It is the beginning of a new semester, so we will review two critical goals of this committee that will shape our success.

Goal 1: Improve Board's oversight of academic achievement in literacy school wide.

- What are the high level literacy plans that this committee can communicate to the whole board?
- Compared to this point last year, are we growing in literacy at a slower, faster, or similar rate?
- Based on learnings from the fall semester, what interventions are needed to ensure students acquire the appropriate literacy skills? (Interventions can include classroom or home).

Goal 2: Monitor data on school performance and student achievement, including data by gender, ethnicity, economically disadvantaged, and students with exceptionalities (not including Gifted & Talented).

- How have these identifiers informed how instruction is being delivered?
- Are there particular groups that require additional attention this semester? If so, what is the plan to ensure that gaps are closed by the EOY?
