**II. Information and Discussion**

**A. Information and Discussion of Da Vinci Schools Proposed Phase II Reopening Plan**

Dr. Wunder introduced the Phase II Reopening Plan.

Dr. Emily Green, Da Vinci Schools' nurse, spoke of the changing state and county public health guidelines and the difficulty in keeping up with those changes during planning and execution.

Michelle Rainey shared the challenges the site leaders have faced in planning for reopening, including staff availability, changing public health guidelines, difficulty in accommodating physical distancing, and variances in family and student needs.

Dr. Hawn shared the feedback gathered from families and staff, where most of the responding families and students indicated they would feel safe to return to school when all staff had access to COVID-19 vaccinations.

Site administrators presented the phased reopening timeline, prioritizing highest needs students, and the plan to continue remote instruction while adding some on-campus academic and social emotional support. Components of the phased reopening for all sites include academic support, social emotional connection opportunities and in-person graduation ceremonies. Social Emotional Connection activities will be held outdoors.

The plan for Da Vinci Communications, Design, and Science includes identifying high priority students and offering the opportunity to come to campus one day per week. On-campus supervised workstations for a small number of students will be available. Social emotional connection activities will be offered, based on staff availability. Multiple small in-person graduation ceremonies will be held over two days for each high school (June

2,3,4, 7, 8, and 9). The plan for Connect K-8 is very similar to that of the high schools, identifying high priority students, and offering outdoor social emotional connection activities. Connect graduation will be held in-person on June 10.

The plans for Connect 9-12 and Da Vinci Extension also include continuing remote learning for all students, identifying high priority students to offer support (based on staff availability) in the Skybox of the Gym, and social emotional connection opportunities for all students. DVX's Achievement Awards will be held virtually.

Phased Reopening School Site meetings to be held:

Connect K-8 - Friday, March 12 at 4 p.m.

Connect 9-12 - Monday, March 15 at 7 p.m.

DVX - Monday, March 29 at 7 p.m.

DVC - Wednesday, March 17 at 6 p.m.

Ms. Morgan thanked the staff for their hard work.

D. Brann left at 6:30 PM.

### III. Action Items

#### **A. Approve Proposed Phase II Reopening Plan for Da Vinci Schools and Delegate Authority to CEO/Superintendent to Update the Plan as Necessary to Meet Student Needs and Comply with Public Health Guidelines**

Mr. Meath thanked the staff as well.

Dr. Webber commented that in her opinion, Da Vinci has delivered exceptional care to the students, and thanked them for all of their efforts in making this work.

Mr. Boston also thanked the staff for the tremendous amount of thinking, planning, and consideration of safety and his appreciation for the administrators sought the opinions of staff, students, and families.

Mr. Ochoa spoke of the amount of work this challenging year has created, and in keeping the students, staff, and families safe.

Mr. Santiago expressed his appreciation for the herculean effort of the staff. He inquired about the dates listed on one of the presentation slides. Dr. Wunder stated that the slide deck will be posted online. The sites will hold meetings to gather further information while they plan. [Text added beyond this point at Ms. Morgan's direction during the approval of minutes at the 3/25/21 board meeting] Ms. Morgan clarified that research would continue at each school site on those dates, and each school would return with more details on the plan. Dr. Wunder concurred that the dates were for school sites to present more details on their school-specific plans to their students and families.

**IV. Information and Discussion**

**A. Financial Report**

Mr. Amato shared that the audit took a little longer due to COVID and the auditors having to work remotely. As well, this audit required an additional Federal Audit, as the amount Da Vinci received in Federal Funding exceeded \$750,000. The audit contained an adjustment: a carryover accrual on the books of \$122K that the previous audit had not caught. Otherwise, the audit was clean.

After some discussion, it was decided to have the auditors present their report directly to the board in 2022.

Mr. Amato went on to present the FY 2020-21 year end projections (2nd interim report). He shared that despite the large deferrals that Da Vinci Schools has borne this year, the organization's cash position is healthy.

Future projections (2021-22 and 2022-23) are also good, even without the PPP funds, as there is a stimulus package for 2021-22. Mr. Amato predicts a healthy bottom line in 2022-23 given full spending to meet Da Vinci's goals for all students.

Dr. Wunder added that Da Vinci's annual fundraising averages about \$2.5MM, and that a funder has recently expressed interest in supporting Connect 9-12. He thanked the staff for their work.
