Rudolf Steiner, Motto of Social Ethics, 1920 (at end of first full year of first Waldorf School founded 1919)

The healing social life is found when in the mirror of each human being the whole community finds its reflection, and when in the community the strength of each one is living.

La vida social saludable se encuentra cuando en el espejo de cada ser humano la comunidad entera se encuentra reflejada y en la comunidad vive la virtud de cada uno.

尋找到健康之社交生活, 就是當每個人對著鏡子 能從整個社區的影像中找 到自己的反映, 這樣在社區內每人都能活 出精彩。

Heilsam ist nur, wenn Im Spiegel der Menschenseele sich bildet die ganze Gemeinschaft Und in
der Gemeinschaft Lebet der Einzel Seele Kraft

II. Action Items

A. Action Item: Affirmation of CSCE as a Nonprofit Public Benefit Corporation and Direction for Future Program Development

The Board will discuss the organizational structure of Community School for Creative Education as a nonprofit public benefit corporation, including its mission, purpose, and potential future direction beyond the charter school program. The proposed amendment would broaden the corporation's stated charitable and educational purpose beyond the operation of a single charter school. Specifically, the amended

Articles would authorize the organization to develop, operate, and support a wide range of educational, youth development, community engagement, workforce development, family support, enrichment, and other charitable programs consistent with its nonprofit public benefit mission under California law.

The proposed amendment is intended to preserve the organization's existing nonprofit corporate structure, history, assets, intellectual property, and community relationships while providing the flexibility to continue serving students, families, and the broader community through alternative educational initiatives following the closure of the charter school.

Importantly, the proposed amendment is **not intended to eliminate the organization's ability to operate a public charter school in the future**. Rather, the amendment would provide broader organizational authority while retaining the option for the corporation to seek approval for a new charter petition or otherwise re-enter public charter school operations should future financial conditions, community need, and Board direction support such action and all applicable legal and regulatory requirements be satisfied.

The Board recognizes that maintaining a broader educational mission positions the organization to pursue grants, partnerships, community programming, and educational opportunities that align with its longstanding commitment to serving children and families while preserving the possibility of reopening a charter school at a later date if determined to be feasible and in the best interest of the community.
