## **II. Information**

### **A. From the Board**

- Mr. Mora hoped everyone had a wonderful Thanksgiving.
- Mr. Meath mentioned the finance subcommittee meeting with Mr. Mora, Mr. Mayotte and Dr. Wunder.
- Mr. Bañuelos requested an update for the traffic pattern on Douglas Street, saying that he spoke to Dr. Silvers of the Wiseburn Unified School District about it. Discussion on traffic ensued. Dr. Brann suggested obtaining an aggregate police report of the traffic incidents to help in analyzing traffic patterns.
- Ms. Morgan mentioned attending Exhibition at Da Vinci Science, where her daughter is a senior. Ms. Morgan asked about the grand opening of the pool, and whether or not there would be an announcement to the Da Vinci families. Dr. Silvers said that pending final safety inspections on the gymnasium, an announcement will be made. The Grand Opening of the pool is being planned by the City of El Segundo, which has made its own announcements. It's anticipated students will be able to use the facilities in January, after the gymnasium floor is fully cured, bleachers have been installed, etc.
- Dr. Brann spoke about attending the Youth & Government bill hearing event at Da Vinci Science with Ms. Morgan. He was impressed with the students' intelligence and work.

### **B. From the CEO**

None

### **C. Presentation - Funding Opportunities & Priorities**

David Herbst of Vectis DC, who helped Da Vinci obtain its current location gave a presentation on the Vectis DC consulting proposal.

Don Polese, David Herbst, Michael DiVirgilio, and Caroline Thompson will be working with Da Vinci Schools.

Vectis DC uses political and government relationships to help the communities of their clients. Vectis DC has two former high-ranking congressmen partners: Democrat and

former Majority Whip Tony Coelho, and Republican and Chair of the Energy & Water Development and Military Construction Subcommittees Ron Packard.

Scope of Work:

- The focus is the Soccer Field
- The L.A. Air Force Base is wonderful potential partner. There is the precedent of the Bryan Multisports Complex partnership between a military base and the community in Goldsboro, NC.

Discussion ensued.

#### **D. Presentation - Da Vinci Schools Fund**

Gary Wayland, member of the Da Vinci Schools Fund Board of Directors, gave a presentation. The Da Vinci Schools Fund was incorporated and attained non-profit status in January 2018. Its mission is to support Da Vinci Schools. Separating inconsistent fundraising dollars from the Da Vinci Schools' books would give a more accurate financial picture by not incorporating state and federal money.

Mr. Wayland asked the Board members for their thoughts on prioritizing the efforts and focus of the Fund. Mr. Mora would like to see the Fund grow and eventually install a Director to manage it. Other board members agreed.

Mr. Wayland started the MBX Fund, which raises funds for Manhattan Beach public schools from the services it supplies: classroom, field, facilities rentals, summer programs, etc., in order to avoid competing with the Manhattan Beach Education Foundation.

The Board's general direction is to start slow, and grow through services offered.

#### **E. Presentation - Teacher Credentialing**

Dr. Scott Weatherford gave a presentation on teacher credentialing and recruiting in partnership with Alder Graduate School of Education.

Alder helps school organizations recruit, prepare and credential future teachers. These graduate students gain their credential through working in the field. Alder has graduated over 278 students, with over 90% being hired by the schools at which they trained. 87% complete the program within one year; 70% are teachers of color; over 55% are first-generation graduates. Dr. Weatherford feels that Da Vinci alumni and academic coaches, who are already familiar with Da Vinci's ways and methods, are natural candidates for the program.

Each student pays \$18K tuition to Alder; most will take out loans to do so  
Alder pays the district \$100K for the program Director  
The District/CMO covers resident scholarships (\$5K-\$20K recommended)  
Each school site covers the mentor stipend of \$3,500/teacher

Da Vinci has a need for STEM and Special Education teachers.

Mr. Bañuelos wanted to know if ADA can be used to fund this program. Dr. Wunder introduced Sabrina Ayala, CFO of Green Dot Schools, who has been helping out at RISE.

Ms. Ayala said the graduate students could receive a stipend and a bonus, not a loan repayment.

Dr. Wunder will present a proposal for the Board's approval in December.

Dr. Brann and Mr. Mora requested a more in-depth forecast and financial picture.

B. Meath arrived.

#### **F. Financial Update**

Mr. Mayotte gave a financial update. He briefed the Board on areas to watch, and he expects the overall picture to be good.

Mr. Mora and the Board would like to begin working on the 2019-20 budget model early in January and study the role of fundraising for board discussions and approval next year.
