACTOR shall bill only for services provided on billable days of attendance as indicated on the LEA calendar unless CONTRACTOR and the LEA agree otherwise, in writing. Student must have actually been in attendance and/or received services on a billable day of attendance in order for CONTRACTOR to be eligible for payment. It is specifically understood that services may not be provided on weekends/holidays and other times when school is not in session, unless agreed to by the LEA, in writing, in advance of the delivery of any NPA service provided by CONTRACTOR. Any instructional days provided without this written agreement shall be at the sole financial responsibility of the CONTRACTOR.

26. DATA REPORTING AND TRAINING

CONTRACTOR shall agree to provide to the LEA all data related to student information and billing information with LEA. CONTRACTOR shall agree to provide data related to all sections of this contract, including student discipline as noted below, and requested by and in the format required by the LEA. It is understood that all NPS/A shall utilize the LEA approved electronic IEP system for all IEP development, service tracking documentation, and progress reporting, unless otherwise agreed to by the LEA. Additional progress reporting may be required by the LEA. The LEA shall provide the CONTRACTOR with appropriate user training and proper permissions to allow adequate access.

CONTRACTOR shall complete all LEA-specific trainings, orientations, and onboarding requirements designated by the LEA prior to commencing services. Completion of such trainings does not constitute billable service hours unless otherwise agreed to in writing by the LEA. CONTRACTOR shall complete any and all LEA required trainings prior to beginning work with students. CONTRACTOR shall document all session attendance in the LEA's approved electronic IEP system no later than the conclusion of each workday during which services are provided.

Using forms developed by the CDE or as otherwise mutually agreed upon by CONTRACTOR and LEA, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Code sections 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code sections 48900 and 48915.

The LEA shall provide the CONTRACTOR with approved forms and/or format for such data including, but not limited to, invoicing, attendance reports and progress reports. The LEA may approve use of CONTRACTOR'S provided forms at their discretion.

27. LEAST RESTRICTIVE ENVIRONMENT/DUAL ENROLLMENT

CONTRACTOR and LEA shall follow all LEA policies and procedures that support Least Restrictive Environment ("LRE") options and/or dual enrollment options if available and appropriate, for students to have access to the general curriculum and to be educated with their nondisabled peers to the maximum extent appropriate.

CONTRACTOR and LEA shall ensure that LRE placement options are addressed at all IEP team meetings regarding students for whom ISAs have been or may be executed. This shall include IEP team consideration of supplementary aids and services, goals and objectives necessary for placement in the LRE and necessary to enable students to transition to less restrictive settings.

When an IEP team has determined that a student should be transitioned into the public school setting, CONTRACTOR shall assist the LEA in implementing the IEP team's recommended activities to support the transition.

28. STATEWIDE ACHIEVEMENT TESTING

When CONTRACTOR is a NPS, per implementation of Senate Bill 484, CONTRACTOR shall administer all statewide assessments within the California Assessment of Student Performance and Progress ("CAASPP"), Desired Results Developmental Profile ("DRDP"), California Alternative Assessment ("CAA"), achievement and abilities tests (using LEA-authorized assessment instruments), the Fitness Gram, , the English Language Proficiency Assessments for California ("ELPAC"), the Alternative English Language Proficiency Assessments for California ("Alternative ELPAC"), and as appropriate to the student, and mandated by LEA pursuant to LEA and state and federal guidelines.

CONTRACTOR is subject to the alternative accountability system developed pursuant to Education Code section 52052, in the same manner as public schools. Each LEA student placed with CONTRACTOR by the LEA shall be tested by qualified staff of CONTRACTOR in accordance with that accountability program. LEA shall provide test administration training to CONTRACTOR'S qualified staff. CONTRACTOR shall attend LEA test training and comply with completion of all coding requirements as required by LEA.

29. MANDATED ATTENDANCE AT LEA MEETINGS

CONTRACTOR shall attend District mandated meetings when legal mandates, and/or LEA policy and procedures are reviewed, including but not limited to the areas of: curriculum, high school graduation, standards-based instruction, behavior intervention, cultural and linguistic needs of students with disabilities, dual enrollment responsibilities, LRE responsibilities, transition services, data collection, and standardized testing and IEPs. LEA shall provide CONTRACTOR with reasonable notice of mandated meetings. Attendance at such meetings does not constitute a billable service hour(s).

30. POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORTS

CONTRACTOR shall comply with the requirements of Education Code sections 49000, *et seq.,* 49005, *et seq*., 56521.1 and 56521.2. LEA students who exhibit behaviors that interfere with their learning or the learning of others must receive timely and appropriate assessments and positive supports and interventions in accordance with state and federal law and implementing regulations. If the IEP team determines that a student's behavior impedes the individual learning or the learning of others, the IEP team is required to consider the use of positive behavioral interventions and supports, and other strategies, to address that

behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations. This could mean that instead of developing a Behavior Intervention Plan ("BIP"), the IEP team may conclude it is sufficient to address the student's behavioral problems through the development of behavioral goals and behavioral interventions to support those goals.

CONTRACTOR shall maintain a written policy pursuant to California Education Code section 56521.1 regarding emergency interventions and behavioral emergency reports. CONTRACTOR shall ensure that all of its staff members are trained in crisis intervention, emergency procedures, and evidenced-based practices and interventions specific to the unique behavioral needs of the CONTRACTOR's pupil population. The training shall be provided within 30 days of employment to new staff who have any contact or interaction with pupils during the school day, and annually to all staff who have any contact or interaction with pupils during the school day. The CONTRACTOR shall select and conduct the training in accordance with California Education Code section 56366.1. CONTRACTOR shall maintain written records of the training and provide written verification of the training annually and upon request.

Emergency interventions are those interventions used with a student during the time they present a serious, dangerous behavior that staff has determined to be present a clear and present danger to self or others, which requires a non-violent physical intervention to protect the safety of student, self, or others that cannot be prevented by use of a less restrictive technique. Pursuant to Education Code section 56521.1, emergency interventions shall not be used as a substitute for a BIP, and shall not be employed longer than necessary to contain the behavior. Emergency interventions may only be used to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the individual with exceptional needs, or others, and that cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior. If a situation requires prolonged use of emergency intervention, staff must seek assistance from the school site administrator or a law enforcement agency.

CONTRACTOR shall complete a behavior emergency report when an emergency intervention is used ; or when a physical intervention has not been used, but an injury or serious property damage has occurred. Personal Safety Techniques may or may not have been used. A behavior emergency report form must be completed and submitted to the LEA within twenty-four (24) hours for administrative action. CONTRACTOR shall also notify Parent within twenty-four (24) hours via telephone. If the student's IEP does not contain a BIP, CONTRACTOR shall schedule with LEA an IEP meeting within two (2) days to review the behavior emergency report, determine if there is a necessity for a functional behavioral assessment, and to determine an interim plan. If applicable, the IEP team shall document the reasons for not conducting the functional behavioral assessment, not developing an interim plan, or both. If the student already has a BIP, and the incident involved a previously unseen or new serious behavior, or if preexisting behavioral interventions in the BIP were ineffective, CONTRACTOR shall schedule with LEA an IEP meeting to review and determine the need to modify the BIP.

Pursuant to Education Code section 56521.2, CONTRACTOR shall not authorize, order, consent to, or pay for the following interventions, or any other interventions similar to or like the following:

1. any intervention that is designed to, or likely to, cause physical pain, including, but not limited to, electric-shock;
2. an intervention that involves the release of noxious, toxic, or otherwise unpleasant sprays, mists, or substances in proximity to the face of the individual;
3. an intervention that denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities;
4. an intervention that is designed to subject, used to subject, or likely to subject, the individual to verbal abuse, ridicule, or humiliation, or that can be expected to cause excessive emotional trauma;
5. restrictive interventions that employ a device, material, or objects that simultaneously immobilize all four extremities;
6. prone restraint;
7. locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room;
8. an intervention that precludes adequate supervision of the individual;

9. an intervention that deprives the individual of one or more of the individual's senses.

CONTRACTOR shall comply with Education Code sections 49005.8, 56521.1 and 56521.2. Specifically, Contractor shall not do any of the following:

1. Use seclusion or a behavioral restraint for the purpose of coercion, discipline, convenience, or retaliation.
2. Use locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room.
3. Use a physical restraint technique that obstructs a pupil's respiratory airway or impairs the pupil's breathing or respiratory capacity, including techniques in which a staff member places pressure on a pupil's back or places the staff member's body weight against the pupil's torso or back.
4. Use a behavioral restraint technique that restricts breathing, including, but not limited to, using a pillow, blanket, carpet, mat, or other item to cover a pupil's face.
5. Use prone restraint, including but not limited to prone containment.
6. Use a behavioral restraint for longer than is necessary to contain the behavior that poses a clear and present danger of serious physical harm to the pupil or others.

CONTRACTOR shall keep constant, direct observation of a pupil who is in seclusion, which may be through observation of the pupil through a window, or another barrier, through which the educational provider is able to make direct eye contact with the pupil. This observation shall not be through indirect means, including through a security camera or a closed-circuit television.

CONTRACTOR shall afford pupils who are restrained the least restrictive alternative and the maximum freedom of movement, and shall use the least number of restraint points, while ensuring the physical safety of the pupil and others.

In the case of a child whose behavior impedes the child's learning or that of others, the IEP team shall consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations.

All restraint practices must be reviewed and revised when they have an adverse effect on a student and are used repeatedly for an individual child, either on multiple occasions within the same classroom or multiple uses by the same individual. CONTRACTOR shall notify the student's parent/guardian when any type of physical or mechanical restraint or seclusion has been used. Upon the use of any type of physical or mechanical restraint or seclusions of an LEA student, CONTRACTOR shall complete a BER per the reporting and notification requirements listed above.

31. STUDENT DISCIPLINE

CONTRACTOR shall maintain and abide by a written policy for student discipline that is consistent with state and federal law and regulations. Using forms developed by the California Department of Education or as otherwise mutually agreed upon by CONTRACTOR and LEA, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Codes 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code Sections 48900 and 48915.

When CONTRACTOR seeks to remove a student from his/her current educational placement for disciplinary reasons, CONTRACTOR shall immediately submit a written discipline report to the LEA. Written discipline reports shall include, but not be limited to: the student's name; the time, date, and description of the misconduct; the disciplinary action taken by CONTRACTOR; and the rationale for such disciplinary action. A copy of the student's behavior plan, if any, shall be submitted with the written discipline report. CONTRACTOR and LEA agree to participate in a manifestation determination at an IEP meeting no later than the tenth (10^{th}) day of suspension

32. IEP TEAM MEETINGS

An IEP team meeting shall be convened at least annually to evaluate: (1) the educational progress of each student placed with CONTRACTOR, including all state assessment results pursuant to the requirements of Education Code section 52052; (2) whether or not the needs of the student continue to be best met at the NPS; and (3) whether changes to the student's IEP are necessary, including whether the student may be transitioned to a public school setting. (California Education Code sections 56366 (a) (2) (B) (i) and (ii)) and pursuant to California Education Code section 56345 (b) (4).)

When a student dis-enrolls from the NPS/NPA, the NPS/NPA and LEA shall discontinue use of the approved system for that student.

Changes in any student's educational program, including instruction, services, or instructional setting provided under this Master Contract, may only be made on the basis of revisions to the student's IEP. In the event that the CONTRACTOR believes the student requires a change of placement, the CONTRACTOR may request a review of the student's IEP for the purposes of consideration of a change in the student's placement. Student is entitled to remain in the last agreed upon and implemented placement unless parent agrees otherwise or an Interim Alternative Educational Setting is deemed lawful and appropriate by LEA or OAH consistent with Section 1415 (k)(1)(7) of Title 20 of the United States Code.

If the individualized education program team determines that the pupil would benefit from the postponement of the inclusion of appropriate measurable postsecondary goals and transition services until 16 years of age, rather than when the pupil begins their high school experience, the individualized education program team shall appropriately justify the basis for that postponement. CONTRACTOR shall assure that the nonpublic school or nonpublic agency has the necessary financial resources to provide an appropriate education for the students enrolled and will distribute those resources in such a manner to implement the IEP and ISA for each and every student.

CONTRACTOR shall comply with all LEA procedures concerning enrollment, contracting, attendance reporting, service tracking and billing including requirements of electronic billing as specified by the LEA Procedures, as well as provide all such records requested by LEA concerning the same. CONTRACTOR shall be paid for the provision of special education and/or related services specified in the student's IEP and ISA. All payments by LEA shall be made in accordance with the terms and conditions of this Master Contract and governed by all applicable federal and state laws.

CONTRACTOR shall maintain separate registers for the basic education program, each related service, and services provided by instructional assistants, behavior intervention aides and bus aides. Original attendance forms (i.e., roll books for the basic education program, service tracking documents and notes for instructional assistants, behavioral intervention aides, bus aides, and each related service) shall be completed by the actual service provider whose signature shall appear on such forms and shall be available for review, inspection, or audit by LEA during the effective period of this contract and for a

period of five (5) years thereafter. CONTRACTOR shall verify the accuracy of minutes of reported attendance that is the basis of services being billed for payment.

CONTRACTOR shall submit invoices and related documents to LEA for payment, for each calendar month when education or related services were provided. Invoices and related documents shall be properly submitted electronically and in addition, on an LEA form with signatures in the manner prescribed by LEA. At a minimum, each invoice must contain the following information: month of service; specific days and times of services coordinated by the LEA approved calendar unless otherwise specified in the IEP or agreed to by the LEA; name of staff who provided the service; approved cost of each invoice; total for each service and total for the monthly invoice; date invoice was mailed; signature of NPS/NPA administrator authorizing that the information is accurate and consistent with the ISA, CDE certificates and staff notification; verification that attendance report is attached as appropriate; indication of any made-up session consistent with this contract; verification that progress reports have been provided consistent with the ISA (monthly or quarterly unless specified otherwise on the ISA); and name or initials of each student for when the service was provided.

In the event services were not provided, rationale for why the services were not provided shall be included.

Such an invoice is subject to all conditions of this contract. At the discretion of the LEA, an electronic invoice may be required provided such notice has been made in writing and training provided to the CONTRACTOR at no additional charge for such training.

Invoices shall be submitted no later than thirty (30) days after the end of the attendance accounting period in which the services were rendered. LEA shall make payment to CONTRACTOR based on the number of billable days of attendance and hours of service at rates specified in this contract within forty-five (45) days of LEA's receipt of properly submitted hard copy of invoices prepared and submitted as specified in California Education Code Section 56366.5 and the LEA. CONTRACTOR shall correct deficiencies and submit rebilling invoices no later than thirty (30) calendar days after the invoice is returned by LEA. LEA shall pay properly submitted re-billing invoices no later than forty-five (45) days after the date a completely corrected re-billing invoice is received by LEA.

In no case shall initial payment claim submission for any Master Contract fiscal year (July through June) extend beyond December 31st after the close of the fiscal year. In no case shall any rebilling for the Master Contract fiscal year (July through June) extend beyond six (6) months after the close of the fiscal year unless approved by the LEA to resolve billing issues including re-billing issues directly related to a delay in obtaining information from the Commission on Teacher Credentialing regarding teacher qualification, but no later than twelve (12) months from the close of the fiscal year. If the billing or re-billing error is the responsibility of the LEA, then no limit is set provided that the LEA and CONTRACTOR have communicated such concerns in writing during the 12-month period following the close of the fiscal year. LEA will not pay mileage for NPA employees unless agreed upon.

57. RIGHT TO WITHHOLD PAYMENT

LEA may withhold payment to CONTRACTOR when: (a) CONTRACTOR has failed to perform, in whole or in part, under the terms of this contract; (b) CONTRACTOR has billed for services rendered on days other than billable days of attendance or for days when student was not in attendance and/or did not receive services; (c) CONTRACTOR was overpaid by LEA as determined by inspection, review, and/or audit of its program, work, and/or records; (d) CONTRACTOR has failed to provide supporting documentation with an invoice, as required by EC 56366(c)(2); (e) education and/or related services are provided to students by personnel who are not appropriately credentialed, licensed, or otherwise qualified; (f) LEA has not received prior to school closure or contract termination, all documents concerning one or more students enrolled in CONTRACTOR's educational program; (g) CONTRACTOR fails to confirm a student's change of residence to another district or confirms the change of residence to another district, but fails to notify LEA within five (5) days of such confirmation; or (h) CONTRACTOR receives payment from Medi-Cal or from any other agency or funding source for a service provided to a student. It is understood

that no payments shall be made for any invoices that are not received by six (6) months following the close of the prior fiscal year, for services provided in that year.

Final payment to CONTRACTOR in connection with the cessation of operations and/or termination of a Master Contract will be subject to the same documentation standards described for all payment claims for regular ongoing operations. In addition, final payment may be withheld by the LEA until completion of a review or audit, if deemed necessary by the LEA. Such review or audit will be completed within ninety (90) days. The final payment may be adjusted to offset any previous payments to the CONTRACTOR determined to have been paid in error or in anticipation of correction of documentation deficiencies by the CONTRACTOR that remain uncorrected.

The amount which may be withheld by LEA with respect to each of the subparagraphs of the preceding paragraph are as follows: (a) the value of the service CONTRACTOR failed to perform; (b) the amount of overpayment; (c) the portion of the invoice for which satisfactory documentation has not been provided by CONTRACTOR; (d) the amount invoiced for services provided by the individual not appropriately credentialed, licensed, or otherwise qualified; (e) the proportionate amount of the invoice related to the applicable pupil for the time period from the date the violation occurred and until the violation is cured; or (f) the amount paid to CONTRACTOR by Medi-Cal or another agency or funding source for the service provided to the student.

If LEA determines that cause exists to withhold payment to CONTRACTOR, LEA shall, within ten (10) business days of this determination, provide to CONTRACTOR written notice that LEA is withholding payment. Such notice shall specify the basis or bases for LEA's withholding payment and the amount to be withheld. Within thirty (30) days from the date of receipt of such notice, CONTRACTOR shall take all necessary and appropriate action to correct the deficiencies that form the basis for LEA's withholding payment or submit a written request for extension of time to correct the deficiencies or submit to LEA written documentation demonstrating that the basis or bases cited by the LEA for withholding payment is unfounded. Upon receipt of CONTRACTOR's written request showing good cause, LEA shall extend CONTRACTOR's time to correct deficiencies (usually an additional thirty (30) days), otherwise payment will be denied.

If after subsequent request for payment has been denied and CONTRACTOR believes that payment should not be withheld, CONTRACTOR shall send written notice to LEA specifying the reason it believes payment should not be withheld. LEA shall respond to CONTRACTOR's notice within thirty (30) business days by indicating that a warrant for the amount of payment will be made or stating the reason LEA believes payment should not be made. If LEA fails to respond within thirty (30) business days or a dispute regarding the withholding of payment continues after the LEA's response to CONTRACTOR's notice, CONTRACTOR may invoke the following escalation policy.

After forty-five (45) business days: The CONTRACTOR may notify the Authorized LEA's Representative of the dispute in writing. The LEA Authorized Representative shall respond to the CONTRACTOR in writing within fifteen (15) business days.

After sixty (60) business days: The LEA or CONTRACTOR may appeal to the County Superintendent of Schools so long as the County Superintendent of Schools is not participating in the Local Plan involved in the NPS/A contract, or a mutually agreed upon mediator. Both parties agree to pay for their own costs and expenses arising out of such mediation. Each party agrees to act in good faith in participating in any mediation process agreed to by the parties.

58. PAYMENT FROM OUTSIDE AGENCIES

CONTRACTOR shall notify LEA when Medi-Cal or any other agency is billed for the costs associated with the provision of special education and/or related services to students. Upon request, CONTRACTOR shall provide to LEA any and all documentation regarding reports, billing, and/or payment by Medi-Cal or any other agency for the costs associated with the provision of special education and/or related services to students. CONTRACTOR shall provide prior written notice of the rights and protections required by Title

34 of the Code of Federal Regulations section 300.154(d) whenever it seeks to use the LEA students' public benefits to pay for special education and related services. Such notice shall be provided before seeking payment from Medi-Cal for the first time and annually.

CONTRACTOR shall provide to LEA documentation of substitute coverage pursuant to the LEA Procedures. Substitute teachers shall remain with their assigned class during all instructional time. LEA will not pay for instruction and/or services unless said instruction or service is provided by an appropriately credentialed substitute teacher.

Whenever a related service provider is absent, CONTRACTOR shall provide a qualified (as defined in Section 7 of this agreement and as determined by LEA) substitute. LEA will not pay for services unless a qualified substitute is provided and/or CONTRACTOR provides documentation evidencing the provision of "make-up" services by a qualified service provider within thirty (30) calendar days from the date on which the services should have been provided unless otherwise agreed in student's IEP.

LEA shall not pay for services provided on days that a student's attendance does not qualify for Average Daily Attendance (ADA) reimbursement under state law. *Per Diem* rates for students whose IEPs authorize less than a full instructional day may be adjusted on a pro rata basis in accordance with the actual proportion of the school day the student was served. LEA shall not be responsible for payment of related services for days on which a student's attendance does not qualify for Average Daily Attendance ("ADA") reimbursement under state law, nor shall student be eligible for make-up services.

NONPUBLIC AGENCY STAFF ABSENCE

When CONTRACTOR is a nonpublic agency and CONTRACTOR's service provider is absent, CONTRACTOR shall provide a qualified (as defined in Section 7 of this agreement and as determined by LEA) substitute, unless LEA provides appropriate coverage in lieu of CONTRACTOR's service providers. LEA shall not pay for services unless a qualified substitute is provided and/or CONTRACTOR provides documentation evidencing the provision of "make-up" services by a qualified service provider within thirty (30) calendar days from the date on which the services should have been provided. CONTRACTOR shall not "bank" or "carry over" make up service hours under any circumstances, unless otherwise agreed to in writing by CONTRACTOR and LEA. In the event services were not provided, reasons for why the services were not provided shall be included.

NONPUBLIC AGENCY STUDENT ABSENCE

If CONTRACTOR is a nonpublic agency, it shall notify LEA of the absence of a student no later than the third (3rd consecutive or cumulative service day of the student's absence. LEA shall not be responsible for the payment of services when a student is absent.

60. LEA and/or NONPUBLIC SCHOOL CLOSURE DUE TO EMERGENCY

The following shall apply in the event of a LEA or NPS school closure due to an emergency consistent with guidelines followed by LEAs in accordance with Education Code sections 41422 and 46392:

b. NPS School Closure- In the event of a NPS School Closure for the reasons set forth in Education Code section 41422, if the LEA is able to obtain alternative placement for the student, CONTRACTOR shall not receive payment for days the student is not in attendance due to CONTRACTOR'S school closure. If the LEA is unable to obtain an alternative placement, CONTRACTOR shall receive payment consistent with the student's approved ISA, as though the student were continuing their regular attendance, until an alternative placement can be found and CONTRACTOR shall implement LEA student's IEP in accordance with Education Code section 56345(a)(9) pertaining to emergency conditions.

c. LEA and NPS School Closure- In the event of the LEA and NPS School Closures, on days the LEA is funded, CONTRACTOR shall receive payment consistent with the student's approved ISA, until an alternative placement can be found and CONTRACTOR shall implement LEA student's IEP in accordance with Education Code section 56345(a)(9) pertaining to emergency conditions. If the LEA is able to obtain alternative placement for the student, CONTRACTOR shall not receive payment for days the student is not in attendance with CONTRACTOR due to CONTRACTOR'S school closure.

When the emergency school closure is lifted, CONTRACTOR shall notify the LEAs it serves of any lost instructional minutes. CONTRACTOR and LEAs shall work collaboratively to determine the need for make-up days or service changes, and shall work together to amend IEP and ISA paperwork as appropriate.

All records shall be provided to LEA within five (5) working days of a written request from LEA. CONTRACTOR shall, at no cost to LEA, provide assistance for such examination or audit. LEA's rights under this section shall also include access to CONTRACTOR's offices for purposes of interviewing CONTRACTOR's employees. If any document or evidence is stored in an electronic form, a hard copy shall be made available to the LEA, unless the LEA agrees to the use of the electronic format.

CONTRACTOR shall obtain from its subcontractors and suppliers written agreements to the requirements of this section and shall provide a copy of such agreements to LEA upon request by LEA.

If an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm determines that CONTRACTOR owes LEA monies as a result of CONTRACTOR's over billing or failure to perform, in whole or in part, any of its obligations under this Master Contract, LEA shall provide to CONTRACTOR written notice demanding payment from CONTRACTOR and specifying the basis or bases for such demand. Unless CONTRACTOR and LEA otherwise agree in writing, CONTRACTOR shall pay to LEA the full amount owed as a result of CONTRACTOR's over billing and/or failure to perform, in whole or in part, any of its obligations under this Master Contract, as determined by an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm. CONTRACTOR shall make such payment to LEA within thirty (30) days of receipt of LEA's written notice demanding payment.

62. RATE SCHEDULE

The attached rate schedule (Exhibit A) limits the number of students that may be enrolled and maximum dollar amount of the contract. It may also limit the maximum number of students that can be provided specific services. GENERAL PROVISIONS

1. MASTER CONTRACT

This Master Contract (or "Contract") is entered into on **October 6, 2026**, between **California Online Public Schools which includes California Online Public Schools Central Coast, California Online Public Schools Central Valley, California Online Public Schools Monterey Bay, California Online Public Schools North Bay, California Online Public Schools Northern California, and California Online Public Schools Southern California**, hereinafter referred to as the local educational agency ("LEA"), a member of the **El Dorado** SELPA and

DV Therapy Inc

(nonpublic, nonsectarian school or agency), hereinafter referred to as NPS/A or "CONTRACTOR" for the purpose of providing special education and/or related services to students with exceptional needs under the authorization of California Education Code sections 56157, 56361 and 56365 *et seq*. and Title 5 of the California Code of Regulations section 3000 *et seq*., AB 490 (Chapter 862, Statutes of 2003) and AB 1858 (Chapter 914, Statutes of 2004). It is understood that this agreement does not commit the LEA to pay for special education and/or related services provided to any student, or CONTRACTOR to provide such special education and/or related services, unless and until an authorized LEA representative approves the provision of special education and/or related services by CONTRACTOR.

Upon acceptance of a student, LEA shall submit to CONTRACTOR an Individual Service Agreement (hereinafter referred to as "ISA"). Unless otherwise agreed in writing, these forms shall acknowledge CONTRACTOR's obligation to provide all relevant services specified in the student's Individualized Education Program (hereinafter referred to as "IEP"). The ISA shall be executed within ninety (90) days of a student's enrollment. LEA and CONTRACTOR shall enter into an ISA for each student served by CONTRACTOR. As available and appropriate, the LEA shall make available access to any electronic IEP system and/or electronic database for the development of the ISA and invoices.

Unless placement and/or services is made pursuant to an Office of Administrative Hearings (hereinafter referred to as "OAH") order, a lawfully executed settlement agreement between LEA and parent or authorized by LEA for a transfer student pursuant to California Education Code section 56325, LEA is not responsible for the costs associated with NPS placement or NPS/A services until the date on which an IEP team meeting is convened, the IEP team determines that a NPS placement is appropriate, and the IEP is signed by the student's parent.

2. CERTIFICATION AND LICENSES

CONTRACTOR shall be certified by the California Department of Education (hereinafter referred to as "CDE") as a NPS/A. All NPS/A services shall be provided consistent with the area of certification and licensure specified by CDE Certification and as defined in California Education Code, section 56366 et seq

and within the professional scope of practice of each provider's license, certification, and/or credential. A current copy of CONTRACTOR's NPS/A certification or a waiver of such certification issued by the CDE pursuant to Education Code section 56366.2 must be provided to LEA on or before the date this Agreement is executed by CONTRACTOR. This Master Contract shall be null and void if such certification or waiver is expired, revoked, rescinded, or otherwise nullified during the effective period of this Master Contract.

Total student enrollment shall be limited to capacity as stated on CDE certification and in Section 24 of the Master Contract.

In addition to meeting the certification requirements of the State of California, a CONTRACTOR that operates a program outside of this State shall be certified and all staff persons providing services to pupils shall be certified and/or licensed by that state to provide, respectively, special education and related services and designated instruction and related services to pupils under the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.).

If CONTRACTOR is a licensed children's institution (hereinafter referred to as "LCI"), CONTRACTOR shall be licensed by the state, or other public agency having delegated authority by contract with the state to license, to provide nonmedical care room and board to children, including, but not limited to, individuals with exceptional needs. The LCI must also comply with all licensing requirements relevant to the protection of the child, and have a special permit, if necessary, to meet the needs of each child so placed. If the CONTRACTOR operates a program outside of this State, CONTRACTOR must obtain all required licenses from the appropriate licensing agency in both California and in the state where the LCI is located.

With respect to CONTRACTOR's certification, failure to notify the LEA and CDE in writing of any changes in: (1) credentialed/licensed staff; (2) ownership; (3) management and/or control of the agency; (4) major modification or relocation of facilities; or (5) significant modification of the program may result in the suspension or revocation of CDE certification and/or suspension or termination of this Master Contract by the LEA.

3. COMPLIANCE WITH LAWS, STATUTES, REGULATIONS

During the term of this Master Contract, unless otherwise agreed, CONTRACTOR shall comply with all applicable federal, state, and local statutes, laws, ordinances, rules, policies and regulations. CONTRACTOR shall also comply with all applicable LEA policies and procedures unless, taking into consideration all of the surrounding facts and circumstances, a policy or policies or a portion of a policy does not reasonably apply to CONTRACTOR. CONTRACTOR hereby acknowledges and agrees that it accepts all risks and responsibilities for its failure to comply with LEA policies and shall indemnify LEA under the provisions of Section 16 of this Agreement for all liability, loss, damage and expense (including reasonable attorneys' fees) resulting from or arising out of CONTRACTOR's failure to comply with applicable LEA policies (e.g., those policies relating to; the provision of special education and/or related services, facilities for individuals with exceptional needs, student enrollment and transfer, student inactive status, corporal punishment, student discipline, and positive behavior interventions).

CONTRACTOR acknowledges and understands that LEA may report to the CDE any violations of the provisions of this Master Contract; and that this may result in the suspension and/or revocation of CDE nonpublic school/agency certification pursuant to California Education Code section 56366.4(a).

4. TERM OF MASTER CONTRACT

The term of this Master Contract shall be from July 1, 2026 to June 30, 2027 (Title 5 California Code of Regulations section 3062(a)) unless otherwise stated. Neither the CONTRACTOR nor the LEA is required to renew this Master Contract in subsequent contract years. The parties acknowledge that any subsequent Master Contract is to be re-negotiated prior to June 30, 2026 (Title 5 California Code of Regulations section 3062(d)). In the event the contract negotiations are not agreed to by June 30th, the most recently executed

Master Contract will remain in effect for 90 days (Education Code 56366(c)(1)). If, after 60 days the Master Contract or individual services agreement has not been finalized, as prescribed in paragraph (1) of subdivision (a), either party may appeal to the county superintendent of schools, if the county superintendent of schools is not participating in the local plan involved in the nonpublic, nonsectarian school or agency contract; or the Superintendent, if the county superintendent of schools is participating in the local plan involved in the contract, to negotiate the contract. Within 30 days of receipt of this appeal, the county superintendent of schools or the Superintendent, or the individual designee, shall mediate the formulation of a contract, which shall be binding upon both parties (Education Code 56366 (c) (2)). No Master Contract will be offered unless and until all of the contracting requirements have been satisfied. The offer of a Master Contract to a CONTRACTOR is at the sole discretion of the LEA.

The provisions of this Master Contract apply to CONTRACTOR and any of its employees or independent contractors. Notice of any change in CONTRACTOR's ownership or authorized representative shall be provided in writing to LEA within thirty (30) calendar days of change of ownership or change of authorized representative.

CONTRACTOR shall provide the LEA with information as requested in writing to secure a Master Contract or a renewal.

At a minimum, such information shall include copies of current teacher credentials and clearance, insurance documentation and CDE certification. The LEA may require additional information as applicable. If the application packet is not completed and returned to District, no Master Contract will be issued. If CONTRACTOR does not return the Master Contract to LEA duly signed by an authorized representative within ninety (90) calendar days of issuance by LEA, the new contract rates will not take effect until the newly executed Master Contract is received by LEA and will not be retroactive to the first day of the new Master Contract's effective date. If CONTRACTOR fails to execute the new Master Contract within such ninety-day period, all payments shall cease until such time as the new Master Contract for the current school year is signed and returned to LEA by CONTRACTOR. (California Education Code section 56366(c)(1) and (2)). In the event that this Master Contract expires or terminates, CONTRACTOR shall continue to be bound to all of the terms and conditions of the most recent executed Master Contract between CONTRACTOR and LEA for so long as CONTRACTOR is servicing authorized students at the discretion of the LEA

An ISA shall only be issued for students enrolled with the approval of the LEA pursuant to Education Code section 56366 (a)(2)(A). In the event that this Master Contract expires or terminates, CONTRACTOR, shall continue to be bound to all of the terms and conditions of the most recent executed ISAs between CONTRACTOR and LEA for so long as CONTRACTOR is servicing authorized students.

Any and all changes to a student's educational placement/program provided under this Master Contract and/or an ISA shall be made solely on the basis of a revision to the student's IEP or by written agreement between the parent and LEA. At any time during the term of this Master Contract, a student's parent, CONTRACTOR, or LEA may request a review of a student's IEP subject to all procedural safeguards required by law.

Unless otherwise provided in this Master Contract, the CONTRACTOR shall provide all services specified in the IEP unless the CONTRACTOR and the LEA agree otherwise in the ISA. (California Education Code sections 56366(a) (5) and 3062(e)). In the event the CONTRACTOR is unable to provide a specific service at any time during the life of the ISA, the CONTRACTOR shall notify the LEA in writing within five (5) business days of the last date a service was provided. CONTRACTOR shall provide any and all subsequent compensatory service hours awarded to student as a result of lack of provision of services while student was served by the NPS/A.

If a parent or LEA contests the termination of an ISA by initiating a due process proceeding with the OAH, CONTRACTOR shall abide by the "stay-put" requirement of state and federal law unless the parent agrees otherwise or an Interim Alternative Educational Setting is deemed lawful and appropriate by LEA or OAH consistent with Section 1415 (k)(1)(7) of Title 20 of the United States Code. CONTRACTOR shall adhere to all LEA requirements concerning changes in placement.

Disagreements between LEA and CONTRACTOR concerning the formulation of an ISA or the Master Contract may be appealed to the County Superintendent of Schools of the County where the LEA is located, or the State Superintendent of Public Instruction pursuant to the provisions of California Education Code section 56366(c) (2).

If LEA or CONTRACTOR determines that a change in insurance coverage obligations under this section is necessary, either party may reopen negotiations to modify the insurance obligations.

16. INDEMNIFICATION AND HOLD HARMLESS

To the fullest extent allowed by law, CONTRACTOR shall indemnify and hold LEA and its Board Members, administrators, employees, agents, attorneys, volunteers, and subcontractors ("LEA Indemnities") harmless against all liability, loss, damage and expense (including reasonable attorneys' fees) resulting from or arising out of this Master Contract or its performance, to the extent that such loss, expense, damage or liability was proximately caused by negligence, intentional act, or willful act or omission of CONTRACTOR, including, without limitation, its agents, employees, subcontractors or anyone employed directly or indirectly by it (excluding LEA and LEA Indemnities). The duty and obligation to defend shall arise immediately upon tender of a claim or lawsuit to the CONTRACTOR. The LEA and the Member District(s) shall have the right in their sole discretion to select counsel of its choice to provide the defense at the sole cost of the CONTRACTOR or the applicable insurance carrier.

To the fullest extent allowed by law, LEA shall indemnify and hold CONTRACTOR and its Board Members, administrators, employees, agents, attorneys, and subcontractors ("CONTRACTOR Indemnities") harmless against all liability, loss, damage and expense (including reasonable attorneys' fees)

resulting from or arising out of this Master Contract or its performance thereof, to the extent that such loss, expense, damage or liability was proximately caused by the negligent, intentional act or willful act or omission of LEA, including, without limitation, its agents, employees, subcontractors or anyone employed directly or indirectly by it (excluding CONTRACTOR and/or any CONTRACTOR Indemnities).

LEA represents that it is self-insured in compliance with the laws of the State of California, that the self-insurance covers LEA employees acting within the course and scope of their respective duties and that its self-insurance covers the LEA's indemnification obligations under this Master Contract.

17. INDEPENDENT CONTRACTOR

Nothing herein contained will be construed to imply a joint venture, partnership or principal-agent relationship between the LEA and CONTRACTOR. CONTRACTOR shall provide all services under this Contract as an independent contractor, and neither party shall have the authority to bind or make any commitment on behalf of the other. Nothing contained in this Contract shall be deemed to create any association, partnership, joint venture or relationship of principal and agent, master and servant, or employer and employee between the parties or any affiliates of the parties, or between the LEA and any individual assigned by CONTRACTOR to perform any services for the LEA.

If the LEA is determined to be a partner, joint venture, co-principal, employer or co-employer of CONTRACTOR, CONTRACTOR shall indemnify and hold harmless the LEA from and against any and all claims for loss, liability, or damages arising from that determination, as well as any expenses, costs, taxes, penalties and interest charges incurred by the LEA as a result of that holding.

18. SUBCONTRACTING

CONTRACTOR shall provide written notification to LEA before subcontracting for special education and/or related services pursuant to this Master Contract. In the event LEA determines that it can provide the subcontracted service(s) at a lower rate, LEA may elect to provide such service(s). If LEA elects to provide such service(s), LEA shall provide written notification to CONTRACTOR within five (5) days of receipt of CONTRACTOR's original notice and CONTRACTOR shall not subcontract for said service(s).

CONTRACTOR shall incorporate all of the provisions of this Master Contract in all subcontracts, to the fullest extent reasonably possible. Furthermore, when CONTRACTOR enters into subcontracts for the provision of special education and/or related services (including, but not limited to, transportation) for any student, CONTRACTOR shall cause each subcontractor to procure and maintain insurance during the term of each subcontract. Such subcontractor's insurance shall comply with the provisions of Section 15. Each subcontractor shall furnish the LEA with original endorsements and certificates of insurance effecting coverage required by Section 15. The endorsements are to be signed by a person authorized by that insurer to bind coverage on its behalf. The endorsements are to be on forms as required by the LEA. All endorsements are to be received and approved by the LEA before the subcontractor's work commences. The Commercial General Liability and Automobile Liability policies shall name the LEA/SELPA and the LEA Board of Education as additional insured.

As an alternative to the LEA's forms, a subcontractor's insurer may provide complete, certified copies of all required insurance policies, including endorsements affecting the coverage required by this Master Contract. All Certificates of Insurance must reference the LEA contract number, name of the school or agency submitting the certificate, indication if NPS or NPA, and the location of the school or agency submitting the certificate. In addition, all subcontractors must meet the requirements as contained in Section 44 Clearance Requirements and Section 45 Staff Qualifications of this Master Contract.

19. CONFLICTS OF INTEREST

CONTRACTOR shall provide to LEA upon request a copy of its current bylaws and a current list of its Board of Directors (or Trustees), if it is incorporated. CONTRACTOR and any member of its Board of Directors (or Trustees) shall disclose any relationship with LEA that constitutes or may constitute a conflict

of interest pursuant to California Education Code section 56042 and Government Code Section 1090 including, but not limited to, employment with LEA, provision of private party assessments and/or reports, and attendance at IEP team meetings acting as a student's advocate. Pursuant to California Education code section 56042, an attorney or advocate for a parent of an individual with exceptional needs shall not recommend placement at CONTRACTOR's facility if the attorney or advocate is employed or contracted by the CONTRACTOR, or will receive a benefit from the CONTRACTOR, or otherwise has a conflict of interest.

The LEA shall neither execute an ISA with CONTRACTOR nor amend an existing ISA for a student when a recommendation for special education and/or related services is based in whole or in part on assessment(s) or reports provided by CONTRACTOR to the student without prior written authorization by LEA. This paragraph shall apply to CONTRACTOR regardless of when an assessment is performed or a report is prepared (i.e., before or after the student is enrolled in CONTRACTOR's school/agency) or whether an assessment of the student is performed or a report is prepared in the normal course of the services provided to the student by CONTRACTOR. To avoid conflict of interest, and in order to ensure the appropriateness of an Independent Educational Evaluation (hereinafter referred to as "IEE") and its recommendations, the LEA may not fund an IEE by an evaluator who provides ongoing service(s) or is sought to provide service(s) to the student for whom the IEE is requested. Likewise, the LEA may not fund services through the evaluator whose IEE the LEA agrees to fund. When no other appropriate assessor is available, LEA may request and if CONTRACTOR agrees, the CONTRACTOR may provide an IEE.

CONTRACTOR shall not admit a student living within the jurisdictional boundaries of the LEA on a private pay or tuition free "scholarship" basis and concurrently or subsequently advise/request parent(s) to pursue funding for the admitted school year from the LEA through due process proceedings.

20. NON-DISCRIMINATION

CONTRACTOR shall not, in employment or operation of its programs, unlawfully discriminate on the basis of gender, nationality, national origin, ancestry, race, color, ethnicity, ethnic group affiliation, religion, age, marital status, pregnancy or parental status, sex, sexual orientation, gender, gender identity or expression, physical or mental disability, genetic information or any other classification protected by federal or state law or the perception of one or more of such characteristics or association with a person or group with one or more of these actual or perceived characteristics.

EDUCATIONAL PROGRAM

21. FREE AND APPROPRIATE PUBLIC EDUCATION (FAPE)

The LEA shall provide CONTRACTOR with a copy of the IEP including the Individualized Transition Plan (hereinafter referred to as "ITP") of each student served by CONTRACTOR. CONTRACTOR shall provide special education and/or related services (including transition services) to each student within the NPS/A consistent with the student's IEP and as specified in the ISA. If CONTRACTOR is a NPS, CONTRACTOR shall not accept a student if it cannot provide or ensure the provision of the services outlined in the student's IEP. If student services are provided by a third party (i.e. Related Services Provider), CONTRACTOR shall notify LEA if provision of services cease.

Unless otherwise agreed to between CONTRACTOR and LEA, CONTRACTOR shall be responsible for the provision of all appropriate supplies, equipment, and/or facilities, as specified in the student's IEP and ISA. CONTRACTOR shall make no charge of any kind to parents for special education and/or related services as specified in the student's IEP and ISA (including, but not limited to, screenings, assessments, or interviews that occur prior to or as a condition of the student's enrollment under the terms of this Master Contract). LEA shall provide low incidence equipment for eligible students with low incidence disabilities when specified in the student's IEP and ISA. Such equipment remains the property of the SELPA/LEA and shall be returned to the SELPA/LEA when the IEP team determines the equipment is no longer needed or when the student is no longer enrolled in the NPS. CONTRACTOR shall ensure that

facilities are adequate to provide LEA students with an environment which meets all pertinent health and safety regulations. CONTRACTOR may charge a student's parent(s) for services and/or activities not necessary for the student to receive a free appropriate public education after: (a) written notification to the student's parent(s) of the cost and voluntary nature of the services and/or activities; and (b) receipt by the LEA of the written notification and a written acknowledgment signed by the student's parent(s) of the cost and voluntary nature of the services and/or activities. CONTRACTOR shall adhere to all LEA requirements concerning parent acknowledgment of financial responsibility.

Voluntary services and/or activities not necessary for the student to receive a free appropriate public education shall not interfere with the student's receipt of special education and/or related services as specified in the student's IEP and ISA unless the LEA, CONTRACTOR, and PARENT agree otherwise in writing.

22. GENERAL PROGRAM OF INSTRUCTION

All NPS/A services shall be provided consistent with the area of certification specified by CDE Certification and as defined in California Education Code section 56366 et seq.

Students shall have access to: (a) State Board of Education (SBE) - adopted Common Core State Standards ("CCSS") for curriculum and the same instructional materials for kindergarten and grades 1 to 8, inclusive; and provide standards – aligned core curriculum and instructional materials for grades 9 to 12, inclusive, used by an LEA, that contracts with the NPS: (b) college preparation courses; (c) extracurricular activities, such as art, sports, music and academic clubs; (d) career preparation and vocational training, consistent with transition plans pursuant to state and federal law and; (e) supplemental assistance, including individual academic tutoring, psychological counseling, and career and college counseling.

CONTRACTOR shall not award a high school diploma to students who have not successfully completed all of the LEA's graduation requirements.

When CONTRACTOR is a NPA and/or related services provider, CONTRACTOR's general program of instruction and/or services shall utilize evidence-based practices and be consistent with LEA and CDE guidelines and certification, and provided as specified in the student's IEP and ISA. The NPA providing Behavior Intervention services shall develop a written plan that specifies the nature of their NPA service for each student within thirty (30) days of enrollment and shall be provided in writing to the LEA. School-based services may not be unilaterally converted by CONTRACTOR to a substitute program or provided at a location not specifically authorized by the IEP team. Except for services provided by a CONTRACTOR that is a Licensed Children's Institution (LCI), all services not provided in the school setting require the presence of a parent, guardian or adult caregiver during the delivery of services, provided such guardian or caregiver have a signed authorization by the parent or legal guardian to authorize emergency services as requested. LCI CONTRACTORS shall ensure that appropriate and qualified residential or clinical staff is present during the provision of services under this Master Contract. CONTRACTOR shall immediately notify LEA in writing if no parent, guardian or adult caregiver is present. CONTRACTOR shall provide to LEA a written description of the services and location provided prior to the effective date of this Master Contract. CONTRACTORS providing Behavior Intervention services must have a trained behaviorist or trained equivalent on staff. It is understood that Behavior Intervention services are limited per CDE Certification and do not constitute an instructional program.

When CONTRACTOR is a NPA, CONTRACTOR shall not provide transportation nor subcontract for transportation services for students unless the LEA and CONTRACTOR agree otherwise in writing.

23. INSTRUCTIONAL MINUTES

When CONTRACTOR is a NPS, the total number of instructional minutes per school day provided by CONTRACTOR shall be at least equivalent to the number of instructional minutes per school day provided to students at like grade level attending LEA schools and shall be specified in the student's ISA developed in accordance with the student's IEP.

24. CLASS SIZE

When CONTRACTOR is a NPS, CONTRACTOR shall ensure that class size shall not exceed a ratio of one teacher per twelve (12) students, unless CONTRACTOR and LEA agree otherwise in writing. Upon prior written approval by an authorized LEA representative, class size may be temporarily increased by a ratio of 1 teacher to fourteen (14) students when necessary, during the regular or extended school year to provide services to students with disabilities.

In the event a NPS is unable to fill a vacant teaching position responsible for direct instruction to students, and the vacancy has direct impact on the CDE Certification of that school, the NPS shall develop a plan to ensure appropriate coverage of students by first utilizing existing certificated staff. The NPS and the LEA may agree to one 30 school day period per contract year where class size may be increased to ensure coverage by an appropriately credentialed teacher. Such an agreement shall be in writing and signed by both parties. This provision does not apply to a NPA.

CONTRACTOR providing special education instruction for individuals with exceptional needs between the ages of three and five years, inclusive, shall also comply with the appropriate instructional adult to child ratios pursuant to California Education Code sections 56440 et seq.

25. CALENDARS

When CONTRACTOR is an NPS, CONTRACTOR shall submit to the LEA/SELPA a school year calendar with the total number of billable days not to exceed one hundred and eighty (180) days for the regular school year, plus twenty (20) extended school year billable days or the equivalent number of days as the LEA's extended school year calendar, if different. Billable days shall include only those days that are included on the submitted and approved school calendar, and/or required by the IEP (developed by the LEA) for each student. CONTRACTOR shall not be allowed to change its school calendar and/or amend the number of billable days without the prior written approval of the LEA. CONTRACTOR must submit any calendar changes to LEA in writing at least ten (10) business days prior to proposed change in order to be eligible for payment based upon the new calendar, if approved. Nothing in this Master Contract shall be interpreted to require the LEA to accept any requests for calendar changes.

Unless otherwise specified by the student's IEP or ISA, educational services shall occur at the school site. A student shall only be eligible for extended school year services as determined by the IEP team and the provision of such is specifically included in the ISA. Extended school year shall consist of twenty (20) instructional days, unless otherwise agreed upon by the IEP team convened by the LEA. Any days of

extended school year in excess of twenty (20) billable days must be mutually agreed to, in writing, prior to the start of the extended school year.

Student must have actually been in attendance during the regular school year and/or during extended school year and received services on a billable day of attendance in order for CONTRACTOR to be eligible for payment. It is specifically understood that services may not be provided on weekends/holidays and other times when school is not in session, unless agreed to by the LEA, in writing, in advance of the delivery of any NPS service. Any instructional days provided without this written agreement shall be at the sole financial responsibility of the CONTRACTOR.

CONTRACTOR shall observe the same legal holidays as LEA. Those holidays are Labor Day, Veteran's Day, Thanksgiving Day, Christmas Day, New Year's Day, Martin Luther King Jr. Day, President's Day, Memorial Day, Juneteenth, and Independence Day. With the approval of LEA, CONTRACTOR may revise the date upon which CONTRACTOR closes in observance of any of the holidays observed by the LEA.

When CONTRACTOR is a NPA, CONTRACTOR shall be provided with a LEA-developed/approved calendar prior to the initiation of services. CONTRACTOR herein agrees to observe holidays as specified in the LEA-developed/approved calendar. CONTRACTOR shall provide services pursuant to the LEA-developed/approved calendar; or as specified in the LEA student's IEP and ISA. Unless otherwise specified in the LEA student's ISA, CONTRACTOR shall provide related services to LEA students on only those days that the LEA student's school of attendance is in session and the LEA student attends school. CONTRACTOR shall bill only for services provided on billable days of attendance as indicated on the LEA calendar unless CONTRACTOR and the LEA agree otherwise, in writing. Student must have actually been in attendance and/or received services on a billable day of attendance in order for CONTRACTOR to be eligible for payment. It is specifically understood that services may not be provided on weekends/holidays and other times when school is not in session, unless agreed to by the LEA, in writing, in advance of the delivery of any NPA service provided by CONTRACTOR. Any instructional days provided without this written agreement shall be at the sole financial responsibility of the CONTRACTOR.

26. DATA REPORTING AND TRAINING

CONTRACTOR shall agree to provide to the LEA all data related to student information and billing information with LEA. CONTRACTOR shall agree to provide data related to all sections of this contract, including student discipline as noted below, and requested by and in the format required by the LEA. It is understood that all NPS/A shall utilize the LEA approved electronic IEP system for all IEP development, service tracking documentation, and progress reporting, unless otherwise agreed to by the LEA. Additional progress reporting may be required by the LEA. The LEA shall provide the CONTRACTOR with appropriate user training and proper permissions to allow adequate access.

CONTRACTOR shall complete all LEA-specific trainings, orientations, and onboarding requirements designated by the LEA prior to commencing services. Completion of such trainings does not constitute billable service hours unless otherwise agreed to in writing by the LEA. CONTRACTOR shall complete any and all LEA required trainings prior to beginning work with students. CONTRACTOR shall document all session attendance in the LEA's approved electronic IEP system no later than the conclusion of each workday during which services are provided.

Using forms developed by the CDE or as otherwise mutually agreed upon by CONTRACTOR and LEA, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Code sections 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code sections 48900 and 48915.

The LEA shall provide the CONTRACTOR with approved forms and/or format for such data including, but not limited to, invoicing, attendance reports and progress reports. The LEA may approve use of CONTRACTOR'S provided forms at their discretion.

27. LEAST RESTRICTIVE ENVIRONMENT/DUAL ENROLLMENT

CONTRACTOR and LEA shall follow all LEA policies and procedures that support Least Restrictive Environment ("LRE") options and/or dual enrollment options if available and appropriate, for students to have access to the general curriculum and to be educated with their nondisabled peers to the maximum extent appropriate.

CONTRACTOR and LEA shall ensure that LRE placement options are addressed at all IEP team meetings regarding students for whom ISAs have been or may be executed. This shall include IEP team consideration of supplementary aids and services, goals and objectives necessary for placement in the LRE and necessary to enable students to transition to less restrictive settings.

When an IEP team has determined that a student should be transitioned into the public school setting, CONTRACTOR shall assist the LEA in implementing the IEP team's recommended activities to support the transition.

28. STATEWIDE ACHIEVEMENT TESTING

When CONTRACTOR is a NPS, per implementation of Senate Bill 484, CONTRACTOR shall administer all statewide assessments within the California Assessment of Student Performance and Progress ("CAASPP"), Desired Results Developmental Profile ("DRDP"), California Alternative Assessment ("CAA"), achievement and abilities tests (using LEA-authorized assessment instruments), the Fitness Gram, , the English Language Proficiency Assessments for California ("ELPAC"), the Alternative English Language Proficiency Assessments for California ("Alternative ELPAC"), and as appropriate to the student, and mandated by LEA pursuant to LEA and state and federal guidelines.

CONTRACTOR is subject to the alternative accountability system developed pursuant to Education Code section 52052, in the same manner as public schools. Each LEA student placed with CONTRACTOR by the LEA shall be tested by qualified staff of CONTRACTOR in accordance with that accountability program. LEA shall provide test administration training to CONTRACTOR'S qualified staff. CONTRACTOR shall attend LEA test training and comply with completion of all coding requirements as required by LEA.

29. MANDATED ATTENDANCE AT LEA MEETINGS

CONTRACTOR shall attend District mandated meetings when legal mandates, and/or LEA policy and procedures are reviewed, including but not limited to the areas of: curriculum, high school graduation, standards-based instruction, behavior intervention, cultural and linguistic needs of students with disabilities, dual enrollment responsibilities, LRE responsibilities, transition services, data collection, and standardized testing and IEPs. LEA shall provide CONTRACTOR with reasonable notice of mandated meetings. Attendance at such meetings does not constitute a billable service hour(s).

30. POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORTS

CONTRACTOR shall comply with the requirements of Education Code sections 49000, *et seq.,* 49005, *et seq*., 56521.1 and 56521.2. LEA students who exhibit behaviors that interfere with their learning or the learning of others must receive timely and appropriate assessments and positive supports and interventions in accordance with state and federal law and implementing regulations. If the IEP team determines that a student's behavior impedes the individual learning or the learning of others, the IEP team is required to consider the use of positive behavioral interventions and supports, and other strategies, to address that

behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations. This could mean that instead of developing a Behavior Intervention Plan ("BIP"), the IEP team may conclude it is sufficient to address the student's behavioral problems through the development of behavioral goals and behavioral interventions to support those goals.

CONTRACTOR shall maintain a written policy pursuant to California Education Code section 56521.1 regarding emergency interventions and behavioral emergency reports. CONTRACTOR shall ensure that all of its staff members are trained in crisis intervention, emergency procedures, and evidenced-based practices and interventions specific to the unique behavioral needs of the CONTRACTOR's pupil population. The training shall be provided within 30 days of employment to new staff who have any contact or interaction with pupils during the school day, and annually to all staff who have any contact or interaction with pupils during the school day. The CONTRACTOR shall select and conduct the training in accordance with California Education Code section 56366.1. CONTRACTOR shall maintain written records of the training and provide written verification of the training annually and upon request.

Emergency interventions are those interventions used with a student during the time they present a serious, dangerous behavior that staff has determined to be present a clear and present danger to self or others, which requires a non-violent physical intervention to protect the safety of student, self, or others that cannot be prevented by use of a less restrictive technique. Pursuant to Education Code section 56521.1, emergency interventions shall not be used as a substitute for a BIP, and shall not be employed longer than necessary to contain the behavior. Emergency interventions may only be used to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the individual with exceptional needs, or others, and that cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior. If a situation requires prolonged use of emergency intervention, staff must seek assistance from the school site administrator or a law enforcement agency.

CONTRACTOR shall complete a behavior emergency report when an emergency intervention is used ; or when a physical intervention has not been used, but an injury or serious property damage has occurred. Personal Safety Techniques may or may not have been used. A behavior emergency report form must be completed and submitted to the LEA within twenty-four (24) hours for administrative action. CONTRACTOR shall also notify Parent within twenty-four (24) hours via telephone. If the student's IEP does not contain a BIP, CONTRACTOR shall schedule with LEA an IEP meeting within two (2) days to review the behavior emergency report, determine if there is a necessity for a functional behavioral assessment, and to determine an interim plan. If applicable, the IEP team shall document the reasons for not conducting the functional behavioral assessment, not developing an interim plan, or both. If the student already has a BIP, and the incident involved a previously unseen or new serious behavior, or if preexisting behavioral interventions in the BIP were ineffective, CONTRACTOR shall schedule with LEA an IEP meeting to review and determine the need to modify the BIP.

Pursuant to Education Code section 56521.2, CONTRACTOR shall not authorize, order, consent to, or pay for the following interventions, or any other interventions similar to or like the following:

1. any intervention that is designed to, or likely to, cause physical pain, including, but not limited to, electric-shock;
2. an intervention that involves the release of noxious, toxic, or otherwise unpleasant sprays, mists, or substances in proximity to the face of the individual;
3. an intervention that denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities;
4. an intervention that is designed to subject, used to subject, or likely to subject, the individual to verbal abuse, ridicule, or humiliation, or that can be expected to cause excessive emotional trauma;
5. restrictive interventions that employ a device, material, or objects that simultaneously immobilize all four extremities;
6. prone restraint;
7. locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room;
8. an intervention that precludes adequate supervision of the individual;

9. an intervention that deprives the individual of one or more of the individual's senses.

CONTRACTOR shall comply with Education Code sections 49005.8, 56521.1 and 56521.2. Specifically, Contractor shall not do any of the following:

1. Use seclusion or a behavioral restraint for the purpose of coercion, discipline, convenience, or retaliation.
2. Use locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room.
3. Use a physical restraint technique that obstructs a pupil's respiratory airway or impairs the pupil's breathing or respiratory capacity, including techniques in which a staff member places pressure on a pupil's back or places the staff member's body weight against the pupil's torso or back.
4. Use a behavioral restraint technique that restricts breathing, including, but not limited to, using a pillow, blanket, carpet, mat, or other item to cover a pupil's face.
5. Use prone restraint, including but not limited to prone containment.
6. Use a behavioral restraint for longer than is necessary to contain the behavior that poses a clear and present danger of serious physical harm to the pupil or others.

CONTRACTOR shall keep constant, direct observation of a pupil who is in seclusion, which may be through observation of the pupil through a window, or another barrier, through which the educational provider is able to make direct eye contact with the pupil. This observation shall not be through indirect means, including through a security camera or a closed-circuit television.

CONTRACTOR shall afford pupils who are restrained the least restrictive alternative and the maximum freedom of movement, and shall use the least number of restraint points, while ensuring the physical safety of the pupil and others.

In the case of a child whose behavior impedes the child's learning or that of others, the IEP team shall consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations.

All restraint practices must be reviewed and revised when they have an adverse effect on a student and are used repeatedly for an individual child, either on multiple occasions within the same classroom or multiple uses by the same individual. CONTRACTOR shall notify the student's parent/guardian when any type of physical or mechanical restraint or seclusion has been used. Upon the use of any type of physical or mechanical restraint or seclusions of an LEA student, CONTRACTOR shall complete a BER per the reporting and notification requirements listed above.

31. STUDENT DISCIPLINE

CONTRACTOR shall maintain and abide by a written policy for student discipline that is consistent with state and federal law and regulations. Using forms developed by the California Department of Education or as otherwise mutually agreed upon by CONTRACTOR and LEA, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Codes 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code Sections 48900 and 48915.

When CONTRACTOR seeks to remove a student from his/her current educational placement for disciplinary reasons, CONTRACTOR shall immediately submit a written discipline report to the LEA. Written discipline reports shall include, but not be limited to: the student's name; the time, date, and description of the misconduct; the disciplinary action taken by CONTRACTOR; and the rationale for such disciplinary action. A copy of the student's behavior plan, if any, shall be submitted with the written discipline report. CONTRACTOR and LEA agree to participate in a manifestation determination at an IEP meeting no later than the tenth (10^{th}) day of suspension

32. IEP TEAM MEETINGS

An IEP team meeting shall be convened at least annually to evaluate: (1) the educational progress of each student placed with CONTRACTOR, including all state assessment results pursuant to the requirements of Education Code section 52052; (2) whether or not the needs of the student continue to be best met at the NPS; and (3) whether changes to the student's IEP are necessary, including whether the student may be transitioned to a public school setting. (California Education Code sections 56366 (a) (2) (B) (i) and (ii)) and pursuant to California Education Code section 56345 (b) (4).)

If the LEA student is to be transferred from a NPS setting into a regular class setting in a public school for any part of the school day, the IEP team shall document a description of activities provided to integrate the student into the regular education program, including the nature of each activity as well as the time spent on the activity each day or week and a description of the activities provided to support the transition of the student from the special education program into the regular education program. Each student shall be allowed to provide confidential input to any representative of the individual IEP team. Except as otherwise provided in the Master Contract, CONTRACTOR and LEA shall participate in all IEP team meetings regarding students for whom ISAs have been or may be executed. At any time during the term of this Master Contract, the parent, the CONTRACTOR or the LEA may request a review of the student's IEP, subject to all procedural safeguards required by law, including reasonable notice given to, and participation of, the CONTRACTOR in the meeting. Every effort shall be made to schedule IEP team meetings at a time and place that is mutually convenient to parent, CONTRACTOR and LEA. CONTRACTOR shall provide to LEA assessments and written assessment reports by service providers upon request and/or pursuant to LEA policy and procedures. It is understood that attendance at an IEP meeting is part of CONTRACTOR'S professional responsibility and is not a billable service under this Master Contract.

It is understood that the CONTRACTOR shall utilize the approved electronic IEP system of the LEA for all IEP planning and progress reporting at the LEA's discretion. The LEA or SELPA may provide training for any CONTRACTOR to ensure access to the approved system. The CONTRACTOR shall maintain confidentiality of all IEP data on the approved system and shall protect the password requirements of the system. When a student dis-enrolls from the NPS/NPA, the NPS/NPA and LEA shall discontinue use of the approved system for that student.

Changes in any student's educational program, including instruction, services, or instructional setting provided under this Master Contract, may only be made on the basis of revisions to the student's IEP. In the event that the CONTRACTOR believes the student requires a change of placement, the CONTRACTOR may request a review of the student's IEP for the purposes of consideration of a change in the student's placement. Student is entitled to remain in the last agreed upon and implemented placement unless parent agrees otherwise or an Interim Alternative Educational Setting is deemed lawful and appropriate by LEA or OAH consistent with Section 1415 (k)(1)(7) of Title 20 of the United States Code.

If CONTRACTOR is an NPS, CONTRACTOR shall ensure private and confidential communication, including telecommunication, between a pupil of the NPS and members of the pupil's IEP team and the CDE's Constituent Services Office, at the pupil's discretion.

33. SURROGATE PARENTS AND FOSTER YOUTH

CONTRACTOR shall recognize an LEA appointed surrogate parent assignments for students without parental representation, including unaccompanied homeless youths, in special education procedures pursuant to California Government Code Section 7579.5. 54. SEXUAL HARASSMENT

CONTRACTOR shall have a Sexual and Gender Identity harassment policy that clearly describes the kinds of conduct that constitutes sexual harassment and that is prohibited by the CONTRACTOR's policy, as well as federal and state law. The policy should include procedures to make complaints without fear of retaliation, and for prompt and objective investigations of all sexual harassment complaints. CONTRACTOR further agrees to provide annual training to all employees regarding the laws concerning sexual harassment and related procedures pursuant to Government Code 12950.1.

55. REPORTING OF MISSING CHILDREN

CONTRACTOR assures LEA that all staff members, including volunteers, are familiar with and agree to adhere to requirements for reporting missing children as specified in California Education Code section 49370. A written statement acknowledging the legal requirements of such reporting and verification of staff adherence to such reporting shall be properly submitted to the LEA. The written statement shall be submitted as specified by the LEA.

FINANCIAL

56. ENROLLMENT, CONTRACTING, SERVICE TRACKING, ATTENDANCE REPORTING, AND BILLING PROCEDURES

CONTRACTOR shall assure that the nonpublic school or nonpublic agency has the necessary financial resources to provide an appropriate education for the students enrolled and will distribute those resources in such a manner to implement the IEP and ISA for each and every student.

CONTRACTOR shall comply with all LEA procedures concerning enrollment, contracting, attendance reporting, service tracking and billing including requirements of electronic billing as specified by the LEA Procedures, as well as provide all such records requested by LEA concerning the same. CONTRACTOR shall be paid for the provision of special education and/or related services specified in the student's IEP and ISA. All payments by LEA shall be made in accordance with the terms and conditions of this Master Contract and governed by all applicable federal and state laws.

CONTRACTOR shall maintain separate registers for the basic education program, each related service, and services provided by instructional assistants, behavior intervention aides and bus aides. Original attendance forms (i.e., roll books for the basic education program, service tracking documents and notes for instructional assistants, behavioral intervention aides, bus aides, and each related service) shall be completed by the actual service provider whose signature shall appear on such forms and shall be available for review, inspection, or audit by LEA during the effective period of this contract and for a

period of five (5) years thereafter. CONTRACTOR shall verify the accuracy of minutes of reported attendance that is the basis of services being billed for payment.

CONTRACTOR shall submit invoices and related documents to LEA for payment, for each calendar month when education or related services were provided. Invoices and related documents shall be properly submitted electronically and in addition, on an LEA form with signatures in the manner prescribed by LEA. At a minimum, each invoice must contain the following information: month of service; specific days and times of services coordinated by the LEA approved calendar unless otherwise specified in the IEP or agreed to by the LEA; name of staff who provided the service; approved cost of each invoice; total for each service and total for the monthly invoice; date invoice was mailed; signature of NPS/NPA administrator authorizing that the information is accurate and consistent with the ISA, CDE certificates and staff notification; verification that attendance report is attached as appropriate; indication of any made-up session consistent with this contract; verification that progress reports have been provided consistent with the ISA (monthly or quarterly unless specified otherwise on the ISA); and name or initials of each student for when the service was provided.

In the event services were not provided, rationale for why the services were not provided shall be included.

Such an invoice is subject to all conditions of this contract. At the discretion of the LEA, an electronic invoice may be required provided such notice has been made in writing and training provided to the CONTRACTOR at no additional charge for such training.

Invoices shall be submitted no later than thirty (30) days after the end of the attendance accounting period in which the services were rendered. LEA shall make payment to CONTRACTOR based on the number of billable days of attendance and hours of service at rates specified in this contract within forty-five (45) days of LEA's receipt of properly submitted hard copy of invoices prepared and submitted as specified in California Education Code Section 56366.5 and the LEA. CONTRACTOR shall correct deficiencies and submit rebilling invoices no later than thirty (30) calendar days after the invoice is returned by LEA. LEA shall pay properly submitted re-billing invoices no later than forty-five (45) days after the date a completely corrected re-billing invoice is received by LEA.

In no case shall initial payment claim submission for any Master Contract fiscal year (July through June) extend beyond December 31st after the close of the fiscal year. In no case shall any rebilling for the Master Contract fiscal year (July through June) extend beyond six (6) months after the close of the fiscal year unless approved by the LEA to resolve billing issues including re-billing issues directly related to a delay in obtaining information from the Commission on Teacher Credentialing regarding teacher qualification, but no later than twelve (12) months from the close of the fiscal year. If the billing or re-billing error is the responsibility of the LEA, then no limit is set provided that the LEA and CONTRACTOR have communicated such concerns in writing during the 12-month period following the close of the fiscal year. LEA will not pay mileage for NPA employees unless agreed upon.

57. RIGHT TO WITHHOLD PAYMENT

LEA may withhold payment to CONTRACTOR when: (a) CONTRACTOR has failed to perform, in whole or in part, under the terms of this contract; (b) CONTRACTOR has billed for services rendered on days other than billable days of attendance or for days when student was not in attendance and/or did not receive services; (c) CONTRACTOR was overpaid by LEA as determined by inspection, review, and/or audit of its program, work, and/or records; (d) CONTRACTOR has failed to provide supporting documentation with an invoice, as required by EC 56366(c)(2); (e) education and/or related services are provided to students by personnel who are not appropriately credentialed, licensed, or otherwise qualified; (f) LEA has not received prior to school closure or contract termination, all documents concerning one or more students enrolled in CONTRACTOR's educational program; (g) CONTRACTOR fails to confirm a student's change of residence to another district or confirms the change of residence to another district, but fails to notify LEA within five (5) days of such confirmation; or (h) CONTRACTOR receives payment from Medi-Cal or from any other agency or funding source for a service provided to a student. It is understood

that no payments shall be made for any invoices that are not received by six (6) months following the close of the prior fiscal year, for services provided in that year.

Final payment to CONTRACTOR in connection with the cessation of operations and/or termination of a Master Contract will be subject to the same documentation standards described for all payment claims for regular ongoing operations. In addition, final payment may be withheld by the LEA until completion of a review or audit, if deemed necessary by the LEA. Such review or audit will be completed within ninety (90) days. The final payment may be adjusted to offset any previous payments to the CONTRACTOR determined to have been paid in error or in anticipation of correction of documentation deficiencies by the CONTRACTOR that remain uncorrected.

The amount which may be withheld by LEA with respect to each of the subparagraphs of the preceding paragraph are as follows: (a) the value of the service CONTRACTOR failed to perform; (b) the amount of overpayment; (c) the portion of the invoice for which satisfactory documentation has not been provided by CONTRACTOR; (d) the amount invoiced for services provided by the individual not appropriately credentialed, licensed, or otherwise qualified; (e) the proportionate amount of the invoice related to the applicable pupil for the time period from the date the violation occurred and until the violation is cured; or (f) the amount paid to CONTRACTOR by Medi-Cal or another agency or funding source for the service provided to the student.

If LEA determines that cause exists to withhold payment to CONTRACTOR, LEA shall, within ten (10) business days of this determination, provide to CONTRACTOR written notice that LEA is withholding payment. Such notice shall specify the basis or bases for LEA's withholding payment and the amount to be withheld. Within thirty (30) days from the date of receipt of such notice, CONTRACTOR shall take all necessary and appropriate action to correct the deficiencies that form the basis for LEA's withholding payment or submit a written request for extension of time to correct the deficiencies or submit to LEA written documentation demonstrating that the basis or bases cited by the LEA for withholding payment is unfounded. Upon receipt of CONTRACTOR's written request showing good cause, LEA shall extend CONTRACTOR's time to correct deficiencies (usually an additional thirty (30) days), otherwise payment will be denied.

If after subsequent request for payment has been denied and CONTRACTOR believes that payment should not be withheld, CONTRACTOR shall send written notice to LEA specifying the reason it believes payment should not be withheld. LEA shall respond to CONTRACTOR's notice within thirty (30) business days by indicating that a warrant for the amount of payment will be made or stating the reason LEA believes payment should not be made. If LEA fails to respond within thirty (30) business days or a dispute regarding the withholding of payment continues after the LEA's response to CONTRACTOR's notice, CONTRACTOR may invoke the following escalation policy.

After forty-five (45) business days: The CONTRACTOR may notify the Authorized LEA's Representative of the dispute in writing. The LEA Authorized Representative shall respond to the CONTRACTOR in writing within fifteen (15) business days.

After sixty (60) business days: The LEA or CONTRACTOR may appeal to the County Superintendent of Schools so long as the County Superintendent of Schools is not participating in the Local Plan involved in the NPS/A contract, or a mutually agreed upon mediator. Both parties agree to pay for their own costs and expenses arising out of such mediation. Each party agrees to act in good faith in participating in any mediation process agreed to by the parties.

58. PAYMENT FROM OUTSIDE AGENCIES

CONTRACTOR shall notify LEA when Medi-Cal or any other agency is billed for the costs associated with the provision of special education and/or related services to students. Upon request, CONTRACTOR shall provide to LEA any and all documentation regarding reports, billing, and/or payment by Medi-Cal or any other agency for the costs associated with the provision of special education and/or related services to students. CONTRACTOR shall provide prior written notice of the rights and protections required by Title

34 of the Code of Federal Regulations section 300.154(d) whenever it seeks to use the LEA students' public benefits to pay for special education and related services. Such notice shall be provided before seeking payment from Medi-Cal for the first time and annually.

59. PAYMENT FOR ABSENCES

NONPUBLIC SCHOOL STAFF ABSENCE

Whenever a classroom teacher employed by CONTRACTOR is absent, CONTRACTOR shall provide an appropriately credentialed substitute teacher in the absent teacher's classroom in accordance with California Education Code section 56061. CONTRACTOR shall provide to LEA documentation of substitute coverage pursuant to the LEA Procedures. Substitute teachers shall remain with their assigned class during all instructional time. LEA will not pay for instruction and/or services unless said instruction or service is provided by an appropriately credentialed substitute teacher.

Whenever a related service provider is absent, CONTRACTOR shall provide a qualified (as defined in Section 7 of this agreement and as determined by LEA) substitute. LEA will not pay for services unless a qualified substitute is provided and/or CONTRACTOR provides documentation evidencing the provision of "make-up" services by a qualified service provider within thirty (30) calendar days from the date on which the services should have been provided unless otherwise agreed in student's IEP.

NONPUBLIC SCHOOL STUDENT ABSENCE

If CONTRACTOR is a nonpublic school, no later than the tenth (10^{th}) cumulative day of a student's unexcused absence, CONTRACTOR shall notify the LEA of such absence.

Criteria for a billable day for payment purposes is one (1) day of attendance as defined in California Education Code, sections 46010, 46010.3 and 46307. LEA shall not pay for services provided on days that a student's attendance does not qualify for Average Daily Attendance (ADA) reimbursement under state law. *Per Diem* rates for students whose IEPs authorize less than a full instructional day may be adjusted on a pro rata basis in accordance with the actual proportion of the school day the student was served. LEA shall not be responsible for payment of related services for days on which a student's attendance does not qualify for Average Daily Attendance ("ADA") reimbursement under state law, nor shall student be eligible for make-up services.

NONPUBLIC AGENCY STAFF ABSENCE

When CONTRACTOR is a nonpublic agency and CONTRACTOR's service provider is absent, CONTRACTOR shall provide a qualified (as defined in Section 7 of this agreement and as determined by LEA) substitute, unless LEA provides appropriate coverage in lieu of CONTRACTOR's service providers. LEA shall not pay for services unless a qualified substitute is provided and/or CONTRACTOR provides documentation evidencing the provision of "make-up" services by a qualified service provider within thirty (30) calendar days from the date on which the services should have been provided. CONTRACTOR shall not "bank" or "carry over" make up service hours under any circumstances, unless otherwise agreed to in writing by CONTRACTOR and LEA. In the event services were not provided, reasons for why the services were not provided shall be included.

NONPUBLIC AGENCY STUDENT ABSENCE

If CONTRACTOR is a nonpublic agency, it shall notify LEA of the absence of a student no later than the third (3rd consecutive or cumulative service day of the student's absence. LEA shall not be responsible for the payment of services when a student is absent.

60. LEA and/or NONPUBLIC SCHOOL CLOSURE DUE TO EMERGENCY

The following shall apply in the event of a LEA or NPS school closure due to an emergency consistent with guidelines followed by LEAs in accordance with Education Code sections 41422 and 46392:

a. If CONTRACTOR remains open, if allowed, during an emergency and serves students appropriately as delineated in the ISA, CONTRACTOR shall receive payment, regardless of whether a sending LEA is open or closed.

b. NPS School Closure- In the event of a NPS School Closure for the reasons set forth in Education Code section 41422, if the LEA is able to obtain alternative placement for the student, CONTRACTOR shall not receive payment for days the student is not in attendance due to CONTRACTOR'S school closure. If the LEA is unable to obtain an alternative placement, CONTRACTOR shall receive payment consistent with the student's approved ISA, as though the student were continuing their regular attendance, until an alternative placement can be found and CONTRACTOR shall implement LEA student's IEP in accordance with Education Code section 56345(a)(9) pertaining to emergency conditions.

c. LEA and NPS School Closure- In the event of the LEA and NPS School Closures, on days the LEA is funded, CONTRACTOR shall receive payment consistent with the student's approved ISA, until an alternative placement can be found and CONTRACTOR shall implement LEA student's IEP in accordance with Education Code section 56345(a)(9) pertaining to emergency conditions. If the LEA is able to obtain alternative placement for the student, CONTRACTOR shall not receive payment for days the student is not in attendance with CONTRACTOR due to CONTRACTOR'S school closure.

When the emergency school closure is lifted, CONTRACTOR shall notify the LEAs it serves of any lost instructional minutes. CONTRACTOR and LEAs shall work collaboratively to determine the need for make-up days or service changes, and shall work together to amend IEP and ISA paperwork as appropriate.

61. INSPECTION AND AUDIT

The CONTRACTOR shall maintain and the LEA shall have the right to examine and audit all of the books, records, documents, accounting procedures and practices and other evidence that reflect all costs claimed to have been incurred or fees claimed to have been earned under this Agreement.

CONTRACTOR shall provide access to LEA to all records including, but not limited to: student pupils as defined by California Education Code section 49061(b); registers and roll books of teachers; daily service logs and notes or other documents used to record the provision of related services; Medi-Cal/daily service logs and notes used to record provision of services provided by instructional assistants, behavior intervention aides, bus aides, and supervisors; absence verification records (parent/doctor notes, telephone logs, and related documents); bus rosters; staff lists specifying credentials held, business licenses held, documents evidencing other qualifications, , dates of hire, and dates of termination; staff time sheets; non-paid staff and volunteer sign-in sheets; transportation and other related service subcontracts; school calendars; bell/class schedules when applicable; liability and worker's compensation insurance policies; state NPS/A certifications; by-laws; lists of current board of directors/trustees, if incorporated; other documents evidencing financial expenditures; federal/state payroll quarterly reports Form 941/DE3DP; and bank statements and canceled checks or facsimile thereof. Such access shall include unannounced inspections by LEA. CONTRACTOR shall make available to LEA all budgetary information including operating budgets submitted by CONTRACTOR to LEA for the relevant contract period being audited.

CONTRACTOR shall make all records available at the office of LEA or CONTRACTOR's offices (to be specified by LEA) at all reasonable times and without charge. All records shall be provided to LEA within five (5) working days of a written request from LEA. CONTRACTOR shall, at no cost to LEA, provide assistance for such examination or audit. LEA's rights under this section shall also include access to CONTRACTOR's offices for purposes of interviewing CONTRACTOR's employees. If any document or evidence is stored in an electronic form, a hard copy shall be made available to the LEA, unless the LEA agrees to the use of the electronic format.

CONTRACTOR shall obtain from its subcontractors and suppliers written agreements to the requirements of this section and shall provide a copy of such agreements to LEA upon request by LEA.

If an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm determines that CONTRACTOR owes LEA monies as a result of CONTRACTOR's over billing or failure to perform, in whole or in part, any of its obligations under this Master Contract, LEA shall provide to CONTRACTOR written notice demanding payment from CONTRACTOR and specifying the basis or bases for such demand. Unless CONTRACTOR and LEA otherwise agree in writing, CONTRACTOR shall pay to LEA the full amount owed as a result of CONTRACTOR's over billing and/or failure to perform, in whole or in part, any of its obligations under this Master Contract, as determined by an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm. CONTRACTOR shall make such payment to LEA within thirty (30) days of receipt of LEA's written notice demanding payment.

62. RATE SCHEDULE

The attached rate schedule (Exhibit A) limits the number of students that may be enrolled and maximum dollar amount of the contract. It may also limit the maximum number of students that can be provided specific services. Per Diem rates for students whose IEPs authorize less than a full instructional day may be adjusted proportionally. In such cases only, the adjustments in basic education rate shall be based on the required minimum number of minutes per grade level as set forth in paragraph 23, above, and in California Education Code Section 46200-46208.

Special education and/or related services offered by CONTRACTOR shall be provided by qualified personnel as per State and Federal law, and the codes and charges for such educational and/or related services during the term of this contract, shall be as stated in Exhibit A.

63. DEBARMENT CERTIFICATION

By signing this agreement, the CONTRACTOR certifies that:

(a) The CONTRACTOR and any of its shareholders, partners, or executive officers are <u>not</u> presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency, and

(b) Have not, within a three-year period preceding this contract, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, or receiving stolen property; and are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses.

64. PAYMENT FOR ROOM AND BOARD

When CONTRACTOR is an NPS associated with an RTC (NPS/RTC), CONTRACTOR shall be eligible for Room and Board payments on dates that the student was actually in attendance and received Room and Board services, payable for up to a maximum of 365 billable days or 366 days during a leap year, which may include a maximum of ten (10) days per Contract year when the student's bed is unoccupied due to home visits of a therapeutic nature, unless otherwise mutually agreed upon by CONTRACTOR and LEA. Any payment for additional days in special circumstances, such as a student's hospitalization or extended home visits exceeding ten (10) days in a Contract year, requires prior written approval from both the LEA and the CONTRACTOR.

The parties hereto have executed this Contract by and through their duly authorized agents or representatives. This contract is effective on the **6th day of October, 2026** and terminates at 5:00 P.M. on June 30, 2027, unless sooner terminated as provided herein.

BACKGROUND AND PURPOSE

California Online Public Schools ("CalOPS") is committed to providing high quality online school offerings that meet rigorous state education standards to interested students residing in eligible counties, in accordance with the charter schools' (listed above, collectively and individually referred to herein as the "Charter School") charters.

Education Code Section 47605(e) mandates that if the number of applicants exceeds the number of available spaces in a charter school, the school must hold a public random drawing, also known as an admission lottery. The charter petitions for each school contain specific procedures for an admission lottery, as well as specific admission preferences. The Board must ensure that students are admitted in a fair and transparent manner and in accordance with the law and the current charters.

Therefore, the Board may set the capacity of each charter school in advance of conducting a lottery. In addition, the charters state that the schools will develop and implement a detailed public lottery procedure in accordance with California Education Code section 47605 (e)(2)(B). This statute requires charter schools to exempt existing students of the school from a lottery and also requires the school to extend a preference in a lottery to students who reside in the authorizing school district's boundaries. In addition to the legally required preferences, the charters also allow preference for siblings of current students and for children of CalOPS employees.

Legal Affirmations

The Charter School will be nonsectarian in its programs, admission policies, and all other operations, and will not charge tuition or discriminate against any student based upon any of the characteristics listed in Education Code Section 220.

The Charter School shall admit all pupils who wish to attend the Charter School. No test or assessment shall be administered to students prior to acceptance and enrollment into the Charter School. The Charter School will comply with all laws establishing minimum and maximum age for public school attendance in charter schools. Admission, except in the case of a public random drawing, shall not be determined by the place of residence of the pupil or his or her parent or legal guardian within the state, unless required by Education Code Section

51747.3. In accordance with Education Code Sections 49011 and 47605(e)(2)(B)(iv), admission preferences shall not require mandatory parental volunteer hours as a criterion for admission or continued enrollment.

In accordance with Education Code Section 47605(e)(4)(A), the Charter School shall not discourage a pupil from enrolling or seeking to enroll in the charter school for any reason, including, but not limited to, academic performance of the pupil or because the pupil exhibits any of the characteristics described in Education Code Section 47605(e)(2)(B)(iii), including pupils with disabilities, academically low-achieving pupils, English learners, neglected or delinquent pupils, homeless pupils, or pupils who are economically disadvantaged, as determined by eligibility for any free or reduced-price meal program, foster youth, or pupils based on nationality, race, ethnicity, or sexual orientation. Similarly, in accordance with Section 47605(e)(4)(C), the Charter School shall not encourage a pupil currently attending the Charter School to disenroll from the Charter School or transfer to another school for any reason, including, but not limited to the academic performance of the pupil or because the pupil exhibits any of the characteristics described in Education Code Section 47605(e)(2)(B)(iii), as listed above.

Pursuant to Education Code Section 47605(e)(4)(D), the Charter School shall post a notice developed by the CDE on the Charter School website, outlining the requirements of Section 47605(e)(4), and make this notice available to parents.

The Charter School shall require students who wish to attend the Charter School to complete an application form. After admission, students will be required to submit an enrollment packet, which shall include the following:

1. Student enrollment form
2. Proof of Immunization
3. Home Language Survey
4. Completion of Emergency Medical Information Form
5. Proof of minimum age requirements
6. Release of records[1]

During the enrollment process:

- Where permitted by law, Charter School shall accept alternative means to establish residency, age, or other eligibility criteria for enrollment or programs, and those alternative means shall include among them documentation or information that are available to persons regardless of immigration status, citizenship status, or national origin, and that do not reveal information related to citizenship or immigration status.
- Charter School will not inquire specifically about a student's citizenship or immigration status or the citizenship or immigration status of a student's parents or guardians; nor shall personnel seek or require, to the exclusion of other permissible documentation or information, documentation or information that may indicate a student's immigration status, such as a green card, voter registration, a passport, or citizenship papers.
- Charter School will not collect entire social security numbers or cards or a statement that the parent or guardian does not possess a Social Security number for the purposes of enrollment, and failure to provide this information will not bar a student from enrolling or attending Charter School. However, the last four digits of an adult household member's Social Security number may be solicited and/or collected if required to establish eligibility for federal benefit programs such as free or reduced-price meals. This Social Security information will only be collected for the limited purpose of establishing eligibility for federal benefit programs and will not affect student enrollment.

[1] In accordance with Education Code Section 47605(e)(4)(B), the Charter School shall not request a pupil's records or require a parent, guardian, or pupil to submit the pupil's records to the Charter School before enrollment.

This policy has been developed consistent with applicable law and the current charters for each school. These policies provide general guidance for implementation of an admission lottery and wait lists.

LOTTERY

I. GENERAL

a. The Board intends that CalOPS conduct enrollment and admission processes in alignment with its charters and mission, in a fair and transparent manner, and in compliance with applicable law.

b. The Board delegates to the Superintendent, as the representative of the Administration of the school, the authority to develop and implement procedures and processes to carry out the Admission Policy.

c. The Board directs the Superintendent to apply the following considerations when developing the procedures and processes consistent with this Policy:

   i. All applicable laws for the state of California, and any applicable federal laws

   ii. The charter of the Charter School

   iii. Non-discrimination in all school practices, including admission

   iv. Consideration of input from the chartering authority of the Charter School

II. CAPACITY

a. The Board will determine each year whether the Charter School is close to its capacity for the upcoming year, and will adopt a Board resolution as needed..

b. The Board will consider various aspects of Charter School operations when determining its capacity, including: staffing resources, Charter School budget, community interest in the Charter School, operational considerations, considerations related to charter renewal, etc.

c. The schools will not offer admission to new applicants prior to the determination of capacity.

d. The Board will make all efforts to ensure that the capacity does not restrict the ability of existing students to return.

e. The Board delegates to the Superintendent or designee ("Administration") the authority to set enrollment limits by school and by grade level or grade span[2], as long as such limits are within the general parameters established by the Board resolution.

f. If the Administration determines that there is a need to change capacity for the Charter School during the school year, the Board will consider those recommendations and take action as needed.

III. LOTTERY DETERMINATION

a. Administration will set an open enrollment period annually, which will be approximately four weeks (typically between 28 to 31 days) long.

b. Administration will advertise the open enrollment period on the Charter School's website. At the discretion of Administration, other means of publicizing the time frame may be used, such as emails or announcements.

c. The Board delegates to Administration the authority to establish the requirements for applicants and participation in a school lottery. These requirements generally shall be limited to information needed to determine eligibility for a particular school, including age and residency requirements.

[2] Grade levels may be combined into grade spans, such as a middle school or high school grade span. Transitional Kindergarten may be considered a different grade level from Kindergarten.

d. At the conclusion of the open enrollment period, the Charter School will determine the total number of new applicants eligible for admission (based on minimum and maximum age for enrollment and residency in the county of authorization or an adjacent county), by grade level or grade span. In addition, the Charter School will determine if applicants are eligible for any admission preference(s).

e. Administration will determine the number of spaces available for new applicants, taking into consideration the number of returning students (who are exempt from any lottery) and capacity (See **Section II** above).

f. Applicants who are initially determined to be eligible for an admission preference(s) based on information submitted during the application process are subject to verification, either before and/or after the lottery.

g. If the number of applicants eligible for admission (see **Section III d**) exceeds capacity (see **Section III e**), then an admission lottery will be held on the date established under **Section IV a**.

h. Unless otherwise stated in the charter, the Charter School will give preference in admission in the order listed below:

   i. Children of CalOPS employees (includes individuals who have accepted an offer of employment for the upcoming school year)

   ii. Siblings[3] of eligible returning students

   iii. Students who reside within the boundaries of the school district that authorized the Charter School.

IV. HOLDING THE LOTTERY

a. Administration is responsible for scheduling the date of the lottery. Administration will provide reasonable public notice of the lottery (e.g., post lottery date publicly on the Charter School's website) and will take all necessary efforts to ensure lottery procedures are fairly executed. The Charter School will inform all applicants and interested parties of the rules to be followed during the public random drawing process via mail or email at least two weeks prior to the lottery date.

b. Any eligible applicant participating in the lottery will receive a notification of the time and date of the lottery using the contact information provided during the application process.

c. The lottery is conducted virtually and in a manner open to and accessible by the public. Any applicant or other member of the public will have the opportunity to observe the computerized random drawing online. Separate lotteries shall be conducted for each grade or grade span in which there are fewer vacancies than pupils interested in attending.

d. Applicants and their family members are not required to attend the lottery.

e. Administration will assign a person with appropriate expertise to conduct the admissions lottery.

f. The Charter School will conduct the lottery using an electronic system, such as a computer program, that will randomly assign numbers to eligible applicants and randomly draw applicants in the relevant pool of applicants (based on admission preferences), until all eligible applicants in the pool have been admitted or added to the waitlist.

g. Student names will not be disclosed publicly during any part of the lottery process.

V. OFFER OF ADMISSION FOLLOWING THE LOTTERY

a. Notifications to students:

[3] A sibling is defined as a biological, adoptive, or foster sibling.

i. The Charter School will promptly notify applicants who have been admitted, using the contact information provided during the application process.

ii. Applicants are required to complete the enrollment/registration process within a designated time frame in order to retain the offer of admission. A student who misses the enrollment deadline will have their offer of admission rescinded, and they will be added to the end of the waitlist.

iii. Admission offers are subject to any established timelines and are valid only for the academic year for which the lottery is conducted.

b. Existing eligible returning students:

i. In accordance with the law and the Charter School's charter, existing students who wish to return the following year (and who have not graduated or reached the maximum eligible age) are admitted after meeting the following re-enrollment requirements

ii. At a minimum, re-enrollment requirements will include timely submission of the Intent to Return form, submission of a valid, signed Master Agreement for the upcoming school year, and when applicable, evidence of continuing age and residency eligibility.

iii. Administration will annually determine and publish the required time frame for submission of the re-enrollment materials.

iv. If an existing student of the Charter School fails to complete the re-enrollment requirements in the established time frame, they are no longer considered eligible and they forfeit their admission. The student may re-apply for admission, and will be considered with other new applicants.

v. At the discretion of Administration, a student who moves and is no longer eligible to attend the Charter School due to geographic restrictions in the law, but who resides in a county served by a different Charter School, may be considered an "existing pupil of the Charter School" (existing eligible returning student) for the new Charter School. The Board affirms that allowing students to continue their education in a Charter School will benefit students, families, and the Charter School community.

c. New eligible applicants:

i. If a lottery is not necessary for the Charter School's grade level/span and/or preference group, those applicants will be offered admission to the Charter School and must complete all applicable registration or placement steps within the designated time frame in order to retain their space in the school, as described above.

ii. For any lottery (e.g., by school, by grade level/span, by preference group), a wait list will be established after capacity is reached, based on the order of applicants drawn through the lottery. In no circumstance will this waitlist carry over to the following year.

iii. Students on a wait list will be offered a space as a space becomes available, using the order of the wait list established in **Section V c ii** above.

WAIT LIST POLICY

I. RETURNING STUDENTS

a. Students must be active, attending and participating in the program under the terms of the Independent Study Master Agreement to be considered existing students of the Charter School.

b. Existing students who wish to return to the Charter School for the following school year must complete their returning student tasks, as established by Administration,by the specified deadline(s). If they do so, they are considered "existing eligible returning students" (See **Section V** of the Lottery Policy) and therefore not subject to an admission lottery.

c. Students who fail to complete the required tasks by the specified deadlines to maintain their spot are no longer eligible as existing students, and are considered as "not returning" for the upcoming school year and will need to reapply for admission to the Charter School. Failure to complete these required tasks will result in the student's withdrawal at the end of the current school year from the school.

II. ESTABLISHMENT OF A WAIT LIST

a. The schools will establish initial wait lists as described in **Section V c** of the Lottery Policy.

b. Wait lists may be established by grade level and/or grade span based on the Charter School's operations, staffing, and resources.

c. After the lottery, additional applicants may be added to the wait list in accordance with **Section III** of the Wait List Policy.

III. MAINTENANCE OF THE WAIT LIST

a. The Board delegates to school Administration the ability to open or close the enrollment system for additional applications after the open enrollment period, in order to ensure the Charter School does not enroll students beyond its capacity. Administration may decide to close the enrollment system at any time after the open enrollment period, either temporarily or for the remainder of the school year, for the Charter School or a specific grade level or grade span. Administration will ensure that the status of new applications (i.e., whether applications are open or closed for a particular school and/or grade level or grade span) is posted for the public on the Charter School's website.

b. Applicants beyond the enrollment cap will be held in abeyance for subsequent lotteries, as needed

c. If an applicant on the wait list is offered admission to attend the Charter School, and for any reason does not accept that offer and complete enrollment/registration paperwork, the applicant forfeits the offer of admission, and their account in the enrollment system will be deactivated.

d. The wait list will not roll over from year to year. Wait lists are re-established for each school year in accordance with the Admission Policy.

IV. PLANNED APPLICATION, PUBLIC RANDOM DRAWING, AND ADMISSION SCHEDULE

The following estimated application, public random drawing, and admission schedule and process is proposed, and may be amended by the Charter School Board as necessary.

Updated for review September 2026

California Online Public Schools ("CalOPS" or the "Charter School") has developed a written Parent and Family Engagement Policy with input from parents and families of students receiving Title I services. CalOPS reviews the policy at its annual Title I School Advisory Committee meeting and shares it with families through ParentSquare. The policy is also available on the CalOPS website and in the Family and Student Policy Catalog. Hard copies are available upon written request through the CalOPS Southern and Northern offices.

This policy describes how CalOPS fulfills its Title I parent and family engagement requirements.

1.0 Charter School Expectations and Objectives

In establishing the Charter School's expectations and objectives for meaningful parent and family involvement, CalOPS has established the following practices:

1. CalOPS involves parents and family members in the joint development of the Charter School's Parent and Family Engagement Policy.

    - CalOPS involves parents and families in the annual review and development of its Parent and Family Engagement Policy through School Advisory Committee (SAC) meetings, which are open to all families. During these meetings, parents have the opportunity to review the policy, provide feedback, and offer suggestions for revisions. Additionally, CalOPS distributes the policy to all families, along with a digital survey to gather input and recommendations. Following the SAC meeting, CalOPS offers optional small-group parent meetings where families can engage directly with administrators and staff, ask questions, and provide additional feedback. Input gathered through these opportunities is considered in the ongoing development and annual revision of the policy.

2. CalOPS provides the coordination, technical assistance, and other support necessary to assist and build the capacity within the Charter School in planning and implementing effective parent and family involvement activities to improve student academic achievement and school performance, which may include meaningful consultation with employers, business leaders, and philanthropic organizations, or individuals with expertise in effectively engaging parents and family members in education.

    - CalOPS builds staff capacity to support meaningful parent and family engagement through professional development focused on partnering with families and supporting student learning and academic achievement. To further support family involvement, CalOPS provides digital access to educational resources, including books and educational games for use at home. At the elementary level, families also receive physical math books and learning toolkits to support instruction and reinforce learning at home. Throughout the school year, CalOPS staff host family engagement events focused on various academic subject areas. These events provide opportunities for families to participate in their students' learning, strengthen home-school partnerships, and support student academic success.

3. CalOPS coordinates and integrates parent and family engagement strategies to the extent feasible and appropriate, with other relevant federal, state, and local laws and programs.

    - CalOPS coordinates and integrates parent and family engagement strategies with relevant federal, state, and local programs to support students and families. The CalOPS Counseling and Student Services teams provide access to community resources through Canvas student support courses. Families also have access to Care Solace, which helps connect them with mental health providers, substance abuse treatment, and other social services. In alignment with the McKinney-Vento Act, CalOPS conducts targeted outreach to support students and families experiencing homelessness, including providing mobile Wi-Fi hotspots and technology as needed. CalOPS also offers a subsidized regional internet access program to help reduce barriers to connectivity and ensure students and families have access to educational resources.

4. CalOPS conducts, with the meaningful involvement of parents and family members, an annual evaluation of the content and effectiveness of the Policy in improving the academic quality at the Charter School.

    - CalOPS annually evaluates the content and effectiveness of its Parent and Family Engagement Policy through small-group parent meetings held following School Advisory Committee (SAC) meetings and a digital survey distributed to all families. Parent feedback, along with annual YouthTruth survey results and available student academic achievement data, helps inform the evaluation of the policy's effectiveness in supporting family engagement and student academic success.

5. CalOPS conducts, with the meaningful involvement of parents and family members, an annual evaluation of barriers to greater participation by parents/families (with particular attention to parents who are economically disadvantaged, have disabilities, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background).

- CalOPS distributes a comprehensive digital survey via YouthTruth to all families to gather feedback and identify barriers to parent and family engagement. To accommodate varying accessibility needs, the survey is mobile-friendly, written at an accessible literacy level, and available for translation into the languages spoken by CalOPS families.

  CalOPS also hosts live, interactive small-group parent meetings at various times, including afternoons and evenings, to accommodate family schedules and provide additional opportunities for feedback.

  CalOPS evaluates participation barriers that may affect specific student and family populations, including:

  - Economically Disadvantaged Families: Evaluating technology gaps, including access to devices at home and the reliability of school-provided mobile Wi-Fi hotspots.
  - Individuals with Disabilities: Reviewing the accessibility of digital platforms, including screen reader compatibility, closed captioning during live sessions, and access to IEP documentation.
  - Families with Limited English Proficiency: Assessing the effectiveness of translation services during live webinars and translated email communications.
  - Racial, Ethnic, and Cultural Minorities: Evaluating the cultural relevance of schoolwide communications and gathering feedback on whether families feel included, safe, and represented within the virtual school community.

6. CalOPS conducts, with the meaningful involvement of parents and family members, an annual evaluation of the needs of parents and family members to assist with the learning of their children, including engaging with Charter School personnel and teachers.

   - CalOPS conducts an annual YouthTruth Family Engagement Survey to gather parent and family feedback, assess their needs in supporting their children's learning, and identify opportunities for engagement with school staff and teachers. Survey results are reviewed to identify areas for improvement and inform family engagement strategies and policy updates for the following school year.

7. CalOPS conducts, with the meaningful involvement of parents and family members, an annual evaluation of strategies to support successful Charter School and family interactions.

   - CalOPS annually evaluates its strategies for supporting meaningful school and family interactions through the Youth Truth Family Engagement Survey, School Advisory Committee meetings, and small-group parent meetings. These opportunities allow families to provide feedback on the effectiveness of school communication, family engagement activities, and interactions with school staff. Feedback is reviewed to identify areas for improvement and inform parent and family engagement strategies for the following school year.

8. CalOPS uses the findings of the annual evaluation to design evidence-based strategies for more effective parental and family engagement, and to revise, if necessary, the Parent and Family Engagement Policy.

    - CalOPS uses findings from its annual YouthTruth Family Engagement Survey, School Advisory Committee meetings, and parent focus groups to evaluate and improve parent and family engagement. YouthTruth provides annual and comparative data that allows CalOPS to identify trends, assess areas of strength, and identify opportunities for improvement. These findings help inform data-driven strategies to strengthen family engagement, improve communication, and support meaningful partnerships between families and school staff. CalOPS also uses this information to review and revise its Parent and Family Engagement Policy, as needed, for the following school year.

9. CalOPS involves parents in the activities of the Charter School to adequately represent the needs of the population, for the purposes of developing, revising, and reviewing the policy.

    - CalOPS provides multiple opportunities for parents and families to participate in the development, review, and revision of its Parent and Family Engagement Policy. These opportunities include English Learner Advisory Committee (ELAC) meetings, School Advisory Committee (SAC) meetings, and small-group parent meetings held following SAC meetings. Through these meetings, families have opportunities to share feedback, ask questions, and provide input that reflects the diverse needs and perspectives of the CalOPS school community. Parent and family feedback is considered during the annual review and revision of the policy.

10. CalOPS engages parents and family members positively in their children’s education by providing assistance and training on topics such as state academic standards and assessments to develop knowledge and skills to use at home to support their children’s academic efforts at school and their children’s development as responsible future members of our society.

    - CalOPS supports parents and families in actively participating in their children's education by providing resources, information, and opportunities to engage with school staff. Through family engagement events, digital learning resources, and ongoing school communications, families receive information and tools to support student learning at home. Following the release of the California School Dashboard, CalOPS reviews CAASPP and CAST assessment data during School Advisory Committee (SAC) meetings and ELPAC data during English Learner Advisory Committee (ELAC) meetings. Families also receive annual student assessment score reports and have opportunities to review and discuss their child's results with their homeroom teacher. These opportunities help families better understand student academic performance and support their children's continued learning and academic growth.

11. CalOPS informs parents that they can directly affect the success of their children’s learning by providing parents with techniques and strategies that they may utilize to improve their children’s academic success and to assist their children in learning at home.

    - CalOPS supports parents and families in playing an active role in their children's academic success by providing resources, guidance, and strategies to support learning at home. Through ongoing communication with homeroom teachers and family engagement events,

families have opportunities to better understand instructional expectations and strategies to support their children's learning. Virtual class sessions and small-group lessons provide additional instructional support for students. CalOPS also provides access to digital learning resources and, at the elementary level, physical math books and learning toolkits to reinforce instruction at home. These resources and opportunities strengthen the partnership between families and school staff and help parents support their children's academic progress.

12. Parents and family members of children receiving Title I, Part A services shall be involved in the decisions regarding how funds reserved are allotted for parental involvement activities.

- CalOPS involves parents and families in decisions regarding the use of Title I, Part A funds reserved for parent and family engagement activities. During the first School Advisory Committee (SAC) meeting of the school year, which also serves as the Annual Title I Meeting, CalOPS reviews Title I funding and its Parent and Family Engagement Policy. Families have opportunities to ask questions, provide feedback, and offer recommendations regarding the use of these funds. Following the meeting, families may also complete a digital survey to provide additional input. This feedback is considered when determining how reserved Title I funds are allocated.

  Reserved funds are used to support activities and strategies consistent with the CalOPS Parent and Family Engagement Policy. These may include professional development for staff on effective family engagement strategies, educational resources that support learning at home, virtual family engagement opportunities, and sharing information and resources to strengthen family participation. CalOPS also considers strategies to reduce barriers to engagement, particularly for economically disadvantaged families, and other activities aligned with the needs identified through parent and family feedback.

2.0 With approval from the local governing board, California Online Public Schools has jointly developed with, and distributed to, parents and family members of participating children a written parent and family engagement policy, agreed upon by such parents, and updated periodically to meet the changing needs of parents and the school. (EC Section 11503; 20 United States Code [U.S.C.] Section [§] 6318[b][1-4])

At least one meeting is held annually to discuss the Parent and Family Engagement Policy and School Parent Compact. Further feedback is solicited through multiple avenues, including the phone, email, notifications, surveys or forms, regular school communications, field trips and back-to-school activities, and other parent-oriented activities. The CalOPS Board of Directors intends to maintain at least one parent representative among its members. The schools also survey parents each year in order to evaluate the school on a number of criteria, including student progress, teacher support, and the quality of curriculum.

- The Charter School makes effective use of all available technologies to distribute information to parents.
- In addition, parents are encouraged to set up conferences to discuss their student's performance.
- Regular school communications announce upcoming school events, and meetings are available online to all parents.

- Certain critical communications may also be provided in print format. For example, the parent training modules are available in print as well as online, and official communications from the schools about withdrawals are also provided via hard-copy mail.
- The schools also develop and make available via the Student Information System ("SIS") and the school website a Family and Student Policy Catalog that details all policies specific to the schools. Translated materials and materials in alternative formats(e.g., for those who have difficulty with their vision) are made available upon request.

2.1 Involvement of Parents in the Title I Program

The school-level parent and family engagement policy shall describe the means for how California Online Public Schools shall carry out the following requirements: (20 U.S.C. § 6318[b][1])

a) The school convenes an annual meeting, at a convenient time, to which all parents of participating children shall be invited to attend and encouraged to attend, to inform parents and family members of their school's participation in the Title I program and to explain the requirements and the right of the parents to be involved. (20 U.S.C. § 6318[c][1])

- Hold at least one annual meeting, with the option to participate virtually
- Administer an annual parent satisfaction survey which includes questions about academic interventions.
- Solicit feedback through multiple avenues, including surveys, telephone, school communications, and email.

b) The school offers a flexible number of meetings, such as meetings in the morning or evening, and may provide, with Title I funds, transportation, child care, or home visits, as such services relate to parental involvement. (20 U.S.C. § 6318[c][2])

California Online Public Schools meetings are held virtually. The information regarding the meeting, including the meeting room links, is provided to the families at least one week in advance. The parent meetings are scheduled at select times during the school year and at varied times of day to give the greatest opportunity for our families to attend. All meetings are recorded, and the recording links are sent to all enrolled Caregivers along with any follow-up information within one business day.

c) The school involves parents in an organized, ongoing, and timely way, in the planning, review, and improvement of the school's Title I program, including the planning, review, and improvement of the school parent and family engagement policy and the joint development of the schoolwide program plan. (20 U.S.C. § 6318[c][3])

California Online Public Schools conduct an annual evaluation of the content and effectiveness of this Parent and Family Engagement Policy in improving the quality of its Title I, Part A plan. The evaluation includes identifying barriers to greater participation by parents in parent involvement activities (with particular attention to parents who are economically disadvantaged, have disabilities, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background). The schools use the findings of the evaluation about their Parent and Family Engagement Policy and activities to design strategies for more effective parent involvement, and to revise, if necessary (and with the involvement of parents), their parent involvement policies.

Evaluation methods include:

- Hold at least one annual meeting, with the option to participate virtually
- Administer an annual parent satisfaction survey which includes questions about academic interventions.
- Solicit feedback through multiple avenues, including surveys, telephone, school communications, and email.

d) The school provides parents of participating children with the following:

i. Timely information about the Title I program. (20 U.S.C. § 6318[c][4][A])

California Online Public Schools provide Title I program information to families throughout the school year. This information is provided to participating families in several formats including: email, ParentSquare, School Advisory Committee Meetings three times per school year, Parent/Admin Collaboration Meetings three times per school year, ELAC meetings, and the LCAP input form.

ii. A description and explanation of the curriculum in use at the school, the forms of academic assessment used to measure student progress, and the achievement levels of the challenging state academic standards. (20 U.S.C. § 6318[c][4][B])

Our Board of Directors approves the curriculum and instructional material selections annually. The curriculum, including assessments, is aligned to the California Common Core State Standards, California Content Standards, and Next Generation Science Standards, as adopted by the State Board of Education for English Language Arts, Mathematics, Health Education, History Social Science, Physical Education, Science, Visual and Performing Arts, and World Languages. Additional alignments are conducted for “a” to “g” guidelines. The curriculum is updated regularly based on a rigorous analysis of student performance on state standards as measured by state testing results and internal assessments. The curriculum offers high-quality content by integrating virtual textbooks, lesson plans, and other materials from leading publishers such as Flexpoint Education, Accelerate, Singapore Math, and Edmentum. In addition to these resources, it features technology-based content from top providers that introduces focused, grade-appropriate topics through interactive practice, embedded videos, and discussions. Real-time interaction between teachers and students is facilitated through LiveClass and Zoom sessions, which use web conferencing tools including voice over IP, chat, electronic whiteboards, and shared web browsing. These virtual classroom environments allow for individual and small-group instruction.

iii. If requested by parents, opportunities for regular meetings to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children, and respond to any such suggestions as soon as practicably possible. (20 U.S.C. § 6318[c][4][C])

California Online Public Schools is a fully online school that allows for regular parent, Caregiver, family, and student interaction. Due to the nature of being online, all stakeholders have multiple opportunities to request and attend regular meetings as they feel appropriate. One such regular meeting is their biweekly call with their homeroom teacher. Stakeholders can also request more frequent meetings as needed. Additional opportunities include but are not limited to:

- School Advisory Committee Meetings
- Parent/Admin Collaboration Meetings

- English Learner Advisory Committee Meetings
- Progress Monitoring Meetings
- Special Education meetings as appropriate
- Biweekly phone calls
- LiveClass/ Zoom
- Social and Emotional support sessions

e) **If the schoolwide program (SWP) plan is not satisfactory to the parents of participating children, the school submits any parent comments on the plan when the school makes the plan available to the local educational agency (LEA). (20 U.S.C. § 6318[c][5])**

If the plan for Title I, Part A, developed under Section 1114(b) of the ESSA, is not satisfactory to the parents of participating students, the schools will submit any parent comments with the plan when the schools submit the plan to the California Department of Education.

2.2 Building Capacity for Involvement

To ensure effective involvement of parents and to support a partnership among the school involved, parents, and the community to improve student academic achievement, each school and local educational agency assisted under Title I, Part A shall carry out the following requirements: (20 U.S.C. § 6318[e])

a) **The school provides assistance to parents of children served by the school or LEA, as appropriate, in understanding such topics as the challenging state academic standards, state and local academic assessments, the requirements of Title I, Part A, and how to monitor a child's progress and work with educators to improve the achievement of their children. (20 U.S.C. § 6318[e][1])**

During the school year, teachers and parents communicate regularly via email, ParentSquare, telephone, and LiveClass/Zoom sessions. Teachers formally conference with parents regularly. In addition, parents are directly involved in checking daily student work for completeness and may view student grades and other progress indicators in real time. Progress reports are available to parents at least quarterly for every student. Parents receive notifications from the school about student attendance and participation in various aspects of the program.

Parents have the opportunity to be intimately familiar with their students' progress on a day-to-day basis. The school's LMS and SIS platforms ensure that all parents have access to complete data about their children's learning on a 24/7 basis. In their student's login in the LMS, parents can view in real time whether their student is on track and making adequate progress. Students who are not on track are identified if and when certain thresholds are reached related to completion of lessons, attendance, contact with the teacher, and/or submission of required assessments or assignments. The school contacts the parent of any student identified as needing support to discuss issues impeding the student's progress and to discuss strategies for getting the student back on track. Parents are also provided with frequent reports on their student's progress. For students who are struggling, school staff meet to develop an intervention plan that directly involves the student and parent.

b) **The school provides materials and training to help parents work with their children to improve their children's achievement, as appropriate, to foster parental involvement. (20 U.S.C. § 6318[e][2])**

Materials to encourage parent involvement are provided (at no cost to the family) that include online training, a Family and Student Policy Catalog, and school communications such as newsletters and parent communications. Daily lesson plans are accessible 24/7 through the student's login and enable parents to review and understand the objectives of each lesson so that they can support their student's learning effectively. The teaching and administrative staff, along with our curriculum and technical support staff, are also available via email or telephone to provide required assistance and advising support.

California Online Public Schools provide ongoing training and support to help parents carry out their important role while making optimum use of the available technology tools and professional teacher support. The schools' specific training and support efforts include an orientation for parents to familiarize themselves with the features and components of the LMS. The training also includes building an effective understanding of the academic program (content, standards, and assessment) as well as real-time tools for monitoring and improving student performance. Additional parent training opportunities are provided throughout the school year. There is an area of the school's website specifically devoted to parent resources.

c) **The school educates teachers, specialized instructional support personnel, principals, and other school leaders, and other staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school. (20 U.S.C. § 6318[e][3])**

California Online Public Schools is committed to providing high-quality and ongoing professional development for both parents and staff to improve instruction and drive toward proficiency on academic standards. California Online Public Schools provides teacher training and professional development programs to equip teachers with the following:

- A working knowledge of the curriculum.
- How to communicate and work effectively with parents/families.
- How to utilize and navigate the tools in the LMS and SIS.
- How to develop personalized learning plans and individualized instructional programs, including communicating with parents regarding instruction.
- Review of the different forms of assessment and how to utilize test results to guide instruction.
- Knowledge of school processes and policies.
- How on-site staff and virtual teachers work collaboratively in the best interest of each student.

d) **The school, to the extent feasible and appropriate, coordinates and integrates parent involvement programs and activities with other federal, state, and local programs, including public preschool programs, and conducts other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children. (20 U.S.C. § 6318[e][4])**

California Online Public Schools offer several online resources for our families to help integrate parent involvement and encourage support and participation in their child's education. Some of these supports are listed below:

- Parent Workshops - focused on mental health topics to provide education and strategies to support their student's mental health and social-emotional well-being.
- Parent Support Newsletter- sent monthly and includes various mental health topics, including suicide prevention, cyberbullying, coping with stress, etc.
- Open Office Hours - one-on-one support with a particular mental health concern in a brief consultation with our licensed clinical social worker.
- English learner resources - including links to family and student resources and support
- Field trip and event information - including upcoming school events in our school regions.
- Counselor's Corner resources- including links to family and student resources that include academic supports, DEI resources, and SEL supports.
- Private Parent Facebook Page- allowing families to communicate with one another and share ideas, concerns, and questions.

e) The school ensures that information related to school and parent programs, meetings, and other activities is sent to parents of participating children in a format and, to the extent practicable, in a language the parents can understand. (20 U.S.C. § 6318[e][5])

As a virtual learning school, California Online Public Schools is able to use technology and the working partnership between parents and school staff to facilitate the full participation of parents who might otherwise face barriers to involvement. For example, parents with disabilities who might otherwise find it difficult to participate in their child's brick-and-mortar classroom can readily interact through our online tools and resources. CalOPS makes every effort to provide information in an understandable language and format so that parents can actively participate in their student's schooling.

f) The school provides such other reasonable support for parental involvement activities under this section as parents may request. (20 U.S.C. § 6318[e][14])

- Students have the opportunity to participate regularly in both face-to-face and virtual community activities. Face-to-face activities include field trips and community outings, in accordance with federal, state, and local health guidelines. Teachers use the telephone quite extensively in communicating with students and parents.
- Canvas inbox is the private email system included in the LMS. This is a "closed" system. Students, parents, and teachers may only use it to communicate with each other, and are protected from spam, contact from strangers, and other mainstream email issues.
- Notifications, announcements, and other school details are sent via ParentSquare, allowing for timely communication between school staff, parents, and students.
- Other examples of support to be provided for parent involvement activities include, but are not limited to: providing multiple ways to attend meetings (face-to-face, phone, Zoom, LiveClass, and recordings), a private regional Facebook page for parent interactions, translating materials upon request, and holding one-on-one meetings and so forth.

2.3 Accessibility

In carrying out the parent and family engagement requirements of Title I, Part A, California Online Public Schools, to the extent practicable, shall provide opportunities for the informed participation of parents and family members (including parents and family members who have limited English proficiency, parents and family members with disabilities, and parents and family members of migratory children), including providing information and school reports required under section 1111 of the ESEA (20 U.S.C. § 6311), as amended by ESSA, in a format and, to the extent practicable, in a language such parents understand. (20 U.S.C. § 6318[f])

- California Online Public Schools make effective use of all available technologies to distribute information to parents.
- In addition, parents are encouraged to set up conferences to discuss their student's performance.
- Regular school communications announce upcoming school events and are available online to all parents.
- Certain critical communications may also be provided in print format. For example, the parent training modules are available in print as well as online, and official communications from the schools about withdrawals are also provided via hard-copy mail.
- The school also develops and makes available via the school website a Family and Student Policy Catalog that details all policies specific to the schools. Translated materials and materials in alternative formats (e.g., for those who have difficulty with their vision) are made available upon request.

2.4 School-Parent Compact

As a component of the school-level parent and family engagement policy, each school served under this part shall jointly develop with parents for all children served under this part a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the state's high standards. The school-parent compact shall carry out the following requirements: (20 U.S.C. § 6318[d])

a) **Describe the school's responsibility to provide high-quality curriculum and instruction in a supportive and effective learning environment that enables the children served under Title I, Part A to meet the challenging state academic standards, and the ways in which each parent will be responsible for supporting their children's learning; volunteering in their child's classroom; and participating, as appropriate, in decisions relating to the education of their children and positive use of extracurricular time. (20 U.S.C. § 6318[d][1])**

   California Online Public Schools has a responsibility to provide high-quality curriculum and instruction to all of its students. The CalOPS Board of Directors approves the curriculum, textbook, and instructional material selections annually; therefore, all students receive online and offline materials needed to complete their course of study. The curriculum, including assessments, is aligned to the California Common Core State Standards, California Content Standards, and Next Generation Science Standards, as adopted by the State Board of Education for English-Language Arts, Mathematics, Health Education, History-Social Science, Physical Education, Science, and World Languages. Additional alignments are conducted for "a" to "g" guidelines.

   During the school year, teachers and parents communicate regularly via email, telephone, Zoom, LiveClass, and parent notification systems. Teachers formally conference with parents

regularly. In addition, parents are directly involved in checking daily student work for completeness and may view student grades and other progress indicators in real time. Progress reports are available to parents at least quarterly for every student. Parents receive notifications from the school about student attendance and participation in various aspects of the program.

Parents understand that their participation in their child's education will positively impact their child's achievement and attitude. Therefore, they will do their best to:

- Ensure that their child attends/participates in school regularly.
- Ensure that their child uses positive school behavior.
- Encourage positive use of their child's additional/non-school time.
- Establish a time and quiet place for their child to complete schoolwork and support effort, completion, and correctness.

b) **Address the importance of communication between teachers and parents on an ongoing basis through, at a minimum, the following: (20 U.S.C. § 6318[d][2])**

1. **Parent-teacher conferences in elementary schools, at least annually, during which the compact shall be discussed as the compact relates to the individual child's achievement. (20 U.S.C. § 6318[d][2][A])**

   California Online Public Schools hold parent-teacher conferences during which the School-Parent Compact is discussed as it relates to the individual child's achievement. If there are performance concerns, or if students are falling behind and in escalation, the student's teacher contacts parents via phone and/or email and includes other teaching or administrative staff as needed. The call focuses on the student's performance and what actions need to occur to get the student back on track. Teachers may also set up an in-person meeting to discuss any student or parent concerns and to work collaboratively to set goals and identify a timeline for improvement.

2. **Frequent reports to parents on their children's progress. (20 U.S.C. § 6318[d][2][B])**

   During the school year, teachers and parents communicate regularly via email, telephone, Zoom, and LiveClass sessions. Teachers formally conference with parents regularly. In addition, parents are directly involved in checking daily student work for completeness and may view student grades and other progress indicators in real time. Progress reports are available to parents at least quarterly for every student. Parents receive notifications from the school about student attendance and participation in various aspects of the program.

3. **Reasonable access to staff, opportunities to volunteer and participate in their child's class, and observation of classroom activities. (20 U.S.C. § 6318[d][2][C])**

   Parents have multiple opportunities to shape the overall school experience. They can volunteer to assist teachers with virtual student activities, serve on the school's Board of Directors, hold an office on the ELAC committee, as well as participate in Title I planning meetings. Parents, Caregivers, and families may volunteer for the school; however, volunteering is not required.

4. **Ensuring regular two-way, meaningful communication between family members and school staff, and, to the extent practicable, in a language that family members can understand. (20 U.S.C. § 6318[d][2][D])**

We will provide opportunities for regular communication between parents and teachers through:

- Parent-teacher conferences;
- Frequent reports about your child's progress;
- Opportunities to talk to staff and review classroom activities;
- Ensuring regular communication between family members and school staff to the extent possible, in a language that family members can understand.

***The policy will be updated periodically to meet changing needs of parents and family members and the school. If the school has a process in place for involving parents and family members in planning and designing the school's programs, the school may use that process if it includes adequate representation of parents and family members of children receiving Title I, Part A services.*

California Online Public Schools
2026-27 Fiscal Policy

Introduction

Background

California Online Public Schools ("CalOPS") is a California public benefit corporation (the "Organization") with non-profit status from the IRS that operates a network of public charter schools known as California Online Public Schools. This network of charter schools is referred to as the School or Schools in this policy. CalOPS' Chief Executive Officer is known as the Superintendents. In areas of this policy that refers to any delegated superintendent, they will be known as the Executive Cabinet.

Purpose

The Board of CalOPS believes in implementing and following fiscal management practices to ensure that CalOPS' funds are appropriately managed, to safeguard its assets, outline and enforce internal policies, and provide guidelines that are compliant with state and federal laws and regulations. In addition, this policy is to ensure that the financial decisions made by CalOPS leadership and its Board support CalOPS' and its schools' mission while providing confidence and integrity to the public as recipients of public funds. Lastly, the policy and procedures will provide direction to help avoid any liability that could be attributed to the Board resulting from mismanagement.

The Organization refers to the "California Charter School Accounting and Best Practices Manual" developed by Fiscal Control and Management Assistance Team (FCMAT) for guidance in the reviewing and updating of these policies.

This Fiscal Policy and Procedures document includes policies on internal controls, legal compliance, conflicts of interest, as well as other financial and accounting procedures and protocols, such as budget development, authorized signers, use of credit cards, employee reimbursements, purchasing, payroll processing, and any other area pertinent to financial management. The Fiscal Policy and Procedures are intended to align with the School's charter petition and any Memoranda of Understanding (MOU) with its authorizing entity.

Compliance

Legal Compliance

The Schools will follow all the relevant laws and regulations that apply to California charter schools. Additionally, any applicable state and federal laws and regulations related to grant funding received by the Schools will be followed. The Executive Cabinet will ensure that where there are specific requirements or restrictions on the expenditures of grant or categorical funds CalOPS will see that these requirements are met.

Use of Public Funds

All monies received by CalOPs are considered public funds. The overarching principle in the spending of school funds is that all expenditures must clearly and directly be necessary and benefit the schools and support their purpose to provide a quality free education to the students within its eligible boundaries.

Nonpublic funds are dollars that are collected and retained by outside organizations such as booster organizations, associations and foundations. This also includes employee association accounts. The

schools and the nonprofit shall not act as custodian for privately funded monies of a separately maintained agency fund or account, such as a staff social fund paid for exclusively by employee contributions.

To protect from the misuse of public money, the use of school funds should be to provide a benefit to the public, and not to benefit any individual, employee, corporation or other agency. The public funds of the Organization and its Schools may be expended if a direct and substantial public purpose is served by the expenditure and private individuals are only benefitted incidentally by the promotion of the public purpose. Even if an expenditure has a noble or virtuous purpose (such as supporting an employee experiencing a loss), or a moral or justifiable obligation (such as gratitude for services provided), this is not sufficient to determine that a public benefit exists. If expenditures provide a direct and tangible benefit to students' education, such as for staffing costs, materials, software, administrative expenses, etc., then these are easily justified as providing the public benefit of educating the Schools' students. For expenditures which are not as direct or tangible, the Board must make a determination of the public purpose prior to expenditure of these funds. This may be done via the budgeting process, and/or on a case-by-case basis as needed.

When considering the use of public funds and whether an expenditure is appropriate, the schools and their board will consider the public scrutiny test outlined below:

- Is the expenditure within policy and how will it benefit the mission of our program and the success of our students?
- Will the tax-paying public view the expenditure as necessary to support public education?
- Can the expenditure be defended to a person outside of the organization?
- Would it pass the "smell test"?

Any expenditure that is not board approved and/or that does not benefit the schools' mission or our students will be denied. Any expenditure found to be an unlawful use of public funds will not be reimbursed and the employee may be subject to disciplinary action including legal liability, taxpayer lawsuits, civil and criminal penalties (California Government Code Section 8314 and Penal Code Section 424).

Please refer to the list of allowable and unallowable expenses based on standard FCMAT policies:

Political Contributions

As a 501(c)(3) organization, no funds or assets of CalOPS may be contributed to any political party or organization or to any individual who either holds public office or is a candidate for public office. The direct or indirect use of any funds or other assets of the schools for political contributions in any form, whether in cash or other property, services, or the use of facilities, is strictly prohibited. CalOPS also cannot be involved with any committee or other organization that raises funds for political purposes.

Following are examples of prohibited activities:

- Contributions and/or endorsements by an employee that are reimbursed through expense accounts or in other ways.
- Purchase by the organization of tickets for political fundraising events.
- Expenditures for political advertisements.
- Contributions in kind, such as lending employees to political parties or using the Schools' assets in political campaigns.
- Endorsement of or opposition to any ballot measure.

The Schools and Organization may expend a limited amount of funds on lobbying efforts on legislative matters which may have an impact on the Schools or Organization, such as proposed, pending or current legislative bills, and regulations. Typically, the resources used for this type of allowable activity would be a small amount of staff time to contact or meet with legislators. Staff time and other costs, if applicable, for such activities will be estimated annually and reported with the best estimate of cost on CalOPS' tax returns.

The Schools will comply with any other federal and state laws and regulations regarding political contributions, lobbying, and expenditures. No federal funds, or assets obtained from federal funds, may be used for any political purposes.

CalOPS' employees, Board members, and other representatives may engage in the above political activities on their own time, using their own personal assets and resources, however, they may not act or appear to be acting on behalf of the Schools or Organization, and may not use Organization resources to assist any non-allowable political activities. If the title of a school employee is used, it shall be used for name identification purposes only.

Record Keeping

To provide an accurate and auditable record of all financial transactions, the Schools' books, records, and accounts are maintained in conformity with the Generally Accepted Accounting Principles (GAAP) as applicable to Charter Schools.

Transaction ledgers, invoices, receipts, canceled/duplicate checks, attendance and entitlement records, payroll records, and any other necessary fiscal documents will be maintained by the Organization in accordance with applicable state law, and as required in any contract or agreement, in a secure location for at least seven (7) years as set out in the Records Retention policy, or as long as required by applicable law, whichever is longer. Appropriate back-up copies of electronic and paper documentation, including financial and attendance accounting data, will be regularly prepared and stored electronically. Paper documents may be compiled and stored in an on-site or off-site location after completion of the annual audit. The Schools will not typically charge for the costs of copying records when records are being requested by an oversight agency, through a subpoena, or in accordance with public records regulations, however, the Schools reserve the right to do so at a rate not to exceed twenty-five cents ($0.25) per page. The School will attempt to provide records electronically, however, the actual cost of mailing records may be charged to the requestor. Copying charges only apply to the cost of reproduction, not to time spent searching for records. However, if electronic records are requested, the time needed to create an electronic version may be charged to the requestor.

Further, the School specifically requires that:

- No funds or accounts may be established or maintained for purposes that are not fully and accurately described within the books and records of the Charter School.
- Receipts and disbursements must be fully and accurately described in the books and records.
- No false entries may be made on the books or records nor any false or misleading reports issued.
- Payments may be made only to the contracting party and only for the actual Services rendered or products delivered. No false or fictitious invoices may be paid.

The Executive Cabinet and the appropriate support staff will work together to provide access to the School's financial records to School's charter authorizer upon reasonable request, including supporting records as requested.

Financial Oversight and Reporting

Key Stakeholders

Board of Directors

Superintendents

Director of Finance

Assistant Directors

Financial Service Provider

Finance Department

The CalOPs Board is committed to reviewing and adopting the Fiscal Policy and Procedures routinely and will revise the policies if laws or regulations change during the fiscal year. This ensures the most effective use of the School's funds to support its mission and assures that the funds are budgeted, accounted for, expended, and maintained appropriately.

The Director of Finance, under the management of the Executive Cabinet, has responsibility for all operations and activities related to financial management. However, the Superintendents can appoint or delegate someone else to perform the responsibilities as needed.

Financial duties and responsibilities must be separated between the Director of Finance, Assistant Directors, Financial Service Provider, and other key members of the Finance Department to ensure that no single employee has sole control over authorizing transactions, recording financial transactions, and custody of assets.

Budget Reporting Cycle

- Adopted Budget (submitted by July 1st)
- First Interim Financial Report (submitted by December 15th)
- Second Interim Financial Report (submitted by March 15th)
- Unaudited Actuals Report (submitted by September 15th)
- Audited Financial Statements (submitted by January 31)

Budget

The Director of Finance, in consultation with the Executive Cabinet and with recommendations from the Financial Services Provider and other appropriate school staff, prepares an annual budget of revenues and expenses for Board approval. Budgets can be reviewed and modified as necessary throughout the school year to account for enrollment and revenue changes. Any adjustments to the budget will be approved by the Board at the time of the First Interim Report, Second Interim Report or any other time throughout the school year. These forward-looking budgets and projections are reviewed and approved by the Board at an open and public meeting prior to July 1st annually. Approved annual operating budgets will be submitted to appropriate entities required by law in the format required by statute and/or regulation and/or contractual agreements, and by any required deadlines.

- Budgets will be prepared that show the revenues and expenditures and financial position for each School, as well as the CalOPS as a whole.

- The fiscal year (budget year) of the school is July 1st through June 30th. The appropriate accounting period is used for all adjusting entries and accruals.
- Financial statements displaying budget vs. actuals are prepared by the Financial Service Provider with the support of the Director of Finance and are to be reviewed by the Executive Cabinet and are presented to the Board at regular Board meetings. In the event that there is more than one regular Board meeting in a month, it shall only be presented at one of the meetings.
- All employees shall follow the Board-approved budgets, with exceptions approved by the Board through revisions to the budget.

Budget Development Process:

The budget development process starts with a review of the Governor's proposed state budget for the upcoming fiscal year. This is typically shared in January and identifies the likely range of revenues for the school's upcoming fiscal year, as well as any cost-of-living adjustments. Once the revenue estimates are complete, projected enrollment changes and expenditures are discussed and are prepared for the remainder of the budget. This process includes a concise examination of staffing levels, fixed costs, discretionary spending, legal, auditing and facilities costs. Additional data from the department leaders such as usage, success rates, ease of use, department goals, and needs should also be considered for key program expenditures such as curriculum, professional development, systems, and supplies. Decisions should be finalized during the Leadership Retreat in March/April annually. The Financial Service Provider will input the financial decisions made by CalOPS into the agreed upon budget template to be approved by the Board.

The Governor's annual "May Revise" budget is made public in the spring and outlines the funding projection that will likely be included in the final state budget for the next fiscal year. With this information, the Director of Finance, Executive Cabinet, and all other key parties will work together and make any adjustments to the budget draft. This process involves a thorough review of the budget in its draft form to make sure all spending requirements set by law, contractual agreement, or otherwise are met. Finally, a five‑year budget projection is developed in accordance with the schools' established strategic and growth plans before providing it to the Board for approval by July 1.

CalOPS will maintain a minimum reserve of 3% at the end of every current school year and two subsequent fiscal years, while working toward establishing and sustaining a 10% reserve. The board is notified immediately with a plan and/or explanation when the reserve is projected to drop below this threshold. Reserves in excess of 10% will be taken into consideration to fulfill school needs outlined in the Components of the End Fund Balance section of the budget.

In addition to the budget, cash flow analysis (when needed throughout the budget cycle), budget projections, and budget revisions will be prepared periodically during the year to adjust for changes in revenue or expenses.

Budget Updates:

The Board-approved budgets will act as living documents throughout the school year. They will be used to monitor the financial health of the school and aid the Executive Cabinet as expenditures are considered throughout the year that were not previously budgeted for and have since been identified as a need. Budget updates will be prepared and presented to the Board of Directors for approval by the Director of Finance and Executive Cabinet with the support of the Financial Service Provider. Budget updates will be considered, and in some cases required, throughout the year. The Board will approve the first interim and second interim budget reports.

The preferred first update is the day after census day, when attendance numbers are provided to the state as an official count of the students to determine the schools initial funding. At this time, the ADA

projected and used to calculate revenues built in the initial budget should be compared to the census day number to ensure all the schools will get the revenue planned for to continue spending as planned in the approved budget.

The other two updates should occur during the First Interim and Second Interim reporting process. During these times, the Director of Finance, Executive Cabinet, and the Financial Service Provider will review actual revenue and expenditure data for monies received and spent for the current fiscal year to show the financial health of the schools, with consideration to the budget and other forecasted variables. Any findings and adjustments, under spending or over spending, would be identified during this time and transferred to the budget in the form of a Budget Update.

Financial Management

CalOPS and its schools' funds will be budgeted, accounted for, expended, and maintained in an appropriate fashion and in accordance with applicable Federal and State requirements. The Organization will maintain their accounting records and related financial reports on the modified accrual basis of accounting throughout the year and full accrual accounting at each year end. Each school within the organization will have its own financial records as necessary to allow for the review of the revenues and financial position of each School independently. Shared expenses are to be allocated and recorded on the basis of schools' enrollment relative to the total enrollment for the organization.

Financial Reporting

The Director of Finance or designee working in conjunction with the Financial Service Provider, will produce and submit to the charter granting agency any and all required fiscal reports as may be required by state or federal law, or mandated by the terms of the schools' charter. These include, but are not limited to, attendance reports, enrollment and other data reports required by the California Basic Education Date System, and other related data. Additional reporting required by the SELPA, Department of Education or other entity will be prepared in the same manner.

The Board will be provided with all reports required by law for Board approval. The Board may request copies of any other reports at any time through the Director of Finance or Executive Cabinet.

The following reports will be prepared on a monthly basis, except in months when the Board is not meeting, by the Financial Service Provider, reviewed by the Director of Finance, and reported to the Board and/or its Treasurer.

- Revenue and Expense Statement for the current fiscal year – showing actual results for the months already past and forecasts for future months
- Balance Sheet(s)
- Payroll Registers and/or compensation summaries
- Monthly Check Registry

Corporate Tax Returns

The Board will annually engage someone to prepare and submit the annual tax returns (Form 990 and Form 199) for the corporation, CalOPS. The Board (and/or the Audit Committee of the Board) will annually review its policies and practices to be sure it is complying with any regulations or requirements of the Internal Revenue Service. Prior to submission of the tax returns, the Director of Finance, other designated staff of the school, and/or Financial Service Provider will review the tax returns for accuracy. Following completion of a final draft of the tax returns, the Board will receive and review the returns prior to the submission deadline. Appropriate extensions may be filed when needed. Typically, an annual extension from the November deadline to May is expected as the annual audit has not yet been conducted

prior to November 15. Other extensions may be filed if necessary to allow for thorough preparation and review of the tax returns prior to submission.

Internal Controls

CalOPS will maintain the following principles in its ongoing fiscal management practices to ensure that, (1) expenditures are authorized by and in accordance with amounts specified in the board-adopted budget, (2) the Organization and Schools' funds are managed and held in a manner that provides a high degree of protection of CalOPS' assets, and (3) all transactions are recorded and documented in an appropriate manner. Additionally, as a publicly supported entity, the school acknowledges the additional responsibility to ensure the public's confidence and the integrity of the schools' activities.

To help ensure adequate internal controls, the School has established, implemented, and maintained these policies and procedures based on laws, regulations, and sound business principles and communicates them to those involved (e.g., School staff). It is essential that all employees, volunteers, and students (when necessary) be aware of expectations regarding internal accounting controls. The District Office provides annual training for all individuals who are expected to follow these policies and carry out their procedures. The Executive Cabinet will ensure that, wherever possible, more than one person is trained for each function (cross-training).

The internal controls that are outlined in this policy have been put in place to help prevent fraud and malfeasance through a number of checks and balances embedded in each financial task. They include maintaining multiple layers of fiscal oversight in our policies and procedures at all times.

- An independent financial auditor conducts annual financial audits. This selection will be board approved and shared with our authorizers annually by the date required by law.
- A Financial Service Provider is used to: compile financial statements for reporting purposes to stakeholders, input and review external transactions, ensure proper segregation of duties, disburse funds (e.g. check writing), and ensure fiscal compliance.
- The Board of Directors is provided all major financial statements and financial reports to approve during the subsequent board meeting.
- The Director of Finance or designee authorizes reimbursements and the use of credit cards by key executives (i.e. executive cabinet members, directors, assistant directors, principals and assistant principals)
- Major financial statements (e.g. Audited Financial Statements) are provided on the school's website.
- Financial presentations are made routinely at Board meetings, which are attended by Executive Cabinet, board members, other stakeholders and members of the public.

If issues with the School's internal controls are identified through any means, the superintendents will inform the Board and will work to address such issues as soon as possible.

The basic components of internal controls, set forth in this policy, include the following:

- Segregation of duties
- System of checks and balances
- Staff cross-training
- Controlled use of pre-numbered documents, i.e., checks
- Asset security and restricted access

- Timely reconciliations
- Up-to-date inventory records
- Appropriate review and approval of transactions
- Comprehensive, up-to-date annual budget
- Expectation that all staff will follow all internal controls

Audit

The Board shall contract for the services of an independent public accountant to perform an annual fiscal audit in compliance with State law. The audit shall cover the business of the CalOPS and each of its Schools during the full fiscal year; be a financial audit conducted in accordance with generally accepted auditing standards; and, include, but not be limited to all audit procedures contained in the California K-12 Audit Guide. The audit shall be completed and submitted to the Board for review at a public meeting as soon as reasonably possible following the close of the fiscal year for which the audit is conducted. The audit report, after review by the Board of Directors, will be submitted to the Charter granting agency, California Department of Education, County Superintendent of Schools, and State Controller's Office by the date required by law of each year. The Schools will address any audit exceptions or adverse findings through audit correction plans.

The Audit engagement and review process may be conducted by the Board's Audit Committee (if one is formed) on behalf of the Board.

Segregation of Duties

To ensure proper internal controls, the duties of custody, approvals, recording, and reconciliation have been delegated and are kept separate. The segregation of duties is to avoid exposing the schools to a higher risk of potential cash skimming, delayed deposits, or other errors or irregularities by implementing a dual role processing system to avoid one sole person from being able to complete a financial related task from start to finish.

The following structures have been established and will be maintained with the oversight of the Director of Finance and the Executive Cabinet to properly segregate duties within CalOPS'. The Director of Finance, Assistant Directors of Finance, Executive Cabinet and the Financial Service Provider share the responsibility amongst themselves for authorizing, initiating, approving, and executing transactions; never completing two consecutive steps without a different approved staff completing the in-between step. The appropriate Finance Department staff and the Financial Service Provider are responsible for recording, reconciling, reporting, and reviewing transactions; never completing two consecutive steps without a different approved staff completing the in-between step. In this capacity, these individuals are responsible for:

- Setting a good example by following established policies and procedures.
- Ensuring that all staff, volunteers, and others associated with the schools are informed about and follow established policies and procedures.
- Providing continual assistance and training for all staff members involved in all aspects of financial management, including purchasing and procurement practices.
- Take immediate action when an infraction occurs.

CalOPS will develop and maintain Purchase Requisition, Purchase Order and Payment Request forms to document the authorization of non-payroll expenditures. Such documentation may be accepted via an electronic processing software, such as but not limited to DocuSign, through a designated procurement software or paper form. Any contracts or payments over one hundred thousand ($100,000) dollars must be approved by the Board of Directors before being entered into or sent to the vendor. All purchases must be

reviewed by a combination of the Finance Department, Director of Finance, Assistant Director of Finance and/or Executive Cabinet, please reference the Finance Department Handbook for specifics. All payments must be approved by the Director of Finance and an authorized bank signer, or the Director of Finance and two for amounts of five thousand ($5,000) dollars or more. If a purchase order is issued, and the subsequent invoice changes more than 10% during the time of the exchange of said goods and services, a new purchase order must be created and approved prior to the transaction being completed.

Expenditures that do not require a Purchase Requisition, Purchase Order, or Payment Request Form such as recurring or standard operating expenses can be paid in the form of a check, ACH or Wire transaction following the segregation of duties as outlined in the Finance Department Handbook. These duties start with a review from appropriate staff in the Finance Department, followed by oversight from the Director of Finance or designee, then signed by authorized bank signers before being sent to the Financial Service Provider for final processing. Any amount over five thousand ($5,000) dollars will require a signature from two authorized bank signers.

ACHs and wire transactions must be initiated by designated staff. The Director of Finance, Assistant Directors of Finance, the Executive Cabinet and the Financial Service Provider are responsible for authorizing, initiating, approving, and executing transactions; never completing two consecutive steps without a different approved staff member completing the in-between step. For instance, the Assistant Director of Finance can not initiate a payment he/she authorized nor can he/she approve it. Once payments have been processed, all supporting documentation is to be shared with the Financial Service Provider for proper accounting.

The Finance Department may issue California Online Public Schools district level credit cards. An employee(s) will be assigned to the California Online Public Schools credit card and must sign that they have received, understand and agree to the terms of the California Online Public Schools Credit Card Policy before issuance. Once in the possession of the credit card, they are solely responsible for all purchases on the card and for ensuring that the card is not used by unauthorized personnel. Card numbers may not be distributed and should not be saved on any public devices and/or unsecured online accounts. Credit cards are issued for business related expenses, specific to the district’s operational needs that have followed the established purchase approval process before the transaction is made. All purchases must also be within the guidelines of this policy. Misuse of the card will result in cancellation of the card, withdrawal of the employee's credit card privileges, and discipline up to and including potential termination of employment. If the card is used for an employee's personal expenses, California Online Public Schools reserves the right to recover these monies from the employee cardholder. The method will be up to the discretion of the Superintendent of California Online Public Schools.

In all cases, payments for operational services (lease payments, payroll and other taxes, ongoing marketing efforts, utilities, student-related-service providers, etc.) contracted by the schools, and previously approved by the Board do not need to be countersigned or dually approved. All transactions will be posted on an electronic general ledger by a bookkeeper or through the account manager assigned by the approved financial services provider. This ledger will be maintained either with the local contracted bookkeeper, or with the Financial Service Provider in alignment with the standardized account code structure (SACS) and generally accepted accounting principles (GAAP), and will be available upon request by CalOPS or any School at any time. To ensure segregation of recording and authorization, the bookkeeper or assigned account manager may not co-sign check requests or purchase orders or approve purchases or expenses.

New bank accounts or changes to existing bank accounts may be initiated by the Director of Finance, Superintendent or Board Chair with Board Approval. Each school is to have at least one account to receive and expend monies dedicated to the operational needs of the school. For all funds, the Board must appoint and approve all individuals authorized to sign checks or electronic payments in accordance with these policies. The Executive Cabinet, Director of Finance and the Assistant Director of Finance act

as the Account Administrators and will be responsible for managing access and the internal controls through a dual process initiation and approval process with no one person able to complete both steps. Bank access, including view only access, is to be limited to assigned board members, Superintendents, appropriate employees in the Finance Department, Director of Operations and Director of Educational Services and the Financial Service Provider unless otherwise approved by the Board of Directors. Money transfers outside of the internal accounts must follow a dual approval process limited to one Executive Cabinet member, the Director of Finance or Assistant Director of Finance, with no one person doing more than one step consecutively. Additionally, the Financial Service Provider may be given access to initiate and approve payroll transactions also using a dual initiation and approval process. Fraud protections, including but not limited to Positive Pay and ACH Block or the equivalent, will be established on all accounts and reviewed annually for the most secure options.

The Schools may hold funds received on behalf of the school in a county treasury account and passed through to CalOPS' commercial bank upon request of the Director of Finance, Executive Cabinet and/or board approved designee when required by the MOU. Transfer from these accounts may be pre-scheduled or per request. Requests can be initiated by the Superintendent, Director of Finance or designee or the Board Chair. Funds can be moved electronically or via check.

Cash and checks collected for CalOPS must be handled, verified and deposited by at least two different staff separately and recorded by the Finance Service Provider. At no time should one sole person perform two consecutive steps of the cash handling process. All persons handling cash on behalf of the schools must complete a mandatory training prior to participating in any collection of cash. All funds must be promptly logged in a receipt log and securely stored until transferred to the designated staff members for processing and deposit. Deposit will be reconciled by the Financial Service Provider at month end.

All agreements in the amount of one hundred thousand ($100,000) dollars or more require board approval. Unless otherwise authorized or designated by the Board, all contracts entered into by the CalOPS for a monetary amount over one hundred thousand ($100,000) dollars shall require the signature of the Superintendent or Board Chair. Routine contracts for the operation of the School such as for field trips, school events, state testing proctors and testing sites, janitorial services, other services etc. in a monetary amount of less than one hundred thousand ($100,000) dollars may be signed by the Executive Cabinet after full review from the Director of Finance. All contracts must be shared with the Finance team for recording keeping and oversight.

Fraud Protection

It is in the best interests of CalOPS to prevent fraud. Reporting of potential fraud is encouraged, and employees have access to the whistleblower policy included in the Employee Handbook. The employee policies also include a description of both unethical behavior and of the professional and ethical behavior expected of all employees of CalOPS. Methods to report unethical conduct are described, including confidential and anonymous methods to raise a concern or report fraudulent or otherwise illegal or unethical behavior. Creating a culture of professional and ethical behavior is an important goal which the leadership and management staff of CalOPS are responsible for.

Strong internal controls also prevent fraud and misuse of School funds. The administrative staff is responsible for creating and carrying out strong internal control processes, for being well informed about the various types of fraud, for creating a culture of accountability and honesty, and for implementing actions to limit the possibility of fraud. The internal controls, as described throughout this policy, help limit the opportunity, incentive, capability and rationalization which make fraud more likely, and also helps to identify the person suspected while excluding innocent individuals from suspicion.

The School's accounting data will be backed up regularly by the designated staff in the Finance Department and the Financial Service Provider to ensure the recoverability of financial information in the event of fraud or lost data due to other uncontrolled reasons. Further, the School specifically requires that:

- No funds or accounts may be established or maintained for purposes that are not fully and accurately described within the School's books and records.
- Receipts and disbursements must be fully and accurately described in the books and records.
- No false entries may be made on the books or records, or any false or misleading reports issued.
- Payments may be made only to the contracting party and only for the actual services rendered or products delivered. No false or fictitious invoices may be paid.
- All accounts will include the most up to date security functions such as ACH Block and Positive Pay.
- Employees are responsible for immediately reporting questionable or suspicious activity to their Supervisor, the Executive Cabinet or the Schools' Board of Directors. This includes reporting any concerns regarding the potentially improper activity. This could range from financial concerns such as theft or misstated financial statements to workplace concerns such as harassment, discrimination, safety issues, substance abuse, etc.

Conflict of Interest

CalOPS complies with all applicable laws regarding conflicts of interest and related party transactions, including, but not limited to, the California Corporations Code, the Political Reform Act, and Government Code section 1090.

It is the policy of CalOPS that all school officials, including board members, officers, and employees, shall not place themselves in any position where their private, personal interests may conflict with their official duties, or where they may directly or indirectly receive personal financial gain through direct or indirect personal influence. School decision-makers shall be neither personally nor financially interested in any contract made by them in their official capacity.

Related Party Transactions

Prohibited related party transactions shall include but not be limited to transactions between CalOPS and members of the Board, management, contracted management organization, employees, related individuals and affiliated contractors/consultants. Examples of related individuals within the scope of this definition include spouses, domestic partners, parents, children (natural adopted, legal or guardianship), step-relationships, spouses of children, grandparents, grandchildren, siblings, father-in-law, mother-in-law, sister-in-law and brother-in-law of a board member or school employee.

The schools will not be operated for the benefit of any affiliated or unaffiliated organization or any individual in his or her own private capacity or individuals related to the Charter School or members of its management, unless the private benefit is considered merely incidental. This private benefit preclusion will extend to:

A. Sale or exchange, or leasing, of property between the agency (Charter School) and an affiliated or unaffiliated organization or a private or related individual.

B. Furnishing of goods, services or facilities between the agency and an affiliated or unaffiliated organization or a private or related individual.

C. Payment of compensation, unless authorized by the Board of Directors, by the School to an affiliated or unaffiliated organization or a private or related individual.

D. Transfer to, use by, or for the benefit of a private or related individual of the income or assets of the Schools.

Nepotism

Nepotism describes a work-related situation in which there is the potential for favoritism toward a family member (such as giving a job, promotion, biased performance reviews, or more favorable working conditions) based on the familial relationship.

It is the policy of CalOPS to avoid Nepotism, which means to avoid creating or maintaining circumstances in which the appearance or possibility of favoritism, conflicts of interest, or management disruptions exist due to a relationship between a school decision-maker and his or her family member. This policy ensures effective supervision, internal discipline, security, safety, and positive morale in the workplace and to avoid the potential for problems of actual or perceived favoritism, conflicts in loyalty, discrimination, and appearances of impropriety or conflict of interest. This policy applies to all school board members, employees, individual consultants hired or retained by the school, and school services providers hired or retained by the School.

Relationships between School board members, employees, consultants, or school services providers are permissible under the following circumstances:

(a) Family Members of the School board members shall not be eligible for employment. Family members, for this purpose, shall be spouses, domestic partners, parents, children (natural adopted, legal or guardianship), step-relationships, spouses of children, grandparents, grandchildren, siblings, father-in-law, mother-in-law, sister-in-law and brother-in-law of a board member.

(b) Family members of employees, individual consultants, or school services providers shall not be hired for or retained in an employment position if one family member would have the authority or be in a position to supervise directly or indirectly, hire, or discharge the other.

(c) Any time an employee, individual consultant, or school services provider is a family member of another, the relationship shall not adversely impact work productivity or performance. The determination of whether there is an adverse impact shall be in the discretion of the supervisor(s) of the employee(s), consultant(s), or school services provider(s), or in the case of a board member, in the discretion of the school board of directors.

(d) Any time a board member, employee, individual consultant, or school services provider is a Family Member of another; the relationship shall not create an actual conflict of interest under the law and shall not create a detrimental perceived conflict of interest. The determination of whether there is a detrimental perceived conflict of interest shall be in the discretion of the supervisor (s) of the employee(s), consultant(s), or school services provider(s), or in the case of a board member, in the discretion of the school board of directors.

In implementing this policy, it is permissible to ask an applicant, potential consultant, or school services provider to state whether he or she has a family member who is presently employed by or on the Board of the school, but such information may not be used as a basis for an employment decision except as stated herein.

Human Resources shall coordinate with the current employee’s direct supervisor to develop appropriate plans to ensure that a family member’s employment does not conflict with this policy. If the situation cannot be resolved by a transfer, then Human Resources will deny the employment application.

Human Resources will investigate reports of nepotism and take appropriate action. Employees must immediately disclose changes in their personal situations to Human Resources, which may be covered by this policy. Supervisors may inquire about the family relationship between employees to determine the appropriateness of the working relationship under this policy. The Board shall make the final determination concerning potential conflicts with this policy involving the school decision makers.

Accounting

The accounting policies and financial reporting adopted are consistent with the not-for-profit requirements of the Financial Accounting Standards Board (FASB). FASB is the recognized standard setting body for establishing not-for-profit accounting and financial reporting principles.

The accounts of the Schools are organized on a basis of the California School Account Code Structure or SACS. The operations of the fund are accounted for by providing a separate set of self-balancing accounts, which comprise its assets, liabilities, net assets, revenues and expenditures.

General Operating Fund

This fund of each respective school is used to account for all financial resources associated with the operation of each respective school.

Inter-school Transfers, Intra-organizational Loans and Blending of Funds

The Organization governs and operates multiple charter schools. It is important to keep accurate fiscal records for each school separately as each is its own Local Educational Agency for funding purposes, and each has its own authorizer and serves students in different counties. It is also important to maximize efficiency of operations and keep fiscal records for CalOPS as a whole. For this reason, funds from the different Schools may be commingled but shall not be blended, as defined below.

Commingling mixes or joins funds, however the origin and use must be identified or source and the use of the funds must always be traceable to the school originally allocated to, audited and documented. Funds may be mixed together, but they shall be accounted for separately.

Blending occurs when the origin, identity, source or use of the funds is lost or unidentifiable, and the transaction cannot be traced. The source of funds must be matched with the use of funds, and if the funds sources and uses cannot be tracked to the origin, identity and purpose, then the funds would be considered blended and the transaction is not auditable. Blending of funds should not occur.

Commingling of funds to such an extent that the funds become blended is prohibited. Inter-fund or inter-school loans and due to/due from transactions are allowable with advance Board approval and in accordance with the standards set forth in the FCMAT Charter School Accounting Manual. Because one non-profit corporation with one federal identification number oversees and operates multiple charter schools, allocation of expenses will take place, however, the accounting system and methods will be in place to ensure that blending of funds does not take place. In occurrences where school expenses are shared, central costs can be allocated to the schools based on a rational calculation of attendance percentages.

Transfer of Special Education funding between Schools of the Organization is not allowed under the policies of the Special Education Local Plan Area unless it is done in accordance with the Board-approved Fund Reallocation Policy. The organization shall avoid any transfer of Special Education funds between schools, as best as possible.

If there is a need for one School to access funds from a different School in CalOPS, temporary transfer of funds is allowable from a school with surplus funds to a school in need of funds. This type of transfer will take place as an Intra-Organizational Loan with Board approval and with the following terms:

- All intra-organizational receivables and payables that are settled or result in a zero balance as of the end of the fiscal year, as of the time the books for each school are closed, are not subject to any repayment terms or interest accruals.
- Any intra-organizational receivables and payables that are not settled to a zero balance as of the end of the fiscal year (as of the time the books for each school are closed) may be converted to an

intra-organizational loan agreement, which will include the terms of repayment, the interest rate, which, if not zero, shall be reasonable, and the duration of the loan. The final terms of such a loan are subject to approval by the Board at the next regular meeting, but no later than prior to the completion of the annual audits.

Revenues

The Schools will record revenue on the modified accrual basis of accounting, consistent with generally accepted accounting principles applicable to special-purpose governmental units.

Reserves and Fund Balance

Each School will maintain a minimum cumulative ending fund balance equal to 3% of the annual expenditures, with an ideal target of 10% of annual expenditures. However, one purpose of the reserve funds is the use in a year when revenue is lower so that school services and programs do not need to be reduced. The cumulative ending fund balance, otherwise known as the School's Reserves, will be considered "Unassigned/Unappropriated" unless the Board takes action to assign some or all of the Reserves to a particular designation.

Expenditures

Expenses will be recorded on a full accrual basis, if material, because they are always measurable when they are incurred.

Cash Management

A schedule of aged accounts and grants receivable is prepared monthly for each school. Aged account payables and receivables are also reflected in regular financial materials provided to the Director of Finance and key members of the Finance Department. Appropriate collection procedures are initiated, when necessary.

Outstanding checks aged over ninety days from the issue date will be flagged as outstanding and reviewed. After 180 days, the Finance Department will initiate follow-up procedures. This includes:

- Confirming with the vendor or payee whether the check was received.
- Reviewing mail delivery status and payment address.
- Determining if the check is lost or requires reissuance.

The Finance Department is responsible for tracking all receivables owed to CalOPS, including vendor credits, state or federal monies and third-party payments related to services or grants. No check should be withheld from the deposit unless it is legally imperfect (e.g., no maker signature). All accounts receivable entries must be recorded in the financial system with appropriate documentation and reviewed as part of the reconciliation process.

CalOPS reserves the right to collect payment for any fees incurred due to checks that are returned for insufficient funds or other bank-related issues. The School should never provide cash to any individual or organization in exchange for their personal checks.

Credit memos and adjustments must be reviewed and approved by the Director of Finance or designee. All write-offs or uncollectible balances must be presented to the Superintendent for review and documented in the schools' financial records.

Electronic Cash Collections

CalOPS may accept electronic payments for approved activities through board-approved platforms such as Zelle or similar systems. All payments must be directed to official CalOPS accounts designated by the

Finance Department. Under no circumstance may payments be sent to or accepted through personal accounts.

General Ledger

Each school will maintain its own accounting system, General Ledger activity and General Ledger closeout. To ensure that all General Ledger entries are current, accurate, and complete major controls have been established.

1. Timeliness of Entries — All entries are made soon after the underlying accounting event to ensure the financial records and reporting is current.
2. Support Documentation — All entries are supported by adequate documentation that clearly shows the justification and authorization for the transaction.
3. Audit Trail — A complete audit trail is maintained by the use of reference codes from source documentation through the books of original entry and General Ledger to periodic reporting statements.

At the end of each month, a trial balance of all General Ledger accounts is prepared by the Financial Service Provider and reviewed by the Director of Finance. At the end of the fiscal year and after the annual audit, all income and expense accounts are closed out; and the general ledger balances must be aligned to the audited financial statements.

Compensations

Board Compensation

CalOPS Board members shall serve without compensation, but may be reimbursed for actual and necessary expenses incurred while engaging in CalOPS business. This may include communication stipends. All expenses need to be reasonable and allowable uses of public funds. All expenses reimbursed shall be documented by receipts and in no event may reimbursements exceed actual expenses.

The Board member incurring authorized expenses while carrying out the duties of the Schools will complete and sign a reimbursement report for the full board to review at the subsequent board meeting. The full Board will review the reimbursement report, and if they approve the report, it will be submitted to the Finance Department for payment.

Volunteer Compensation

Individuals volunteering with CalOPS shall do without compensation, but may be reimbursed for actual and necessary expenses incurred while engaging in CalOPS business. All expenses need to be reasonable and allowable uses of public funds and pre-approved by the Director of Finance or designee. Eligible travel expenses and amounts will follow the employee eligible expenses outlined in this policy.

Executive Compensation

At the time of hiring or increasing the compensation (including benefits costs) of any executive leadership position, the Board will review a comparison of salaries for such positions or positions with similar job duties at comparative schools or organizations and make a determination, to be recorded in the minutes of the Board, that the proposed compensation for each position is “just and reasonable”. The compensation study will be performed by an independent consultant or legal counsel who reports directly to the Board of Directors, not a subordinate of any of the executives.

Employee Compensation

Employees will be paid based on their position on the Board approved salary structure determined at the time of hire or most recent position change. Employees will be compensated based on their contract as a CalOPS employee under the following categories: full-time or part-time and 12-month or 10-month.

Discretionary Incentive Pay Policy

Qualifying employees of California Online Public Schools, a nonprofit public benefit corporation, may, from time-to-time, be awarded discretionary incentive pay subject to the terms and conditions of this Discretionary Incentive Pay Policy ("Policy").

Employer shall determine, with board approval, the following: (1) if any incentive pay will be awarded; (2) the amount of the incentive pay to be awarded; (3) additional eligibility factors for incentive pay, if any; (4) the recipients of the incentive pay; and (5) when incentive pay will be awarded and paid to recipients. Employees shall have no expectation of receiving any incentive pay under this Policy and there is no guarantee that an employee's receipt of incentive pay will result in receipt of any future incentive pay. This policy may be amended from time-to-time at the Employer's sole discretion, with Board approval.

Minimum Eligibility Requirements

To be eligible for incentive pay under this Policy, the employee must, at a minimum, be listed as a paid employee by the Employer on the date the payment is to be made. The Superintendent, with Board approval, may impose additional eligibility requirements in his or her sole discretion.

New Hire Payment

To help CalOPS hire the best possible candidates for employment and/or to fill those positions that are difficult to fill or are high-need, the schools have discretion to offer newly hired employees a one-time hiring incentive payment of up to ten thousand ($10,000) dollars per employee, with Board approval. CalOPS may award new hire payments where the Superintendent and Board agree that any of the following conditions exist: the position is in high need, there is a lack of qualified applicants, there is an urgency to fill the position, and/or any other relevant consideration.

Performance Payment

The Board has the ability to approve Performance Payments to encourage and reward excellent performance. Determination of such payments, shall be based on any of the following achievements or contributions by the employee as an individual or by the school as a whole: curriculum development, student performance improvements, positive evaluations, and/or any other relevant consideration. Employees must have advance administrative approval to undertake curriculum development or other projects that could qualify for a performance payment.

Independent Contractors

If the Organization or School engages anyone to provide services who are classified as an Independent Contractor, CalOPS will track and document the payments in a manner that will allow reporting to the IRS as required by law (https://www.irs.gov/businesses/smallbusinesses-self-employed/am-i-required-to-file-a-form-1099-or-other-information-return). A determination must be made in accordance with current state and federal guidelines as to whether a service provider qualifies as an Independent Contractor. If the contractor does not meet the currently recognized standards as an independent contractor, then that person will need to become an employee of CalOPS in order to provide the service. The Finance Department, the Financial Service Provider, and the Human Resources Department will be responsible for the required annual reporting for all Independent Contractors hired directly by CalOPS and will require appropriate documentation to support the proper reporting to the IRS and other applicable agencies, including

collecting an IRS W9 form from each contractor upon engagement, and then as needed when information is updated by the contractor.

Payroll

Payroll responsibilities are shared between the Human Resource Department, the Finance Department and the Financial Services Provider and consist of personnel requirements, personnel data, timekeeping, payroll processing and execution tasks.

All appropriate payroll‑related documentation must be provided to the Human Resource Department and filed with other relevant personnel data before any wages can be paid. Items include a federal I‑19 form, state and federal tax withholding forms, and an accounting of the use of sick leave.

The Human Resources Department will establish and oversee a system to prepare time and attendance reports and submit payroll data to the Financial Service Provider to prepare payroll checks, tax and retirement withholdings, tax statements, and to perform other payroll support functions. Payroll statements will be reviewed throughout the year to ensure that (1) the salaries are consistent with staff contracts and personnel policies and (2) the proper tax, retirement, disability, and other withholdings have been deducted and forwarded to the appropriate authority. Payroll is processed within 10 days after the period in which it is earned for hourly and salary employees and delivered on the 10th and 25th monthly with adjustments made for holidays and weekends to be delivered the last business day prior to. Finance will ensure adequate funding is available for each pay period, conduct reconciliations of aged payroll checks, issue stop payments and work with the Financial Service Provider to have payments reissued. Payroll payments can be reissued if lost once a payment is verified as not cashed/sent or if a check has been voided due to our aging checks policy. Stolen checks that have not been cashed may be reissued immediately. The Director of Finance must ensure a full investigation of the fraudulent activity is completed. Stolen checks that have been cashed may be reissued once a complete investigation with the school and the bank is conducted and a fraudulent activity claim has been made.

Timesheets

All hourly employees will be responsible for completing a timesheet including vacation, sick, and holiday time (if applicable). The employee and the appropriate supervisor will submit and approve the completed timesheet. Incomplete timesheets will be returned to the supervisor and employee for revisions before the pay period has been locked by the HR Payroll Team. If an employee is unexpectedly absent and therefore prevented from working the last day of the pay period or submitting in the timesheet (such as an employee calling in sick), the employee is responsible for notifying their supervisor or the HR Payroll Team to make other arrangements for the timesheet to be submitted on their behalf.

The designated Human Resource employee will maintain written records of all full-time employees' use of sick leave, vacation pay, and any other unpaid time.

1. The designated Human Resource employee will immediately notify the Executive Cabinet if an employee exceeds the accrued sick leave or vacation pay or has any other unpaid absences.

2. Records will be reconciled when requested by the employee. Each employee must

maintain personal contemporaneous records.

Overtime

Advanced approval in writing by the authorized supervisor is required for compensatory time and overtime. Overtime only applies to non-exempt employees and is defined as hours worked in excess of eight (8) hours within a day. Any hours worked in excess of an employee's regular work schedule must be

pre-approved by the supervisor, unless it is prompted by an emergency. Overtime will not be granted on a routine basis and is only reserved for extraordinary or unforeseen circumstances. If a supervisor identifies a recurring need for overtime in any given position, the supervisor should immediately consult with the Executive Cabinet and Director of Finance for further guidance.

Payroll Taxes and Reporting

The Financial Service Provider will prepare payroll check summaries, tax and withholding summaries, and other payroll tracking summaries based on the reporting submitted. The Financial Service Provider will also prepare the state and federal quarterly and annual payroll tax forms for income tax withholdings, Social Security and Medicare and submit the forms to the respective agencies on behalf of the school. The Financial Service Provider will prepare the quarterly state returns for unemployment and disability, review the forms with the Human Resource Department, and submit the forms to the state on behalf of the school upon request.

Student Attendance Accounting

The Director of Finance or designee, in consultation with the Director of Operations and the Executive Cabinet, will establish and maintain an appropriate attendance accounting system to ensure each School claims only the average daily attendance that it is entitled to under state law. The annual audit will review actual attendance accounting records and practices to ensure compliance. The attendance accounting practices will be in conformance with the Charter Schools Act and the applicable California regulations defining Charter School Average Daily Attendance (ADA). In doing so,

1. ADA will be computed by dividing the actual number of days of student attendance by the number of calendar days of instruction by the School.
2. The School's instructional calendar will include at least 180 days of instruction to avoid the fiscal penalty for providing fewer than 180 days of instruction as provided by regulations. The calendar must also document that the school offers an amount of annual minutes of instruction as required pursuant to applicable law.
3. Independent study must be pre-arranged by the student's parent or guardian and the School and that the parent or guardian will be required to complete and submit documentation of engagement in instructional activity to the school in our student learning platforms as outlined by the school during orientation. Such study shall be in full compliance with law governing independent study.

Property and Liability Insurance

CalOPS shall ensure that it retains appropriate property and liability coverage in accordance with the respective state law. Directors and Officers liability insurance for the Board shall also be obtained. Insurance will be kept in force at all times with any minimum limits as outlined in the charter and state law. Certificates of insurance and/or additional insurance requirements will be provided upon request in order to meet the needs of CalOPS. CalOPS may also seek out and obtain additional insurance coverage, upon approval by the Board, if in the best interests of the Organization.

Assets and Liabilities

Bank Accounts

Bank Accounts for the indicated purpose and limitation(s) have been authorized by the Board of the Schools at a Federal Deposit Insurance Corporation (FDIC)-insured bank.

Petty Cash

The Executive Cabinet has the ability to allow each CalOPS office to maintain a petty cash fund not to exceed three hundred ($300) Dollars. Petty cash may be used for minor school-related expenses under fifty ($50) dollars and will be reconciled monthly. When this option is enacted, if the balance drops below one hundred ($100) dollars, the front desk designee may request a replenishment from the Finance Department using a completed Petty Cash Replenishment Form and attached receipts. Receipts must accompany all disbursements.

All use of petty cash requires pre-approval from the Director of Finance or a designated staff member in the Finance Department. Unauthorized or undocumented use of petty cash may result in denial of reimbursement, revocation of access, and referral to Human Resources for potential disciplinary action.

Accounts Payable

Only valid accounts payable transactions based on documented vendor invoices, receiving reports or other approved documentation are recorded as accounts payable.

CalOPS will pay its vendors via check, ACH or wire transfers. Vendors are required to submit all invoices to finance@californiaops.com, sped-finance@californiaops.org or via mail. Vendors and suppliers are paid as their payment terms require, taking advantage of any discounts offered. If cash flow problems exist, payments are made on a greatest dependency/greatest need basis or as determined by the Director of Finance.

Accrued Liabilities

Accounting entries that reflect expenses that have not yet been paid or logged under accounts

payable during an accounting period will be considered and recorded as accrued liabilities. Some costs are salaries, wages earned, and payroll taxes, together with professional fees, rent, and insurance costs incurred, but unpaid, are reflected as an accrued liability when entitlement to payment occurs.

Liability for Compensated Absences

Payroll and the accounting teams will work together to appropriately record compensation that arises from employees' absences from employment due to personal time off leave. When CalOPS expects to pay an employee for such compensated absences, a liability for the estimated probable future payments are accrued if all of the following conditions are met:

a. The employee's right to receive compensation for the future absences is attributable to services already performed by the employee.

b. The employee's right to receive the compensation for the future absences is vested or accumulates.

c. It is probable that the compensation will be paid.

d. The amount of compensation is reasonably estimable.

Compensated absences that are not required to be paid upon employee termination (e.g., paid sick leave) are only recorded when paid.

Debt

When applicable, short-term debt consists of financing expected to be paid within one year of the date of the annual audited financial statements. Long-term debt consists of financing that is not expected to be repaid within one year and is recorded in the general ledger.

Loans, lines of credit, and other debt incurred on behalf of the Schools must be approved by the Board, and must specify all applicable terms, including the purpose of the loan, the interest rate and the repayment schedule. CalOPS and the Schools shall not make any loans to employees, Board members, or third parties.

Property and Facilities

Acquisitions and disposals of assets are carefully documented by the Finance Department with the support of the IT Department. There are two types of assets: depreciable assets, also known as capital assets (this includes land even though it is not depreciated), and assets the Schools will track for inventory purposes but not depreciate. When applicable, all assets purchased, shall be registered in the name of the CalOPS and not the name of an individual.

Cost basis is not the market value or list price of an asset; rather, it is the total amount invested in the purchase or the total amount paid, whether paid in cash or received in kind. The cost basis should include all charges related to the purchase, including the purchase price, sales tax, freight charges, and installation charges if applicable.

Asset purchases that cost Five Thousand ($5,000) Dollars or more and have a useful life of more than one year will be capitalized and depreciated. Remodeling of facilities and replacement of structural components are capitalized only when their cost exceeds Fifty Thousand ($50,000) Dollars.

The Financial Service Provider or local contractor shall establish, maintain and regularly update a listing of all equipment or furniture purchased by the Schools of with a value of over Five Thousand ($5,000) Dollars. When the individual piece of equipment or furniture has an initial value over Five Thousand ($5,000) Dollars it will be considered a capital asset rather than a noncapitalized expenditure. The listing shall include the original purchase price and date, a brief description, serial numbers or other identifying information when available, and other information appropriate for documenting the School's assets. The School shall maintain a separate segregated list of assets that were purchased with non-public funds, where applicable.

Inventory Management

The IT Department or designee shall establish and maintain an inventory of all non‑consumable goods and equipment worth over five hundred ($500) dollars. This inventory shall include the original purchase price and date, a brief description, serial numbers, and other information appropriate for documenting the School's assets. This property will be inventoried on an annual basis and lists of any missing property shall be presented to the Board.

Constructed or Donated Equipment

Any equipment constructed by School employees or donated to the School will be received and managed by the Finance Department if the item has a value of five hundred ($500) dollars or more. The report will include a complete description of the property, the date it was manufactured or received, the number of items, the cost or estimated value, and a statement indicating whether it was constructed by employees or donated.

Donated equipment becomes the property of the School. Also, the Superintendent or designee should approve the receipt of the donation. If the equipment has no reasonable use or purpose for the Schools, the donation should not be accepted.

Standard Issued Equipment

All individuals associated with CalOPS will be issued the established standard equipment based on their association with the school and responsibilities. Users are responsible for the security of the equipment and its contents and will be held responsible for mismanagement. No user may use any of the School's property, equipment, materials, or supplies for personal use. Equipment must be returned when the users association with the school concludes. All materials should be returned to the instructed location within 30 days following the separation.

Equipment recipients are responsible for storing their equipment and all passwords in a secure location. Any lost or damaged equipment should be reported to the IT department as soon as possible. The IT Department should determine the proper course of action and should notify the School's insurance carrier and any outside authorities if deemed appropriate. If the asset is not recovered, it can be removed from the asset records.

Board Issued Equipment

All CalOPS Board Members will be loaned equipment to facilitate communication and aid in the oversight of the Schools in respect to their outlined board responsibilities. These tools are to include but not limited to a standard ipad.

Staff Issued Equipment

All CalOPS staff will be issued a standard laptop, mouse, keyboard, monitor, and USB hub. Staff in specified departments may receive additional equipment based on their daily job responsibilities.

Student Issued Equipment

Students are issued at minimum a laptop, mouse, and keyboard. Other items can be issued if deemed warranted by the Executive Cabinet or outlined in a student's IEP. Equipment not documented in an IEP and over the amount of One Thousand ($1,000) Dollars will be shared with the Board in its subsequent board meeting package.

Disposal of Property and Equipment

No item of property or equipment shall be removed from the premises without prior approval from the Executive Cabinet and Director of Finance. When property is retired, the appropriate asset in the fixed asset schedule will be adjusted and properly reflected in the accounting system.

CalOPS will follow the established laws pertaining to the disposal of school district surplus and obsolete equipment.

Transfers of items between CalOPS sites require approval from the Superintendent or Director of Finance. If assistance with moving items is needed, the Equipment Transfer Request Form must be submitted to the Finance Department. Transfers of items will require the receiving School to compensate the sending School the fair market value of the equipment at the time of the transfer.

Items with an original cost over one thousand ($1,000) dollars cannot be disposed of without approval from the Superintendent or the Director of Finance in accordance with state and federal law. Items originally costing less than one thousand ($1,000) dollars may be disposed of locally at the discretion of the Director of Finance in accordance with state and federal law, but documentation of the disposal must be maintained. Under no circumstances are items to be given away or sold to students, staff, or others.

Surplus items that still have value to CalOPS (Excess Equipment) must go through evaluation and appropriate disposition. To request the removal of surplus items, the Surplus Equipment Declaration Form must be completed and submitted to the Finance Department. Items will be moved based on available resources and priorities. Information about functional surplus or excess items that may be available for use can be obtained from the Finance Department.

Leasing Agreements

A lease can be classified as either a finance lease or an operating lease. The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 842, describes the criteria for determining which of these two classifications applies. A lease will be classified as a finance lease if any one of the following criteria is met at lease inception:

- The lease transfers ownership of the asset to CalOPS by the end of the lease term.
- The lease contains a purchase option that CalOPS is reasonably certain to exercise.
- The lease term is for the major part of the remaining economic life of the underlying asset.
- The underlying asset is so specialized in nature that it is expected to have no alternative use to the lessor at the end of the lease term.

If none of the above criteria are met, the lease is classified as an operating lease.

Any lease for which none of the four preceding statements is true or that is immaterial in nature will be recognized and accounted for as an operating lease. An operating lease is similar to a rental agreement in that the monthly lease costs are expensed.

The School, through the CalOPS Offices, will maintain a list or inventory of capital leases and operating leases; the list should include all relevant lease terms.

Lease Improvements

Leasehold improvements, including painting, will be capitalized if they relate to the occupancy of a new facility or a major renovation of an existing facility and meet the capitalization threshold of Fifty Thousand ($50,000) Dollars.

Repairs

Expenditures for maintaining equipment or an existing building are not capitalized; they are expensed as a repair.

Purchasing and Procurement

The Executive Cabinet may designate staff from the extended leadership team and other key staff such as Administrative Assistants to submit purchase requests on behalf of their departments to the Finance Department. Any individual requesting an authorized purchase for the purpose of CalOPS must provide the Finance Department with appropriate documentation for the approval of the purchase requests.

All authorized purchases should be processed through the Finance Department. In the rare instance when a purchase must be made using personal funds, the purchase must still have the appropriate documented approval on file prior to the purchase being made and will be promptly reimbursed upon receipt of appropriate documentation of the purchase. Reimbursements will be based on the date in which the reimbursement was approved and the payroll scheduled.

Individuals who use personal funds to make unauthorized purchases will not be reimbursed.

All proposed non-payroll purchases and invoices are reviewed by the Finance Department for required vendor documentation and to ensure alignment with the Board-adopted budget and any applicable contracts. Payment cannot be processed until the vendor’s profile is fully established and approved by the Finance Department. All purchases, contracts, or check requests of one hundred thousand ($100,000) dollars or more require Board approval. This includes vendor contracts, even if the expenditure is budgeted.

CalOPS is committed to all procurements being completely impartial and based strictly on the merits of supplier and contractor proposals and applicable related considerations such as delivery, quantity, etc. All purchases will be reviewed to ensure they are in the best interests of the Schools and their funding sources. CalOPS will seek to obtain maximum value for all expenditures while acting above suspicion of unethical behavior at all times and avoiding any conflict of interest.

Comparable Bids

To ensure that public funds are spent responsibly, that vendors are given fair and equal opportunity to compete for CalOPS business, and that purchasing decisions reflect reasonable market value rather than price alone, CalOPS will follow a tiered comparable bids process based on the estimated dollar value of the purchase, contract, or service agreement.

For purchases funded in whole or in part by a Federal award, CalOPS will also comply with applicable Federal procurement requirements, including Uniform Guidance requirements for competition, price reasonableness, procurement documentation, and conflict-of-interest standards. Where Federal requirements are more restrictive than this policy, the Federal requirements will control.

- Purchases under $15,000: No formal comparable bids process is required. Staff should exercise prudent judgment to obtain reasonable market value and must keep documentation supporting reasonable market value.

  For federally funded purchases, this tier applies only to the extent permitted under the applicable Federal micro-purchase threshold. Micro-purchases may be awarded without obtaining competitive quotations if the price is considered reasonable and purchases are distributed equitably among qualified suppliers to the extent practicable.
- Purchases between $15,000 and $100,000: Staff must ensure that the contract represents a reasonable market value for the goods or services purchased. For purchases funded in whole or in part by a Federal award, staff must obtain and document price or rate quotations from an adequate number of qualified sources, as appropriate for the purchase and consistent with applicable Federal requirements. A quotation or comparable pricing source may consist of a formal quote, published pricing, a proposal, catalog pricing, documented online pricing, documented telephone or email quotations, or other documented pricing information sufficient to support a meaningful comparison and determination of price reasonableness. When multiple quotations are not reasonably feasible, the requesting staff member must document the reason in writing and retain alternate documentation supporting reasonable market value. The Director of Finance must approve the documented justification before award.

  For purchases not funded by a Federal award, staff must obtain and document a minimum of one (1) other comparable bid, in addition to the vendor or contractor selected, from a qualified vendor or contractor whenever reasonably feasible. A comparable bid may consist of a formal quote, published pricing, a proposal, or other documented pricing information sufficient to allow a meaningful comparison. Staff must prepare a brief written comparison summarizing the bids received, including price, qualifications, and any other relevant factors considered, and this comparison must be reviewed and approved by the Director of Finance prior to award. If another comparable bid cannot be obtained, the requesting staff member must document the reason in writing for the Finance Department’s records and must find an alternate means of documenting that the contract reflects a reasonable market value for the goods or services purchased.
- Purchases of $100,000 or more: Staff must obtain and document a minimum of three (3) written comparable bids from qualified vendors or contractors whenever reasonably feasible. A comparable bid may consist of a formal quote, published pricing, a proposal, or other documented pricing information sufficient to allow a meaningful comparison. Staff must prepare a brief

written comparison summarizing the bids received, including price, qualifications, and any other relevant factors considered, and this comparison must be reviewed and approved by the Director of Finance prior to award. If three comparable bids cannot be obtained, the requesting staff member must document the reason in writing for the Finance Department's records. Awards shall be made to the vendor offering the best overall value to CalOPS, considering price, qualifications, delivery timelines, quality, and other relevant factors, with the basis for award documented in writing. All purchases at this threshold require Board approval as outlined elsewhere in this policy. Documentation shall be maintained to support that the contract represents a reasonable market value for the goods or services purchased.

Purchase Splitting Prohibited

Staff may not divide or structure a single purchase, project, or ongoing need into multiple smaller purchases, contracts, or purchase orders for the purpose of avoiding the comparable bids requirements or Board approval threshold outlined above. The estimated dollar value used to determine the applicable tier must reflect the reasonably anticipated total cost of the good, service, or project, including any renewal periods, extensions, or recurring purchases of the same or similar goods or services from the same vendor within a twelve (12) month period. Staff who are uncertain whether a series of related purchases should be aggregated for purposes of this policy should consult with the Director of Finance prior to initiating the purchase. If a contract that was initially not anticipated to cross into the next tier is later determined to need to cross into the next tier due to more students needing to be served, then the process for the next tier shall be followed. In all cases, the Director of Finance shall ensure that the contract reflects a reasonable market value.

Exemptions from the Comparable Bids Process

The following are exempt from the comparable bids requirements above but still must have a documented reasonable market value:

- Contracts for services provided by a public agency, another government entity, or a utility where no competitive market exists.
- Sole source purchases, where only one vendor can reasonably provide the good or service, provided the sole source justification is documented and approved by the Director of Finance.
- Emergency purchases necessary to protect the health and safety of students or staff, or to prevent significant interruption to school operations, provided such purchases are reported to the Board at the next regular meeting.
- Renewals or extensions of existing contracts previously subject to a comparable bids process, provided the terms remain substantially the same.
- Purchases made through established cooperative purchasing agreements, piggyback contracts, or other government purchasing programs that have already conducted a competitive process.

Purchase Requisition

Authorization to make purchases is granted by the Director of Finance and is limited to personnel who have completed procurement training and have been assigned purchasing responsibilities.

All purchase requisitions must be submitted through the school's designated purchasing system or form. Requisitions must be reviewed and approved by the CalOPS administrator or their designee and then submitted to the Finance Department for budget verification and final processing. Unauthorized purchases made without proper requisition and approval may not be reimbursed and may result in disciplinary action.

Purchase Orders

The Finance Department will issue Purchase Orders, when applicable upon the approval of a Purchase Requisition. All Purchase Orders and Payment Requests must be signed by a member of the Executive Cabinet, Principal or Director and the Director or Assistant Directors of Finance. Purchases Orders will be reconciled regularly by the Finance Department for timely closures and accurate financial reporting.

Purchasing Deadlines

To ensure timely processing of orders and compliance with fiscal year closeout procedures, all Purchasing Requisitions must be submitted to the Finance Department by April 30th of each fiscal year. Exemptions can be made on a limited basis for urgent matters and end of the year activities that cannot meet the deadline due to variables outside of CalOPS' control.

Staff Events and Field Trip Supervision

CalOPS may authorize staff and students to attend in-person events in support of instruction, enrichment, and community building. Events may include academic competitions, curriculum-based field trips, student showcases, required schoolwide training, and/or staff planning retreats.

Staff Participation

The following events are designated as required for applicable staff:

School-Wide:

- Back-To-School Conference
- Beginning-of-the-Year Festival*
- Mid-Year Festival*
- End-of-Year Festival*
- State Testing

Grade Level Specific

- High School Graduation*
- Administrative and Instructional Retreats

*Not required for out-of-state staff. If participation is warranted it must be pre-approved by the staff's grade level administrator in coordination with the Director of Finance or designee. Supervisors may assign other duties or participation tasks in replacement of physical travel. Travel and associated costs (e.g., mileage, lodging if eligible) must align with the CalOPS travel policy and be submitted through the standard pre-approval process.

The Executive Cabinet has the right to re-evaluate this requirement as needed at any time.

Student Activities

CalOPS encourages credentialed teachers to plan, coordinate and supervise student activities for the purpose of socialization, celebration, and academic enrichment. These activities serve as an extension of the instructional program, peer interaction, and school community engagement. Teachers must have approval from their supervisor prior to the execution of any activity. A Purchase Requisition must be completed for all expenses associated with the activity. Staff attendee's reimbursements must align with this Fiscal Policy.

All teachers and staff participating in the student activity must have access to emergency contact information, student medical needs, and a communication plan in case of emergencies.

Field Trips

All student field trips must meet CalOPS' established safety and supervision standards, including appropriate student-to-teacher ratios, guardian participation, and transportation guidelines when applicable. CalOPS will not be responsible for the participation of non-CalOPS students or guests. Costs associated with guardians or non-CalOPS guest attendees must be covered independently and are not eligible for reimbursement.

Events

CalOPS staff may organize school-sponsored student events such as prom, grad night, meetups, festivals, and other enrichment activities to support student engagement and social connections. All events must align with CalOPS' safety and supervision standards. Some events may require CalOPS' students to pay a participation fee that is not eligible for reimbursement. CalOPS will not be responsible for the participation of non-CalOPS students or guests. Costs associated with guardians or non-CalOPS guest attendees must be covered independently and are not eligible for reimbursement.

Staff Expenses and Travel Reimbursements

CalOPS reimburses necessary business travel and related expenses for employees and members of the Board of Directors in alignment with public fund policies. Reimbursement is limited to travel that serves an official school purpose and follows CalOPS' Fiscal Policies. Reimbursable expenses must be reasonable, documented with original itemized receipts, and pre-approved.

Eligible travel includes:

- Lodging
- Mileage
- Meals
- Transportation (e.g., airfare, car rental)

Travel must be pre-approved using the designated travel request process. Lodging and flights must be secured using a CalOPS' credit card or by the Finance Department. Additional details will be outlined in the Travel Policy.

Lodging

As stated in the previous paragraph, lodging and flights must be secured using a CalOPS' credit card or by the Finance Department. Employees may not book their own hotel stays for reimbursement. Once a hotel is booked, any changes, upgrades or extensions to stays will not be covered by CalOPS without prior approval by the Finance Department or Superintendent.

Hotel arrangements may be requested under the following conditions:

- If the work location is 30 miles or more from the employee's home AND the assignment is two or more days, the employee may request lodging starting after the first day of work and ending the morning of the last day.
- If the work location is 90 miles or more from the employee's home AND the assignment is one day only, the employee may request lodging for the night before the assignment.

Meal Reimbursement

CalOPS provides meal reimbursements for staff traveling on approved CalOPS business. The reimbursement is intended to cover the reasonable cost of meals while traveling requires submission of itemized meal receipts.

Daily Reimbursement Allowances

Full Travel Days

- Breakfast: $25
- Lunch: $25
- Dinner: $50

Partial Travel Days

For travel days that do not cover a full 24-hour period, the reimbursement amounts shall be prorated based on the meals reasonably available to the employee given their departure and return times, as follows:

- Breakfast ($25): payable if travel begins at or before 7:00 a.m.
- Lunch ($25): payable if travel includes the period between 11:00 a.m. and 2:00 p.m.
- Dinner ($50): payable if travel ends at or after 7:00 p.m.

Reimbursements will not be approved for local travel unless specified by the Director of Finance. For example, if an employee is traveling to the local office for the day, they may not be eligible for a meal reimbursement.

An employee may submit a reimbursement claim corresponding to meals reasonably encountered during travel, based on the above schedule, for the first and last day of travel. Full travel days are allowable for each full day of travel in between.

Meals Provided at No Cost

If a meal is provided at no cost to the employee — including meals included in conference or event registration, airfare, lodging, or otherwise furnished by a third party — reimbursement for that meal is not allowable. For example, an employee whose lunch is included in a conference registration fee may only request a reimbursement for the breakfast and dinner for that day, in accordance with the Full Day and Partial Day allocations outlined above.

Documentation and Substantiation

To maintain compliance with IRS accountable plan requirements, employees must submit a travel itinerary or trip summary identifying the business purpose of the trip, dates and times of departure and return, and destination. Itemized meal receipts are required. Reimbursements made in accordance with this policy and properly substantiated as to business purpose, time, and place are not treated as taxable wages to the employee.

Transportation Reimbursements

Staff may be eligible for mileage reimbursements, rental car reimbursements or air travel for approved school-related business, based on the guidelines below. All travel must be pre-approved by the staff's Principal or Director and is subject to reasonable Public Funds Policies, including practical and cost effective considerations that could override the following:

Mileage and Transportation Thresholds:

- 0-350 miles (one way): Reimbursement will be based on the current IRS mileage rate.
- 351+ miles (one way): Staff must travel by air.

Rental cars will only be reimbursed when travel is not local and the staff travels to or from an airport or hotel for business purposes. All other travel will be subject to mileage reimbursement only.

Mileage Reimbursement Requirements

Mileage will be reimbursed at the current IRS rate. Reimbursements must be submitted through Concur and must include the purpose of travel, event dates, total miles driven and any special written approvals if applicable. Reimbursement claims should be submitted within 30 days of the event.

Rental Car Use and Reimbursements

Rental Cars are only reimbursed in rare circumstances; for instance, when a staff does not have access to their own means of transportation because the approved business-related event is not in their local area and air travel was required for attendance. Rental cars are not reimbursable solely because an employee does not have access to a personal vehicle.

Rental cars beyond mid-size will not be reimbursed unless given prior approval by the Director of Finance. This approval is reserved for special circumstances such as carpooling and/or transporting supplies or equipment for business purposes. Requests for larger vehicles (SUVs or vans) must include written justification.

The following rules apply to rental car use:

- Fuel costs are reimbursable with original itemized receipts.
- Staff must re-fuel the vehicle before returning it to avoid additional charges.
- Optional insurance coverage (e.g., collision damage waiver, liability insurance) will not be reimbursed unless it is pre-approved by the Finance Department and determined necessary.

Failure to comply may result in the denial of reimbursement and additional restrictions on future travel privileges. Repeated misuse or submission of ineligible expenses is considered abuse of public funds and may also result in actions led by Human Resources including but not limited to potential disciplinary action.

Temporary Living Arrangement (TLA) Reimbursements

CalOPS staff are dedicated to ensuring that students do not face barriers to accessing academic and extracurricular activities [42 U.S.C. § 11432(g)(1)(F)(iii)]. Students that meet the relevant eligibility criteria under the McKinney Vento Act (MKV Act) will be identified as Temporary Living Arrangements (TLA) students and will be considered for additional resources to ensure their access to our curriculum, materials and program are sufficient for academic growth. Expenditures must align with their educational pursuits and need for academic focus and engagement.

CalOPS is not responsible for directly covering costs or waiving fees for extracurricular activities. Support for needs beyond those required for academic instruction may not be funded by the Schools, however, when known, staff should involve the appropriate team that will attempt to connect immediate resources from other agencies to help support such costs.

All purchases and reimbursement claims must follow the Purchasing and Procurement standards including pre-approval. The Finance Department reserves the right to deny claims that do not relate directly to the school support plan, comply with policy guidelines or lack appropriate documentation. Staff will not process payments that would be deemed gifts of public funds.

Family Reimbursements for School-Hosted Events

Families may be eligible for reimbursements related to costs for approved school-hosted events. Reimbursements are contingent upon prior approval by the Finance Department and must align with allowable use of public funds policies.

Eligible reimbursements may include travel, meals, or lodging costs for CalOPS-enrolled students only, when attending a pre-approved school-sponsored academic or enrichment event. In limited cases, expenses related to a guardian may be considered for reimbursement, but only with prior written approval from the Finance Department and where such expenses are deemed necessary to support the student's participation.

The Finance Department reserves the right to deny claims that do not comply with policy guidelines or lack appropriate documentation.

Fundraising, Donations, and Grants

While the majority of the revenues for the Schools are from government sources, the Schools can receive donations from private sources. All such monies must be tracked separately from the Schools' allocated revenues.

Donated funds must be used according to donor intent and applicable restrictions. For all donations, the recipient collecting the funds on behalf of CalOPS must submit a completed Donation Information Sheet with the deposit for all cash donations and all property (tangible goods). If the donation exceeds five thousand ($5,000) dollars in value, it must first be accepted by the action of the Board and the donor should indicate the purpose of the donation and any restrictions on use so the Board can determine whether to accept the donation and abide by any restrictions. Donated funds should not be used to pay for personnel costs, unless otherwise approved by the Board. If a single donation of two hundred fifty ($250) dollars or more is received, the Organization will issue a written acknowledgement to the donor.

Fundraising campaigns and grant applications must be pre-approved by the Superintendent. In order to be approved, the individual planning the fundraiser must submit a proposal in advance of the event so that all fundraising efforts may be coordinated. At the conclusion of all approved fundraisers, the planner of the fundraiser must complete a Fundraiser Close Out Form summarizing cost, monies received and overall participation details. Submission of this form should be provided to the Superintendent and Director of Finance.

Fundraising or grant solicitation activities over one hundred thousand ($100,000) dollars on behalf of the school must be approved in advance by the Board. The Board shall be informed of any conditions, restrictions, or compliance requirements associated with the receipt of such funds, including grants or categorical programs sponsored by the state or federal government. The Board shall be notified no later than the next regular board meeting of the award or receipt of any funds and shall approve the receipt of any grants, donations, or receipts of fundraising proceeds prior to their deposit in the school's accounts.

Students and/or Staff may on occasion organize fundraisers that benefit other charitable organizations or private persons (for example a family experiencing a severe loss), but funds for these activities should not flow through the Schools' accounts and funds should go directly to the organization who is benefitting from the fundraiser.

No staff member is to accept any special gifts or bonuses as a result of fundraising efforts or any efforts done on behalf of CalOPS.

Board Information Memo

SUBJECT: Teacher Document Camera Purchase

Category (Contract Approval, Policy, Personnel, General Approval. etc.): General Approval

Date: 11/10/2026

Reason for Board Consideration (Fiscal Policy, State Requirement, etc.): Fiscal Policy

Decision Type (Action Item, Information Only, etc.): Action Item

Background (Brief Summary of Background Information):

CalOPS teachers deliver instruction in a fully virtual environment. Staff propose purchasing 445 IPEVO P2V Ultra document cameras for all CalOPS teachers, including approximately 25 cameras held in stock for future hires.

A document camera turns a teacher's desk into a live teaching demonstration. Students see whatever the teacher places in front of the camera in real time.

Rationale (Why is this important and why is this coming to the Board):

Document cameras allow teachers to recreate classroom learning experiences virtually. The camera projects a live, close-up image of objects and demonstrations onto students' screens, so all students can see each step at once.

This is especially valuable in special education, where teachers model hands-on skills such as manipulating objects, completing life-skills tasks and working through academic materials. Providing a camera to every teacher gives all CalOPS students access to live demonstrations, regardless of their teacher or school.

Including tax, this purchase exceeds the $100,000 threshold for Board approval under the CalOPS Fiscal Policy.

Evidence of Due Diligence:

Staff obtained quotes for the IPEVO P2V Ultra full package from SoftMSP and Amazon Business. SoftMSP's quote includes the camera, clip, stand and clamp.

	SoftMSP	Amazon Business
Unit price	$213.00	$215.00
Cameras (445)	$94,785.00	$95,675.00

Freight	$499.00	$0.00
Total before tax	**$95,284.00**	**$95,675.00**

SoftMSP's total before tax is $391.00 lower than Amazon Business, including freight. The Amazon Business quote excludes tax, and it is a marketplace offer whose pricing and availability may change. Applying SoftMSP's 8.75 percent tax rate to the Amazon Business quote for comparison would bring its total to $104,046.56, or $468.87 more than SoftMSP.

Fiscal Impact:

SoftMSP (Quote 20261103-093058711)

Item	Qty	Unit Price	Total
IPEVO P2V Ultra document camera, full package	445	$213.00	$94,785.00

		Subtotal	$95,284.00
		Tax (8.75%)	$8,293.69
		Total	**$103,577.69**

The quoted total is $103,577.69. To allow for an increase of up to 1 percent in the tax rate, which would add $947.85, staff is requesting approval of a not-to-exceed amount of $105,000, rounded up to the nearest $1,000.

This purchase will be funded from the $1,750,000 budget allocation for capitalized equipment. Spending from this allocation has totaled $1.05 million through 9/30/2026.
